Lana: J.D. I hope the Perkins sisters will be all right.

Me: They will. They are just weak and tired.

We went back home.

Gill

Gill (ギル Giru?) is a video game character from the Street Fighter series, first appearing as the main antagonist of Street Fighter III: New Generation. He is the leader of the Secret Society, a mysterious organization made up of humanity's elite who have controlled world events from the shadows since the dawn of history, and seeks to fulfill an apocalyptic agenda to ensure its own utopian salvation. Gill returns as a playable character in Street Fighter V: Champion Edition.

Appearance

Gill's appearance is characterized by his half red and half blue muscular body and flowing blonde hair. He bears a distinct and intentional resemblance to a Greek God. In keeping with that theme, Gill fights completely unclothed except for a white thong around his hips. Gill's asymmetrical color scheme was a device for Capcom to display the graphical power of the CPS-3 board. In previous 2D Street Fighter games, details such as Sagat's eye-patch would switch sides depending on which way the character was facing. Originally, Gill was to be colored black and white, and utilize powers over light and darkness. It was later decided to color him red and blue, to better show off the game's graphical power. The black and white palette is used often as a secondary color. Additionally, Gill was designed wearing a loin cloth to show off as much of his red and blue hues as possible.

The sprite of Gill's secretary, Kolin, has an intentionally asymmetrical haircut, so, like Gill, she appears graphically impressive when rotating from facing one direction to another, instead of being a mirrored sprite. In 3rd Strike, a special glow has been programmed to constantly render his sprite in both positive and negative coloration, further showing off the CPS-3 board's impressive graphical power. He is then known as "Omega Gill". In the UDON comics, before he changed into his signature skin and eye colors, Gill's skin was tan and he had dark gray eyes.

In his pre-fight intro in New Generation and 2nd Impact, Gill wears a long gray robe. In 3rd Strike, he wears a light brown and red hooded long cloak with a long blue green robe and matching brown sandals. In Street Fighter V, during Kolin's character story, Gill wears only a white robe-like cloak with the left side being sleeveless. This outfit later became his first alternate costume. Gill is also seen wearing a white robe in his own character story.

His battle costume resembles the outfit worn by the Roman Empire; a gold sleeveless armor with a matching helmet, gauntlets and leg guards, a brown Roman skirt that reaches below the knee and a long red cape. His flowing long blond hair is tied in a very low ponytail adorned with a white clip.

## Personality

He is presented as a cult leader who would become a benevolent and compassionate monarch over his worthy subjects (akin to a Cult of Personality). Worldly, majestic, impressive, and charismatic in his pursuits, Gill is not without flaws however, being haughty, arrogant, disdainful, manipulative, and even outright draconic and elitist at worst, with his cult using immoral and machiavellian ways such as kidnapping, coercion, DNA manipulation, brainwashing, and extreme force in a similar way to Shadaloo in order to select their chosen people, and they have been behind a majority of the world's events and criminal organizations to attain their ends. Gill is also not above murdering innocent people to complete his ultimate ambition, and claims his faults and flaws are absolved and sublimated by the same supremacist exceptionalism the Secret Society hold themselves to, including a god complex and the excuse that self improvement of the Emperor excuses him from moral responsibility.

According to supplementary materials and Menat, Gill also holds an esteemed spiritual pursuit for learning and the arts, and especially the martial arts, sharing the same drive as Ryu to hold the title of the World's Strongest. However, unlike Ryu's sojourning warrior's pilgrimage to just about every far corner of the globe to know the interconnected and intrinsic core of the fighting spirit that goes beyond boundaries face-to-face, Gill seeks merely power and the prestige to gather greater influence for the Secret Society and to honor their dubious fringe beliefs of the Messiah, and his self image of godhood in this sense provides only a misguided motivation for his cause to seek power and spiritual development. As far as achievements go, Gill often takes a loss, sometimes in order to fulfill a much bigger goal; other times, he does so out of respect for his foe's fighting ability. Judging by his Street Fighter V win-quotes, Gill has respect for his opponents. He also gives some fighter's advice. He has shown disdain towards fellow villains like M. Bison, Kage, Balrog, F.A.N.G and Urien. Ironically, he has also shown a vague sense of concern for his brother, from hints of granting his death to give him peace, to hastening the prophecies so that their lives can return to what they once were, or even forge the path he desires, as hinted in his character story.

## Background

Gill is the leader of a mysterious cult-like organization called the Secret Society which has manipulated world events for over 2000 years, and is dedicated to the salvation of mankind, and creation of a new utopia. Supplementary material notes that, unlike the other candidates for the leadership of the Secret Society, who are kidnapped and brainwashed into doing their bidding, Gill and his younger brother Urien were born to parents who were long time members of the cult. Both their parents are said to have been candidates to the presidency of the cult; being holders of Ph.D(s) in their respective fields. It is noted that their mother, an olympic level athlete and a doctorate in Sports Dynamics was especially a favourite to become the President. The Secret Society genetically enhanced Gill in his youth, increasing his strength and speed so that he could participate in an intense hand-to-hand combat training program. Gill became the top student out of the hundreds of enhanced warriors involved, surpassing even his own jealous brother, Urien.

According to Secret Society's legend, the soul of the previous Secret Society Emperor would be reincarnated into a new body after death; the organization determined, through the results of their special training program, that the latest incarnation of the Emperor was Gill. Therefore, at the age of 22, Gill was appointed President of the Secret Society. Urien was overlooked due to his emotional instability, and appointed vice president under Gill. Later, Urien challenged Gill for the presidency of the Secret Society and succeeded. Urien then became the president of the Secret Society. However, Gill was not demoted - in fact, he was promoted out of the title of president and became the new Emperor and messiah.

Gill was seen in the ending of A Shadow Falls. Helen, who is actually his secretary Kolin, informs him about Shadaloo's destruction and M. Bison's defeat at the hands of Ryu. Gill states that despite a different ending, he knows of his own plans and starts to go somewhere.

Urien also has an alternate costume based on Gill.

On November 17th, 2019, Gill was confirmed as a returning playable character in Street Fighter V: Champion Edition, he became available on December 2019.

Other character story appearances

Gill appears in Kolin's flashback in her character story, meeting a younger Kolin who is saddened for losing her hometown in a war.

2nd Impact

Under Gill, the Secret Society continued to gain power and resources, acquiring capital and estates through various business transactions. When the organization came into possession of a certain Jaguar automobile from the father of a British heavyweight boxing champion known as Dudley, Gill himself was challenged by the pugilist in order to have the automotive heirloom returned. Gill, being respectful of powerful fighting ability, agreed to return the precious car, as its worth was both petty and insignificant compared to the coffers of his organization. Sometime before the World Warrior Tournament, Gill had fought against a military martial arts instructor by the name of Tom, and had done so to the point of nearly crippling him and sending him off to the hospital. Unbeknownst to him, Tom's disciple and ward, Alex, distraught and angered, had entered the World Warrior Tournament to exact revenge on Gill for what he had done to Tom.

The Secret Society continued to conduct genetic enhancements and other intrusive mutations on humans, either kidnapping their subjects or creating and/or enhancing them artificially, in a development series known as the G-Project. These experiments resulted in the creation of the super soldiers known as Necro and Twelve, enhanced beings designed to carry out the bidding of the Secret Society (though Necro went rogue). This project also led to the abduction of a young girl who was under the care of the ICPO agent Chun-Li. With the aid of his faithful secretary Kolin and despite his younger brother's meddling, Gill organized the World Warrior tournament with the aim of finding those strong enough to be worthy of repopulating humanity after the end of the world. During this tournament, Ibuki was tasked by her clan to retrieve the G-Project files. Fortunately for her, Gill gave up the files voluntarily; the project was already underway at the time, meaning that the files would no longer be needed.

At some point during the end of the tournament, Gill was defeated by Alex. Though Alex had won the tournament, he refused to outright kill Gill. Since then, Gill has noticed something special about Alex, particularly something that would help a great part in preparing for the upcoming apocalypse. At some point during the tournament, although disputed whether canon or not, Gill was killed when Akuma caught him by surprise with the Shun Goku Satsu, though he resurrected himself as Akuma left the battle. Urien stakes his claim to the Presidency by challenging Gill to a match in order to prove his superiority. Gill purposely throws the match and Urien is made the President. Immediately after, Urien learns that the President is outranked by the Emperor in the hierarchy of the organization, his recently promoted brother Gill, much to the outrage and chagrin of the former.

Prologue - 'The Emperor Doesn't Look Back'

After the events of Street Fighter III, Gill first appears alongside his secretary Kolin as he had apparently requested to have a match against G to test his strength and abilities, as well as allow all of his efforts to be seen across the world via video live streaming. Gill is also worried about the prophecy before evaluating G at the beginning of the match, stating that the prophecy does not seem to mention G. After defeating G, he finally questions him of how he had gazed upon him during their match as the latter replies because his vision between them are one and the same as both were earthlings. G goes on to claim their one wish is to become one with the Earth. When G claims himself as the President of Earth, Gill states about the odd feeling of his power he had felt somewhere before. This battle with G was watched by his younger brother Urien, who is now furious and rages by breaking the monitor with his fist, wanting to fight his older brother for exposing himself in a video. He forcibly orders Kolin to bring Gill to him to which she reluctantly agreed.

Gill immediately defeats his brother who becomes angry and frustrated. Gill states that the reason of his defeat is because everything in the prophecy has been written. Urien replies that he wants to destroy this accursed prophecy. Gill berates his brother Urien that his time for being his replacement will come to pass. That remark causes Urien to become even more furious, thinking it was an insult. Gill continues to berate him that he will never be his replacement and never serve any purpose because he himself is the one who will achieve the wishes of the Secret Society as their Emperor. Despite Urien's fury, Gill informs him about the long awaited wish that he needs to fulfill. The prophecy between them as brothers and the tenets which followed will disappear, and he will let his brother live anywhere he wants. Gill dismissively leaves while Urien continues to call his name in a fit of rage.

* * *

When Nicole was finished, we were horrified.

Nico: Whoa, so this Secret Society in the world of Street Fighter has manipulated world events for over 2000 years, and is dedicated to the salvation of mankind, and creation of a new utopia.

Lincoln: And fulfill an apocalyptic agenda, and they've done a lot of dark things. We've got to destroy Gill and the Secret Society once and for all. And thanks for coming with us, Taranee.

Taranee: You're welcome, Lincoln, and this place is perfect for the Champion of Harmony to be at.

Ken Knudson: Of course, since The Champion of Honesty's an apple farmer.

Applejack: And I love this place already, look at all the apples growing here.

Suddenly, we saw Applejack's cutie mark on her right shoulder and the Honesty Cutie Mark on Lincoln's wider and muscular back were glowing, and that means The Champion of Honesty is near.

Ken Knudson: And just as expected, the Champion of Honesty is here alright, now to take down and destroy Gill.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of eight girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the eight girls, but they've been cornered by Gill. Lincoln also saw a girl with the same long blonde hair as Applejack with Applejack's cutie mark emblazoned on her forehead, the tattoo of The Elements of Harmony on her right arm, and she's dressed in a ten-gallon hat, orange sleeveless blouse, sleeveless blue vest, orange skirt, orange pants, and knee-high high heeled brown boots, and she's defending them from Gill.

Lincoln: Guys, I found the eight girls, but they've been cornered by Gill. I also saw a girl with the same long blonde hair as Applejack with Applejack's cutie mark emblazoned on her forehead, the tattoo of The Elements of Harmony on her right arm, and she's dressed in a ten-gallon hat, orange sleeveless blouse, sleeveless blue vest, orange skirt, orange pants, and knee-high high heeled brown boots, and she's defending them from Gill.

Ken Knudson: That's Helen Anderson, the Champion of Honesty, and the fourth of The 27 Champions of Harmony. We got to get over there.

?: (Texas Accent) And hogtie that ornery snake, Gill, and run him out of town on a rail!

Suddenly, we saw the Duel Monster, Mariamne, the True Dracophoenix.

Me: Wow, that's Mariamne the True Dracophoenix, awesome.

Lincoln: And I'd recognize that Texas accent and Texas saying, I knew it was you, Mary Garcia, but we'll talk later, we've got to destroy Gill.

We then rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Gill, and it allowed the eight girls to get to safety and Helen Anderson stood with us. When Gill saw us, he maintained his composure.

Gill: So, the famous Team Loud Phoenix Storm has finally arrived.

Lincoln: And we're here for one thing: to put an end to you and The Secret Society once and for all, Gill. What you all have been doing for the last 2,000 years was furthering that apocalyptic agenda that could lead to destruction, and we're not going to let that happen.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), and Musashi Miyamoto (Samurai Warriors) got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Taranee, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after Gill, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit him.

Gill fired blasts of fire and ice, but we absorbed them and it made us stronger than ever, and Lincoln sent a ball of light which blinded him, and he put Gill in a brutal bear hug so he couldn't escape, and Lincoln began absorbing Gill into his body, and Lincoln was assimilating all of his powers and abilities, along with his knowledge. Then, when Lincoln was done absorbing Gill into his body, an energy card formed in his large left hand with Gill's soul inside it, and a kanji appears on his forehead and he was sent to The Black Gates forever. We cheered wildly as we holstered our weapons and power down.

Lincoln: We've gotten rid of Gill, but this means, the soldiers of The Secret Society are going to come after us.

Ken Knudson: But, we'll be ready for them soon, Lincoln.

Helen Anderson: Thank you for what you all did. (Recognizes who we are) Wait, you're Team Loud Phoenix Storm?!

Me: That's right.

Lincoln: We found about you and the other 23 girls who were chosen by the Elements of Harmony to become the new 27 Champions of Harmony. We've already recruited Emily Magica, the Champion of the Magic of Friendship and Harmony in Colorado after dealing with Amy McKale, Athena Wendolla in Australia after dealing with Strazio, and Cassie Excelsion in Puerto Rico after dealing with Orochi, and now we're here to recruit you.

Lincoln then explains to her that The Doomsday 23, along with Evil Starlight Glimmer, are about to be resurrected as a contingency plan by The Church of Necrom, as yet another plan to get revenge on us for destroying them, and when he was finished, Helen Anderson was quite shocked. Ken Knudson also explained that she, along with the others, were chosen by the Elements of Harmony, to be the new Champions of Harmony, and we saw the determination in her eyes, and she stood with us.

Helen Anderson: Alright, I'm in, I refuse to let the Doomsday 23 or Evil Starlight Glimmer destroy the world and all Harmony.

Nico: Awesome.

Lincoln: We've recruited the fourth of the 27 Champions of Harmony and that's it for Gill. (To Mary Garcia) And it's so good to see you again, Mary Garcia.

Mary Garcia reverted back to normal, and she's a beautiful girl with long flowing crimson red hair with a flower in her hair, orange eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful crimson red angel wings, and she reigned in the power of Mariamne the True Dracophoenix, and she's dressed in a sleeveless crimson red blouse, sleeveless crimson red top, crimson red skirt, crimson red pants, crimson red legwarmers, crimson red sneakers, and long sleeveless crimson red trenchcoat with dragons and phoenixes on the coattails, and Mariamne the True Dracophoenix on the back, and holstered on her back is a large Mariamne the True Dracophoenix-themed greatsword with Mariamne the True Dracophoenix etched on the 7'0" massive, wide, double-edged crimson red blade, crimson red angel wings for the crossguard, large crimson red gem embedded in the rainguard, longer black handle, and large crimson red gem surrounded by angel wings for the pommel.

Mary Garcia: You too, Lincoln, it's been a long time.

Lincoln went up to Mary Garcia and they hugged, and Mary Garcia's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Mary Garcia: Whoowee, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Wow, Lincoln, you know her.

Lincoln: Indeed I do, Nico, this is Mary Garcia, she's my Guardian Angel from Texas, she's a girl with a heart of gold and she's known to be really strong and has very powerful strength thanks to working on her family's farm when she was growing up.

Me: Wow, so she's really that strong?

Lincoln: I've seen her lift up the bay hales in Liam's farm with one hand, rip out a dead tree from the ground with ease, and she's also wrestled Liam's pig, Virginia.

Nico: (Whistles) That's awesome.

Lincoln: It also gets even better, she's also taken on Lori and Lynn at their worst.

Mary Garcia: You said it, and I've got a really horrible revelation about Lori and Lynn that could've gotten them thrown in prison forever, thanks to those ornery cotton-picking Dark Sides of theirs.

Lincoln: And Eli's also getting really close to ripping Dark Lynn in two, and we still need to get after that good-for-nothing superstitious pig.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Mary Garcia's neck with crimson red gems on the gold thunderbolt links and crimson red crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Mary Garcia: (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Mary.

Mary Garcia had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Mary Garcia's waist and Mary Garcia wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Mary Garcia's face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the eight girls, and when Lincoln saw them, he recognized them immediately. The eight girls are Mei Aihara, Yuzu Aihara, Harumi Taniguchi, Kayo Maruta, Matsuri Mizusawa, Himeko Momokino, Nina Tachibana, and Sara Tachibana from the anime Citrus.

Lincoln: Oh wow, it's Mei Aihara, Yuzu Aihara, Harumi Taniguchi, Kayo Maruta, Matsuri Mizusawa, Himeko Momokino, Nina Tachibana, and Sara Tachibana from the anime Citrus.

Nico: Awesome.

Lincoln: Are you girls okay?

Mei Aihara: Yes, we're okay, thanks to you.

Then, when Mei Aihara and the other seven girls saw who it was that saved them from Gill, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Hinon's Cosmic Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings with stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long glowing neon orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them and had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanji that said, "Savior of The Loud House, True Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, Founder of Team Loud Phoenix Storm, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms, and Destroyer of The House of Damaskinos" on the left leg, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large Element of Harmony deep sapphire blue gem in the shape of a

Mei Aihara: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made seven clones of himself, and he and the seven clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Mei Aihara: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, eight Thunderbird Necklaces of Eternal Love appeared on the necks of Mei Aihara, Yuzu Aihara, Harumi Taniguchi, Kayo Maruta, Matsuri Mizusawa, Himeko Momokino, Nina Tachibana, and Sara Tachibana with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the World Tree Estate and we told everyone what happened, and they also met Helen Anderson, the Champion of Honesty, and they're shocked when they found out the villain we went after in Apple Valley Orchard in Llano, Texas, was Gill from the Street Fighter franchise.

But, when Lincoln showed what he did in absorbing Gill into his body and putting his soul into an energy card and sending him straight to The Black Gates, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Mary Garcia have a lot of catching up to do now that she's back in town, and that's 4 of the 27 remaining Champions of Harmony now recruited into the team.

---

After putting an end to Gill, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Mary Garcia saw Lincoln working out like crazy, she had an atomic red blush on her face.

Mary Garcia: Whoowee, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Mary, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Mary Garcia: That's incredible.

Nico: It sure is. So, Mary, what's this really horrible revelation about Lori and Lynn that could've gotten them thrown in prison forever, thanks to their ornery Dark Sides.

Mary Garcia: That's a tale I've never forgotten. One day, I was with Lincoln and I was training him in weightlifting at Liam's farm, so he can get stronger and be more active and we were starting to see some results. But then, our day has gotten a rude awakening when Lincoln's two ornery sisters, Lori and Lynn, showed up, and they were madder than a bull in a China shop, their eyes were redder than my hair, and they had the thoughts of murder on their minds.

But, I wasn't going to let that happen, I grabbed Lori and threw her where she crashed into a fence and landed in a pile of mud and she screamed like a banshee, but Lynn was about to come after me, but then, he lifted Lynn up like he lifted up a barbell, and I was so proud of him and this freaked Lynn out. Then, he threw Lynn into Virginia's pigpen, and Virginia sat on her and she couldn't get out. We then tied those varmints up with rope and dragged them back tot he house, but we had to leave them outside, since they were all covered in mud and manure. When I got done telling Mr. and Mrs. Loud, they, along with the rest of the sisters were madder than a wet hen, and they were about to call the cops and get Lori and Lynn thrown in prison forever. But, Lincoln cooled them down and he decided to send them to Aunt Ruth's for a good two months, and everyone cheered at the punishment he came up with, and it really horrified Lori and Lynn. Lincoln went up to hug me and I did the same with him, and everyone was so proud of him for standing up to those violence-crazed piles of manure.

We cheered wildly for what Mary Garcia and Lincoln did to punish Lori and Lynn.

Nico: And that was so awesome that Mary helped you in getting stronger, Lincoln, and what you did to Lynn: lifting her up and then tossing her into Virginia's pigpen, awesome.

Liam: Yeah, and I saw the whole fight for myself, it was amazing, and Lincoln was getting bigger and stronger in the process.

Me: Wow, and you also tested how much stronger you've gotten through that training when Lori and Lynn showed up in yet another attempt to kill you, Linc.

Lincoln: But, they failed when they faced off against me and Mary, J.D., and they got sent to Aunt Ruth's for two months, and when they got back, they were really horrified at the chores they had to do there.

Eli: Serves them right and it's much better than getting thrown in prison forever.

We got a shower afterwards, but then, the alarm sounds, and when

Lincoln checked the computer, he saw who it was that triggered the alarm: it was Lady Diabolyn, Princess Sara Cavanaugh's old enemy, and she's here to try and kill Sara yet again.

Sara Cavanaugh: Lady Diabolyn, I should've known she'd be here, that witch refuses to quit until she's killed me.

Lincoln: And you already told me a lot about her and why she's tried to kill you, Sara. But, she's about to make a big mistake coming after us, and she'll pay for it with her life.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was Aaron Helzinger A.K.A. Amygdala, once an inmate at Arkham Asylum that was transformed into a superstrong mindless brute, and another of Batman's foes. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us today?

Lincoln: You got that right, Nico, and Bruce, you're not going to like it: the energy signal I sensed belongs to Aaron Helzinger A.K.A. Amygdala, who was once an inmate at Arkham Asylum but was transformed into a superstrong mindless brute.

Batman: It's been a long time since I've had to deal with Helzinger. The last time I dealt with him, I had him sent back to Arkham Asylum, how did he get out?

Lincoln: It was Lady Diabolyn, she broke Amygdala out and sent him on a violent rampage.

Sara Cavanaugh: That witch, let's hogtie her and send her straight to The Black Gates.

Lincoln: Yeah, let's go.

We flew out The World Tree Estate, and Lincoln fired powerful blasts of rainbow energy and elemental forces at Lady Diabolyn. When Lady Diabolyn saw us, she was enraged, and she became even more furious when she saw Sara Cavanaugh.

Lady Diabolyn: So, the famous Team Loud Phoenix Storm has arrived, now I can get rid of you all, along with you, Sara, and the world will soon be mine. (Cackling Evilly)

Sara Cavanaugh: That's never going to happen, you black-hearted snake in the grass, now you're about to get a taste of justice, American West style.

Suddenly, Sara Cavanaugh's eyes turned neon blue and she was surrounded by a purple and red energy aura with magic, horses, and elemental forces, and as she approach Lady Diabolyn, she left purple and red energy, magic, horses, and elemental forces with every step.

Sara Cavanaugh: Diabolyn, I will never forgive you for your constant scheming and your attempts to kill me and take over Dar-Shan, and now, I will make sure that you pay the price for all your schemes and I'll make sure you never haunt us ever again.

Suddenly, Sara Cavanaugh was surrounded by a massive vortex of purple and red energy with magic and elemental forces surrounding it, there's an image of the magic horse Wildfire galloping around the vortex, and in the vortex is a blonde phoenix. Then, as the vortex faded, Sara Cavanaugh emerged, but she was changed forever.

Suddenly, Sara Cavanaugh has a brand-new greatsword in her right hand called Dar-Shan American Western Greatsword of Magical Justice, it's a brand-new greatsword with Wildfire and the symbol of Montana and Dar-Shan etched on the 7'0" massive, wide, double-edged purple blade, large purple horse heads with red manes for the crossguard, large red gem embedded in the rainguard, longer black handle, and four large purple horse heads with red manes with blue gems for eyes and in its open mouths and a large red gem on the bottom of the horse heads for the pommel. Sara Cavanaugh has transformed into SUPER ANGEL ETERNITY INFINITY ELEMENTAL MAGICAL WESTERN ANGEL OF AMERICAN WESTERN JUSTICE AND MAGICAL LOVE!

We were amazed by Sara Cavanaugh's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Lady Diabolyn saw it, she fell into a rage and tried to fire a blast of dark magic to kill her, but Sara fired a powerful red and purple energy blast with horses, magic, and elemental forces, and it hit the evil witch and sent her flying into a wall.

Lincoln: Wow, Sara, you look beautiful. How do you feel?

Sara Cavanaugh: (Divine Echoing Cosmic Voice of The Elemental Western Horse and Western Magical Love) I feel incredible, Linky. Now, shall we put an end to Diabolyn once and for all?

Lincoln: (Smiles) With pleasure, Sara.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Sara Cavanaugh.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Your days of trying to kill Sara Cavanaugh and take over Dar-Shan are over, Diabolyn.

Sara Cavanaugh and Lincoln went after Diabolyn, who continued firing blasts of dark magic at them, but they dodged them all, and they fired powerful blasts of rainbow energy, purple and red energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Horses at Diabolyn, and they exploded with incredible power as they hit her. Then, Lincoln fired a red energy blast at Diabolyn and as it hit her, he sucked out all of her dark magic, and then, Sara and Lincoln slashed off the powerless Diabolyn's arms and legs, and they fired powerful energy blasts at Diabolyn and they exploded with incredible power, killing her and sending her to The Black Gates for good. We cheered wildly for what Sara Cavanaugh and Lincoln did as they holster their massive greatswords on their backs and power down, and Sara Cavanaugh's new body, clothes, weapons, jewelry, and massive blonde angel wings are permanent.

Sara Cavanaugh: Good riddance, you ornery snake in the grass. Thank you for helping me take down Diabolyn once and for all, Linky.

Lincoln: (Smiles Warmly) You're welcome, Sara.

Suddenly, Sara Cavanaugh wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Lincoln leans down to Sara Cavanaugh's face, they kissed passionately as Sara Cavanaugh's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, and Angel flying in the air, and we also saw a herd of Buffalo and horses running across the field, along with elemental forces and we all cheered wildly for them.

Nico: Wow, now that was one awesome fight, and that evil witch, Diabolyn, is finally gone for good.

Lincoln: You said it, Nico. But, we're not done yet, there's still the matter of Aaron Helzinger A.K.A. Amygdala to deal with, and I can't believe that witch, Diabolyn, broke him out of Arkham Asylum. That's going too far.

Me: You said it, Linc.

Lincoln: But, I'm not going to send him to The Black Gates, I went over his history and I found out he underwent a procedure that led to his amygdala cluster being removed in an attempt to cure him of his homicidal rage, but the procedure resulted in Amygdala becoming exceedingly angry and was the opposite of what the surgery was intended to achieve, and his nature led to him being made a pawn of many of Batman's villains.

Nico: Whoa, so what are you going to do to him if you're not going to send him to The Black Gates, big guy?

Lincoln: I'll show him mercy and send him to The Warp, so that way, he'll enjoy eternal rest.

Me: Like we did to Skeletor and X.A.N.A., smart thinking, big guy.

Eli: You said it, and you'll both be ready for him.

?: I will destroy and kill you all!

Batman: I should've known there's no mistaking that voice. You can come out now, Helzinger.

A huge and very muscular man came out, it was Aaron Helzinger A.K.A. Amygdala, yet another of Batman's foes and frequent patient of Arkham Asylum.

Lincoln: So, that's Aaron Helzinger A.K.A. Amygdala.

Batman: That's correct, Lincoln.

Lincoln sensed his emotions and there's nothing but rage and anger, and it was due to the surgery that was performed to remove the amygdala cluster in him to cure him of his homicidal rage.

Lincoln: Whoa, I'm picking up tons of rage and anger, that surgery didn't cure him of his homicidal rage, it made it even worse.

Robin: And the angrier he gets, the stronger he becomes.

Helen Lorelai Novamenchikov: (Estonian Accent) This is going to be one rough and wild ride, but we're ready for him and like Lincoln said, he deserves his eternal rest and that's what we'll give him.

Suddenly, Helen Lorelai Novamenchikov's blue green eyes turned neon blue green and she was surrounded by a green energy aura with Earth, sand, and desert animals, she unholstered her massive

Warrior Lady of The Wasteland-themed sword and Warrior Lady of The Wasteland's sword from her back, and as she approached Amygdala, she left green energy, Earth, sand, and desert animals with every step.

Helen Lorelai Novamenchikov: (Estonian Accent) What happened to you was tragic, Helzinger, but we can't allow you to continue to go on a rampage any longer, but don't fear, we'll grant you your eternal rest.

Suddenly, Helen Lorelai Novamenchikov was surrounded by a massive vortex of green energy with Earth and sand surrounding it, there were desert animals and Warrior Lady of The Wasteland running around the vortex, and in the vortex is a blonde phoenix. Then, as the vortex faded, Helen Lorelai Novamenchikov emerged, but she was changed forever.

Helen Novamenchikov has on a sleeveless black vest, sleeveless green midriff top, red rock shorts, green knee-high boots, and long blue green sleeveless trenchcoat with rocky canyons and desert animals on the coattails and on the back is Warrior Lady of The Wasteland with Earth, sand, and desert animals surrounding it. Suddenly, Helen Lorelai Novamenchikov's massive Warrior Lady of The Wasteland-themed sword and Warrior Lady of the Wasteland's sword began merging together and surrounded by a kaleidoscope of green energy, earth, sands, and desert animals and when it emerged, it was transformed into Warrior Lady of The Wasteland's Grand Canyon Greatsword of Wasteland Justice, it's a brand-new greatsword with Warrior Lady of The Wasteland etched on the 7'0" massive, wide, double-edged green blade, large horse heads with red manes for the crossguard, large red gem embedded in the rainguard, longer black handle, and four large horse heads with red manes with blue gems for eyes and in its open mouths and a large red gem on the bottom of the horse heads for the pommel. Helen Lorelai Novamenchikov has transformed into SUPER ANGEL ETERNITY INFINITY WASTELAND EARTH DESERT ANGEL OF WASTELAND JUSTICE AND EARTH DESERT LOVE!

We were amazed by Helen Lorelai Novamenchikov's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Amygdala saw it, he went into a ballistic rage and went after Helen to kill her, but Helen dodged his attack and she sent him flying into a wall with a really strong kick, and it enraged him even more.

Nico: Wow, Helen Lorelai Novamenchikov's transformed and she sent Amygdala flying into the wall with a really strong kick, awesome.

Me: You said it, Nico, this is going to be so awesome.

Lincoln: Wow, Helen, you look beautiful. How do you feel?

Helen Lorelai Novamenchikov: (Divine Echoing Cosmic Voice of The Wasteland Earth Warrior and Divine Earth Love) (Estonian Accent) I feel incredible, Linky. Now, shall we put a stop to Amygdala once and for all?

Lincoln: (Smiles) With pleasure, Helen.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Helen Lorelai Novamenchikov.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Sorry, Aaron, but you need to be stopped before you seriously hurt someone. But, we'll make it painless.

Helen Lorelai Novamenchikov and Lincoln went after Aaron Helzinger A.K.A. Amygdala, who tried to attack them, but they dodged his fists, and they fired powerful blasts of rainbow energy, blue green energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Desert Animals at Amygdala and they exploded with incredible power as they hit him, and it made him even angrier than ever. Then, Helen Lorelai Novamenchikov made a dust storm to obscure Amygdala's eyes, and it was too late as Lincoln grabbed and put Amygdala in a bear hug and then, he began absorbing Amygdala into his body, and not only did Lincoln begin assimilating all of Amygdala's powers and abilities, but he also gained a massive power and energy boost to his infinite energy and power as he was also absorbing all of the rage and anger Amygdala had in him. When Lincoln was done, an energy card appeared in his large left hand with Amygdala's soul inside it, and it glowed purple and Amygdala was sent to The Warp and to his eternal rest. We cheered wildly for what Helen Lorelai Novamenchikov and Lincoln did as they holster their massive greatswords on their backs and power down, and Helen Lorelai Novamenchikov's new body, clothes, weapons, jewelry, and massive blonde angel wings are permanent.

Helen Lorelai Novamenchikov: (Estonian Accent) Rest in peace, Aaron Helzinger, may you find peace in The Warp. Thanks for helping me take down Amygdala, Linky.

Lincoln: (Smiles Warmly) You're welcome, Helen.

Suddenly, Helen Lorelai Novamenchikov wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Lincoln leans down to Helen Lorelai Novamenchikov's face, they kissed passionately as Helen Lorelai Novamenchikov 's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and Warrior Lady of The Wasteland flying in the air, and we also saw a herd of Buffalo and horses running across the field, along with elemental forces and the Grand Canyon and we all cheered wildly for them.

Batman: Rest in peace, Aaron Helzinger.

Superman: Lincoln and Helen made sure that he'd get his eternal rest in The Warp, where he'll finally rest in peace.

Me: You said it, Kal.

Nico: That's right, and now, let's get ready for our Camping Trip to Winsome Falls.

Lincoln: Yeah, we can use a little rest and relaxation there after going on so many awesome adventures, and we'll also be ready for Hay Lin's special mission tomorrow.

Hay Lin: That's right, and I can't wait to see Yost Spiderman and the others again.

Spider Man: And we'll teach his world's version of Norman Osborn a lesson.

Me: You said it, Peter.

Nico: And the good thing is we already got rid of our world's Norman Osborn months ago.

Lincoln: Now, we're going to get rid of the Yost version of Norman Osborn, and he's going to pay for everything he's done.

We returned to The World Tree Estate, and we got rid of Lady Diabolyn, who was given The Black Gates, and Aaron Helzinger A.K.A. Amygdala, who was sent to The Warp as an act of mercy after what we'd heard from Lincoln about his history. Now, we're getting ready for our camping trip to Winsome Falls for our annual camping excursion.

Later it was time for Onewa's final Ambassador Mission and we had a feeling this will be a great one.

William: Anyone else want to go with Onewa? Besides 3 Rabbids and Yost Cap?

Nico: Lets have the Megaforce, Turbo and SPD Rangers come with.

Troy: Awesome idea!

Me: Yeah it will be great for you all to meet Shinnosuke and the Drive Kamen Riders and the Turbo and SPD Rangers would fit in perfectly with them because they drive cars and are police officers.

Jack Landors: That is true!

T.J. Johnson: That is a great idea.

Nico: Yep. All right lets head on out.

We got in our cars and we were off to Japan.

We arrived at the Police Station and into the garage.

LA CUCARACHA HORN!

Shinnosuke: Hey guys!

Me: I never get tired of honking that horn.

Onewa: Shinnosuke, meet some of the Power Rangers.

Troy Burrows: It's awesome to meet you. We are the Megaforce Power Rangers.

Me: You may know them as the Goseigers or Gokaigers here in Japan.

Shinnosuke: Wow! Awesome to meet you guys.

T.J. Johnson: We are the Turbo Power Rangers.

Nico: You may know them as the Carrangers here in Japan.

Kiriko: Wow! That is awesome! Pleasure to meet you.

Jack Landors: And we are the S.P.D. Rangers.

Eli: You may know them as the Dekarangers here in Japan.

Go: Awesome to meet you all.

Nico: I wanted to come with because the Turbo and SPD Rangers are fast car drivers and the S.P.D. Rangers are police officers like you guys.

Shinnosuke: Good reason!

Me: Yep. And this is our Yost Avenger leader from the Yost Universe.

Yost Captain America: Awesome to meet you guys. Steve Rogers but you can call me Captain America.

Me: We have 2 Captain America's now. One is the Prime Universe version and this is the Yost version. We go there tomorrow to wrap up Phase 1 of our Ambassador Missions.

Nico: It'll be perfect to close out the first half of 2022.

Go: We wish you guys luck.

Eli: Not that we'll need it but thank you.

Shinnosuke: You're welcome. If you're looking to finish this set of Ambassador missions with a bang, that's what's going to happen. A certain asshole was spotted in the area yesterday.

May then knew what he was talking about and so did me and Onewa!

Me: Oh shit on me and fuck me sideways to kingdom come! Is it Nira!?

Shinnosuke: Yes it is!

Me: (GROWLS FEROCIOUSLY!)

I clenched my fist tight and blood poured out through my knuckles and dripped onto the floor and burned through it like acid!

Shinnosuke: Whoa that is some lethal blood!

Go: Yeah!

May: I will make sure he dies for good this time!

May then turned into a LITERAL DEMON!

May: (ENRAGED SCREAMING) NO ONE KILLS SHINNOSUKE'S FATHER AND GETS AWAY WITH IT!

Nico then screamed and jumped into my arms in sheer fright!

Me: OOF! (Straining) You're giving me a hernia Nico!

Nico: May scares me!

Me: Uh Nico can you get down? I'm getting a cramp.

Nico: Oh sorry.

He got off me.

Yost Captain America: Nira could be anywhere by now.

Jack Landors: Probably in a place where he'll be able to cause large amount of destruction.

Shinnosuke hummed as he rubbed his chin.

Me: Shinnosuke, is something-

Go: Shh. He's thinking.

May: (smiles) I like when he does this.

Me: Want me to get a box of Thinking Grenades?

Go: (Laughs) No he doesn't need that.

Shinnosuke had a mental connection, seeing all the clues and connected them in his mind.

Shinnosuke: My brain is in Top Gear.

Me: Awesome!

Jack Landors: I like this guys.

Rarity: He is a really amazing and gifted detective just like my favorite mystery series Shadow Spade.

Twilight Sparkle: And I too love a good mystery as well.

Shinnosuke: Nira's in one of the areas that have nuclear weapons. They're the perfect weapons to cause large amounts of destruction.

Me: He must be heading to a Nuclear Power Plant! But the only area I know that fits that description that's close to here is (GASP) FUKUSHIMA!

Nico: We better get there quick!

We were off.

---

We were at the Fukushima Nuclear Plant and there we were facing NIRA MITSUHIDE!

---

Mitsuhide Nira (in Japanese: 仁良 光秀, Nira Mitsuhide) is a major antagonist in Kamen Rider Drive. He is a corrupt official of the Tokyo Metropolitan Police Department and secretly the murderer of Eisuke Tomari, who was the late father of Shinnosuke Tomari. Having been the one who concealed the existence of Roidmudes, preventing any chance of stopping the Global Freeze from ever happening, Nira later allies with them in order to cover up his crimes.

He was portrayed by Kisuke Iida.

In the past, Nira was the partner of Officer Eisuke Tomari. Jealous of his partner, when the two responded to a bank robbery Nira shot him and framed it on the bank robbers. With the help of Roidmude 001, Nira was able to get away by altering everyone's memories of the incident to remove any evidence of his involvement. To ensure Nira's loyalty to him, 001 kept the gun he had used to shoot Tomari hidden away somewhere.

In his guise as Soichi Makage, the Freeze Roidmude (001) appointed Nira to oversee the Special Investigation Unit in order to obstruct their efforts to investigate the Roidmudes. After Drive attacked the Brain Roidmude in his human guise of Sou Noumi, Brain was able to frame Drive for attacking an innocent civilian and Nira had Shinnosuke suspended from transforming into Drive. However, after the SIU staged an attack by Chase in his Roidmude form, they were able to get Nira to left the suspension so Shinnosuke could transform into Drive again.

Makage later dismissed Nira, having no more use for him. In retaliation, Nira sided with the Special Investigation Unit in investigating Freeze and helped them locate Freeze's secret base where he was holding his captives. This was all part of Freeze's plan however as his confrontation with Drive and humiliating defeat enabled him to achieve a Super Evolution.

After Freeze was defeated however, the effects of his memory alteration began to wear off. Fearing that his role in the murder of Eisuke Tomari would be found out, Nira defected to the Roidmudes and teamed up with Brain to stop Drive. He fused with Roidmude 106 to become the Thief Roidmude and went on a spree of stealing all evidence, including ballistics reports, that could link him to the crime.

The Special Investigation Unit began to grow suspect of Nira and were able to discover his true identity as the Thief Roidmude after giving him a vial containing the antidote for Freeze's powers that secretly had a tracker embedded in it. After the Special Investigation Unit caught Nira talking with Brain, Nira fused with 106 once more to battle Drive, but was forced out of his transformation by Drive. Brain then caused 106 to assume a Berserker state and attack the Riders in order to cover their escape.

At a secret hideout, Brain fused with Nira to become a second Thief Roidmude, seeking to use Nira's jealousy to help him achieve his Super Evolution.

Going on the run, the Thief Roidmude attempted again to eliminate Yukari Karasawa. He was driven away by the Kamen Riders, but not before he infected Yukari with a deadly poison. Nira later returned to the police department and gave a press conference with Brain (as Sou Noumi) where he framed Drive for colluding with the Roidmudes, claiming that all of his actions in fighting the Roidmudes were simply part of a power struggle to take control of them from Freeze. As evidence, Nira presented several cases where the SIU was shown to have ties to the Roidmudes, including Kisaburo Sasamoto being Rinna's ex-lover, Genpachiro's relationship with the fusion host of the Judge Roidmude, Kyu Saijo's friendship with Roidmude 072 and the Unit's alliance with Chase. As a result, the SIU were all locked up except for Shinnosuke, who managed to slip away.

Shinnosuke pursued Nira to the police department, where Nira was able to frame it as Shinnosuke taking him hostage. As the two faced off, Nira pointed at Shinnosuke the gun he had previously used to kill his father and began taunting him over it. He then revealed that he had infected Yukari with a deadly poison that would kill her in 40 minutes, unless Shinnosuke complied and fired his gun so he could frame him for attempted murder. However, using the Banno tablet, Go and Chase were able to cure Yukari of her poison and send a secret message to Shinnosuke letting him know. Hearing this, Shinnosuke fired his gun and missed, and in turn was shot by Nira.

Nira later gave another press conference with Sou Noumi where he stated that Shinnosuke had killed Yukari and taken him hostage, but that after Nira had talked him down the two had exchanged gunfire and he had shot Shinnosuke in self defense. However, it was at that moment that the Special Investigation Unit appeared with Yukari, who confirmed that Nira's narrative was false. Brain then accidentally let it slip that they had been the ones to poison Yukari, leading Nira to fuse with Brain and transform into the Thief Roidmude again to make a final effort to defeat Drive. After being defeated once more, Nira was split from Brain and attempted to recombine with him. Brain however told Nira he was done using him now that he had achieved a Super Evolution and assumed his Super Evolved form to fight Drive, only to be defeated and have his body destroyed. Nira was then taken into custody by the police, but as he was led away he maniacally expressed that the Roidmudes would be the ones to win against Drive.

Nico: Wow, Helen Lorelai Novamenchikov's transformed and she sent Amygdala flying into the wall with a really strong kick, awesome.

Me: You said it, Nico, this is going to be so awesome.

Lincoln: Wow, Helen, you look beautiful. How do you feel?

Helen Lorelai Novamenchikov: (Divine Echoing Cosmic Voice of The Wasteland Earth Warrior and Divine Earth Love) (Estonian Accent) I feel incredible, Linky. Now, shall we put a stop to Amygdala once and for all?

Lincoln: (Smiles) With pleasure, Helen.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Helen Lorelai Novamenchikov.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Sorry, Aaron, but you need to be stopped before you seriously hurt someone. But, we'll make it painless.

Helen Lorelai Novamenchikov and Lincoln went after Aaron Helzinger A.K.A. Amygdala, who tried to attack them, but they dodged his fists, and they fired powerful blasts of rainbow energy, blue green energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Desert Animals at Amygdala and they exploded with incredible power as they hit him, and it made him even angrier than ever. Then, Helen Lorelai Novamenchikov made a dust storm to obscure Amygdala's eyes, and it was too late as Lincoln grabbed and put Amygdala in a bear hug and then, he began absorbing Amygdala into his body, and not only did Lincoln begin assimilating all of Amygdala's powers and abilities, but he also gained a massive power and energy boost to his infinite energy and power as he was also absorbing all of the rage and anger Amygdala had in him. When Lincoln was done, an energy card appeared in his large left hand with Amygdala's soul inside it, and it glowed purple and Amygdala was sent to The Warp and to his eternal rest. We cheered wildly for what Helen Lorelai Novamenchikov and Lincoln did as they holster their massive greatswords on their backs and power down, and Helen Lorelai Novamenchikov's new body, clothes, weapons, jewelry, and massive blonde angel wings are permanent.

Helen Lorelai Novamenchikov: (Estonian Accent) Rest in peace, Aaron Helzinger, may you find peace in The Warp. Thanks for helping me take down Amygdala, Linky.

Lincoln: (Smiles Warmly) You're welcome, Helen.

Suddenly, Helen Lorelai Novamenchikov wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Lincoln leans down to Helen Lorelai Novamenchikov's face, they kissed passionately as Helen Lorelai Novamenchikov 's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and Warrior Lady of The Wasteland flying in the air, and we also saw a herd of Buffalo and horses running across the field, along with elemental forces and the Grand Canyon and we all cheered wildly for them.

Batman: Rest in peace, Aaron Helzinger.

Superman: Lincoln and Helen made sure that he'd get his eternal rest in The Warp, where he'll finally rest in peace.

Me: You said it, Kal.

Nico: That's right, and now, let's get ready for our Camping Trip to Winsome Falls.

Lincoln: Yeah, we can use a little rest and relaxation there after going on so many awesome adventures, and we'll also be ready for Hay Lin's special mission tomorrow.

Hay Lin: That's right, and I can't wait to see Yost Spiderman and the others again.

Spider Man: And we'll teach his world's version of Norman Osborn a lesson.

Me: You said it, Peter.

Nico: And the good thing is we already got rid of our world's Norman Osborn months ago.

Lincoln: Now, we're going to get rid of the Yost version of Norman Osborn, and he's going to pay for everything he's done.

We returned to The World Tree Estate, and we got rid of Lady Diabolyn, who was given The Black Gates, and Aaron Helzinger A.K.A. Amygdala, who was sent to The Warp as an act of mercy after what we'd heard from Lincoln about his history. Now, we're getting ready for our camping trip to Winsome Falls for our annual camping excursion.

Nira: So, we meet again, Kamen Riders!

Go: Seriously, why do you move your mouth weirdly when you talk sometimes?

Jack Landors: We're about to kill this guy and that's your main concern?!

Go: Hey, he's gonna get the Black Gates. So, this is the last time I get to bring it up!

TJ Johnson: (sighs) I can't believe we're having this kind of conversation right now.

Nira: So I can destroy you all.

Shinnosuke: I have something to say Nira.

Nira: And what's that?

Shinnosuke: My name is Shinnosuke Tomari, you killed my father! PREPARE TO DIE!

Nira: Oh, you're already too late. I've already launched 6 nuclear missiles to the White House 5 minutes ago.

Jack Landors: That's not enough to destroy the world!

Me: Too bad you aren't Team Dark Phoenix Storm.

Nira: Admittingly, no. But it'll still be enough to start World War III!

Nira turned into Thief Roidmude with a laugh!

Me: You were Thief Roidmude!

Nico: 45 minutes! J.D. you, May and Onewa take on Niro. The rest of us will deal with those missiles!

Go: Shinnosuke, you, May, Cap, J.D., Onewa, and the rest take Nira down. Me and the others will stop those missiles!

Nico: I already said that May, J.D. and Onewa will do that but good.

Go: Thanks.

Nico: You DO have the Shift Cars for the Masters of Evil, right? If you do, use the flying ones!

Go: Right!

Nico: Lets go!

The fight to save the world was on!

Me: You will pay for your crimes Nira! KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into Wolf Moon ☽!

Thief Roidmude: (laughs) Did you forget I have this?

Thief Roidmude unleashed a Heavy Acceleration Field, which slowed us all down. But to his shock, after 5 seconds, he saw that May and Manaphy were moving normally.

Manaphy: Did YOU forget me and Mama are only affected by that for only 5 seconds? (jumps at him)

She slapped him all over.

Me: And we're immune to your power!

I slashed Thief Roidmude all over and then kicked him in his face!

Me: Try this on!

I activated Dark Spicer's Shift Car and used his Antitrix version of Ultimate Cannonbolt's power!

Me: Here's your warning: Your motherfucking douchebag ass is about to be kicked!

Thief Roidmude: Come and try it fuckmouth!

Me: Up your fucking nose with a fucking rubber hose!

I Rolled into a tight ball and rolled fast and smashed him all over into roadkill!

Go: Okay. Time to test out those Shift Cars. (takes out Vulture's Shift Car)

He activated it and got Vulture's wings and he flew into the air!

Nico: YEAH!

They went after the missiles!

Nico: I have the estate ready to fire the missiles if they are spotted!

Eli: Great!

Nico: Missile one coming into view!

Twilight Sparkle: I got this! GLOVE OF JISAKU!

She got a magnet on her arm from the Shen Gong Wu and then she stuck to the missile and then pulled hard and sent the missile out into space!

Nico: Awesome job Twilight!

Eli: One missile down 5 to go!

The Justice League came.

Superman: We'll help with this one!

Nico: These are nuclear missiles Kal!

Go: Oh wow! The Justice League! It's an honor to meet you all.

Hawkgirl: Same here Go.

Back with me and the others.

Shinnosuke: I think you remember Type Tridoron!

Drive Type Tridoron! (Dramatic rock guitar solo)

Me: AWESOME!

May: That one is awesome!

Onewa: This is the coolest one ever.

Shinnosuke: Thanks.

Me: I haven't used this in a while. SWORD OF THE HOSHIRYU!

I swung it and a massive and powerful blast of fiery solar plasma shot out of it and it hit Thief Roidmude and blasted him all over with a huge fiery explosion that carried the power of a nuclear blast!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

May: WHOA! We haven't seen that in a while!

Thief Roidmude was MEGA PISSED!

Go: I see the second missile!

Martian Manhunter went at the missile and went intangible and he took out the detonation box and then the missile fell right into the ocean.

Nico: Nice work J'onn.

Eli: Missiles 3 and 4 ahead!

Rainbow Dash: I got this!

She flew fast and then got in front of them and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She released a powerful massive Double Rainboom and scrambled the missiles technological circuits and they fell into the ocean and then a massive explosion of water blasted high into the sky with incredible force. It was like what happened during Operation Hardtack Umbrella in 1958.

Nico: WHOA! Nice job R.D.!

Rainbow Dash: Thanks! That was awesome!

Eli: We still have 2 missiles left!

Twilight Sparkle: 35 minutes till impact!

Yost Cap: You claim to be a man of the law. But in reality, you're just a schoolyard bully! (throws shield at Thief Roidmude)

It smashed him on the head and then I kicked Thief Roidmude in his face.

Me: Try this on! THORN OF THUNDERBOLT!

I fired a blast of lightning and electrocuted him all over.

Me: Had enough maggotfucker!?

Go: We're approaching missile number 5!

Hawkgirl: I got this!

She activated Magneto's Ridewatch and got his powers!

Hawkgirl then held her breath and pulled the missile into space and sent it far where it exploded harmlessly.

EXTREMELY MASSIVE AND POWERFUL NUCLEAR EXPLOSION!

Hawkgirl fell to the ocean and John Stewart caught her.

John Stewart: Are you okay Shayera?

Hawkgirl: Yeah.

Nico: One missile left!

Twilight Sparkle: 30 minutes till impact!

Commander Krueger: You're a disgrace to law enforcement everywhere!

He slashed Thief Roidmude all over the place with incredible force!

Me: Yeah! You give all cops everywhere a REALLY BAD Name!

I then slashed Thief Roidmude all over.

Me: And because of your fucking jealousy you killed Shinnosuke's father! He was your best friend! How could you do this to him!?

Thief Roidmude: BECAUSE I HATE HIM! HE WAS ALWAYS BETTER THAN ME! I WANTED TO MAKE SURE HE SUFFERED! SO I KILLED HIM!

Me: You're nothing more than a spineless fucking little coward!

May: That's why I killed you the first time!

Back with the others. They were heading to the last missile.

Go: I see the 6th missile!

Nico: Last missile!

Batman: (On the radio) Nico I can hit that missile from up here with our laser.

Nico: Go for it Bruce!

Batman: Engaging Binary Fusion Cannon!

He locked it on target and it was ready to fire!

Nico: Brace yourselves guys!

Batman: FIRE!

The Station fired the laser and it hit the missile and then it hit the missile and exploded!

EXTREMELY MASSIVE EXPLOSION OF INCREDIBLE POWER!

The missile was destroyed.

Nico: WHOA! WHAT POWER!

Eli: AWESOME!

Nico: That was incredible! Missile destroyed! All missiles gone!

I slashed Nira all over.

Me: Take that!

Nico: (On the radio) J.D. all missiles have been destroyed!

Me: Excellent! Come back and join the fight.

Nico: We're on our way.

Thief Roidmune: What happened!?

Me: All your precious missiles are gone. We destroyed them!

Thief Roidmude: NO! YOU RUINED EVERYTHING! YOU ALL WILL PAY DEARLY FOR THIS!

Onewa: Time to go Hordika!

He turned into ONEWA HORDIKA!

May: He's in for it now!

Onewa charged at Thief Roidmude.

And punched him all over and smashed him with his jackhammer tools and really let him have it!

Nico and everyone came back.

Nico: Sorry about that guys.

Me: No worries. Wouldn't be fun if we did it ourselves.

Nico: Great! (GOES SUPER SAIYAN 4!)

Nico: (takes out Speed Demon's Shift Car) Time for speed!

He activated it and got Speed Demon's powers and ran fast and punched and pulverized him all over the place with incredible force!

Me: Lets see him use this!

I activated TTG Doomsday's powers with his Shift Car and went at Thief Roidmude and he fired laser blasts at me and they deflected off my skin and didn't scratch me and then I punched him in the stomach with DEVASTATING FORCE! I blasted him with laser vision blasts and burned him intensely!

Jack fired at Thief Roidmude with his Delta Blasters.

They were blasting him all over.

Nico: Now for this.

Nico took out a Shift Car for Lego Thanos and activated it and fired a powerful purple energy blast and it hit Thief Roidmude and smashed him down.

Me: And try this on!

CYBORG SNAKE! TECHNUS! BEST MATCH!

I had my hands form into machine guns and lightning blasters and they fired waves of bullets and lasers and they hit Thief Roidmude and blasted him all over the place!

Nico: OH YEAH!

Eli: YEAH! Now to finish him!

Shinnosuke: Combo time!

May: Lets do it!

Onewa: Yeah!

Shinnosuke, Me, Onewa and May: PHOENIX FLIGHT ROADKILL!

We jumped and flew at him and formed into a deadly phoenix and it hit Thief Roidmude and he exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was knocked out and the number was destroyed!

Nico: YEAH!

May: Now for me.

Yost Cap: It's over, Nira. You've lost.

Nira got up and saw red.

Nira: DAMN YOU, KAMEN RIDERS!

Nira charged at us in rage… only to fall to the ground dead as a gunshot rang out. Jun then stepped out holding a gun.

Jun: (cheers happily) Ha Ha! You don't know how long I've waited to do that when I first saw him!

Nico: Whoa!

Me: Nice shot!

May went over and then plunged her hand into his back and then…

RRRRRRRIIIIIIIIIIIIIIIIIIIIIIIPPPPPPPP!

She pulled out his entire spinal column and skull! Then she slashed him and then ripped his skin off and then took his skinless body and hung it on an abandoned billboard that said re elect Nira for chief of police.

Me: Nice one May.

His spirit appeared.

Me: No more Nira!

I used the Black Gates on him and destroyed him forever.

Nico: Awesome!

Shinnosuke: It's over dad. We won.

Nico: (Puts his hand on his shoulder) I'm sorry Shinnosuke.

Shinnosuke: I know Nico. I know.

We regrouped.

Shinnosuke: Onewa, ever since I first met you, I've seen you as a big brother.

Onewa: I'm honored Shinnosuke. Thank you.

Shinnosuke hugged him.

Eli: But this was so awesome.

Sunset Shimmer: It sure was awesome.

We later came back.

William: We saw the whole thing happen! Are you guys all right?

Me: Yes we are. Crisis averted.

Nico: Yeah we all did our part and stopped Nira from destroying America. I've got to call the President and tell him everything.

Me: Okay.

Nico went and did so.

We told everyone everything that happened and it was awesome!

Cody (OC): Whoa! May that was awesome! Nice use of the Yautja's trophy collecting.

May: Thanks Cody.

Lola: That wass awesome though.

May: Sunset, 1 Rabbid and Sonic should go on your first mission.

Sunset Shimmer: This is gonna be so awesome! After me we'll have all the Mane 10 fully covered.

Me: Yep we sure will. We're going to the world of Ratchet and Clank.

Sunset Shimmer: Ooh I love Ratchet and Clank! That's my favorite game!

Nicole: That is awesome Sunset! I'll go with too since I'm the Goddess of Video Games.

---

Later in another part of Oregon, we were walking towards a very rich and amazingly beautiful town. It was the town of Happy Valley in Northwest Oregon.

Maria: Where are we?

Nico: This is Happy Valley, Oregon. One of the richest towns in the state.

Laney: Awesome place. But why are we here?

Bart Simpson: You'll see.

We then came to a huge and beautiful Solid 24K Gold Mansion!

Bart Simpson: There it is.

Nico: WHOA!

Eli: What a house! Wait is that house made of Solid Gold!?

Nico went up to it and tapped it and it was made of 100% Pure 24K Gold!

Nico: I don't believe it! It's a house made of 24K Gold!

Eli: Wow!

Nico: Who lives here Bart?

Bart Simpson: This is the home of Chester J. Lampwick. He was the Original Creator of Itchy and Scratchy. (Season 7 Episode 18)

Me: I've heard about him! He sued the living hell out of Itchy and Scratchy Studios and won! He went from rags to riches. $800,000,000,000 lawsuit.

Laney: Wow! That is huge!

We knocked on the door and answering it was Chester J. Lampwick.

---

In 1919, he made the first Itchy cartoon, entitled "Itchy the Lucky Mouse in 'Manhattan Madness'". Roger Meyers, Sr. stole the idea from him and refused to pay him. Chester then became a bum for many years until he and Bart Simpson opened up a case against

Itchy & Scratchy Studios for $800 billion. Chester and Bart won the case, making Chester incredibly wealthy. With his earnings, he bought a solid gold house and a rocket car. The payout to Chester from the studio lead to its downfall, so Bart and Lisa went to Chester to ask him to fund Itchy & Scratchy Studios. When Lisa tried to convince him to do so by telling him he'd get royalties, Chester replied, "I don't need any more money. I'm not greedy. As long as I've got my health, my millions of dollars, my gold house, and my rocket car, I don't need anything else." Lisa then says, "Yes, but…" and is then interrupted by Chester saying, "Not interested." He then proceeds to go to sleep.

Chester has grudges against both Abe Simpson and Krusty the Clown. His grudge with Abe dates back to 1947 when Abe hired Chester to paint his chicken coop in exchange for a plate of corn muffins. Likewise, Krusty hired Chester to paint his fence in exchange for some blintzes. In both cases, Chester reneged on the deal because the food was "lousy" and got in a fistfight when he saw his former employer and refused to do the work he was hired to do.

---

Chester J. Lampwick: Team Loud Phoenix Storm! It's an honor.

Me: You too Mr. Lampwick.

Nico: It's an honor to meet you.

Chester J. Lampwick: Same to you Nico and Bart and Lisa and Homer great to see you again.

Homer: Same to you Chester.

Lisa Simpson: You're looking great after everything that happened.

Chester J. Lampwick: Yeah and I owe it all to you guys.

Bart Simpson: That was an awesome adventure though.

Me: Yep. I also take it that you heard about what happened to Springfield?

Chester J. Lampwick: I sure did and that town deserved to be destroyed. Before the war broke out I moved my mansion here to Happy Valley.

Me: That's good you did.

Nico: Burns got what he deserved.

Chester J. Lampwick: Good riddance. I never liked the guy.

Me: NO ONE did.

Lincoln: And my Guardian Angels revealed so many terrible things about him too.

Lola: Yeah they sure did.

Me: But that was amazing how you were able to win one of the biggest lawsuits ever in the country. You became one of the richest people in the country and you easily surpassed Burns.

Chester J. Lampwick: I sure did.

Me: Yep. Also word of advice, you should stay away from Krusty. He still is pissed at you for not painting his fence.

Chester J. Lampwick: Good riddance. His blintzes were still terrible. So was the other guys corn muffins.

Me: You mean Abraham Simpson. Don't worry he's locked in the Saturn Insane Asylum.

Chester J. Lampwick: Good.

Bart: Don't worry. We still watch Itchy and Scratchy.

Lisa Simpson: Yeah it's a great cartoon.

Chester J. Lampwick: I'm glad.

We convinced Chester to move in with us at the estate and more and it was awesome. He then sat down to lunch and was having LIVER AND ONIONS! YUCK!

Later we were getting ready for the annual camping hike to Winsome Falls!

Nico: Who's ready to go camping?

We cheered wildly!

Me: I'm all see guys!

I had my backpack and hiking gear on.

Me: After going to all 7 planets for the Lantern Corps we more than earned some fun and some awesome R&R.

Laney: We sure did.

Nico: Yep. Anyway lets all get ready.

We went and got ready and put on our hiking gear and camping gear.

The Masters of Evil then appeared.

Dark Spicer: We're coming with you guys too.

Nico: I wasn't going to force you guys to as you all are more than welcome to.

Me: Anyway we're all set.

Laney: We sure are.

Nico: Are we all set?

We cheered.

Nico: Lets head on out!

We were off and we were walking on the trail to Winsome Falls.

We walked and later we arrived.

Maria: Here we are.

Nico: Winsome Falls. Just as awesome as ever.

Camie: Wow! This is amazing and beautiful! The Waterfalls are Rainbows.

Me: Yeah they sure are.

Lola: I always love coming here to go camping.

Nico: Me too. Lets get to setting up the tents.

We went and set up the tents and they were ready. We got the campfire ready and went and grew meat trees and more.

Heart: It's good that Nira was killed a second time.

Medic: Yeah no kidding. At least he's not the big targer.

Me: Yeah.

Laney: But at least he's gone.

Manaphy: (sadly) I'll miss Mr. Belt.

May: We'll see him again. But not till August.

Me: We just got to wait till then.

Laney: Yeah.

Sweet Leaf: It'll be awesome to bring down Banno.

Medic: Yes it sure will.

William: Who's got the marshmallows?

Shaggy: Like I do!

Nico: Cool! What do you guys want for dinner?

Eli: Baked Beans and meat chili?

Nico: Good choice Eli.

Nico got a huge pot ready and put it on a rack above the fire and lit the fire and then filled it up with beans and our favorite meats.

Yost Electro: Hope Web Head's doing okay.

Hay Lin: We'll find out tomorrow. I hope so too.

Vypra: But we have to be ready for Yost Green Goblin.

Nico: This time he's going to prison. I have an awesome plan for when he returns.

Yost Electro: On the bright side, I'm happy that I have Jericho as an archenemy!

Yost Shocker: Same can't be said about me, Doc, Sandman, Kraven, and Mysterio.

Me: We still have plenty of time to decide on all that.

Nico: Yeah we sure do.

Later it was time for our dinner.

Me: (Eating) Mmm! Delicious!

Nico: (Eating) You said it.

Yost Chemistro: I feel your pain, Jackson. Me and Abominaton don't have archenemies either.

Yost Shocker: Thank y'all kindly.

Me: Still it's hard to imagine that all that happened to Spiderman there.

Nico: Yeah no kidding.

Girl Jordan: That is horrible. Spiderman did not kill Yost Green Goblin at all.

Eli: Yeah no kidding.

Helen Anderson: I know. But it's gonna be a great honor to be with y'all on these great adventures.

Me: It's gonna be awesome having you with us Helen.

Nico: Yep. You're the 4th member of the Guardians of Harmony that we found.

Laney: Yep.

Helen Anderson: But I'm sure looking forward to so many great adventures.

Me: We are too.

Vypra: By the way Nico which Gene-slammer are you hoping to go for next.

Nico: Right Mandatory question. I'm hoping to do one for Portalers kind next.

Shanan: Oh wow that's a good one. Portaler is what's called a Ménhùwǎngzhànian. They come from the planet Menhuwangzha.

Shanan pulled up a picture of one and it was awesome.

---

Portaler resembles a cross between a turtle and a beetle. He has segmented yellow arms and legs that end in stumps, with blue sleeve-like plating on his shoulders. He has a turtle-like face with sunken green eyes and visible nostrils, and has two beetle-like antennae ending in yellow bulbs. His skin is green, and has a blue, yellow and red circular pattern on his stomach. On his back is a blue, turtle-like shell with a red rim and red rock-like spikes on it.

Portaler wears the Omnitrix on the red armor plate on top of his head.

---

Nico: Wow! Interesting one.

Eli: But it's perfect.

Me: And they know Portal Powers. So the next one that goes with us is gonna be a portal maker.

Nico: Yep.

Yost Electro: I got a feeling that the Doc Connors I know probably somehow became the Lizard again.

Laney: And if he has we'll be ready for him.

Psyphon: If we run into Yost Lizard, me and my team will be ready:

Nico: Awesome.

Me: We'll be ready too. Also I have a feeling that the Hibiki Kamen Riders will appear too.

Gali: I have that feeling too and they will be awesome in this one.

Psyphon: If we run into Yost Lizard, me and my team will be ready:

Nico: Awesome.

Me: We'll be ready too. Also I have a feeling that the Build Kamen Riders will appear too.

Gali: I have that feeling too and they will be awesome in this one.

William: How's Lord Superman?

Me: Still upset about what he did.

Lord Flash: But at least I'm glad to be back with everyone. And thank goodness that Lex Luthor is dead.

Me: Yeah no kidding.

Lola: I can't believe that it took 4 and a half years to get through to Lord Superman.

Me: He sure was stubborn back then though. But getting through to the other Justice Lords will be tough.

Lord Flash: Can't believe everyone lost it. All because I got myself killed.

Nico: I know. I wasn't with the team when it all happened but man that was terrible.

Flash: Yeah that was awful. I was shocked when I heard about it all.

Laney: All of us were.

RD Lincoln: Thank goodness it wasn't because of Sindri Myr.

Emily Lenoir: That's good. But RD Lincoln you have my condolences for what went down in your universe.

RD Lincoln: Thanks Emily.

Nico: The Justice Lords probably wouldn't have lost it if they just took the time to grieve your death.

Me: Yeah.

Lord Flash: Yeah that is just awful. I wish things would have turned out differently instead of having us turn to the Dark Side.

Lola: Yeah.

Me: And it took 4 and a half years for them to realize what happened.

Maria: Not all of them.

Me: I know. John Stewart, Diana and Shayera are going to be tough to crack.

Lola: Yeah.

Eli: But we have to at least try.

Me: Lord John saw how much I've changed and matured over the

years.

Nico: He sure did. That was a good observation he made.

Lego Luthor: Good thing Superman and Batman from my world foiled my presidency scheme long ago, huh?

Nico: That is for sure.

Me: Yep and we gave the Lex Luthor of our world the Black Gates.

Lola: Good riddance.

Qin: Yeah.

Autumn Blaze: But it's great tat they will never harm anyone ever again.

Superman: Lex was a really formidable adversary.

Nico: Yes but he was a very dangerous monster.

We got to eating S'mores and they were awesome.

Nico: (Eating) Mmm!

May: Delicious!

Me: Yeah!

We had a great time camping and we had a lot of fun. We later went to sleep and had a great time camping under the stars.

Meanwhile in the Yost Universe, Yost Spiderman and his friends were all getting ready for our arrival and we were going to help him take down Yost Green Goblin.

Yost Spiderman: I can't wait to have all of Team Loud Phoenix Storm help us all out.

Yost Mary Jane: It'll be awesome to have them help out. No one brings misery to you tiger.

Yost Spiderman: Thanks M.J. That means a lot.

Yost Harry: And I won't let my father get away with this. Nico contacted me earlier and he said he has a plan.

Yost Spiderman: All right. Get ready Norman, we're coming for you!

He webslinged and Yost Mary Jane got a rifle and Yost Harry got a jet pack and they flew to the camera and it turned red and blue.

And we're going to meet a gene-slammer for one of Portaller's kind. Her name is Yamiko Shinnosuke. Yamiko Shinnosuke is from Japan and she is the gene-slammer of Portaler's kind that is called a Ménhùwǎngzhànian. They come from the planet Menhuwangzha. They are teleporters and can go through portals from one place to another. # YOST SPIDERMAN - GOBLIN SLAYER

BUCKLE YOUR SEATBELTS EVERYONE! THIS IS GONNA BE AN AWESOME AND GREAT WAY TO CLOSE OUT THE FIRST HALF OF THE YEAR!

---

Flying through the voids of space was Nico, Tyler Bowman, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily and we were heading to an incredibly amazing and really cool planet that we just found.

Nico: I have a feeling this planet we're going to is going to be a really good one.

Lola: I have that feeling too.

Kaoruko: I have a feeling it will be awesome. Also today is the big day.

Me: Yep. We're going to the Yost Universe and help out Spiderman there. I hope he has been doing okay since he helped us last week.

May: I have a feeling he's doing good. Hay Lin must be really excited.

Me: Oh she is. She couldn't stop talking about the mission today.

Nico: She is really excited for this one and it's a perfect way to close out the first half of the year as well as phase 1 of the Ambassador Missions.

Tyler Bowman: You got that right Nico.

Nico: Thanks for coming with me, Tyler.

Tyler Bowman: No problem dude. It's always so awesome going with you on these great rescues.

Laney: We always have a lot of fun on them.

Nico: Remember when we first met you guys?

Tyler: Boy I sure do. And that was so awesome how you guys helped us all there.

Me: I'll never forget that. That was so awesome.

Sunset Shimmer: And that was also the day where I told you guys about Cozy Glow's dark past.

Twilight Sparkle: If only we knew about it sooner before she went crazy all that time ago then maybe we would have helped her out.

Laney: It's not your fault Twilight. You guys didn't know she was going through all this and it made her crazy.

Me: Yeah. But at least we made up for it by helping her out.

Lola: That's true.

Me: But back to the topic at hand, it was awesome helping the Supernoobs out in destroying the Virus and its creators.

Nico: Boy it sure was. And also it was so awesome that Amy Anderson now is dating you Tyler.

Tyler Bowman: It sure is! Wow!

Nico: We first heard of you guys from the War against the Royal Defenders.

Me: Yeah that's right! And I think it was about 2 months to a month before we went into battle with them in Universe 23. Ironically we found out that the Virus and its Creators came from that VERY

Universe.

Tyler Bowman: That is mega coincidental. But yeah I'm glad you guys found out about us from that.

Laney: I'll never forget about that one.

Eli: That was really awesome. I wasn't with you guys when the war with the Royal Defenders took place. But I heard it was one of the most epic battles we've ever had.

Nico: Yes it sure was. And one of the biggest major events of our entire team's history.

Me: It sure was. 2nd Biggest since the Battle with Thanos.

Nico: Guys, there might be things that happen today that my plan doesn't include. Just FYI.

Me: Noted. And I have a feeling they will be with certain dirtbags that are trying to find.

Laney: Dark Lynn?

Me: That's what I'm afraid of.

Laney: Oh boy.

Nico: We're here.

We arrived at the planet and we saw that from space it looked like a dark brown mountain swamp world.

Me: Wow!

Nico: It looks like a mountain swamp planet from all the way up here.

Lola: It sure does.

Nico: Yep. Lets head down.

We flew down to the planet and we landed and then we saw that the planet was actually A WORLD MADE ENTIRELY OUT OF DEVILS FOOD CAKE! IT WAS FULL OF ALL KINDS OF AWESOME AND DELICIOUS DEVILS FOOD TREATS AS FAR AS THE EYE CAN SEE!

Laney: WHOA!

Lana: Wow! Is that?

Eli: A world made of Devil's Food Cake!

Me: (DROOLS) OH BOY! MY BIGGEST WEAKNESS! I LOVE DEVIL'S FOOD CAKE!

Nico: Eat to your heart's content!

I went to a cake and ate the whole thing and it was awesome!

Me: (SLURPS) OH SO DELICIOUS!

Lola: (EATING) YUMMY!

Laney: (EATING) OH DELICIOUS!

Lily: (Eating) So yummy!

Nico then shrugged and took a bite as well.

Nico was then eating a lot of cake too! IT WAS DELICIOUS!

Nico: (EATING) OH BOY! SO GOOD!

May: (EATING) SO AWESOME!

I then stopped!

Me: Ahh! Man that was so awesome!

Eli: Boy I haven't had Devil's Food Cake in like forever.

Me: And you know what's funny is that there's a villain named Devil's Food Cake in the Masters of Evil. You saw how much I drooled at the sight of him right?

Laney: I sure did. I can tell you love Devil's Food Cake so much.

Camie: I can tell. Wow! That is a lot of chocolate love.

Tsuyu: Yeah no kidding.

Nico: Let's still keep an eye out for any Another Power Rangers.

Me: Okay.

Laney: But this is the best planet ever.

Me: Yes it sure is.

Lola: How come they call it Devil's Food Cake?

Me: Well that is a strange thing I found out. In the 18th century, the term "deviled"was used to reference food that was described as dark, rich, spicy or chocolatey. A chocolate cake as rich as this one was deemed almost "sinful" and therefore, it earned the name Devil's Food.

Nico: Wow! I didn't know about that.

Lola: This would is really Sinfully Sweet.

We laughed at that one.

Me: (Laughs) That was a good one Lola!

Nico: Luan would be proud.

Lola: Thanks Nico.

Me: But that was funny but true.

Lana: It sure was.

Eli: Guys I sense a figure coming.

We saw something coming.

Me: Is that our Another Ranger?

Nico: Looks like it.

It came closer and to our surprise we saw that it was ANOTHER NINJA STEEL RANGER! It was a scary version of the Ninja Steel Red and it had a scary evil helmet as well as a demonic armor on.

Me: WHOA! Another Ninja Steel Red!

Nico: This is a wicked one!

Twilight Sparkle: That is crazy!

Nico: Now, we're getting into Ninja territory!

Eli: Brody and Taskmaster would not like seeing this one bit!

Me: No they sure wouldn't!

Another Ninja Steel Red: (In a girls voice) J.D.! HELP ME!

Me: That voice!

She reverted back and then we saw that it was a girl I remember! She had dark red hair and had torn up clothes like she was living on the streets.

Me: Oh man! Mary Bell Yumellika!

Nico: Oh know her J.D.?

Me: I sure do. She is a homeless girl I helped. Years ago in Colorado every time I flew to School, I would stop and help this poor little girl that lived in a cardboard box in an alley in between a pizza restaurant and a post office and give her some food. But when I was about to leave for Michigan, I went to find her to say goodbye but she somehow disappeared!

Nico: And now we know how it happened! She got turned into Another Ranger by Swartz!

Eli: That guy just keeps pissing us off!

Lola: Yeah!

Mary Bell Yumellika: Yes and I'm forever grateful to you J.D. But I can't control this power! It's too strong! You have to stop me!

Me: Hold on Mary!

Nico: We got to help her!

Me: And we will! KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Nico: (takes out Taskmaster's Ridewatch) Time for some move copying!

Nico activated it and he got Taskmaster's perfect Photographic Memory and all the moves he copied.

Mary Bell Yumellika was enveloped in a vortex of darkness and it had Power Stars in it and she was Another Ninja Steel Red again. She pulled out a sword and put on a Power Star!

We saw that it was a Power Star imbued with the powers of MetalSeadramon!

Another Ninja Steel Red: (Echoing) RIVER OF POWER!

She fired a massive and powerful energy blast from her sword and I deflected the blast and it hit her and knocked her down.

Me: WHOA! She has Power Stars for all the powers of the Core and Non-Core M.O.E. Members!

Another Ninja Steel Red tried to do an uppercut on Nico. But he avoided it and did the same kind of uppercut on her.

POW!

It sent her flying into a cake!

SPLAT!

Nico: YEAH!

Me: Wow! Tony would be proud of you Nico.

Nico: Yes he sure would.

Lola fired a blast of fire and blasted Another Ninja Steel Red down!

?: Let me help you guys!

Then a figure came out of a portal and it was one of Portaler's kind!

Nico: Whoa a Ménhùwǎngzhànian!

Ménhùwǎngzhànian: (In a Girls Voice) (Japanese Accent) And it's awesome to see you Nico.

Nico: That voice. Yamiko Shinnosuke!

Me: Cool!

Ménhùwǎngzhànian: I got this one.

She reverted back and was a blue hair girl and she was in a beautiful blue kimono and she fired a blast of blue energy and it hit Another Ninja Steel Red and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was down and I got the Ridewatch and purified it.

Nico: YEAH!

We saw Power Stars all over the ground and I picked them all up and my Lord Drakkon Star looked like a green one with Lord Drakkon's face on it.

Me: Wow this is amazing. Brody is gonna be amazed to see this.

I went over to Mary Bell and cured her with my serum.

Mary Bell Yumellika: (Coughs) (Weakly) J.D.?

Me: Yeah it's me Mary.

Mary Bell Yumellika: (Smiles) At least I'm okay.

Me: Yep.

I picked her up.

Nico: That was awesome!

Me: Yeah it was.

Nico: How about some Devil's Food Cake to replenish your strength?

Varie: Nico she is too weak to do anything right now. Just let her rest.

Nico: Oh.

Me: But she'll get all the help she needs in the Infirmary.

Nico: Okay.

Lola: But that was amazing that she was Another Ninja Steel Red.

Nico: Yeah.

Yamiko Shinnosuke: It sure was amazing. But at least she is all right.

Nico: Yep.

Tyler Bowman: What's your favorite memory of Nico?

Yamiko Shinnosuke: I have a lot of them but my favorite is when me and Nico made the largest bowl of chicken ramen. It was as big as a huge table and big as a bathtub.

Nico: Yep.

Me: Wow that is amazing!

Lola: Yeah no kidding! Naruto would love to eat that big a bowl.

Camie: Knowing him he would.

Eli: He sure would.

Laney: I agree there.

Himiko: And you know how much he loves Ramen.

Nico: Yeah.

Nico and Yamiko hugged.

Nico: I really missed you.

Yamiko Shinnosuke: Me too Nico. Me too.

Me: But this was an amazing world to visit.

Maria: Lets get some cake for all of us.

Nico: Good idea sis.

We went and got some cake for everyone back home.

Tyler Bowman: Maybe you can get us home with Portaler's powers.

Yamiko: Sure thing.

She opened a portal back to Earth and we went through it and we were back. We told everyone about our rescue and it was awesome.

Lincoln: Wow, we're here in The Crater of Diamonds State Park in Arkansas, and I know what we're going to do here, not only am I going to rescue the seven girls here, but we're also going to meet Celine Giachi Lorres, the Champion of Generosity and collect jewels there, and we're also going to destroy Jack the Ripper from JoJo's Bizarre Adventure: Phantom Blood, the henchmen of Dio Brando, and he's out for blood and revenge for what happened to Dio Brando.

Nico: That's right, big guy, and this is our first time coming here to the Crater of Diamonds State Park in Arkansas.

Me: Yep, and this place is the world's only diamond-bearing site accessible to the public.

Nicole: That's right, Dad, and diamonds have continuously been discovered in the field since 1906, including the famous Strawn-Wagner Diamond.

Lincoln: That's so awesome, and I'm also looking to get some diamonds to make some jewelry for the girls in my harem as well. And thanks for coming with us, Tracer.

Tracer: (British Accent) You're welcome, Lincoln, this is going to be one amazing rescue.

Rarity: Indeed.

Suddenly, we saw Rarity's cutie mark on her right shoulder and the

Generosity Cutie Mark on Lincoln's wider and muscular back were glowing, and that means The Champion of Generosity is near.

Ken Knudson: And just as expected, the Champion of Generosity is here alright, now to take down and destroy that undead psychopath, Jack the Ripper.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of seven girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the seven girls, but they've been cornered by Jack the Ripper, and he's going to kill them. Lincoln also saw a girl with long flowing blue hair with Rarity's cutie mark emblazoned on her forehead, the tattoo of The Elements of Harmony on her right arm, and she's dressed in beautiful blue clothes, and she's defending them from Jack the Ripper.

Lincoln: Guys, I found the seven girls, but they've been cornered by Jack the Ripper, and he's going to kill them. I also saw a girl with long flowing blue hair with Rarity's cutie mark emblazoned on her forehead, the tattoo of The Elements of Harmony on her right arm, and she's dressed in beautiful blue clothes, and she's defending them from Jack the Ripper.

Ken Knudson: That's Celine Giachi Lorres, the Champion of Generosity, and the fifth of the 27 Champions of Harmony. We got to get over there.

?: (British Accent) And slay that undead knife-wielding zombie.

Suddenly, we saw the Duel Monster, Absolute Crusader, appear before us.

Nico: Wow, that's the Duel Monster, Absolute Crusader, awesome.

Lincoln: And I'd recognize that British accent from anywhere, I knew it was you, Regina Marshal, but we'll talk later, we've got an undead knife-wielding zombie to kill.

We then rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Jack the Ripper and it allowed the seven girls to get to safety and Celine Giachi Lorres joined us. When Jack the Ripper saw us, he was enraged when he saw us, especially when he saw the ones who killed Dio Brando.

Jack the Ripper (Jojo): You! I will kill you all for what you did to Lord Dio!

Lincoln: That vampire got what he deserved for what he's done centuries ago, and now, you're about to share the same fate.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), and Musashi Miyamoto (Samurai Warriors) got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Tracer, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity

Jack the Ripper summoned the daggers from his body via muscle contraction, but Lincoln fired two magnetic blasts which removed all of the daggers from Jack the Ripper's body. Then, Lincoln fired a powerful ball of black fire at Jack the Ripper and it completely incinerated the undead psychopath to ashes and it sent his spirit to The Black Gates forever. We cheered wildly as we holster our weapons and power down.

Lincoln: That bloodthirsty undead psychopath got what he deserved, and for what he's done in serving that vampire, Dio Brando.

Nico: You said it, and smart thinking with firing those magnetic blasts which removed all of the knives, daggers, and scalpels from his body, Linc.

Lincoln: And what surprised me was that he had them all hidden inside his body, yikes. But, he's gone for good and that's another henchmen of Dio Brando put down for good.

Celine Giachi Lorres: Thank you for what you all did. (Recognizes who we are) Wait, you're Team Loud Phoenix Storm?!

Me: That's right.

Lincoln: We found about you and the other 22 who were chosen by the Elements of Harmony to become the new 27 Champions of Harmony. We've already recruited Emily Magica, the Champion of the Magic of Friendship and Harmony in Colorado after dealing with Amy McKale, Athena Wendolla in Australia after dealing with Strazio, Cassie Excelsion in Puerto Rico after dealing with Orochi, and Helen Anderson in Texas after dealing with Gill, and now we're here to recruit you.

Lincoln then explains to her that The Doomsday 23, along with Evil Starlight Glimmer, are about to be resurrected as a part of a contingency plan by The Church of Necrom, as part of yet another plan to get revenge on us for destroying them, and when he was finished, Celine Giachi Florres was quite shocked. Ken Knudson also explained that she, along with the others, were chosen by the Elements of Harmony, to be the new Champions of Harmony, and we saw the determination in her eyes, and she stood with us.

Celine Giachi Florres: Alright, I'm in, I refuse to let the Doomsday 23 or Evil Starlight Glimmer destroy the world and all Harmony.

Nico: Awesome.

Lincoln: We've recruited the fifth of the 27 Champions of Harmony and that's it for Jack the Ripper. (To Regina Marshal) And it's so good to see you again, Regina Marshal.

Regina Marshal reverted back to normal, and she's a beautiful girl with long flowing auburn hair, pink and yellow eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful white angel wings, and she reigned in the power of Absolute Crusader, and she's dressed in a short-sleeved yellow blouse, sleeveless yellow top, yellow frilly skirt, yellow pants with stars, yellow legwarmers, yellow sneakers, and long sleeveless yellow trenchcoat with knights and swords on the coattails, and Absolute Crusader on the back, and holstered on her left hip is Absolute Crusader's sword and holstered on her back a large Absolute Crusader-themed greatsword with Absolute Crusader etched on the 7'0" massive, wide, double-edged blade, gold angel wings for the crossguard, large orange gem embedded in the rainguard, longer black handle, and large purple gem surrounded by angel wings for the pommel.

Regina Marshal: (British Accent) You too, Lincoln, it's been a long time.

Lincoln went up to Regina Marshal and they hugged, and Regina Marshal's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Regina Marshal: (British Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Wow, Lincoln, you know her.

Lincoln: Indeed I do, Nico, this is Regina Marshal, she's my Guardian Angel from England, and get this: she's the descendant of the 12th century English knight, William Marshal.

Me: Wow, that's really awesome, and I've read a lot about William Marshal, he's one of the greatest knights in 12th century England.

Lincoln: That's right, J.D., and Regina's tough, strong, and she's also a skilled swordswoman. She's also taken on Lola when she was at the worst of her wrath and anger.

Nico: Whoa.

Lori: Yeah, and we literally know what happens when you make Lola really mad.

Regina Marshal: (British Accent) Yes, but I wasn't going to let Lola hurt Lincoln, and I've got a really horrible revelation about Lola that could've gotten her banned from pageants for life and sent to prison forever.

We gasped in shock.

Nico: Uh oh. I'm not going to like hearing about this one.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around

Regina Marshal's neck with yellow gems on the gold thunderbolt links and yellow crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Regina Marshal: (British Accent) (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Regina.

Regina Marshal had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Regina Marshal's waist and Regina Marshal wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Regina Marshal's face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the seven girls, and when Lincoln saw them, he recognized them immediately. The seven girls are Aoi Mashiro and Kaori Miyashita from Holmes of Kyoto, Izetta, Fiine, Bianca, Elvira, and Lotte from Izetta: The Last Witch.

Lincoln: Oh wow, it's Aoi Mashiro and Kaori Miyashita from Holmes of Kyoto, Izetta, Fiine, Bianca, Elvira, and Lotte from Izetta: The Last Witch.

Nico: Awesome.

Lincoln: Are you girls okay?

Aoi Mashiro: Yes, we're okay, thanks to you.

Then, when Aoi Mashiro and the other six girls saw who it was that saved them from Jack the Ripper, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Hinon's Cosmic Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings with stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long glowing neon orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them and had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanji that said, "Savior of The Loud House, True Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, Founder of Team Loud Phoenix Storm, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms, and Destroyer of The House of Damaskinos" on the left leg, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large Element of Harmony deep sapphire blue gem in the shape of a Thunderbird and a large silver Buffalo head with the Thunderbird and Eternity Kanji on its head for the pendant on his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Aoi Mashiro: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made six clones of himself, and he and the six clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Aoi Mashiro: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, seven Thunderbird Necklaces of Eternal Love appeared on the necks of Aoi Mashiro, Kaori Miyashita, Izetta, Fiine, Bianca, Elvira, and Lotte with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the World Tree Estate and we told everyone what happened, and they also met Celine Giachi Lorres, the Champion of Generosity, and they're shocked when they found out the villain we went after in The Crater of Diamonds State Park in Arkansas was Jack the Ripper from JoJo's Bizarre Adventure: Phantom Blood, the henchmen of Dio Brando, and was out for blood and revenge for what happened to Dio Brando.

But, when Lincoln showed what he did to that undead knife-wielding psychopath, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Regina Marshal have a lot of catching up to do now that she's back in town, and that's 5 of the 27 remaining Champions of Harmony now recruited into the team.

Celine Giachi Lorres: And I also collected some diamonds in the mine before that psychopath showed up.

Celine Giachi Lorres took out a bag and inside them were the diamonds inside the mine, and they are beautiful.

Me: Wow, these diamonds are really beautiful.

Nico: Awesome.

We then got the chance to use the diamonds to make them into beautiful diamond necklaces that we gave to our harems, and they loved them.

* * *

After putting an end to Jack the Ripper from JoJo's Bizarre Adventure: Phantom Blood, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Regina Marshal saw Lincoln working out like crazy, she had an atomic red blush on her face.

Regina Marshal: (British Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Regina, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Regina Marshal: (British Accent) That's incredible.

Nico: It sure is. So, Regina, what's this really horrible revelation about Lola that could've gotten her banned from pageants for life and sent to prison forever.

Regina Marshal: (British Accent) That's something I've never forgotten. One day, I was with Lincoln and I was helping him with a project for History class, and it was on 12th century England. But, we got interrupted when the door was smashed open by Lola, and she was steaming mad. She said that Lincoln was supposed to be steaming her dresses, but Lincoln told her he was busy with this project. But, she said she didn't care and she called him a slave who's supposed to be doing what she and the other sisters said and that they can do whatever they wanted to him and even abuse him emotionally and physically, and if he didn't get to work with steaming all her dresses, she was going to blackmail him. Lincoln stood his ground and he told her no, and if Lola tried that, he was going to march downstairs and tell his parents and she'd get in big trouble.

Nico: Whoa, now that took some serious guts to say that to Lola.

Regina Marshal: (British Accent) It sure did, but Lola went ballistic and took out a pipe that she got out of Lisa's room and started beating up Lincoln like a mad brat, but I roundhouse kicked Lola into a wall and knocked her out, and I tied her up with nylon rope. While I grabbed Lincoln who was really beaten up, Lori grabbed Lola and we went downstairs and told Mr. and Mrs. Loud what happened and when I was done, the parents and the rest of Lincoln's sisters were furious with her and her behavior, and they were about to ban her from pageants for life and get her sent to prison forever. But, I then decided to have her put in an isolation cube in the basement for five months, which was for how long she was grounded. We got Lincoln to the hospital, and he was… (Voice Breaking) put in a full-body cast and he was in there for months.

Lincoln put up the 10,000-lb barbell and he went over to Regina Marshal and he hugged her, and she hugged his thick muscular neck as she cried in his chest. We all had tears in our eyes when she said that.

Nico: My God, put in a full-body cast because of Lola.

Lori: It was literally as bad as that restaurant incident, and I was there with Regina and I comforted her, and we also comforted Lincoln. Plus, I was glad she suggested putting Lola in the isolation cube in the basement, and we weren't talking to her during that time.

Luna: Eventually, two months later, Lincoln came home after his injuries were healed. But, he had that sad look on his face, and he remembered Lola's bitter words.

Lynn: Yeah, that was really evil and nasty, and looking back now, Lola became like that, thanks to that evil Dark Side of hers, and we were really afraid of her when that demon takes over.

Lori: But, we told him that we loved him with all our hearts, and we always will. That broke him out of that state of depression and he hugged us tightly, and he had a smile on his face again, along with tears of joy in his eyes, and we also returned the hug.

Eli: That really was amazing.

Me: And that proves love always triumphs over hatred.

We got a shower afterwards, and then, we were heading to Japan to meet Sakura Kasugano's family.

Lincoln: I can't wait to meet your family, Sakura.

Sakura Kasugano: You're going to love meeting them, Linky, especially my little brother, Tsukushi, and like you, he also loves playing video games, but for me, not so much because he always beats me at that. He doesn't exercise much, and he's also very talented at drawing, which he's even been awarded for at school.

Me: Whoa.

Lori: You said it.

We then arrived at Sakura's home and we knocked on the door. Then, the door opened, and Mr. and Mrs. Kasugano and Sakura's little brother, Tsukushi, came out, and when they saw Sakura, they all hugged her, and she hugged them back, and then, they met Lincoln, and she told them everything, and they were also glad that she's now part of Lincoln's harem and he'll take good care of them.

Sakura Kasugano: Plus, Tsukushi, Lincoln's also a good video gamer, so you're about to have some competition.

Tsukushi Kasugano: I'm looking forward to that.

Nico: Uh oh, two video gamers in a competition, this should be good.

Sunset Shimmer: You said it, Nico. Two video gamers in a competition, this should be something to see.

Then, when we saw that Sakura's family have packed their bags, we also found out from them that they're planning on moving to Gotham Royal York, which surprised Sakura and she was really happy. We then brought Sakura's family to Gotham Royal York, and they're going to love being here with us.

Later it was time for Onua's 2nd Ambassador Mission with the Ghost Kamen Riders.

Onua: I have a feeling this is gonna be a big mission for us.

Danny Phantom: It sure will be awesome!

William: Anyone else want to go with us? Besides Zick and 4 Rabbids?

Nico: Well Danny Phantom wanted to come with.

Maria: Me and Horsea will go.

Nico: Awesome sis! You will love the Ghost Kamen Riders. They are really cool.

William: Yeah they are great.

Poliwag: Boy they sure are.

Me: Yep. And I can't wait to see who is going to show up next for us to destroy.

Nico: Yep. All right lets head out!

We were off to Japan.

We arrived.

Takeru: Hey guys!

Onua: Takeru, this is Poliwag's girlfriend.

Horsea: Hello there! I'm Horsea!

Takeru: Awesome to meet you.

Maria: And I'm with the group today. I'm Maria Rockell, William's girlfriend and 2nd in Command of The Redemption Squad.

Takeru: So you are Maria Rockell. I heard so much about you from William when he was helping us. Awesome to finally meet you in person.

Maria: Same here Takeru.

Me: And this is another one of our teammates.

Danny Phantom: I'm Danny Fenton. It's a pleasure to meet you guys.

Takeru: Wait are you THE Danny Fenton, who is also Danny Phantom?

Danny Phantom: That's right.

Takeru: Wow! It's such an honor to meet you!

Danny Phantom: Same here Takeru.

We went into the temple and talked.

Prince Alain appeared.

Prince Alain: Team Loud Phoenix Storm! It's an honor to meet you.

Me: You too Alain. We've heard so much about you.

Poliwag: Hello, Alain!

Alain: Awesome to see you again Poliwag. And you as well William.

William: Same here Alain. How have you been?

Alain: I have been good. I take it you guys are all here to prepare for the upcoming big mission.

Me: That's not until August but yeah. We're going to kill your so-called brother Adel.

Alain: Good. He can die for all I care.

Me: Some brother.

Alain: I'm very sorry for what my so called brother has caused.

Zick: Don't apologize. You shouldn't feel responsible for what a monster has done.

Nico: Yeah. Oh I'm sorry everyone. This is Ezekiel Zick. He is a Monster Tamer.

Zick: Awesome to meet you all. I like going by Zick.

Takeru: Pleasure to meet you Zick.

Alain: Same here.

Me: But Zick does make a great point. Your brother was a monster and he deserves to be given the Black Gates for his crimes.

Alain: What is the Black Gates?

Me: It's one the the deadliest techniques we've ever discovered. What it does is it condemns the villain targeted by it to be judged by the spirits of all those he killed and tormented and then if they are found guilty that person will forever cease to exist. In other words they will be destroyed forever. Not even their soul remains. It's the deadliest technique we've found next to learning how to Super Hakai someone.

Nico: It's true and we saw it in action the first time in the Moonlands and it was awesome.

Eli: It sure was. Its been one of our most powerful weapons ever known so far.

Me: Yep.

Nico: Also, after our big mission today, we help out your fellow Kamen Riders.

Me: Yep and we start with Hibiki on the 7th of July.

Takeru: Ah going to kill The Man and The Woman then.

Me: Well we already took care of them but they aren't the main target.

Eli: Yeah we're going after another villain.

Me: Kamen Rider Kabuki along with Hitotsumi and the Orochi.

Nico: Yep.

Takeru: I see. Well good luck with that guys.

Me: Won't need it but thanks.

Takeru: Onua, would you like to be a Kamen Rider for my team?

Onua: I would be honored. I already have an Eyecon for Tar Pit. But I don't know which spirit is in him yet.

But then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

We heard an explosion!

Nico: Talk about perfect timing!

Eli: Yep!

Takeru: Looks like we're going to find out who you got.

Onua: Awesome!

He got a belt.

Danny Phantom: This is gonna be good. I'm GOING GHOST!

He turned into DANNY PHANTOM!

We went to face the one that made the explosion.

?: If you go out the woods today, you sure had a big surprise.

Maria: I know that voice!

Me: I thought we were rid of you forever! SHAW!

Out came our old enemy SHAW, the evil hunter from the movie Open Season!

---

**Shaw** is the main antagonist of the *Open Season* franchise. He is the main antagonist of Sonny Pictures Animation's first feature film *Open Season* and *Open Season: Scared Silly* and the unseen overarching antagonist of *Open Season 2* and *Open Season 3* .

He is a sadistic and barbaric hunter who enjoys hunting animals at the forested area where he lives even when the hunting season has not yet started. He is Boog and Elliot's arch-nemesis, as well as Beth's arch-rival.

In the first film, he was voiced by Gary Sinise, who also played Kevin Dunne in *Snake Eyes*, and James Shaker in the 1996 film *Ransom* . In *Open Season: Scared Silly*, he was voiced by Trevor Devall. In the *Open Season* videogame, he was voiced by Darryl Kurylo.

*Open Season*

Shaw is first seen arriving into town with his truck, which has a seemingly dead Elliot tied to the hood, who he ran over the previous night when he "crossed the road". Shaw then walks into the nearby city hall building of Timberline and has a brief argument with Beth. He looks through the window and discovers Boog freeing Elliot, who promptly flees and shatters the left headlight on Shaw's truck, leading to him getting a ticket from Sheriff Gordy and making him grow very angry and resentful of the duo.

At the nature show, Elliot is being chased by Shaw and hides with Boog. After inadvertently ruining his show, Boog finally threatens to kill Elliot and attacks him, making the whole audience panic and run away. Shaw tries to assassinate Boog and Elliot, but Beth sedates them with a tranquilizer gun before he could, thanks to Gordy. Shaw flees before Gordy can arrest him for shooting a gun in the town.

As Boog and Elliot tries their hardest to adapt to life in the wilderness after being released, Shaw grows increasingly paranoid as time passes on, planning his revenge and believing that animals are planning a rebellion to overthrow the human race and become the dominating species on Earth.

Shaw encounters Boog and Elliot again in the river after they have accidentally destroyed a beaver dam, making the river freely flow, flooding many things and washing away the animals with it, taking them to hunting grounds. In the ensuing chaos, Shaw repeatedly shoots at Boog and Elliot, who just narrowly dodge the bullets. As Shaw takes aim at Boog and Elliot again, they suddenly plummet downward. Confused, Shaw lowers his gun, only to spot a huge waterfall as he and his truck go over it, and gets lost in the flooding.

After discovering Elliot's lie, Boog feels betrayed and leaves him and unwittingly finds Shaw's log cabin and screams in horror as he sees several animals mounted all over the walls. Then Shaw arrives home, forcing Boog to hide. Soon, Shaw discovers that his cabin was broken into. Boog hides under a table when he sees his stuffed teddy Dinkleman (which Shaw had salvaged from the flood).

As Boog tries to discretely reach for his teddy, Shaw suddenly tosses a knife at him, impaling the table. Shaw searches for Boog through the dark cellar. Boog rushes out of the basement and places Shaw's gun over the hatchway to lock him in the basement before making a hasty escape. After a few struggles, Shaw manages to force himself free and runs outside gun in hand, but Boog's already gone. Shaw yells in the distance that he cannot hide from him forever.

Boog happens upon the glowing lights of Timberline. Instead of deserting his companions, Boog helps the other animals defend themselves using supplies taken from Bob and Bobbie's RV while

Mr. Weenie joins the wilds.

The next day, Boog leads a rampage against the hunters, sending them running after McSquizzy blows up their trucks with a propane tank named "Mr. Happy". Shaw returns for a final battle and shoots Elliot in the process, which enrages Boog to tie up Shaw with his own gun. Boog rushes over to Elliot's unconscious body but soon finds that Elliot survived the shot, only losing his second antler in the fight. The animals then begin beating up Shaw, until a helicopter flies in and lands, frightening Shaw and causing him to run away into the forest. Beth is revealed to be the one in the helicopter and has returned to take Boog back home where he will be safe, but he instead stays with his friends. They both realize that the bear is at home in the forest.

During the credits, Shaw is seen tarred and feathered after being beaten up by the other animals. He is then hit by Bob and Bobbie's RV while trying to cross the road and tied on the top of it. Bob and Bobbie laugh about this, believing Shaw to be Bigfoot. Scared out of his wits, Shaw screams out in defeat. It's unknown what happened to Shaw afterwards, but it's presumed that once Bob and Bobbie reached their destination, they realized that Shaw wasn't Bigfoot and let him go.

*Open Season: Scared Silly*

Shaw is back and this time, he cannot hunt anymore since Open Season is now illegal. Instead, he is a tour guide and wants to go back hunting again for revenge after what happened to him in the first movie.

While touring, Shaw saw the Wailing Wampus Werewolf (Ian in disguise) and took a picture as evidence. Then he heads back to town and tells Gordy that he should bring Open Season back to kill the Werewolf, but secretly he also took this as an opportunity to kill Boog and Elliot including their friends.

Later, he hires his old friends, Ed and Edna to help him kill all the animals, including the werewolf.

Later at the end, he, Ed and Edna disguise themselves as werewolves to kill Elliot until Boog saves him and fights Shaw one last time. Then, Boog beat Shaw with a hive of wasps and got some quills on his face by Buddy. Afterwards, Shaw was tranquilized by Gordy, arrested alongside Ed and Edna, and taken to jail, and Open Season is back to being illegal for good.

It's unknown if he, Ed, and Edna will be able to escape from jail or not in order to get revenge on Boog for banning Open Season.

---

Nico: Shaw! I had a feeling you were coming.

Eli: I thought we were rid of you for good!

Shaw: Do you have any idea the kind of horrors you put me through in hell!? YOU CAN'T EVEN BEGIN TO IMAGINE THE PAIN I WAS FEELING THERE!

Me: You brought all that on yourself!

Horsea: Especially with how you tried to kill me!

Takeru: That's the Boogeyman Horsea's scared of?

Me: That's him.

Horsea: But I'm not afraid of him anymore!

She then fired a Hyper Beam Blast and it smashed into Shaw and exploded with incredible power!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was sent flying and he crashed into a tree with huge force and smashed it down!

Nico: WHOA! OUCH!

Maria: Wow! Nice shot Horsea!

Horsea: Aww it was nothing.

Shaw got up and he was in a lot of pain!

Nico: Wow! I'm amazed he even is alive after all that.

Takeru: Doesn't this seem a little too easy?

Nico: Oh he puts up more of a fight than this.

Shaw: And I'm not alone this time!

Out came another figure and it was Another Secondary Rider! It was ANOTHER KAIXA from 555! He looked like a scary version of the Kaixa Kamen Rider and he was really terrifying!

Me: Another Kaixa!

Nico: WHOA MAN! And this is another Kamen Rider series we haven't met yet.

Me: Yeah but when we meet them next year Takumi and Masato are both in for a really massive surprise on that one.

Nico: Yep.

Takeru: Who are you?

Nico: Yeah!

Another Kaixa: (In a mans voice) (Posh Spanish Accent) Been a long time Nicolas.

Nico: That voice!

He reverted back and we saw that it was Don Jose Caballero of the Caballero Crime Family in Bolivia! He was a black hair man with a goatee and a tropical Hawaiian Shirt and blue pants.

Nico: Don Caballero!

Don Caballero: You remember me my old amigo. I'm flattered.

Me: Wait a minute! Don Caballero as in Don Jose Caballero, leader of one of the most ruthless and most notorious drug cartels in all of

South America and the most ruthless and savage crime family ever known to the world!?

Don Caballero: The very same my good man.

Me: I had a feeling that was you! My father busted you with the help of INTERPOL years ago! He found your hideout in Suriname.

Don Caballero: Ah so you are Knudson's son. I've heard so many good things about you. Now I can get my revenge on you for sending me and my family to jail.

Me: And from the looks of things I can tell that you also have some business with Nico too.

Don Caballero: That's right. His father too destroyed my family.

Takeru: I didn't know you guys have such a really big history.

Nico: We've made a tremendous number of enemies over the years.

Eli: Yeah no kidding.

Nico: You want my dad? You go through me!

Onua: And us! Henshin!

JOHN HENRY AND TARPIT!

He had a black coat appear and it went on him and he became KAMEN RIDER MINESTAR! He looked like a black version of Spector and he had a sword of tar and it was dripping slime all over.

Nico: COOL!

Me: Wow! John Henry from the Tall Tales of American Folklore! He was one of my favorite stories.

Eli: That was a cool one.

Onua: Wow! This is awesome! And this tar sword is awesome too.

Eli: It sure is! That is awesome!

Shaw: Gammas, attack!

Out came Seiryuto, Planet, Renaissance, Michelangelo, Gazai and Katchu Gammas!

Nico: Whoa! Seiryuto, Planet, Renaissance, Michelangelo, Gazai and Katchu Gammas!

Me: Wow! Michelangelo was a great artist! He was known for painting the entire ceiling of the Sistine Chapel!

Eli: That's one of my favorite art masterpieces.

Nico: It was beautiful.

Me: And that was back in 1512, 510 years ago.

Nico: Yep.

Planet Gamma: I'm for Yuri Gagarin.

Me: The first man to go into space by Russia.

Seiryuto Gamma: I'm for Guan Yu.

Me: The Chinese General from 3rd Century A.D. China.

Katchu Gamma: And I'm for Joan of Arc.

Nico: The Great Warrior of the 15th Century during the Hundred Years War!

Eli: Wow!

Me: Lets get them! KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Zick charged at Planet Gamma.

He then fired an Energy Dom blast and it hit him and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: YEAH!

Me: I'll face Don Caballero.

Don Caballero: Bring it on.

He was enveloped in a vortex of darkness and phones and he turned into Another Kaixa!

Me: Lets see how he likes this one! WOLF MOON FIRE STYLE NINJA ART: WOLF ANGEL FLIGHT!

I fired a blast of blue fire and it formed into a Winged Blue Fire Wolf!

Another Kaixa pulled out a Faix Phone and it had the symbol of Zen-Aku on it and he fired a Crescent Moon Blade and the blue wolf smashed it and then he hit Another Kaixa and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: WHOA! He has Faix Phones for each of the Core and Non-Core members of the M.O.E.!

Shaw pointed his gun at Horsea only for Takeru to block him.

Takeru: It's not just the lives of humans that matter. The lives of Pokemon matter too!

He kicked his gun out of his hand and Maria caught it and then pointed it at Shaw's legs.

Maria: Taste this!

BANG! BANG!

Shaw was hit in his legs and he was down on the ground in pain!

Horsea: I'LL TEACH YOU TO SHOOT AT ME!

She then was enveloped in an aura of fire and then pulverized Shaw all over and smashed him all over the place.

Maria: YEAH! TAKE THAT!

Danny overshadowed Michelangelo Gamma.

Danny Phantom: You aren't the only one that has a talent for art!

He fired a powerful blast of energy and it hit the Gamma and he exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead and Nico caught his Eyecon and purified it!

Nico: Yeah! One down!

I slashed Another Kaixa all over the place!

Me: Try this on!

I then fired a blast of energy and it hit him and he exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I caught his Ridewatch and purified it!

Me: Yeah!

I then saw Faix Phones all on the ground and I picked them all up and I saw that Lord Drakkon's Faix Phone was a really awesome blaster too.

Me: Awesome.

I put the cuffs on Caballero.

Don Caballero: (Weakly Laughs)

Me: What's so funny?

Don Caballero: You haven't won yet. Dark Lynn and the rest of the scumbags you're after are waiting for you in the Yost Universe. And they have a bunch of surprises for you.

Me: So they are in the Yost Universe! No wonder we couldn't find them here! Thanks for telling us. Now we know where to look.

Then…

POW!

I punched him in the face and knocked him out!

Takeru: Eyecon time!

Me: And I'll try this out too.

I pulled out my Lord Drakkon Faix Blaster.

Nico: AWESOME!

Me: Yep.

Takeru activated the Eyecon for Edison!

THOMAS EDISON!

He got the abilities of the great inventor of America!

Nico: Awesome!

He fired a blast of lightning and it hit the rest of the Gammas and they all exploded!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico caught the Eyecons for them and purified them!

Me: Yeah!

Eli: That was too easy.

Nico: Now for Shaw! Shall we use a combo on him?

Takeru: We shall.

Me: Lets see here.

I had my blaster locked on Target.

I pulled the trigger and then it fired a massive and powerful energy blast and it blew me back with an incredible recoil! I crashed through the wall of the temple!

CRASH!

The blast hit Shaw and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: WHOA!

I got up!

Master Onari: J.D. are you okay?

Me: (Grunts) Wow! That is a powerful Recoil! And I thought the Noisy Cricket and Zenkai Cannons packed a wallop!

Onari: Geez no kidding! The Masters of Evil powers in those blasters from that Another Rider enhanced their power and strength 10,000,000 fold!

Me: Wow!

Shaw: I'm… not… done… yet!

Onua: You're about to be!

Onua and Takeru: GHOST LEGEND BURST!

They fired a massive wave of energy and it hit Shaw and exploded and he was knocked out!

Nico went over to him and slapped the cuffs on him.

Nico: We already killed you once. So it's jail for you this time.

Eli: And you are going to the Uranus Prison.

Nico: But that's it for him and Caballero.

Eli: Yep.

The cops came and took them away.

Later we came back.

My back was aching from the recoil blast.

May: How did it go guys?

Me: Really awesome!

Nico: Yeah.

We told them everything and it was both amazing and incredible!

Varie: (Putting ice on my back) Wow! And we got Faix Phones for all of the Masters of Evil. How cool.

Laney: It sure is. Now we can talk to people and also use their powers at the same time.

Lola: That is so cool.

Lana: I'll say!

Nico: I'm looking forward to seeing what mine does.

Eli: Same here.

Nico: Yeah.

Kaito: But that is amazing that they pack that much power J.D.

Agent J: Woo no kidding! The Noisy Cricket is nothing to them.

Me: Yeah.

May: Next time, Yamato should go with you.

Yamato: I would be honored May.

Onua: You will love the Ghost Kamen Riders. They are awesome.

Nico: Yep.

Yamato: I've actually met and helped the Ghost Kamen Riders before. They are awesome.

Nico: Cool! I remember that!

Me: Wow! But also we found out where the rest of the dirtbags we are after are at. Paul, Olympius, Dark Lynn, Numbuh 363, and Malfoy are all in the Yost Universe.

May: No wonder we couldn't find them!

Me: But now we know where to look.

Jean Grey: You mean to say that the Vengeful 6 were in the Yost World the whole time?!

Me: That's right! Caballero was telling the truth. I saw it in his eyes. He may be a scumbag but he was not one to lie.

Yost Jean: Now I know how the rest of my team felt when they found out I was in a hospital just an hour away after that explosion.

Yost Thing: They were in our world the whole time and we didn't realize it!

Nico: None of us did.

Yost Hawkeye: Well, now we've got 6 douchebags to worry about.

Nico: (in realization) No. Not 6. Not all of Dark Lynn's group is active. Only 1 of them is still locked up. And we're going to get some answers out of him.

Me: G1 Starscream?

Nico: G1 Starscream. His spark is in a container locked in my room.

Eli: Lets go interrogate a Rogue Cybertronian Traitor.

We went to Nico's room.

We went into Nico's room and Nico went to his desk and pressed a black button and then out came the container that was containing Starscream's spark.

G1 Starscream: What do you all want?

Maria: Starscream, we're really not in the mood for any lies you have in store.

G1 Starscream: Well, you're all very grumpy today.

Melody: We just found out that your former Vengeful 6 teammates are on the loose in the Yost World. So, you'll have to excuse us if we sound cranky!

G1 Starscream: Wait… my former teammates are out?

May: They are. You don't know anything about it?

G1 Starscream: Of course not. I've been locked up here ever since you defeated me last year. But then that means… (growls) THEY ABANDONED ME! HOW DARE THEY?!

Brawn: Now you guys probably know why he got his name.

Me: Yep.

Nico: Now you know how the Aligned version of Starscream felt and he was more arrogant and evil than you.

G1 Starscream: Was he really that bad?

Me: He was not someone to mess around with.

Dirge: From one Seeker to another, I'm asking if you have any weapons in any of your safehouses that can be useful against your former teammates?

G1 Starscream: You didn't think I came prepared? In the event that my former teammates would betray me, I made a few weapons to be used against two of them. A collection of Poke Balls that can capture Paul's Shadow Pokemon. And a blaster that can slowly tear

Dark Lynn apart.

Maria: That's it?

G1 Starscream: I didn't have time to make others, alright?!

Nico: Wow! Way to come prepared!

Varya Pohzar: (Russian Accent) That blaster is perfect.

Lincoln: Me and my Guardian Angels will take down Dark Lynn with that.

Nico: And Paul is going to have a really nasty rude awakening when he sees those.

Eli: Yep.

Blades: Can't believe I'm saying this, Screamer. But you really helped us a bunch.

G1 Starscream: (in denial) Don't get any ideas! I'm not doing this for any of you. I'm doing this because my former teammates decided I wasn't worth keeping around for whatever plan they have now. And since that's the case, I might as well help you ruin things for them!

Me: Well thanks anyway.

Aligned Megatron: We owe you big for this. That's something I never thought I would say to Starscream.

Me: That is unusual though.

Nico: Yeah. All right guys lets get ready! Time to head to the Yost Universe for the last of the Big Yost 4 Missions.

Laney: This is gonna be good.

Hay Lin: YEAH!

Undermine: Wait. How do we know this isn't a trick?

G1 Starscream: You realize you can just ask your human lie detector, right?

Eli: He means me. And you are telling the truth. Even though you are just a Spark, I can still feel your feelings and thoughts. You are telling the truth.

Undermine: Oh. Thank goodness.

Laney: Yeah.

Me: Nice job bro.

Eli: Thanks.

Brimstone: But at least we're going to be ready for the rest of the Vengeful 6.

Lynn: Dark Lynn should have really come up with a much better name for that group.

Then Avalanche, Leap Frog, Devack, Bane, King Hiss, Kyd Wykkyd, Tar Pit, Ragdoll, Motor Ed, and Marluxia appeared.

Avalanche: Can me, Leap Frog, Devack, Bane, King Hiss, Kyd Wykkyd, Tar Pit, Ragdoll, Motor Ed, and Marluxia go with you guys? My Yost Counterpart can come too.

Nico: You all sure can. In fact all the Yost Counterparts can come too. We're going to need all their help if we're going to help their world's version of Spiderman.

Laney: Yeh we sure will.

Avalanche: I'm really looking forward to this one.

Avalanche saw that I had an ice bag on my back.

Avalanche: Are you okay J.D.?

Me: Oh yeah. I'll be fine. We got new Faix Blasters after I defeated Another Kaixa on Onua's second mission. One of them had a powerful recoil and I got a bruised back from it.

Avalanche: Wow! That is amazing.

Me: Yeah it sure was.

Nico: Yep. All right lets head on out! Get ready Norman. We're coming for you and you will pay for everything you have done.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was Urien from the Street Fighter franchise and the younger brother of Gill, and he's coming after us to get revenge on us for what we did in stealing from him the right to kill his brother. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us today?

Lincoln: You got that right, Nico, and we're not going to like this one bit: the dark energy signal I sensed belongs to Urien from the Street Fighter franchise and the younger brother of Gill, and he's coming after us to get revenge on us for what we did in stealing from him the right to kill his brother.

We gasped in shock.

Nicole: Oh crap, and Urien's also a member of The Secret Society. But, he resents his older brother, Gill, mainly because of him being entrusted with the supremacy of the organization, and they hate each other with a passion. Let me tell you guys about Urien, that way, we have an idea of who we're facing after we take down the Yost version of Norman Osborn.

Nicole proceeded to tell us about Urien, and we're not going to like him one bit.

Urien

Urien (ユリアン Yurian?) is a video game character from the Street Fighter series, first appearing in Street Fighter III: 2nd Impact. He is a ruthless and malevolent disciple of the Secret Society, resenting the supremacy that the organization entrusted to his older brother, Gill and has tried to betray them.

## Biography

### Appearance

Urien has a similar appearance to Gill, having exactly the same physical build (i.e. that of a Greek Olympic athlete) with dark bronze skin tones and short, metallic white hair. On his forehead, he has a small jewel crowning it (similar to a Bindi), and his shocking animation reveals it to be embedded directly into his skull. He also wears a simple loincloth.

In his pre-match introduction in the Street Fighter III series, he appears as a pale-skinned man with short blonde hair and wears a light brown (white in his 3rd Strike ending) business attire; he then sheds the suit, his skin darkens to a bronze complexion, and his hair turns from blonde to metallic white.

Many of his alternate colors are similar to those of Dhalsim, in that they change his skin color as opposed to his costume's color. This ability to change skin and hair color could be the result of his control over metal. In his time over sprite, he reverts back to his normal state and his skin becomes pale.

In Street Fighter V, Urien wears his business attire as his primary outfit with minor changes; the suit is gray with white pinstriped designs, he wears a partially unbuttoned purple button shirt and no tie. His skin, hair and the blue gem on his forehead still remains in his transformed state. If the player holds specific buttons as a match is about to begin, Urien will incinerate his clothes and fight in his loincloth as in Street Fighter III. When this is done, any alternate costume additions to his head or face such as longer hair or sunglasses will be retained. In Gill's character story, the color of the business attire is white and dark pink.

His first alternate costume has him wearing sunglasses and his business attire, but it is purple, without the button shirt, white shoes, and a long white scarf draped over his neck. His second alternate costume is his classic attire in Street Fighter III.

His crossover costume in Street Fighter V closely resembles Capcom character Albert Wesker from Resident Evil 5, his leather trenchcoat is shown to be jet black, and his zippered turtleneck, pants and boots are charcoal gray. His metallic white hair is slicked back and he wears his signature sunglasses.

## Personality

Urien's personality can be best described as tyrannical and authoritative, much in contrast with the benevolent and compassionate nature of his brother Gill (though in reality Gill's far from a good person and is quite fanatical). Urien also renounces any noble traits and elements associated with leadership, regarding them as worthless, and instead seeks fear and subjugation through his reign, much like a despotic, oppressive, totalitarian, and domineering tyrant. Accordingly, he screams phrases such as "crush", "destroy" and "kill" during most of his special attacks, which - along with their names - highlight his violent and destructive nature, and also points to a lack of self-control stemming from emotional instability. He is also shown to very arrogant though this may be at least somewhat justified as he is shown to be a very strong fighter overall.

It can be also seen Urien is extremely distrustful and suspicious of anyone else but himself, with a constant vigilance against insubordination and betrayal to allies and enemies alike, perhaps as a subconscious result of his domineering and tyrannical behavior and an instinctual fear of someone out to get him in retaliation as a result. As such, he antagonizes his comrades and associates like he would his adversaries, calling Helen a 'rat' and chastising her for plotting behind his back. Urien displays a level of shortsightedness when he tries to kill Nash on a whim after defeating him, despite Urien's very own technology being used in Nash's resurrection. Urien's patience runs thin when dealing with those he deems 'Commoners', as shown when he throws an Aegis Reflector at Rashid for so much as touching him. In Gill's character story, Urien displays both his anger and jealousy towards Gill.

Urien's nickname in the Street Fighter III series is even "The

Treacherous Disciple", alluding to his status as the Judas to Gill's Jesus. Urien frequently displays sadistic tendencies, and takes a lot of pride in becoming the "True Emperor". Urien also dismisses the cryogenically preserved brains of his predecessors as "ugly and stupid" and "a mass of junk with no ability to take positive action". However, not all of Urien's humanity seems lost to his obsession to power. In Gill's character story in Street Fighter V Champion Edition, Urien may hate his brother for achieving power he could only dream of, but he hates most of all the prophecy and the functions of the Secret Society, which has, in his eyes, led to losing his brother as he knew it, leading him to later on formulate a plot to destroy the very organization he's in, once and for all.

## Story

### Background

Supplementary material on Urien's backstory notes that, unlike the other candidates for the leadership of the Secret Society, who are kidnapped and brainwashed into doing their bidding, Urien and Gill were born to parents who were long time members of the cult. Both his parents are said to have been candidates to the presidency of the cult; being holders of Ph.D(s) in their respective fields. It is noted that his mother, an olympic level athlete and a doctorate in Sports Dynamics was especially a favorite to become the President. Urien became a potential candidate for the presidency at the age of 6 along with his brother Gill. After this the brothers were separated from their parents and were made to undergo constant genetic modifications, training and monitoring sessions. During this period, Urien learned to manipulate both his ki and the elements of the Earth, merging them together in his aura. He also learned to perform the Aegis Reflector, one of the 66 secret arts described in the lore of the Secret Society. At the age of 22, the management chose Gill as the president due to his greater strength and charisma over Urien, sometime before the events of Street Fighter III.

### Street Fighter V

On October 2015, a datamining of Street Fighter V's PC beta test revealed fighter data and character meshes of Urien, Dhalsim, Juri, Ibuki, Alex, Guile and Balrog. Urien and the rest of the characters (except for Dhalsim who was confirmed earlier as a default fighter) were later officially confirmed as DLC on December 5th, 2015 at the PlayStation Experience. His trailer was released on September 7, 2016.

Character Story

In his character story, Urien is in the Secret Society's laboratory with Dr. Woo inspecting the G Project's progress. He inspects the creation Eleven as Woo states that a duplication capability has been implemented to it and that it is with this creation that the strongest warriors can be mass-manufactured. Urien requests to fight Eleven so he can deem its worth. After defeating Eleven, Urien remarks that Eleven is nothing more than a failure as Woo nervously apologizes. Urien tells him to accelerate the program to improve its potential which he agreed as he thought about his own plan.

Then, Urien meets up with Gill's secretary, Kolin, who is under the name Helen, and wants to know her report. Helen reveals to him about Shadaloo led by M. Bison and his plans for world domination about Operation C.H.A.I.N.S. She also informs him about their plans to restore the corpse of Charlie Nash and she needs him to provide the empty vessel Eleven in his laboratory. Urien becomes concerned to her actions and remarking her obsessions to revive "the mud doll." Helen tells him that Charlie's desire for revenge against Bison and his combat skills will serve their purposes perfectly. Urien knows that the council would be pushed but it has a price to be made to comform to his designs and is not definitely cheap. Helen was impressed to his conducted research is doing well beyond what was agreed from the councils as Urien angrily shuts her up telling her that she shouldn't fail her own concerns behind the council and he agrees to give her the empty vessel that she needs her desire to revive Charlie which she appreciates the offer. In the abandoned S.I.N. building, Urien realizes that another of M. Bison's vessels is in someone's hands only to be confronted by C. Viper who questions him and she mistakes of him being the next potential leader of S.I.N after Seth (despite Urien actually holding the tittle of President of the Secret Society). When C. Viper continues her interrogation at him, Urien manages to hit her with Aegis Reflector as she dodges his attack as he continues using a multiple of Aegis

Reflector forcing her to escape as Urien calls her a useless bug and he decides to name the place within the abandoned S.I.N. building.

At China, Urien pays a downpayment cash to Balrog to deliver the data of Operations C.H.A.I.N.S in exchange for his service and gives him the reward for his desire after he defeated Necalli. Balrog notices a blank check which Urien replies that it's none of his concern. Balrog accepts the payment and remarks him for being such a big job and knowing a big deal to sweeten the down payment. That remark causes Urien to get snapped in rage and scolds Balrog for questioning the terms of agreement, forcing both of them to fight. Balrog is no match against Urien as he tells Ed to use his power but Urien dispersed it and became interested to see Ed has inherited Bison's Psycho Powers as Balrog wants to know how he knew of their true plans and Urien coldly leaves stating not to make this incident happened anymore while walking away his thoughts are nothing more but to take down Shadaloo out of its misery and he will wait for it.

Other character story appearances:

Urien appears in Balrog's character story and is a contrast to his own character story where Balrog accepts the payment.

A Shadow Falls

Urien is against Shadaloo and its plan of the seven Black Moons to enhance Bison's Psycho Powers. He has an associate named Helen who recruits a revived Charlie Nash, Juri and Rashid to stop Shadaloo's plans. Urien arrives at the location where Helen and the aforementioned fighters meet, harshly reprimanding Helen for devising plans without his knowledge. He calls Charlie a "clay doll" and announces that he came to test Charlie's ability since Urien helped revive him for the purpose of using him against Bison. Urien and Charlie fight and Urien wins, but attempts to inflict further pain on Charlie before Rashid steps in and holds him back, saying that Charlie has had enough. Urien calls Rashid a "commoner" and commands Rashid to get his hand off of him, unleashing an Aegis Reflector that causes Rashid to back away. Helen insists that Urien calms down, and he leaves, telling them that he "will be watching [them] all with great amusement." Later on, Urien criticizes Helen for her failures when he becomes aware of Charlie's inability to kill Bison.

## Street Fighter III series

### 2nd Impact

Being the second strongest member of the Secret Society, Urien originally holds the position of the Vice President of the organization during the tournament of Street Fighter III 2nd Impact, outranked only by Gill who serves as the President. Urien stakes his claim to the Presidency by challenging Gill to a match in order to prove his superiority. Gill purposely throws the match and Urien is made the President. Immediately after, Urien learns that the President is outranked by the Emperor in the hierarchy of the organization, his recently promoted brother Gill, much to the outrage and chagrin of the former. Urien is also in charge of the Secret Society's crisis management units, as well as the G-Project, which works on the basis of human body remake theory. This unit is responsible for the mutations to a Russian national, Illia, more commonly known by his code name, Necro. Urien also spearheads the creation of Twelve, and many similar clones.

### 3rd Strike

During the events of Street Fighter III: 3rd Strike, Urien longs to overthrow Gill again by creating his own army of super-soldier clones with the G-Project. Similar to Shadaloo, Dr. Woo wanted to use Li-Fen's brains for the organisation, which lead to her being kidnapped while under Chun-Li's care.[4] He however agrees to let the child go, if the legendary street fighter, Chun-Li, fights him for his amusement. After a brief spar Chun-Li manages to defeat him and rescue the child. Ken also encounters Urien as he attempts to uncover more about the Secret Society. His non-canon 3rd Strike ending shows that he took leadership of the Secret Society and destroyed its preservation facility, where a weakened Gill was resting, declaring the beginning of an era "After Urien". It is also implied, as per Urien's dialog with Gill, that the Secret Society has even more dirty secrets that motivated him further to destroy it. Gill's own ending, however, shows an entirely different outcome, implying that he actually survived.

Prologue - 'The Emperor Doesn't Look Back'

After the events of Street Fighter III, Urien is first seen watching Gill battling against G on a live stream, he then furiously breaks the monitor with his fist. He forcibly orders Kolin to bring Gill to him, which she reluctantly accepts. Despite his efforts to defeat Gill, Urien lost. Gill informs him that the reason for his defeat is because everything in the prophecy has been written and Urien replies that he wanted to destroy this accursed prophecy. Gill soon berates him that he will never became his replacement and that remark caused him to get mad. He continued to berate him because he was the one achieving the wishes within their organization and wanted to fulfill this wish. As soon as Gill leaves dismissively, Urien calls his name in a fit of rage.

---

When Nicole was finished, we were really horrified.

Me: Whoa, talk about bad blood to the extreme.

Hay Lin: And he's just as bad as his older brother, especially since they're part of The Secret Society. I'll make sure to take him down once and for all.

Lincoln: Wait, Hay Lin, you're not doing this alone. I was the one who got rid of Gill in Texas when we met Helen Anderson, so there's no doubt he's coming after me for revenge for what I did to his older brother.

Nico: You're suggesting a team-up with Hay Lin?

Lincoln: Yep, and he's in for a big surprise. After I absorbed Gill into my body, I assimilated all of his powers and abilities, along with fighting techniques and knowledge, so he's going to be in for a rough fight with us.

Will Vandom: I like that idea, Lincoln.

Hay Lin: Same here. Okay, Lincoln, when Urien shows up to get his revenge, it's showtime.

Nico: And the curtain will fall on The Secret Society.

Lincoln: But, not quite, Nico. There's bound to be more members of this organization out there, but we'll be ready for them.

Nico: Right, Linc. Okay, gang, let's go, it's time to take down the Yost version of The Green Goblin once and for all.

Hay Lin: (Looking to the sky) Hang on, guys, we're coming.

Lincoln: Your time's almost up, Norman. Hope you've enjoyed your last days of freedom, because you're spending the rest of your life in a nice warm jail cell!

Nico: Try ice cold, big guy, 'cause I'm planning on throwing his sorry hide in The Neptune Cryoprison, flash frozen and unable to move or do anything.

We cut open a portal and we were off to the Yost World.

YOST WORLD, NEW YORK CITY

We arrived in the Yost World and we saw Yost Spiderman facing the Yost Version of Dr. Curtis Connors A.K.A THE LIZARD!

Ragdoll: There he is. And he's fighting the Lizard of this world!

Yost Venom: Oh man. Doctor Connors.

Me: And he is the Lizard!

Laney: We haven't faced him in a while.

Lana: Yeah!

Nico: Lets go!

We flew down!

Me: Hey Lizardface!

He saw us!

Yost Spiderman: Hey guys!

Me: Hey Spidey. We can talk later after we help you with Curt here.

Yost Spiderman: Doctor Connors, please! I don't want to have to hurt you! And you really should get a breath mint…

Suddenly, clones of the ToQgers, Zyuoghers, Kyurangers, Lupinrangers, and Patrangers appeared by Yost Spiderman's side.

Yost Spiderman: Where'd you guys come from?!

Me: We summoned them.

We showed our Zenkai Cannons.

Me: Lets go!

Nico: Yeah what he said!

We went at Yost Lizard!

Cheese was slapping Yost Lizard all over.

Cheese: I like chocolate milk!

Yost Lizard simply knocked Cheese to the ground.

CHEESE YOU'RE AN IDIOT!

Eddy: Geez, he's even stronger than the one we fought!

Nico: We'll see about that!

Nico punched Yost Lizard in the stomach with devastating force and knocked him down.

Me: And then I kneed him in the chin.

Yost Lizard grabbed Nico by the foot and slammed him to the ground.

Nico: Fuck. Forgot about the tail!

Nico teleported just as he was about to hit and kicked Yost Lizard in the face!

Laney then tied him all the way up with her vines!

Yost Electro: Stay still Curt!

Yost Rhino: This is for your own good!

Kaito: (takes out Drive gear) Don't leave us out!

Zocks: (takes out Ghost Gear) It's only fair since we forgot to use our Gears on that planet.

Kaito got a elemental gear buzzsaw gauntlets and Zocks got an awesome ghost blaster!

Laney: That was cool!

Me: And I forgot about that sorry. We were just so entranced in the deliciousness of the cake.

They blasted and slashed him all over.

Yost Lizard roared at us as he broke free.

Yost Venom: (to Yost Spiderman) Bro, please tell me you have a Gene Cleanser!

Yost Spiderman: No I don't!

Me: I do!

I fired a powerful blast of energy and it hit Yost Lizard and he roared in pain as he was reverting back to human and then he was back to human form. Yost Curt Connors was back to normal!

Me: YEAH!

Nico: Nice shot J.D.!

Yost Dr. Connors woke up but he was weak and tired.

Me: Dr. Connors?

Yost Spiderman: Hey, Doctor Connors. How are you feeling?

Yost Connors: What happened?

Me: We saved you from being the Lizard again. But my magic cured you. I destroyed the reptile formula inside you and cured you.

Yost Connors: You did? Who are you?

Me: J.D. Knudson, 2nd in Command of Team Loud Phoenix Storm.

Nico: We are the most powerful force in the entire multiverse. We're glad you're all right though.

Eli: Same here.

Yost Connors: Well, Dr. Miles Warren still has the blackmail material of the Lizard to force me out of New York.

Yost Shocker: Don't have to worry about that, Doc. He's been taken care of.

Me: We made sure he paid for it with interest.

Hay Lin: We sure did. We cleared your name too.

Laney: Warren is now in prison for good.

Gloriosa Daisy: Spiderman, we want to thank you for helping out against Zemo.

Me: That's right. We owe you big time for that.

Yost Spiderman: No problem. (to Yost Captain America) Can't believe that guy gave you so much trouble. He was pretty easy to me.

Yost Captain America: Well at least he is gone and given the Black Gates for good.

Me: Thank goodness. HYDRA was a menace to the people of the world and needed to be destroyed.

Lola: Yeah!

Sirius: But we're also not going to let Norman here get away with his crimes.

Camie: No we won't.

Himiko: I hope Nico rips out his heart and eats it.

Girl Jordan: Just like how I ate the brain of Cletus Kasady from here.

Yost Spiderman: Ew! So you are Girl Jordan. That's gross.

Devack: Now, how about we go somewhere secure and…

Yost Spiderman: I have something to say first. (out loud) I know everyone's watching. A lot of people are wondering about who I am. Well, I can tell you that Flash Thompson isn't me! (to us) Sorry, guys. I know you have a plan. But I hope you only need to make a few modifications to it after this.

Maria: Spiderman, what are you doing?

Yost Spiderman: What Eddie tried to do.

Yost Spiderman then took off his mask and revealed his face as Peter Parker.

Yost Peter: My name is Peter Parker. And I am the Spectacular Spider Man

Yost Flash: I knew it!

Yost M.J.: Me too!

Yost Harry: I knew it too!

Me: We actually knew the whole time because in our universe Superhero names are squat.

Yost Electro: He's right on that one.

Yost Venom: We knew about that too.

Electro appeared.

Electro: Hey guys.

Me: Hey Max.

Yost Electro: (to Electro) Damn, it's like looking in a badass mirror!

Electro: Wow! It sure feels that way!

Sandman: Yeah no kidding there! Same with me.

Yost Sandman: I heard that J.D. saved your daughter by giving her his heart. Is that true?

Sandman: It sure is and I owe him big time for it.

Yost Sandman: Wow! Totally selfless.

Sandman: What about you. Do you have a daughter?

Yost Sandman: You kidding? I tried hooking up with a few babes. Didn't go too well.

Nico: That sucks.

Me: Yeah.

Shocker: That's amazing that we have the same villain name but have different real names.

Yost Shocker: It sure is.

Shocker: My real name is Herman Schultz.

Yost Shocker: My real name is Jackson "Montana" Brice.

Nico: That's cool.

Yost Vulture: (to Vulture) It's good to see you again, my veteran counterpart.

Vulture: And to you my good man.

Me: It's like looking at yourself in the mirror. At least the Yost Vulture is wearing black so that we can tell them apart.

Lola: That's true.

Yost Rhino: (To Rhino) That's amazing that we have the same Villain name but our real names are different.

Rhino: I know. My real name is Aleksei Sytsevich.

Yost Rhino: And my real name is Alex O'Hirn.

Nico: That is so awesome.

Kraven: (to Yost Kraven) (Russian Accent) Even though you are part cat right now, I still feel there is a sense of honor shared between us.

Yost Kraven: (Russian Accent) Me too comrade Kraven.

Nico: That is so awesome that this worlds version of Kraven is more cat like.

Yugito: It sure is.

Lola: I'll say.

Yost Mysterio: (to Mysterio) Is it true that you make Heartless Robots?

Mysterio: It sure is.

He summoned Soldier and Red Nocturne Robots.

Yost Mysterio: Cool!

Me: Yeah they are really awesome. And these versions of the Heartless we can deal with instead of the real thing.

Nico: Yeah. Unlike a certain team that made elemental versions of Darksides.

Mysterio: Which I thought was very genius. Next time when Yusei and I have our battles I should try that out.

Eli: Not a bad idea.

Yost Doc Ock: (to Doctor Octopus) It's an honor to meet a fellow genius like myself. And I say that literally

Doc Ock: Same to you my friend.

Lori: Those mechanical arms are still literally amazing. Lisa made a backpack for me with ones like those at one time.

Lisa Loud: I did but it malfunctioned and it went crazy.

Lynn Sr.: Yeah that was nuts.

Doc Ock: That is nuts.

Then Yost Aunt May appeared.

Me: Hello Aunt May.

Yost Aunt May: Hello everyone.

She went up to Yost Peter.

Yost Aunt May: Peter, is it true? That you're…

Yost Peter: I'm sorry, Aunt May.

Sugarcoat: He was only trying to keep you safe.

Me: He was trying to keep everyone safe. With Great Power Comes Great Responsibility.

Lola: Yeah we have known that rule for the entire time we were a

team.

Yost Gwen: Peter, the entire world knows how you are now. What's going to happen to Spider Man?

Yost Peter: (grins) Well, I'm probably not going to fake my death.

King Hiss: You better not!

Me: Don't worry he's only kidding.

Lola: Good.

Qin: Besides we're not going to let anything happen to him.

Eli: (Senses something) Uh oh! Spoke too soon Qin.

Yost Wolverine: Kid, we need to get to your house so we can discuss things.

Yost Spiderman: Right!

We went to Yost Peter's house to talk.

We were at his house and talking to everyone.

Centaur Man: (to Flash, MJ, and Harry) How long have you three known about the secret?

Yost Peter: It happened after Hay Lin's fourth mission.

Yost Flash: I may have peeked into Pete's locker after school and saw his costume.

Yost Harry: I was returning some Lego figures he forgot at my house and saw him wearing the costume in his room.

Yost MJ: I was actually told about it.

Me: Oh. That explains it.

Nico: Venom knew he was Spiderman from minute one.

Lola: Yeah. But that is really something that you guys figured it out.

Me: Before we continue though, Harry how about you tell us how it all went down with your father?

Yost Harry: I would be happy to.

He went over his dad's history.

Norman Osborn, or better known as the Green Goblin, is the main antagonist of the animated TV series The Spectacular Spider-Man. He also becomes Spider-Man's most personal archenemy during the last few episodes.

In Season 1, he is one the two overarching antagonist (alongside Tombstone) of the Biology arc, one of the three secondary antagonists, along with Hammerhead and Dr. Otto Octavius, of the Economics arc and the main antagonist of the Chemistry arc. In Season 2, he is the overarching antagonists of the Engineering arc, the Human Development arc, and of the Criminology arc and the main antagonist of the Drama arc.

He is a ruthless businessman, inventor, gifted chemist, the head of OsCorp Industries, and the father of Harry Osborn. After being exposed to a chemical formula, he turned to supervillainy as Green Goblin, terrorizing New York City to become one of Spider-Man's greatest archenemies along with Venom and Doctor Octopus. In Season 2, he usurps Tombstone as the Big Man of Crime but his reign is short-lived and is eventually defeated by Spider-Man.

As the Green Goblin, he was voiced by Steve Blum, who also voiced Vilgax, Starscream, and Smytus. As Norman Osborn, he was voiced by Alan Rachins, who also voiced Clock King in Batman: The Animated Series.

In season one, Norman coldly disapproves and neglects Harry for not getting offered ESU lab's internship that's given to Peter Parker and lashes out at his son in fury, telling his son to 'man up'. Around this time, Norman also made "Globulin Green", a highly addictive early stage performance enhancer. Bent on getting more power and money, Norman embezzled aerodynamics engineer Adrian Toomes's flight tech designs, tipped off Tombstone (aka the Big Man crime boss) to TRI-CORP's technology shipment, and engineers the creations of the Sandman and the Rhino as part of the Big Man's deal which makes Osborn more profit. The Green Goblin first appears threatening to overthrow Tombstone as the Big Man in order to be New York's reigning crime boss and tries to kill Spider-Man. Spider-Man initially suspects Norman is the Goblin as the villain returns to the Osborn residence, but Harry is seen in the Goblin suit after a fierce confrontation. Spider-Man and Norman conclude that Harry's theft and consumption of "Globulin Green" resulted in the Goblin persona to fight the Big Man. After Spider-Man agrees to keep Harry's secret on the condition that the villain never reappears, Norman embarks on a tour to Europe with Harry so his son can relax and forget about the addiction to the formula.

In season two, the Green Goblin later resurfaces as a crime lord and is responsible for many events that have occurred. He manipulates Hammerhead into arranging a conference between Tombstone, Silvermane and Doctor Octopus, resulting in Spider-Man eventually taking down all three crime lords. Now the reigning crime boss in New York, the Goblin once again tries to kill Spider-Man, first through the creation of Molten Man, and then by trapping Spider-Man in a prison intended for most of Spider-Man's many enemies. In the series finale, the Goblin has a final showdown with Spider-Man. The truth of the villain's identity is finally revealed: Norman was the man in question all along and even framed his own son earlier for personal gain but claimed that he was helping. Norman later hired the Chameleon to keep Spider-Man guessing and set up for a trap. Following a grueling battle across the city, Norman is believed to have been killed when Spider-Man damages his glider and sends him crashing into a stash of his own pumpkin bombs. However, Norman is shown to have survived, leaving the country under a false identity.

It is unknown what happened to Norman after this, but it is very possible he could've returned once more if the series would've continued with more seasons. Since the Hobgoblin was planned to appear in Season 3, it is unknown if there is any connection between him and the Green Goblin or if they would become rivals.

When he was done we were shocked!

Me: What a monster!

Eli: Yeah no kidding!

Me: Yeah. We need to make sure he goes away.

Yost Harry: I know we're gonna stop my dad. But…

Bane: (Spanish Accent) Killing him is only if he does something that pisses us off. If nothing goes wrong, we'll throw him in the cell Luthor was going to.

Me: It's located on the very distant edge of the universe. His crimes cannot go unpunished.

Lola: I agree.

Eli: He needs to pay for it with time in prison.

Poromon got out 4 beer bottles.

Yost Peter: Oh, don't tell me that's-

Poromon: 4 bottles of beer!

Yost Aunt May: I hope that's not from my fridge!

Poliwag: Nope. Poromon has a secret stash.

Me: I knew it was coming.

Yost Peter: This happened before?

Me: Don't ask.

Nico: But Poromon Peter and friends are too young to drink.

Poromon: Oh right.

Swindle: Now, what's this plan you and Harry were talking about?

Nico: Well, it involves Luan recording Norman confessing to how he faked his death and manipulated everyone into thinking Spiderman killed him. After the usual battles, we'll track him down and then, the big battle will commence.

Yost MJ: I thought Luan's specialty was jokes.

Me: And as a bonus we'll get him to tell everyone his dark deeds as both the Green Goblin and Norman.

Eli: Yeah. And I know how I can do it. The Force can be very persuasive.

Lola: Ooh I remember seeing that move.

Me: Nice.

Yost MJ: We're going with you, tiger. We're not gonna leave you.

Yost Peter Parker: You can't come with me. It's too dangerous. You guys don't have any ways to defend yourselves yet

Yost Harry: Peter, we're in this together. You're done being alone.

Yost Peter: I know we're in this together, Harry, but I can't do this if I know that you guys are in danger. Okay?

Marluxia: There's no use arguing.

Me: Like it or not Peter, we stick together and fight as a team. We all fight together.

Lola: That's right. We're not going to let you do this alone anymore.

Camie: That's for sure.

Yost Peter: Okay. But if something happens…

Veon: We'll deal with the consequences together.

Nico: Great. Shall we head out?

We did so and found him in some trees in the park.

Motor Ed: Dudes, there he is!

Me: Shh! We don't want him to know we're here.

Motor Ed: Sorry

We hid in the shadows.

Eli: Look at him.

Me: Now lets do it.

We were invisible and watching him close.

Nico: Okay Luan you're up.

She went up to Norman and her shirt had a button on it that had a mini-camera in it.

Luan: So, you're Norman Osborn, huh? You're less intimidating then your Prime counterpart. So, mind telling me how your'e alive?

Yost Norman: (laughs) Well, before your friend Eli uses the Force to make me spill my guts, I might as well tell you. I got off the glider before it fell into those pumpkin bombs. Then I realized that everyone thought that I was dead. So I used it as an opportunity to both try and turn the public against Spider Man and to make my son mature and become a man. So I left the country for a while so no one would suspect that I was actually alive.

Luan: So, you tried turning your own son into a puppet?!

Yost Norman: He needed to grow up, he couldn't act like a child anymore. I must admit that he came close to having everything he wanted. But I was disappointed that he remembered his friendship with Parker. So, that's why I used a Dark Orb to free 5 of the Vengeful 6 and bided my time. Of course, I had to be patient until you defeated those fools Doom, Apocalypse, and Ross. Speaking of which, why don't all of our friends come out into the open?

Luan: (sighs) You heard him, guys.

Me: Aw fuckbuckets!

We went out and went over to him.

I looked at Yost Norman with a massive glare with eyes glowing red.

Me: You even try anything Norman, and I'll make sure you'll wish you were dead for real.

Nico: Yeah.

Then THE VENGEFUL FIVE CAME OUT!

Pharaoh Man: Can't believe you'd just abandon G1 Starscream like that!

Paul: The idiot served his purpose. And honestly? He's a bit too big for our tastes.

Me: Just what I'd expect from a pompous shitwiping asshole like you Paul!

Dawn: Yeah you jerk!

Maria: If you think J.D.'s gonna accept anything you offer-

Numbuh 363: Oh, please! He had his chance when Luthor give him his offer. And he spat in his face!

Dark Lynn: We don't need him to kill any of you!

Nico: Other way around! We WILL stop all of you! And then, half of you, if not all, will face justice for your crimes!

Malfoy: (British Accent) You really think you can stop us all because you're blind to what true power can bring you?

Olympius: We watched you all from our hideout when during your three battles on this world. Struggling, to have everything you want, while the world tries to make you choose. But Gods don't have to choose.

Yost Norman: That's right, Olympius.

Yost Norman then put on his mask.

Yost Green Goblin: We take!

He was about to throw a pumpkin bomb when Dark Lynn stopped him.

Dark Lynn: Save your strength for the big battle, boss. You go ahead. We'll send these losers a parting gift!

Yost Green Goblin: Just don't disappoint me, will you?

With that, Yost Goblin flew on his glider into the air, unaware of the tracer Yost Spiderman put on him. And then, Photon Blood trails are seen glowing on Dark Lynn's body before she turned into ANOTHER FAIZ!

Me: She's Another Rider too!?

Nico: Another Faiz, huh? Funny considering we faced the Another Rider for the Series' Secondary Rider earlier.

Another Faiz: Very coincidental!

Me: Yeah. But also Olympius your mother is gone now. Forever! I gave her the Black Gates and you will soon be reunited with her. In eternal nothingness.

Another Faiz: (takes out her version of the Faiz Blaster) Take a look, Stincoln. This is what happens when you cross me!

Yost Aunt May: (knows what's about to happen) Peter, listen to me. Whatever happens, you've made me and Uncle Ben very proud!

While this was happening, Paul and Olympius followed Yost Goblin out of there.

Yost Spiderman: Aunt May, don't say that!

Yost Aunt May: You've made me the happiest woman I-

Another Faiz: Enough with the borefest! (shoots Aunt May in the arm)

Yost Spidermzn: AUNT MAY! NO!

Another Faiz then fired at a car, sending it and the driver spiraling out of control.

Another Faiz: You choose, Stinkoln. Me? Or the innocent civilian?

Start up!

And with that, Another Faiz got out of there with Numbuh 363 and Malfoy.

Tar Pit: Worry about them later! We have to save that civilian!

Me: Right! Varie look her over!

I teleported and I rescued the civilian and got them out of there just as the car crashed and exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Varie: She'll be all right Peter. It's just a graze wound.

Nico: At least she was a lousy shot.

Lola: Yeah! I hate that version of Lynn!

Yost Jameson was on the news reporting everything that just happened.

Me: Hey guys look!

We saw the news and we saw Yost Jameson.

Yost Jameson: Tragedy. What else can I call it? What more need be said? The damage… The destruction… You saw it with your own eyes. This wasn't caused by Spiderman, the man who we thought was a menace. But by Norman Osborn, the true monster who manipulated us all along. Spiderman tried to protect us from scum like him. And all we did was laugh in his face. As of now, Norman Osborn and his cohorts are considered fugitives. We can only hope that Spiderman and all those other heroes can bring them to justice. J. Jonah Jameson, reporting. Good night. And God help us all.

Me: Wow!

Eli: I didn't expect that.

Lola: Me neither.

Hay Lin: Yeah no kidding.

Varie: Peter your Aunt May will be just fine. She just has to wear this bandage on her arm for the next month.

Yost Peter: Good. How does Varie know so much about medicine?

Me: She's our chief healer and our nurse and doctor. She knows a lot about medicine and all that.

Varie: It's a big talent I have.

Batch: Peter-

Yost Peter: Don't. She got hurt because of me. All this is my fault. Those other guys are from your world, right? So you guys deal with it. If they die, if you kill them… That's on you. It's not my problem. I don't care anymore. I'm done. I'm really sorry that I dragged you guys into this. (to the other Yost heroes) Especially you guys.

William: Peter, listen-

Yost Peter: Don't say you know what I'm feeling right now.

Maria: We know you're in pain. All of us know that feeling all too well. Yost Peter: Really?

Me: Yeah you think you're the only one that knows darkness and pain? You're not. All of us went through it,

Nico: Me too.

Yost Peter: Really? How?

Nico: The worst pain I've felt was back during the 20 Days of Darkness.

We told him many of our terrible and dark terrible pasts and what we went through over the last 6 and a half years and more.

Yost Peter was shocked!

Naruto: Yeah it was not a good sight.

Fu: Many people looked at me and my fellow Jinchuriki like we were monsters that belonged in a cage.

Han: Yeah it's not a good feeling.

Yugito: Yeah it's true.

Sasuke: Yeah.

Yost Peter: My god. I had no idea.

Yost M.J. Cried into Harry's chest with sympathy.

Me: Well it was best that you know that you were never alone. I'm sorry that Aunt May got shot but it's just a grazing wound. Varie said she is going to be okay.

Then Yost Jameson appeared.

Me: Jameson. Nice report you put on. Nice to know that Luan's broadcast got through.

Yost Peter: What do you want, Picklepuss?

Yost Jameson: (sighs) Kid, just hear me out, okay? I've had some time to think after your new friends visited me a few months back. And I really am sorry that I ever thought you were a menace. I admit

I was jealous because I wanted to be on top before you got your powers. I guess I was calling a menace an actual hero. Probably more then I could ever dream of.

Me: I always thought you hated all heroes because you lost your wife and no one came to help you out. Hence why you lost your faith in them.

Yost Jameson: That too. I lost all faith in heroes because of that. But in all my years I never suspected that Spiderman was really Peter.

Me: Ironic that he was right under your nose the whole time huh?

Yost Peter: Look if you're going to fire me…

Yost Jameson: I'm not firing you. But whether you still want to continue working for me after Osborn's behind bars is up to you.

Nico: Oh, we're still throwing him in jail. After all, it wasn't him who injured Peter's Aunt.

Me: It was Dark Lynn.

Lynn Jr.: She's my dark side. I should explain everything.

She did so and even told him all about the terrible things her alternate self did in another world and more all because of superstitious mumbo jumbo and all that bullshit. She is a heartless monster and more.

Yost Jameson: My god! That is terrible!

Me: That's why we're killing her.

Lincoln: Me and my Guardian Angels called first dibs on her.

Nico: Yeah.

Leap Frog: How about we have the usual battles to show how powerful we are? Oh, and you and MJ are getting archenemies too.

Me: Good idea and you guys are going to love who we picked for you and so will Juniper Lee. She's getting a good one.

Juniper Lee: I can't wait to see who it is.

Laney: Yep.

We went to the park and got ready.

Then Po Kong, Private Hive, Stinky Butt, Cavalier, Eris, Mammoth, 2016 Morbucks, Toyman, Eccentro, and Ebon appeared.

Nico: Po Kong, Private Hive, Stinky Butt, Cavalier, Eris, Mammoth, 2016 Morbucks, Toyman, Eccentro, and Ebon.

Po Kong: We heard what happened! Is-?

Maria: Yost May will be fine.

Private H.I.V.E.: (to Yost Spidefmzn) Good to see you're not surrendering that easily, soldier!

Yost Doctor Octopus: After everything the arachnid has been through, including fighting me, Electro, and the others, you really think he'll just give up that easily?

Stinky Butt: From what we've seen and read? Not at all.

Cavalier: (to Nico) We heard you went to another planet.

Nico: We sure did. It was a planet made of Devil's Food Cake.

Me: It was awesome.

Eris: I do hope Devil's Food Cake really isn't J.D.'s weakness. That defeats the purpose of him being invincible.

Me: No that was just an expression. I means that I can't get enough of it.

Eris: Oh that makes much more sense.

Nico: Yeah it was awesome and tasty.

Eli: We all loved that planet. It was great.

Kaching then appeared for another round.

Kaching: After this, you guys have one Hell of a party to throw!

Nico: We sure are! This is gonna be so awesome!

3 more figures then appeared and they were Evil Butane Man, Sideshow Bob's wife Francesca and Kitty's twin sister Katty!

Nico: Whoa!

Me: What the!? (Rubs Eyes) Either my eyes are playing tricks on me or Kitty has a clone!

Kitty: Oh great! It's my twin sister Katty!

Nico: Your Twin sister!? Whoa!

Sideshow Bob: Francesca it's so good to see you.

Francesca Turwiliger: (Italian Accent) And you too Bob.

They hugged and kissed.

Evil Butane Man: I chose Yost Spiderman.

Francescz Turwiliger: I chose Yost M.J.

Katty: And I chose Juniper Lee.

Juniper Lee: Wow! I'm really honored!

We got the usual battles underway.

Cavalier: Ah yes. The 1st Earl of Pembroke. Very well known figure from English History. Served under the family of King Henry II.

Luke Loud: That is really awesome that we have a knight descendant as one of Lincoln's Guardian Angels and being an Absolute Crusader to boot really makes the whole thing stand out.

Fluttershy: I'm sorry guys. I didn't mean to go crazy like that.

Blackout: That works just as good.

Nico: Good.

We went up to the entrance and then we saw YOST BLACK CAT!

Me: Felicia Hardy A.K.A. Black Cat!

Yost Spiderman: Felicia, we really don't have time for this.

Yost Black Cat: Oh, c'mon! I always find time for this. (growls) Especially since thanks to you, my father is in prison forever!

Me: Felicia listen. We found out that your father wanted to stay in prison because he was totally racked with guilt. It was for the best. I'm sorry but he wanted it this way.

Yost Spiderman: That's right! It's true.

Best Match!

Pohatu: I know that Best Match anywhere!

Me: Me too!

We saw the Build Team!

Nico: Hey guys!

Sento: Awesome to see you all here!

Me: Same here Sento.

Yost Rhino: Who are these yahoos?

Banjo: Hey! These "yahoos" are helping you out! So, show some respect!

Kazumi: Easy, Banjo.

Me: They are friends that we met on Pohatu's Ambassador Mission and Maria and I helped them imprison Evolt in the Dark Dimension.

Pohatu: Let me help you guys.

Maria: I hope you remember your Kamen Rider form.

Pohatu: I will. HENSHIN!

He transformed into KAMEN RIDER BULLDOZER!

Nico: YEAH! Lets go.

We went in.

In Norman's old office and lab, Vulture went up to them.

Yost Green Goblin: You're a little different from the Vulture I know.

Vulture: And you're just as crazy as the Green Goblin from my world was.

Malfoy: You think you can defeat all of us, Mudblood?

Vulture: Not really. (smirks) But then again, I didn't come alone.

Then suddenly the spirits of the Violet Lanterns appeared and then they swirled around them and Dark Lynn screamed in pain as the light from them burned her! Then they converged and then a massive flash of purple light blasted in and burned Dark Lynn all over. Then we came out!

Me: Hello fuckwads! We're back!

Nico: You will pay for everything you've done!

Malfoy: You first!

Me: You don't have your wand anymore Malfoy remember?

Malfoy: I can kill you with my bare hands anyway.

Me: You are just like your racist father!

Malfoy: What did you just say to me!?

Me: You heard me! The Apple doesn't fall far from the tree!

Mikey Kudo, Yost Reed, Kaito, Yost Wolverine, Yost Cap, and Yost Spidey faced down their opponents.

Mikey Kudo: (to Paul) I would never be abusive to Shoutmon as you are to your Pokemon.

Paul: They're my Pokemon. I can treat them how I want.

Me: And you call yourself a Pokemon Trainer! You are nothing more than a heartless monster that treats Pokemon like tools! You would do anything possible to get what you want, even hurt Pokemon!

I spat in his face!

Me: You fucking disgust me!

Yost Reed: (to Dark Lynn) You should be ashamed of you treat Lincoln.

Dark Lynn: Stincoln's a loser! I'm the real winner!

Me: You're the true loser Dark Lynn! You torment others just to get what you want! You don't care about them! All you ever care about is winning!

Kaito: (to Olympius) You're going down Full Power hard!

Olympius: Oh, please! You're not even strong enough like the Lightspeed Rescue Rangers.

Me: Ha! Your arrogance and overconfidence will be your undoing!

Yost Wolverine: (to Numbuh 363) Can't believe you'd ditch your sister and teammates.

Numbuh 363: As far as I'm concerned, they're dead to me!

Numbuh 362: Then you are no brother of mine!

Yost Cap: (to Malfoy) You're nothing but a racist. Just like all the Nazis I faced.

Malfoy: And you're like all the other Mudbloods!

Me: You shut that ugly racist fucking mouth of yours Malfoy! No wonder I killed your fucking racist father! Cap is not the Mudblood!

YOU ARE!

I hurt him bad there!

Yost Spiderman (to Yost Goblin) Time we ended this once and for all!

Yost Goblin: (laughs) For once, we agree on something!

Nico: Let's let them and their teams handle it. Shouldn't be too hard.

Me: Don't get overconfident Nico. He has footsoldiers I'll bet.

Dark Lynn turned into Another Faiz!

Yost Human Torch threw a fireball at Another Faiz but she dodged it and it hit Yost Iceman instead.

Yost Iceman: Dude!

Yost Human Torch: Sorry!

Lori: Um… should we be literally concerned about that?

Nico put it out.

I teleported and kicked Yost Goblin in his face and broke his nose and then I grabbed him and threw him into Another Faiz and smashed him into her!

Another Faiz: GET OFF OF ME!

Eli: Take this!

Eli fired a wave of Force Lightning and electrocuted and tortured Malfoy all over!

Yost Cyclops fired an optic blast at Numbuh 363 but he ducked and the blast hit Yost Hulk instead!

Yost Hulk: DON'T HIT ME!

Yost Cyclops: Sorry! My bad!

Lola: That's gotta hurt!

Yost Hulk: I'm used to it!

Nico teleported and kicked Numbuh 363 in his face and sent him crashing into Paul!

Laney then formed vines and lashed Another Faiz all over.

Me: I think it's time you relinquish your powers Dark Lynn!

I fired an energy blast and it hit Another Faiz and she exploded!

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was down and I grabbed her Faiz Ridewatch and purified it!

Me: Got it.

Nico: YEAH!

Me: Best to have Lincoln and his Guardian Angels take you down the way you are.

Yost Hawkeye fired an arrow at Malfoy but he stepped to the side and the arrow exploded, knocking Yost Spiderman down.

Yost Spiderman: Geez, watch where you're aiming!

Yost Hawkeye: Shit! Sorry, Pete!

Lynn: Are they not used to working together?

Celestia: No, actually. Steve said that the only time they actually worked together was against the Galactus of this world.

Nico: That must've been a one time shot.

Me: We're gonna have to get them to work together.

Eli: Do I have to bonk some heads?

Me: No but keep that option open.

Yost Spiderman was about to shoot web at Yost Goblin but he got out of the way and the web hit Yost Thing's eyes.

Yost Thing: HEY!

Yost Spiderman: Sorry! Didn't mean to do that!

Nico: (laughs nervously) At least the Zenkaigers and the Fusion Fighters are doing good against Olympius and Paul, right?

They are.

They were pulverizing them all over the place and even Reggie, Paul's older brother was helping out.

Lola: YEAH! WOO!

Lola fired a fireball and it hit Numbuh 363 in the face and burned him!

Zocks: Lucky for you, we need a brief intermission!

Yost Goblin: (laughs) Oh, you can have your intermission. We have henchmen! Moebas!

An army of Meobas appeared

Me: Moebas! Now you're talking! But it's too cramped in here. Lets take this fight somewhere else. And I know just the place. I'll have to hold it in till we get back!

Nico: Oh no! You don't mean?

Me: Yeah I'm afraid so.

I snapped my fingers and we were BACK ON THE PLANET OF CHUM!

Nico: OH MAN!

Lana: AWESOME! MY FAVORITE PLACE!

Plankton: I can't believe there's a planet made of Chum!

I was starting to turn green around the gills but I was holding it.

Me: No! Throw up when we get back!

I fired waves of fire and blasted the Moebas all over the place!

Then the Moebas jumped the Spiderman crew and the Sinister Six.

Yost Spiderman and the Sinister Six members lay defeated at the hands of the Moebas.

Yost Goblin: Look on the bright side, Parker. At least you'll finally be reunited with your uncle.

Yost Electro: (weakly) Well, Doc. I guess this is it.

Yost Doc Ock (weakly smiles): It's been an honor, Maxwell.

Nico: (snaps his fingers and punches a Moeba) J.D., I made sure you don't throw up here. Now, we just need to help Spiderman and the others!

Me: Thanks Nico!

I fired waves of energy and blew many Moebas apart!

Hay Lin then got an idea.

Hay Lin: (to everyone watching) Everyone in both worlds! Lend Spidey your strength! He gets stronger with your support! When I go "1, 2", shout "We believe in you, Spider Man"! Okay? 1, 2…

All: WE BELIEVE IN YOU, SPIDER MAN!

Hay Lin: One more time! 1, 2…

All: WE BELIEVE IN YOU, SPIDER MAN!

Hay Lin: Louder! 1,2…

All: WE BELIEVE IN YOU, SPIDER MAN!

Jamesdean5842: WE BELIEVE IN YOU SPIDERMAN!

Yost Goblin: (grabs Yost Spidey by the throat) Any last words, Spider Man?

Yost Spiderman: (smirks) Actually, yeah. Here's web in your eye!

Yost Spiderman fired web at Yost Goblin, causing him to let go. Then, he fired web at several Moebas.

Nico then blasted them all with Electro's powers and blasted them into dust!

Yost Spiderman: Thanks for the help, everyone.

Yost Doctor Octopus: I didn't expect to get cheers from so many people.

Yost Kraven: Nor did I.

Yost Rhino: I'm not complaining.

Yost Sandman: I knew saving the people on that beach would pay off!

Yost Shocker: What do you guys say we make this last phase 1 mission the best one yet!

Nico: Yeah! You read my mind!

Me: Time for us to finish these motherfucking douchebags once and for all!

Lynn: Especially with my dark side! She and the dark sides of my siblings have punished us for far too long!

Nico: Lets get him!

Me: (GOES SUPER ANGEL INFINITY XELNAGA!) (Divine Echoing Elemental Voice of Friendship, Love, Hope and Courage) **You will pay for everything you've done Norman!**

Nico: (Goes Super Saiyan 5) Yeah!

A massive fiery explosion went off behind them and they were ready for action!

Hay Lin: I've had it up to hear with you to last an eternity, Norman.

Suddenly, Hay Lin's black eyes turned neon sky blue, and she was surrounded by a pink energy aura with winds, life energy, and angels, she unholstered her massive Sword of Kandrakar from her back, and as she approached Yost Green Goblin, she left pink energy, winds, life energy, and angels with every step.

Hay Lin: You've caused Peter and his friends, and even your own son, Harry in this world nothing but grief and pain and all for your sick amusement for the last time, Norman. I hope you've enjoyed your last days of freedom, because you're going to spend the rest of your life in a nice cold jail cell for all eternity!

Suddenly, Hay Lin was surrounded by a massive vortex of pink energy with winds, life energy, and angels surrounding it, there's an angel flying around the vortex, and inside the vortex is a sky blue phoenix. Then, as the vortex faded, Hay Lin emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Hay Lin grew to 6'5" in height, she has the body of a goddess, she has sky blue highlights in the bangs of her long blue-black hair put in two pigtails, she has sky neon blue eyes and a pink energy aura with winds, life energy, and angels surrounding her, she has a phoenix with the Wind Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with sky blue gems for eyes and the Wind Kanji in its claws and her Crystal Necklace of the Buddha with sky blue crystal links and a phoenix with sky blue gems for eyes and holding the Wind Kanji in its claws for the pendant, she has on a long-sleeved pink blouse with sky blue phoenix on it, pink skirt with winds on them, pink pants, pink high heels, and a pink long sleeveless trenchcoat with phoenixes and winds on the coattails and on the back is a phoenix with winds surrounding it. Suddenly, Hay Lin felt a sharp pain on her back, and then, massive purple angel wings with sky blue tips on the large purple feathers, sprouted out from her back. Hay Lin has on a Ring of The Phoenix with sky blue gem and heart shaped gem embedded in it on her right ring finger and White Lantern ring on her left ring finger.

Suddenly, Hay Lin's massive Sword of Kandrakar and the other swords she's gotten throughout the treasure battles began merging together, and they were surrounded by a kaleidoscope of pink energy, winds, life energy, and angels, and when it emerged, it was transformed into Kandrakar's Hurricane Sword of Magical Justice, it's a brand-new greatsword with the symbol of Wind and the symbol of Kandrakar etched on the 6'5" massive, wide, double-edged purple blade, large fairy wings for the crossguard, large blue-black gem embedded in the rainguard, longer black handle, and large blue-black gem surrounded by angel wings for the pommel, Hay Lin has on her new Bracelets of the Champions of The Universe with large blue-black gems on her wrists, Belt of Elemental Bravery with a gold phoenix head with sky blue gems for eyes and large blue-black gem in its beak for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on her right hip and her Eater of Sins revolver holstered on her left hip. Hay Lin has transformed into SUPER ANGEL INFINITY KANDRAKAR QUINTESSANCE WINDSTORM PHOENIX ANGEL OF WINDSTORM LIFE AND KANDRAKAR JUSTICE!

We were amazed by Hay Lin's Super Angel Infinity transformation, but when Yost Green Goblin saw it, he laughed maniacally and threw a pumpkin bomb at her, but Hay Lin redirected it with a blast of wind, and it exploded in his face. Then, she fired a powerful blast of blue-black energy with winds, life energy, phoenixes, and angels, and it hits the maniac, and sent him flying off his glider and into a wall.

Will Vandom: Ooh, now that was brutal.

Lincoln: But also, awesome.

Lori: Literally. Nice shot, Hay Lin.

Yost Cap: Spider Man, we need to discuss what happened back there!

Yost Wolverine: Our teams kept hitting one another!

Yost Reed: It's clear that all of us are inexperienced with working as one.

Yost Spiderman: I know. We suck at this.

Kaito: (Kicks Numbuh 362 and a Moeba) Not me and Mikey. All of us know how to work as a team.

Mikey Kudo: (Bashes Paul all over) And Reed's been with us ever since February.

Yost Reed: (Pulverizes Dark Lynn) That's true. I suggest we each focus our efforts on one opponent. Me and my team will focus on destroying Dark Lynn.

Yost Spiderman: You know Goblin's mine.

Nico: And J.D. and Hay Lin.

Yost Wolverine: Me and the X Men will fight Harvey.

Yost Cap: Me and the Avengers will fight Malfoy.

Mikey: Me and my friends will fight Paul.

Kaito: And me and my team will destroy Olympius.

Yost Cap: Alright. We have our targets. Let's-

Yost Spiderman: Wait! (they look at him) I love you guys.

Yost Wolverine: Um… ok.

Yost Reed: That's a little weird.

Mikey Kudo: I don't know how to respond to that.

Yost Cap: (smiles) We love you too, Peter.

Kaito: Yeah! Love you 3000!

Nico: YEAH!

We went at them! We went at them roaring at the top of our lungs and they went at us. We screamed in rage and went at each other and then when we collided…

EXTREMELY MASSIVE AND FIERY EXPLOSION!

Now it is a full-scale brawl!

Yost Cap: Spider Man, we need to discuss what happened back there!

Yost Wolverine: Our teams kept hitting one another!

Nico: YEAH!

We went at them! We screamed in rage and went at each other and then when we collided…

EXTREMELY MASSIVE AND FIERY EXPLOSION!

Now it is a full-scale brawl!

They blasted a bunch of Moebas all over.

Yost Spiderman: (to Yost Electro) Kinda weird fighting alongside one another!

Yost Electro: Yeah but it's awesome!

They fired waves of lightning and webs and blasted them all over.

Yost Goblin flew into the air and I was flying after him and he threw bombs at me and I dodged them and they exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: **Take this!**

I fired energy blasts and blasted him all over in powerful fiery explosion!

MASSIVE EXPLOSIONS!

Yost Doc Ock punched and smashed a bunch of Moebas all over with his tentacles.

Yost Doc Ock: (to Sela) Are there any geniuses among your team?

Sela: You know I don't think we ever thought about that! UNLEASH THE BEAST!

She spun around in a wheel form and slashed and smashed numerous Moebas all over the place!

They all exploded!

Sela: YEAH! Also I wouldn't mind this planet. I am a shark girl after all.

Yost Doc Ock: True.

I blasted Yost Goblin all over with lightning and electrocuted him. He then went at me with blades on his hoverboard and I jumped and slashed him from behind! Cutting his back deep!

Me: **That was for Aunt May!**

Yost Rhino: (to Tusk) Gotta admit, kid. You kick ass!

Tusk: Same to you even though I am an elephant. UNLEASH THE BEAST!

His feet turned into ELEPHANT LEGS and he jumped and smashed numerous Moebas and Yost Rhino smashed them and the Moebas exploded!

Yost Rhino: That was awesome!

Hay Lin went at Paul and was punching and pulverizing him all over the place!

Hay Lin: **You give all Pokemon Trainers everywhere a really bad name!**

She fired a wave of wind and blew him around in a tornado!

Leo: (to Yost Kraven) Let's show them some feline power!

Yost Kraven: You got it Comrade Leo!

Leo: UNLEASH THE BEAST!

THUNDERCLAP!

Lightning surged all over him and then he and Yost Kraven went at the Moebas and slashed and cut and electrocuted them all over!

Leo: That is Lion Power!

Lynn pulverized her dark self all over the place.

Lynn: You are an absolute disgrace to the power of Sports! You are not a winner at all! I can't believe I'm saying this even to myself. But YOU ARE NOTHING BUT A SORE LOSER!

Dark Lynn ROARED IN INCREDIBLE FURY AND RAGE!

Lynn punched and kicked her all over the place even more!

Yost Sandman: (to Amu) So… got any tips on getting a girlfriend?

Amu: Just find someone that you think is best for you. You'll find someone you love no problem.

Yost Sandman: Good advice!

Amu: UNLEASH THE BEAST!

She fired purple energy blades at a bunch of Moebas and slashed them all over and then they exploded!

Yost Sandman: YEAH!

Yost Shocker: (to Misao) Keep being brave right now, kid!

Misao: I'm trying but thanks. UNLEASH THE BEAST!

He used the Wolf Power and he got powerful wolf blades and slashed numerous Moebas all over the place.

Yost Shocker: OH YEAH!

Laney and Nico were punching and kicking Olympius all over!

Nico: You make me sick Olympius! You are just as pathetic as your mother!

Nico fired a blast of fire energy and it hit him and burned him all over!

Yamato: Monarch of the Jungle! Zyuoh Gorilla!

Yamato donned his awesome GORILLA POWER! He was big and muscular!

Eli: YEAH!

Yamato and Eli punched and pulverized Numerous Moebas and then went at Numbuh 363 and pulverized him all over!

Eli: You are no member of the KND. You are a disgrace!

Eli fired a blast of Force Lightning and electrocuted him all over!

Paul's Shadow Electivire was about to zap Shoutmon but Chris Aonuma caught it with one of the Poke Balls G1 Starscream worked on.

Chris Aonuma: Nice! G1 Starscream wasn't lying after all!

Paul: That's my Pokemon!

Shoutmon: Not anymore!

Mikey Kumo: Now you are nothing!

Shoutmon and Mikey kicked him square in the crotch and then kicked him into the air.

Master Goku then pulled out his power pole and he stuck it into the ground and just as Paul was about to land…

STAB!

He got stabbed right in his butt with Goku's Power Pole and he was screaming and running around in excruciating pain! Goku, Mikey, Nene, Dawn and Ash were laughing at Paul and humiliating him as he was in pain! Like how Goku did to Murasaki back in his youth!

Paul then had the pole pulled out of his butt!

Goku: (LAUGHS)

Dawn: (LAUGHS) WHAT AN IDIOT!

Paul: You may have caught my Pokemon. But I'll be back!

Paul threw a smoke bomb. When the smoke cleared, Paul was gone.

Mikey Kudo: At least his Shadow Pokemon is ours.

Chris Aonuma: I got his Electivire. What did you get?

Dawn: His Torterra.

Mikey: His Infernape.

Nene: And his Empoleon.

Numbuh 363 fired a laser blast at Yost Wolverine but he dodged it.

Yost Wolverine: I hope I never have a kid that's as rotten as you!

Numbuh 363: GOOD!

Yost Wolverine then slashed him right across his face! He blinded Numbuh 363 permanently by slashing his eyes out! He screamed in pain!

Numbuh 363: MY EYES!

Lola: That must've hurt! But it's what you get for being a jerk to your team!

Numbuh 362: That's right! It's time we send you to Permanent Detention!

Numbuh 363: This isn't over!

Numbuh 363 threw a smoke bomb. When the smoke cleared, Harvey was gone.

Yost Wolverine: (to Numbuh 362) Sorry, Rach. Your brother's too far gone.

Numbuh 362: Don't worry I'm not too far concerned. He is a disgrace to the Kids Next Door. He can die for all I care.

Yost Wolverine: But at least he's blind forever.

Lola: That's true. You left your mark on him Logan.

Yost Wolverine: I sure did.

Malfoy: Avada Kadavra!

Malfoy fired a blast of green light but Yost Cap blocked with his shield.

Malfoy: What?! How?!

Yost Black Panther: You didn't think after Loki, I wouldn't come prepared? When I rebuilt Captain America's shield, I managed to make it immune to all forms of magic.

Yost Captain America: And you don't even have a wand.

Malfoy: I just got a new wand.

Yost Captain America kicked him in the crotch and then Lyra Loud grabbed it and snapped it in half and destroyed it.

Selena Slytherin: You make me sick Malfoy. You don't care about anyone!

Selena then fired a blast of magic and stripped him of all his powers and made him the very thing that Slytherin hated the most, A MUGGLE!

Malfoy: WHAT DID YOU DO TO ME!?

Selena Slytherin: Turned you into the very thing you hate most: A Muggle!

Malfoy: (sneers) Muggle or not, I'll get all of you back for this!

Malfoy threw a smoke bomb. When the smoke cleared, Malfoy was gone.

Selena Slytherin: That will be the day!

I punched Yost Goblin and smashed him down into the ground!

Yost Ms. Marvel: (To me) If it makes you feel better, Dark Lynn and Olympius will DEFINITELY get the Black Gates.

Me: **I know and I'm going to stick with that.**

Yost Ms. Marvel: Good.

I punched Yost Goblin and smashed him in the stomach!

Yost Thing: It's clobberin time!

Yost Thing grabbed Dark Lynn and slammed her into the ground several times.

SMASH SMASH SMASH SMASH SMASH!

Lincoln: Save some for me and my Guardian Angels!

Yost Thing: Sure thing!

Lincoln: LETS GET HER GIRLS!

Lincoln and the Guardian Angels jumped her and smashed and pulverized the living shit out of her and more! She was smashed all over.

Dark Lynn: (laughs weakly) Poor Fantastic Four. Too weak to send me off to Hell.

Yost Invisible Woman: We're far from weak. We just feel like someone more deserving should kill you.

Yost Human Torch: Go ahead and off her with that blaster, Lincoln. Turns out G1 Starscream wasn't lying after all.

Lincoln: You got it.

He fired a blast of energy from the blaster given to him and it hit Dark Lynn and she melted into a puddle of RED SLOP! She was dead! Then her spirit appeared!

Lincoln: You are a disgrace to the family name Dark Lynn! It's time you die for good!

He used the black gates on her and destroyed her for good!

Olympius: If I die here, so will some of you!

Yost M.J. and Yost Gwen were about to charge him from behind but he punched them off a cliff, with them screaming all the way.

Yost Spiderman: M.J.! GWEN!

Yamato: I'll get them! Unleash the Beast!

Yost MJ and Yost Gwen closed their eyes… only to reopen them when they saw that Yamato used his wings to fly and save them.

Yamato: Are you two okay?

Yost Gwen: Thanks to you Yamato!

Yost M.J.: Yeah!

Zenkaigers: Zenkai Cannon!

They activated the powers of 45+ Years of Sentai Teams and they fired 45 laser blasts and they formed into the Zenkaiser Head!

Nico: You are the lowest of the low Olympius! KAAAAAA MEEEEEE HAAAAAAA MEEEEEEE HAAAAAAAAAAAAAAAAA!

He fired a massive red Kamehameha Blast infused with Black energy of the Black Gates and the blasts both hit Olympius and obliterated him and sent him to the Black Gates forever!

Nico: And then there was one.

Me: **The rest got away but we'll be ready for them.**

Troy: Alright. This one's for Takeru.

I pulled out the keys for Kamen Rider Ghost.

Me: **I call the Ghost Rider team Eon Ghost Force.**

Nico: Cool name.

Laney: I like that.

Troy: It fits perfectly.

Megaforce Rangers: LEGENDARY KAMEN RIDER MODE! EON GHOST FORCE!

Zyuoghers: Zyuoh Slash!

They fired blades of energy. The blasts, combos, techniques and final smashes all hit Yost Goblin and exploded with incredible power!

EXTREMELY MASSIVE AND INCREDIBLY POWERFUL FIERY EXPLOSION!

The massive power and force of the explosion shook the planet of Chum! The immense mushroom cloud could be seen for miles!

When the smoke cleared, Yost Goblin was down but not out!

Me: **It's over for you Norman! Time for you to pay for everything you've done.**

Nico: It's over, Norman.

Me: **Didn't I say that already?**

Nico: Sorry.

Yost Norman: Not yet it isn't!

A giant pumpkin robot appeared!

He laughed insanely!

Me: **WHOA!**

Nico: We're gonna need Zyuoh Zord Power!

Laney: Yeah!

The Zyouhgers summoned their Cube Zord Animals!

And they combined!

Zyuoghers: ZyuohKing!

Misao: Tousai Zyuoh!

Yost Goblin: You think I'm scared of your little toys?

Me: **No but you will be scared of this!**

A massively huge SPACE WHALE CUBE ZORD AS BIG AS THE WHOLE MOON APPEARED!

Nico: WHOA LOOK AT THE SIZE OF THAT ONE!

Eli: That's as big as the moon!

Me: **This is the Moon Whale Zyuoh Zord! Watch this.**

It fired waves of energy and blasted the Pumpkin Robot all over the place.

Nico: WOW! What power!

Me: Now watch this one!

I had it combine and then ALL OF OUR ZYUOH ZORDS appeared and they combined with it into a massive and incredibly huge new ZYUOH SUPER OMEGACUBE ZORD! It was composed of 100,000 CUBE ZORDS! It was a new Super Ultra Omegazord for the Zyuohgers! It was called THE ZYUOH-EARTH UNITY SUPER OMEGA CUBEZORD!

Me: **Zyuoh-Earth Unity Super Omega Cubezord! ONLINE!**

Yamato: WOW! This is really awesome!

Sela: Wow! What power!

Leo: This is so awesome!

Nico: WOW! That is awesome! Well Done J.D.!

Me: **Thanks!**

Sento: The laws of victory are set!

Calamitous! Gizmo! Best Match!

He donned awesome brown and green armor and had the powers of Calamitous and Gizmo and then he blasted and knocked down Yost Black Cat.

Banjo: Take that!

Pohatu: Oh yeah!

Banjo: What do you guys want to do now?

Pohatu: Lets watch the battle.

Me: **Now for this. CUBE POWER OMEGABEAM!**

It then formed a square door and it fired a massive beam of energy and it hit the Pumpkin Robot and then a number totaled up from 0 to 100,000!

Then…

**EXTREMELY MASSIVE AND INCREDIBLY POWERFUL FIERY EXPLOSION!**

The robot was destroyed!

Me: **YEAH!**

They cheered wildly!

Nico: Yost Goblin you have failed this planet.

We went up to him and powered down.

Yost Norman: (laughs weakly) Happy now, Parker?

His answer was a hard punch to the face that knocked most of his teeth out. Then Yost Spidey grabbed him to lift up and threw him hard across the ground. Yost Spiderman then grabbed Stewie's blaster, took off his mask, and pointed it at Yost Norman.

Stewie: Hey, that's my-

Nico: No. Let's watch what happens. Peter needs this.

Yost Spiderman: Happy? Happy!? Aunt May's injured because of one of your goons and you're asking me if I'm happy?! Ock and the others I actually like. But it's you that I hate the most! I should've killed you the minute I saw Harry dressed up in your costume. If I did, then maybe you wouldn't have done so many crimes such as turn Mark into Molten Man. But there's nothing I can do about that now. The only thing left to do is take you down once and for all.

Yost Norman: Killing out of vengeance isn't like you.

Yost Spiderman: No. I'm killing out of justice. Goodbye, Norman.

Yost Spidey pulled the trigger… only for a click sound to be heard and nothing to happen. Peter tried this a few times but it's clear that the gun wouldn't shoot.

Stewie: Out of ammo?! Seriously?! After so many chapters shooting nonstop without reloads, it chooses now to run out of ammo!

Jamesdean5842: Sorry Stewie!

Yost Spiderman: (Yost Norman laughs) What Hell's so funny now?!

Yost Norman: It's just that… you're about to kill me after that rant. And then, you run out of ammo! That actually is… pretty funny!

Stewie: Fuck you, asshole! I'm not letting you make fun of us for this! (knocks him out)

Brian: If there was the most Bullshit Moment of the Year award, this would be it.

Hay Lin: Sorry, Peter. We know you wanted to kill him just now.

Yost Spiderman: (sighs) It's fine. I guess fate just really wants Norman to pay for his crimes in prison.

Yost Doc Ock: Since you all want to put a curse on him, it should be the one that makes him an old man.

Lincoln: Leave that to me.

Lincoln went up to him.

Lincoln: It's over, you insane dirtbag, you are never going to torment Spiderman and his friends ever again.

Suddenly, Lincoln was surrounded by a massive vortex of silver energy with clocks ticking, and when he emerged, the 17-year-old 7'5" tall, handsome, and extremely muscular man's long, white hair that reached the bottom of his neck silver except for the rainbow lightning bolts on the bangs, his deep sapphire blue eyes turned deep silver, the eight large orange orbs orbiting around his legs turned silver, his large blue pants turned white, but the rainbow colored lightning bolts on them remained the same, his massive orange bands with silver phoenixes on his abnormally massive and powerful biceps and thighs turned silver, his orange version of He-Man 2002's loincloth and long orange trenchcoat coattails with elemental forces, thunderbirds, buffalo, and angels with hanging small silver lightning bolts turned silver, and his massive deep sapphire blue angel wings with stars turned deep silver. Lincoln transformed into CHRONO LINCOLN, his ninth Elemental HERO form.

Suddenly, we saw clocks surrounding Lincoln, and then, the bell tolling in the air, the sound of judgement.

Lincoln: (Singing Divinely) I see a cold wind blowing through, I see days neither fun nor free, I see a future caused by you, I see a path not meant to be. Your future should filled with magic, dreams, and wishes brought to life. But, the days ahead are dark and tragic, no time for hope when all is strife, whatever might have been, all the dreams that you did share, because of you, Norman Osborn. Now, the future is a cold nightmare.

Nico and I had shivers going down our spines and so did many of us when Lincoln sang that song.

Then, Lincoln fires powerful blasts of silver energy and time energy from his massive angel wings, and as they hit Yost Goblin, the Chronos' Vengeance curse he created took effect as Yost Goblin was aged rapidly to the point where he looked like a 150 years old man, his looks were all gone, and when he saw what happened to him, he was horrified.

Nico: Dang.

Me: Nice one, Lincoln.

Nico: That fits perfectly.

?: I will make every last one of you commoners pay for what you did!

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, TLPS Ms. Tarantula's, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large midnight blue orbs orbiting around TLPS Mr. Wolf's legs, the eight large crimson red orbs orbiting around Naruto, Tahu, Vakama, and Nate Adams' legs, the eight large fiery red orbs orbiting around Zach Gurdle's legs, the eight large silver orbs orbiting around Clyde McBride's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large black orbs orbiting around Lucy, Lars, and Dudley Puppy's legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam, Lana, and Leif Loud's legs, the eight

large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blood red orbs around Marco Diaz's legs, the eight large blue orbs orbiting around Lori, TLPS Mr. Shark, Skippy, Sean Bolton, and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan, TLPS Mr. Snake, and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, the eight large rainbow orbs orbiting around Rainbow Dash's legs, the eight large aqua and ocean blue orbs orbiting around Varie, William Dunbar, and Adam Lyon's legs, the eight large white orbs orbiting around Timmy Turner's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs, along with our gems on our Bracelets of The Champions of the Universe were glowing, and that means we've got big trouble incoming.

Nico: I should've known there's no mistaking that voice. You can come out now, Urien.

A figure came out, and it was none other than Urien from the Street Fighter franchise, Gill's younger brother and malevolent member of The Secret Society.

Chun-Li: Should've known you'd show up here, Urien.

Lincoln: And now, you're about to suffer the same fate as your brother for everything you've done in the name of The Secret Society.

Urien: I will destroy you if it's the last thing I ever do!

Urien fired a Metallic Sphere at Lincoln, but Lincoln absorbed the electric sphere and it made him even stronger than ever, and it pissed Urien off even more.

Electro: Oh man, now Urien's even more pissed off big time.

Hay Lin: But, his dangerous anger and rage is about to be his undoing.

Suddenly, Hay Lin's black eyes turned neon sky blue, and she was surrounded by a pink energy aura with winds, life energy, and angels, she unholstered her massive Kandrakar's Hurricane Sword of Magical Justice from her back, and as she approached Urien, she left pink energy, winds, life energy, and angels with every step.

Hay Lin: Urien, you have caused nothing but pain and suffering to so many innocent people and all for your own obsession for power and in the name of The Secret Society, and now, you will pay the price for every last one of your crimes, and you will suffer the same fate as your brother, Gill.

Suddenly, Hay Lin was surrounded by a massive vortex of pink energy with winds, life energy, and angels surrounding it, there's an angel flying around the vortex, and inside the vortex is a sky blue phoenix. Then, as the vortex faded, Hay Lin emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Hay Lin grew from 6'5" to 6'11" in height, she has the body of a goddess, she has sky blue highlights in the bangs of her long blue-black hair put in two pigtails, she has sky neon blue eyes and a pink energy aura with winds, life energy, and angels surrounding her, she has a phoenix with the Wind Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with sky blue gems for eyes and the Wind and Eternity Kanjis in its claws and her Crystal Necklace of the Buddha with blue-black crystal links and a phoenix with sky blue gems for eyes and holding the Wind and Eternity Kanjis in its claws for the pendant, she has on a long-sleeved pink blouse with blue-black phoenix on it, pink skirt with winds on them, pink pants, pink high heels, and a pink long sleeveless trenchcoat with phoenixes and winds on the coattails and on the back is a phoenix with winds surrounding it. Suddenly, Hay Lin felt a sharp pain on her back, and then, her massive purple angel wings with sky blue tips on the large purple feathers grew much bigger for her new body. Hay Lin has on a Ring of The Phoenix with sky blue gem and heart shaped gem embedded in it on her right ring finger and White

Lantern ring on her left ring finger.

Suddenly, Hay Lin's massive Kandrakar's Hurricane Sword of Magical Justice was surrounded by a kaleidoscope of pink energy, winds, life energy, and angels, and when it emerged, it was transformed into Kandrakar's Hurricane Quintessence Greatsword of Magical Justice, it's a brand-new greatsword with the symbols of Wind and Kandrakar etched on the 7'0" massive, wide, double-edged purple blade, large fairy wings for the crossguard, large blue-black gem embedded in the rainguard, longer black handle, and large blue-black gem surrounded by angel wings for the pommel, Hay Lin has on her new Bracelets of the Champions of The Universe with large blue-black gems on her wrists, Belt of Elemental Bravery with a gold phoenix head with sky blue gems for eyes and large blue-black gem in its beak for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on her right hip and her Eater of Sins revolver holstered on her left hip. There are blue Chinese characters below the phoenix that said, "Hay Lin, Guardian of Air, Loving Granddaughter of Yan Lin, Loving Daughter of Joan and Chen Lin, Friend of Will Vandom, Irma Lair, Taranee Cook, and Cornelia Hale, Destroyer of Dark Nerissa and Phobos, Sister of Yost Spiderman and His Friends, Loving Girlfriend of Eric Lyndon, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Friend to Many, Amazing and Powerful Student of Amazing and Powerful Teachers, Amazing Member of Team Loud Phoenix Storm, and Master of Quintessence, Winds, and Life Energy"

海琳，空气守护者，严琳的孙女，琼和陈琳的女儿，威尔·范多姆的朋友，艾玛·莱尔，塔兰妮·库克，还有科妮莉亚·黑尔，黑暗尼丽莎和火卫一的毁灭者，约斯特蜘蛛侠和他的朋友们的妹妹, Eric Lyndon 的挚爱女友, 邪恶的杀手, 疯狂的, 凶残的, 无情的, 和虐待狂的混蛋, 许多人的朋友, 神奇而强大的老师的神奇而强大的学生, 大声凤凰风暴团队的神奇成员, 和精华大师, 风,和生命能量

Hay Lin has transformed into SUPER ANGEL ETERNITY INFINITY KANDRAKAR QUINTESSANCE WINDSTORM PHOENIX ANGEL OF WINDSTORM LIFE AND KANDRAKAR JUSTICE!

We were amazed by Hay Lin's Super Angel Eternity Infinity transformation, but when Urien saw it, he fell into an even more maddening rage and he fired two more Metallic Spheres at her, but Lincoln had absorbed the electric spheres and it made him even stronger than ever, and Hay Lin fired a powerful blast of blue-black energy with winds, life energy, phoenixes, and angels, and it hits Urien, and sent him flying into a wall.

Will Vandom: Wow, Hay Lin's transformed into her Super Angel Eternity Infinity form, awesome.

Nico: And after Lincoln absorbed the two Metallic Spheres Urien fired at her, she sent him flying into a wall with a powerful energy blast, and it really pissed him off now.

Me: This is going to be awesome.

Hay Lin: (Divine Echoing Cosmic Voice of The Kandrakar Wind Guardian and Divine Wind Life) You said it, J.D. Ready, Lincoln?

Lincoln: Ready, Hay Lin.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Hay Lin.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Let's end this malevolent bastard once and for all.

Hay Lin and Lincoln went after Urien, who continued firing Metallic Spheres at them, but Lincoln had absorbed them and it made him even stronger than ever, and they fired powerful blasts of rainbow energy, pink energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Fairies at Urien and they exploded with incredible power as they hit him, and it made him even angrier than ever. Then, Hay Lin fired powerful blasts of wind, which slashed at him and left scars on his face and tears on his suit, but that made him unaware that Lincoln teleported right behind him and he sprouted one of his eleven massive, long, and powerful white werewolf tails with Cell's suction stingers, which opened up into a large suction.

Then, Lincoln latched it onto Urien, and he was unable to even get out no matter how many times he struggled. Then, Lincoln sucked him inside into his body, and then, Lincoln assimilated all of Urien's powers and abilities, along with Urien's knowledge of everything he's done. Then, when Lincoln was done absorbing Urien into his body, an energy card formed in his large left hand with Urien's soul inside it, and a kanji appears on his forehead and he was sent to The Black Gates forever. We cheered wildly for what Hay Lin and Lincoln did as they holster their massive greatswords on their backs and powered down, and Hay Lin's new body, clothes, weapons, jewelry, and massive blue-black angel wings are permanent.

Hay Lin: Alright, that's it for Urien. Thanks for helping me take that maniac down, Lincoln.

Lincoln: You're welcome, Hay Lin.

Then, Hay Lin and Lincoln shared an awesome high five as rainbow and pink energy with elemental forces and mythological animals came out from their hands, and we cheered wildly.

Nico: That's two of the top members of The Secret Society put down once and for all, but there's more of them out there, but we don't know where to look.

Lincoln: Not to worry, Nico. I know exactly where to look.

Me: That's right, you absorbed both Gill and Urien, and you also gained knowledge of not only their fighting techniques, but also the whereabouts of the other members of The Secret Society, awesome.

Lincoln: You said it.

Rayman: Those Secret Society dirtbags are in big trouble when they see us, but they'll be unaware we know exactly where they're at.

Nicole: You got that right, Rayman.

Nico: And this means tomorrow we're holding a big party to celebrate the completion of Phase 1 of The Ambassador Missions.

Pinkie Pie: And we'll be ready to start planning the party, Nico.

Lincoln: That'll be after we find the next Champion of Harmony tomorrow, Pinkie.

Nico: Right. So, Lincoln, which Duel Monster Gene-Slammer are you hoping to meet tomorrow?

Lincoln: That's a good question. Ooh, how about a Gene-Slammer for the Duel Monster, Archfiend Emperor, the First Lord of Horror?

Nico: Wicked and scary, awesome.

Me: You said it.

Eli: Yikes, The Archfiend Emperor, the First Lord of Horror?! That guy is really scary and horrifying.

Nico: Yeah.

We beamed Yost Goblin to the Neptune Prison and he was put in Solitary Confinement. He was forever cursed with a fate worse than death. Better than the Black Gates.

Yost Aunt May came as we were back on Earth.

Yost Peter: Are you alright, Aunt May?

Yost Aunt May: Peter, it's just a small wound. Nothing to be upset over.

Yost Peter: But… you got hurt because of me.

Yost Aunt May: Peter, all that matters is that me and Uncle Ben are proud of you.

Yost Peter then hugged him.

Me: Uh Nico can I let it out now? I've held it in this long.

Nico: Oh go for it.

Me: Thanks.

I ran fast to a trash can and then THREW UP EXPLOSIVELY INTO IT! YUCK!

Nico: EW! But at least he made it the whole way!

Mammoth: Well, Yost Norman's in prison and Spidey's name is cleared.

2016 Morbucks: I bet Takeru will be proud to here that a Legendary Mode based on him was used.

Nico: I'm sure he will.

Toyman: (to the Build team) You guys helped as well.

Sento: We sure did.

Nico: And we owe you guys big time for it. We'll see you all in August.

Regina Marshal: I'm gonna love it here with you guys.

Yamiko Shinnosuke: Same here.

Celine Giachi Lorres: And don't forget about me too.

Eccentro: You girls won't regret it.

Ebon: I can't believe I'm saying this. But we should also thank G1 Starscream as well.

Nico: I agree there. But at least we are rid of Yost Goblin. And this was an awesome way to finish the first phase of our Ambassador Missions.

I came back and then I collapsed from exhaustion.

Varie: Oh man!

Varie looked me over.

Varie: He's all right. Just exhausted from throwing up too much.

Nico then picked me up.

Nico: Lets go home guys.

Nico snapped his fingers and then merged the Yost World with ours.

Yost Peter: (smiles at the sky) Uncle Ben, I've made some really good friends.

Yost Ben smiled from the heavens. It was awesome and it was an awesome adventure to finish the first half of the year with a bang!

Yost Spiderman: (To the viewers) Now this was an awesome adventure! Hope you all loved this one as much as we did.

Nico: We all did. But great job today everyone. You all did really great.

Eli: Thanks Nico.

Varie: Thanks.

Nico: Especially you Varie. You helped Aunt May.

Varie: Just doing my job as a healer.

We went back home and Nico put me in my bed and I was gonna be out cold for a while. Everyone enjoyed the rest of the day and went to sleep. We had an awesome party planned for tomorrow.

THE END!

She also has a horrifying revelation about Lori, Lynn, Lola, Lisa, and Luan that could've gotten them sent to a boarding school for heartless brats on the other side of the world. Tomorrow is an awesome party chapter as we celebrate finishing Phase 1 of the Ambassador Missions.

See you all tomorrow!

# 2022 AMBASSADOR MISSION PARTY

Walking through the town of Splittsboro in Canada was Nico, Kendra Armstrong, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily and we were heading there to go to the amazing and interesting Sidekick Academy. Which was in every way like the Sky High Superhero Academy and the U.A. Academy but for sidekicks for Superheroes.

Nico: So we're going to an awesome Sidekick School. That is so awesome.

Sirius: This is gonna be awesome. It's perfect for people that are sidekicks for Superheroes.

Me: Yeah but we weren't properly introduced on Lincoln's rescue the first time. So we're going here to really make it a great rescue. You guys will love this place.

Laney: I can't wait to see what it's like.

Fu: Me neither.

Nico: Thanks for coming with me, Kendra.

Kendra: Anytime Nico. It's going to be fun to go on an awesome rescue with you.

Nicole: You will love it.

Nico: Kendra, do you like having Charlie Brown as a little brother?

Kendra: Absolutely Nico. He is awesome and fun to get along with. Too bad Lucy likes to poke fun at him by pulling the ball away from him every time.

Laney: That always was an iconic thing they did back then.

Lucy Loud: That sure was and I did that to Lincoln at one time too because I couldn't resist.

Lincoln: That was a cool thing though.

Lola: Yeah it sure was.

Me: It was awesome meeting Charlie Brown and his friends.

Camie: That is so awesome that you guys got to meet Charlie and friends.

Starlight Glimmer: And it was awesome how we destroyed that Satanic Great Pumpkin too.

Kendra: That was awesome.

Nico: And you found several Cybertronians together.

Kendra: Boy we sure did. That was so awesome.

Laney: It was awesome.

Nico: It sure was.

Me: We're here.

We arrived at Splittsboro Sidekick School.

Nico: Wow! This is amazing.

Lola: It sure is awesome.

Sirius: I can't wait to see what this is like.

We went in.

We were walking through the halls.

Nico: Wow nice place.

Laney: It sure is.

Eli: Yeah. So why are we here?

Me: Our scans got reports of Another Ranger here and we're going to also take down that grumpy and cruel headmaster here. His name is Professor Pamplemoose. He runs this entire school like it's a prison camp. He has devoted his life to turning worthless students into worthless Sidekicks.

Nico: That's not right!

Me: No it's not! And as a superhero myself I would never treat a sidekick like that! I would love a sidekick like my own brother or sister instead of treating them like a brother or sister and like they are part of the family instead of a slave.

Lily: That is very noble.

Camie: Boy it sure is. I think it's awesome.

Sirius: You are a good person J.D.

Me: Thank you.

Nico: J.D., why did you have to bring yesterday's battle to the you know what planet?!

Me: I know it wasn't the best idea but it was to show the true disgust of the villains we were facing. You know to make it look like an outward physical manifestation of their truly vile and disgustingly despicable.

Nico: Oh I get it! That makes a very accurate description.

Me: Yeah.

Eli: That does make sense.

Me: Yep. Also we were too cramped up in the Oscorp Building and we were fighting in a populated area of New York City and I didn't want to get people caught in the crossfire of our battle.

Nico: Good thinking there.

Laney: Yeah we got to be careful.

Nico: Next time, if you want to do that, take us to Stinkfly's home planet.

Me: Noted. Sorry about that.

Nico: No worries. But you holding in your vomit like that for that long really took a lot of guts and courage.

Me: It sure did.

Lincoln: Yeah.

We were walking around.

Lola: Wow this place is really cool. And the desks are all computer consoles.

Lisa Loud: Very amazingly well placed.

Me: I think that is awesome myself.

Nico: Yeah.

Varie: Looks like everyone is at lunch.

Me: Yeah.

We went to the cafeteria and we saw all the kids there.

Me: Wow.

We saw the cafeteria lady serving REALLY Disgusting food.

Me: Yuck!

Nico: This place needs much better food.

I then saw a table with 4 kids at it and they were Eric Needles, Trevor Troublemeyer, Kitty Ko and Vana Glama.

---

Eric Needles (Miklos Perlus) - Eric is a boy who was adopted as the sidekick to Maxum Man, the greatest superhero of all time (before he disappeared). He also has a huge crush on Vana, but he later seems to be more infatuated with Mandy Struction. He grew up in an orphanage because he has no known parents, although in the Funpak short: The Evil Trevor, Eric says that he once had a dad who spit on his face all the time, until he died. He was adopted by Maxum Brain. Eric always wears a T-shirt with a skull on it (hinting at what Todd Kauffman would make after Sidekick ended production). He and Trevor always get into trouble and they don't have common sense. He and his friends are often forced to clean up the messes they caused. In the Funpak shorts, he was voiced by Peter Oldring. With Maxum Man missing, Eric must do all his heroic duties to ensure the public is safe and make them think he still on the job but unfortunately, he has no powers nor hero experience to fight the villainous threats Maxum Man faces. Luckily, he has friends to help him out and gives him good and solid advice on how to handle these kinds of situations.

Trevor Troublemeyer (Christian Potenza) - Eric's best friend. Trevor always ropes Eric into all sorts of hijinks. His father is Master XOX but he, and the others are all completely unaware of this. Like Eric, he knows that Maxum Man is missing and helps him keep it secret from the public or risk mass panic if they ever find out. He went to Sidekick Academy in order to become a henchman of his father.

Kitty Ko (Denise Oliver) - Kitty is a girl who, despite being a bit strange, gives the rest of the group advice, and is somewhat a good hacker and fixer. She has a huge crush on Eric and has a bit of a stalker-like obsession towards him. She literally had a condition of two left feet as revealed in "Trip Van Twinkle Toes" and like Eric, she is an orphan as revealed in "Parent Teacher Night of Doom". In the Funpak shorts, she was voiced by Stephanie Beard. Unlike Eric and Trevor, she is unaware that Maxum Man is missing and is shocked and terrified at the thought of it.

Vana Glama (Stephanie Anne Mills) - Vana is a hyper-ambitious prima donna who is not easily impressed and is extremely shallow. She often tortures Eric and hates him for no apparent reason (although she is not aware of it). Despite this, Eric has a huge crush on her, often oblivious to her selfish, snobby, and more-often-than-not sour-hearted character. In the Funpak shorts, she was also voiced by Stephanie Beard. Like Kitty, she is also unaware Maxum Man is missing and also shocked and terrified at the thought of it.

---

Me: There they are.

We went over.

Nico: Hey, Eric!

Eric Needles: Wow! Hey guys!

Me: Sorry we weren't properly introduced the last time we were here on Lincoln's rescue.

Lincoln: Yeah I wanted to get it done fast so we can get back for our mission.

Kitty Ko: That's all right but it's awesome you all are here!

Vana Glama: Yeah it's awesome you all are here.

Trevor: It sure is awesome.

Me: Yeah it is. Also Trevor I forgot to tell you this but your voice sounds just like Chris McLean's.

Trevor laughed.

Trevor: Yeah I do sound like him don't I. Also thank you guys for telling me my dad was XOX.

Nico: No problem.

Eli: That must've been quite a shock to know that your did and XOX were both one in the same.

Trevor: Yeah it sure was.

Me: Like Dr. Jekyll and Mr. Hyde.

Trevor: Exactly.

Nico: Is it wrong that we're actually considering on recruiting him for the Masters of Evil?

Trevor: Not it all. But that was a crazy and awesome rescue.

Laney: It sure was.

Sirius: You guys look like you're doing great though.

Eric Needles: Yeah we sure are.

Vana Glama: Yeah but also thank goodness you guys are all here. (Beckons us) You can help us bring down the headmaster here.

Me: We actually came here to do that as well as take down Another Ranger here. This school was turned into a prison camp because of Pamplemoose.

Tsuyu: He has no love for anyone.

Me: No he doesn't.

Lola: But we're going to make sure that he gets what's coming to him.

Eric Needles: Thanks guys.

Kitty Ko: Yeah we are all grateful to you all. We also need to do something about the food here too.

Nico: Well we'll gladly have this entire school reevaluated when we place it into our World Tree Estate.

Kendra: I'm afraid to ask. How bad is the food?

Vana Glama: It's REALLY bad. What happened to the days when we had good food?

Me: This school obviously doesn't have that.

Lana was eating some of the food and she liked it.

Trevor: That is cool that Lana likes that food.

Me: Oh that's Lana for you. She eats ANYTHING that's gross.

Lana: (With her mouth full) And I love it.

We laughed.

Sunset Shimmer: That is so awesome.

Nico: It can't be any bad than the food Kendra over here had to eat at the Underground City.

Nico tried a bite of the Battle Gruel they were having and then his face turned green and Nico ran to a trash can and threw up!

Nico: BLECH! Oh that is sick!

Me: Oh boy. This place needs a tune up from top to bottom.

Eric Needles; Yeah I don't like the food here.

Me: We'll gladly fix then. (Gets an Idea) I know.

I stood on top of a table.

Me: Hey guys! How would you like some real food instead of the garbage they serve here?

Everyone cheered wildly!

Me: Well then…

I fired a beam of energy and formed trees with all their favorite foods on them!

Eric Needles: Now that's more like it!

Everyone cheered and they went over and picked their foods and they ate them.

---

French Narrator: (French Accent) One delicious meal later.

---

Eric Needles was really full.

Eric Needles: Ahh. That was so delicious! (BELCH!)

Trevor: Boy it sure was. (BURPS)

Eric: Kendra, what food DID you eat at the Undergruond City?

Kendra: Trust me Eric, some things are best left unsaid.

Me: In other words you don't want to know.

Eric: Oh sorry.

Vana Glama: By the way J.D. just so you know I have a strong hatred towards my sister, Savannah.

Me: Why what did she do?

Vana Glama: She was always better than me in everything.

Me: Oh man.

She told us everything that happened with her and all that and that Savannah was doing things a normal sister would. But Vana was fed up with living in her shadow all the time.

Me: Oh Vana she was doing all that because she loves you. It's how a normal sister would do so.

May: That's right.

Nico: Vana, if you two don't patch things up, you'll end up becoming an Another Rider or an Another Ranger.

Me: Nico it's not that bad of a hatred and please stop using that Another Rider or an Another Ranger thing.

Nico: Sorry. Just being cautious.

Me: Oh.

Vana: But your'e right.

But then…

BOOM!

Something crashed through the wall and we saw Vana's sister SAVANNAH GLAMA!

Nico: Whoa!

Savannah Glama: Well this is amazing! Team Loud Phoenix Storm it's awesome to finally meet you.

Me: Same here Savannah.

Eli: Yeah.

Me: Also Savannah it's time for you and Vana to stop hating each other so much. You two are sisters and you should be loving each other and not hating each other.

Vana: Yeah sis. We need to start working together as sisters should.

Savannah: Oh you're right. I haven't been a great sister to you Vana and I'm sorry for that.

Nico: As much as I'd like Eli to discipline you two, we've got more important things to worry about.

Me: First we need to deal with Pamplemoose. He should be here right about… Now.

He came in and we were sitting in different places and we were glaring at him with eyes glowing red with our Justice Glare.

Pamplemoose: (German Accent) Team Loud Phoenix Storm!?

Me: That's right. And before we battle we need to have a little chat about everything you have been doing to this school to make sidekicks everywhere look bad.

Eli: That's right.

Nico: Your food sucks, you know that?!

Me: And you treat the students like they are prisoners of war, you give them meaningless lessons and don't show any of the students any respect and you give them stupid tests. Look at this!

I held out some tests and they had stupid and dumb questions not affiliated with superheroes.

Eli: This school is going downhill fast!

Nico: Let me see some of the questions.

I showed them to him.

Nico read them and they were stupid answers even the stupidest of braindead idiots could figure out! Like nursery rhyme questions and more.

Nico: THIS IS PATHETIC!

Lola: Yeah!

Laney: You are not teaching these kirds anything!

Nico then saw a peculiar question.

Nico: (reads it) "Does Beer Aid exist?" Well, only one way to find out. Hey, Beer Aid!

A beer version of Kool Aid burst of the wall.

Beer Aid: Oh yeah!

Me: Okay that's funny!

Laney: Beer Aid?

Nico: Okay that is cool.

Lola: That is awesome.

Poromon then appeared on top of Beer Aid.

Poromon: Hey, guys! Meet my new friend Beer Aid!

Nico: Poromon?

Me: (Snickers) How awesome and funny.

Lola: Yeah that is awesome.

Beer Aid: It sure is!

Laney: Can you make Pamplemoose drunk for us.

Beer Aid: You bet I can.

He fired a wave of beer and poured it all down his mouth and then he got drunk really fast!

Nico: That was funny!

Kendra: (looks behind Poromon and Beer Aid) Guys, I think you two were followed!

We heard an eerie moan and then out came a scary version of Changeman Red and he had scary dragon wings and was glowing in an intense red dragon aura and he had a skull helmet. It was ANOTHER CHANGE RED!

Lola: WHOA! A Changeman Another Ranger!

Me: We'll call this Another Change Red.

Nico: Another Change Dragon is more appropriate.

Me: That does sound better. This is the first 1980's Super Sentai Another Ranger we faced.

Aylene C.: It sure is.

Then it put its hands on its head.

Another Change Dragon: (In a Girls Voice) HELP ME J.D.!

Me: That voice!

She reverted back and I saw that it was a blue hair girl with blue eyes and she had blue clothes with 5 mythological animal symbols on her skirl!

Me: Oh man! Melanie Wirthington!

Nico: You know her J.D.?

Me: I sure do. She went to my elementary school cooking classes and she and I made really awesome foods together. She is one of the best cooks I've ever seen and has what it takes to be a world famous chef.

Nico: Wow! Great cooking at a young age.

Me: She was cooking ever since she was in kindergarten. Great talent there.

Melanie Wirthington: And it was awesome but J.D. help me! I can't control this power! It's too much!

Me: Hold on Melanie!

Nico got out Shendu's Ridewatch but got an idea.

Nico: Kendra, catch! (throws Ridewatch to her)

Kendra: Me? But why?

Nico: It's only fair since Shendu's YOUR archenemy.

Kendra: Oh right! Here we go!

Kendra activated it and got all of the powers of Shendu the Demon Sorcerer of Fire!

Melanie screamed and auras for the dragon, mermaid, gryphon, pegasus and phoenix swirled around her and then she turned into ANOTHER CHANGE DRAGON!

Eli: Wow!

Kaito: This is gonna be big!

Another Change Dragon then flared up a Green Chinese Dragon Aura imbued with the powers of Lord Drakkon and she fired a green energy blast and I deflected it back and it hit her.

Me: WHOA! She can use auras imbued with all the powers of the Core and Non-Core M.O.E. Members!

Eric Needles: That is awesome!

Me: But two can play at that!

Kendra: You want Dragon Fury. I'll give you Dragon Fury!

Me: MANTICORE POWER!

I flared up my Green Manticore Aura and me and Kendra fired a massive blast of fire.

Another Change Dragon flared up a pink Fenghuang Bird aura imbued with the powers of Firefly and fired a massive blast of fire and the blasts all collided and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: WHOA! That was amazing!

Lola: YEAH! She used Firefly's power!

Me: With the power of the Japanese Phoenix, Fenghuang! So awesome!

Poromon: (Echoing) Lightning Javelin!

He fired a powerful blast of lightning!

Another Change Dragon formed a neon blue Thunderbird Aura infused with the powers of Electro and she fired a blast of lightning and the blasts collided and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: WHOA!

Lincoln: Electro's powers of the Thunderbird! Awesome!

Laney: That was awesome!

Eric Needles: Look, as much as this school sucks, it has the potential to be renovated. And that can't happen if you're wrecking it!

Me: Sorry Eric. It's just that this form from the Another Rangers is really awesome and fascinating. Zarya uses this power as a Zenkaiger and she uses the Lycanthrope.

Zarya Moonwolf: It's true. Since I'm the Mysticon of the Wolf, I have those powers.

Lola: That is awesome!

Nico: Yeah it is! But we got to subdue this one!

A roar was heard and then out came A TYRANNOPEDE!

Nico: WHOA! A Tyrannopede!

Eli: Awesome!

Tyrannopede: (In a girls voice) Awesome to see you again Nico.

Nico: Nadine Tyrannus! Awesome!

Tyrannopede: I got this!

She grabbed the Another Change Dragon and threw her.

Kaito: (Takes out the Changeman Gear) This will be amazing.

Zocks: (Takes out the Kamen Rider Faiz Gear) It sure will be.

Kaito got the Griffon Magma Galaxy power and Zocks got a Faiz Blaster cannon and we fired waves of energy and the blasts hit Another Change Dragon and she exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I caught the Change Dragon Watch and purified it an then numerous energy lights flew out and a bunch of them hit us and we got imbied with all the Core and Non-Core Members of the M.O.E.! Wow!

Me: Wow! That was intense!

I went over to Melanie and gave her my serum and she was cured but weak.

Eric Needles: WOW! That was AWESOME!

Kendra: Yeah it sure was!

Nadine reverted back and she was a red hair girl with red eyes and red clothes.

Nadine Tyrannus: Now that was awesome.

Me: Boy it sure was. Also its been a long time since we used our Changeman powers.

Nico: It really has been a while.

Kendra: What's your favorite memory of Nico?

Nadine Tyrannus: My favorite was when me and Nico were in history class and we did a project on the history of the Wright Brothers and it was to make a replica of the Wright Brothers plane from 1903.

Nico: Yeah that was awesome. And we got a Triple A+ for building a full scale replica of it.

Me: That is cool!

Melanie Wirthington: (Weakly) Yeah it sure is.

Eli: Yeah. We also got Change Bazookas for each of the M.O.E. As well.

Nico: Oh wow I forgot about that though. That's cool.

Nadine Tyrannus: It sure was.

Nico and Nadine hugged.

Nico: I really missed you.

Nadine Tyrannus: Me too Nico.

Eli: We still have Professor Pamplemoose to deal with.

He was really drunk all over and really stupid.

Nico: Funny. But as of right now Pamplemoose you're fired and your teaching license is hereby revoked!

But he was too drunk to know what that meant.

We had him sent to the Neptune Prison forever.

We later went back home and Eric and friends now are part of the team and we made Sidekick school a better place.

---

After Nico's rescue, Lincoln, Me, Ken Knudson, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, The Dynasty Warriors, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai

Lincoln: Wow, we're here in the Ann Arbor Comedy Showcase in Ann Arbor, Michigan, and I know what we're going to do here, not only am I going to rescue the six girls here, but we're also going to meet Laura Diane Pyenington, the Champion of Laughter, but we're also going to destroy Wired Beck from Jojo's Bizarre Adventure: Battle Tendency.

Me: That's right, Linc, and this is a perfect place to meet the Champion of Harmony.

Nico: And it's right here in the Ann Arbor Comedy Showcase in Ann Arbor, Michigan.

Luan: I've been here many times before, and it was amazing.

Eli: Plus, we're also going to destroy Wired Beck.

Lincoln: That's right, and from what I found out from Jolyne about this vampire, he's a violent misogynist who believes women deserve to be punished, and at some point, he killed his own girlfriend. That makes me completely sick and I'm so looking forward to killing him.

Nico: Yeah, I hate men like that, it's just disgusting.

Lincoln: You said it, and thanks for joining us, Georgina.

Georgina: You're welcome, Lincoln.

Suddenly, we saw Pinkie Pie's cutie mark on her right shoulder and the Laughter Cutie Mark on Lincoln's wider and muscular back were glowing, and that means The Champion of Laughter is near.

Ken Knudson: And just as expected, the Champion of Laughter is here alright, now to take down and destroy that violent vampire misogynist, Wired Beck.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of six girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the six girls, but they've been cornered by Wired Beck, and he's going to kill them. Lincoln also saw a girl with the same long flowing pink hair as Pinkie Pie's, she has Pinkie Pie's cutie mark emblazoned on her forehead, the tattoo of The Elements of Harmony on her right arm, and she's dressed in pink and blue clothes, and she's defending them from Wired Beck.

Lincoln: Guys, I found the six girls, but they've been cornered by Wired Beck, and he's going to kill them. I also saw a girl with the same long flowing pink hair as Pinkie Pie's, she has Pinkie Pie's cutie mark emblazoned on her forehead, the tattoo of The Elements of Harmony on her right arm, and she's dressed in pink and blue clothes, and she's defending them from Wired Beck.

Ken Knudson: That's Laura Diane Pyenington, the Champion of Laughter, and the sixth of the 27 Champions of Harmony. We got to get over there.

?: And destroy that violent misogynistic vampire, Wired Beck.

Suddenly, we saw the Duel Monster, Archfiend Emperor, First Lord of Horror, appear before us.

Eli: Yikes, that's the Duel Monster, Archfiend Emperor, First Lord of Horror, wicked.

Lincoln: And I'd recognize that voice from anywhere, I knew it was you, Autumn Bellamira, but we'll talk later, we've got a violent misogynistic vampire to kill.

We then rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Wired Beck and it allowed the seven girls to get to safety and Laura Diane Pyenington joined us. When Wired Beck saw us, he was enraged when he saw us, especially when he saw the ones who killed Dio Brando.

Wired Beck: You! I will kill you all for what you did to Lord Dio!

Lincoln: And you're also an ally of that evil vampire, figures. But, that vampire got what he deserved for what he's done centuries ago, and now, you're about to share the same fate.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), and Musashi Miyamoto (Samurai Warriors) got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Georgina, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after Wired Beck, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit him.

Wired Beck tried to use his powers, but Lincoln was too quick and he put Wired Beck in a brutal bear hug so he couldn't escape, and Lincoln began absorbing Wired Beck into his body, and Lincoln was assimilating all of his powers and abilities. Then, when Lincoln was done absorbing Wired Beck into his body, an energy card formed in his large left hand with Wired Beck's soul inside it, and a kanji appears on his forehead and he was sent to The Black Gates forever. We cheered wildly as we holstered our weapons and power down.

Lincoln: That violent misogynistic vampire got what he deserved, and for what he's done in serving that vampire, Dio Brando.

Nico: You said it, big guy. Like I said, any man who believes girls should be punished or even worst, killed, have no right to even be called men.

Me: You said it.

Laura Diane Pyenington: Thank you for what you all did. (Recognizes who we are) Wait, you're Team Loud Phoenix Storm?!

Me: That's right.

Lincoln: We found about you and the other 21 who were chosen by the Elements of Harmony to become the new 27 Champions of Harmony. We've already recruited Emily Magica, the Champion of the Magic of Friendship and Harmony in Colorado after dealing with Amy McKale, Athena Wendolla in Australia after dealing with Strazio, Cassie Excelsion in Puerto Rico after dealing with Orochi, Helen Anderson in Texas after dealing with Gill, and Celine Giachi Florres after dealing with Jack the Ripper, and now we're here to recruit you.

Lincoln then explains to her that The Doomsday 23, along with Evil Starlight Glimmer, are about to be resurrected as a part of a contingency plan by The Church of Necrom, as part of yet another plan to get revenge on us for destroying them, and when he was finished, Laura Diane Pyenington was quite shocked. Ken Knudson also explained that she, along with the others, were chosen by the Elements of Harmony, to be the new Champions of Harmony, and we saw the determination in her eyes, and she stood with us.

Laura Diane Pyenington: Alright, I'm in, I refuse to let the Doomsday 23 or Evil Starlight Glimmer destroy the world and all Harmony.

Nico: Awesome.

Lincoln: We've recruited the sixth of the 27 Champions of Harmony and that's it for Wired Beck. (To Autumn Bellamira) And it's so good to see you again, Autumn Bellamira.

Autumn Bellamira reverted back to normal, and she's a beautiful girl with long flowing black hair, red eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful black angel wings, and she reigned in the power of Archfiend Emperor, First Lord of Horror, and she's dressed in a sleeveless black vest, sleeveless black midriff top, long black frilly skirt, black knee-high high-heeled boots, and long sleeveless black trenchcoat with darkness, blood, fiends, and swords on the coattails, and Archfiend Emperor, First Lord of Horror on the back, and holstered on her left hip is Archfiend Emperor, First Lord of Horror's sword and holstered on her back a large Archfiend Emperor, First Lord of Horror-themed greatsword with Archfiend Emperor, First Lord of Horror etched on the 7'0" massive, wide, double-edged blood red blade, black angel wings for the crossguard, large blood red gem embedded in the rainguard, longer black handle, and large blood red gem surrounded by black angel wings for the pommel.

Autumn Bellamira: You too, Lincoln, it's been a long time.

Lincoln went up to Autumn Bellamira and they hugged, and Autumn Bellamira's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Autumn Bellamira: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Wow, Lincoln, you know her.

Lincoln: Indeed I do, Nico, this is Autumn Bellamira, she's one of my Guardian Angels from Michigan, she's a goth girl who was born with the powers of darkness and she also has the power to create monsters, and she has knowledge of the dark arts and The Occult, along with everything related to horror: from horror movies to horror novels.

Nico: Whoa, now that's really awesome and wicked.

Lincoln: It sure is, and she took on the worst of Lori, Lynn, Lola, Lisa, and Luan's wrath.

Autumn Bellamira: That's right, and I have a horrifying revelation about Lori, Lynn, Lola, Lisa, and Luan that could've gotten them sent to a boarding school for heartless brats on the other side of the world.

Nico: (Gasps) Oh, we're not going to like hearing about this.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Autumn Bellamira's neck with blood red gems on the gold thunderbolt links and blood red crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Autumn Bellamira: (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Autumn.

Autumn Bellamira had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Autumn Bellamira's waist and Autumn Bellamira wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Autumn Bellamira's face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the six girls, and when Lincoln saw them, he recognized them immediately. The six girls are Reina Saeki, Ruriko Igarashi, and Ryouka Asahina from JK-Meshi!, Shibumi Shibusawa, Momoko Futo, and Mayumi Furui from Joshi Kausei.

Lincoln: Oh wow, it's Reina Saeki, Ruriko Igarashi, and Ryouka Asahina from JK-Meshi!, Shibumi Shibusawa, Momoko Futo, and Mayumi Furui from Joshi Kausei.

Me: Awesome.

Lincoln: Are you girls okay?

Reina Saeki: Yes, we're okay, thanks to you.

Then, when Reina Saeki and the other six girls saw who it was that saved them from Wired Beck, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Hinon's Cosmic Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings with stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long glowing neon orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them and had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanji that said, "Savior of The Loud House, True Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, Founder of Team Loud Phoenix Storm, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms, and Destroyer of The House of Damaskinos" on the left leg, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large Element of Harmony deep sapphire blue gem in the shape of a Thunderbird and a large silver Buffalo head with the Thunderbird and Eternity Kanji on its head for the pendant on his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Reina Saeki: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made five clones of himself, and he and the five clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Reina Saeki: (Seductively and rubs her right hand on Lincoln's

massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, six Thunderbird Necklaces of Eternal Love appeared on the necks of Reina Saeki, Ruriko Igarashi, Ryouka Asahina, Shibumi Shibusawa, Momoko Futo, and Mayumi Furui with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the World Tree Estate and we told everyone what happened, and they also met Laura Diane Pyenington, the Champion of Laughter, and they're shocked when they found out the villain we went after in the Ann Arbor Comedy Showcase in Ann Arbor, Michigan was Wired Beck from Jojo's Bizarre Adventure: Battle Tendency, who's a a violent misogynist who believes women deserve to be punished, and even worst, he's also another of Dio Brando's vampire minions.

But, when Lincoln showed what he did in absorbing Wired Beck into his body and putting his soul into an energy card and sending him straight to The Black Gates, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Autumn Bellamira have a lot of catching up to do now that she's back in town, and that's 6 of the 27 remaining Champions of Harmony now recruited into the team.

---

After putting an end to Wired Beck from Jojo's Bizarre Adventure: Battle Tendency, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Autumn Bellamira saw Lincoln working out like crazy, she had an atomic red blush on her face.

Autumn Bellamira: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Autumn, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Autumn Bellamira: That's incredible.

Nico: It sure is. So, Autumn, what's this really horrible revelation about Lori, Lynn, Lola, Lisa, and Luan that could've gotten them sent to a boarding school for heartless brats on the other side of the world?

Autumn Bellamira: You're not going to like it one bit, Nico. One day, Lincoln and I were working on a little something for Halloween and I also added in my own personal touch, which also got Lucy's attention as well, and she loved seeing it. But, our project for Halloween was interrupted when Lori, Lynn, Lola, Lisa, and Luan barged in and with knives in hands and their eyes were red with insanity and rage and they were going to kill us. But, I created an army of werewolves and sent them right at Lori, Lynn, Lola, Lisa, and Luan, and they got really beaten up badly, but not bitten, thank goodness, and then, they were entombed in spheres of darkness fired by Jackie Wren, as we soon saw the Dark World Goth Girls show up. We went downstairs and I told Mr. and Mrs. Loud, along with the other sisters of what Lori, Lynn, Lola, Lisa, and Luan tried to do, and they were furious and they wanted to send those five to a boarding school for heartless brats on the other side of the world. But, Lincoln had a better idea: he'd have them not only put in isolation cubes in the basement, but he also asked me to create some werewolves to keep an eye on those five, so they don't escape.

We cheered for what Autumn Bellamira did, and with the added assistance of The Dark World Goth Girls.

Nicholette Torrington: We saw what Autumn did in creating that army of werewolves to beat Lori, Lynn, Lola, Lisa, and Luan up, and it was awesome.

Lana: And she created those werewolves to keep an eye on them, and she also added in a special touch giving them sunglasses, black pants, and black knee-high combat boots, they look like tough bouncers at a club.

Nico: Awesome. So, what's that project you guys were planning on that Halloween, Linc?

Lincoln: You're going to love it, Nico, Autumn was going to use her powers to make the Jack-O-Lanterns come to life, create a colony of bats to fly around The Loud House, and make the Haunted Corn Maze even more haunted by adding some ghosts flying around the corn maze and wailing in the night.

Me: Whoa. Now, that's what I call spooky.

Lucy Loud: Indeed, her talents with the powers of darkness and creating monsters and knowledge of the dark arts and The Occult, along with everything related to horror from horror movies to horror novels, also make her a worthy member of The Goths of Darkness.

Nicholette Torrington: Awesome.

Brittney Knudson: You said it, Nicholette.

We got a shower afterwards, and then, we were heading to Iselia to meet her father, Frank Brunel and her grandmother, Phaidra Brunel.

Lincoln: I can't wait to meet your family, Colette.

Colette Brunel: You're going to love meet my father and my grandmother, Linky, and I told them all about you.

Nico: Awesome.

We then arrived at Colette Brunel's home and we knocked on the door. Then, the door opened, and her father, Frank Brunel and her grandmother, Phaidra Brunel, came out, and when they saw Colette, they hugged her, and she also hugged them back, and then, they met Lincoln, and she had told them everything, and they were also glad that she's now part of Lincoln's harem and he'll take good care of her, along with all of his future wives.

Frank Brunel: And we also want to thank you all for what you've done to Mithos Yggdrasil.

Nico: That fallen angel's been asking for it for everything he's done.

Lincoln: That's right, and we also dealt with his followers who also came after us last year for what we did to that fallen angel, but they also met the same fate.

Me: You said it.

Then, when we saw that Colette's family have packed their bags, we also found out from them that they're planning on moving to Gotham Royal York, which surprised Colette and she was really happy. We then brought Colette's family to Gotham Royal York, and they're going to love being here with us.

Later it was time for Sunset Shimmer's first ever Ambassador Mission and it was to the world of Ratchet and Clank. It's gonna be so awesome as we battle robots and help Ratchet and Clank destroy some of their enemies.

Sunset Shimmer: I'm so excited for this! I can't wait to see what the world of Ratchet and Clank is like.

Lola: You'll love it Sunset.

William: Anyone else want to go with Sunset? Besides Sonic and 1 Rabbid?

Nicole: I'll go. I want to help Sunset out on this one because I am the Goddess of Video Games.

Nico: That's true. You know me, Eli and J.D. will go too.

Me: Oh yeah.

Sunset Shimmer: Well I think that's it.

Nico: All right lets head out!

We were off to the world of Ratchet and Clank.

We arrived on the planet Veldin!

Me: Wow! So this is the planet Veldin.

Nicole: Magnificent.

Clank: Ratchet, who is that?

Ratchet: No clue. (to Sunset) Excuse me. But are you lost? I can help you if you like.

Sunset Shimmer: Oh no I'm not lost. You two must be Ratchet and Clank. I'm Sunset Shimmer, Princess of Forgiveness and the Fire Skylanders.

Ratchet: Wow it's an honor to meet you.

Me: And we are with her too.

Ratchet: Wow! Team Loud Phoenix Storm!

Clank: It's an honor to meet you all.

Nicole: Same here to you too.

Nico: Yeah we get that all the time.

Eli: Yeah it's a mutual feeling.

Nico: Clank, for a robot, you're actually very helpful to Ratchet.

Clank: Thank you Nicolas that means a lot.

Nico: Just call me Nico. It's easier.

Clank: Right my apologies.

Me: But it's so awesome how you guys travel all over the galaxy and help people.

Sunset Shimmer: Just like how we do.

Ratchet: Sunset, is it true that you were a villain before?

Sunset Shimmer: It sure was but thanks to Princess Twilight and friends in the human world I am now reformed.

Nico: Blame Grogar for that.

Me: He was the Devil of Equestria. He poisoned her with his evil essence and turned her into a powerhungry monster.

Clank: My goodness.

Eli: Yeah. But at least he's gone for good.

Sonic: But at least he's never going to torment anyone again.

Sunset Shimmer: Good riddance.

Me: Equestria is glad that monster is gone.

Sunset Shimmer: (sighs) Grogar might have poisoned my mind. But I still did all those terrible things.

Ratchet: Hey, it's what you do now that matters.

Nico: That's right. You were forgiven for your actions. Now you are a great princess and member of the team.

Sunset Shimmer: And a great member of the Rainbooms to boot.

Clank: The Rainbooms?

Me: The band that Twilight Sparkle and her friends that they made. You should hear their songs. They are so awesome and inspirational.

Nico: Yep.

Ratchet: I mean, take Qwark for example. He used to be a jerk too. But now, he's a nice guy.

Nico: That's good. He will make a great candidate for the Redemption Squad.

Sonic: I was just about to point that out.

Sunset Shimmer: Me too. And I'm glad he was able to change.

Eli: Yeah.

Ratchet: We are too.

Me: By the way what can you tell us about many of the adventures were on?

Ratchet: We have had many awesome adventures.

He went over his entire story and it was so awesome.

**Ratchet** is one of the two main protagonists of the long-running video game series *Ratchet & Clank* . He is a Lombax native from the planet Fastoon who was later sent to Veldin at a young age. Ratchet is 5 feet tall (152 cm), and, as of *Ratchet: Deadlocked*, weighed 97.5 lbs. (44.3 kg.) (Dallas Wanamaker claimed most of his weight was attributed to fluff and fat). Ratchet was the son of Kaden, Guardian of the Dimensionator, who was killed by Emperor Tachyon shortly after Ratchet's birth.

One day, his life was changed forever once he met a small robot named XJ-0461, but he nicknamed him Clank, who would go on to become his lifelong companion, voice of reason, and best friend. Together, back to back (both literally and metaphorically), they had many adventures, defeated numerous super villains and criminals, discover their true origins and became known as two of the universe's greatest heroes, meeting allies like Captain Qwark, and making archenemies like Dr. Nefarious and Emperor Tachyon throughout their various adventures.

He is voiced by James Arnold Taylor in every game except the first, in which he is voiced by Mike Kelley.

Early days in Polaris

Ratchet was born and for a time lived on Fastoon in the Polaris galaxy, but was later sent to the Solana galaxy by his father due to Tachyon's attack on the Lombaxes.

As Ratchet was brought up on Veldin and managed to secure a garage as his living place, he dreamed of exploring the galaxy and looked up to the Solana Galaxy's greatest heroes at the time; Captain Qwark, whose adventures Ratchet followed through the radio, and Ace Hardlight before his disappearance.

Eventually, Ratchet began constructing a ship out of scrap metal which was held together by gum and rubber bands, hoping to use it to explore the galaxy sometime in the future.

## Birth of a Hero in Solana

Before the beginning of his first adventure, Ratchet was finishing the construction of his ship. Dreaming of wild adventures in the galaxy, the Lombax was quite disappointed when HelpDesk informed him that he would need a robotic ignition system to start his ship. However, Ratchet noticed a ship falling from the sky which crash-landed onto the Kyzil Plateau, and upon exploration of the debris, found an unconscious Clank. The diminutive robot showed (after startling the Lombax by suddenly waking up) Ratchet an Infobot video of Chairman Drek's plans of destroying the planet Novalis to make a new planet for his species, the Blarg. Clank helped Ratchet start his ship in return for a trip to Novalis, where the little robot began looking for the hero Captain Qwark, in order to stop Drek's plans. Ratchet decided to go along for the adventure.

Ratchet's ship crashed on Novalis, but according to the official statement in the game's Sketchbook feature (in the Goodies menu), nobody really knew why. They got to talk to the planet's chairman in order to borrow his Courier Ship and obtained coordinates for the capital city of the planet Kerwan,Metropolis. After talking to the Plumber, they also received an Infobot of Skid McMarx and his agent being shot down over the planet Aridia.

Ratchet completed Captain Qwark's physical fitness course (with the help of Clank's Heli-Pack ) on Kerwan and should have won a Swingshot from Helga for his efforts, but after "disgracing" the course, she made them pay 1,000 bolts for it. After finding out from

Big Al that Captain Qwark was no longer on Kerwan, Ratchet received an Infobot for planet Eudora.

The pair had several adventures together and generally got along well, until they met Captain Qwark at his base on Umbris. Ratchet felt that something wasn't quite right, but Clank was eager to trust the Captain. Qwark betrayed them and left them to be food for his pet Blargian Snagglebeast. After defeating the Snagglebeast, Ratchet became increasingly bitter and hostile towards Clank for leading him right into a trap, and obsessed with getting revenge on Qwark. After fighting Qwark in a Blarg fighter at the Gemlik Moonbase and seeing the devastation of a nearby planet at Drek's hands, Ratchet finally realized that Drek had to be stopped and made amends with Clank. Upon learning that Drek planned to move his new planet into the space now occupied by Veldin, which he planned to destroy with the Deplanetizer, he became determined to stop the greedy psychopath.

After fierce battles at Drek's starship fleet and on Veldin's surface, Ratchet sent the Chairman flying up to his newly created planet and destroyed it. Flaming chunks hitting the Deplanetizer's control pad knocked Ratchet and Clank off, and only Clank's quick thinking stopped them from hurtling down to the Plateau below. However, the servos in his arm were broken from supporting Ratchet's weight and they both fell. Once again, Clank saved Ratchet's life by using his Thruster-Pack upgrade (installed by Bob on Pokitaru) to break the Lombax's fall. Ratchet then started to walk on home (thinking Clank would follow) but Clank, disappointed, walks away thinking otherwise until Ratchet returned, stating that he needed to repair Clank's broken arm. Ratchet and Clank headed home much to Clank's delight.

Later, the two watched an advertisement for Qwark's Personal Hygenator; horrified and disgusted by its effects, Ratchet shouted at Clank to turn the TV off.

Ratchet and Clank were doing an interview with *Behind the Hero*, talking about what had happened after Drek was defeated. Ratchet said there were parades, press conferences, and even "fancy dress balls", while Clank mentioned a wiener roast at Al's. After that, Ratchet said, everything returned to normal. Suddenly, he and Clank were teleported to the Bogon Galaxy by Abercrombie Fizzwidget, the president of Megacorp. Ratchet was offered an opportunity to undergo training to become a Megacorp commando, while Clank was offered an apartment in Megapolis on planet Endako and a job as an accountant.

Two weeks later, Ratchet headed to planet Aranos to infiltrate a Flying Lab, and then attempted to retrieve a stolen Protopet, an experiment of Megacorp's, from an unknown thief. The thief evaded Ratchet persistently, capturing Clank from his apartment and holding him hostage. The two soon reunited when Ratchet repaired Clank after he had been electrocuted by the thief and Clank in turn, escaped through an air duct in order to help Ratchet escape from the locked room and eventually retrieved the experiment on planet Siberius. After meeting with Fizzwidget, and "accidentally" being ejected from the ship on planet Tabora, Ratchet and Clank met up with the Thief to learn about the true means of the experiment, also learning that the Thief is actually a female lombax known as Angela Cross. The two investigated the Testing Facility on planet Dobbo, and found more and more information, culminating into the true means on planet Todano, which the duo attempted to put a stop to in Silver City by talking with Fizzwidget. Ratchet then made the mistake of threatening a robotic copy of Fizzwidget with the Thugs-4-Less leader watching, who arrested and sent them to the Flying Lab ( which they had by then taken over). After they broke out of jail and freed Angela on planet Snivelak at the Thug Headquarters, Ratchet and Clank then investigated a Distribution Center and found out that Allgon City was undergoing a disaster, and may had lived up to its name at the hands of rampaging Protopets. As well as that, they headed to planet Grelbin to find Angela, who gave them the key to get into a Protopet Factory, in the heart of the Megacorp Headquarters on planet Yeedil.

Once there, they soon found out that the Fizzwidget they knew, was really Captain Qwark (the real one was put in a supply closet by Qwark). He accidentally mutated the real Protopet into a giant monster that soon after ate him. Ratchet defeated the Mutant Protopet, at which point it coughed up Qwark and Angela's Helix-o-Morph. She then used it to cure the Protopet of the Monsterpropanase in its system, later using it to cure all the

Protopets in the galaxy.

Arrival of an Archenemy " *We're going home.* „ ~ Ratchet to Clank after seeing a news broadcast of Veldin being attacked by Tyhrranoids from Clank's Apartment

In the beginning of *Ratchet & Clank: Up Your Arsenal*, Ratchet hastily flew back to the Solana Galaxy to help defend Veldin, where he was mistaken for a Galactic Rangers sergeant and quickly pulled into the story. Captain Qwark often placed Ratchet in the more dangerous scenarios in his Q-Force plans, although Ratchet never received any credit. Most people who had never heard of the Lombax simply remembered him as Secret Agent Clank's chauffeur.

Ratchet was occasionally slandered by Qwark over the Starship Phoenix intercom, as Qwark told him he needed to change into his "green regulation Q-Force tights" or he would write him up for a dress-code violation. For most of Captain Qwark's plans, Ratchet was the one made to do the hero work, while Qwark took all the credit for the missions, much to Ratchet's annoyance. Despite this, the Lombax felt grief and discomfort at Qwark's presumed death.

On planet Kerwan in Metropolis, Ratchet saw the Biobliterator for the first time and he quickly hid. At the same time he witnessed the transformation of a Tyhrranoid from an organic life form, into a robot. After freeing Clank from the clutches of Dr. Nefarious, who had replaced the robot with an evil, impostor clone named Klunk, Ratchet, Klunk and Captain Quark got in Nefarious' ship, The Leviathan. There they found Dr. Nefarious who initiated the auto-destruct sequence and Ratchet and Klunk managed to escape believing that Captain was dead, but he was in fact hiding in his hideout in the Thran Asteroid. Ratchet, Clank and Skrunch found the fraudulent superhero, where Ratchet dubbed him as 'pathetic' and 'a cowardly wuss'.

However, later on, Ratchet teamed up with Qwark despite his earlier statements, to defeat Nefarious and to destroy the Biobliterator. After that Nefarious and Lawrence ended up on an asteroid alone in space.

Before the beginning events of *Ratchet: Deadlocked*, Vox

Newscommentators Dallas and Juanita made many statements about Ratchet and his friends, including Clank and Sasha. During the events of the game, these continued. The Vox coverage of Ratchet was generally unfavorable and many of their reports were incorrect. Among the many stories covered by Vox News, one reported that that Ratchet and Sasha decided to no longer speak to each other, following a heated argument in which Ratchet admitted to voting against her father for a previous Presidential election, and that diverging career paths forced them to spend long hours apart. They were also referred to as "Sachet" by Vox News. Other stories covered included that Ratchet and the Starship Phoenix crew (Clank and Big Al) were plotting wrongdoing; that Ratchet was of a dangerous species and a threat to civilization; that he destroyed civic properties and that he participated in illegal Hoverbiking.

Ratchet had been commended as the new captain of the Starship Phoenix, as Sasha had become the Mayor of Metropolis. Sometime, the Phoenix picked up a distress beacon from Quadrant J0713, an uncharted part of the Solana Galaxy thought to be devoid of any form of life. They traveled there at warp speed, however, it was actually a trap set up by DreadZone to capture him away from the Galactic Government's territory to avoid breaking their laws.

Ratchet was kidnapped by the Vox Empire, along with Clank and Big Al, as "Subject 209" while aboard the Starship Phoenix. All three were then fitted with Deadlock Collars, which with, at the press of a button, would explode, killing them in the process. Big Al managed to salvage two old combat bots, Merc and Green, to help Ratchet in his adventures as a forced contestant in DreadZone. Ratchet and the two bots then formed the complete Team Darkstar.

Later, Ratchet defeated Ace Hardlight, captain of the Exterminators, and afterward Gleeman Vox offered him the chance to become their new captain. Ratchet refused the offer, telling him that Vox was not just corrupt, but also stupid. In the final events of Deadlocked, despite Vox's attempts to kill the Lombax, Ratchet, Clank, and Big Al escaped DreadZone Station right before it exploded, killing Gleeman Vox.

In *Ratchet & Clank Future: Tools of Destruction*, Ratchet and Clank were finishing work on a hoverbike in Metropolis, only to be interrupted by Captain Qwark calling from the Planetary Defense Center. Qwark informed them that he was under attack by thousands of heavily armed robotic commandos and requested assistance from the two heroes. After being personally hunted down by the invaders, Ratchet met the orchestrator of the attack, Emperor Percival Tachyon, who claimed that he was only interested in killing the Lombax. Ratchet then managed to escape along with Clank using one of the Emperor's ships.

After crashing on planet Cobalia, and escaping Tachyon's troops on planet Kortog in an escape pod, Ratchet set foot on his real homeworld, Fastoon. Although the pair managed to obtain a ship named Aphelion, no Lombaxes were to be seen. Throughout the course of the game, Ratchet kept hearing references about a war between his race and another species called the Cragmites. At some unspecified point in history, the Cragmites simply vanished, which led people to believe something called the "Lombax Secret" had vaporized them. Some time later, the Lombaxes themselves had vanished.

Ratchet and Clank proceeded to investigate a moon base in the Nundac Asteroid Ring, which was thought to have key information about the Lombax Secret. Inside the base, Ratchet met Talwyn and her two war bots Cronk and Zephyr. After some initial distrust involving a threat to jettison the duo out the airlock (rescinded after she realized Ratchet was a Lombax), Talwyn agreed to assist Ratchet in his travels to track down the Secret. On Rykan V, the group found a room inside an old Lombax bunker that contained an old holo-vid player showing a video about a device called the Dimensionator. It was revealed by the IRIS Supercomputer that the device was capable of ripping a hole in the fabric of time and space into other dimensions, and that the Lombaxes sent the Cragmites to the X2-49 dimension instead of vaporizing them with a weapon as previously thought. Ratchet then managed to find this device on Jasindu. After having an argument with Clank over the use of the Dimensionator, it was taken away by the space pirate Captain Slag. Ratchet followed the pirate captain's coordinates to retrieve it.

After defeating Slag, Qwark appeared seemingly out of nowhere and snatched the Dimensionator, claiming he would try to become a superhero once again. His plan backfired as he was captured by Tachyon shortly thereafter, leaving the device in the Emperor's hands. Back on the home world of his kind, Reepor, Tachyon started to bring back the Cragmites from their other-dimensional prison with the Dimensionator. In the tumult, Ratchet and Clank were separated, and Ratchet was left thinking that Clank was dead. After reuniting with Talywn and her robots, Ratchet sadly told them about Clank's death, only for Clank to suddenly appear and leave Ratchet overjoyed at the sight of his best friend alive.

Ratchet and Clank then rushed to Igliak to quell Tachyon's Cragmite invasion, which had taken Meridian City by storm. Once the situation was under control, they followed and confronted the Cragmite emperor on Fastoon, where the mystery of the Lombaxes' disappearance was revealed: after Tachyon had risen to power and invaded the planet, the Lombaxes used the Dimensionator to flee to safety in another dimension. All of them left, according to Tachyon, except for two. Ratchet's father stayed behind to hide the device along with his then infant son, Ratchet himself. Shortly after sending Ratchet to Veldin, his father was killed by Tachyon. After revealing this knowledge to him, Tachyon opened a portal to the Lombaxes' new home, offering Ratchet one chance to join his race in the other dimension. Ratchet refused, knowing that no one would be safe if he left Tachyon behind with the Dimensionator.

After damaging the Dimensionator, Ratchet and Clank proceeded to defeat Tachyon on an asteroid in the middle of deep space after accidentally triggering a portal to open. Before Tachyon fell into a black hole, he exclaimed that only he knew Ratchet's "true name" and purpose, and that his kind would never be safe. After fixing and using the Dimensionator to escape their dimensional battlefield, Ratchet started to question his true purpose, but Clank reassured him that he had already fulfilled it, having defeated Tachyon, something his own race couldn't do. A few seconds later Clank was abducted by the Zoni, leaving Ratchet beside himself at the sudden disappearance of his friend.

## Searching for his friend

In *Ratchet & Clank Future: Quest for Booty*, Ratchet, aided by Talwyn, set out to find Clank by heading to Merdegraw where

Captain Darkwater was. After harassing a gang of Space Pirates led by Sprocket, which went against Pirate party foul 21-23, Ratchet got shot out of a cannon and ended up on Hoolefar Island, which was inhabited by a friendly race known as the Hoolefoids.

After meeting the mayor, Ratchet repaired five wind turbines as well as the supply beacon, and the mayor then showed Ratchet the Obsidian Eye. Ratchet then headed to Morrow Caverns, to look for the Fulcrum Star and a map. In the cave, Ratchet saw a shadow figure, and asked Rusty Pete what that was, and he lied, stating that they were shadow puppets. He got double-crossed by Pete in the cave, where Pete stuck Romulus Slag's head in Darkwater's body that caused Undead Pirates to appear, which meant Ratchet had to fight his way back out.

Ratchet defended Hoolefar from the pirates, and then headed to Darkwater Cove, where he tried to grab the star but fell through a trap door, opened by Slag/Darkwater. He fought his way out of the cave, and eventually defeated Darkwater, causing Slag's head to get blown off. Ratchet claimed the star, and powered the Obsidian Eye, where he saw Clank being surrounded by the Zoni. He then saw Dr. Nefarious walk down the steps to the room and trips on a feather duster, where Ratchet declared that he would save Clank.

In *Ratchet & Clank Future: A Crack in Time* Ratchet continued his adventure which started in *Tools of Destruction* and *Quest for Booty* trying to find Clank, with Qwark helping along the way.

While Ratchet and Qwark were looking for Clank, the Aphelion crashed on planet Quantos, where they met a friendly race called the Fongoids. The Fongoids were under attack by one of Dr. Nefarious's "workers", Flint Vorselon, who seemed to have Ratchet confused with someone else. After defeating Vorselon's minions, Ratchet was contacted by Qwark, who was no longer with him, having been abducted by Lord Vorselon. Ratchet broke Qwark and a number of captured Fongoids out of Vorselon's ship, and learned that the rebel he had been mistaken for was living on Torren IV.

After arriving on Torren IV, Ratchet met the rebel, another Lombax named General Alister Azimuth, who happened to be good friends with Ratchet's father, whose name was Kaden. Kaden was, according to Azimuth, "a great Lombax, smart as they come." Kaden was also the first one to theorize the existence of the Great Clock, among his many other accomplishments. After sharing with Ratchet about Kaden, the Great Clock, and Clank's possible whereabouts thereof, Azimuth presented Kaden's hoverboots to Ratchet and taught the young Lombax how to use apologized to Ratchet for not having known about him still living in this dimension, otherwise he would have come to find him so he wouldn't have been alone. He told Ratchet that he should consider him as his own family.

On planet Lumos, Ratchet learned of Azimuth's plan to bring back the Lombaxes by using the Great Clock to undo his actions, which he said were responsible for Tachyon's attack on Fastoon. Ratchet agreed to it knowing it was a chance to get his family back, despite being told that the effects of the Clock would most likely mean he would never meet Clank in the new timeline.

Ratchet traveled all over the Breegus Sector, traveling back in time at Clank's request to learn the fate of Orvus, and finally finding Clank in the Valkyrie Citadel. After finally being re-united with Clank, who informed him of the Clock's true nature and vital purpose, he realized that the risk of using the Clock was too great and that it wouldn't be worth saving the Lombaxes if there was a chance reality would be destroyed as a result. After failing to change his mind, Azimuth left and Ratchet went on with Clank to battle Nefarious, who also had plans to use the Clock.

Once Nefarious had been defeated, Ratchet & Clank were saved by Azimuth at the last minute, and the three of them returned to the Great Clock. Clank told Ratchet that he would stay behind at the Clock, as taking care of it was "what [he] was built for." Ratchet hugged Clank close to him as a farewell, knowing he couldn't talk Clank out of it. As Ratchet started to walk Clank inside the building, Azimuth questioned why they were not going to use the Clock to save the Lombaxes. Ratchet told the General that the Lombaxes were safe and they would find them someday, but altering the past to do so would not be right. Enraged, Azimuth snapped and fired an energy blast directly at Ratchet from his wrench. Ratchet was struck in the chest and killed, falling backwards off the platform before Clank could reach him. Fortunately, Clank managed to seal off the

Orvus Chamber from Azimuth. Clank faced a difficult choice: go back in time and save his best friend, or follow his father's rules. Luckily, he remembered a piece of cryptic advice The Plumber had given him earlier: *"I wouldn't risk anymore than 6 minutes."* Clank used the Clock's master control and reversed time by 6 minutes, preventing Ratchet's death.

Ratchet and Clank then fought Azimuth in the Orvus Chamber to prevent him from destroying the universe. After Azimuth's defeat, Ratchet saw that the time shift the General initialized before the battle was tearing the Clock apart and attempted to stop it. Realizing his error, Azimuth stuck his wrench into the broken time machine to repair the damage himself and stop the time shift, giving his life in the process. Ratchet silently mourned the loss of his former mentor, and took Alister's pocketwatch and Praetorian OmniWrench as mementos.

Disaster averted, Ratchet then proceeded to help Clank with the additional repairs and returned the Zoni he'd collected on his travels to the Clock. Once the repairs were finished, with a heavy heart, he told Clank to "take care of [him]self", and he headed back to his ship alone. However, just as Ratchet was closing the cockpit on Aphelion to leave, Clank suddenly jumped in (having promoted Sigmund to Senior Caretaker of the Clock), refusing to leave his Lombax friend. Ratchet smiled and promptly took off into the stars, his best friend at his side once again.

## Fearsome foursome

Both Ratchet and Clank were interviewed by Kip Darling on whether or not they would join in the search for Dr. Nefarious, who had been deemed 'alive and at large'. Ratchet explained that he and Clank would be taking a break from the heroics, planning to leave it to the other guys. When asked if this meant Galactic President Qwark, Ratchet unenthusiastically confirmed, before suggesting, "Or… anyone else." "Ratchet!", Clank replied. "What? I didn't vote for the guy."

Later on, Ratchet and Clank accompanied Qwark to Luminopolis, where Qwark was supposed to receive an "Intergalactic Tool of Justice Award" for defeating a Light-Eating Z'Grute. Ratchet questioned if Qwark felt at all deceitful for accepting an award for something he didn't do. Qwark didn't, nor did he have any idea what 'deceitful' meant. Upon seeing that the award ceremony was to take place at a shoddily-made podium set underneath the cryosleep-sealed Z'Grute, and that the person inviting Qwark was all 'cloak and dagger' both Ratchet and Clank grew concerned. But Qwark dismissed their suspicions as being 'unused to the spoils of herodom'. However, it turned out that it was non-other than Nefarious himself who had invited Qwark, and that the whole set-up was a trap to have the three heroes eaten by the Z'grute. Upon being reanimated, however, the Z'grute turned on Nefarious, sucking the power from his vehicle. With Lawrence making a timely retreat, along with a resignation from the Doctor's services, the four were forced to fight the Z'grute through the city together. Once the fighting was over, a giant spaceship appeared in the skies above Luminopolis. Ratchet had just enough time to hear Nefarious deny any connection before fainting from a flash of light.

Upon waking up, Ratchet found himself suspended upside-down in an unknown facility with Clank, Qwark and Nefarious. Spotting a little girl on the floor below, Ratchet asked her for help. She complied, turning off their binds. Fighting through the complex, the group came across more of the tool she used, the Vac-U.

Breaking out from the facility, they received a call from Cronk and Zephyr that the four were on Planet Magnus. However, due to being stuck in an asteroid belt, the two robots would be unable to rescue them, and could only provide intel and teleported weapons.

Making their way to Susie's village, they learned that the ship that kidnapped them was called Ephemeris, and it was responsible for bringing many dangerous creatures to Magnus. The village elder brought up his hopes that Ratchet and Clank would help, but Ratchet didn't want to get back into being a hero again, responding that he'd contact the Polaris Defense Force as soon as they could get off the planet. But upon learning that Susie had lost her parents due to Ephemeris, he changed his mind.

Travelling around the planet, the group slowly discovered that the trouble began when Dr. Croid, a scientist studying the effects of critters, had his work stolen by his partner Nevo Binklemeyer, and that Nevo was responsible for many of the dangerous weapons on Magnus. They soon found Croid on a sanctuary on Magnus' moon, but found he would be of little help; Croid spent so much time hiding from Nevo's forces that his mind degenerated, and he now thought of himself as a Lombax-whisperer. Luckily, Nefarious was able to use Croid's equipment to locate Ephemeris and Nevo.

Crashing back in the frozen area of Magnus, the group traveled to where a railway station was, which would hopefully take them to Nevo's base in Uzo City. Unfortunately, the railway was in disrepair, but the Plumber suddenly appeared, and managed to fix it. Ratchet hoped the Plumber would have "cryptic advice" on defeating Nevo, but the Plumber admitted to not having that kind of advice and wished them good luck.

Outside of Uzo City, Ratchet and company found Susie and some friends of hers; they were planning to attack the city. Knowing what she how she felt, Ratchet advised her not to run in unprepared, and doing so wouldn't bring her parents back. Ratchet cheered her up by asking Susie to 'guard the perimeter'.

Ratchet and his team then went to Ephemeris to confront Nevo, but when they got to him they found that he was not the true mastermind and that the true enemy was the Loki Master, which had possessed Croid's pet, Mr. Dinkles, apparently having done for quite some time. After defeating the Loki, Cronk and Zephyr landed their ship outside, revealing that "help finally arrived", which turned out to be Lawrence. He and Nefarious stole the ship, but Ratchet decided that he would just use Ephemeris to return home, shrugging off Clank's concerns.

## The Q-Force

After Qwark lost the election, he, Ratchet, and Clank re-established the Q-Force in order to protect the Polaris Galaxy from threats, they were stationed in the Private Sector. During a normal day in which the galaxy was at peace an unknown villain contacted the Q-Force and revealed that he was taking control of the Private Sector, Ratchet and the Q-Force set off to stop him, after defeating his Grungarian forces on Markazia, the villain revealed himself to be Stuart Zurgo, the Qwark Fanboy who had sold Ratchet an item during his visit to Bogon.

Ratchet and the Q-Force the proceeded to defeat his forces on Ebaro and Proteus VII, but he revealed that he had actually infiltrated their ship and taken control of Ebaro's weather system, plunging the sector into chaos. Ratchet and his allies then destroyed the generator before heading to Zurgo's Lair of Doom for the final battle. Ratchet, Clank, and Qwark defeated Zurgo and then headed to bring him to the authorities.

## Inter-dimensional threat

After defeating Stuart Zurgo, Ratchet and Clank became members of the Polaris Defense Force alongside Cronk, Zephyr, and Talwyn. Ratchet, Clank, Cronk, and Zephyr soon escorted Vendra Prog to the Vartax Detention Center for her assault on Pollyx Industries. When they deactivated her cyrosleep, she took over most of the Nebulox Seven, but Ratchet and Clank managed to reactivate her proton shield. However, Neftin Prog and Thugs-4-Less soon attacked the ship and freed Vendra along with capturing Cronk and Zephyr. Despite their best efforts, Ratchet and Clank were imprisoned by Vendra and were left to die after Vendra detonated the ship. However, the windows cracked open and sucked Ratchet and Clank out into space but were forced to watch helplessly as Cronk and Zephyr were left on the ship as it blew up. The Thugs tried to kill Ratchet, but he and Clank were able to stow away on an enemy ship and flew to Yerek.

After arriving, they delivered the news about Cronk and Zephyr's death to Talwyn who was visibly distraught. Despite Talwyn's pleas for Ratchet and Clank to return to Meridian City, they decided to avenge the warbots' deaths by hunting down the Prog twins. They soon learned that Yerek and the rest of the Zarkov Sector was abandoned 20 years ago due to ghosts and that Vendra and Neftin originated from Yerek. After retrieving a Grav-Tether from Pollyx's assistant, they tracked down Pollyx in Azeril Caverns where he gave Clank an upgrade to travel into the Netherverse. Ratchet and Clank realized that the so-called ghosts were actually Nethers and upon picking up video recordings from the nearby orphanage, learned that Vendra and Neftin were responsible for the evacuation of the sector. After tracking the twins underneath the orphanage, they learned that they built a low-rent Dimensionator in order to bring Nethers into Ratchet's dimension. They also saw the leader of the Nethers who went by the name of Mr. Eye. Mr. Eye noticed Ratchet and Clank and had the Nethers attack them. Captain Qwark arrived in the nick of time with Aphelion and saved them from the monsters. Realizing that the twins were headed to Silox, they headed there to stop them from unleashing Mr. Eye.

Upon arriving, although he still wanted the twins to pay for Cronk and Zephyr's death, Ratchet became more sympathetic towards them as he understood that they wanted to be reunited with their race, but that their plans were a great danger to everyone else. He and Vendra began communicating and Ratchet tried to reason with Vendra not to unleash Mr. Eye but to no avail. After reaching the Sky Station, Neftin tried to stop Ratchet but Ratchet managed to defeat Neftin but was unable to prevent Vendra from bringing over the Nethers and Mr. Eye. As Ratchet predicted, Mr. Eye betrayed Vendra and imprisoned her in the Netherverse.

After barely escaping the Nether leader, Ratchet and Clank agreed to meet Neftin on planet Thram, so that they could make a deal; In exchange for helping Neftin steal the Dimensionator in order to free Vendra, Neftin and Vendra must turn themselves in. After Neftin agreed to the deal, Ratchet and Clank headed to the Intergalactic Museum of History in Meridian City. After trekking through the museum and finding the Dimensionator, they gave the device to Neftin. Shortly after, Mr. Eye attacked the city in order to destroy the Dimensionator. They fought Mr. Eye and initiated a two-fold plan with Ratchet fighting Mr. Eye while Clank searched for Vendra. After a long lengthy battle, Ratchet stunned Mr. Eye long enough for Vendra to return and helped seal Mr. Eye and the Nether army back into the Netherverse. Keeping true to his promise, Neftin as well as a disgruntled Vendra turned themselves in.

Later, Ratchet and Clank sat in the museum and observed the Dimensionator. After seeing it fall apart due to the amount of energy Neftin needed to banish the Nethers, Ratchet and Clank both laughed. Clank asked Ratchet what would have happened if the device was functional when used. Ratchet decided that despite wanting to find his race, he settled on staying there with Talwyn.

Ratchet then left to meet Talwyn, not knowing Clank swiped the Dimensionator.

When he was done we were in awe and amazement!

Eli: Wow! That is so awesome!

Sonic: Wow! No kidding! You guys have done it all!

Nico: Across Time, Space and Dimensions.

Eli: That is so awesome.

Rabbid Gibberish.

Sonic: (sighs) And this is a Rabbid.

Nico: Rabbids are really funny. But they aren't the brightest.

Me: Yeah they are silly and funny. But they are not the brightest light bulbs in the closet if you know what I mean.

Ratchet: Oh I get ya. I've actually been to Earth before and I learned some of their customs myself.

Me: Really? Wow.

Sunset Shimmer: That is awesome.

The Rabbid was about to lick Ratchet's Omni Wrench.

Ratchet: Eww. Dude, don't like my Omni Wrench. It's not clean.

Rayman: Don't lick that please.

He grabbed the Rabbid.

Nico: Yeah they aren't very bright.

Eli: But they do give us a really funny laugh.

Me: It's true.

Clank: Ratchet, I detect danger lurking.

Eli: Uh oh I sense it. And it's behind that rock behind you!

I fired an energy blast and it hit the rock and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Out came a robot that Ratchet knows!

Ratchet: It's one of Drek's robots!

Me: Chairman Alonzo Drek? Oh man!

Nico: He must've been brought back to life somehow.

Sunset Shimmer: I hate that guy. He was tearing planets apart so he can make planet real estate.

Me: Yeah making tons of people homelesss.

Ratchet: Yes but you guys will not like him.

He went over his history.

---

Ultimate Supreme Executive Chairman Drek, also known simply as Chairman Drek, is the main antagonist of the 2002 video game Ratchet & Clank.

He is the oppressive CEO of Drek Industries and dictator of the Blarg species. He is also responsible for purposely polluting his home planet Orxon, so that he can profit from building a new planet.

He was voiced by Kevin Michael Richardson, who also voiced the Joker in The Batman, Dark Laser in The Fairly OddParents, Black Samurai in Scooby-Doo! and the Samurai Sword, Ian the Gator in The Princess and the Frog, Goro in Mortal Kombat, Sarevok Anchev in Dungeons & Dragons: Baldur's Gate, Captain Gantu in Lilo & Stitch, Trigon in Teen Titans Go!, Shredder in the 2012 Teenage

Mutant Ninja Turtles animated series, Carlton Duquesne in Batman: Mystery of the Batwoman, Prince John in House of Mouse, Crunch Bandicoot in Crash Bandicoot, Temutai in Kung Fu Panda: Legends of Awesomeness, Floronic Man in Batman and Harley Quinn, Skulker in Danny Phantom, Gorilla Grodd and Captain Cold in Lego DC Comics Super Heroes: Justice League vs. Bizarro League, Jabba the Hutt in Star Wars: The Clone Wars.

Chairman Drek was native to the planet Orxon and was the leader of the Blarg race. In the events of Ratchet & Clank, he and his army were attempting to create a new planet by taking chunks of different planets and adding them to their new world after Drek severely polluted Orxon and the planet's population grew at an unbalanced pace, killing anyone that got in his way of creating their new home. A diminutive robot named Clank was horrified at his intentions and fled the planet Quartu by stealing a Blarg ship, but was shot down by Drek's troops and crash-landed on planet Veldin, where he would meet a Lombax named Ratchet and would team up to find the galactic superhero Captain Qwark and stop Drek. When Drek noticed Ratchet's ship departing Veldin, he ordered a shaded figure (later revealed to be Captain Qwark himself, as Drek secretly hired him to be the spokesman of the new planet) to "take care of them."

Drek posted videos of his intentions of creating the new planet by extracting large chunks of them, thus causing the planets that were damaged to end up hurtling out of orbit and into the sun, killing the planet's populations and destroying the planet itself in the process. Meanwhile, Ratchet and Clank finally found Qwark in Blackwater City on planet Rilgar and he agreed to help them and told the duo to meet him at his HQ on planet Umbris. Qwark has the duo run a death course to "prove themselves to him", and the famous superhero betrayed them, leaving them to fight off the Blargian Snagglebeast, which failed to kill them. This frustrated Drek and he gave Qwark a second chance to kill the two heroes or he would be fired.

Eventually, he had Qwark use a Blarg ship to fight Ratchet and Clank at the Gemlik Moonbase. Ratchet confronted him again, but despite Qwark's efforts, he failed again and was shot down and Drek fired him.

Later, Drek planned to destroy Veldin to finish off his planet, but this was uncovered by Ratchet and Clank who immediately returned to Veldin to confront Drek. The duo eventually found Drek waiting for them in a giant mech and fought them. After confessing he was responsible for the pollution on Orxon, he activated a laser to destroy Veldin, but Ratchet and Clank deactivated it and sent his mech falling onto the surface on his new planet with him still inside it. Ratchet then pointed the laser at the new planet and destroyed it and killed Drek. It is unknown what became of the Blarg upon Drek's demise, but it is likely that they were either wiped out (the laser destroyed their new planet, and it seems likely that their entire population was already on their planet) or severely reduced in population.

* * *

When he was done we were shocked!

Me: Oh man! That is so disgusting!

Eli: He will pay for his crimes in the Black Gates!

Nico: Darn right he will!

Ratchet brought out the RYNO V and fired bullets and missiles at the robot.

They blasted it and destroyed it and reduced it to scrap metal!

Me: Nice blaster.

Ratchet: Thanks.

Eli: Here they come!

We saw a MASSIVE ARMY OF ROBOTS coming! There were tens of millions of them!

Eli: Uh oh!

Nico: Ratchet what do we do?

Ratchet: Uhh I don't know.

The robots were ready to attack!

Ratchet: I don't know!

Nico: Kill them all!

We fired a massive wave of energy and lasers and destroyed many robots all over!

ZOOM ZOOM ZOOM!

Sonic punched and smashed numerous robots all over with his incredible speed!

Sonic: You guys are too slow!

Nico: These guys are far too slow!

Me: Sunset!

I gave her El Oso's Ridewatch.

Sunset Shimmer: Thanks.

She activated it and got El Oso's super strength and she smashed them all over the place.

Clank: Allow me to handle this.

Clank used Chronobombs to slow the robots down. Then he used the Chronosceptor to destroy them all.

They rusted and disintegrated into dust.

Me: Wow! That was great!

Nico: That was awesome!

Eli: We're not done yet. Here comes the big boy!

We saw a big robot and piloting it was ALONZO DREK!

Ratchet: DREK!

Drek: Ratchet! How is my archenemy?

Ratchet: Drek, you're not my archenemy. Dr. Nefarious is. And J.D. and the others don't help me take him down until probably August.

Nico: At least you aren't our target but you'll do for a start!

Me: That's right you clod! We're not after you! We're after Nefarious.

Nicole: And he will pay for everything he has done!

Eli: Just like you will!

Drek: Aw I'm hurt.

Me: You're going to feel a lot more than that for all the people you have destroyed Drek!

Sonic: That's right! You're going to pay for destroying their homes!

Ratchet and Clank jump into the Aphelion and shoot Drek's with lasers and missiles.

Nico: Take this!

Nico fired waves of energy and lasers as well. Sunset Shimmer fired waves of fire and burned him all over.

Me: YEAH! Take this!

I fired waves of ice and froze his robots legs and they shattered.

Ratchet: Guys, I know you have all the Eyecons for the Masters of Evil now. That means Sonic can use his!

Nico: Good idea!

Sonic: Yeah!

He activated his Eyecon!

WILLIAM HATFIELD AND THE BROODALS!

Me: William Hatfield of the Hatfields and McCoy's Feud!

Nico: Nice pick.

Sonic: CHAOS FEUDENIN TIME FIRESTORM!

He fired a massive shower of energy bullets and they hit Drek all over and they blasted him all over the place!

Nico: NICE!

Clank: Ratchet, unless you take out Drek himself, this battle will take a while.

Ratchet: I plan to!

Me: Let Sunset and you do a combo together.

Ratchet: Good idea!

Sunset Shimmer: Lets do it!

Sunset Shimmer and Ratchet went at him and jumped into the air.

Sunset Shimmer and Ratchet: FLYING FIRESTORM PHOENIX SPEAR!

They were enveloped into a fireball and then it formed into a phoenix and they slammed into Drek and he was incinerated and then he exploded into dust!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead!

Eli: YEAH! TAKE THAT!

Ratchet: That was so awesome!

Sunset Shimmer: Yeah it was!

Ratchet: I'll let you guys meet Qwark next time.

Nico: Looking forward to it.

Me: Yeah he is cool and awesome.

Sunset Shimmer: He sure is. And I'll have you meet all my friends and my teacher.

Me: You'll love it Ratchet.

Clank: But we'll be on another planet probably.

Me: Looking forward to it. You guys went to so many awesome planets.

We later went back home.

May: How did it go guys?

Twilight Sparkle: Yeah how did your first Ambassador Mission go Sunset?

Sunset Shimmer: It went really awesome and well!

Me: She did a great job on her first ever mission and I'm happy to report that her first mission was a success.

Princess Celestia: That is so amazing! I'm proud of you Sunset.

We told them everything and it was great!

Rarity: Oh wow! Darling you did great!

Lola: You sure did.

Sunset Shimmer: Thanks guys.

Me: After Sunset Shimmer's missions are all done we'll have all of the Mane 10 fully covered.

May: TJ Johnson should go with you next time.

Sunset Shimmer: Good idea.

T.J. Johnson: I would be honored.

---

In Nico's room, Nico and me were talking to the spark of G1 Starscream.

Nico: (to G1 Starscream) I can't believe I'm saying this, Starscream. But… thank you.

G1 Starscream: Like I said, I didn't do it for you. But at least I got to help ruin the plan of my former teammates.

Me: You sure did. Well 3 of them got away but in the future we're going to be ready for them. They will probably appear on one of the Kamen Rider Missions later this month.

Nico: Yep but we did leave our marks on them.

Me: Master Goku skewered Paul through his butt with his power pole, Yost Wolverine slashed Number 363's eyes out and Selena Slytherin snapped Malfoy's wand and stripping him of his magic. Turning him into the very thing he hates.

G1 Starscream: Wow! They had it coming!

In the living room we were watching TV.

Hay Lin: (to Yost Peter) So, Jameson gave you a day off?

Yost Peter: He said I earned it after everything. And he even gave me 300 Bucks. I actually took pictures of Yost Goblin, Dark Lynn, and Olympius being defeated.

Nico: Awesome!

Eli: Smile for the camera.

Me: Yeah. But at least you got your name cleared and everything.

Lynn: And we've seen the last of my evil self.

Lincoln: Along with all the rest of our dark sides.

Nico: Yep. When we gave her the Black Gates we gave the dark sides of the Loud Sisters the Black Gates.

Eli: Good riddance to bad rubbish.

Me: Yeah.

Nico: Yep. Anyway we got to get over to the restaurant. Time for an awesome party.

Maria: How did you manage to get pictures for the fight?

Yost Peter: I might have placed a camera on a secure spot of the planet while the roll calls were going on.

Nico: Sneaky and clever.

Me: Sorry I took you guys to a planet of chum for the battle.

Lana: But it was really awesome.

Plankton: That is amazing that you went to a planet made of chum for it.

Me: It sure is. (Gasp) Hey I didn't throw up! I didn't throw up hearing that word! Wow!

Nico: Awesome! You conquered your stomach churning fear of that word.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was Mephisto from the Marvel Comics, and he's here to crash our party to celebrate the finishing of Phase 1 of The Ambassador Missions. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us today?

Lincoln: You got that right, Nico, and we're not going to like this one bit: the dark energy signal I sensed belongs to Mephisto from the Marvel Comics, and he's here and he's here to crash our party to celebrate the finishing of Phase 1 of The Ambassador Missions.

Me: So, the father of Blackheart has finally come out, has he? Well, he's going to consider this his last day alive.

Lincoln: True, but we're not going to give him The Black Gates this time.

Nico: That's right, besides we don't hate him as much as we hate his evil son, Blackheart. So, what's going to be his punishment?

Lincoln: How about putting him in The Book of Vile Darkness for all eternity?

Carmen Rockell: Good idea, Lincoln. Plus, it's now my turn to transform.

Liam: Alright, and I'm fighting alongside her when that demon shows up.

Lincoln: Awesome.

Nico: Perfect, now, then, let's get ready for our party to celebrate finishing Phase 1 of The Ambassador Missions, and deal with that party crashing father of Blackheart.

Lincoln: And I hope he likes spending eternity in The Book of Vile Darkness and the tortures inside the book.

We went to the restaurant and we later arrived!

Nico: Hi there, Lynn's Table!

Me: GOOD MORNING LYNN'S TABLE CREW!

Lynn Sr.: Hey guys! You ready for your huge party!?

Nico: You bet we are!

Eli: YEAH!

We saw that everything in the restaurant was already ready for the party and more. We were at our tables.

All of us: (CLINKS GLASSES) CHEERS!

Nico: To Phase 1 of the Ambassador Missions being complete!

Eli: Yeah!

Girl Jordan: To think the Ambassador missions started after I got into that argument with Nico during the Skies of Arcadia mission.

Me: That is true and Nico ended up spanking you like how Tom Tucker did to Peter.

Lola: That was funny but true.

Nico: Yeah that was.

Me: If it were Peter Griffin, I would like that but NOT Girl Jordan.

Varie: Yeah no kidding there.

Me: But it was awesome nonetheless that we got the idea for the Ambassador Missions from there and it all started in the Aligned Universe too.

Nico: That's true.

Poliwag: I'm sorry I couldn't keep the secret for long, Bumblebee. It's just that when I was looking in the mirror during that time, I thought I saw Scott Bakula!

Aligned Bumblebee: It's all right Poliwag you panicked and that's all right.

Nico: But it was still cool that I got to test out a new program in the Aligned Universe.

Me: You sure did and it worked perfectly.

Nico: Yeah.

Vypra and the Masters of Evil all appeared.

Vypra: Hope we didn't miss anything.

Nico: Nope you made it just in time.

Dark Spicer: Awesome.

They sat down.

Arkayna: My missions were first.

Me: In the world of Blue Dragon.

Shu: They sure were. That was so cool.

Me: That was so awesome. We helped bring down many of Nene's forces and destroyed them. And we also recruited many awesome great friends.

Zola: You sure did and it was awesome how you guys managed to save our world from Nene.

Lola: That was so awesome and amazing.

Me: And we ended him and his reign of terror of January 7th. Awesome way to start the new year.

Nico: It sure was.

Vypra: That was really cool.

Mumbo Jumbo: And we had a lot of fun starting out the year like that. So awesome.

Shu: And unfortunately, that's when Officer X started going after the mascots when they defended Charles.

Me: And thus began the pursuits of Officer X.

Laney: Yeah that dogcatcher deserves to be thrown in jail.

Lola: Big time. His obsession destroyed him completely.

Nico: Yep it sure did and he went from Penguins to our mascots.

Skipper: He sure did. He was after us first and then he went after the Mascots.

Nico: That was crazy.

Rainbow Dash: My missions were next.

Me: And I loved that one because I'm a huge football fan.

Nico: Yep you are from Colorado and love the Denver Broncos.

Lola: That is awesome!

Ish: That was so awesome for the second set of missions.

Me: And Rainbow Dash is a great sports star and that set of missions really fit her perfectly.

Kaos: And it was great helping out Nate and his friends.

Katie Forester: That sure was awesome.

Tecna: (British Accent) Next up were my missions.

Nico: Now that was a fun one.

Me: Especially with how I got some shots in on Venomark.

Ransik: That is true. And that monster paid for it for poisoning me.

Me: Yeah no kidding. And we exposed that cheater Trip Murphy for his crimes.

Maggie Peyton: We sure did and that was awesome.

Nico: Awesome day for us on January 28th.

Riddler: It sure was fun. We had lots of fun on that one.

Brittney: Lets not forget my missions too. I had Hari and her brother.

Hari: I remember that and it was awesome meeting Brittney.

Rex Goodwin: Those were awesome and we had a lot of fun on those.

Misty Tredwell: Yeah we sure did and that was amazing that Hari and her brother helped ghosts.

Nico: Yeah that was awesome.

Piper: Next up were my missions.

Me: Now that series of missions had to be the most strategically planned out of them all. We helped Mikey and his friends take down little by little of the Bagra Army.

Nico: That was awesome.

Mikey Kudo: We had a lot of fun on those. They were awesome.

Nene: They sure were.

Laney: We all thought so.

Me: And we took down Lord Bagra on February 7th.

Nico: With me smelling like Graboid Slime! YUCK!

Fixer: But that was so awesome how Nico did that. Takes a lot of guts.

Mikey Kudo: Unfortunately, that's where Officer X made his second appearence.

Nico: And we chased him ALL OVER the Digital World.

Poromon: That was funny and cool.

Me: It sure was. But it was fun.

Piper Willowbrook: That was awesome and great.

Eli: And we also got a shock when we met a Great Leviathan Gene-Slammer.

Me: Yeah we sure did. Maxxine Smythe here.

Maxxine Smythe: That was really awesome.

Bloom: My missions were next.

Nico: Yep.

Me: That was our first ever time in the Yost Universe. We met the Yost Fantastic 4 back then.

Me: We couldn't do it on Valentines day because it was one of our holiday breaks.

Yost Reed: That makes sense.

Brain Freezer: That was so awesome and cool.

Georgina: Next were my missions.

Nico: Now that was an interesting one! We met more Aligned Transformers and got to help the Rescue Bots out.

Aligned Heatwave: That was a really cool mission.

Aligned Optimus Prime: It most certainly was.

Me: Yeah and that was a strange part that we didn't encounter any of the Decepticons there.

Laney: Yeah no kidding.

Me: But on the bright side we did take down Doctor Thaddeus Morocco there on February 21st.

Nico: Yep and sent him to prison.

Hsi Wu: That was great. And we had a lot of fun on that one. Especially with rescuing people all over Griffin Rock.

Rice: My missions were next.

Me: In the world of Eon Kid and that one took place 3,000 years from now. How awesome.

Marty: That was so awesome and amazing.

Me: It sure was. And we destroyed the General.

Lola: That was a really fun one for February 28th.

Nicole: Awesome way to close out the second month.

Killer Shrike: That was really cool. But it was really scary that Marty's world went to hell like that.

Kendra: My missions were next.

Nico: With Charlie Brown and friends. That was so awesome.

Charlie Brown: It sure was. And we found all sorts of great transformers there.

Me: We sure did. Including the Live Action Constructicon Devastator Team.

Lola: That was so awesome.

Me: And on March 7th we took down that Robot Chicken Satanic Great Pumpkin.

Linus Van Pelt: I can't believe that in that Sketch that I would use Satanic Dark Magic to do that!

Me: No kidding. Dark Magic like that never gives anything away for free.

Brittney: That's right. It always comes with a price.

Nico: Yep but in the end we turned that huge pumpkin into a massive pumpkin pie.

Me: An award winning pumpkin pie.

Shendu: That was really cool and awesome

Emerald: Next were my missions.

Me: Now that was something I'll never forget. We finally took down the 2012 Shredder.

Lola: He sure did! And we felt his power all the way back here from Our Earth.

Nico: Yeah no kidding! 2012 Shredder really pissed J.D. off big time!

Me: He did.

Eli: But on March 14th we destroyed The Shredder of that world forever.

Me: Yeah we sure did. And I learned a huge lesson on Revenge that day.

2012 Leo: Officer X Made a 3rd appearence there.

Me: He sure did.

Nico: That guy really was getting on our nerves.

Me: No kidding.

Electrocutioner: That was a really explosive battle against that version of the Shredder though.

Me: That sure was. But I'm so sorry about what happened there. I was just so angry.

Nico: I know J.D. I know.

Sydney: My missions were next.

Me: Now that was a Gutt-wrecher! We saw that world quickly go to hell in less than a month!

Nico: No kidding! And the Superhero Registration Act immediately went into effect after that worlds version of Nitro blew himself up.

Eli: And took 600+ People with him!

Nico: That was horrible!

Me: But on March 19th we destroyed the Fold and got that worlds version of Maria Hill sent to prison forever.

U.A. Iron Man: Good riddance. I never liked working for her.

Trap Jaw: I don't think anyone did. But that was a lot of action in that one.

Me: After Sydney's mission we had to postpone our big missions for our annual Ridonculous Race Competition.

Camie: That is so awesome that you guys got to compete in all that.

Tsuyu: It sure is amazing!

Himiko: Yeah I saw all those races and they were awesome.

Sheila: My missions were next.

Nico: Now that was so awesome! Lupin III goes on awesome heists all over the planet and battles numerous awesome bad guys.

Nicole Hernandez: That was really awesome.

Himiko: And it was great that I got to reconcile with my biological family.

Me: Yeah that was awesome. And I got to fire a powerful Final Flash blast that blew All For One's manhood into oblivion!

We laughed at that one!

Nico: That was awesome!

Lola: Yeah it was. And we had the biggest hero recruitment day ever on that one.

Me: Yep. April 7th was awesome. We had a lot of fun on those missions.

Nicole Knudson: And we imprisoned many of the villains that Izuku and his friends all faced into the Book of Vile Darkness.

Nico: We sure did.

Beast Man: We had a lot of awesome fun on that one and we got tons of awesome new recruits there.

Drakus: We sure did. That was awesome.

Qin: My missions were next.

Nico: Now that was awesome. J.D. we had no idea you knew Mike and his team before that.

Me: You didn't ask about that but yeah that was so awesome seeing Mike and the Burners again.

Julie Kane: And we took down my evil father there.

Me: And sent his big corrupted butt to prison for good.

Nico: And that mission was just a short hop away from Gotham Royal York.

Me: I know. It was just practically right down the street. But it was awesome for April 14th.

Captain Cold: We sure had a great time on that one. That was awesome.

Fluttershy: My missions were next.

Me: Now that one was something that Fluttershy easily fitted in with. The Lego Chima heroes are all Anthropomorphic Animals.

Nico: They sure are.

Laval: That's true! It was awesome and we all taught you guys how to use Chi.

Me: That is cool that we can now use Chi. We can also use Fire Chi too.

Nico: That is awesome. And going there on April 21st was great.

Me: Yeah it sure was.

Carmen Dillo: That was a great one.

Starlight: My missions were up next.

Me: Now that was a great but sad one! We actually mended the relationships with humans and Cybertronians and also brought an end to the great war of Cybertron after 8 million years of fighting. But that one had come with a terrible cost. We lost General Morshower.

Nico: We sure did. But he died a great hero. He will never be forgotten.

Eli: April 28th will always be a day of remembrance for him.

Nico: It sure will.

Dr. Starline: Yeah but at least we did great on that one.

Pinkie: My missions were next!

Nico: Now yours were great Pinkie. We went to the town of Dirt in Nevada and we had a lot of fun there.

Me: We sure did. May 7th was cool and we turned Tortoise John into turtle soup!

We laughed at that one!

Nico: That was funny how we did that. Made us feel like the 1987 Shredder.

We laughed some more.

Me: That was great.

Rango: It sure was.

Me: But he did taste delicious.

Nico: He sure did.

INSTIGATOR: But that was a cool one. I had a great time on that one.

Tahu: My missions were next.

Me: Now that was fun. That one I had lots of experiences with because of me being a Beyblade Champion.

Tyson: Yeah that was awesome. And you guys did great using Beyblades the First time.

Me: Yeah that was cool. Just like old times right Tyson?

Tyson: You got that right.

We fist bumped.

Nico: That was cool. And May 14th was when we destroyed Voltaire and his insane ways.

P'andor: (Russian Accent) That was a great mission everyone.

Zarya: My missions were next.

Me: Now those were the most Awesome ever!

Kaito: Boy they sure were!

Nico: Yeah they were! We had ALL THE POWER RANGERS including the Kamen Riders from the missions we did minus the ones we met leading up to that point that we met all help us including the Dino Fury Rangers.

Me: And we haven't even met them yet on Cornelia's missions soon.

Laney: But that was so awesome. Too bad the Donbrothers couldn't come.

Me: Yeah but it's best to wait for them. They had their own adventures to do first. But that was so awesome how were all helped them beat a villain that had over 45 years of main villains woven into him. That was so awesome.

Eli: It sure was. May 21st was unforgettable.

Zocks: It sure was. And it was also the day me and Chloe got together.

Me: Even though that was unintentional it actually did happen for real.

Kaito: We also had one last encounter with Officer X.

Nico: Yeah and we finally sent him to the Saturn Looney Bin.

Laney: Good riddance.

Kaito: But we still had an awesome time with you guys on that one. That was awesome.

Lola: It sure was.

Knightbrace: Everyone had fun on that one there.

Zarya: We sure did.

Vypra: And that was the first time ever we had all the monsters from all the series as well as all the rangers there.

Me: Minus the Pre-Zyurangers there. But yeah.

Princess Luna: My missions were next.

Nico: That was the second mission series for the Yost World.

Me: Yes it sure was. And it was so awesome how we took down Apocalypse on Three Mile Island.

Nico: Yeah that was great.

Yost Wolverine: That was amazing. And the best part is that J.D. got to stop the hatred of mutants for good. His speech was very inspirational and motivational.

Me: Aww shucks. But yeah that was great. May 28th was a good one for us.

Hades Beast Specter: That was really awesome and cool.

Vakama: My missions were next.

Me: Yep and that was a really crazy one! But it was awesome that you guys met Max and his team.

Max (Dinosquad): It sure was and J.D. knew us before the team was formed.

Fiona (Dinosquad): That was awesome.

Laney: It sure was and it's so awesome that you guys can turn into dinosaurs from millions of years ago.

Caruso: It sure is.

Me: And we took down Victor Veloci on June 7th.

Pyro: He sure was but that was really awesome.

Rarity: Next were my missions.

Me: The Kiramagers missions were perfect for you Rarity. Because of your use of jewels in all your beautiful clothes.

Nico: That was an awesome reason for that.

Rarity: It sure was darlings. We had a lot of great fun on that one.

Laney: We sure did. And Natilee and Rarity both faced Minjo.

Natilee: We sure did and that was so much fun. But it really pissed me off that she was using the Kiramai Dreamstone for evil. But amazingly I got an awesome new Kiramager form too.

Me: You sure did Natilee. And that was a great one on June 14th.

Duff Killigan: (Scottish Accent) Aye it was laddies.

Princess Celestia: My missions were next.

Me: They sure were Princess and that's the 3rd mission we've had to the Yost World.

Me: It sure did. And we sent them running for the hills.

Nico: Yeah we sure did and we took down Red Hulk on that one and put him in the cell of our worlds version of General Ross.

General Ross: That was awesome.

Me: It sure was. June 21st was awesome. Perfect way to start the summer season.

King of Flan: (Spanish Accent) It sure was a great one.

Hay Lin: Last were my missions.

Me: Yep and we did that one yesterday. That was so awesome how we finished the last of the first half of the year with a bang.

Nico: We sure did and we took down the Yost World's version of Green Goblin.

Me: No kidding! That was amazing. But it's horrible how he turned that world's Spiderman into a murderer!

Nico: Yeah no kidding.

Me: But nonetheless Goblin is in prison where he belongs.

Nico: In the Saturn Arkham Asylum wing. Forever.

Vulture: Good riddance. But that was a cool one and we had fun on that too.

Maria: Now, Phase 1 might be done. But there's still the other half.

Nico: Yep and that one starts next week on the 7th.

Me: We go meet the Hibiki Kamen Riders.

Gali: And those are my missions. I can't wait to see Hitoshi again.

Me: This is gonna be amazing and cool. Thank goodness The Man and The Woman weren't the main targets or we would have done the mission too early.

Nico: Yeah no kidding. We don't want that.

Man Ray: But I'm looking forward to starting these missions.

Me: Yeah me too. July and August are all going to be awesome because we're going to meet the Kamen Riders from 2001 to 2021.

Kairi: What about the other Kamen Riders from before that?

Me: Not likely. Kamen Rider first started back in 1971 over 50 years ago. Many of them retired since then.

Kairi: That makes sense.

Poromon: Now, let's celebrate with some beer!

Nico: No thanks.

Lupin: I'll have one.

He took one.

Homer: I'll have one too.

Our food came and we got to eating too.

Maria: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to do one for Shadowman's kind next.

Qin: That will be interesting. Which alien is Shadowman?

Ben: He looks like this.

Ben turned into SHADOWMAN!

Shadowman's body shape is similar to Upgrade's and his color scheme is similar to Diamondhead's OS uniform. His torso is half-black and half-white. He has one green eye. Shadowman has the Omnitrix symbol on his chest.

Ben: SHADOWMAN!

Nico: WOW!

Shanan: Wow! So Shadowman is an Elastranian.

Qin: What are they?

Shanan: Elastranian's are a race of aliens that are very similar in appearance to the Galvanic Mechamorphs. But they have Dark Invisibility powers. That means they can blend in with the shadows of the darkness.

Nico: Wow! That is cool!

Me: Yeah no kidding!

Shanan: Yep. They come from a rogue planet located in the very distant edge of the galaxy named Elastrana. It's a dark gas giant planet locked in perpetual night.

Nico: Wow.

Qin: Wow.

?: (Demonic Voice) I hope all of you have enjoyed this party, because it'll soon be your last day alive!

big trouble incoming.

Nico: I should've known there's no mistaking that voice. You can come out now, Mephisto.

A demonic figure appeared from a tornado of darkness and hellfire, and it was none other than the demon, Mephisto from the Marvel Comics.

Me: I should've known you'd one day show up to cause trouble, Mephistopheles.

Mephisto (Marvel): (Demonic Voice) So, are you going to banish me to The Black Gates?

Lincoln: Nah, besides, we don't hate you as much as we hate your demonic son, Blackheart, along with Greisel, Wallow, and Abigor. Speaking of which.

Lincoln formed four energy cards and with the souls of Blackheart, Greisel, Wallow, and Abigor inside them, and then, four kanjis appeared on their foreheads, and the cards were consumed by the black flames of The Black Gates, and they were erased from existence by The Black Gates.

Nico: Nice one, big guy.

Mephisto (Marvel): I've since cut my ties with Blackheart forever, now shall we get started?

Carmen Rockell: Hope you're ready to die, Mephistopheles.

Suddenly, Carmen Rockell's eyes turned neon red and she was surrounded by a red and orange energy aura with flames, phoenixes, and dragons, she unholstered her massive Defender of Fire sword from her back, and as she approached Mephisto, she left red and orange energy, flames, phoenixes, and dragons with every step.

Carmen Rockell: You know, you should be glad we're going to give you a merciful death, Mephisto, because it's not like what Lincoln just did to Blackheart, Greisel, Wallow, and Abigor, but you're still going to pay for everything you've done.

Suddenly, Carmen Rockell was surrounded by a massive vortex of red and orange energy with flames surrounding it, there's a phoenix and dragon flying around the vortex, and in the vortex is a yellow phoenix. Then, as the vortex faded, Carmen Rockell emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Carmen Rockell has on a Ring of The Phoenix with red gem and heart shaped gem embedded in it on her right ring finger and Star Sapphire Corps ring on her left ring finger.

Suddenly, Carmen Rockell's massive Defender of Fire sword and the swords that she's gotten from the treasure battles began merging together as they were surrounded by a kaleidoscope of red and orange energy, flames, phoenixes, and dragons, and when it emerged, it was transformed into Chantico's Draconic Phoenix Fire Greatsword of Fiery Justice, t's a brand-new greatsword with the Aztec Goddess of the hearth fires and volcanoes, Chantico, and a phoenix and dragon etched on the 7'0" massive, wide, double-edged red and orange blade with flames on it, large dragon heads for the crossguard, large red-orange gem embedded in the rainguard, longer black handle, and large phoenix heads with red-orange gems for eyes and in their open mouths and a large red orange gem on the bottom of the dragon heads for the pommel, Carmen Rockell has on her new Bracelets of the Champions of The Universe with large red-orange gems on her wrists, Belt of Elemental Bravery with a gold phoenix head with red gems for eyes and large orange gem in its beak for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on her right hip and her Eater of Sins revolver holstered on her left hip. Carmen Rockell has transformed into SUPER ANGEL ETERNITY INFINITY DRACONIC PHOENIX FIRESTORM ANGEL OF INFERNO JUSTICE AND DIVINE FIRE LOVE!

We were amazed by Carmen Rockell's Super Angel Eternity Infinity transformation, including Maria Rockell, and when Liam saw it, he had an atomic red blush on his face, hearts in his eyes, steam coming out of his ears, and his nose was bleeding. But, when Mephisto (Marvel) saw it, he fired a blast of hellfire at her, but Carmen Rockell absorbed it, and it made her even stronger than ever, and she fired a powerful red and orange energy blast with dragons, phoenixes, and flames at the demon, and it hit him and sent him flying into a wall.

Maria: Holy crap, my little sister's transformed, and she's now become a beautiful woman, so awesome.

Nico: That's really awesome, and she's really going to turn up the heat on that party-crashing demon.

Liam: Hoowee, you said it, Nico. And Carmen, you look really beautiful. How do you feel?

Carmen Rockell: (Divine Echoing Cosmic Voice of The Draconic Firestorm Phoenix and Divine Fire Love) **I feel incredible, Liam. Now, shall we take care of Mephisto and put that party-crashing demon into The Book of Vile Darkness?**

Liam: (Smiles) With pleasure, Carmen.

Liam transformed into his Super Angel Eternity Infinity Sub-Zero Thundersnow Ice Dragon Angel of Arctic Hope and Farm Justice and he unholstered his massive Qailertetang's Arctic Thunderstorm Sword of Thundersnow Justice from his wider and muscular back, and he joined Carmen Rockell. Suddenly, we then saw Liam grow from 7'0" to 7'5" in height and his abnormally large and powerful muscles grew much bigger, and he now had abnormally massive and powerful upper and lower body muscles and he still retained his eight-pack abs, his clothes also grew much bigger for his new body, and his massive marine blue angel wings surrounded by cold air and snowflakes grew much bigger for his new body, and the feathers changed from marine blue to orange and the feathers have marine blue tips on them, and he has his gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Elemental Harmony on his right hip and his Eater of Sins revolver holstered on his left hip. Liam now has on a Ring of The Phoenix with ice blue gem with heart-shaped gem embedded in it on his large right ring finger and his Blue Lantern Corps ring on his large left ring finger.

Suddenly, Liam's massive Qailertetang's Arctic Thunderstorm Sword of Thundersnow Justice was then surrounded by a kaleidoscope of marine blue energy, snow, ice, and lightning, and when it emerged, it was transformed into Qailertetang's Arctic Thunderstorm

Greatsword of Thundersnow Justice, it's a brand-new greatsword with a 7'0" massive, wide, double-edged marine blue blade with Qailertetang, the Inuit Goddess of The Weather and ice crystals and snowflakes surrounding her etched on it, large marine blue seal heads with ice blue gems for the eyes for the crossguard, large blue gem embedded in the rainguard, longer marine blue handle, four large seal heads with ice blue gems for eyes and in their open mouths and a large marine blue gem on the bottom of the seal heads for the pommel.

Lincoln: Whoa, looks like Carmen's not the only one who's gotten a transformation, Liam's also gotten an awesome upgrade.

Liam: (Divine Echoing Cosmic Voice of The Thundersnow Yuki-Onna Ice Dragon Angel and Divine Arctic Hope) **Whoa, you said it, Lincoln. Alright, Carmen, ladies first.**

Carmen Rockell: (Divine Echoing Cosmic Voice of The Draconic Firestorm Phoenix and Divine Fire Love) Such a gentleman.

Carmen Rockell and Liam went after Mephisto (Marvel), who continued firing blasts of hellfire at them, but they continued absorbing them and it made them stronger than ever, then they fired powerful blasts of marine and ice blue energy, red and orange energy, ice dragons, fire dragons, Yuki-Onna, fire phoenixes, ice phoenixes, and Oxen at Mephisto (Marvel), and they explode with incredible power as they hit him. Then, Carmen and Liam attacked Mephisto (Marvel) with their massive greatswords, and they left pretty nasty scars on him, scars that could never heal. Then, they fired powerful energy beams at Mephisto (Marvel), and they exploded with incredible power, killing him. We cheered wildly for what Carmen and Liam did as they holstered their massive greatswords on their backs and power down, and Carmen Rockell's new body, clothes, weapons, jewelry, and massive angel wings are permanent, and Liam's new body, clothes, weapons, jewelry, and massive angel wings are permanent.

Then, Mephisto's spirit appeared in front of us.

Lincoln: Enjoy your new home, Mephisto. ALDURON ENLETHRANAL VOLSON LIRUS NOR!

Lincoln chanted the incantation and fired a purple energy blast which hits Mephisto (Marvel), and it sent Mephisto's spirit into Nicole's Book of Vile Darkness.

Carmen Rockell: That'll teach that demon. And thanks for helping me take down Mephisto, Liam.

Liam: (Smiles) Aw, you're welcome, Carmen.

Suddenly, Carmen Rockell wrapped her arms around Liam's thick muscular neck as her chest was pressed against Liam's massive and wide muscular pecs, which'd brought an atomic red blush to Liam's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Liam leans down to Carmen Rockell's face, they kissed passionately as Carmen Rockell's left arm was still wrapped around Liam's thick muscular neck, but she moved her right arm and her right hand onto Liam's massive and wide muscular right pec, and behind them was a Fire and Ice Phoenix, Fire and Ice Dragon, and Yuki-Onna flying in the air, and we also saw a herd of Oxen running across the field, along with flames raging and lightning crashing down behind them and snowflakes falling down on them and we all cheered wildly for them.

Lincoln: Liam, you and Carmen did an awesome job taking down the father of Blackheart, and you guys really gave him a merciful death.

Liam: But, we still made that ornery demon pay for his crimes.

Carmen Rockell: And you sent him into Nicole's Book of Vile Darkness, awesome.

Zennia Nikolaevna: (Russian Accent) That's right, because only Nicole's Book of Vile Darkness can imprison evil souls, not mine.

Nico: Yeah, I still remember Lincoln telling us that when we met you on Lincoln's rescue.

Liam: And now that Mephisto's gone, I think it's time I unveiled my surprise.

This surprised us greatly, and we saw Liam turn to Carmen Rockell, and he kneeled on one knee. Then, he took out a small black box and put it behind him. HE WAS GOING TO POP THE QUESTION!

Liam: Carmen, on the day we first met and when I first saw you, my heart was racing like a tractor in a cornfield. Then, over time, our friendship blossomed into something more, and I started developing feelings for you, and you also developed the same feelings for me. But, now I want to take this one step further.

Liam took out the box, and he opened it, and inside it was a beautiful gold ring with a snowflake-shaped ice blue gem and flame-shaped orange gem surrounded by small diamonds, and we saw words inscribed on the gold sashes around the gems that said: "Liam Hunnicutt and Carmen Rockell: Thundersnow and Firestorm Phoenix Eternal Love United Together For Eternity"

Liam: Carmen Rockell, will you marry me?

Those words brought tears to Carmen Rockell's eyes and a smile on her face, and we also had the same tears in our eyes and smiles on our faces.

Carmen Rockell: Yes, I do, Liam Hunnicutt. I will marry you.

Liam got up and he put the ring on Carmen's left ring finger, and they both hugged, and then, Liam leaned down to Carmen's face, and he kissed her on the lips, as she wraps her left arm around his wider and more muscular back, and placed her right hand on his massive wide right pec, and we cheered wildly for them.

Nico: Holy crap, now that I didn't even see coming. So, Liam had all this planned out, looks like he's taken a page from your book, Linc. But, it's still really awesome!

Lincoln: He sure did. Congratulations, Liam.

Maria: You too, Carmen.

Liam: Thanks, Lincoln.

Carmen Rockell: Thanks, sis.

Lincoln and Maria hugged Liam and Carmen, and they hugged back.

Maria: (Tears of Joy) My little sister is all grown up! (Crying happily)

Nico: She sure is sis.

Iron Lung: But congratulations to you both.

Dark Phoenix: I agree. You earned this.

Me: I knew that one day, their romantic relationship would soon turn to thoughts of marriage in the future. And now, that dream came true in the form of a marriage proposal, so awesome.

Nico: And Liam will decide where to have the wedding in the future. But, that wedding in the near future is bound to be epic.

Maria: You said it, Nico.

Nico: Yeah. But this was awesome.

We had a great party and it was so awesome.

GET READY FOR A BLAST FROM THE PAST

---

Walking through the streets of the decimated and deserted streets of Tokyo that was ravaged by an apocalyptic event was Nico, Ink Rose, Riddick, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily and we were there to go on an awesome rescue. But it was going to be a scary one too.

Kaoruko: My god is this Tokyo?

Me: What's left of it. This is a world that Nico went to before.

Nico: That's right. This is the world that Miku, Rei, Saya, Saeko and Shizuka all come from. This world was made this way all because of a terrible Zombie Apocalypse that destroyed 95% of the human race. What happened in this world was absolutely shocking beyond all forms of imagination.

Laney: That was so awful.

Camie: No kidding! (To the girls) Saya, we're so sorry you and your friends all went through this. That was hell.

Saya Tekagi: It was. But Lincoln and everyone helped us get through it.

Miku Yuuki: It's just that we never thought we would be here again.

Me: I know. But you don't have to worry anymore. Shido is gone forever. Thanks to the black gates.

Eli: Good riddance to that monster.

Nico: Thanks for coming with me, Ink Rose.

Ink Rose: Anytime Nico. I'm honored to go on a rescue with you even though I'm with you guys all the time.

Nico: That's true. But it's always so fun.

Varie: It sure is.

Nico: Ink Rose, remember when we first met you?

Ink Rose: I sure do. That was a great adventure.

Me: It sure was.

Rarity: She was one of the fashion recruits I had that helped me out.

Nico: I remember hearing about that.

Ink Rose: That was amazing.

Riddick: It sure was.

Me: Thanks for coming with as well Riddick.

Riddick: It's gonna be good to destroy some zombies.

Rei Miyamoto: It sure will be awesome.

Me: Yep.

Nico: And now, General Schwarz is your archenemy.

Ink Rose: And he is perfect for me because of my gothic personality.

Brittney: It's perfect for her because she is a prominent member of the Goths of Darkness.

May: And like Brittney said, Goths are true masters of the Night.

Brittney: That's right.

Me: Yep.

We walked by the high school where the nightmare Saya and their friends had to endure began. It was in ruins.

Saeko: Hard to imagine this is where it all began.

Kaito: You guys didn't even get to graduate.

Rei: No we didn't.

Me: What a nightmare.

Nico: (GROWLS) Shido really pissed me off!

May: Yeah because of him this entire world went to hell.

Laney: What he did shows that he was nothing more than a genocidal coward.

Me: Because of him, 95% of the entire human race was wiped out.

Lola: Yeah he needed to be given the Black Gates the first time instead of being locked up in jail.

Nico: Yeah.

Ink Rose: That was awful.

Me: If we see any zombies still running around, blast them.

Nico: Juran, you, Magine, Gaon, and Vroon will be okay because you don't have any flesh.

Juran: That's good.

Me: And if we see any brainwashed followers of Shido running around, don't kill them.

Eli: Why?

Me: Because they need INTENSE therapy.

Nico: You're right. Those monsters are misguided dirtbags.

Lola: Yeah.

We were walking through the central part of the ruins of Tokyo.

Nico: The damage is worse here.

Laney: Yeah.

Me: Thank goodness the next Ghost Kamen Rider mission is not here though.

Nico: That's a big relief though.

Zocks: No zombies so far.

Chloe Bourgeois: But we got to stay alert.

Lola: Yep.

We kept our eyes peeled for any danger.

We looked at many of the ruined buildings and saw that they were all boarded up and many people are hiding in fear.

Varie: The people here are trying to live and survive.

Nico: Yeah.

Juran: I don't think we're welcome here.

Nico: HOW STUPID ARE THESE PEOPLE!?

Nico took the sign down and he gave it to me.

Nico: Hold on to that J.D. We're going to need it to declare that group a terrorist organization.

Me: Right.

Laney: Wait look!

We saw a bunch of figures coming and they were armed with makeshift weapons!

Nico: It's all the people that were brainwashed by Shido! Stand ready!

Me: So they all want to fight us. Well then it's their funeral.

Nico: Yep. Change of plans. We kill them.

Eli: Yeah!

Miku Yuuki: I've had enough of Shido to last an eternity!

Laney: Me too!

Kaito: (takes out Ex Aid gear) They won't get us without a fight.

Zocks: (takes out Build gear) No, they won't.

Zocks got an awesome Fullbottle Energy Blaster and Kaito got a wicked cool Video Game matrix sword!

They came up to us.

Woman 1: KILL THOSE SONS OF FUCKING BITCHES!

Me: Bring it on! GARGOYLE POWER!

I flared up a Grey Gargoyle Aura infused with Myotismon's power and I fired a massive blast of blood red lightning and it hit the woman and it blew her to pieces!

Nico: YEAH! Try this on!

He activated the Ridewatch for Shendu and fired a blast of fire from his mouth and it hit them and incinerated them!

But then we saw the last of the zombies coming and they slaughtered all of the people that followed Shido!

Vroon: The zombies are joining in!

Nico: Now things get awesome!

I put on my Zombie Apocalypse Survival Gear.

Me: Chew on this dead freaks! MOTHMAN POWER!

I had a pitch black Mothman Aura flare up and it was imbued with the power of Carly Atlas and I fired a massive blast of orange fire and incinerated many zombies in an instant!

Nico: AWESOME!

Lola: Yeah!

Nico: Let me try.

Me: I discovered we have all the powers of all the M.O.E. members in us now with the Changeman Auras.

Nico: Wow! That is cool!

Eli: This is gonna be awesome!

Nico: Yeah! YAMATA NO OROCHI POWER!

Nico flared up a Sea Foam Green Eight-Headed Serpent Aura and fired venom acid blasts with King Hiss's power and melted numerous Zombies into dust!

The zombies bit Juran. But they lost their teeth!

Juran: Nice try! But I have no flesh.

POW!

He punched their heads off.

Lola fired waves of fire and incinerated them all over.

Miku Yuuki: Try this on! GAEA POWER!

She flared up an Orange Aura in the form of Gaea, Goddess of Mother Earth and it was infused with the power of Dr. Animo and she summoned a massive army of Pyronite Bats and they went at all the zombies and they incinerated them all in one fell swoop!

Nico: WHOA! THAT WAS AWESOME!

Me: Yeah! Nice job Miku!

Eli: YEAH!

Me: Scans show that all the zombies are dead.

Eli: Good riddance.

But then we heard EERIE Moaning!

Gaon: I know that moaning!

Nico: Me too!

A figure came out and it was ANOTHER MYSTIC FORCE RED! It was a scary version of Mystic Force Red except the helmet had a skeleton phoenix on it and had a shredded cape and scary teeth on it.

Nico: WHOA! Another Mystic Force Red!

Lola: This is not a good sight!

Me: If Nick and Boomerang saw this one they would be pissed!

Maria: Something's different about this one!

Nico: Why do you say that?

Maria: I'm sensing a powerful time energy coming from it.

Nico: Wait you don't think that it's…

Another Mystic Red then clutched its head.

Another Mystic Red: (In a girls voice) HELP ME J.D.!

Me: (GASP) I know that voice!

She reverted back and it was a purple hair girl with purple eyes and had purple and black clothes on.

Me: Carla Jolokia!

Carla Jolokia: J.D. help me! I can't control this power!

Me: Hold on Carla!

Nico: How do you know her J.D.?

Me: Carla is one of my Kindergarten Cooking Class partners. Back in those days we were known as the King and Queen of Spice.

Lincoln: That is so awesome!

Nico: Wow!

Me: Yep. She and I have been known for making the most deadliest spiciest foods in all of the world. We made it all from Burgers, Chili, chicken wings, soup, everything. We are known

as the king and queen of spice.

Nico: That is really cool!

Lola: It sure is! We'll have to try some of that food later on.

Me: You guys will love it.

Carla Jolokia: Yes but please help me!

Maria: That doesn't explain the Time Energy.

Me: I forgot to mention that she is also a gene-slammer for Eon's Kind, the Chronians.

Everyone gasped in shock!

Nico: J.D. are you serious!?

Eli: He's not kidding! The Force is telling me that her time powers are 1,000,000 times more powerful than that of Eon!

Ink Rose: That is amazing!

Riddick: Team Rocket really stepping into trouble big time!

Nico: No kidding! How in the world did they get Eon's DNA?

Me: It must've been after Ben's battle with him the first time.

Nico: That's insane!

Me: Yeah. But tt happened back when she was only three. But she has full control over her powers. After I joined middle school she disappeared. I haven't seen her since.

Nico: (takes out Boomerang's Ridewatch) No wonder Swartz got to you!

Me: Yeah!

He activated it and got all of Boomerang's powers.

Carla reverted back in a swirl of darkness and Mystic Force Symbols.

Me: Hold on Carla! KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON ☽!

Another Mystic Red pulled out a Magistaff and a special Lion Staff and they had all the symbols of the Masters of Evil members on they!

Me: That Magistaff and Lion Staff both have all the Masters of Evil powers in them!

She activated Lord Drakkon's powers and fired beams of energy and I deflected them back and they hit her all over!

Nico threw one of Boomerang's Boomerangs and it hit her on the head and knocked her around.

Nico: YEAH!

Then we saw the Another Mystic Red get pulverized by an invisible force!

Me: What the!?

Nico: Are you doing that J.D.?

Me: No I swear it's not me!

?: Nice throw!

A figure came out from the shadows and it was an Elastranian!

Nico: An Elastranian!

Elastranian: (In a girls voice) Awesome to see you again Nico.

Nico: Rhonda Lorrentina? Wow!

She reverted back and was a girl with blond hair and light green eyes and had yellow clothes on.

Rhonda Lorrentina: We can catch up after we beat her.

Me: I got this one. TSUKUYOMI POWER!

I flared up a Neon Blue Aura for the Moon Goddess, Tsukuyomi infused with Zen-Aku's power and I fired blades of moonlight and they hit Another Mystic Force Red and then she fell to the ground and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: YEAH!

I caught the Ridewatch for Mystic Force and purified it.

Me: Got it!

Nico: Nice shot J.D.

Then we saw Magistaffs and Lion Staffs for each of the Core and Non Core members of the M.O.E.

Me: Cool!

We picked them up.

I went over to Carla and gave her my serum.

Me: Carla? Are you all right?

She saw me.

Carla Jolokia: (Coughs) (Weakly) J.D.? Is that you?

Me: Yeah it's me.

She hugged me and was happy to see me. I had her put on my back as she was too weak to walk.

Nico: That was awesome!

Rhonda Lorrentina: Yeah it sure was!

Ink Rose: What's your favorite memory of Nico?

Rhonda Lorrentina: Me and Nico were in Woodworking Class and we made all kinds of really awesome furniture that the best millionaires and billionaires can only dream of. We made everything. But my favorite memory is when one of the richest men in the world came up to us and he gave us a really awesome challenge for us. He offered me and Nico $500,000,000,000.00 for making him an amazing Vacation Mansion over in Hawaii and we accepted his challenge and we got it done in less than 3 days.

Me: Wow! That was you guys!? You build the Buxbey Mansion in Hawaii all by yourselves?

May: That is amazing!

Nico: Yep and it was awesome. We got the money after that and it was so awesome.

Lola: That is really cool!

Nico: It sure was.

Nico and Rhonda hugged.

Nico: I really missed you.

Rhonda Lorrentina: Me too Nico.

Qin: But that was so awesome that you guys did that.

Me: It sure was. Wow!

Laney: Yeah. But what do we do about this world. The Zombies and Shido's followers may be gone but the survivors here pretty much lost everything.

Miku Yuuki: No all is not lost. We can still give them a new home on our Earth.

Me: Good idea Miku.

Nico: We better get the ship here for transport.

Me: Lets do it!

We called the U.S.S. Valorous Phoenix and got all the people that survived beamed on board and took them to our Earth.

Nico: That's right, big guy. So, three more Champions of Harmony are right here in the capital of Michigan, awesome.

Me: And it's also my first time seeing Lansing for myself.

Lincoln: Yeah, you've seen all of Royal Woods before it became Gotham Royal York, J.D., along with the other cities here in Michigan, but not Lansing. This is going to be so awesome, and thanks for coming with us, Zick.

Zick: You're welcome, Lincoln, this is going to be one awesome rescue.

Sunset Shimmer: You said it.

Suddenly, we saw the cutie marks on Sunset Shimmer, Starlight Glimmer, and Trixie Lulamoon's cutie mark on their right shoulder and the Forgiveness, Empathy, and Humility Cutie Marks on Lincoln's wider and muscular back were glowing, and that means The Champion of Forgiveness, Empathy, and Humility are near.

Ken Knudson: Awesome, the Champions of Forgiveness, Empathy, and Humility are near, now all that's left is to take down Dio Brando's fanatical and single-mindedly loyal vampire.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of six girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the six girls, but they've been cornered by Vanilla Ice, and he's going to kill them. Lincoln also saw three girls with long flowing colored hair that matches the hair colors of Sunset Shimmer, Starlight Glimmer, and Trixie Lulamoon with their cutie marks emblazoned on their forehead, the tattoos of The Elements of Harmony on their right arms, and they're dressed in clothes that match the colors of Sunset Shimmer, Starlight Glimmer, and Trixie Lulamoon, and they're defending them from Vanilla Ice.

Lincoln: Guys, I found the six girls, but they've been cornered by Vanilla Ice, and he's going to kill them. I also saw three girls with long flowing colored hair matching the hair colors of Sunset Shimmer, Starlight Glimmer, and Trixie Lulamoon with their cutie marks emblazoned on their forehead, the tattoos of The Elements of Harmony on their right arms, and they're dressed in clothes that match the colors of Sunset Shimmer, Starlight Glimmer, and Trixie Lulamoon, and they're defending them from Vanilla Ice.

Ken Knudson: Those three girls are Tarra Taiyou, the Champion of Forgiveness, Emily Yumiko, the Champion of Empathy, and Gloria Tricksenstein, the Champion of Humility, and the seventh, eighth, and ninth of the 27 Champions of Harmony. We got to get over there.

?: (Romanian Accent) And destroy that fanatical vampire once and for all.

Suddenly, we saw the Duel Monster, Vampire Lady, appear before us in a tornado of darkness and bats.

Nico: Whoa, that's the Duel Monster, Vampire Lady, awesome.

Lincoln: And I'd recognize that Romanian accent from anywhere, I knew it was you, Adriana Ardelean Dracula, but we'll talk later, we've got a vampire to slay.

We then rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Vanilla Ice and it allowed the six girls to get away and Tarra Taiyou, Emily Yumiko, and Gloria Tricksenstein joined us. When Vanilla Ice he was enraged when he saw us, especially when he saw the ones who killed Dio Brando.

Vanilla Ice: You! I will kill you all for what you did to Lord Dio!

Lincoln: That vampire got what he deserved for what he's done centuries ago, and now, you're about to share the same fate.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), and Musashi Miyamoto (Samurai Warriors) got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Georgina, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Rayman unholstered his massive Celtic

Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after Vanilla Ice, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit him.

Then, Lincoln put Vanilla Ice in a brutal bear hug, and he sank his fangs into Vanilla Ice's neck, and as Lincoln began drinking Vanilla Ice's blood, he also began absorbing Vanilla Ice into his body using the Pillar Men's' absorption ability, and he also assimilated Vanilla Ice's powers and abilities, and he gained control of his stand, Cream. Then, when Lincoln was done feeding on Vanilla Ice's blood and also, absorbing Vanilla Ice into his body and assimilating the vampire's powers and abilities, an energy card formed in Lincoln's large left hand with Vanilla Ice's soul inside, and the kanji appeared on Dio Brando's forehead, and he was condemned to The Black Gates as he was erased forever. We cheered wildly as as we holstered our weapons and power down.

Lincoln: That fanatical vampire got what he deserved, and for what he's done in serving that vampire, Dio Brando.

Nico: You said it, big guy, and that's another of Dio Brando's minions put down for good.

Me: You said it.

Tarra Taiyou: Thank you all for what you've done to that vampire.

Emily Yumiko: (Realizes something) Wait, you're…?!

Gloria Tricksenstein: Team Loud Phoenix Storm?! Awesome!

Me: That's right.

Lincoln: We found about you and the other 21 who were chosen by the Elements of Harmony to become the new 27 Champions of Harmony. We've already recruited Emily Magica, the Champion of the Magic of Friendship and Harmony in Colorado after dealing with Amy McKale, Athena Wendolla in Australia after dealing with Strazio, Cassie Excelsion in Puerto Rico after dealing with Orochi, Helen Anderson in Texas after dealing with Gill, Celine Giachi Florres after dealing with Jack the Ripper, and Laura Diane Pyenington in the Ann Arbor Comedy Showcase in Ann Arbor, Michigan, and now we're here to recruit you three.

Lincoln then explains to them that The Doomsday 23, along with Evil Starlight Glimmer, are about to be resurrected as a part of a contingency plan by The Church of Necrom, as part of yet another plan to get revenge on us for destroying them, and when he was finished, Tarra Taiyou, Emily Yumiko, and Gloria Tricksenstein were quite shocked. Ken Knudson also explained that they, along with the others, were chosen by the Elements of Harmony, to be the new Champions of Harmony, and we saw the determination in their eyes, and they stood with us.

Tarra Taiyou: Alright, I'm in.

Emily Yumiko: Same here.

Gloria Tricksenstein: Same with me, we refuse to let the Doomsday 23 or Evil Starlight Glimmer destroy the world and all Harmony.

Nico: Awesome.

Lincoln: We've recruited the seventh, eighth, and ninth of the 27 Champions of Harmony and that's it for Vanilla Ice. (To Adriana Ardelean Dracula) And it's so good to see you again, Adriana Ardelean Dracula.

Adriana Ardelean Dracula reverted back to normal, and she's a beautiful girl with long flowing black hair, blood red eyes, vampire fangs fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful black angel wings, and she reigned in the power of Vampire Lady, and she's dressed in a short-sleeved blouse, long black frilly skirt, black knee-high high-heeled boots, and long sleeveless black trenchcoat with darkness, blood, and vampires on the coattails, and the Castle of The Vampires and Vampire Lady on the back, and holstered on her back a large Vampire Lady-themed greatsword with Vampire Lady etched on the 7'0" massive, wide, double-edged blood red blade, black vampire wings for the crossguard, large blood red gem embedded in the rainguard, longer black handle, and large blood red gem surrounded by black angel wings for the pommel.

Adriana Ardelean Dracula: (Romanian Accent) You too, Lincoln, it's been a long time.

Lincoln went up to Adriana Ardelean Dracula and they hugged, and Adriana Ardelean Dracula's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs as well.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Adriana Ardelean Dracula: (Romanian Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs as well, that's so awesome.

Nico: Wow, Lincoln, you know her.

Lincoln: Indeed I do, Nico, this is Adriana Ardelean Dracula, my Guardian Angel from Transylvania, Romania. She's a very powerful vampire who has the powers and strengths of the vampires, but not their weaknesses, and a very powerful master of darkness.

Me: Whoa, so one of your Guardian Angels is a real vampire, that also explains the vampire fangs, and that's really awesome.

Nico: That's really cool.

Lincoln: Yep, she's also a Guardian Angel of Lucy Loud and she's known to be very good friends with The Young Morticians' Club, and you're going to like this: Adriana's a descendant of the 15th century warlord and Romanian Prince, Vlad Tepes Dracula.

My jaw and Nico's dropped to the floor when Lincoln told us Adriana's a descendant of Vlad Tepes Dracula, the 15th century warlord and Romanian Prince.

Nico: Whoa, so not only is Adriana a vampire, she's also a descendant of the 15th century warlord and Romanian Prince, Vlad Tepes Dracula?! That's even more awesome!

Lucy Loud: When she told us and the rest of The Young Morticians' Club, it was like a dream come true for us.

Lincoln: It was really awesome for them to meet an actual descendant of Vlad Dracula, and Adriana's also taken on Lynn when she's at the worst of her wrath.

Nico: I hope she scared the gym shorts off Lynn.

Lincoln: Trust me, Nico, she's done even more than just scare Lynn's gym shorts off of her, and we'll hear about that later.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Adriana Ardelean Dracula's neck with blood red gems on the gold thunderbolt links and blood red crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Adriana Ardelean Dracula: (Romanian Accent) (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Adriana.

Adriana Ardelean Dracula had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Adriana Ardelean Dracula's waist and Adriana Ardelean Dracula wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Adriana Ardelean Dracula's face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the six girls, and when Lincoln saw them, he recognized them immediately. The six girls are Naoko Naruse, Mika Kukuri, Himeno Toyokawa, and Tooko Aoki from Lets Make a Mug Too, Yuri Shiraki, and Dux from Lord of Vermilion: The Crimson King.

Lincoln: Oh wow, it's Naoko Naruse, Mika Kukuri, Himeno Toyokawa, and Tooko Aoki from Lets Make a Mug Too, Yuri Shiraki, and Dux from Lord of Vermilion: The Crimson King.

Me: Awesome.

Lincoln: Are you girls okay?

Naoko Naruse: Yes, we're okay, thanks to you.

Then, when Naoko Naruse and the other five girls saw who it was that saved them from Vanilla Ice, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide left pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man

He had his massive Hinon's Cosmic Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings with stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long glowing neon orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them and had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanji that said, "Savior of The Loud House, True Hero, Amazing and

Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, Founder of Team Loud Phoenix Storm, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms, and Destroyer of The House of Damaskinos" on the left leg, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large Element of Harmony deep sapphire blue gem in the shape of a Thunderbird and a large silver Buffalo head with the Thunderbird and Eternity Kanji on its head for the pendant on his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Naoko Naruse: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made five clones of himself, and he and the five clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Naoko Naruse: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, six Thunderbird Necklaces of Eternal Love appeared on the necks of Naoko Naruse, Mika Kukuri, Himeno Toyokawa, Tooko Aoki, Yuri Shiraki, and Lux with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the World Tree Estate and we told everyone what happened, and they also met Tarra Taiyou, the Champion of Forgiveness, Emily Yumiko, the Champion of Empathy, and Gloria Tricksenstein, the Champion of Humility, and they're shocked when they found out the villain we went after in Lansing, Michigan was Vanilla Ice from Jojo's Bizarre Adventure: Stardust Crusaders, the fanatical and single-mindedly loyal vampire of Dio Brando.

But, when Lincoln showed what he did in absorbing Vanilla ice into his body and putting his soul into an energy card and sending him straight to The Black Gates, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Adriana Ardelean Dracula have a lot of catching up to do now that she's back in town, and that's 9 of the 27 remaining Champions of Harmony now recruited into the team.

* * *

After putting an end to Vanilla Ice from Jojo's Bizarre Adventure: Stardust Crusaders, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Adriana Ardelean Dracula saw Lincoln working out like crazy, she had an atomic red blush on her face.

Adriana Ardelean Dracula: (Romanian Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Adriana, and now, I can also

defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Adriana Ardelean Dracula: (Romanian Accent) That's incredible.

Nico: It sure is, and I don't know if you know this, but…

Adriana Ardelean Dracula: (Romanian Accent) I already know that Lincoln has a vampire form and a Nocturnal Werewolf form, Nico. I did see them on the blog, and they're really amazing.

Me: Wow, that's awesome. So, Adriana, how did you take on Lynn when she's at the worst of her wrath?

Adriana Ardelean Dracula: (Romanian Accent) You're not going to like it, J.D. One day, I was with Lincoln and we were working on a project for History class, and I was quite surprised when he chose my ancestor, Vlad Dracula, for his project, and I was really honored when he asked me for help with this. But, our day of work was interrupted when Lynn came charging into Lincoln's room like a mad bull and she had a knife in her hand and she wanted to kill Lincoln. Lincoln tried to reason with her, but she raised the knife and she was about to stab Lincoln in the stomach, but I saw Lincoln fire a powerful blast of fire at her. But, then Lynn stabbed Lincoln in the stomach, and it caused a pool of blood to form as he held his stomach in pain, and Lynn was about to finish him off. My blood red eyes turned even more blood red and my vampire fangs were bared and I viciously attacked her, and then, I tied her up with dark energy ropes and when Mr. and Mrs. Loud came up, I told them of what Lynn just did to Lincoln. Then, they heard Luna scream when she saw a pool of blood around Lincoln, and the other girls ran to Lincoln's room, and when they saw the pool of blood around Lincoln, along with the knife that Lynn used to stab Lincoln in the stomach. I went up to Lincoln and as I told him to lie down and took his shirt off, I then bit down on my wrist and my blood poured onto the wound on his stomach and it entered into his body, my blood took effect as the pool of his blood was then absorbed back into his body and the would sealed up. He was okay again and healthy, but my blood also had power and it also gave Lincoln all the strengths and powers of the vampires, but not the weaknesses, except for the thirst for blood, and they were so glad he was going to be okay. As for Lynn, instead of calling the cops on her to get her sent to jail, she was grounded for ten weeks and she was put inside an isolation cube in the basement. Lincoln hugged me and I hugged him back, and I also felt tears on my chest, it meant he just went through another near-death experience again thanks to Lynn.

We had tears in our eyes when she told us that.

Nico: Damn, now I'm really glad you got rid of Dark Lynn, big guy.

Lincoln: Same here, and just like what happened when Varya Pozhar donated her blood to save my life when Lynn stabbed me, Adriana donated her vampiric blood to save my life, and her blood gave me all of the strengths and powers of the vampires, but not the weaknesses, but I also did get the thirst for blood.

Leni: Yeah, and we totes saw him getting vampire fangs when his eyes turn from black to blood red, and whenever he gets hungry.

Nico: And what did you do for blood?

Lynn Sr.: Oh, that was left to Lucy and her club, they got the blood from the blood bank, and they had the Dark World Goth Girls with them, since they were of older age.

Nicholette Torrington: And when Lucy, Bertrand, Persephone, Boris, Dante, Morpheus, and Adriana told us what Lynn did to Lincoln, we wanted to go down there and tell that stubborn jackass off, but we were proud of what Adriana Dracula did to save his life, same with Varya by donating their blood to save his life, and in the process, he'd gained both powers of fire and darkness.

Clara St. Clarice: And we officially welcomed Lincoln to our club as an honorary member of us, now that he has powers of darkness, and when we saw his dark powers on display, it was so awesome.

Me: Now, that we didn't even know.

Lincoln: Clara's right, guys. Just like what Varya Pozhar did, Adriana donated her blood to save my life when Lynn stabbed me with that knife, watch this.

Lincoln put the 10,000-lb barbell up and in his large left hand, he formed a dark flame with darkness, shadows, and creatures of the night, and we were really impressed. Then, he forms training dummies in the forms of the Doomsday 23 and Evil Starlight Glimmer, and he fired powerful blasts of darkness, dark fire, dark lightning, shadows, and creatures of the night at them and he eviscerated them, and we were impressed. Then, Lincoln went back to working out.

Nico: Awesome.

Brittney: You said it, and it also makes him an honorary member of The Goths of Darkness as well, along with being an honorary member of The Neptune Crusaders. That's so awesome.

We got a shower afterwards, but then, a bright light descended on The World Tree Estate, and we covered our eyes. Then, the bright lights faded, and we uncovered our eyes, and to our surprise, the world of the video game, Gex, has merged with ours.

Nicole: No way, the world of the video game, Gex, has merged with ours?! Awesome!

Lincoln: Which means…

Suddenly, we heard the elevator and then, as the door opened, we were greeted by Gex the Gecko.

Lincoln: Gex the Gecko.

Gex the Gecko: That's right, and it's an honor to meet the legendary Team Loud Phoenix Storm.

Nico: This is going to be awesome having you with us, Gex, and this also means, we'll be facing off against some of your enemies as well.

Lincoln: But, we'll be ready to pulverize them.

We then welcomed Gex into the team, and we were going to like having him with us.

Later it was time for Onua's third Ambassador Mission.

Nico: I can't wait to see who we're going to face next.

Me: Me too. I hope it's another Secondary Rider this time.

Nico: Me too.

William: Anyone else want to go with us? Besides Tar Pit, Yamato, and 4 Rabbids?

Onua: How about my fellow Toa this time?

Nico: Good idea!

Tahu: It'll be an honor to meet Takeru and his team.

Gali: It sure will.

Nico: All right lets head on out!

We were off to Japan.

We arrived.

Takeru: Hey guys!

Onua: Takeru, meet my archenemy.

Tar Pit: Awesome to meet you guys. My name is Joseph Monteleone but everyone calls me Tar Pit.

Takeru: Awesome to meet you! But how did you become like that?

Tar Pit: I wasn't always like this. I have this amazing power that enables me to inhabit inanimate objects and bring them to life. But I got stuck in a huge glob of asphalt and it turned me into a living blob of tar. Hence why I turned into this.

Takeru: Wow.

Onua: But he's cool with it. And these are my fellow Toa.

Tahu: Awesome to meet you. I'm Tahu, Toa of Fire.

Gali: Gali, Toa of Water.

Lewa: Lewa, Toa of Air.

Pohatu: I'm Pohatu, Toa of Stone.

Kopaka: I'm Kopaka, Toa of Ice.

Takanuva: And I'm Takanuva, Toa of Light.

Takeru: Wow! It's an honor to meet you all.

Me: And I believe you know this face.

Yamato came out.

Yamato: Takeru! Good to see you again!

Takeru: Yamato wow!

They hugged.

Onua: I didn't know you guys knew each other.

Takeru: The Zyuohgers helped us out a while back and it was awesome.

Yamato: Yeah that was back in our seventh adventure. It was Siomaneking.

Me: I remember seeing him. He was that ugly Fiddler Crab Monster from Decade.

Eli: Yeah he would not taste very good in gumbo.

Yamato: No he wouldn't.

Takeru: Does that mean you defeated Ginis?

Yamato: Yep.

Me: And I banished him to the Warp.

Nico: When we met the Zyuohger's last year we faced Bangray and I got his powers and tried them out and J.D. banished Ginis to the Warp.

Me: That was awesome. Bangray has this wicked amazing power to bring memories of people to life just by touching them.

Takeru: That is scary and cool.

Makoto: Wow it sure is.

Yamato: Takeru, I promise that when the big day comes, me and my team will DEFINITELY help you against Adel.

Takeru: That you can count on.

Me: Awesome.

Nico: Adel better start making his will.

Eli: Yeah. In August it will be his last day ever.

Nico: I have the Ghost Team Set up. So far, it has Takeru, Makoto, Alain, Onua, and J.D. Just need one more.

Me: I think I have just the candidate.

I snapped my fingers and then I resurrected Alia who is Kamen Rider Dark Necrom Pink!

Nico: Yeah!

Alain: Alia!

Alia: Alain!

They hugged.

Takeru: Wow! J.D. how did you do that?

Me: I have the power to bring people back to life.

Eli: It's true.

Nico: J.D. has the power to do anything. He is a god among man and he has done so much for everyone.

Alia: Adel killed me.

Me: He did and he will pay for his crimes in blood.

But then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Tar Pit: (hears explosion) You came back at a perfect time!

Nico: Yep. Lets go!

Takeru: Time to kick some Gamma butt!

We went to face the Gammas.

We got there and we saw a scary version of Kamen Rider Beast from Wizard! He looked like a really scary version of him and he had scary animal skulls on him and scary teeth on the helmet. It was ANOTHER BEAST!

Me: It's Another Beast!

Nico: Whoa! I was wondering when this one will show up!

Tar Pit: Who are you?!

Another Beast: This is gonna be good.

Nico: That voice!

Another Beast reverted back and it was a black hair kid with a skull tattoo on his arm and he had thug clothes.

Nico: Terrance Arbuckle!

Terrance Arbuckle: You remember me Nico. I'm Flattered.

Nico: You always did like to hurt people wherever you went Terrance!

Yamato: You know him?

Nico: Unfortunately yes I do. He was a local street thug that I busted when I lived in the Philippines. In Manilla, I was returning home with food for my family and then I saw him robbing a jewel store in broad daylight. I used my speed and caught him with ease and they gave me a bounty they had on him. It was over 700,000,000 Philippine Pesos.

Me: Wow! Good amount of money.

Yamato: Yeah.

Terrance Arbuckle: Yes and I was deported back to California and sent to prison there.

Nico: You had it coming for your crimes.

Me: And you are going to really pay for your crimes for getting involved with Swartz.

Nico: Time to kick your butt Terrance!

Me: KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON!

Yamato: Wild Instinct Awaken!

AAAAHHAAAAHHAHAH!

He turned into ZYUOH EAGLE!

Takeru, Onua, Makoto, Alain and Alia: HENSHIN!

They transformed too!

Yamato: MONARCH OF THE OPEN SKIES! ZYUOH EAGLE!

We were ready!

Terrance was enveloped in Wizard Symbols and beasts and then he turned into ANOTHER BEAST!

Another Beast: GAMMA HELP ME OUT!

He had KNIFE, ONO, GAZAI, KATCHU, ONPU and YARI GAMMA!

Nico: WHOA!

Yari Gamma: I have Hōzōin Kakuzenbō In'ei.

Me: A 16th Century Japanese School Founder!

Onpu Gamma: I used Beethoven.

Me: Ludwig Van Beethoven. Yeah I know him. Great composer. We already faced you Katchu.

Katchu Gamma: True.

Me: And we also faced you Gazai.

Gazai Gamma: Yeah.

Ono Gamma: I'm for Juraj Jánošík.

Me: The 17th Century Slovak Highwayman.

Ono Gamma: That's right.

Knife Gamma: And I'm for Jack the Ripper and Sweeney Todd.

Me: Two of the most evil cannibalistic serial killers ever to terrorize Victorian Era London.

Nico: Yeah those two were monsters!

Knife Gamma: They sure were.

Me: But it's amazing that Forensic Science was able to identify who Jack the Ripper was. He was a Polish Immigrant that completely lost

his mind.

Nico: Yeah.

Makoto: Time to go Deep Spector!

Genkaigan! Deep Specter! Get go! Kakugo! Giza giza ghost!

He was ready!

Me: Yeah!

Nico: This is gonna be good!

Tar Pit approached Yari Gamma.

Tar Pit: Time to stick you!

Yari Gamma: Come get me Blob Boy!

Tar Pit: That's MISTER Blob Boy to you missy!

He threw globs of tar and they hit her and she exploded!

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was dead!

Nico: One down.

I went at Knife Gamma.

Me: Time to destroy you both!

I teleported and slashed Knife Gamma and he exploded!

KRABBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: YEAH!

I caught their Eyecons and purified them!

Yamato: Time to use my own Eyecon!

He pulled out his own Eyecon!

SUN TZU AND MASTER ZIK!

Nico: Sun Tzu, the famous Military Philosopher from 6th Century B.C.

Yamato: MILITARY OF CHINA BLAST!

He fired a massive blast of red fire and it formed into a bunch of soldiers and they destroyed the rest of the Gammas that were summoned!

Nico: WOW! Take that!

Me: YEAH! And then there was one.

Another Beast: Come and get me!

He put on a ring and activated the powers of King of Flan and fired waves of Flan at us and I dodged them and they hit the temple.

Me: Whoa! He has rings for all the Non-Core members of the M.O.E.! Perfect!

Nico: Nice!

Eli: This will be awesome!

Takeru: HEY! THAT'S OUR TEMPLE, ASSHOLE!

Me: At least it's not burning! But here's what I would do to Prince Aragon that Danny Phantom faced.

I put on Skulker's ring.

SKULKER! PLEASE!

I fired a wave of ecto-energy and it hit Another Beast and he screamed in pain!

Nico: Time for a combo!

Nico, Takeru and Makoto: GHOST KAMEN BURST KICK!

They jumped and kicked Another Beast and he exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I grabbed the Ridewatch and purified it!

Nico: Yeah!

We saw rings all over the ground and we picked them all up.

Nico: Yeah!

Makoto: (to Terrence) The temple is covered in flan. I hope you're happy!

The Temple was a total mess!

Nico: BLECH!

Nico then pulled out a mop and a sponge and bucket.

Nico: I would start cleaning bub!

Terrance grumbled and he was really infuriated. Terrance was gonna be there for a while.

We later came back.

William: Hey guys. How did it go?

Me: Really awesome.

We told them everything and it was awesome.

Zarya Moonwolf: Wow! That was awesome!

May: Next time, Yost Spiderman should go with you guys.

Nico: Good idea!

Onua: Yeah it will be! This will be an awesome way to close out the

Kamen Rider Missions.

Laney: It sure will be.

---

Later, Shu and Arkayna were getting ready for some fun time together. They were gonna go to the mall, the arcade, the movie theater and then go to lunch.

Duncan: You two ready to spend time together?

Arkayna: We sure are.

Shu: This is gonna be so awesome.

Eli: You two have fun.

Arkayna: Oh we will.

Nico: Tell us all about it when you get back.

Shu: Oh we will.

They left.

Arkayna and Shu were walking and then Laney Penn and a few members of the team were with them.

Laney Penn: Me, and some of the others are here to accompany you just in case.

Arkayna: Thanks guys.

Shu: We could use a lookout.

Arkayna: Yeah.

They were walking.

They went to the mall and the movies and arcade and more and were having burgers in the food court.

Drill Horn: You two enjoying yourselves so far?

Arkayna: We sure are. It's so awesome..

Shu: Yeah it's great.

Drill Horn: Good. Glad you are having fun.

They then later came back after having a fun time.

Me: Welcome back guys.

Nico: How was it?

Shu: Really awesome.

Nosecone: Did you two buy anything?

Arkayna: We sure did. Clothes, jewelry, games, comics, all sorts of stuff.

Leni: Wow that is totes so much fun.

Me: It sure is.

Shu: We had a really awesome time.

Nico: Well good. We're glad you did.

Lola: Yeah that was awesome.

Nico: Awesome. All right it's time for us to get ready for our next mission. You guys are going to love this one. We're going to battle Biff Howard Tannen from Back To The Future.

Eli: Wow! I love that movie!

Maria: I haven't watched that movie in like forever!

Nico: Great movie!

Me: Lets see what it says.

I looked him up.

---

Buford "Biff" Howard Tannen is the main antagonist of the Back to the Future trilogy, serving as the main antagonist in Back to the Future and Back to the Future Part II and a minor character in Back to the Future Part III.

Biff is the bully of George McFly, both in high school and in adulthood, and is in "love" with Lorraine McFly. He was the great-grandson of Buford "Mad Dog" Tannen and future grandfather to Griff Tannen. He is also the archenemy of Marty McFly, George McFly, Doc Brown and Lorraine Baines.

He was portrayed by Thomas F. Wilson, who also played Victor in The SpongeBob SquarePants Movie, Ashtin Carnaby in Atlantis: Milo's Return, and both Flats the Flounder, and the Tattletale Strangler in the SpongeBob SquarePants series.

Original Timeline

In the original timeline, Biff Tannen started bullying George McFly when they were kids and never stopped. Biff even made George do his homework for him while he had fun and hung out with his friends, Match, Skinhead, and 3-D.

Over the next thirty years, Biff would continue to bully and intimidate George, as they both ended up working for the same company where Biff became George's supervisor (due to George doing all Biff's work for him to get promoted). Biff's crush on Lorraine never died either, although Lorraine had married George and Biff had presumably married as well.

Revised Timeline

However, things changed when the McFlys' youngest son Marty McFly accidentally traveled back through time to 1955 using his friend Doc Brown's DeLorean time machine (while escaping from the Libyan terrorists who had gunned down the former), interfering with his parents' first meeting. Marty, using the anachronistic name

"Calvin Klein," also manages to get on the wrong side of Biff by standing up to him, something which Biff was not used to.

Marty was also indirectly responsible for causing Biff to crash his car into a manure truck, and this led to Biff finding Marty and Lorraine on the night of the school dance (November 12, 1955) in Doc Brown's car. Biff's gang trapped Marty in the trunk of another car, but are driven away by it's owner Reginald and his band members who were in the car having a smoke break and Biff tried to get his way with Lorraine. George came along, as part of the plan he and Marty had made where George would find Marty "parking" with Lorraine, but soon realized that the pretend rescue was now a real one. For the first time, George stood up to Biff to stop him from raping Lorraine. He responded by attempting to break George's arm. Lorraine, trying to pull Biff away from George, was knocked to the ground. This enraged George, who finally plucks up courage, subsequently knocked out Biff with one punch. Lorraine fell in love with George at that moment, and they walked into the dance holding hands, staring into each other's eyes.

This punch led to a much more confident George, and Biff no longer had a victim to pick on. He may have found someone else to bully, but some theories suggest that as the supposed weakest kid in school had successfully stood up to and punched Biff, nobody else would let him bully them anymore. Since Biff no longer had George to do his work for him, he now had to do things for himself. He started up his auto-detailing business, which he owned and ran himself, and by 1985 it seemed to be quite popular. The McFlys were among his most loyal customers, and Biff's subservient attitude was demonstrated by addressing George as "Mr. McFly". George seemed amused at Biff's efforts to get away with as little work as possible though he and Lorraine privately credited him with unwittingly helping them get together, and they appeared to have become friends or were at least on amicable terms. Biff was nice to his customers and to their faces, but could still be mean.

2015

In the future, Biff, age seventy-eight, in 2015, Marty, Doc and Marty's girlfriend Jennifer Parker traveled forward in time from 1985 to 2015 - unaware that their departure had been witnessed by Biff.

Over the next thirty years, he remembered seeing the flying DeLorean taking off.

Biff, seemingly bitter and resentful at this point in his life, was still waxing cars by 2015, at the age of 78, and was pushed around by his grandson Griff; he even called Griff and his gang a bunch of "buttheads" for foolishly crashing into a courthouse and getting themselves arrested for it. Despite being over the age of retirement, Biff did not appear to have retired - he may have just been doing his grandson a favor by waxing his car, or he may have hit on hard times and been forced to continue working. Biff however appeared to be more intelligent than in his youth, as he had a better grip of his mixed metaphors.

Old Biff tells how Marty had his own life completely flushed down the tubes back in 1985. Biff still seemed to like bullying people, including Marty (who he thinks is Marty's future son Martin McFly Jr.), and the handle on his walking cane was in the shape of a closed fist, although he remained cautious and apprehensive around George McFly. Also, Biff's crush on Lorraine still lingered.

On October 21, 2015, Biff saw the DeLorean from 1985 in the street, which caused him to recall the time he saw the Delorean 30 years ago, Shortly after, Marty Mcfly Jr ran out of the cafe and accidentally bumped into Biff, confusing the latter as a result because he was seeing two "Marty's". He then eavesdropped on Marty's and Doc's conversation and realized that Doc Brown had invented a time machine. He may have also realized that the kid he was picking on was Marty Mcfly Jr's father Marty Mcfly from 1985. He picked up a sports almanac that Doc had thrown in the trash and stole the DeLorean whilst Doc and Marty were rescuing Jennifer from her future home. Biff headed back to November 12, 1955, with the sports almanac to give to his younger self.

Upon returning to 2015, however, Biff fades from existence, as he no longer exits in 2015 in the new timeline he created by giving his younger self the almanac.

1985A

In the alternate 1985, young Biff used the sports almanac to bet on the results of sporting events, since he now knew the results. In 1958, age twenty-one, Biff soon became very rich and powerful, spending his money on women and cars. He also started up his toxic waste company BiffCo, soon becoming one of the richest and most powerful men in America. Biff built a casino hotel in Hill Valley (at least twenty-seven stories high), named "Biff Tannen's Pleasure Paradise Casino & Hotel", on the site of the former Hill Valley Courthouse, upon legalized gambling in 1979. He also helped Richard Nixon remain President of the United States until at least 1983 (while seeking a fifth consecutive term) by covering up the Watergate scandal. Biff's effects on history affected the whole world. In this version of history, the Vietnam War was also still ongoing by May 1983. Though he was recognized as one of America's heroes, his enormous casino hotel, complete authority over the local law enforcement, and money-driven power, descended Hill Valley into a breeding ground for crime, corruption, and gang warfare.

Despite all this, Biff did not have the girl he wanted. In this version of history, he was married at least three times, presumably, the first wife was the woman he would have married in the normal timeline and the mother of his child(ren). On March 15, 1973, Biff shot and murdered George McFly, though Lorraine was unaware he did this. Biff and Lorraine got married in 1973, possibly by offering financial support to the young widow and her three children, but the money and power had gone to his head and he treated her horribly, and among other things, forced her to get breast implants. This went on until 1996 when Lorraine finally shot Biff (possibly as revenge for shooting George). There is another possibility; having created an alternate timeline by giving his younger self the almanac, the old Biff from 2015 no longer exists, now that 2015 will become part of the 1985 alternate timeline.

The improved 1985

This version of reality was erased when Marty and Doc went back to 1955 and got the almanac from Biff before he could use it, causing Biff to crash into the very same manure truck a second time. The timeline went back to how it was at the end of the first film, where Biff was running his auto detailing business.

Once Marty had returned to 1985 for the second time, Biff was back to working as an auto-detailer and he waxed Marty's Toyota truck for him once more.

Back to the Future: The Ride

During an experiment in 1955 from the Institute of Future Technology, Biff stows himself into the vehicle and finds himself in the present. Doc's dog Einstein spots him wandering through the walls via the security camera system. Biff hassles a security guard with an "I'm a butthead!" sign. Doc worries that if Biff takes any valuables from the institute, it could wipe out the universe. Biff also finds himself viewing the guests who are to be part of Doc Brown's time-traveling experiment. He tries to coerce the guests into helping him when security shows up. Biff dismisses them then sprays on the security camera. After briefly knocking out the power, Biff storms the garage and ties up the scientists who were in 1955. He then traps Doc in his office. Upon realizing Biff's presence, Doc tries to remind Biff he must get back to 1955 or there could be a major paradox. Biff then takes the DeLorean's keys and hijacks it.

The guests, using the 8-passenger DeLorean remote-controlled by Doc, chase Biff through 2015 Hill Valley, crashing into signs while dodging traffic. In the ice age, Biff tries to confuse the visitors by knocking snow and ice from the ear onto them. In the dinosaur age, Biff tries to feed the riders to a Tyrannosaurus Rex, only to be knocked into a river of lava by the T-Rex. Biff pleads for help, then the guests bump the DeLorean and they arrive back in the institute. Biff thanks the guests for saving him, only to be captured by security.

When I was done I was mad.

Me: Why that rotten sack of earwigs! I can't wait to make sure this guy pays for everything he did!

Nico: He is a monster!

Yost M.J.: Poromon, are you a happy drunk or an angry drunk?

Itachi Uchiha: Oh, Poromon's a Happy Drunk. A VERY happy drunk.

Nico: Yep. But we're going to make this monster pay.

Applejack: Why that low-down double-dealing sidewinder!

Me: Now we're going to make sure he gets the biggest beating ever.

Then Private HIVE, Po Kong, Stinky Butt, Cavalier, Eris, Mammoth, 2016 Morbucks, Toyman, Eccentro, and Ebon appeared.

Private HIVE: Permission for me, Po Kong, Stinky Butt, Cavalier, Eris, Mammoth, 2016 Morbucks, Toyman, Eccentro, and Ebon to go with you all, sir?

Nico: Granted soldier. We're going to stop Biff Howard Tannen.

Toyman: From Back to The Future!? I remember him!

Nico: Yep. Good times back then.

Eli: It sure was.

Magma: Nico, which Gene Slammer do you think you'll meet next rescue?

Nico: An Evolved Panuncian Gene-slammer next. It's one of the only 2 left.

Me: Then that means someone that knows all about cloning like Naruto or any of us.

Laney: Yep.

Me: Yeah.

Ebon: I'll open a portal to our destination.

Nico: It's not anywhere in this time Ebon. It's in the past. Our scans show that Biff is located in the past. In the year 1430 in France.

Marinette: So he's in the time of the Hundred Years War! Joan of Arc is in trouble.

Nico: Yeah. We better get over there and fast.

Drag Strip: There's only two people who can help us with this.

Nico: Yep. Marty McFly and Dr. Emmett Brown.

Laney: Yeah!

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was Danica Levine, a bad girl bully from Helena McTroy's past who's been a big-time nightmare to Helena and her friends with her making threats to the kids, teachers, and staff at school. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us today?

Lincoln: You got that right, Nico, and Helena, you're not going to like it: the dark energy signal I sensed belongs to Danica Levine.

Helena McTroy: (Gasps) Danica Levine?! I thought I'd never have to deal with that bitch after I got her sent to prison for what she did.

Nico: Helena, you know her?

Helena McTroy: Unfortunately, I do, Nico.

Helena McTroy took out a photo of a bad girl with long black hair, hazel eyes, and a really evil grin on her face, and she was dressed in black punk clothes.

Me: She looks like someone who's about to get her face smashed in.

Helena McTroy: She is. That's Danica Levine, she's a bully who's completely bad to the bone, and she's bullied me and the other kids and made us look like a bunch of idiots. She's gotten away with her crimes because she's made death threats to the kids, teachers, and staff, and she's ushered in a reign of terror.

We gasped in shock.

Lola: What an uncouth ape.

Lori: I literally thought we never have to deal with that bitch ever again for all the trouble she caused to Helena.

Lincoln: Yeah, we remembered that bitch all too well. But, Helena stopped her reign of terror when she'd gotten videotapes of Danica bullying the kids, teachers, and staff, and making death threats on them, along with a tape recording.

Helena McTroy: That's right, and in the end, I'd gotten Danica Levine expelled from school and sent to prison for life in Lucasville Prison. How the hell did that bitch get out?

Lincoln: You're not going to like it, she and a few inmates incited a riot in Lucasville Prison, and she killed one of the guards by ripping his head off, stealing the keys to her cell, and she broke out of jail.

Me: That bitch.

Nico: Oh, now she's gone way too far with what she did.

Helena McTroy: Now, I'm really going to rip her in two for this. Lincoln, if you don't mind me…?

Lincoln: Say no more, Helena, Danica's not getting out of this. She's going to get her legs and arms broken and she's getting turned into a human pretzel.

Nico: Awesome. Alright, gang, let's go, time to go meet Marty McFly and Dr. Emmett Brown and teach that buttface bully, Biff Tannen, a lesson he's never going to forget.

Helena McTroy: And you'd better be ready, Danica Levine, because I'm about to give you the biggest asskicking of your life for every last evil thing you've done to everyone who's crossed you, you violent stupid piece of shit!

Me: Whoa!

Nico: Dang, now she's really mad!

Lincoln: What Danica Levine's done has really made anyone mad, and she got a nasty case of karma when Helena busted her long ago. But, it looks like Danica refused to learn her lesson, and now, she's about to get the beating of her life. No one bullies one of my Guardian Angels and gets away with it.

Nico: Lets get moving then.

We were off to Dr. Brown's lab.

We arrived at Dr. Brown's lab and it was luckily on the west side of the city.

Nico: Here we are.

We went in.

Nico: Hello?

We heard some noises.

Mammoth: Doc Brown? You here? Some bad shit is going on!

We then saw Dr. Brown and Marty.

Marty McFly: Wow! Team Loud Phoenix Storm! Awesome to see you.

Nico: Same to you Marty.

Me: We need your help guys.

Dr. Brown: Why what is the problem?

Me: Well…

We told them everything and it was shocking!

Dr. Brown: That evil miscreant is out!?

Me: I remember you put him in jail before. But we're not going to let him get out of prison again.

Dr. Brown: First, I'll have to set up something.

Dr. Ghastly: The DeLorean, right?

Dr. Brown: Yep!

Me: Awesome! The iconic DeLorean. Awesome car.

Laney: Yeah!

Twilight Sparkle: That is so awesome.

Po Kong: How do you like the team, Tarra?

Tarra Taiyou: It's really awesome!

Emily Yumiko: We're all loving it.

Gloria Tricksenstein: Yeah it's amazing.

Me: And you girls are going to kick a lot of butt soon.

Marty was playing his guitar.

Sandpit: Your guitar's really awesome, Marty.

Marty McFly: Thanks it's a hobby.

Lola: Awesome.

Me: Dr. Brown is just as awesome too.

Nico: And he invented a really awesome time-traveling car.

Cavalier: You should see how Luke plays the guitar.

Luke Loud: You would love it dude.

Nico: Yeah it's awesome.

Me: Marty we're really sorry that Biff put you through so much shit.

We'll gladly make that buttface pay for his crimes.

Marty McFly: Thanks guys.

Robin Food: Tik tok, Doctor. Tik tok! By now, Tannen has probably made a few alterations to the past!

Dr. Brown: Please don't rush me. I'm working as fast as I can.

Nico: Patience Robin Food.

Robin Food: Sorry.

We waited.

Eris: Time travel causing problems is too much chaos for me. Like Cookie Monster inventing Facebook!

Nico: That's funny.

Laney: Yeah it sure is.

Lola: Yeah.

Me: Very silly analogy.

Dr. Brown: The Delorean's ready!

Brawlrus: Really?!

Dr. Brown: Yep.

Nico: Sweet!

Me: But Marty is gonna have to ride in it. We'll use our powers to get there.

Dr. Brown: I even made some upgrades. Now, it has weapons.

Stinky Butt: To defend itself. Clever.

Nico: Awesome!'

Eli: Lets go back in time.

Dr. Brown: No. We're going BACK TO THE FUTURE!

Tricloid: That's so iconic that I'm not even going to correct that!

Me: That has been around since 1985.

Nico: Yep. Awesome and iconic. Lets roll!

We cut open a portal into the past and we zoomed in!

WE WERE OFF TO THE PAST!

## 15th Century France - Hundred Years War

We arrived!

Toyman: Here we are.

Me: Wow! 15th Century France, during the Hundred Years War.

Nico: Yeah.

Camie: That was so awesome! I aways wonder what it would be like to travel through time.

Me: Yeah it's a really awesome experience.

Nico: But we better take precautions. J.D. use your magic to protect the world from damages and changes done here so it won't affect our time.

Me: Right.

I went and did so.

Nico: Great. Lets go.

We covered the DeLorean with trees. Then we looked over a hill and we saw a brutal battle! It was amazing.

Nico: Wow! The Hundred Years War.

Eli: Terrible time back then.

Marty McFly: Yep.

We saw Joan of Arc fighting.

Marinette: There she is.

Nico: Lets go!

We went over.

We helped kill the English that Joan was fighting!

Joan of Arc: Hey guys! It's awesome you're here.

Kaiba: Joan of Arc, good to see you again.

Joan of Arc: You too Seto and you all arrived just in time.

Lola: Glad we came.

Camie: It's amazing that all this happened here.

Me: It was 590 years ago here.

Nico: Yeah.

Joan of Arc: But it's great you all are here. This big bully brute attacked my men.

Me: Biff is here!

Marty: Guys, before we go after Biff, I just want to say that I like the Eyecons and Ridewatches you use.

Nico: Thanks!

Me: Glad you like them. They are awesome.

Marty: In fact, after tomorrow, you guys should start using them in the usual battles.

Eccentro: That's not a bad idea.

Me: I agree there.

Eli: Yeah.

Joan of Arc: What are you guys talking about?

Me: Oh sorry Joan. We got these.

I pulled out a Ridewatch and Eyecon.

Me: Long story on those. But it's really amazing.

Pounce: I don't mean to make a pun. But, it's time for an entrance!

Nico: Right!

Eli: I sense Biff over in that forest. He's in a clearing.

Joan Delaney: Then that's where we need to go. By the way how have you been my past life?

Joan of Arc: Been great Joan. (Laughs) Feels amazing seeing my future life here.

Nico: That is awesome.

We went to find Biff and we saw him and went at him.

He was looking around and then the spirits of the Metals of History appeared and they swirled around him and then converged and then…

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above him and then a Phoenix Cry was heard.

Zocks: (Singing) Yo-ho-hoy- yo-ho-hoy- yo-ho-hoy-hoy! Hey! I am a World Pirate. In pursuit of treasure, I go from sea to sea! I am a pirate. In pursuit of freedom, I travel from world to world! I'll get my hands on it no matter what! And then I'll get a feeling that's two good! Yo-ho-hoy!

We came out and faced him!

Lola: YEAH!

Marty McFly: No more Biff! You will pay for hurting people!

Biff: You think you and Team Loud Phoenix Storm can stop me wimp!?

Me: Try me!

Nico then punched him in the face and kicked him in the stomach and smashed him down!

2016 Morbucks: Sorry, dirtbag. But we've already got two Kamen Rider villains with plans to change the past. That's more than enough!

Nico: That's right!

Joan of Arc: You will pay for your crimes.

Then Brass Knuckles, Titanium Toenail, Bronze Kneecap, Dumbbelltron, Springfield Mafia, Touch & Go, Grundy, Johnny 13, Melter, and Black Spider appeared.

Nico: Brass Knuckles, Titanium Toenail, Bronze Kneecap, Dumbbelltron, Springfield Mafia, Touch & Go, Grundy, Johnny 13, Melter, and Black Spider.

Mr. Touch: Awesome seeing you all here.

Me: 590 years into the past. That is awesome.

Titanium Toenail: It sure is and Marty it's awesome to meet you! I loved watching Back to the Future back when I was a kid. Great movie series back then.

Marty McFly: Awesome.

Me: For 37 years it was an Iconic movie.

Brass Knuckles: Using the Eyecons and Ridewatches in the battles starting tomorrow isn't a bad idea, actually.

Titanium Toenail: It'll really make them interesting.

Bronze Kneecap: We just have to wait until tomorrow though.

Me: It will be awesome to try out.

Dumbbelltron: (to Nico) We heard you went to Takashi's world.

Nico: Yep we sure did.

Fat Tony: Kill any more zombies there?

Nico: Yep and all of Shido's followers. But the planet is too far gone.

Legs: Oh man.

?: That was crazy.

---

Sydney Drew: Sinuku!

Sinuku: Been a long time rangers. But in the future actually. Not here.

Me: I remember you! You appeared during Syd's birthday and you were getting some weapons from your old partner Dr. Rheas.

Sinuku: That's right J.D. Good memory.

Me: That was a good one.

Sinuku: (to Sydney Drew) I actually had no idea that it was your birthday on the day that I made my move.

Sydney Drew: That's all right but it was fun facing you.

Lola: Yeah it sure was.

Me: Marty you are in for an awesome show.

Nico: Yep.

We got the usual battles underway.

## Jack Atlas, Sunset Shimmer, Pipsqueak, Fire Skylanders, Princess Fabia, Runo, Tempest Shadow and Itachi Uchiha VS Brass Knuckles - Nico's Rescue in the World of High School of The Dead

---

Brass Knuckles was first.

Brass Knuckles: (to Jack Atlas) Nico's Rescue was in Takeshi's world. It's still as bleak as ever.

Jack Atlas: And we know who is to blame for all that.

Sunset Shimmer: Yeah no kidding it was still a nightmare.

Pipsqueak: (British Accent) Yeah Shido destroyed that entire planet completely.

Sunburn: No kidding. I'm glad we gave him the Black Gates.

Fabia: Me too. He got what he deserved times infinity.

Runo: So did all his followers. They deserved it.

Tempest Shadow: Shows that they were absolute evil to their last breath.

Brass Knuckles: They were more than just that. Lets do it!

They fired waves of fire and light and smashed him down.

---

## Chazz Princeton, Pinkie Pie, Featherweight, Tech Skylanders, Jenny Wakeman, Magma, and Yagura VS Titanium Toenail - Us killing the rest of the zombies and then meeting Another Mystic Red

---

Titanium Toenail was next.

Titanium Toenail: (to Chazz) Nico, Ink Rose, and the rest did good killing the rest of the zombies. They also met Another Mystic Red too.

Chazz: They sure did and that was so awesome and cool.

Pinkie Pie: We all thought so ourselves! What happened on that planet was just horrible.

Featherweight: Yeah it sure was awful.

Sprocket: Takeshi, Saya and friends all went through hell.

Jenny Wakeman: They sure did. What a nightmare.

Titanium Toenail: Yeah no kidding. And they didn't graduate from school because of it. Lets do it!

They fired waves of metal, gears, lightning and fire and smashed him down.

---

Stella Zhau, Rainbow Dash, Scootaloo, Air Skylanders, Princess Frosta, Lana, Killer Frost, Breakdown and Drag Strip VS Bronze Kneecap - Lincoln's rescue and us meeting Tarra Taiyou, the Champion of Forgiveness, Emily Yumiko, the Champion of Empathy, and Gloria Tricksenstein, the Champion of Humility

Stella Zhau: It sure was and we met three champions of harmony too. They are all amazing.

Rainbow Dash: The rescue was where we battled Vanilla Ice.

Scootaloo: Yeah that vampire dimwit had it coming.

Whirlwind: He deserved to be destroyed too.

Princess Frosta: He sure did.

Lana: But it was awesome.

Killer Frost: Yeah he sure did.

Bronze Kneecap: Good riddance. Lets do it!

They fired waves of lightning, rainbows, wind and ice and smashed him down.

---

## Ben 10,000, Fluttershy, Tornado Bolt, Life Skylanders, Nokama, Gali, Major Dr. Ghastly, and Skarr vs Dumbbeltron - Meeting a Vampire Lady Gene-Slammer

---

Dumbbeltron was next.

Dumbelltron: (to Ben 10,000) I heard you guys met a Vampire Lady Gene-Slammer. What's her name?

Ben 10,000: Her name is Adriana Ardelean Dracula and to our surprise and amazement she is the descendant of Vlad III The Impaler of Wallachia from back in the 15th Century.

Dumbelltron: Wow! He was one of the most ruthless kings in all of Eastern Europe.

Fluttershy: He sure was. But she is also a true vampire.

Tornado Bolt: She sure is. But she saved Lincoln's life when Lynn hurt him.

---

Adriana Ardelean Dracula: (Romanian Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Adriana, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Adriana Ardelean Dracula: (Romanian Accent) That's incredible.

Nico: It sure is, and I don't know if you know this, but…

Adriana Ardelean Dracula: (Romanian Accent) I already know that Lincoln has a vampire form and a Nocturnal Werewolf form, Nico. I did see them on the blog, and they're really amazing.

Me: Wow, that's awesome. So, Adriana, how did you take on Lynn when she's at the worst of her wrath?

Adriana Ardelean Dracula: (Romanian Accent) You're not going to like it, J.D. One day, I was with Lincoln and we were working on a project for History class, and I was quite surprised when he chose my ancestor, Vlad Dracula, for his project, and I was really honored when he asked me for help with this. But, our day of work was interrupted when Lynn came charging into Lincoln's room like a mad bull and she had a knife in her hand and she wanted to kill Lincoln. Lincoln tried to reason with her, but she raised the knife and she was about to stab Lincoln in the stomach, but I saw Lincoln fire a powerful blast of fire at her. But, then Lynn stabbed Lincoln in the stomach, and it caused a pool of blood to form as he held his stomach in pain, and Lynn was about to finish him off. My blood red eyes turned even more blood red and my vampire fangs were bared and I viciously attacked her, and then, I tied her up with dark energy ropes and when Mr. and Mrs. Loud came up, I told them of what Lynn just did to Lincoln. Then, they heard Luna scream when she saw a pool of blood around Lincoln, and the other girls ran to Lincoln's room, and when they saw the pool of blood around Lincoln, along with the knife that Lynn used to stab Lincoln in the stomach. I went up to Lincoln and as I told him to lie down and took his shirt off, I then bit down on my wrist and my blood poured onto the wound on his stomach and it entered into his body, my blood took effect as the pool of his blood was then absorbed back into his body and the would sealed up. He was okay again and healthy, but my blood also had power and it also gave Lincoln all the strengths and powers of the vampires, but not the weaknesses, except for the thirst for blood, and they were so glad he was going to be okay. As for Lynn, instead of calling the cops on her to get her sent to jail, she was grounded for ten weeks and she was put inside an isolation cube in the basement. Lincoln hugged me and I hugged him back, and I also felt tears on my chest, it meant he just went through another near-death experience again thanks to Lynn.

We had tears in our eyes when she told us that.

Nico: Damn, now I'm really glad you got rid of Dark Lynn, big guy.

Lincoln: Same here, and just like what happened when Varya Pozhar donated her blood to save my life when Lynn stabbed me, Adriana donated her vampiric blood to save my life, and her blood gave me all of the strengths and powers of the vampires, but not the weaknesses, but I also did get the thirst for blood.

Leni: Yeah, and we totes saw him getting vampire fangs when his eyes turn from black to blood red, and whenever he gets hungry.

Nico: And what did you do for blood?

Lynn Sr.: Oh, that was left to Lucy and her club, they got the blood from the blood bank, and they had the Dark World Goth Girls with them, since they were of older age.

Nicholette Torrington: And when Lucy, Bertrand, Persephone, Boris, Dante, Morpheus, and Adriana told us what Lynn did to Lincoln, we wanted to go down there and tell that stubborn jackass off, but we were proud of what Adriana Dracula did to save his life, same with Varya by donating their blood to save his life, and in the process, he'd gained both powers of fire and darkness.

Clara St. Clarice: And we officially welcomed Lincoln to our club as an honorary member of us, now that he has powers of darkness, and when we saw his dark powers on display, it was so awesome.

Me: Now, that we didn't even know.

Lincoln: Clara's right, guys. Just like what Varya Pozhar did, Adriana donated her blood to save my life when Lynn stabbed me with that knife, watch this.

Lincoln put the 10,000-lb barbell up and in his large left hand, he formed a dark flame with darkness, shadows, and creatures of the night, and we were really impressed. Then, he forms training dummies in the forms of the Doomsday 23 and Evil Starlight Glimmer, and he fired powerful blasts of darkness, dark fire, dark lightning, shadows, and creatures of the night at them and he eviscerated them, and we were impressed. Then, Lincoln went back to working out.

Nico: Awesome.

Brittney: You said it, and it also makes him an honorary member of The Goths of Darkness as well, along with being an honorary member of The Neptune Crusaders. That's so awesome.

FLASHBACK ENDS

Dumbelltron: My goodness! That is amazing!

Stealth Elf: It sure is. We are proud of her for doing that.

Dumbelltron: Now I'm REALLY glad that Dark Lynn bit the dust for good.

Nokama: No kidding and so are the Loud Kids.

Gali: Yeah no kidding there.

Dumbelltron: Good riddance. Lets do it!

They fired waves of leaves, grass, flowers and water and smashed him down.

---

## Sora Takenouchi, Phoenixmon, Rarity, Sweetie Belle, Water Skylanders, Sophie Casterwill, Sandpit and Gargoyle VS The Springfield Mafia - Onua's 3rd Ambassador Mission

---

Springfield Mafia was next.

Legs: (to Sora) We heard today was Onua's 3rd Ambassador Mission.

Louie: How was it?

Sora Takenouchi: It was really awesome! And they battled Another Beast Kamen Rider. Turns out it was an old enemy from Nico's past named Terrance Arbuckle!

Fat Tony: I've heard of him! He was a dangerously bad to the bone kid that loved to cause trouble.

Phoenixmon: I didn't know you knew about him.

Rarity: That is good that Nico and the group stopped him.

Sweetie Belle: It sure is. And we all got rings imbued with the powers of the Non-Core Members of the M.O.E.

Gill Grunt: That is really awesome.

Sophie Casterwill: (British Accent) It sure is amazing.

Fat Tony: Wow! That is amazing that we have so many tools imbued with our powers. Lets do it!

They fired waves of water, jewels, ice and fire and smashed them down.

---

## Tyler Bowman, Starlight Glimmer, Cozy Glow, Undead Skylanders, Sora Takenouchi, Phoenixmon, Robin Food and Mushi VS Touch &

Go - Us Kicking Another Secondary Rider's Butt

---

Mr. Go & Touch were next.

Mr. Touch: (to Tyler) Onua and the others did good kicking Another Beast's Butt. Who was he?

Tyler Bowman: His name was Terrance Arbuckle. He was an old enemy that Nico busted in the Philippines ages ago.

Starlight Glimmer: He was a street thug that caused LOTS of problems for everyone there.

Helena McTroy: I knew there's no mistaking that banshee screech from anywhere. You can come out now, Danica Levine.

A punk teenage girl with long black hair, bloodstained prison clothes, hazel eyes, and a really evil grin on her face came out, it was Danica Levine, Helena McTroy's former bully who was sent to prison for what she's done in the past.

Helena McTroy: I never thought I'd have to deal with you ever again after what you've done, Danica Levine. You just don't even know when to quit, do you?

Danica Levine: Shut up, bitch! You ruined everything for me, and now, I'm going to kill you, Lincoln, and all of Team Loud Phoenix Storm for ruining everything for me. I will destroy everything!

Lincoln fired a blast of lightning and electrocuted her, and it pissed her off badly.

Lincoln: Yep, you're still the same out-of-control psycho, Danica, but we'll soon be rid of you for good.

Helena McTroy: That's right, and I've had it up to hear with you to last an eternity, Danica Levine.

Suddenly, Helena McTroy's blue eyes turned neon blue and she was surrounded by a golden energy aura with fiery flames, phoenixes, and dragons, she unholstered her massive Winged Dragon of Ra-themed sword from her back, and as she approached

Danica Levine, she left gold energy, fiery flames, phoenixes, and dragons with every step.

Helena McTroy: You really make me sick, Danica Levine. You've constantly bullied and tortured me and the rest of the kids for no other reason other than to bring misery to everyone in your path, and you've made frequent death threats to all the kids, teachers, and staff. I was glad I put a stop to you for what you've done, but you refuse to learn your lesson, and now, I'll see to it that you get sent to a new prison where you'll stay there until the day you die.

Suddenly, Helena McTroy was surrounded by a massive vortex of gold energy with fiery flames and phoenixes and dragon surrounding it, there's The Winged Dragon of Ra flying around the vortex, and in the vortex is a blue phoenix. Then, as the vortex faded, Helena McTroy emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Helena McTroy grew from 6'0" to 6'11" in height, she has the body of a goddess, she has red highlights in the bangs of her long flowing golden hair, she has a gold flower in her hair, she has neon blue eyes and a gold energy aura with fiery flames, phoenixes, and dragons surrounding her, she has The Winged Dragon of Ra and with the Fire Kanji in its hands emblazoned on her forehead, she has on Winged Dragon of Ra earrings with red gems for eyes and holding the Fire and Eternity Kanjis in its hands, she also has The Winged Dragon of Ra with red gems for eyes and the Fire and Eternity Kanjis in its hands for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with gold crystal links from her merged Crystal Necklace of the Buddha and red gems on the gold lightning bolts. Helena McTroy has on a sleeveless checkerboard vest, sleeveless leopard print dress top, gold skirt with flowers on it, gold pants, leopard print high heels, and long sleeveless gold trenchcoat with fiery flames, phoenixes, and dragons on the coattails, and on the back is The Winged Dragon of Ra with flames surrounding it. Suddenly, Helena McTroy felt a sharp pain on her back, and then, her massive gold angel wings grew much bigger for her new body, and the large gold feathers have red and blue tips on the feathers. Helena McTroy has on a Ring of The Phoenix with gold gem and heart shaped gem embedded in it on her right ring finger which also merged with her Guardian Angel of Lincoln Loud ring and Star Sapphire ring on her left ring finger.

Suddenly, Helena McTroy's massive Winged Dragon of Ra-themed sword was then surrounded by a kaleidoscope of gold energy, flames, dragons, and phoenixes, and when it emerged, it was transformed into Winged Dragon of Ra's Golden Phoenix Greatsword of Firestorm Justice, it's a brand-new greatsword with The Winged Dragon of Ra etched on the 7'0" massive, wide, double-edged gold blade, The Winged Dragon of Ra's wings for the crossguard, large blue gem embedded in the rainguard, longer black handle, four Winged Dragon of Ra's heads with blue gems in its mouths and a large red gem on the bottom of the heads for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with red gems on her wrists, new large gold Belt of Elemental Bravery with a gold version of The Winged Dragon of Ra's head with red gems for eyes, blue gem in its forehead and a large red gem inside its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. There's a red kanji below The Winged Dragon of Ra that said, "Helena McTroy, Gene-Slammer of The Winged Dragon of Ra, Kindergarten Friend of Emily LaRue and Girl Jordan, Loving Guardian Angel and Future Wife of Lincoln Loud, Despiser of Bullies, Destroyer of Danica Levine, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Fire, Dragons, and Phoenixes"

ヘレナ・マクトロイ、ラの翼のあるドラゴンのジーン・スラマー、エミリー・ラルーとガール・ジョーダンの幼稚園の友人、愛する守護天使とリンカーン・ラウドの未来の妻、いじめっ子のデスパイザー、ダニカ・レヴィンの破壊者、悪の殺し屋、混乱した、殺人、冷酷、そしてサディスティックな野郎、驚くべき強力な教師の驚くべき強力な学生、そして火、ドラゴン、フェニックスのマスター

Helena McTroy has transformed into SUPER ANGEL ETERNITY

INFINITY FIRESTORM WINGED DRAGON OF RA PHOENIX ANGEL OF FIRESTORM JUSTICE AND FIRESTORM LOVE!

We were amazed by Helena McTroy's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Danica Levine saw it, she flew into a homicidal rage and got out a knife to stab Helena, but Helena dodged the knife and she fired a gold energy blast with fire, phoenixes, dragons, and The Winged Dragon of Ra, and it hits Danica Levine, burning her and sending her flying into a wall, but it made her even more pissed off than before.

Nico: Whoa, Helena McTroy's transformed into her Super Angel Eternity Infinity form, that's so awesome.

Me: Now, Danica Levine's going to get burned badly.

Lincoln: Wow, Helena, you look beautiful. How do you feel?

Helena McTroy: (Divine Echoing Cosmic Voice of The Winged Dragon of Ra and Divine Firestorm Love) **I feel incredible, Linky. Now, shall we pulverize that stupid piece of crap and beat her into the dirt?**

Lincoln: (Smiles) With pleasure, Helena.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Helena McTroy.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Your days of tormenting Helena are over, Danica Levine.**

Helena McTroy and Lincoln went after Danica Levine, who continued trying to stab them with a knife, but Lincoln fired a rainbow fireball at her and melted her knife and pissed her off even more, and they fired powerful blasts of rainbow energy, gold energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Dragons, and Angels at Danica Levine, and they explode with incredible power as they hit her. Then, they attacked her with their massive greatswords and left scars on her, and it pissed her off even more. Then, Lincoln fired a ball of ice and a ball of fire, and as the ball of ice hit her, she was frozen, and when the ball of fire hit her, she was unfrozen, but she got hit and burned. Then, Lincoln fired a ball of darkness at Danica Levine, and it hit her and she got burned badly, and he and Helena fired a powerful rainbow energy blast, which turned into a rainbow energy straitjacket and rainbow energy chains and they wrapped around Danica Levine's body, so she couldn't escape and it pissed her off even more. We cheered wildly for what Helena McTroy and Lincoln did as they holstered their massive greatswords on their backs and power down, and Helena McTroy's new body, clothes, weapons, jewelry, and massive gold angel wings are permanent.

Danica Levine: I always knew you were a monster, bitch!

Helena McTroy: The only monster here is you, Danica!

Lincoln: And now, you're going back to prison, but this time, you're staying in there until the day you die.

Lincoln beamed Danica Levine to The Uranus Prison where she was put in Maximum Security Solitary Confinement and chained to the wall with Neutronium Chains and rainbow energy chains and she let out a scream of rage and anger.

Helena McTroy: That'll teach you, bitch. Thanks for helping me take down Danica Levine once and for all, Linky.

Lincoln: (Smiles Warmly) You're welcome, Helena.

Suddenly, Helena McTroy wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Lincoln leans down to Helena McTroy's face, they kissed passionately as Helena McTroy's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and the Winged Dragon of Ra flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and flames raging behind them and we all cheered wildly.

Nico: Awesome, and we took down two buttface bullies.

Me: Yeah, Biff Tannen who makes Marty's life a living nightmare.

Lincoln: And Danica Levine who's bullied Helena all her life and threatened everyone around her with death, but was brought down by Helena and sent to prison.

Eli: Bullies that are beyond redemption are the scum of the Earth.

Me: And we met a lot of bullies who fit that category, and they deserve to be locked up.

Nico: That's right, and the moral is anyone who dares to bully another is going to face some very serious consequences, namely a nasty beatdown from all of us.

Lincoln: Yeah.

Nico: But great job everyone.

Nico snapped his fingers and fixed the damage done.

Nico: Lets head home.

We went back through a portal and told Dr. Brown what happened and more. He was glad Biff was going to prison forever.

Marty McFly: (To the viewers) This was an awesome adventure and I hope you all liked it as much as I have. Just remember, don't be a bully or you will regret it with a big time buttkicking from us.

Nico: Big time.

We went back home and should Dr. Brown need us again we would be more than willing to answer his call. We enjoyed the rest of the day and went to sleep. Biff was found guilty of his crimes and was sentenced to Eternity in Prison with NO HOPE FOR PAROLE! And he was ordered to pay over $123,553,234,267,349,433,500,999,000.00 in damages to Marty and Dr. Brown.

THE END

Another awesome fanfic done.

Back to the Future is a really awesome series! It was first introduced back in 1985 and became a really awesome iconic movie for over 37 years and counting. Michael J. Fox and Christopher Lloyd did a great job in that movie back then. I wasn't born when that series came out back then but it was still awesome and great! the first part was for High School of the Dead and that was still scary. The second part was in Lansing, Michigan. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, kolbdog323, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, EtstheClarenceandTLHfan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico, Blake Belladonna, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily are heading to the world of DC Superhero Girls and we're going to recruit the girls for us as well as face these girls:

Catwoman

Catwoman acts as the group's leader and would sometimes make cat noises, and she acts like a primal teenage girl in her secret identity.

Harley Quinn

Harley Quinn is shown as the silliest of the group, and she laughs whenever she can. She loves pranking, and she is usually very hyper and energetic

Poison Ivy

Poison Ivy is the quietest of the group. When she's in her secret identity, she speaks in a soft and shy voice, and she prefers to be isolated and only be friends with plants. When she's a villain, she's shown to look and act a lot more confident, and despite controlling plants to her command, she cares deeply about them.

Star Sapphire

Star Sapphire has a deep desire to reunite with Hal Jordan, despite how much he doesn't want to. She is willing to attack anyone who she thinks gets in her way, as shown when she attacked Jessica, thinking she stole him. Because of this, Hal is so scared of her that he often hides behind Jessica, and his power ring won't work. Star Sapphire is extremely clingy, and because of this, she is shown to be rather psychopathic.

Livewire

Livewire desires to post embarrassing videos of people online to make everyone love her. Even as a high school student, she acts like a bully, and she secretly shocks anyone at school who stands in her way.

Giganta

Giganta is brutal, and at school, she acts like a bully that everyone fears

And we're going to have them recruited into the M.O.E. Also we're going to face Another Ranger for the Crimson Phoenix Kyuranger.

I'll gladly face that one because of my birthmark for Phoenix the Firebird. And we're going to meet an Evolved Panuncian Gene-slammer named Bonnie Reggington. Bonnie is one of Nico's friends from Earth Science Class and she has done it all with Nico on all sorts of great digs. She and Nico found all sorts of minerals and more including radioactive ones. She also has cloning powers as well as the ability to make crystals grow in a heartbeat. For Lincoln's rescue tomorrow, Lincoln and his group are heading to Montana, and they're not only going to meet Melanie Moondancer, the Champion of Miracles, Lyra Heartstrings III, the Champion of Love, Jackie Snoddgrass, the Champion of Compassion, Kita Schroedinger, the Champion of Creativity, and Abigail Minuette, the Champion of Patience, but they're also going to destroy Simon Phoenix, who's come back from the dead, and he still wants revenge on me for killing him long ago. And they're going to meet an Old Entity Azatot Gene-Slammer named Claire Monroe, she's Lincoln's Guardian Angel from Los Angeles, California, she's a Goth Girl born with the powers of darkness and she has extensive knowledge of the dark arts, The Occult, and the beings of the Cthulhu Mythos, and she's a master of a dark power known as The Dark Curse of Azatoth, which is said to condemn those who are beyond redemption to eternal madness, and she's earned the moniker, "The Embodiment of Azatoth". She's also defended Lincoln from Lori when she's at the worst of her wrath. Get ready for an awesome treasure hunt as we go to meet the iconic adventuring kids from 1985. We're going to Astoria, Oregon to meet The Goonies and we're going to find a super awesome and priceless treasure worth as much money as we have and we're going to battle the evil crime family, the Fratelli crime family: Francis, Jake, and their mother. They are a ruthless crime family that my father was after for years ever since they escaped from prison in 1985. Now it's my turned to finish what my dad failed to do.

See you all tomorrow

Rarity: I agree there darlings. It's going to be really awesome.

Starlight Glimmer: I'm really looking forward to this one. I hope we face Another Ranger here.

Me: I have a feeling we will.

Nico: Thanks for coming with me, Blake.

Blake Belladonna: Anytime Nico. It's gonna be awesome going with you on this rescue.

Nico: It sure is. Also J.D. any reason why we have the Superhero girls with us?

Me: They wanted to come with too to check this out too.

Tara: It'll be awesome to see what this is like as well.

Starfire: It sure will. And if we meet any of our fellow hero counterparts it will be amazing to meet them.

Raven: It sure will.

Ravager: I'm really looking forward to this though.

Blake Belladonna: We all are.

Nico: Blake, I'm sorry that the people of Remnant people treated you badly because you're a Faunus.

Blake Belladonna: I know and I am too.

Me: People let their fear and idiocy reached new levels.

Camie: Yeah that was terrible. I've heard so much about that from Lincoln and that was awful.

Lincoln: Yeah it sure was awful.

Me: But at least people aren't afraid of them anymore.

Nico: That's true.

Lola: Yeah that is a good thing.

Nico: But I think your cat ears are cute.

Blake Belladonna: I'm glad you think that Nico.

Lincoln: I do too Blake.

Tsuyu: That's so awesome. By the way J.D. what was it like when you went to Remnant the first time?

Me: Where to start? Remnant was in total turmoil. It was because of Salem unleashing her dark wrath upon the land. It was right after the War with The Royal Defenders.

I went over what happened during the events of chapter 1181 and it was brutal and intense. We took down many of their most dangerous enemies all in one fell swoop in that one.

When I was finished everyone was amazed!

Nico: That was a really amazing and awesome adventure. But what happened to Blake, Ruby, Yang, Weiss and friends should never have happened at all.

Eli: Yeah that was awful! They were fugitives!

Me: Thank God that we stepped in and sorted things out.

Nico: Good thing we smoothed things over with Ironwood.

Me: Yeah no kidding. And many of the major enemies of Remnant are all dead, with the Masters of Evil or in jail.

Laney: Thank goodness they are.

Blake Belladonna: That's true.

Me: But what they have done was just absolutely terrible. But the worst thing that I find unforgivable was Adam Taurus hurting Blake like that.

Nico: Yeah and if he ever comes back from the Wrap, I'm gonna snap his fucking neck!

Lincoln: Save seconds for me!

Nico then petted Blake's ears.

Blake then purred like a cat.

Me: (Chuckles) That's cute.

Lincoln did the same.

May giggled.

Eli: Okay that is really cute.

Starfire: It sure is.

Me: (Chuckles) Okay guys I think that's enough. We're here.

Nico: Oh sorry.

We saw that we were in front of Super Hero High School!

Me: Wow!

Eli: Wow this is amazing!

Nico: A Superhero High School! Awesome!

Aylene C.: This is the 3rd Superhero school we saw.

Me: One floating in the sky, a sidekick school up in Canada and now one right here on the west side of the city.

Nico: That is so cool.

We went in and we saw ALL THE DC SUPERHEROES AND SUPERHEROINES THERE but they were teenagers.

Me: Wow! Look at this place.

Nico: Every DC hero known is here.

Hawkgirl: It's amazing that there is a school here like this.

Poison Ivy: It sure is amazing.

Me: Thank goodness the Joker and Lex Luthor are dead.

Harley Quinn: Thank goodness for that.

Lola: Yeah no kidding.

Me: Hey look there.

We saw a younger version of Harley Quinn and she looked like the one from 2016's Suicide Squad and she was pulling a really silly prank on another version of Killer Frost. She shoved a whoopee cushion under her and she sat down and it farted!

FFFFFFFAAAAAAAAAAAAAARRRRRTTTTTT!

DCSHG Killer Frost: Very funny Harley!

DCSHG Harley Quinn: (LAUGHS)

Me: Okay now that was funny!

Nico: Lets go say hello.

We went over to them.

Me: Hello ladies.

DCSHG Batgirl: Wow! Team Loud Phoenix Storm!

DCSHG Starfire: Oh it's an honor!

DCSHG Batgirl: Principal Waller said you guys would be visiting.

Maria: Waller's the Principal?

Me: How bout that. We didn't know Amanda Waller is the principal here.

Nico: She helped us quite a lot before and after the War with The Royal Defenders. Gave us really awesome and handy advice.

DCSHG Killer Frost: That is amazing she did.

DCSHG Harley Quinn: It sure is and we heard that you guys killed Mr. J.

Me: Yeah we did and gave him the Black Gates. The world is now a much better place without, pardon my language, the most fucked up monster ever to terrorize all of Gotham.

DCSHG Hawkgirl: That is for sure.

DCSHG Ms. Martian: That is true. But thank goodness they are gone.

DCSHG Killer Frost: Yeah no kidding. (Shivering) You guys got anything to warm up? I'm freezing.

Me: But Louise you're Killer Frost. You have ice powers and live in the cold. You should be immune to it.

DCSHG Killer Frost: Yeah I know. But I wasn't always immune to the cold.

Me: Well when you put it that way.

I formed a ball of fire and warmed her up with it.

Nico: This is a free period, right?

DCSHG Katana: It is. And it's awesome you guys are here.

Nico: Glad we could show up.

Fu: Yeah we are honored to be here too.

DCSHG Ms. Martian: We found what appeared to be Tsurugi of the Kyurangers here.

We gasped!

Nico: Tsurugi is here!?

Me: But how can that be? We sent him out on Space on an assignment to the Asteroid Belt to find minerals.

Nico: Unless… (GASP) That's Another Crimson Phoenix Kyuranger!

DCSHG Wonder Woman: Oh man! That's right we heard you were facing Another Rangers now.

Nico: We sure are.

Me: And many of them are friends that I know.

Nico: That one should actually be called Another Houou Soldier.

Me: That's much better. It was the first name I could think of for him.

Nico: No worries.

Then my birthmark started to glow.

Me: Huh?

I saw a red fiery light coming out of my birthmark.

Nico: Whoa.

Camie: What's that on your neck J.D.?

Me: Oh this? That's my birthmark. I was born under the constellation of Phoenix the Firebird in the Southern Hemisphere. For some reason it glows whenever I'm around Tsurugi of the Kyurangers.

DCSHG Batgirl: Very interesting.

DCSHG Supergirl: Very spiritualistic.

Blake Belladonna: It sure is.

But then the alarm sounded.

Me: Uh oh trouble!

DCSHG Supergirl: Save the Day Alarm! Lets go!

Nico: Lets go kick some butt!

We went to face the bad guys.

Nico: I think Another Houou Soldier will only have Legend items for the non core members.

Me: Yeah he is the secondary red ranger of the Kyurangers.

Nico: Yeah that's true.

We went to the high school courtyard and we saw ANOTHER HOUOU SOLDIER! He looked like a scary version of him but with wicked scary fire angel wings and a skull helmet with scary teeth on it! He had a really scary sword and shield!

Nico: WHOA!

Me: Wow! I like this one! Tsurugi and Volcamon would be really pissed seeing this one!

Eli: Yeah no kidding!

DCSHG Starfire: I do not like this version of him.

Starfire: Me neither.

Nico: And he's not alone!

We saw the DCSHG versions of Catwoman, Star Sapphire, Poison Ivy, Livewire and Giganta!

Nico: WHOA!

DCSHG Batgirl: Now you girls are working with this Houou Soldier Imposter!

DCSHG Livewire: That's right!

DCSHG Giganta: What are you gonna do about it?

She grew 50 feet tall!

Me: Oh yeah?

I grew to 100 feet tall.

Me: Nice view from up here.

I then stomped her and pinned her down.

Nico: Nice.

Me: I hated to do that but it was to show that even we are people never to be messed with.

I reverted back to my normal size. She was in the ground in my huge footprint.

DCSHG Giganta broke free and was about to punch me.

Blake: I'll take on Catwoman. You guys can have the rest.

Nico: (takes out Juggernaut's Ridewatch) Gotcha!

Me: But first who is our Houou Soldier friend?

Then it clutched its head.

Another Houou Soldier: (In a girls voice) HELP ME J.D.!

Me: (Gasp) That voice!

She reverted back in a vortex of fire and it was a girl with crimson red hair with orange and yellow highlights and she had red, orange and yellow clothes as well as the symbol of the constellation of Phoenix the Firebird emblazoned in the middle of her forehead. She had orange eyes and had angel wings made of pure fire!

Me: Oh man! Angela "Firebird" Novarupta!

Angela Novarupta: Help me J.D.!

Nico: You know her J.D.?

Me: I sure do. We have known each other since kindergarten and she and I were great in woodworking. We made awesome furniture and more. She was born with incredible fire angel wings and fire powers and like me she was born under the constellation of Phoenix the Firebird. Somehow she mysteriously disappeared back when we were about to start 6th grade. We haven't seen each other since.

Now we know why! Swartz kidnapped her!

Nico: Swartz you will pay for this!

DCSHG Giganta was about to punch Nico but he activated Juggernaut's Ridewatch just in time. And he grabbed her punch with Juggernaut's incredible super strength and then he smashed her into the ground with incredible force!

Me: Hang on Angela! KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Angela was enveloped in a vortex of dark fire and she reverted back to Another Houou Soldier!

I then formed my Wolf Moon Scythe into a sword and we flew into the air and clashed powerfully!

Eli fired a blast of Force Lightning and it hit DCSHG Poison Ivy and electrocuted her all over.

DCSHG Star Sapphire flew into the air as I was clashing with Another Houou Soldier and she was about to fire a blast of energy at me when suddenly our Star Sapphire appeared and punched her in the face.

Star Sapphire: You may be me but you have got to be the lowest of the low to interfere in J.D.'s fight.

Blake kicked and punched and lashed DCSHG Catwoman all over.

DCSHG Catwoman: (to Blake) For a Faunus, you're not bad.

Blake: Thanks. But it's because I had lots of training.

Kaito: (Gets out Faiz gear) And lots of friends.

Zocks: (gets out Blade gear) Like us.

Kaito got a really powerful Faiz Rifle and Zocks had a sword of elements.

Me: Hold on Angela!

I clashed more with her.

Varie: (To DCSHG Livewire) You need to short out!

Varie fired a blast of water and it hit her and shorted her out!

Fu: Try this on! (Sings in Latin)

Post muros lapideous

hanc noctem tuti sumus

ab omnibus periculis

hanc noctern tuti sumus

Pueri terrae

Protegine nos hanc noctem

ab omnibus periculis

nos tuere hanc noctem

Post muros lapideos

non timebimus

fortiter nos gerimus

non timebimus

She fired a blast of lightning and it hit DCSHG Star Sapphire and electrocuted her all over and knocked her down.

DCSHG Star Sapphire got up and charged at Nico. But to counter this, he activated Skalamander's Ridewatch.

He formed a crystal wall and then she smashed into it head on and really hurt herself! OUCH!

Another Houou Soldier then used the Kyutama of AncientVolcanomon (Fusion)!

Me: She has Kyutama's for all the Non-Core Members of the M.O.E.

She fired a blast of powerful lava from her sword and I fired a blast of blue fire and the blasts collided and exploded!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

DCSHG Livewire fired electricity at Nico. But he activated Professor XXXL's Ridewatch just in time.

He gained an invincible metal turtle shell and it hit it and deflected it back and hit her and knocked her out!

Eli: Nice one Nico!

Nico: You think that's neat. Watch this.

He went at DCSHG Giganta and flew fast and then put his arms and legs and head in it and launched himself at her like a cannonball and then…

KRASMASH!

He smashed her down with devastating force and knocked her out!

May: WOW! That was clever!

Chloe Bourgeois: Yeah it was!

Me: Angela I'm sorry to do this to you!

I then fired a massive wave of energy and it hit her and she exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I flew and caught her as she was falling and I caught the Ridewatch she had and purified it. Then numerous Kyutamas rained down and

Eli flew all over and caught them all.

Eli: Yeah!

I used my serum on Angela and cured her.

Angela: (Coughs) (Weakly) J.D.? Is that you?

Me: Yeah it's me. You're gonna be okay.

She hugged me and was happy to see me.

DCSHG Poison Ivy commanded vines to attack Nico.

Nico: (activates Marluxia's Ridewatch) Time to fight plants with plants!

He got Marluxia's scythe and swung it and sent numerous vines and they grabbed her vines and destroyed them!

?: I'll finish her!

An Evolved Panuncian appeared and slashed her and knocked her out!

Nico: WHOA!

Me: An Evolved Panuncian!

Evolved Panuncian: (In a Girls Voice) Nice to know I made it just in time!

Nico: Bonnie Reggington! Wow!

She reverted back and she was a girl with red hair and red and black clothes.

Bonnie Reggington: Awesome to see you again Nico.

Nico: You too. Just about finished here.

We had DCSHG Catwoman left.

Blake knocked her down.

Nico: You girls would actually make good Masters of Evil members.

Me: I agree there.

Blake Belladonna: They sure would. But we got to decide would would be perfect for them.

Laney: We'll have to decide on that later though.

Nico: Yeah.

Bonnie Reggington: But that was so awesome.

Blake Belladonna: It sure was. What's your favorite memory of Nico?

Bonnie Reggington: I'm Nico's partner from Earth Science Class. We discovered all sorts of awesome minerals together and we even discovered a mineral that was much more radioactive than plutonium. We called it Nicollitite.

Nicole: Wow! That explains where you guys found that mineral. That mineral is much more radioactive than 100 nuclear radioactive isotopes. It has enough gamma radiation in it to poison an entire city 100 fold.

Nico: Wow!

Eli: That is a lethal mineral.

Nico: Yep.

Bonnie Reggington: But me and Nico were both awarded the Nobel Prize in science for this discovery.

Nico: Yep.

Me: Wow that is awesome!

Angela: It sure is. Amazing job.

Nico: Thanks.

DCSHG Supergirl: Glad you're all right Angela.

Angela: Thanks Supergirl.

Nico: How did you get the name Firebird?

Me: It's my nickname I gave her. She has angel wings made of pure fire and has the symbol of Phoenix the Firebird on her forehead.

Angela: Yep.

Nico: Wow!

Nico and Bonnie than hugged.

Nico: I really missed you.

Bonnie Reggington: Me too Nico. Me too.

DCSHG Starfire: But it was a glorious honor to help you all.

Starfire: Indeed it most was.

Tara: We had a lot of fun in this one.

Volcana: Yeah did we ever.

Fu: Yeah we did.

Me: And we got Kyutamas all imbued with the powers of the Non-Core members of the M.O.E.

Angela: But I still got this sword too.

Me: You'll have to be trained in how to use that. But you'll do great with it.

Varie: You sure will.

Nico: Another Shishi Red probably has the Core Kyutamas.

Me: And without a doubt we'll meet that one on the last of the aliens of Ben.

Eli: We only have the Panuncian left.

Maria: Yep. So the Mandatory Question is not needed for that one.

Nico: Nope.

Me: So we'll need someone that knows animals too like Blake.

Nico: Yep.

We later went back home.

---

After Nico's rescue, Lincoln, Me, Ken Knudson, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, The Dynasty Warriors, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, and Lie Ren are heading to Montana, and not only is Lincoln going to rescue the eight girls here, but we're also going to meet Melanie Moondancer, the Champion of Miracles, Lyra Heartstrings III, the Champion of Love, Jackie Snoddgrass, the Champion of Compassion, Kita Schroedinger, the Champion of Creativity, and Abigail Minuette, the Champion of Patience. Lincoln: Wow, we're here in Montana, and I know what we're going to do here, not only am I going to rescue the eight girls here, but we're also going to meet Melanie Moondancer, the Champion of Miracles, Lyra Heartstrings III, the Champion of Love, Jackie Snoddgrass, the Champion of Compassion, Kita Schroedinger, the Champion of Creativity, and Abigail Minuette, the Champion of Patience.

Me: That's right, big goy. But, we also got bad news: my old enemy, Simon Phoenix, has returned from the dead once again, and he still wants revenge on me for killing him long ago.

Nico: That murderous piece of crap just refuses to stay dead, does he?

Lincoln: As long as his hatred for J.D. continues to run deep, he's not going to give up. Well, this is the absolute last time we ever have to deal with him, this time, he's getting The Black Gates, and he's never coming back. And thanks for coming with us, Lie Ren.

Lie Ren: You're welcome, Lincoln. This is going to be so awesome.

Eli: Plus, I heard The Masters of Evil are on high alert now that they found out Simon Phoenix is here and he's causing havoc again.

Lincoln: He's not getting out of here alive, Eli, he's going to die.

Suddenly, we saw Lincoln's Celtic Cross cutie mark tattoo on his wider and muscular back glowing.

Ken Knudson: Awesome, the Champions of Miracles, Love, Compassion, Creativity, and Patience are here. Now, all that's left is to take down that murderous piece of crap, Simon Phoenix.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of eight girls calling for help, along with explosions. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the eight girls, but they've been cornered by Simon Phoenix and he's going to kill them. Lincoln also saw five girls with long flowing colored hair that matches the hair colors of Moondancer, Lyra Heartstrings, Lemon

Hearts, Twinkleshine, and Minuette with their cutie marks emblazoned on their forehead, the tattoos of The Elements of Harmony on their right arms, and they're dressed in clothes that match the colors of Moondancer, Lyra Heartstrings, Lemon Hearts, Twinkleshine, and Minuette, and they're defending them from Simon Phoenix, and The Masters of Evil are also there.

Lincoln: Guys, I found the eight girls, but they've been cornered by Simon Phoenix and he's going to kill them. I also saw five girls with long flowing colored hair matching the hair colors of Moondancer, Lyra Heartstrings, Lemon Hearts, Twinkleshine, and Minuette with their cutie marks emblazoned on their forehead, the tattoos of The Elements of Harmony on their right arms, and they're dressed in clothes that match the colors of Moondancer, Lyra Heartstrings, Lemon Hearts, Twinkleshine, and Minuette, and they're defending them from Simon Phoenix, and The Masters of Evil are also there to help the girls.

Ken Knudson: Those five girls are Melanie Moondancer, the Champion of Miracles, Lyra Heartstrings III, the Champion of Love, Jackie Snoddgrass, the Champion of Compassion, Kita Schroedinger, the Champion of Creativity, and Abigail Minuette, the Champion of Patience. We got to get over there.

?: And put that murderous piece of crap seven feet under!

Suddenly, we saw the Duel Monster, Old Entity Azathot, appear before us.

Nico: Whoa, that's the Duel Monster, Old Entity Azathot. Scary.

Lincoln: And I'd recognize that voice from anywhere, I knew it was you, Claire Monroe, but we'll talk later, let's rip Simon Phoenix to shreds.

We then rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Simon Phoenix and it allowed the eight girls to get to safety, and Melanie Moondancer, Lyra Heartstrings III, Jackie Snoddgrass, Kita Schroedinger, and Abigail Minuette joined us, along with The Masters of Evil. When Simon Phoenix saw us, he was pissed, and even more when he saw me again, but I've changed a lot since we last fought.

Simon Phoenix: J.D. Knudson, I will kill you for what you did to me!

Me: Don't even think about pinning this on me, you piece of crap, you did this to yourself.

Lincoln: What you did kidnapping J.D.'s sister long ago along with your murderous crime spree can't ever be forgotten nor forgiven. I thought J.D. had seen the last of you when those Aparoids brought you back last year, but you refuse to stay dead. Looks like we need to take more drastic measures to make sure you stay dead and gone, this time forever.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), and Musashi Miyamoto (Samurai Warriors) got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Lie Ren got out his guns, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream

Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after Simon Phoenix, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit him.

The Masters of Evil also attacked Simon Phoenix and it made him even more pissed off than ever, but before he could attack again, Lincoln impaled him with his massive greatsword that he'd driven into Simon's black heart, and Lincoln banished his spirit to The Black Gates forever. We cheered wildly as we holster our weapons and power down, and Lincoln absorbed all of Simon's blood that was spilled on the field.

Lincoln: Good riddance, you murderous piece of crap.

Me: And this time, don't you even dare come back again. You guys okay?

Vypra: We're alright, as soon as we found out Simon Phoenix was here in Montana, we really had to be on high alert.

Electro: Yeah, I thought J.D. got rid of him last year when the Aparoids brought him back.

Lincoln: That's true, but Simon's hatred for J.D. was that deep, he refused to take a hint, this time, he had to get sent to The Black Gates and this time for good.

Melanie Moondancer: Yeah, and thank you for what you did to him.

Lyra Heartstrings III: (Realizes something) Wait a second.

Jackie Snoddgrass: You're… Team Loud Phoenix Storm?!

Kita Schroedinger: And the other group that were with us were The Masters of Evil?!

Abigail Minuette: That's so awesome!

Me: That's right.

Lincoln: We found about you and the other 16 girls who were chosen by the Elements of Harmony to become the new 27 Champions of Harmony. We've already recruited Emily Magica, Athena Wendolla, Cassie Excelsion, Helen Anderson, Celine Giachi Florres, Laura Diane Pyenington, Tarra Taiyou, Emily Yumiko, and Gloria Tricksenstein, and now we're here to recruit you five.

Lincoln then explains to them that The Doomsday 23, along with Evil Starlight Glimmer, are about to be resurrected as a part of a contingency plan by The Church of Necrom, as part of yet another plan to get revenge on us for destroying them, and when he was finished, Melanie Moondancer, Lyra Heartstrings III, Jackie Snoddgrass, Kita Schroedinger, and Abigail Minuette were quite shocked. Ken Knudson also explained that they, along with the others, were chosen by the Elements of Harmony, to be the new Champions of Harmony, and we saw the determination in their eyes, and they stood with us.

Melanie Moondancer: Alright, we're in.

Lyra Heartstrings III: Me too.

Jackie Snoddgrass: Me three.

Kita Schroedinger: Same here.

Abigail Minuette: Same with me, we refuse to let the Doomsday 23 or Evil Starlight Glimmer destroy the world and all Harmony.

Nico: Awesome.

Lincoln: We've recruited the tenth, eleventh, twelfth, thirteenth, and fourteenth of the 27 Champions of Harmony and that's it for Simon Phoenix and this time for good. (To Claire Monroe) And it's so good to see you again, Claire Monroe.

Claire Monroe reverted back to normal, and she's a beautiful girl with long flowing black hair, yellow eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful black angel wings, and she reigned in the power of Old Entity Azathot, and she's dressed in a black sleeveless dress top, black shorts, black knee-high boots, and long sleeveless black trenchcoat with darkness and eldritch beings on the coattails, and Old Entity Azathot and the Outer Gods and Great Old Ones from the Cthulhu Mythos on the back, and holstered on her back a large Old Entity Azathot-themed greatsword with Old Entity Azathot etched on the 7'0" massive, wide, double-edged black blade, black tentacles for the crossguard, large yellow gem embedded in the rainguard, longer black handle, and large yellow gem surrounded by black angel wings for the pommel.

Claire Monroe: You too, Lincoln, it's been a long time.

Lincoln went up to Claire Monroe and they hugged, and Claire Monroe's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs as well.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Claire Monroe: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs as well, that's so awesome.

Nico: Wow, Lincoln, you know her.

Lincoln: Indeed I do, Nico, this is Claire Monroe, she's my Guardian Angel from Los Angeles, she's a Goth Girl born with the powers of darkness, and she has extensive knowledge of the dark arts, The Occult, and the beings of the Cthulhu Mythos.

Me: Whoa, now that's awesome.

Lincoln: It also gets even better, like Colleen Elvira Benneschevsky with her mastery of The Black Speech of Nyarlathotep, Claire Monroe's a master of a dark power that's known as The Dark Curse of Azathoth, which is said to condemn those who are beyond redemption to eternal madness, and like Varya Pohzar and Colleen Elvira Benneschevsky, Claire Monroe's mastery of the powers of darkness, extensive knowledge of The Dark Arts, The Occult, and the beings of The Cthulhu Mythos has earned the moniker, "The Embodiment of Azathoth".

We gasped in shock.

Nico: Dang, so like Colleen, she's also a master of a dark power that's known as The Dark Curse of Azathoth, yikes.

Lincoln: And like Colleen, Claire uses that special dark power on those who are beyond redemption, and it's also just like when J.D. uses The Bracelet of Cthulhu.

Eli: Yikes.

Claire Monroe: That's right, and I've also defended Lincoln from Lori when she's at the worst of her wrath.

Nico: Whoa, this is something I'm going to like hearing.

Me: Same here.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Claire Monroe's neck with yellow gems on the gold thunderbolt links and black crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Claire Monroe: (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Claire.

Claire Monroe had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Claire Monroe's waist and Claire Monroe wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Claire Monroe's face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the eight girls, and when Lincoln saw them, he recognized them immediately. The eight girls are Haraki Tsugumi, Ringo Nishijima, Hana Sasayama, Aki Torii, Ayano Hikari, Shinobu Fujimori, Sayuri Misono, and Kiiro Sakuradai from Mangirl!

Lincoln: Oh wow, it's Haraki Tsugumi, Ringo Nishijima, Hana Sasayama, Aki Torii, Ayano Hikari, Shinobu Fujimori, Sayuri Misono, and Kiiro Sakuradai from Mangirl!

Nico: Awesome.

Lincoln: Are you girls okay?

Haraki Tsugumi: Yes, we're okay, thanks to you.

Then, when Haraki Tsugumi and the other seven girls saw who it was that saved them from that piece of crap Simon Phoenix, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide left pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of

Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Hinon's Cosmic Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings with stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long glowing neon orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them and had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanji that said, "Savior of The Loud House, True Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, Founder of Team Loud Phoenix Storm, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms, and Destroyer of The House of Damaskinos" on the left leg, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large Element of Harmony deep sapphire blue gem in the shape of a Thunderbird and a large silver Buffalo head with the Thunderbird and Eternity Kanji on its head for the pendant on his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Haraki Tsugumi: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made seven clones of himself, and he and the seven clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Haraki Tsugumi: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, eight Thunderbird Necklaces of Eternal Love appeared on the necks of Haraki Tsugumi, Ringo Nishijima, Hana Sasayama, Aki Torii, Ayano Hikari, Shinobu Fujimori, Sayuri Misono, and Kiiro Sakuradai with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the World Tree Estate and we told everyone what happened at Montana, and they also met Melanie Moondancer, the Champion of Miracles, Lyra Heartstrings III, the Champion of Love, Jackie Snoddgrass, the Champion of Compassion, Kita Schroedinger, the Champion of Creativity, and Abigail Minuette, the Champion of Patience, and they're shocked when they found out the villain we went after in Montana was Simon Phoenix, who returned from the dead again and he still wanted revenge on me for killing him long ago.

But, when Lincoln showed what he did in killing Simon Phoenix and sending him to The Black Gates and this time forever, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Claire Monroe have a lot of catching up to do now that she's back in town, and that's 14 of the 27 remaining Champions of Harmony now recruited into the team, and we're now rid of Simon Phoenix forever and he's never ever coming back.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Claire Monroe's neck with yellow gems on the gold thunderbolt links and black crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Claire Monroe: (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Claire.

Claire Monroe had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Claire Monroe's waist and Claire Monroe wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Claire Monroe's face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the eight girls, and when Lincoln saw them, he recognized them immediately. The eight girls are Haraki Tsugumi, Ringo Nishijima, Hana Sasayama, Aki Torii, Ayano Hikari, Shinobu Fujimori, Sayuri Misono, and Kiiro Sakuradai from Mangirl!

Lincoln: Oh wow, it's Haraki Tsugumi, Ringo Nishijima, Hana Sasayama, Aki Torii, Ayano Hikari, Shinobu Fujimori, Sayuri Misono, and Kiiro Sakuradai from Mangirl!

Nico: Awesome.

Lincoln: Are you girls okay?

Haraki Tsugumi: Yes, we're okay, thanks to you.

---

After putting a permanent end to Simon Phoenix and this time for good, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Claire Monroe saw Lincoln working out like crazy, she had an atomic red blush on her face.

Claire Monroe: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Claire, and now, I can also defend

myself, and in addition to getting stronger, I've also gotten smarter as well.

Claire Monroe: That's incredible.

Nico: It sure is. So, Claire, how did you defend Lincoln from Lori when she was at the worst of her wrath?

Claire Monroe: Now, that's something I've never forgotten. One day, Lincoln and I were in the kitchen doing some homework. But, our work was interrupted by Lori, who came in and ordered Lincoln to clean the attic, and she said she's the oldest and he has to do what she says. Lincoln told her no and he was busy with homework. This made Lori so mad, her eyes turned red and she went ballistic and she tried to attack, but I fired a blast of darkness and trapped Lori inside a sphere of darkness, and we went to Mr. and Mrs. Loud and told them of what Lori did. They were mad at Lori and they said that Lincoln's homework was important along with his education. But, she said she didn't care, he's supposed to be their slave and do their chores and be miserable and never happy. I've never heard such cold words coming out of her, and I was that close to giving her The Dark Curse of Azathoth, but Mrs. Loud slapped Lori hard in the face and told her to go to her room and she was grounded for nine months, and Lori went to her room, and Mr. and Mrs. Loud went up to Lincoln and they hugged him and so did I, and he returned it, but then, we felt tears on our chests, and we knew Lori got to him badly.

We had tears in our eyes, and it was awful that Dark Lori made Lori into a cold, heartless bitch.

Me: Now, we really hate Dark Lori even more, what a cold, heartless bitch.

Nico: And now, we're really glad she and the other Dark Louds were given The Black Gates.

Eli: Yeah.

Lincoln: Yeah, and I was glad Claire didn't give her The Dark Curse of Azathoth, otherwise, she would be sent to an insane asylum for the rest of her life.

Nico: Tormented by visions of beings far beyond anyone's comprehension and the stuff of nightmares that comes from the darkest corners of our imagination?! Now, that would be horrific.

We got a shower afterwards, but then, the alarm sounds, and when Lincoln checked the computer, he saw who it was that triggered the alarm: it was Erazor Djinn, an old enemy that Sonic and Shahra the Genie dealt with long ago.

Shahra the Genie: (Gasps) It's Erazor Djinn!

Sonic: I thought we destroyed him long ago. This isn't good.

Lincoln: Looks like he's come back from the dead and he wants revenge.

Merlina the Wizard: We've got to destroy him once and for all.

Lincoln: You're right, Merlina. Come on, team, we've got an evil djinn to destroy.

We flew out The World Tree Estate, and Lincoln fired powerful blasts of rainbow energy and elemental forces at Erazor Djinn. When Erazor Djinn saw us, along with Shahra the Genie and Sonic, he was enraged.

Erazor Djinn: Sonic the Hedgehog, Shahra, I will destroy you both for what you did in ruining my plans to take over the world.

Lincoln: That's never going to happen, you evil djinn.

Merlina the Wizard: That's right, you're not getting out of this alive.

Shahra the Genie: The suffering you have caused can never be healed, and now, you will pay for all of your crimes.

Suddenly, the colored eyes of Merlina the Wizard and Shahra the Genie turned neon, and they were surrounded by purple energy auras with purple smoke, magic, genies, and phoenixes, and as they approached Erazor Djinn, they left purple energy, purple smoke, magic, genies, and phoenixes with every step.

Shahra the Genie: Erazor Djinn, I will never forgive you for the crimes that you've committed against the world over a thousand years ago.

Merlina the Wizard: And now, we will see to it that you pay for all of your crimes in full, and you will be destroyed now and forever.

Suddenly, Merlina the Wizard and Shahra the Genie were surrounded by massive vortexes of purple energy with magic smoke and magic surrounding the vortexes, there's a phoenix and genie flying around the vortexes, and in the vortexes are a blue and pink phoenix. Merlina the Wizard has transformed into SUPER ANGEL ETERNITY INFINITY ELEMENTAL MAGICAL MEDIEVAL ANGEL OF CAMELOT JUSTICE AND MAGICAL LOVE!

We were amazed by the Super Angel Eternity Infinity transformations of Merlina the Wizard and Shahra the Genie, and when Lincoln saw them, he had an atomic red blush on his face and hearts in his eyes. But, when Erazor Djinn saw it, the djinn fell into a rage and fired a blast of dark magic to destroy them, but they dodged them, and they fired powerful blasts of purple energy, magic, magic smoke, phoenixes, genies, and elemental forces, and it hits Erazor Djinn and sent him flying into a wall.

Lincoln: Wow, Merlina, Shahra, you girls look beautiful. How do you feel?

Merlina the Wizard: (Divine Echoing Cosmic Voice of The Magical Medieval Phoenix and Divine Magic Love) We feel incredible, Linky.

Shahra the Genie: (Divine Echoing Cosmic Voice of The Magical Arabian Genie and Divine Magic Love) Now, shall we destroy Erazor Djinn once and for all?

Lincoln: (Smiles) With pleasure, girls.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Shahra the Genie and Merlina the Wizard.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Your thousand year plan to rule the world ends here and now, Erazor Djinn.

Lincoln, Shahra the Genie, and Merlina the Wizard went after Erazor

Djinn, who continued firing blasts of dark magic at them, but they dodged them all, and they fired powerful blasts of rainbow energy, purple energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Genies at Erazor Djinn, and they exploded with incredible power as they hit him. Then, Lincoln fired a red energy blast at Erazor Djinn, and he sucked out all of the evil djinn's powers and dark magic, and he and all of us made them our own. Then, Lincoln, Shahra the Genie, and Merlina the Wizard fired powerful blasts of energy at Erazor Djinn and they exploded with such incredible power, killing the evil djinn and he was erased by The Black Gates forever. We cheered wildly for what Lincoln, Shahra the Genie, and Merlina the Wizard did as they holster their weapons and power down, and the new bodies, clothes, weapons, jewelry, and massive angel wings of Merlina the Wizard and Shahra the Genie are permanent.

Shahra the Genie: Good riddance forever, Erazor Djinn.

Merlina the Wizard: You said it. Thank you for helping us take down Erazor Djinn once and for all, Linky.

Lincoln: (Smiles Warmly) You're welcome, Shahra and Merlina.

Suddenly, Lincoln made a clone of himself and he went up to Merlina the Wizard and his clone went up to Shahra the Genie, and they wrapped their abnormally massive and powerful muscular arms around the girls' waist, which took them by surprise and it brought an atomic red blush to Merlina and Shahra's faces and Shahra and Merlina' chests were pressed against the massive and wide muscular pecs of Lincoln and his clone, which brought an atomic red blush to Lincoln and his clone's faces, and the girls then wrapped their arms around the thick muscular necks of Lincoln and his clone. Then, as Lincoln and his clone leans down to Merlina the Wizard and Shahra the Genie's faces, they kissed passionately as Merlina the Wizard and Shahra the Genie's left arm were still wrapped around the thick muscular necks of Lincoln and his clone, but they moved their right arms and their right hands onto the massive and wide muscular right pec of Lincoln and his clone, and behind them was a Thunderbird, Phoenix, Angel, and Genie flying in the air, and we also saw a herd of Buffalo and elemental forces behind them and we all cheered wildly for them.

Sonic: Erazor Djinn's finally gone for good, and he's never going to hurt anyone ever again, and I'm glad Merlina and Shahra got together with Lincoln.

Nico: Same here, Sonic. You forgave them despite the dark actions they did, and because of that, they eventually became good.

Me: That's indeed a power that Sonic had, and it's really awesome.

Sunset Shimmer: You said it, J.D.

We returned home to The World Tree Estate, and now, we're finally rid of Erazor Djinn once and for all, and that evil djinn's never coming back to hurt anyone ever again.

---

After putting an end to Erazor Djinn for good, I was looking up the history of our old enemy, Emperor Belos.

Me: Lets see here. Belos what are you hiding?

I was looking up his history and what could have caused him to become the way he was. But then I found a huge discovery!

Me: Whoa!

Nico: What is it?

Me: Look at this.

I showed everyone the history of Emperor Belos.

---

**Philip Wittebane**, later known as **Emperor Belos**, is the main antagonist of the Disney Channel animated series *The Owl House* .

The second human to come to the Demon Realm (behind his late older brother Caleb), he is the emperor of the Boiling Isles and the overseer of the Emperor's Coven who created the Coven System for categorizing magic into specific disciplines instituted by himself in preparation for the "Day of Unity", which would seemingly create "a utopia free of wild magic".

However, in due part to his history as a witch hunter back on Earth, his true goal is to use the Day of Unity to eradicate witches from existence due to his belief that they're a threat to humanity. He is the arch-nemesis of Luz Noceda, the former boss of Lilith Clawthorne, Kikimora, and the Collector, and the creator of Hunter and his predecessors.

In the present, he is voiced by Matthew Rhys, who also played The Conductor in *Infinity Train*, while in the past he is voiced by Alex Lawther.

In the 1600s, over a century before the start of the series, Belos started out as an ordinary human witch hunter from Gravesfield, Connecticut named Philip Whittebane when he and Caleb, his older brother, were lured into the Demon Realm by a witch. To his anger, Caleb fell in love with the witch and apparently impregnated her. This culminated in the brothers engaging in a knife fight, ending with Philip killing Caleb. Enraged, the witch cursed Philip, forcing him to consume the souls of palismen to stay alive.

Throughout his stay in the Demon Realm, he learned of the Collector and would acquire companions during his journey and would remorselessly sacrifice them for his advancement. He would then recreate the events in ways to make himself seem more heroic than he was. As revealed in "Elsewhere and Elsewhen", when he met a time-traveling Luz and Lilith, he tried to sacrifice them only for him to receive a broken nose from an angry Lilith. After making a deal with the Collector (who was trapped in the Titan), Philip created the "Day of Unity" as a cover for eradicating witches and demons to save humanity from "evil" whilst also freeing the Collector. He then made a series of Grimwalkers and appointed them as the "Golden Guard". At some point, he was forced to fashion a new identity when negative word-of-mouth caused him to be "run out of too many towns".

From there, Philip, as Belos, would go from village to village claiming to speak on behalf of the Titan and inviting the villagers to join covens and imparts them with sigils which temporarily immobilize them (which disappoints Belos, since he wanted them to kill them). In one instance, Belos destroyed a village in a false flag operation presented as an attack by wild magic. He would then routinely kill the Golden Guard who question his actions, under the claim that they would betray him. At some point he constructed a palace as a symbol of unity and collected a vast array of magical artifacts he kept there.

Assigning a New Ally " *Bring the Owl Lady to me by twilight, she'll join the Emperor's Coven and in return I'll heal her little curse. But if you fail, you will be stripped of your rank and banished from my coven. You do know what happens to covenless witches, don't you?* „ ~ Emperor Belos threatening Lilith Clawthorne if she fails to capture Eda, while also lying that he will heal her if she does.

When the prodigious Lilith Clawthorne came along, Belos offered to make her the leader of the Emperor's Coven and help heal her equally-prodigious sister Eda from the curse Lilith cast upon her. In exchange, Lilith was assigned to capture Eda so Belos could induct the rogue witch into a coven. He was first mentioned at the end of "Convention". Belos is presumably **The Emperor** previously mentioned as being protected by the Emperor's Coven and who rules over the Boiling Isles. Kikimora mentions the Emperor's name to Lilith during a conference and that the Emperor has assigned Lilith in the capture of Eda in exchange for a 15,200 dollar reward.

In "Wing It Like Witches", he was mentioned by Lilith when she tells Eda that the Emperor has big plans for her. In "Agony of a Witch", he fully appears as he waits for Lilith to capture Eda and threatens a severe punishment if she fails him again. He also appears when Lilith and Eda are battling each other. In "Young Blood, Old Souls", Emperor Belos is revealed to have lied to Lilith about promising to cure her sister and is instead sentencing her to be petrified, a punishment usually reserved for the worst criminals.

While it is publicly stated that she would be the first one to receive the sentence in 30 years, there are shots of more witches and demons petrified, meaning that he had done so in secrecy. It is revealed that the Day of Unity involves the human realm and that

Belos sought Eda for her key portal. When Luz and King arrive to rescue Eda alongside a redeemed Lilith, Belos fights against Luz. Despite him being more powerful, Luz succeeds at striking a blow, making a scratch in his mask, to which he states his amusement. He made it clear that he doesn't have any intention of waging war against humanity, since it is too boorish by the Titan's will.

Forcing the young girl into making a choice of giving up the key portal or have Eda get transformed into stone, Luz gives him the case containing it, but she also craftily added fire glyphs to the case, making it into a time bomb that detonates once she was out of range. He glares at Luz menacingly and Luz glares at him back. Unbeknownst to Luz, Emperor Belos still had the broken parts of the portal in order to make a portal dimension, and he sends someone (who is an Owl Spy) to watch the inhabitants of the owl house.

Emperor Belos first appeared to the end of the series premiere episode "Separate Tides," where he is seen finishing building the portal as he puts back his mask on, saying "Knock, knock, human." He was later mentioned by the Golden Guard at the end of "Escaping Expulsion," when he makes a deal with Alador and Odalia Blight that he will be having all of their Abominations. He was mentioned by Gwendolyn in "Keeping Up A-fear-ances," when she is interacting with her daughter, Eda, explaining that she was aware of the petrification ceremony.

He was seen at the beginning of "Hunting Palismen" when he invited the leaders of the nine covens to view the day of Unity. However, his curse began to act up and he was escorted into the empty throne room where his curse activates and he briefly becomes a mud monster. He then takes a palisman from the Golden Guard and inhales its essence to keep the curse at bay. It's then revealed that he is the Golden Guard's uncle and he asks him to go get him more palismen. His face was finally shown in "Eclipse Lake" when Hunter was having a conversation about the door he tried to open. He also reveals to Hunter that he has been to the human realm before and looks forward to seeing it again.

In "Follies at the Coven Day Parade" he is mentioned several times, most prominently by Terra Snapdragon, who reveals he's looking forward to meeting Luz. He then makes a grand announcement to the public, revealing his plans for the Day of Unity. He reveals that it will create a utopia free of *wild magic.* After his speech, he reveals his face to the public for the first time ever, taking off his mask, and thanking them for their support. As he looks like a kindly old man, the crowd's immediately support and cheer for him.

In "Hollow Mind", Luz and Hunter are accidentally trapped in Belos' mind in a botched attack by Raine Whispers, Darius, and Eberwolf. As they inspect his memories under the guidance of his inner form, they are pursued by his beast form, made out of the spirits of the palismen he absorbed. Eventually, Inner Belos captures and harnesses the beast. At this point, Hunter had found out about the fates of his predecessors. Disappointed, Belos sinks him into the ground in an attempt to kill him. Turning his attention to Luz, he reveals his true identity as Philip Wittebane and attempts to kill her too, only to be stopped by Hunter as he and Luz escape from his mind, albeit with Luz completely guilt-ridden for unknowingly helping him in the past and Hunter gravely traumatized.

In "Labyrinth Runners", it is further shown how far Belos' cruelty is willing to go, as shown through Graye, Philip also wants to kill children, proving that no one can escape his wrath. In the same episode two coven scouts revealed that Belos' is looking for Hunter, under the pretense that he is lost and Belos is very worried about him, not knowing that Hunter ran away after discovering the horrifying truth of his "uncle" and his intentions, and that in reality Belos wants to kill him. By "Oh Titan, Where Art Thou", he has branded Luz, Eda, King, Hooty, and Lilith as wanted criminals and has gone to great lengths to ensure that the Day of Unity is successful, since he is not taking any chances after Luz's trip into his mind. He also planned for Eda to be petrified for good and to have Luz brought to him for as of now unknown purposes.

In "Clouds on the Horizon", one day before the Day of Unity, Belos and the Collector are seen conversing to each other as they watch the Boiling Isles' inhabitants come to the Titan's skull. Later in the episode, it is revealed that he is apparently in league with Odalia Blight, promising that she and the Blight family will live aristocratic lives after the Day of Unity. By the episode's end, Luz sneaks onto Kikimora's ship as it flies towards the skull, intent on saving Eda from Belos.

Eventually, in "King's Tide", the Day of Unity arrives and Belos initiates the Draining Spell, reaping the magic of every coven-branded witch on the Boiling Isles with the intent of killing them. Not wanting him to reveal his secret powers to others, he then betrays the Collector and drops his mirror down a pit in the Titan's skull. At that moment, Luz arrives at the skull and engages Belos in combat, only to be easily trounced as he attempts to petrify her. However, Luz talks her way out of getting killed and tricks him into getting branded with a coven sigil for incentive to end the Draining Spell.

This backfires, however, as Belos ragefully transforms into his beast form and goes berserk, rampaging through the skull as he attempts to kill Luz. While her friends arrive to help her, they are nonetheless powerless to stop him or the Draining Spell. However, Kikimora, whose offer to help Belos was rejected by him, brings King to the pit to free the Collector from his mirror, allowing him to stop Belos in his tracks. In revenge for his betrayal, the Collector "plays tag" with Belos by touching him with one single finger, causing his mutant body to be blown into the skull's wall, rendering him nothing more than a splatter of green sludge.

As Luz and her friends escape to the Portal to Earth when the Collector undoes the Draining Spell and destroys the skull, however, a sentient drop of Belos' remains falls on Hunter's shoulder and is brought to the Human Realm with him, technically causing him to achieve his return to Earth and leading to the possibility of his return and revenge against the protagonists. In the end credits of said episode, one of these sludgy blobs latches onto the door that once connected the two realms and closes it.

Everyone gasped!

Nico: So his real name is Philip Wittebane and he's a witch hunter from the 17th Century that wants to destroy all witches because he thinks they're a threat to humanity!? That's insane!

Brittney: No kidding! Not all witches are evil!

Laney: Yeah!

Me: Well the Salem Witch Trials was all caused by one thing and that was fear. Fear that the Devil was walking amongst us.

Bonnie Terrez: Wait Philip Wittebane? I've heard about him. He was the leader of a group of witch hunters that mysteriously disappeared over 375 years ago.

Me: And we found him all these years later in the demon world as Emperor Belos.

Nico: And we killed him before he can cause some serious damage.

Luz: Thank goodness.

Amity Blight: No kidding there.

Lilith (Owl House): Yeah that was terrible.

Shannon: No kidding. But my ancestors would want to mount this guys head on a pike for everything he did.

Lola: Yeah that was terrible!

Me: But there's a strong possibility that he may return. We banished him to the Warp.

Amity Blight: And we'll be ready for him.

Me: That's for sure.

---

Later it was time for Sunset Shimmer's 2nd Ambassador Mission.

Me: I have a feeling we're going to kick another of Ratchet's enemies into the ground.

Nico: Me too.

William: Anyone else want to go with Sunset? Besides TJ and 1 Rabbid?

Twilight Sparkle: Me and my friends will go with her.

Nico: Awesome.

Jackie Snodgrass: Good luck out there guys.

Lyra Heartstrings III: Yeah.

Rainbow Dash: Won't need it but thanks.

Nico: Awesome. Lets head out.

We were off to the world of Ratchet and Clank.

We arrived on the distant planet of Umbris in the galaxy NGC 4414. We were 62 million light-years away from Earth.

Nico: Wow! The planet Umbris.

Me: At 62 million light years away from home.

Eli: Long ways from home.

Ratchet and Clank saw us.

Ratchet: Hey guys!

Sunset: Ratchet, meet my friends.

Twilight Sparkle: It's an honor to meet you. I'm Twilight Sparkle the Princess of Friendship and the Magic Skylanders.

Applejack: I'm Applejack, Princess of Honesty and Apples and the Earth Skylanders

Rarity: I'm Rarity, Princess of Generosity and Fashions and the Water Skylanders.

Pinkie Pie: I'm Pinkie Pie, Princess of Laughter, Parties and the Tech Skylanders.

Fluttershy: I'm Fluttershy, Princess of Kindness, Animals and the Life Skylanders.

Rainbow Dash: I'm Rainbow Dash, Princess of Loyalty, The Wonderbolts and the Air Skylanders.

Starlight Glimmer: And I'm Starlight Glimmer, Princess of Empathy, Redemption and the Undead Skylanders.

Ratchet: Wow! An honor to meet you all your highnesses.

Twilight Sparkle: No need for formalities but thank you.

T.J.: And my name is T.J. Johnson and I'm the leader of the Turbo Power Rangers.

Clank: A most gracious honor to meet you.

Then Qwark came out.

---

**Copernicus Leslie Qwark**, better known as **Captain Qwark**, is the anti-heroic tritagonist of the *Ratchet & Clank* franchise. He was one of the archenemies of Ratchet (alongside Dr. Nefarious, Emperor Tachyon, and Ace Hardlight).

To the public, he appears to be the greatest superhero in the universe, but in reality is a fraud that will do whatever it takes to maintain his fame and reputation or for money. Initially, he is an antagonist in the first two games, but in the third onwards he became a protagonist, despite still being a coward and imbecile. Qwark is the tritagonist of the *Ratchet & Clank* feature film and PlayStation 4 game, but briefly an antagonist until he reforms.

He was voiced by Jim Ward in all games up to *Ratchet & Clank: Into the Nexus*, with Scott Whyte taking the role in *Ratchet & Clank: Rift Apart* when the former (Jim Ward) had developed Alzheimer's disease and suffered from COVID-19, leaving him unable to do anymore voice work. Jim Ward also played Emperor Otto Destruct in *Ratchet and Clank: Size Matters*, as well as Torrance in Disney's *Treasure Planet*, Sheshou in Disney's *Mulan*, and Krackus in *My Life as a Teenage Robot.*

*Ratchet & Clank* (2002)

Qwark is the secondary antagonist in the original *Ratchet & Clank* . Ratchet and Clank travelled the Solana Galaxy trying to find the hero, believing that he will help them save the galaxy from Chairman Drek's evil plans. They find him in his trailer in Blackwater City, and he tells them to meet him at his gauntlet on Umbris. They pass the course, but are betrayed by Qwark, who reveals he is the highly-paid spokesman of Drek's new planet. Qwark attempts to kill them with his Blargian Snagglebeast, but then failed to do so. Drek reprimands Qwark over his failure to kill the duo, but gives him a second chance.

Drek eventually told Qwark to go to the Gemlik Base and confront them personally using a Blarg starfighter, and Qwark battled Ratchet through space but was defeated and shot down on the planet Oltanis, which resulted in Drek firing him. Ratchet then meets Qwark again on the heavily bombed planet, and Qwark sells him the P.D.A. under the name **Steve McQwark** .

Qwark returns as the main antagonist in the sequel *Ratchet & Clank: Going Commando* . After his defeat at the hands of Ratchet and Clank, Qwark tried to gain fame by selling a device called the Personal Hygenator; however, the device caused harm to its users, and Qwark was forced to pay six billion dollars to the users. Qwark tried to escape to planet Pokitaru, but was arrested and placed in jail. He escaped again by flushing himself down a toilet and wasn't seen for 6 weeks. Qwark wasn't seen until the end of the game where it is revealed that he had used his alter-ego (Steve McQwark) to help finance his big comeback by selling the Personal Hygenator. He then managed to gain control over Megacorp by pretending to be CEO **Mr. Abercrombie Fizzwidget** and locking the real Fizzwidget in a broom closet.

Qwark then hired Ratchet and Clank to recover the "Experiment" that was stolen by Angela Cross, and abandoned the two after it was returned to him. He then released the experiments across the galaxy, leading to them violently attacking their owners and citizens in general. Mega Corp eventually became wary of "Fizzwidget"'s abnormal behaviour and hired Thugs-4-Less to protect him. The Thugs framed Ratchet and Clank for an attempt on his life and imprisoned them. Eventually, he revealed his true identity and went live on holovision where he tried to fix the the Experiment, now called the Protopet, to make himself look like a hero and incriminate Ratchet for starting the crisis. However, the Helix-O-Morph he took from Angela backfired, and the Protopet turned into a giant monster and ate Qwark. The duo managed to defeat the beast, and Qwark was spat out. In the final cutscene, he is seen working at Megacorp as a test subject for the Crotchitizer. Following this, the next few games state that Qwark has a strange addiction to the Crotchitizer.

Between *Going Commando* and *Up Your Arsenal*

At some point, Qwark somehow returned to Solana Galaxy and resided on planet Florana, where he was raised as a child, with cyclops monkeys.

*Ratchet & Clank: Up Your Arsenal*

When Dr. Nefarious attacked the Solana Galaxy, President Phyronix requested Ratchet and Clank track down the Florana Tree Beast advertised in *Nature's Mysteries*, which was Qwark, as Qwark was the only man to have faced Nefarious and lived. When they found the masked man on Florana, he made Ratchet and Clank walk the Path of Death, his identity was revealed and fought the duo. After he is defeated, it became apparent he had lost his memory and believed he was a monkey, leading the two to escort him back to the *Starship Phoenix* where he was briefly housed with his monkey friend Skrunch. After Ratchet completed a Qwark vid-comic in front of him, Qwark regained his memory and founded the Q-Force, a team consisting of himself, Sasha Phyronix of the *Starship Phoenix*, his former fitness instructor Helga, racer Skidd McMarx, Big Al from the Roboshack he had formerly endorsed in his career, Skrunch, Ratchet and Clank. At this point, he was no longer a threat to Ratchet & Clank, redeeming himself, but remained focused in his goal to keep his heroic reputation high.

---

Ratchet: Guys, this is Qwark.

Qwark: Wow it's an honor to meet the great Team Loud Phoenix Storm.

Nico: Same to you Quark.

Eli: It's an honor as well.

Me: We talked about you the first time on Sunset's mission and you are going to make a great candidate for the Redemption Squad.

Qwark: I'm honored you think so.

Ratchet: That's true and awesome.

Nico: Qwark, despite how you started out before, you really do have the heart of a hero.

Qwark: I'm honored you think that Nico.

Starlight Glimmer: You did redeem yourself a lot.

Eli: You sure did.

Ratchet: He sure did. And we're glad for that.

Nico: Yep.

Qwark: Unlike the rest of Albedo's former buddies, I'm willing to admit when I've made mistakes.

Nico: That's good. EVERYONE makes mistakes.

Me: That's true.

Sunset Shimmer: I know that same feeling too. I am a former villain myself.

Starlight Glimmer: And me too. I am a former villain too.

Qwark: Wow that is amazing. Awesome to meet 2 more fellow former villains.

Clank: It is very fortunate that you all were able to stop Albedo's former teammates before they caused something that was out of their control.

Me: Boy news about all that spread all over the universe like wildfire didn't it?

Ratchet: It sure did. But when you follow up on all your adventures like we have word gets around really fast.

Qwark: Yeah you guys are legends in everything you do. It's awesome.

Eli: We don't like to brag but thanks.

Twilight Sparkle: But J.D. and Nico's plan worked like a charm.

Ratchet: You guys are probably wondering who the next baddie is.

Me: Well since we're here on the planet Umbris, I have a feeling I know who it's going to be.

Eli: Me too.

Nico: Same with me. And it's going to be the Blargian Snagglebeast.

Ratchet: Yep. You hit it right on the head.

Me: Awesome.

Fluttershy: This will be amazing.

Nico: Guess that's one villain that doesn't speak.

Ratchet: Nope.

Sunset Shimmer: Then lets get it on!

Twilight Sparkle: It's gonna be amazing!

We went to go face the beast.

Nico: Shouldn't be too hard to find.

Me: Then THAT must be him.

We saw in an arena surrounded by lava THE BLARGIAN

SNAGGLEBEAST!

Nico: There he is!

Eli: This is gonna be good!

We faced him!

Me: Okay you stupid bumbling behemoth! Time to kick some butt!

T.J.: Shift into Turbo!

He transformed and he was ready!

Nico: YEAH! (Goes Super Saiyan 2!)

Me: Time for some buttkicking!

I went Super Angel 10,000!

Me: Haven't used this form in a while.

Eli went Super Angel 2.

Nico: Yeah!

Nico then activated Speed Demon's Ridewatch and got Speed Demon's powers.

Nico: Time to ZOOM!

ZOOM!

Nico ran fast as the Beast blasted lasers all over and Nico punched and pulverized the beast all over.

Rainbow Dash: Lets see how he likes this one!

She activated Tchang Zu's Ridewatch and got tremendous lightning powers and then she fired a massive blast of lightning and it hit the beast and electrocuted it all over!

Nico then activated the Dark Turtles' Ridewatch.

Nico: Take this!

Nico then punched and pulverized and slashed the beast all over the place!

Nicole: YEAH! Now for this!

She activated Control Freak's Ridewatch and then summoned the bosses of Disney Infinity 1.0: Davy Jones, Syndrome, Emperor Zurg, Chick Hicks, Latham Cole, and more and they blasted and smashed and pulverized the beast all over.

Nico then activated Shendu's Ridewatch.

Nico: Face my Morning Breath!

He fired a blast of fire from his mouth and it hit the Snagglebeast and exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Eli: That was cool Nico!

Nico: Thanks.

Nico then activated Tar Pit's Ridewatch.

Nico: Time for you to be in a sticky situation!

Nico had slime dripping from his fingers and then he threw slime globs and they stuck the Snagglebeast's feet to the floor and he roared as he was stuck!

Sunset fired a powerful blast of fire and burned the beast all over.

Nico then activated Black Manta's Ridewatch.

Nico: Try this on!

Nico fired a laser blast from his hands that was like that of Black Manta's blaster and it hit the Snagglebeast and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Nice one! Nico get ready to light me!

Nico: Right!

I activated Stinky Butt's Ridewatch.

Me: Sniff on this one!

I pointed my butt at the beast and then…

FFFFFFAAAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRTTTTTTTTT!

I fired a powerful fart gas stream and Nico lit it on fire and it turned into a deadly flamethrower blast and then the Snagglebeast exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ratchet fired a chargeable blue blast from the Shock Cannon.

He fired a blast of lightning and it hit the Snagglebeast and it exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The beast was dead!

Eli: That's it for him!

Sunset Shimmer: Yeah! That was great!

Applejack: YEEHAW! That was amazing!

Sunset Shimmer: Nice shot, Ratchet!

Ratchet: Thanks Sunset but you all did great yourselves.

Me: Thanks. It was funny using Stinky Butt's Ridewatch.

Eli: That was cool.

Later we came back.

Nico: Man that was cool!

May: How did it go?

Me: It was really awesome!

We told everyone everything and it was awesome.

May: Wow that was awesome!

Eli: Yeah it was.

May: Next time, El Oso and Turbo the Snail should go with you.

Nico: Good idea!

Sunset Shimmer: Yeah! This will be so awesome.

Nico: Yep.

* * *

We were talking to the Ed's.

2012 Leatherhead: So, Eddy. Tell us more about your adventures.

Eddy: Don't you mean Ed-Ventures?

Me: That was a great name for them.

Eddy: Yep.

Edd: But I do have one. Its from our faux time machine.

Jimmy and Jonny were at rapt attention, while I explained…"

[Edd remembers the time machine. In the memory, Jimmy and Jonny are cowering in a time machine while Edd explains something on a blackboard.]

Jimmy: "Are you sure, Double D?"

Edd: "Most assuredly, Jimmy. Neither I nor science have found any correlation between time travel and frizzy, flyaway hair."

Eddy: "Are you done yammering?"

Edd: [closing the hatch and turning a dial] "Prepare to incredibly transverse to the Triassic period of yesteryear!"

Jonny: "This is gonna rock!"

[Ed picks up the machine and shakes it.]

Edd: "Tallyho, back in time we go!"

[Ed, still shaking the box, carries it off somewhere. Inside, Jonny and Jimmy bounce like pinballs. Suddenly, the machine stops moving, and Jonny and Jimmy settle.]

Jonny: "I think we're here, Plank."

[Jonny pushes the door open and wanders into the Triassic. A pterodactyl, suspended by ropes, flies past.]

Ed: [imitating the pterodactyl offscreen] "Cock-a-doodle-doo!"

Jimmy: "PTERODACTYL!" [He ducks into the machine.]

Jonny: [dragging Jimmy out] "C'mon, Jimmy! We can't get hurt, 'cause we weren't even born yet! Wowzers! Look, Plank!" [A triceratops moved by Ed lands on the machine, crushing it flat.]

Jimmy: "Triceratops!" [He and Jonny run away. The dinosaur gives chase.]

Jonny: "Right on, eh, buddy?"

Jimmy: "Make it stop! Make it-" [The triceratops lands on them. Jimmy crawls away, but is jumped on. Jonny is riding it now, however.]

Jonny: "Whoopee! Twenty-three skidoo!"

[Jimmy, dazed, looks up. A T. Rex roars. Jimmy screams, and the triceratops jumps on a allosaurus' head. The body separates from

Ed, who continues to imitate the triceratops, and goes flying until it smashes into the T. Rex's mouth.]

Eddy: [on the ground] "What the?"

Jonny: "Neato! We've been swallowed alive, buddy! Huh?"

[He looks forward and sees Edd, operating a remote control.]

Edd: [nervous] "Well, hello, Jonny." [A banging is heard.]

Eddy: [banging on the dino] "Hey! What's going on up there?"

[The dinosaur's giant metal eye comes loose and falls, landing on Eddy. The the rest of the body then falls on him. Edd laughs, bringing us back to the present.]

Edd: "Oh and the funny part of it was: the tyrannosaurus actually lived in the Cretaceous period. Not the Triassic period!" [He laughs.] "Oh, oh good times, huh, fellows?"

Nico: Wow that is awesome!

Lana: Yeah it sure is.

Aylene C.: That was a good attempt to make a dinosaur world though.

Lola: It sure was.

Ibara: It was still a good effort.

Nico: It sure was.

Me: Yep.

Eddy: I remember this one time when Double D had the hiccups.

[Eddy flashes back. The Eds are watching Rolf garden from a fence.]

Eddy: "Course says Victor kicks Rolf in the head again."

Ed: "My turn!"

[Edd hiccups.]

Edd: "Seems an air bubble has lodged itself within my-" [hiccup]

[Edd clamps his hands over his mouth, but another hiccup comes. Eddy laughs. Edd runs home.]

Eddy: "C'mere, I'll get rid of em." [Eddy follows Edd to his kitchen. Edd blows into a paper bag.]

Edd: [hiccup] "Oh dear." [He blows in again. Eddy sharpens one of his hairs. Edd hiccups again.] "Oh my." [Blows in again. Eddy pops the bag with his hair. Edd goes flying under a cabinet.]

Eddy: "There, they're gone!"

Ed: "Hiccups have left the building, Eddy!"

[Edd hiccups, and an electrical outlet pops out of the wall.]

Eddy: "Strong hiccups."

Ed: [carrying Edd over] "Quick, Eddy, do something, Double D is gonna-" [hiccup] "-explode!"

[Ed throws Eddy on top of Edd and sits on both of them, fingers in his ears.]

Eddy: "Ed, you idiot, this ain't gonna get rid of the hiccups!"

[A hiccup throws them both off.]

Edd: "Water! I need water!" [He runs to the sink and pours a glass. Before he can drink, he hiccups, soaking himself. Edd gets another glass, hiccups again, spills again.]

Eddy: "You're doing it all wrong, you're supposed to drink it upside down."

[Eddy turns Edd upside down and pours a jugful of water into him. Edd hiccups and swallows the jug.]

Ed: "Let's scare 'em, Eddy." [He peels Edd's jaw open and shouts inside it.] "I AM A ZOMBIE AND I WILL MALICE YOU WITH A SHOEHORN!" [Hiccup.]

Edd: [stupified] "Malice me with a shoehorn?!" [Hiccup. Hiccup. lands headfirst into the floor with the rest of his body sticking out vertically]

[Eddy laughs, bringing them back to the present.]

Nico: Whoa that must've sucked.

Me: Yeah.

Linka: Oh poor Double D.

Qin: Yep.

G1 Iron Bison: How DID those hiccups eventually go away?

Eddy: Good question.

Edd: I held my breath for 10 seconds.

G1 Iron Bison: Good.

Ed: I remember this one time where we made a giant pancake. Drool I must. Yum.

[Ed remembers the pancake incident. Eddy is mixing a giant bowl of batter above the cul-de-sac. The cul-de-sac is covered in grease, and it is going to be a frying pan.]

Eddy: "Mixing this batter is killing my arms. Ed! Get over here!"

[Ed jumps on Edd, squashing him into the grease. Ed slides over to Eddy.]

Eddy: "Griddle greased up, Double D?" [Edd rises, covered in oil.]

Edd: [disgusted] "Cooking oil in place, Eddy."

Eddy: "Sweet! Get an agent, boys, 'cause we're gonna make the world's biggest pancake!"

Ed: "I love pancakes, Eddy!"

Eddy: "Shut up and pour, Lumpy."

[Ed and Eddy start to tip the giant bowl of mixed batter. Edd, wringing himself out, hears the joy of kids playing.]

Edd: "Excuse me, Eddy. Everyone seems to have mistaken our griddle for a skating rink."

[The kids are skating on the oil. Ed continues to tip the batter.]

Eddy: "Hey, you kids! Get outta my frying pan!" [The batter reaches the tipping point.]

Edd: "Ed, wait!" [The batter begins to slosh out.]

Jimmy: "Holy mackerel! Tidal wave!"

[The batter lands and covers the oil. The kids are crushed beneath it. The Eds watch in awe.]

Edd: "Ed, what in heaven's name have you done?!"

Ed: [oblivious] "It's a boy!"

Edd: [raising the spatula] "Fear not, people, as I have a spatula!"

Eddy: "Oh no you don't!" [He drags Edd back.] "I'm the cook around here, so I get the spatula."

[The pancake finishes cooking. Ed drools.]

Ed: "Yum."

[Ed tears off a bite of the pancake and eats it. He finishes the food and pulls Kevin's shorts out of his mouth.]

Ed: "I got a prize, Eddy!"

Eddy: "Hey! Keep your mitts off my pancake!"

[Eddy lifts one end of the breakfast with his spatula. The kids reach out from underneath and grab him. A brawl breaks out underneath the pancake.] "It wasn't me!" [We come back to the present.]

Ed: "Ah, the good ol' days."

Nico: Whoa! That must've been a really huge Pancake.

G1 Lightspeed: A pancake and a skating rink.

Nico: Except the ice was made of cooking oil.

Kevin: But Eddy covered us with it.

Jonny 2X4: It was cool though

But then…

KRABLAM!

[Stars burst across the screen. Eddy has just hit Ed with a fish.]

OUCH!

Eddy: "I hate clip shows!"

Luan: EDDY! What did you do that for!?

Eddy: Sorry. Force of habit.

Ransack: You guys should be happy of the memories you shared together.

Nico: I agree.

Carmen: Good times for them.

Sarah (EENE): They sure were awesome.

Lola: Yep.

Nico: Good times. Now it's time for our next mission and I have a great treat for you all.

Me: What is it?

Nico: We're going to meet Mikey Walsh and his friends.

Me: From the 1985 movie The Goonies!? Awesome! Wait that means we're going after Mama Fratelli and her family. Awesome! Now I can finish some unfinished business that my father failed to do.

Eli: Oh man do you have a history with them?

Me: No but my dad does. It was back in 1985.

I went over their history.

---

Mama Fratelli is the main antagonist of the 1985 live-action Warner Bros. film The Goonies.

She is a greedy criminal who plans to gain One-eyed Willy's treasure. She also has two evil sons named Francis and Jake. She is also the mother of Sloth, as well as the arch-nemesis of the Goonies and her own son Sloth.

She was portrayed by the late Anne Ramsey, who also played Mrs. Lift in Throw Momma from the Train.

Mama Fratelli is first seen in a car outside the jail house with Francis, where they wait for Jake to break out through a plan involving a fake suicide. Jake runs outside to the car and hops in through the sunroof. Francis shot the ground with his gun, which he had coated with gasoline which made the ground around the jail house be set ablaze. Mama Fratelli drove off as fast as she could, and escaped the police by blending into a car race on the beach.

She later appeared at a seaside restaurant, where the Goonies attempted to start their journey for One-Eyed Willie's treasure. Mama Fratelli took their orders, which was all water. One of the kids, however, who went by the name "Mouth" attempted to order some fancy food, which Mama Fratelli replied by forcing Mouth to stick out his tongue and hold a knife to it and saying "The only thing we serve here is tongue. You kids like tongue?" She let Mouth go, and walked off into the kitchen to get their waters. She returned with red liquid, which the Goonies hesitated to drink. One of the Goonies, Mikey, asked if he could use the bathroom, and Mama Fratelli pointed him in its direction.

Her next appearance was when Jake and Francis had kidnapped the Goony, Chunk. She planned to put his hand in the blender if he didn't tell her everything, so Chunk told her literally everything bad he's done in his life. She was just about to put Chunk's hand in the blender when dozens of bats flew in after being wakened by the rest of the Goonies below ground. This forced her to let go of Chunk, who called out to the Goonies that she and her sons were after them.

She later appeared in the caverns which led to One-Eyed Willie's treasure. The Goonies had recently crossed a log bridge, and Mama Fratelli sent Francis in after them. Unfortunately, one of the Goonies, Richard "Data" Wang, used one of his many gadgets to cover the log in oil. This made Francis slip, and making him land on his groin. Mama Fratelli sent Jake in to help him, who also slipped and fell on his groin. Suddenly, a wave of water came rushing in and forced her sons off the log.

She appeared in the film's climax, where she cornered the Goonies in One-Eyed Willie's private quarters of his ship, which was hidden at the end of the caverns. She drew a gun, and forced the kids out on the ship's deck. She had Jake and Francis search the Goonies for whatever treasure they had, but she personally took care of Mouth. Noticing that he's been very quiet this whole time on the ship, she squeezed his cheeks, and a beaded necklace began coming out. She began pulling it out herself, which it was longer than she thought and said "My God!" She them smacked Mouth in the back of the head, forcing jewels to spew from his mouth.

When Andy then insulted her, she forced her off the ship by having her walk the plank like a pirate with Brand diving in to save her from drowning. Mama Fratelli then tries to drown the other Goonies too afterwards only for her and everyone else to hear someone yell "Hey you guys!", which she looked up at the ship's sails and saw Chunk and her deformed son Sloth, who were both dressed like pirates. Sloth and Chunk jumped down, and Sloth tricked Jake and Francis into tying each other up and hanging them from the sail. Sloth then approached Mama Fratelli, who began comforting him by singing. The song she sang was "Rock-a-bye Baby", which reminded Sloth of the multiple moments of his early childhood in which his mother dropped him and causing his current deformity. He picked her up and dropped her off the ship's plank, which she soon climbed back up with a rope latter.

When the Goonies and Sloth attempted to escape, they remembered a set of candles they found on the corpse of another adventurer early on in the caverns named Chester Copperpot. They intended to use the candles to help them look for a way to get out of the caverns, but soon after lighting a candle discovered that it was really dynamite. They made a run for it, and the dynamite blew a hole in the wall. The wall was soon sealed by a falling boulder, which Sloth lifted up to help the Goonies escape.

The Goonies and Fratellies escaped, and came to shore. On shore were the two men who were planning to buy Mikey's house and tare it down. The police soon arrived and arrested Mama Fratelli, Jake, and Francis.

When I was done everyone was shocked!

Nico: Whoa!

Me: Yep. Since 1985, Mama Fratelli has been on the run and was in hiding. For 37 years they were hiding.

Ransack: You guys should be happy of the memories you shared together.

Nico: I agree.

Carmen: Good times for them.

Sarah (EENE): They sure were awesome.

Lola: Yep.

Nico: Good times. Now it's time for our next mission and I have a great treat for you all.

Me: What is it?

Nico: We're going to meet Mikey Walsh and his friends.

Me: From the 1985 movie The Goonies!? Awesome! Wait that means we're going after Mama Fratelli and her family. Awesome! Now I can finish some unfinished business that my

father failed to do.

Eli: Oh man do you have a history with them?

Me: No but my dad does. It was back in 1985.

I went over their history.

But then the Sprinffield Mafia, Titanium Toenail, Bronze Kneecap, Dumbbelltron, Touch & Go, Grundy, Johnny 13, Melter, and Black Spider appeared.

Fat Tony: Can me, my boys, Brass Knuckles, Titanium Toenail, Bronze Kneecap, Dumbbelltron, Touch & Go, Grundy, Johnny 13, Melter, and Black Spider go with you guys?

Legs: How was the trip down memory lane?

Nico: It was fun.

Eli: We had a great time with that one.

Nico: We sure did and yes to answer your question you can all come with.

Me: We got some unfinished business to do and our mission is to capture her.

I showed them Mama Fratelli.

Fat Tony: Mama Fratelli! She and the mob all have had terrible feuds with each other.

Louie: So, Nico? Which-

Blitzwing: That question's already been covered.

Nico: I'm going for a Panuncian gene-slammer next.

Eli: It's true. He said so himself.

Louie: Oh.

Nico: Anyway lets head for Astoria, Oregon.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was Senator Steven Armstrong, the main antagonist of the 2013 video game Metal Gear Rising: Revengeance, and he's coming after us. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us today?

Lincoln: You got that right, Nico, and we're not going to like this guy one bit: the dark energy signal I sensed belongs to Senator Steven Armstrong, the main antagonist of the 2013 video game Metal Gear Rising: Revengeance, and he's coming after us.

We gasped in shock.

Nicole: Oh crap, this guy's really bad news. Lincoln, let me give you and the others the information about this guy, and you're not going to like it one bit.

Nicole proceeded to tell us about Senator Armstrong, and as expected, we're not going to like him one bit.

Steven Armstrong

Steven Armstrong was a United States Senator representing the U.S. state of Colorado, as well as a candidate for the 2020 United States presidential election. He was also the benefactor for World Marshal Inc., its de facto CEO, and its most powerful warrior. He was also allied with the Winds of Destruction of Desperado Enforcement LLC. An extremely nationalistic, patriotic and libertarian individual, Armstrong often expressed the desire to "reclaim the American dream" by instigating another American Revolution after Liquid Ocelot's insurrection and the Patriots' actions that weakened America.

Biography

Early life

Armstrong was born and raised in Texas. Prior to pursuing politics, Armstrong played college football as quarterback for the University of Texas. He later joined the United States Navy due to a desire to serve his country, which also sacrificed his prospects of a professional football career. However, although a member of the Navy, he never saw actual combat during his time in the service. At some point, he moved to Colorado. By the time of 2016, he maintained his physique and even managed to enhance it further via nanomachines in order to put his strength beyond a cyborg soldier.

## Political career

Armstrong eventually ran for election to the Colorado state senate. One of the initiatives he spearheaded while acting as a Colorado state senator was slashing the state budget, leading to privatization of the police force, and allowing World Marshal to gain control of the Denver Police Department. Armstrong was eventually elected to one of Colorado's seats in the United States Senate. In 2016, Armstrong delivered a speech to increase his approval ratings, later expressing to his speech writer the belief that people only cared about the spin you put on it, and no longer cared about information control, or even right or wrong. The speech writer warned him that he would appear before a grand jury if his connection to Desperado PMSC was revealed, which Armstrong refuted, given his belief that ordinary citizens could not care less due to believing that money was the only thing that truly mattered.

Armstrong also expressed a desire to actually remake America's position as the most powerful nation in the world and reclaim the American Dream, blithely stating that the Tea Party Movement was not going to succeed due to its unwillingness to make sacrifices, implying that he wanted to bring about another American Revolution, and compared himself to the true Sons of Liberty. Armstrong then dismissed him as he had other matters to attend to, although not before promising to talk to him soon. The conversation was later leaked onto the Internet. That same year, just as was feared by his speechwriter, he was investigated for his ties to World Marshal Inc., the world's largest PMC as well as the largest distributor of cybernetic parts. Despite this, he was still considered a presidential nominee for the 2020 elections, and was even considered to be a "shoo-in."

## World Marshal Incidents

### Recruiting Sam

At some point after his investigation, Armstrong, Monsoon, and World Marshal/Desperado took an interest in Samuel Rodrigues' abilities and arranged for him to arrive at Denver. While waiting for

Sam's arrival, he and Monsoon had a small chat regarding the newly renovated reception area, with Armstrong expressing disgust at the cherry blossoms, and Monsoon viewing them as simply existing, neither beautiful nor ugly. After Sam managed to defeat a Metal Gear RAY UMG unit, he then proceeded to invite Sam to the roof via the PA for a "final interview." When Sam boarded an elevator to the roof, he contacted Sam and informed him that he was like him in several respects, despite Sam's insistence that he kill Armstrong for "sacrificing soldiers from his cozy office." He then met with Sam and powered up to his maximum form. While fighting him, he eventually retreated to the top of one of the structures and utilized his abilities to hurl five Hammerhead choppers at Sam, before jumping down and beckoning for him to continue the fight. He later implemented a crimson aura. In the closing of the battle, Armstrong proceeded to block Sam's sword strike with his right forearm, with Sam overpowering Armstrong. He then tried to use a horizontal slice on the senator, but Armstrong managed to block the blow with both forearms. Chuckling, Armstrong proceeded to ask Sam if that was the best he has to offer, though Sam knocks him back. Armstrong recovered, then proceeded to grapple Sam, swing him around, and hurl him into a passing Hammerhead. Sam managed to narrowly avoid passing the rotors and bound off the side of the chopper back at Armstrong. Armstrong, seeing Sam coming in fast, proceeded to harden himself for the blow, but Sam managed to use his quick draw to overpower Armstrong's defenses with two slices.

After an intense battle, Sam seemingly was victorious over Armstrong. Armstrong then requested him to join forces so they could end war as a business. Sam considered the idea but decided to just "take his hand." Sam managed to slice off Armstrong's right hand, the same way he would eventually slice off Raiden's arm, but Armstrong used his nanomachines to turn his wound into a blade and then proceeded to significantly injure Sam's right arm. After attaching his severed right arm onto his body with the help of the nanomachines, Armstrong proceeded to successfully recruit Sam, who is now reluctant of the decision.

## Direct involvement in Desperado activities

Two years after the attempted investigation, he also personally inspected a Desperado research lab in Mexico alongside Sundowner, regarding the transportation of children's brains in cyborg head casings before delivering them to World Marshal for the Sears Program, replicating former President George Sears' training of child soldiers in Liberia. He also plotted for Operation Tecumseh, which involved starting a war with Pakistan under false pretenses while President Hamilton is visiting the country with Pakistani President Farooq Salam for peace talks. Armstrong secretly headed for Pakistan in order to assassinate President Hamilton and frame Desperado. But the plan changed when Raiden defeated both Sundowner and Sam in Colorado. Contrarily, Armstrong confronted Raiden at the air base with Metal Gear EXCELSUS. He also revealed that, since the fall of SOP and the Patriots, America was hit with a recession, hence he needed to orchestrate a false flag operation to support the war economy to put America back to work again. In addition, although his initial plan was to assassinate the president, he decided instead to have the American base personnel appear to be killed by Pakistani extremists, feeling that would have accomplished things all the same. However, he fought Raiden because he is the only one who would expose the truth of what happened. After it was destroyed, he proceeded to fight Raiden and even bring him to his mercy. During the battle, he explained his motives of wanting to remake America, feeling it had become rotten to the core, and re-establish America as a world where people fight for their own reasons, rather than that of the government. Raiden then deduced that he was not merely a "greedy politician" as he initially thought, but completely insane due to his reference to culling the weak and having the strong be free. Although Raiden attempted to defeat Armstrong, he ultimately proved to be too powerful, with Armstrong revealing his nanomachines to be the cause of his nigh invulnerability.

Armstrong then proceeded to savagely beat Raiden to a pulp with his enhanced strength, with his blows being powerful enough to heavily damage and even destroy EXCELSUS's ruined frame. However, Blade Wolf saved him by bringing to him Samuel Rodrigues' sword. After words are exchanged between Blade Wolf and Armstrong, Armstrong kicked Blade Wolf away, although not before Blade Wolf threw the sword to Raiden. Raiden then proceeded to fight a grueling battle against Armstrong, which eventually culminated in Armstrong slamming Raiden down onto the ground hard enough to knock Raiden's sword away, and then grab Raiden by the neck and lift him up. Raiden then broke free via a reverse roundhouse kick and retrieved the Murasama. Armstrong then tried to land a right punch on Raiden, only for Raiden to successfully parry the blow away, also injuring his right hand in the process. Undeterred, Armstrong then tries to use a left jab on Raiden, only for Raiden to do the same to his left hand. Left with injured arms, Armstrong then attempted to charge Raiden, only for Raiden to slice his chest and then stab him in the abdomen. The stabbing temporarily deterred him, but Armstrong then let out a feral roar and grappled with Raiden. Raiden eventually overpowered the grapple and headbutted him in the head, stunning Armstrong and causing Raiden to remove the sword from Armstrong's abdomen, and then proceeded to cut up his nanite core before impaling his chest with his arm. Upon being defeated, Armstrong talks to Raiden for a bit, and declares Raiden his successor. Raiden then finishes the former senator off by ripping out his nanomachine-laced pale heart and crushing it with his hand. As he died, Armstrong nonetheless accepted his defeat and declared Raiden his successor, stating that they are kindred spirits in the sense that Raiden fights for what he believes in, no matter what. Armstrong's death caused World Marshal's funding to be crippled. But despite this, World Marshal itself still continued to exist, and his plan of re-orchestrating a new War on Terror managed to succeed. Raiden also started to slightly agree with Armstrong's claims about people fighting wars they don't believe in, and then decided to defect and go fight his own battles in his own ways, regardless of if anybody agrees with his methods or not.

When Nicole was finished, we were really horrified at the actions of Steven Armstrong.

Me: Yikes!

Nico: My God!

General Ross: What Armstrong did, his plans to re-orchestrate a new War on Terror have caused a lot of pain and suffering to so many innocent people.

Lincoln: Despite his actions, General Ross, just like you, he's still someone who's served our country in the navy. But, it still doesn't excuse his actions or crimes, and he still needs to be stopped. But, he's not going to get The Black Gates, he's going into The Book of Vile Darkness.

Alexa Căihóng: (Chinese Accent) That's a good idea, Lincoln, and I'm also going to transform.

Nico: Awesome.

Nicole: You said it, Nico. But, be careful, you guys: Armstrong's pretty strong thanks to his days as a college ball player and as a sailor in the United States Navy, and he further enhanced his physical strength when he was infused with nanomachines.

Lincoln: And those nanomachines harden different parts of his skin in response to physical trauma, so physical attacks won't work on him, but energy attacks will.

Me: Smart thinking, big guy.

Nico: You said it, J.D. Alright, guys, let's go, we're going to meet The Goonies, find a super awesome treasure, and bring down the Fratelli crime family.

Me: Don't worry, Dad, I'm going to finish what you started years ago, and put an end to The Fratelli Crime Family's rampage for good.

We nodded and we were off.

* * *

We were flying to Astoria.

Black Spider: Goonies is another old favorite.

Nico: Yep. Great movie.

Black Spider: Yep. I've known that movie for years too.

Eli: Awesome.

Nico: Here we are.

We arrived in Astoria, Oregon.

Me: Astoria, Oregon. Awesome place.

Waspinator: Waspinator want to know who members of Goonies are.

Nico: You guys will love them.

Nico told us about them.

Michael "Mikey" Walsh, the asthmatic leader of the Goonies

Brandon "Brand" Walsh, a high-school athlete and Mikey's older brother and minder

Lawrence "Chunk" Cohen, a clumsy, gluttonous member of the Goonies and habitual fabulist

Clark "Mouth" Devereaux, a Goonie nicknamed for his cheeky tongue

Richard "Data" Wang, a James Bond fanatic and amateur gadgeteer Goonie

Andrea Theresa "Andy" Carmichael, a high-school cheerleader and Brand's love interest

Stephanie "Stef" Steinbrenner, Andy's best friend.

Waspinator: Ooh Waspinator looking forward to this.

Nico: We all are.

Mr. Touch: I especially want to meet Mouth

Mr. Go: Me too, Mr. Touch.

Nico: Yep.

We went to the house of Mikey Walsh and we saw him and his friends having fun playing outside.

Me: There they are.

They saw us.

Mikey Walsh: Oh wow! Team Loud Phoenix Storm!

Andy Carmichael: Wow! What an awesome honor!

Skull Man: It's an honor to meet you guys.

Andy Carmichael: Same to you.

Chunk Cohen: We love all your adventures.

Lana: We're glad.

Me: They are really awesome.

Melter: Don't take this personally. But do your parents ever know what you kids do?

Mikey Walsh: No.

Me: Well you guys are very iconic too. We all think you are great treasure hunters.

Data: Really? Thanks!

Me: You're welcome.

Mikey Walsh: Oh speaking of which look what I found in my attic.

He showed us a map and we looked at it and to our amazement and surprise it was a treasure map!

Nico: Wow!

Nicole gasped when she saw it!

Nicole: Oh wow! I don't believe it! You guys this is not just any ordinary map! This is a map that leads to the most amazing treasure ever! It's a treasure that is worth as much money as our entire estate!

Me: How big a treasure are we talking?

Nicole: Much bigger than anything we've ever found! This is a treasure that is so incredibly valuable that words can't describe it. Legends say that this one has more gold, diamonds, jewels and all that than anything that is in our vault.

Eli: Wow! That is amazing!

Nicole: This is a map to the legendary Global Treasure. I've been trying to find this amazing and elusive treasure ever since I was a little girl.

Nico: Wow!

Laney: That is incredible!

Mikey Walsh: Wow! I've never heard about this treasure!

Nico: Me neither.

Nicole: It's a treasure that has been around ever since the dawn of civilization. Ever since 7,000 BC.

Nico: WOW! We're talking 9,000 years worth of history here!

Nico: Yep.

Mikey Walsh: That is so awesome!

Andy Carmichael: Wow!

Blackarachnia: Giovanni Belzoni would be proud.

Nico: He should would Blackarachnia. It's hard to imagine that we're going after the largest treasure in all of history!

Lily: This is gonna be awesome.

Laney: Has anyone ever tried to find it?

Nicole: No its so elusive that no one has ever even come close to finding it.

Mouth: Meanwhile, Mama Fratelli's probably struggling to keep making money for her family by having sex with strangers.

Titanium Toenail: Nicole might beat you up for saying that. But you're probably right.

Nicole: I'm not going to beat up a kid. But you do have a point.

Me: But that's also the reason why we're here guys. To meet you and also bring down your arch-nemesis Mama Fratelli and her gang. They escaped from prison back in 1985 and I'm trying to bring them in.

Andy Carmichael: Oh man!

Stef: We'll gladly help you guys out in stopping her.

Eli: We greatly appreciate it.

Mikey Walsh: You guys can gladly help us. But where we're going? It's going to take a while before you guys can do an entrance.

Thetis: I believe you there.

Nicole: I actually know where this map is leading to. It's leading to there.

We saw Nicole point to an abandoned lighthouse that looked totally run down and in total disrepair.

Laney: Whoa! That lighthouse looks creepy.

Nicole: Well that's where we're heading. Mikey you and your friends gather some gear. This is gonna be the biggest treasure hunt ever.

Daring Do: And it will give me a lot of awesome inspiration for my next book.

Mikey Walsh: You got it! Lets go!

They went to get some gear and later came back.

Nicole: All right we're ready!

Nico: Lets go get us a huge treasure.

Grundy: Grundy hungry.

Data: Hmm. I suggest we pack some food for the trip.

Nico: Don't worry we came prepared.

Nico made a tree with our favorite foods and we picked them and got them packed.

Nico: All right are we ready?

We nodded.

Nicole: Lets go!

We went to the lighthouse.

Fellbat: J.D.'s dad actually has history with the Fratellis.

Me: It's true. Long ago before any of you were born, my father busted them. They were the most ruthless crime family in all of the west coast. But they all died out after he caught them back 37 years ago. But Mama Fratelli and her sons are the only known survivors of the Fratelli family still out there. And we need to make sure they all are brought to justice forever.

Stef: I can't believe that you have a terrible history with them.

Me: My dads enemies are now my enemies. My dad is retired now.

Nico: Yep.

Johnny 13: The three of them aren't worth killing.

Nico: Nope.

Nicole: Here we are.

We got to the lighthouse.

Nicole: The Columbus Lighthouse. It was shut down because of the Columbus Day Storm of 1962.

Nico: Wow! Looks like no one has been in here for years.

Lola: Yeah.

Nicole: Lets head in.

Shaggy: (Fearful) Like g-g-g-g-g-go in there!? (Whimpers) Like not on your life! NO WAY!

Scooby Doo: No way!

Nico: Come on guys! You can't get scared now.

Shaggy: UH UH! NO WAY!

Scooby Doo: And you can't make us!

Erica Haddock: Oh yes we can!

She picked them up and they were clucking like chickens.

Shaggy: (Whimpers) Like she made us Scoob!

We went in and it was a creepy place.

Lusamine: Let's keep an eye out.

Nico: Right.

Nicole: According to the map there is a clue. "Search for the Lost Tale of The Illuminati."

Nico: Hmm.

Eli: Hmm. It must be a book name!

Me: Then lets head for the Library here.

We went into the Lighthouse Library.

Me: Wow look at these books.

Twilight Sparkle: Ancient and amazing!

Mikey Walsh: Yeah.

Stef: So awesome.

Dumbbelltron: Anything else here?

Nicole: Lets see.

Eli: Hmm.

He was looking at the books and then he saw one.

Eli: Lost Tale of The Illuminati.

Eli pulled it and then there was a click and then a secret door opened!

Nico: Whoa!

We looked down and saw that it lead into a huge cave.

Nicole: That's it! Good work Eli.

Eli: Aw it was nothing.

Nicole: Here we go guys.

We went down into the cave.

Magmon: I'll use my fire to make sure there's light.

Nico: Okay.

We went down into the cave as he lit the whole place.

Nicole: Wow looks like this cave has been here for 9,000 years.

Nico: Yeah.

We went deeper and deeper and deeper into the cave and then we came across an ancient burial ground! There were tons of skeletons as well as ancient warriors from all over the centuries. There were Vikings, Roman Soldiers, Crusaders, Greek Soldiers, soldiers from eras all over the world and more!

We gasped!

Me: Whoa!

Lucy Loud: Wicked.

Me: Looks like these guys were trying to find the treasure too and didn't have any success at all.

Nico: Yeah. And they were here for thousands of years.

Lola: No kidding.

Nicole: This treasure is one of the most treacherous to find.

Bronze Kneecap: I hear voices not ours.

Me: It might be Mama Fratelli.

Nico: Lets find the treasure first.

Nicole: Right.

We continued on and found a hidden tomb.

Nicole: This is it. We just need to open it.

Nicole then looked around the wall and then pressed a button and there was a rumble and then it opened and there was a bright golden light and in it was THE TREASURE! IT WAS HUGE! WE SAW THAT IT WAS FULL OF GOLD, JEWELS, DIAMONDS, AND MORE!

We gasped in shock and amazement!

Nicole: The treasure!

Nico: WHOA!

Eli: THIS IS AMAZING!

Nicole: At long last we found it!

Tyzonn: It didn't take long to build up to our entrance.

Mikey Walsh: No it sure didn't!

Nicole: Wow! The people of the world all thought it wasn't real.

Nico: Lets round up the treasure and get it in a scroll.

Nico pulled out a huge scroll and Eli used the Force and we put it in the scroll. Every single gold piece and jewel was in it.

Nico: Great. Now we can get ready.

We heard the voices getting closer.

Nico: Here they come.

We got to hiding.

We were hidden and then 3 figures came in and it was Mama Fratelli and her 2 sons.

Mama Fratelli: NO! The treasure is gone! Someone will die for this!

But then the spirits of the Metals of History appeared and swirled around them and then converged and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above them.

as well.

Claire Monroe: That's incredible.

Nico: It sure is. So, Claire, how did you defend Lincoln from Lori when she was at the worst of her wrath?

But, our work was interrupted by Lori, who came in and ordered Lincoln to clean the attic, and she said she's the oldest and he has to do what she says. Lincoln told her no and he was busy with homework. This made Lori so mad, her eyes turned red and she went ballistic and she tried to attack, but I fired a blast of darkness and trapped Lori inside a sphere of darkness, and we went to Mr. and Mrs. Loud and told them of what Lori did. They were mad at Lori and they said that Lincoln's homework was important along with his education. But, she said she didn't care, he's supposed to be their slave and do their chores and be miserable and never happy. I've never heard such cold words coming out of her, and I was that close to giving her The Dark Curse of Azathoth, but Mrs. Loud slapped Lori hard in the face and told her to go to her room and she was grounded for nine months, and Lori went to her room, and Mr. and Mrs. Loud went up to Lincoln and they hugged him and so did I, and he returned it, but then, we felt tears on our chests, and we knew Lori got to him badly.

We had tears in our eyes, and it was awful that Dark Lori made Lori into a cold, heartless bitch.

Me: Now, we really hate Dark Lori even more, what a cold, heartless bitch.

Nico: And now, we're really glad she and the other Dark Louds were given The Black Gates.

Eli: Yeah.

Lincoln: Yeah, and I was glad Claire didn't give her The Dark Curse of Azathoth, otherwise, she would be sent to an insane asylum for the rest of her life.

Alexa Cǎihóng has transformed into a SUPER ANGEL ETERNITY INFINITY DARKNESS SINS MALEFIC RAINBOW DRAGON PHOENIX ANGEL OF DARK SINS JUSTICE AND BLACK RAINBOW LOVE!

We were amazed by Alexa Cǎihóng's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Steven Armstrong saw it, he let the nanomachines in his body do the work and he bulked up and his buttoned-up shirt ripped to shreds and he was about to attack, but Alexa Cǎihóng fired a powerful rainbow and black energy blast with rainbow lights, darkness, and dragons, and it hit Armstrong's nanite core, and it hit him hard.

Nico: Wow, Alexa Căihóng has transformed into her Super Angel Eternity Infinity form, awesome.

Me: And that energy blast she fired hit the nanite core on Armstrong's chest, awesome.

Lincoln: Wow, Alexa, you look beautiful. How do you feel?

Alexa Căihóng: (Divine Echoing Cosmic Voice of The Malefic Rainbow Dragon and Dark Sin Love) (Chinese Accent) **I feel incredible, Linky. Now, shall we put a stop to Armstrong once and for all?**

Lincoln: (Smiles) With pleasure, Alexa.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Alexa Căihóng.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Sorry, Armstrong, but you need to be stopped once and for all.**

Alexa Căihóng and Lincoln went after Steven Armstrong, who tried to punch them, but they dodged them, and they fired powerful blasts of rainbow energy, gold energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Dragons, and Angels at Steven Armstrong, and they exploded with incredible power as they hit him. Then, they fired energy swords at Steven Armstrong's nanite core on his chest, and they pierced him and they hurt him badly. Then, they fired powerful rainbow energy blasts at Armstrong's nanite core on his chest, and it exploded with incredible power, killing him. We cheered wildly for what Lincoln and Alexa Căihóng did as they holster their massive greatswords on their backs and power down, and Alexa Căihóng's new body, clothes, weapons, jewelry, and massive angel wings are permanent.

Then, Steven Armstrong's spirit appeared.

Lincoln: Enjoy your new home, Armstrong. ALDURON ELENTHRANAL VOLSON LIRUS NOR!

Lincoln chanted the incantation and fired a purple energy blast which hits Steven Armstrong's spirit and it banished him to Nicole's Book of Vile Darkness, where he'll remain.

Alexa Căihóng: (Chinese Accent) That was one dangerous fight, but we triumphed. Thanks for helping me take down Steven Armstrong, Linky.

Lincoln: (Smiles Warmly) You're welcome, Alexa.

Suddenly, Alexa Căihóng wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leans his face down to Alexa Căihóng's face, they kissed passionately as Alexa Căihóng's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and the Malefic Rainbow Dragon flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and dark flames raging behind them and we all cheered wildly.

Me: I'm glad Armstrong has been stopped, but despite his many crimes, he still fought for our country long ago, and I was glad Lincoln chose to seal him into The Book of Vile Darkness.

Nico: Same here.

Lincoln: Hopefully, it'll give him time to reflect on his actions, guys.

Me: You said it, big guy. Now, to send you creeps back to jail where you will stay there until the day you all die.

Mrs. Fratelli: You'll pay for this, J.D. Knudson!

Francis Fratelli: We'll break out again, and we'll kill you, your stupid family, and everyone you ever loved!

Jake Fratelli: You'll pay for ruining our family.

Lincoln then fired three black symbiote webs and shut the Fratelli family up.

Nico: Thanks for the assist, big guy. Now, we won't have to hear their big mouths when they're carted off to prison.

Me: And I finished what my dad failed to do years ago: I brought down the Fratelli crime family, and they're never getting out of prison ever again.

Sumner: I'm proud of what you did, son. Now, we're finally rid of the Fratelli family for good, and they're looking at spending the rest of their lives in prison for the rest of their lives, I spent decades chasing after them after they escaped from prison in 1985, and they've evaded us for too long.

Me: Now, they're finally done and their crime family is hereby put down for good.

We beamed them to the Uranus Prison.

SkullMeramon: And with that, the Fratelli's are finally behind bars.

Me: After 37 years on the run.

BlackWarGreymon: The only reason they're not dead is because they're not as vile as Joker and Luthor.

Nico: That's for sure.

Sunset: I just wish Ratchet and Clank could've seen it.

Thundermon: You can tell them when you see them next time.

Me: Good idea.

Claire Monroe: I'm going to love it here with you guys.

Bonnie Reggington: Me too.

The champions of harmony nodded too.

MetalSeadramon: You girls won't regret it.

Harpymon: (to the Eds) When we get home, maybe you guys can tell us more about your Edventures.

Ed: We would like that.

Eddy: Yeah that would be cool!

Edd: It sure would be awesome.

Me: We got a treasure to share with the world though.

Nico: We sure do. But great job today everyone. And Mikey you and your friends all did great too.

Mikey Walsh: Thanks Nico.

Nico: You're welcome.

Mikey Walsh: (To the viewers) If you go on an awesome treasure hunt, make sure you are always prepared and be ready for anything that villains throw at you.

Nico: Ain't that the truth.

We went back home and then put the treasure in the museums of the world and more. We even kept some of the gold too. We enjoyed the rest of the day and went to sleep. Mama Fratelli and her family were found guilty of numerous crimes and was sentenced to eternity in prison without the possibility of parole and theyw ere ordered to pay $923,333,333,333,333,333,333,333,333,333,333,333,333,333,333,333,333 in restitution to the world. One thing is for sure, they will never get out of prison alive.

HAPPY INDEPENDENCE DAY 2022 EVERYONE!

Flying over the desert in Arizona was Nico, Casey Rhodes, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily and we got a call from Mandy saying that the bus they were in got a flat tire and they were stranded out in the middle of nowhere and in the heat.

Nico: Boy what a rotten spot to get a flat tire.

Me: Yeah and in the middle of the desert too.

Fu: The last place on Earth I would want to have to have a flat tire is here in the desert.

Himiko: No kidding there! And it was on a field trip to the Science Museum too.

Eli: Of all the rotten luck.

Kaoruko: Yeah. I hope Billy and his friends are all okay.

Nico: Yeah they will be.

Casey Rhodes: I hope so.

Nico: Thanks for coming with me, Casey.

Casey Rhodes: Anytime Nico. It's gonna be so awesome going with you on a rescue.

Nico: It sure is.

Eli: And the animal spirits we all got from the Rinshi we took down were really amazing.

Me: They sure were.

Nico: Casey, Dai Shi's true form was probably a challenge to take down.

Casey Rhodes: Oh he really was! He was terrifying!

Me: He looked like a 7-headed version of King Ghidorah.

Carol Pusateri: Yeah that was amazing! But not even a monster like Dai Shi is no match for Godzilla's most formidable adversary.

Eli: That's for sure!

Himiko: Yeah!

Camie: By the way how does Isabelle know so much about the animal spirits J.D.?

Me: She's our chief shaman and has the power to determine which animal spirits are perfect for everyone.

Casey Rhodes: It's true. And her power is absolutely incredible.

Toru: Wow! That is so amazing. How did she get a power like that?

Me: It was because of a deadly bacterial infection she got in her back. She was diagnosed with Gangrenous Necrotizing Osteomyelitis.

Nico: It was a deadly bacterial infection that was destroying her entire spinal column. The doctors had no choice but to replace her entire spine with an artificial spine of cybernetic components.

Me: Yeah we saw a picture of it and it was wicked. She has a really ugly scar that goes from her lower back up to the bottom of her head.

Himiko: Ooh ouch!

Tsuyu: That must've hurt!

Nico: It did. But as she was recovering she had this vision where she saw the spirits of all animals and she got the amazing power to see them and understand their meanings. She can identify which ones are perfect for everyone.

Me: That's why she is our chief shaman.

Toru: That is amazing!

Nico: I like it when she assigns Animal Spirits to us.

Me: Me too.

I showed my Wolf Ring.

Me: It's how I got my animal Spirit for the Wolf.

Nico: And mine is for the Silverback Gorilla.

May: I like mine for the Water Dragon.

Himiko: Wow! That is so awesome.

Eli: It sure is. And the neat part is that we got Wild Zord Crystals for our Spirit Animals.

Nico: That's true.

Lola: I think that is so awesome.

Lincoln: Yep. I like mine for the Buffalo.

Nico: We all have awesome spirits.

Casey Rhodes: And the tiger is a cool one too.

Lola: Yep. And Casey that is so awesome that you taught some of your fellow rangers your fighting styles.

Casey Rhodes: Thanks Lola. It was an honor to pass down what I know to fellow rangers.

We saw the bus and the kids were all digging for fossils in the middle of the desert.

Nico: There's the bus.

We flew down.

Nico: Hey are you guys okay?

Irwin: We are thanks to you guys coming.

Maria: Are you guys all thirsty?

Pudn: Boy we sure are.

We saw Sperg eating Pudn's arms and legs.

Me: Sperg!

I went up to him and pulled out a spray bottle and sprayed him with vinegar!

Me: Drop them now!

He spat them out!

Me: All of him!

He spat out his foot! GROSS!

I reattached his limbs.

Me: (To the viewers) Crazy way to put people back together huh?

Maria: Do any of you have heat stroke?

Mandy: We're just really sweaty but we could use some water.

Maria gave them all plenty of water.

Eli: Wait I sense a disturbance over to the northwest.

Nico: We better check it out.

Mandy: I'm in. Lets go exploring.

Grim: (Jamaican Accent) I'm with you sister.

Billy: Yeah!

Me: Good thing Mindy isn't here to ruin all your fun.

Irwin: Yo.

Me: In the mean time.

I made a food tree for everyone.

Me: We'll be right back everyone. You all eat to your hearts content.

Sperg: Thanks guys.

We went and followed Eli.

Billy trying to get on top of another pile of rocks while he's breathing for air since the sun is hot.

Billy: I'm so thirsty… !

Grim: Go suck a cactus.

Billy found one and sucked on it and he got prickles on and in him! OUCH!

We then later found a strange footprint in the ground.

Maria: We're not alone here.

Mandy: What do you think made them?

Grim: I don't think I want to know.

Me: Hmm. Looks like a bird footprint.

Nico pulled out a measuring tape and measured it.

Nico: No bird alive today could make a footprint this big.

We walked up the hill and Billy jumped on the rocks like a goat.

Billy: Look! I'm a Billy goat! (BLEETS)

WHAT AN IDIOT!

Grim: If only he had the brain of a Billygoat.

Me: Yeah.

Casey Rhodes: Oh well.

Then we got to an Abandoned Mine.

Billy: COOL! (Echoes) There's someone down there and he sounds like me!

Me: That's your echo you pumpkinface!

Grim: He makes me feel so very intelligent.

Casey Rhodes: Anyone here?

Me: I don't see anyone.

Then we heard a creature hiss loudly!

Me: What the?

Nico: What the hell was that!?

Eli: I don't see anything!

Then we heard rocks crumble and then a teal blue feather fell and I picked it up.

Me: Wow. No creature can make a feather this big.

Fluttershy: I'm getting scared here. I hope that's not a Cockatrice feather.

Nico: I don't think so.

Mandy: I think we should go. Now.

Me: Right.

Billy: I gots to go now my friends are leaving! (Echo repeats it) Hey! His friends are leaving too!

He was about to leave when suddenly a huge foot grabbed him and pulled him far into the mine!

Me: Whoa!

Nico: Billy!

Mandy: We got to go get him.

Nico: Better transform just in case, Casey.

Casey agreed.

Casey Rhodes: Jungle Beast, Spirit Unleashed!

He transformed!

Casey Rhodes: WITH THE STRENGTH OF THE TIGER! JUNGLE FURY RED RANGER!

He was ready!

We went into the mine.

Nico: Stay close.

Nico had his flashlight on and then we saw A REALLY HUGE CHICKEN! It was clucking and pecking at Billy! It was a ten foot tall chicken!

Me: Look at the size of that chicken!

Nico: It's huge!

Grim: That is one big chicken!

Irwin: Yo!

The chicken roared and carried Billy away.

Nico: Lets go!

We went after it and came to a big metal door with a hole in it.

Nico: Wonder where this leads.

Me: Only one way to find out.

We crawled through the hole and we were in a big room.

Grim: Where are we?

Mandy flicked the lights and then we saw that we were in some kind of laboratory.

Nico: What is this place?

Eli: Looks like some kind of laboratory.

Grim looked into a tank and then an ugly chicken in it screeched at him and he screamed.

Me: Whoa!

Aylene C.: This is not right!

Mandy: Yeah. Those are some ugly chickens.

Me: Weird too. Like they're from another planet.

Nico: And look at that big tank there.

Qin: Looks like something busted out of it.

We saw a huge tank that was smashed open.

Mandy: I guess we know where our giant poultry came from.

Himiko: Wonder what they were doing with all these chickens?

Varie: It must've been for something big.

But then a door opened and a man came. He was a scientist.

Me: Oh hello sir.

Scientist: (Austrian Accent) Hello Team Loud Phoenix Storm. Let me answer that for you. This laboratory was built underneath a dormant volcano and used by ze military to train superchickens during the Cold War.

Me: So that's what this is!

Scientist: Yes. After budget cuts and a few mishaps, I'm the only one left. Now the chickens have escaped. If those chickens get out into the city, (Paranoid) THAT'S IT MAN! GAME OVER! GAME OVER MAN! I MEAN! WHAT ARE WE GOING TO DO NOW!? (GRABS ME) WHAT ARE WE GOING TO DO!?

Me: Sir get ahold of yourself!

Nico: What the Hell have you done?!

Me: These guys were really playing with fire that's what!

Mandy: Grim can't you do anything about these chickens?

Grim: Nah these monsters were all made by science. Out of my jurisdiction.

Lisa Loud: This is more my field to be honest.

Mandy: Well then this situation calls for some good old fashioned buttkicking!

Me: Now you're talking!

Maria: Lets go fry some chickens!

Nico: What do we do with the scientist?

Me: We'll have him help us.

Scientist: That's right! It's time to terminate this experiment!

Me: I agree. The Cold War ended 30 years ago.

Nicole: Right! Lets go!

Mandy took Grim's scythe and we followed her.

Grim: Hey! That's mine.

(While Billy is sleeping on the nest, the Baby Chicks pop out for their eggs while Billy looks surprised)

Billy: Awww. You guys are so cute!

(Baby Chicks are angry at Billy)

Billy: Aww! Turns those frowns upside down…

(Baby Chicks starts hissing at Billy and he becomes nervously scared)

UH OH!

Billy: Uhh… did someone wake up on the wrong side of the yolk?

(Baby Chicks start eating up Billy and he starts screaming until Grim, Mandy and the professor busts down the door)

Mandy: Allright you dumb clucks! There's a NEW packing order…

Me: Take your filthy feathers off him you damn dirty chickens!

(Mandy uses Grim's scythe to kill all the Baby Chicks until it shows their skin and they use spider webs to escape)

Billy: (sadly) Aww… we were having fun!

Me: Get ready guys!

Nico: They're coming back!

Grim: And they brought friends!

Billy: Yay!

BONK!

I bashed Billy on the head.

Then HUGE CHICKENS APPEARED! But they weren't alone! On one of them was ANOTHER SHISHI RED! He looked like a scary version of the Red Kyuranger and he had a red scary lion helmet!

Nico: WHOA! Another Ranger on a chicken!

Maria: I knew it was going to be Another Shishi Red.

Nico: Same here!

Me: Lucky and Acrobat would be pissed if they saw this one. COME GET SOME CHICKENS!

I activated The Ovulator's Eyecon!

COLONEL SANDERS AND OVULATOR!

I pointed my butt at them and I fired a huge egg from my butt!

BANG!

I hit the Another Shishi Red in the face and knocked him off! Splattering him with egg goop!

Nico: Nice shot!

Eli: Yeah!

Another Shishi Red clutched its head.

Another Shishi Red: (In a girls voice) HELP ME J.D.!

Me: That voice!

She reverted back and it was a red hair girl and she had red eyes and the symbol of Leo the Lion emblazoned in the middle of her forehead and she had red clothes.

Me: Maya Leo!

Nico: You know her J.D.?

Me: I sure do. She was my friend that I have known since I was in kindergarten. She knows everything there is to know about animals and all forms of zoology. We went to the zoo together and it was fun. But when we were about to start the 4th Grade, she disappeared and I haven't seen her since. Now I know why! She was kidnapped by Swartz!

Maya Leo: Help me J.D.! I can't control it!

Me: Hold on Maya! KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Nico: (takes out Evil Star's Ridewatch) Time to fight stars with stars!

Maya was enveloped in a vortex of darkness and it had the constellations in it and she turned back into ANOTHER SHISHI RED!

Nico activated Evil Star's Ridewatch and got his powers!

Rarity: This girl needs a lot of help!

Rarity activated Duff's ridewatch and pulled out a golf club and fired a golf ball bomb and Nico fired a star blast and the blasts hit Another Shishi Red and exploded and the Golf Ball hit her and exploded!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: YEAH!

Casey Rhodes: Call to the Beast inside! Free the Tiger!

He fired an energy blast and it formed into a tiger and smashed her down.

Another Shishi Red got up and then activated the Kyutama for Myotismon!

Me: She has Core Member Kyutamas!

Nico: Whoa!

Another Shishi Red: (Echoing) GRIZZLY WING!

She fired a massive wave of bat familiars!

Nico: Two can play that! (Echoing) GRIZZLY WING!

Nico did the same thing and the bats all hit and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: WHOA!

She was knocked down.

Nico: Had enough?

She got up.

Me: Not quite.

Lola: I got this one!

She pulled out Firefly's Ridewatch and activated it and fired a massive blast of fire and then it hit Another Shishi Red and she exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was knocked down and I caught the Kyuranger Ridewatch and Purified it and then we saw the Core Kyutamas on the ground and Nico caught collected them.

Nico: Awesome! Lets get out of here!

Me: Not without Maya!

I went and got her and then we ran fast!

Billy: HERE THEY COME!

The chickens roared as they chased after us.

Scientist: That was amazing!

Me: It was!

Then a chicken stomped and we fell into a huge lava cave! It was filled to the brim with huge eggs!

Grim: Look at all those eggs!

Me: So many of them!

Billy: (Hillbilly talk) And I'm a hungry as a jaybird on a diet on the 4th of July! (Cracks an egg) Look I'm Rocky Balboa! (Eats an egg raw) (SCREAMS) (Tongue Disintegrates into a cinder)

OUCH!

Scientist: Superchicken Eggs have acid yolks.

Nico: NOW you tell us!

Billy: (GETS MAD) I HATE THESE EGGS!

He was smashing them.

?: Let me help you!

Then we saw a Panuncian appear!

Nico: WHOA A Panuncian!

Panuncian: (In a girls voice) (Polish Accent) And it's great to see you again Nico!

Nico: Selene Jomannovich! Awesome!

She slashed a bunch of eggs with her claws and destroyed them.

Nico: Lets get out of here and then we can catch up!

Selene reverted back and was a black hair girl with red eyes and black and red clothes.

We then found an elevator and we went in and closed it.

Mandy pressed a button.

Mandy: Come on you crummy thing! Work!

The elevator was going up and music played.

Then it stopped and a chicken pecked through it and pecked Billy in his ear!

Billy: OW! Why don't you peck on someone your own size!?

CHOMP!

A chicken bit his nose and Billy pulled away.

Me: Mandy get the door!

Mandy did so and I fired an energy blast at a column in the cave and blasted it and I formed a force field around us and then the volcano erupted and then we were sent flying out of a volcano and the chickens were all fried and they rained down!

Kids: YAY! FOOD!

We landed!

Nico: That was a close one!

Casey Rhodes: No kidding!

Selene Jomannovich: It sure was close.

We had enough huge chickens to feed us all for a long time.

Nico: But at least we have enough roasted chickens for our barbecue.

Casey: What's your favorite memory of Nico?

Selene Jomannovich: I have a lot of them but my favorite memories is when me and Nico were in Cooking Class and we made a lethal and powerful curry that is 10,000 times more powerful in spice and heat than the Curry of Life that Rock Lee knows.

Fu: You know Lee's Curry?

Nico: Yep Selene is a huge Ninjutsu master and knows all the techniques that the Five Great Nations all has. Including never before seen ones.

Nicole: Wow! We'll have to see some of them in action.

Selene Jomannovich: Yeah. But we made this curry and gave it to a local bully and then he took a bite and he screamed in so much pain that he had fire coming out of his mouth for years. Burned his entire tongue off forever.

Me: WHOA! That must be some powerful stuff.

Fu: Lee would love that kind of curry.

Nico: He sure would.

Eli: Yeah.

Scientist: Team Loud Phoenix Storm thank you for helping me get rid of those chickens.

Me: You're welcome sir. Sorry this all went south.

Scientist: No worries. Now I'm going to do what I now like best. Work in a Chicken Restaurant.

Nico: Awesome. You can work for Lynn's Table. Much better there.

Scientist: Done.

Nico and Selene hugged.

Nico: I really missed you.

Selene Jomannovich: Me too Nico. Me too.

Me: Lets get everyone home. We're going to have quite a story to tell everyone when we get back.

Nico: Good idea.

We went back home and told everyone what went down and more and it was crazy. I gave Maya my serum and cured her and she was much better.

Lincoln: Whoa, we're here in Transylvania, Romania, and I know what we're going to do here, not only am I going to rescue the five girls here, but we're also going to meet Loreena McKnight - Champion of Sorcery, Nefertiti Somnambula - Champion of Hope, Merida McLogan - Champion of Determination, Yumi Yamaguchi - Champion of Beauty, Emily Gordan - Champion of Courage, Danielle Meadowbrook - Champion of Healing, Wendy the Great - Champion of Virtue, Adagio Nicholette - Champion of Justice, Aria Remmington - Champion of Courtesy, Sonata Rexxington - Champion of Selflessness, Juniper Celestia - Champion of the Sun, Rebecca Yuminorika - Champion of the Night, Gaea Noreninko - Champion of Trust, and Lauren Cunningham - Champion of Grace, along with Hrimhari and Jack Russel A.K.A. Werewolf By Night, the werewolf heroes from the Marvel Comics.

Me: That's right, big guy, and we got word that one of Jack Russel's enemies, Aelfric the Mad Monk, is here, and we're going to destroy him.

Nico: Oh, I've heard about Aelfric the Mad Monk, he was a twelfth century Christian monk, but he'd turned his back on God to devote himself to Satan, and he's also the author of the arcane scrolls that became the Darkhold.

Lincoln: That's right, and when The Catholic Church found out about his crimes, he was condemned to death as a heretic and burned at the stake in 1149. But, his spirit lived on to wreak havoc in the twentieth century. So, we're going to banish him to The Black Gates, because sending him to Hell would be too easy, not for someone like him who created the arcane scrolls that became the Darkhold. And thanks for joining us, Devon.

Devon Daniels: You're welcome, Lincoln.

Me: Hey, since we're going to meet Jack Russel and Hrimhari, we should get into character.

Lincoln: Right.

Lincoln let out a growl as brown fur begin growing on his abnormally massive and powerful muscular body with light brown fur growing on his massive and wide muscular pecs and eight pack abs and wolf muzzle, large brown pointed wolf ears grew on top of his head, his nails grew into claws, his deep sapphire blue eyes turned yellow with slit pupils, and his eleven massive, long, and powerful werewolf tails with large black wolf heads for the tips sprouted out, and he let out a howl as he transforms into Lincoln the Nocturnal.

And I let out a growl as brown fur begin growing on my abnormally massive and powerful muscular body with light brown fur growing on my massive and wide muscular pecs and eight pack abs and wolf muzzle, large brown pointed wolf ears grew on top of my head, my eyes turned yellow with slit pupils, and my eleven massive, long, and powerful werewolf tails with large wolf heads for the tips sprouted out, and I let out a howl as he transforms into J.D. the Nocturnal.

Lincoln: (Beastly Voice) Alright.

Suddenly, we caught something in the air, and we saw two werewolves heading our way, and we knew who those two werewolves are.

Me: (Beastly Voice) Hrimhari.

Lincoln: (Beastly Voice) And Jack Russel A.K.A. Werewolf By Night.

Hrimhari: How did you… (Realizes who we are) Wait a second, you're J.D. Knudson in the form of J.D. The Nocturnal

Jack Russel: And you're Lincoln Loud in the form of Lincoln The Nocturnal. This means, Team Loud Phoenix Storm's here.

Nico: That's right. And it's a pleasure to meet you both.

Hrimhari: You too, Nico. The Avengers told us all about you and your adventures.

Jack Russel: And we're glad you arrived here, we need your help: Aelfric the Mad Monk's here, and he's causing havoc.

Lincoln: (Beastly Voice) And that's why we're here: to send him to The Black Gates for good.

Jack Russel: And we've heard that all of you are finding the Champions of Harmony to get ready for the upcoming war against The Doomsday 23 and Evil Starlight Glimmer who are going to return from the dead, thanks to a contingency plan created by The Church of Necrom.

Ken Knudson: That's right. Oh, I'm sorry for the interruption, my name is Ken Knudson, J.D.'s descendant, but I have a very dark history.

Ken Knudson told his story and it got to Jack Russel and Hrimhari, who understood his story and why he came here to our world, and he's since become a member of the team. Suddenly, we saw Lincoln's Celtic Cross cutie mark tattoo on his wider and muscular back glowing.

Ken Knudson: Awesome, the Champions of Determination, Beauty, Courage, Healing, Virtue, Justice, Courtesy, Selflessness, the Sun, the Night, Trust, and Grace are here, now all that's left is to take down that evil 12th Century former monk turned Satan-worshipping heretic, Aelfric the Mad Monk.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of five girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the five girls, but they've been cornered by Aelfric the Mad Monk and he's going to kill them. Lincoln also saw five girls with long flowing colored hair that matches the hair colors of Star Swirl the Bearded, Somnambula, Rock Hoof, Mistmane, Meadowbrook, Clover the Great, Adagio Dazzle, Aria Blaze, Sonata Dusk, Princess Celestia, Princess Luna, Swift Hoof, and Vinyl Scratch, with their cutie marks emblazoned on their forehead, the tattoos of The Elements of Harmony on their right arms, and they're dressed in clothes that match the colors of Star Swirl the Bearded, Somnambula, Rock Hoof, Mistmane, Meadowbrook, Clover the Great, Adagio, Aria Blaze, Sonata Dusk, Princess Celestia, Princess Luna, Swift Hoof, and Vinyl Scratch, and they're defending the five girls from Aelfric the Mad Monk.

Lincoln: Guys, I found the five girls, but they've been cornered by Aelfric the Mad Monk and he's going to kill them. I also saw five girls with long flowing colored hair that matches the hair colors of Star Swirl the Bearded, Somnambula, Rock Hoof, Mistmane, Meadowbrook, Clover the Great, Adagio, Aria Blaze, Sonata Dusk, Princess Celestia, Princess Luna, Swift Hoof, and Vinyl Scratch, with their cutie marks emblazoned on their forehead, the tattoos of The Elements of Harmony on their right arms, and they're dressed in clothes that match the colors of Star Swirl the Bearded, Somnambula, Rock Hoof, Mistmane, Meadowbrook, Clover the Great, Adagio, Aria Blaze, Sonata Dusk, Princess Celestia, Princess Luna, Swift Hoof, and Vinyl Scratch, and they're defending the five girls from that mad monk.

We got to get over there.

?: And send the mad monk straight to eternal damnation for what he did centuries ago for turning his back on God.

Suddenly, we saw the Duel Monster, Firewall Dragon Darkfluid, appear before us.

Nico: Wow, that's Firewall Dragon Darkfluid, awesome.

Lincoln: (Beastly Voice) And I'd recognize that voice from anywhere, I knew it was you, Sombra Faiadoragon, but we'll talk later, we've got a 12th century mad Satan-worshipping monk to destroy.

We then rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Aelfric the Mad Monk and it allowed the five girls to get to safety, and Loreena McKnight, Somnambula Nefertiti, Merida McLogan, Yumi Yamaguchi, Emily Gordan, Danielle Meadowbrook, Wendy the Great, Adagio Nicholette, Aria Remmington, Sonata Rexxington, Juniper Celestia, Rebecca Yuminorika, Gaea Noreninko, and Lauren Cunningham joined us. When Aelfric the Mad Monk saw us, he was enraged.

Aelfric the Mad Monk: How dare you fools interfere! Those five girls were about to be sacrificed to my lord and master, Satan!

Me: (Beastly Voice) Your master's paid the price for the multitude of crimes he's committed over the eons, and you're looking at his killers.

Lincoln: (Beastly Voice) And now, you're about to share the same fate as your dark master.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), and Musashi Miyamoto (Samurai Warriors) got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander

Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Devon Daniels transformed into his Red Ranger Beast Morphers form, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after Aelfric the Mad Monk, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit the Satanic monk.

Then, Lincoln formed a magical circle with crucifixes surrounding it, and bound Aelfric the Mad Monk with gold chains. Then, he recited The Lord's Prayer in Latin, and it had a nasty effect on the bound Aelfric as he tried to cover his ears to keep from hearing The Lord's Prayer, but he couldn't. Then, the crucifixes surrounding the circle glowed, and then, they turned black and it means Aelfric the Mad Monk was guilty for heresy, and he was sent to The Black Gates, and he was erased forever. We cheer wildly as we holster our weapons and power down and me and Lincoln changed back.

Lincoln: Enjoy eternal damnation, Mad One.

Me: This is the price that you must pay for turning your back on God centuries ago.

Loreena McKnight: Thank you all for stopping that mad monk.

Merida McLogan: (Scottish Accent) Wait a second, you're Team Loud Phoenix Storm?!

Juniper Celestia: That's so awesome.

Me: That's right.

Lincoln: And it's a pleasure to meet you all, we found about you girls and the others who were chosen by the Elements of Harmony to become the new 27 Champions of Harmony. We've already recruited Emily Magica, Athena Wendolla, Cassie Excelsion, Helen Anderson, Celine Giachi Florres, Laura Diane Pyenington, Tarra Taiyou, Emily Yumiko, Gloria Tricksenstein, Melanie Moondancer, Lyra Heartstrings III, Jackie Snoddgrass, Kita Schroedinger, and Abigail Minuette, and now we're here to recruit you fourteen.

Lincoln then explains to them that The Doomsday 23, along with Evil Starlight Glimmer, are about to be resurrected as a part of a contingency plan by The Church of Necrom, as part of yet another plan to get revenge on us for destroying them, and when he was finished, Melanie Moondancer, Lyra Heartstrings III, they were quite shocked. Ken Knudson also explains that they, along with the others, were chosen by the Elements of Harmony, to be the new Champions of Harmony, and we saw the determination in their eyes, and they stood with us.

Loreena McKnight: Alright, I'm in.

Nefertiti Somnambula: (Egyptian Accent) Me too.

Merida McLogan: (Scottish Accent) I'm in too, lads.

Yumi Yamaguchi: (Japanese Accent) Me too.

Danielle Meadowbrook: So am I.

Wendy the Great: Me too.

Adagio Nicholette, Aria Remmington, and Sonata Rexxington: Us as well.

Juniper Celestia and Rebecca Yuminorika: Us too.

Gaea Noreninko: (Greek Accent) Count me in.

Emily Gordan: Count me in too, partners.

Laura Cunningham: Me too, we refuse to let the Doomsday 23 or Evil Starlight Glimmer destroy the world and all Harmony.

Nico: Awesome.

Suddenly, we saw Lincoln's cutie mark tattoo on his massive and muscular wide right pec and Celtic Cross cutie mark tattoo on his wider and muscular back glowing, and we're about to get a message from Princess Celestia.

Princess Celestia: (Through Lincoln's cutie mark tattoo on his massive and muscular wide right pec and Celtic Cross cutie mark tattoo on his wider and muscular back glowing) Excellent job, everyone, you've recruited all of the 27 Champions of Harmony, and now, we'll be ready for when The Doomsday 23 and Evil Starlight Glimmer return from the dead.

Nico: Awesome.

Lincoln: We did it, we've recruited all of the Champions of Harmony and that's it for Aelfric the Mad Monk. (To Sombra Faiadoragon) And it's so good to see you again, Sombra Faiadoragon.

Sombra Faiadoragon reverted back to normal, and she's a beautiful girl with long flowing light blue hair, light blue eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful blue angel wings, and she reigned in the power of Firewall Dragon Darkfluid, and she's dressed in a blue short-sleeved blouse, dark blue sleeveless dress top, blue frilly skirt, blue pants, blue knee-high sneakers, and long sleeveless blue trenchcoat with technology and dragons on the coattails, and Firewall Dragon Darkfluid on the back, and holstered on her back a large Firewall Dragon Darkfluid-themed greatsword with Firewall Dragon Darkfluid etched on the 7'0" massive, wide, double-edged blue blade, Firewall Dragon Darkfluid's wings for the crossguard, large blue gem embedded in the rainguard, longer black handle, and large light blue gem surrounded by angel wings for the pommel.

Sombra Faiadoragon: You too, Lincoln, it's been a long time.

Lincoln went up to Sombra Faiadoragon and they hugged, and Sombra Faiadoragon's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs as well.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Sombra Faiadoragon: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs as well, that's so awesome.

Nico: Wow, Lincoln, you know her.

Lincoln: Indeed I do, Nico, this is Sombra Faiadoragon, she's my Guardian Angel from Michigan who's a technopath and she's very awesome with making and building machines and everything, and knows so much about building and computers.

Me: Wow, that's really awesome.

Sombra Faiadoragon: And I took on Lisa who was at the worst of her heartless wrath, and I have a horrible revelation about Lisa that could've ended with her being forever dubbed an enemy of the state and the scientific community, and it could've landed her in federal prison forever.

We gasped in shock.

Nico: Uh oh, why do I have a feeling that this is going to be one really horrible experience when we hear it later on today?

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Sombra Faiadoragon's neck with blue gems on the gold thunderbolt links and blue crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Sombra Faiadoragon: (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Sombra.

Sombra Faiadoragon had a smile on her face and tears in her eyes, as Lincoln wraps his abnormally massive and powerful muscular arms around Sombra Faiadoragon's waist and Sombra Faiadoragon wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Sombra Faiadoragon's face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the five girls, and when Lincoln saw them, he recognized them immediately. The five girls are Takina Inoue, Chisato Nishikigi, Kurumi, and Mizuki Nakahara from Lycoris Recoil, and Ami Asai from Uzaki-chan Wants to Hang Out!

Lincoln: Oh wow, it's Takina Inoue, Chisato Nishikigi, Kurumi, and Mizuki Nakahara from Lycoris Recoil, and Ami Asai from Uzaki-Chan Wants to Hang Out!

Nico: Awesome.

Hana Uzaki: Whoa, so among the girls you rescued is Ami Asai, and now I know why she's here, she was kidnapped to be sacrificed to Satan by Aelfric the Mad Monk.

Lincoln: But, we stopped him for good and ended his reign of terror, Hana. Are you girls okay?

Takina Inoue: Yes, we're okay, thanks to you.

Then, when Takina Inoue and the other four girls saw who it was that saved them from Aelfric the Mad Monk, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide left pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

Takina Inoue: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made four clones of himself, and he and the four clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Takina Inoue: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, five Thunderbird Necklaces of Eternal Love appeared on the necks of Takina Inoue, Chisato Nishikigi, Kurumi, Mizuki Nakahara, and Ami Asai with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the World Tree Estate and we told everyone what happened at Transylvania, Romania, and they also met the last remaining Champions of Harmony, Loreena McKnight, Nefertiti Somnambula, Merida McLogan, Yumi Yamaguchi, Emily Gordan, Danielle Meadowbrook, Wendy the Great, Adagio Nicholette, Aria Remmington, Sonata Rexxington, Juniper Celestia, Rebecca Yuminorika, Gaea Noreninko, and Lauren Cunningham, along with Hrimhari and Jack Russel A.K.A. Werewolf By Night, and they're shocked when they found out the villain we went after in Transylvania was Aelfric the Mad Monk.

But, when Lincoln showed what he did to that Satan-worshipping 12th century mad monk and sent him to The Black Gates, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Sombra Faiadoragon have a lot of catching up to do now that she's back in town, and we recruited all of the Champions of Harmony, and now, we're ready for The Doomsday 23 and Evil Starlight Glimmer when the day of the war arrive.

---

After putting a stop to Aelfric the Mad Monk and meeting the last remaining Champions of Harmony, along with Hrimhari and Jack Russel A.K.A. Werewolf By Night, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Sombra Faiadoragon saw Lincoln working out like crazy, she had an atomic red blush on her face.

Sombra Faiadoragon: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Sombra, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Sombra Faiadoragon: That's incredible.

Nico: It sure is. So, Sombra, what's this horrible revelation you have about Lisa that could've ended with her being forever dubbed an enemy of the state and the scientific community, and it could've landed her in federal prison forever?

Sombra Faiadoragon: You're not going to like it one bit. One day, I was walking through Franklin Avenue and I was enjoying the fresh air. But, then, I heard a loud scream for help along with the familiar sound of mad laughter in the air and they were coming from The Loud House, and I knew who it was that made that loud scream for help: it was Lincoln, and that sound of mad laughter was Lisa, and I knew that heartless so-called prodigy was subjecting Lincoln to an experiment that could end with him getting killed. I ran for The Loud House and kicked open the front door and ran up the stairs, and I saw Lisa's room, but Lori, Lynn, and Lola were there, and I was mad that heartless little monster hired those three as guards. I used my powers and sent three text messages to them and it came from Bobby, Margo, and Winston, and it sent them away for now. Then, I used my powers to hack the security system and I got inside the room. When I did, I saw Lincoln strapped to a table and I saw a huge circular sawblade heading for him and Lisa was laughing maniacally. I used my powers to shut down the circular sawblade and get Lincoln out. Lisa was so mad, she summoned her robots to kill me and Lincoln, but I used my tech powers and caused them to turn against Lisa and restrain her. We then went downstairs and told Mr. and Mrs. Loud, along with Leni, Luna, Luan, Laney, Lucy, Lana, and Lily everything, and when I was done and Lori, Lynn, and Lola came back, they were met with the angry stares of their parents and other sisters, and when they saw Lisa restrained by her own robots and Lincoln safe in my arms, Lori, Lynn, and Lola went ballistic and tried to kill us both, but I ordered three more robots to fire tranquilizer darts in the butts of Lori, Lynn, and Lola, and it knocked them out cold. Lisa was furious that I ruined her experiment to see Lincoln scream in pain and suffering and she replied in a cold manner that he wasn't her brother, he was a test subject to be used, abused, and killed by her hand. But, her mouth got her in trouble, she was sent to an isolation cube in the basement for nine months, and for helping Lisa with killing Lincoln, Lori, Lynn, and Lola were grounded for nine weeks and were also thrown in the isolation cubes in the basement. Lincoln hugged me and when I felt tears on my chest, I hugged him back and rocked him slowly to calm him down, and everyone else except for the grounded sisters joined in.

We had tears in our eyes after Sombra Faiadoragon was done.

Nico: You did an awesome brave deed saving Lincoln from Lisa's heartless wrath.

Lincoln: What she did in using her tech powers to stop Lisa, along with distracting Lori, Lynn, and Lola was really amazing.

Me: And it proved you right about one thing, Linc: if Lisa continued on, she would've wound up just like the forever disgraced Dr. Linnaeus and she'd be not only dubbed an enemy of the state and the scientific community, but her crimes would've landed her in federal prison forever.

Lincoln: Thank goodness it didn't when her dark side was removed for good and was sent to The Black Gates forever.

Eli: That's good.

We got a shower afterwards, and then, we were heading out to meet Hana Uzaki's family.

Lincoln: I can't wait to meet your family, Hana.

Hana Uzaki: Same here, but my dad's going to get really nervous when he meets you, he's very protective of me.

Me: Hana's right, Linc, when he finds out who Hana's dating, he's going to freak out with nervousness.

Lincoln: Which is why I'm going to use the same technique the Arcana Force girls used to calm me down when I had that panic attack in Paris.

Nico: That's right, and you also have psychic powers as well. Smart thinking, Linc.

We arrived at the Uzaki residence and we knocked on the door. Then, the door opened, and out came Hana's little brother, Kiri Uzaki, her little sister, Yanagi Uzaki, her mother, Tsuki Uzaki, and her father, Fujio Uzaki, and when they saw Hana Uzaki, they went up to her and they hugged her, and she hugged them back. Then, she introduced them to Lincoln, the one who rescued her when she got kidnapped by McWolf, and Kiri, Yanagi, and Tsuki got along well with him, and as expected, Hana's dad was getting nervous, but Lincoln used his psychic powers and calmed Hana's dad down. Then, he explained that he's going to take good care of Hana, and he always honors his promise to the in-laws of his future wives, and he's also taken down the evil relatives of his future wives who were driven by pure hatred and bloodlust and hated their families and everyone and wanted to bring death, pain, and suffering to those in their path, and it impressed them greatly.

Kiri Uzaki: Wow, and you've really taught the evil relatives of your future wives a lesson. Among the evil relatives of your future wives, who's the absolute worst?

Lincoln: Whoa, that's a tough one, and I've met a lot of my future wives' evil relatives. But, if I had to answer, it'd have be Emily McKale's evil ex-older sister, Amy McKale, she was a bloodthirsty savage who hated her sister with all her black heart the day she was born and she wanted to kill Emily and her parents, but it ended with Emily calling the cops on Amy and it got that bloodthirsty savage sent to prison for life. But, she broke out of prison to get revenge and when Emily transformed, she and I killed Amy McKale and had her Super Hakaied. Then, when we met Emily Magica, the Champion of the Magic of Friendship, we had to deal with Amy McKale who'd come back from the dead and still wanted revenge. But, this time, she was sent to The Black Gates and she's never ever coming back.

Me: Yep.

Nico: And Lincoln also said something that's really important, when he gets married to his future wives, he won't be dealing with his future wives' evil relatives, and there's only one place for them: prison or The Black Gates.

Eli: You said it.

We then moved Hana's family to Gotham Royal York, and they were going to enjoy it here.

Later we were watching TV when suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was our old enemy, the pterodactyl freak, Sauron, and he's come back from the dead seeking revenge on us for killing him long ago. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us today?

Lincoln: You got that right, Nico, and we're not going to like this guy one bit: the dark energy signal I sensed belongs to our old enemy, the pterodactyl freak, Sauron, and he's come back from the dead seeking revenge on us for killing him long ago.

We gasped in shock, including Karl Lykos.

Karl Lykos: I never thought I'd have to deal with him again.

Me: Same here.

Camie: Can you tell us about Sauron, so we have a good idea on who we're dealing with?

Me: Sure, Camie.

I pulled up the information on Karl Lykos A.K.A. Sauron, and those who hadn't joined aren't going to like it one bit.

## Sauron (Marvel)

Karl Lykos, otherwise known as Sauron is a supervillain from Marvel comics and an old and frequent enemy of the X-Men since the days of their first class. As a child Lykos was attacked by a mutated Pteranodon and somehow became an energy vampire, forced to absorb the life energy from animals and humans to survive. By absorbing the life energy of a Mutant, he transformed into his savage alter-ego; "Sauron".

### Biography

#### Early Life

As a young boy, Karl Lykos went with his father on an expedition to Tierra del Fuego near the Antarctic Circle. Along with them on the journey were a physician, Dr. Anderssen, and his daughter Tanya, who was about the same age as him.

At one point during the trip Tanya became lost, and Karl found her in a cave being attacked by gigantic pteranodons, a form of flying reptile from the age of dinosaurs. But in actuality, these pteranodons were from the Savage Land, the tropical region in Antarctica where prehistoric creatures still live. Apparently, the pteranodons had traveled to Tierra del Fuego through natural subterranean tunnels. Karl drove the pteranodons off with his walking stick, but not before he was severely bitten by one of them. Traumatized by their experience, neither Karl nor Tanya remembered the pteranodons, and Dr. Andersson used his medical skills to save Karl's life. Grateful to Karl for saving Tanya's life, Dr. Anderssen allowed Karl to live with him and Tanya after his father's death.

## Professor X

Having grown to a young adult, Lykos met the geneticist Professor Charles Xavier while Karl was still studying to be a doctor. Together they worked on the secret "Project Mutant." It has yet to be explained exactly what this project was, why it was secret, what results it might have had, and who, if anyone, had commissioned it if not Xavier himself. Xavier knew about Lykos' need and ability to siphon the life energy of others into himself, but he never told his protégés, the mutant hero team known as the X-Men, about it.

Following a battle between the X-Men and the robotic Sentinels, the X-Men's Havok, at that time unable to control his superhuman cosmic absorbing abilities, tried to kill himself by releasing his full power. The resulting explosion buried him in rubble, nearly killing him. Aware of the connection between Xavier and Lykos, the X-Men rushed Havok to Dr. Lykos' Manhattan office, believing he was the only physician they could trust with the knowledge that Havok was a mutant.

## Becoming Sauron and an enemy of the X-Men

After treating the young mutant's wounds, Lykos began using his equipment to drain life energy from him. However, this was the first time that Lykos had ever siphoned energy from a superhuman mutant, with a result that he had never experienced before. The energy triggered his metamorphosis and transformation into a creature that resembled a half-humanoid pteranodon, who retained his human intelligence and ability to speak. However, the change distorted Lykos' personality, turning him evil. Hence, Lykos took the name Sauron, after the archvillain of J.R.R. Tolkien's The Lord of the Rings. Sauron soon battled the young X-Men, but fled when Havok awoke, causing him to begin to change back to human form. Soon afterwards, Lykos had an argument with his adoptive father Dr. Anderssen, who still refused to permit him to marry Tanya. After his home in anger Lykos encounter and drained energy from the mutant Lorna Dane, later known as Polaris, causing him to transform into Sauron again. After battling the X-Men once more, siphoning more energy from them, Sauron flew to the Anderssons' home to kill them. The Anderssens recognized Sauron's voice as that of Lykos just before the X-Men arrived and he fled.

Sauron flew all the way to his deceased father's cabin in Tierra del Fuego archipelago, and then reverted to human form, having expended the mutant energies he had absorbed. Horrified at having tried to kill Tanya and others, Lykos decided to starve himself to death. But several days later, Tanya arrived, followed closely behind by the X-Men. Feeling the urge to drain Tanya's life energies, Lykos instead fled, only to fall over a precipice. Tanya and the X-Men searched for Lykos to no avail and assumed he had been killed.

However, Lykos somehow survived and made his way through underground passages, to the Savage Land. There he managed to remain in human form, until he had to rescue an unconscious Iceman from hungry pterodactyls. Iceman, in his current daze state failed to recognize Lykos until it was too late and Lykos became Sauron once more and aided the X-Men as well as the jungle lord Ka-Zar in taking down Magneto and his Mutates one more time. After the battle, Lykos reverted back to his human self and became an ally to Ka-Zar.

Many months later the new generation of X-Men arrived after fighting Magneto. Compelled to siphon energy from the X-Men's Storm, Lykos briefly reverted to Sauron once more and fought the new team, briefly taking control of Wolverine. But when the stolen energies faded, he returned to human form and proved to be an ally to the X-Men.

Lykos reverted to Sauron once more sometime later and teamed up with the Savage Land Mutates against Ka-Zar, the Angel, and Spider-Man. Sauron continued to make repeated attempts to conquer the Savage Land and use its people for sustenance, but waas been defeated every time. After one defeat by the X-Men, their member, the Beast, managed to create a medicine that would satiate Karl's hunger, and, with the threat of Sauron seemingly over, Karl resumed a normal life with Tanya, whom he soon married.

## The Death of Tanya and becoming Animalistic

As the years passed, Lykos and Tanya lived together in peace but it was soon brought to an end when they were confronted and kidnapping by the mutant known as the Toad, who hoped to recruit Sauron into his latest version of the terrorist Brotherhood of Evil Mutants. The Toad used a device of his own design to force Lykos to drain the life energy of Tanya, transforming Lykos back into Sauron, killing Tanya in the process. Sauron joined the Toad's Brotherhood in a bid to kill off X-Force member, Feral as a favor to the Morlock known as Thornn. During the battle Sauron targeted and seemingly killed Cannonball after stabbing the young man in his chest with one of his wing talons but he was forced to lay low after being assaulted by the mutant team X-Force. He recovered by draining life force from various targets, but re-emerged in an effort to help Toad recruit the X-Patriots into the Brotherhood. Sauron and the rest of the brotherhood were defeated by X-Factor thus failing to recruit the X-Patriots. During the battle, Sauron bragged about killing Cannonball. Sauron together with the brotherhood captured and hypnotized a teleporting mutant and planned to sneak attack the X-Men, but they chose to eventually retreat from battle when attacked by Darkhawk and Sleepwalker.

## Agent of Weapon X

Somehow, Sauron ended up in custody of the new Weapon X program, under the auspices of the mysterious Director, who hoped to use the program's mutants for the benefit of humankind, even if that meant performing deadly missions, interning mutant captives, and preform illegal experiments on their captives. Sauron was somehow experimented upon in the program, becoming initially less intelligent, more prone to berserk rages, and without the ability to use his hypnotic powers to better control him. One of Sauron's initial assignments was to "recruit" mutants for the program, and he succeeded in capturing the mutant Jack.

Sauron served the program for many months, but later began escaping the confines of the program to stalk victims, preying on the innocent to feed his hunger for the life forces of others. He was discovered by agent Brent Jackson, who was hoping to form a splinter group to stage a coup with the Director. Sauron agreed, and

Jackson's allies joined the team Underground, led by the mutant soldier-of-fortune Cable who hoped to take down the Weapon X program. The Underground was able to infiltrate the Weapon X complex, ousting the Director and nearly crippling the program. However, before the final defeat, agent Jackson betrayed the Underground, turning Cable's psychic powers against his allies. Jackson captured the Underground members and altered their memories to erase everything they saw and learned about the program. Jackson took credit for saving the program and was named the new Director of the Weapon X program by its mysterious benefactors. Sauron continued to serve the Weapon X program under Jackson.

## Later Activities

After being imprisoned in the Raft for refusing to participate in any more Weapon X assignments, Lykos escaped with the help of Electro during a jailbreak concocted by the Skrulls. The New Avengers pursued him to the Savage Land. After transforming into Sauron he was shot through the head by the second Black Widow. Fortunately for Sauron, he had absorbed Wolverine's regenerative healing factor and recovered from his injury. He was taken back into custody, but not before returning the favor to Black Widow by burning her with his fiery breath. Sauron was placed in S.H.I.E.L.D. custody and Maria Hill planned to return him to Weapon X.

Kade Kilgore would later rescue Sauron and recruit him to the Hellfire Academy. As a member, he was present at Mudbug's recruitment and recruited Glob Herman while the X-Men's students were on a field trip in the Savage Land. Sauron acted as the Academy's evil science teacher once the first class was assembled

He later reappeared, this time teamed up with Stegron, at the New York Museum of Natural History, where he fought and defeated Spider-Man and the mutant class he was currently in charge. Helped by Stegron, Sauron was able to transform Staten Island into his newest colony and its inhabitants into dinosaurs. While his partner took care of their opponents, Sauron revealed to Shark-Girl that he was in love with her and tried to kiss her, but was interrupted by an enraged Stegron, who was angry by the way Sauron treated him. After turning Glob into a dinosaur for trying to escape, Sauron confronted Spider-Man and his students as Shark-Girl lured Stegron to revert his dino-ray machine so it could turn Staten Island's inhabitants and Glob back to their original form. A battle ensued between the dinosaur duo and both ended up petrified as their powers neutralized each other's.

Powers and Abilities

In his human form Karl Lykos is a fairly typical doctor, except he keeps his ability to absorb the life forces of other living things to sustain himself. If he absorbs the life force of a mutant this will trigger his transformation into his pterodactyl form and also he will absorb a portion of their powers temporarily. Due to manipulation by the Weapon X program, Sauron can expel the life force energy in concussive bursts from his hands. In the pterodactyl form he is superhumanly strong and possesses the ability to fly at a natural winged flight limit. In battle Sauron has several additional weapons; a lethal beak and sharp talons on his hands and feet.

He also has an amplified hypnotic ability when he is in his pterodactyl form, that requires direct eye contact to complete. He frequently uses his hypnotic power to give his victims terrifying delusions that allies have become monsters.

When I was finished, everyone who hadn't joined us were shocked by his history.

Tsuyu: This guy's a monster, and I'm glad Karl is separate from Sauron for good.

Me: I am too.

Lincoln: But, Sauron needs to be destroyed here and now.

Hilary Thestalos: And that's what's going to happen to him. Mess with our Fourth of July barbecue by coming back from the dead to get revenge on the team, will he? He's going to be nothing more than a pile of ashes.

Nico: Now, you're talking. Alright, gang, let's go, we've got an awesome 4th of July barbecue to throw.

Lincoln: And a vengeful pterodactyl mutant to slay. After the Ambassador Mission.

Nico: Right.

---

Later it was time for Onua's final Ambassador Miission. This was gonna be an awesome one to finish his missions with a bang.

William: Anyone else want to go with Onua? Besides 4 Rabbids and Yost Spiderman?

Brittney: Me and the Goths of Darkness will go.

Nico: Awesome! They will love meeting you girls.

Eli: They sure will and the Ghost Kamen Riders are really right up your alley.

Lucy Loud: Thanks Eli.

Haiku: We're looking forward to this one.

Dante: Same here.

Persephone: We're really gonna have fun on this one.

Nico: Yep. Lets head out!

We were off to Japan!

We arrived.

Takeru: Hey guys!

Nico: Hey they Takeru. Happy 4th of July.

Takeru: Same to you even though we aren't from America.

Nico: Thanks.

Onua: Takeru, meet the Yost version of Spider Man.

Yost Spiderman: Awesome to meet you. I'm from the Yost Universe but it's awesome to meet you.

Makoto: Same here.

Me: And this is my Daughter and her team.

Brittney: Awesome to meet you guys. I'm Brittney Knudson and we're the Goths of Darkness.

Lucy Loud: I'm Lucy Loud.

Haiku: I'm Haiku.

Bertrand: I'm Bertrand.

Dante: Dante.

Persephone: I'm Persephone.

Morpheus: I'm Morpheus.

Boris: And I'm Boris.

Brittney Knudson: We are the gothic team of Team Loud Phoenix Storm and we are the masters of the Mystic, Spiritual, Paranormal, Supernatural and Interdimensional.

Takeru: Wow! That is amazing!

Nico: This is probably the last Kamen Rider ambassador mission for the year.

Me: Wow it sure is. We've been to Japan 3 months in a row now.

Eli: Wow no kidding. That is so awesome how many Kamen Riders we met.

Brittney: And we have only begun to scratched the surface with them.

Me: Well many of them have all retired now. Its been over 50 years since they started.

Takeru: That's true. But this was really awesome.

Makoto: Even if this IS the last Rider Ambassador mission, Hibiki is on the way.

Nico: That's true.

Me: We have 3 more days till then.

Lucy Loud: It'll be really amazing to start helping out the Kamen Riders on the 7th.

Me: Lets not forget Lucy that we owe them huge for helping us out during the 20 Days of Darkness.

Eli: We sure do.

Makoto: That was a dark time though.

Me: Yes it was. But we got through it.

Nico: But it's a shame, really. I really had fun with this.

Eli: We all had fun.

Me: Yeah we sure did.

Onua: It's always fun.

Nico: True.

Takeru: Yeah it was great though.

Takeru: But don't be sad, Nico. You're not leaving the world of Kamen Riders that easily.

Nico: Oh I'm not sad. Our adventures with the Kamen Riders are only just beginning.

Me: That's right and once Hibiki joins the team we're going to upgrade our usual battles with the Power Rangers Monsters with the monsters that are from the Kamen Rider Series. Hibiki is first.

Haiku: We're looking forward to this one.

But then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Onua: (hears explosion) Let's make this last mission one to remember.

Nico: Lets go!

We went to find out where that explosion came from and then we saw another version of Kamen Rider Geiz from Zi-O! It was ANOTHER GEIZ! He looked like a really scary version of Geiz!

Me: It's Another Geiz!

Nico: Whoa!

Brittney: Not good.

Me: But I always wondered when this one was gonna show up!

Yost Spiderman: Hey, buddy. If you're trying to be Geiz, you're not doing it right.

Another Geiz: (In a girls voice) Indeed but Nico its been a long time my brother.

Nico: That voice!

She reverted back and was a girl with blue hair and had star clothes on!

Nico: Lorelai Ormmerson!

Lorelai Ormmerson: I'm glad you remember me bro.

Nico: Its been a long time.

Me: You know her Nico?

Nico: I sure do. I helped her at a local homeless shelter in the Philippines and she and her family were evicted from their home by a total jerk of a man that I sent to prison for his crimes. I gave them food, water, and stuff to help them out. But before I left and joined you guys, I found out that Lorelai disappeared.

Eli: So Swartz kidnapped her!

Takeru: You have Gammas with you, don't you?

Lorelai Ormmerson: I do but they are not the major ones you faced.

She summoned NUMEROUS GAMMA GRUNTS!

Me: Grunts are still always good!

Nico: Hang on Lorelai we'll help you stop using that power!

Takeru and Makoto: Henshin!

They transformed!

Onua: Henshin!

He turned into KAMEN RIDER EARTHGHOST!

Nico: YEAH!

Brittney: This is gonna be good!

Takeru: Time to go Mugen Damashii!

Chokaigan! Mugen! (Angelic rock music) Keep on going! Go, Go, Go! Go, Go, Go! Go, Go, Go! Gotta! Ghost!

He turned into his awesome Mugen Damashii form!

Nico: OH YEAH!

Me: I love this form!

Eli: Me too! So awesome!

Onua: That is so cool!

Takeru charged at the crowd of Gammas.

He smashed and pulverized them all over.

Me: My turn! KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Nico: Oh yeah!

I slashed numerous grunts and destroyed them in fiery explosions!

FIERY EXPLOSIONS!

Lucy got out her Eyecon and activated it

EDGAR ALLEN POE AND WEBSTOR!

Lucy Loud: RAVEN DARKNESS BLAST!

She fired a massive blast of darkness and it formed into a murder of Crows and they hit numerous Grunts all over.

Me: YEAH!

Nico: Time for some Eyecons!

Eli: You don't have to tell me twice Nico!

Eli pulled out an Eyecon and activated it.

JAMES WATSON AND PROFESSOR XXXL!

Nico: James Watson! One of the scientists that discovered DNA.

Eli: Yep. DNA HELIX BURST!

Eli fired a powerful Helix Blast and it hit a bunch of Grunts and destroyed them!

Lorelai: You guys have gotten amazing!

Nico: Thanks.

Lorelai Ormmerson: Now for this.

She was enveloped in a vortex of darkness and had the Zi-O symbols around her and turned into Another Geiz!

She activated the Ridewatch of Injector and fired syringe needles and I deflected them back.

Me: Non-Core Ridewatches! Awesome!

Yost Spiderman fired web at Another Geiz.

Nico: YEAH!

He tied her up.

Me: Now for this!

I fired a powerful blast of blue fire and it hit her and she exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was down and I caught the Ridewatch for Geiz and purified it. Then we saw numerous Ridewatches all over the ground and we picked them up and Nico went over to Lorelai and cured her.

Nico: Are you okay?

Lorelai Ormmerson: I'll be all right but thank you bro.

But we still had the grunts to deal with.

Nico: Let's keep the Eyecons coming!

Me: Yeah!

We showed them numerous powers of the Eyecons and more.

Lucy got out her Eyecon and activated it

EDGAR ALLEN POE AND WEBSTOR!

Lucy Loud: RAVEN DARKNESS BLAST!

She fired a massive blast of darkness and it formed into a murder of Crows and they hit numerous Grunts all over.

Me: YEAH!

Takeru: Our lives are burning bright!

Nico: And they are worth more than gold!

Me: You got that right!

We blasted the grunts all over till they were gone!

Nico: Lorelai, you don't know how much you just helped us.

Lorelai Ormmerson: I'm glad I can help with the Non-Core Ridewatches.

Eli: These are awesome.

Haiku: They sure are.

Me: Now we have all the powers of all the Masters of Evil in its entirety.

Nico: Yep.

Takeru: Onua, you might think this is weird. But ever since I met you, I've seen you as a big brother.

Onua: I'm honored you think that Takeru.

Me: So awesome.

Lorelai Ormmerson: I'm amazed this happens on all your missions

Nico.

Nico: Not all our missions sis. But it's awesome building bonds like this.

Eli: It sure is.

Brittney: Builds friendships and relations.

We later came back.

May: How did it go?

Me: Awesome!

We told everyone about everything and it was amazing and more!

May: Wow! That's so awesome!

Me: It sure is! Irma's missions are next.

May: Irma, Carter Grayson and 2 Rabbids should go with you on your first mission.

Irma Lair: Looking forward to this one!

Nico: Me too Irma. We're going to the world of Metal Gear Solid.

Nicole: Get ready for a lot of action on that one! That's one of the Super Smash Bros. Worlds we haven't covered yet.

Irma Lair: Looking forward to it.

Videl came in with some great news!

Videl: Dad, everyone.

Nico: Yes, sweetie?

Me: What's up Videl.

In came a boy we haven't met yet.

Videl: I'm marrying this guy!

Nico: (SPIT TAKE!)

All of us: SAY WHAT?!

Boy: Pleased to meet you, sir. I'm Benjamin Montgomery. And no. I'm not related to Georgina.

Me: Oh glad to meet you Benjamin.

Poromon: Wait, Videl.

Poliwag: What did you just say?!

Videl: I'm marrying him and we're going to live together.

Poromon: Did you hear that?

Poliwag: Videl's getting married!

Benjamin: (gives Nico gift) Here. I know it's just a small gift. But I hope you like it.

Nico: (takes it) Thanks.

Nico then widened my eyes on how small it is.

Nico: DON'T INSULT ME WITH THIS CHEAP CRAP! (throws it out the window)

Squidward: Hey! I just cleaned that!

Nico: Sorry Squidward.

Benjamin: I'm so sorry, Dad in law!

Nico: Wait. Did you just call me "Dad in Law"?! Listen, you little shit! I didn't give you permission to call me "Dad in Law"! (groans) Videl, you need to explain yourself. Who the fuck is this guy?!

Videl: I found him at the Jewelry Store. He works at the same store that J.D. bought his necklace for Camie.

Me: That same store that got robbed on Nico's rescue before we went to the MHA World? How cool.

Eli: (Suspicious) Hmm.

Poromon: Love at first sight?!

Poliwag: I always thought Videl's type was the strong boys.

Nico: (smiles) I see. That means you must be strong.

Benjamin: Say what?

POW!

Nico then punched Benjamin, sending him to the ground.

Benjamin: Oww!

Me: WHOA! Nice shot!

Videl: Benjamin! Are you okay?!

Nico: The fuck, man! He's not strong at all!

Videl: STOP IT, DAD! HE'S MY FIANCÉ!

Nico: (gets an idea) Are you good at gadgets?

Poliwag: That's right. He's got to have the same interests as Videl.

Poromon: (gestures to broken alarm clock) Can you fix this?

Benjamin: (taps the clock) This should do the trick. (the clock explodes)

BOOM!

Me: That clock was broken anyway.

Poliwag: (brings out test paper) Are you smart?

Benjamin: (brings out result while crying) I only got 23 percent!

WHAT AN IDIOT!

Poromon: (brings out microphone) Can you sing or dance?

He was singing Don't Stop Believing by Journey!

Benjamin: (sings badly) Don't stop believing… And now watch me dance! (falls down)

Me: OW! MY EARS ARE BLEEDING!

Poliwag: (brings out chess set) Are you good at games?

Nico ended up beating Benjamin at Chess 6 times.

Me: Nice job Nico!

Nico: Thanks.

Videl: Dad!

Poromon: Are you good at rock paper scissors?

Nico beat Benjamin at Rock Paper Scissors 6 times.

Videl: Dad!

Poliwag: He can't do a thing!

Me: Videl I think you made a bad choice.

Poromon: Videl, the Hell do you think about this guy?!

Videl: Well I uh..

Me: Hmm.

Videl: Dad, I just love him! Isn't that enough?!

Nico: (sighs) Fine. Hey, Benjamin?

Benjamin: Yeah?

Nico: Videl's my precious daughter. (grabs him by the collar) Make her cry. And you're fucking dead!

Benjamin: Yes, dad in-

Nico: DON'T call me "Dad in Law"!

Me: (Gun click) (Points laser at his head) And I'll blow your fucking head off to boot. I would be careful how you treat her if I were you.

Benjamin: (GULP)

Later we were outside.

Nico was outside, thinking about the recent situation.

Nico: (scoffs) Long as Videl's happy, that's all that matters. (groans) GODDAMMIT, WHAT'S SO APPEALING ABOUT THAT GUY! (kicks a soda can into the garbage)

Poliwag: What the Heck, Nico? You're clearly against it!

Poromon: Why didn't you just reject him?

Nico: Because I can't just butt into my daughter's love life! (sighs) But he sucks, right?

Lynn: He sucks, no argument there. But, it's out of our hands now.

Lola: She was gonna find a boyfriend eventually.

Lori: Besides, you should be happy for her that she's growing up.

Nico: I know. (sighs) He might have a lot of jewels. But he's a completely boring jeweler boy!

?: This jeweler boy.

We then saw Sento and Banjo.

Me: Sento and Banjo! Awesome to see you guys here.

Banjo: Same here J.D.

Maria: Awesome of you guys to make it and happy Independence Day to you.

Banjo: And to you as well Maria.

Sento: Was his name Benjamin Montgomery?

Me: Yeah that's his name. We are having suspicions about him. Something is seriously up.

Nico: Yeah.

Me: Yep.

Nico: You know Benjamin?

Banjo: He came to us as well.

Flashback…

Sawa Takigawa came into the Build Base with Benjamin.

Sawa: Sento, everyone. Me and Benjamin here are getting married.

They were shocked to hear that.

Benjamin: We even have rings!

They showed them their rings.

Flashback ends

All of us: Say what?!

Me: He came to you guys too!?

Maria: Weird!

Sento: Sawa would never marry someone she just met. Especially since she's in a relationship with Gentoku.

Lola: So you came to us to find out?

Banjo: I caught him having eyes on Misora as well.

SMASH!

Nico then punched the wall in anger.

Nico: (growls) He's probably got something planned involving women. Where is he right now?!

Sento: We sent Kazumi and Gentoku to tail him.

Lori: They literally better not have lost him!

Banjo: (scoffs) You don't trust our team.

Lynn: (smirks) That depends.

Poromon and Poliwag: In that case, we'll be the bait!

Me: There's only one thing we have to do.

All of us: A STAKEOUT!

Poromon and Poliwag were in their human forms dressed up like girls.

Poromon: Benjamin is after girls around this area.

Poliwag: Poromon, let's see which one of us is his type.

With that they walked around, calling out Benjamin's name.

Poliwag: Is there a handsome jeweler boy around here?!

Poromon: I want to meet a handsome jeweler boy!

Nico: (to me) Bear with this, dude. My daughter's life is at stake here.

Me: I know man. I'm not going to let that player mess with her.

We had fancy shades on and I had a newspaper with eyeholes in it to watch from.

I also had my laptop with me.

Poromon and Poliwag (crying): He didn't come at all!

Maria: You two did good though.

Poromon: I thought we were pretty cute.

Poliwag: I know, right?

?: Sento! Banjo!

Kazumi and Gentoku came to us.

Sento: What did you guys find out?

Kazumi: (sheepishly) Yeah, about that…

Gentoku: We lost him.

Gentoku gave us an apologetic look while showing his shirt, which had the words "Sorry"

Me: Tartar sauce!

Nico: Yeah!

Banjo: Kazumi, you're gonna have to make up for your screw up.

Kazumi: How?

Banjo got out one of Misora's outfits.

Nico: Nice.

Me: Yeah.

What appeared to be Misora was walking in the park as Benjamin came up to her.

Benjamin: Hey there, pretty lady.

"She" turned around to reveal that it was Kazumi.

Kazumi: (Falsetto) Hi~! It's everyone's idol, Mii-tan here!

Benjamin: Idol is right. You're just gorgeous.

Banjo: (sees this from afar) Kazumi's got a huge crush on Misora. I knew he wouldn't screw this up.

Poromon and Poliwag: He fell for Kazumi?!

Me: Shh!

Poromon: Sorry.

Nico: J.D. see if you can find some info on Benjamin.

Me: Right.

Benjamin: Here's a little gem for your kindness!

Benjamin got out a ring… and then Nico realized that it was the same ring that Videl had. Sento recognized it as well.

Sento: So that's how they got brainwashed.

Kazumi: Forget the ring. You're cuter then I thought!

Benjamin: Then… will you go with me to my place?

Kazumi: I would love too!

He went with him.

I looked up Benjamin and found A MAJOR SHOCK!

Me: Oh man! Look at this!

We saw the info.

Me: Benjamin Montgomery is known as "The Hypnosis Player." He's wanted by the FBI for making HUNDREDS of women "Marry" him and beat him up. He was defrauding hundreds of insurance companies ALL over the country for billions of dollars so they can show sympathy for him and give him billions of dollars in damages that were never real.

We gasped in shock!

Nico: We got to get over there and stop him!

We agreed.

Benjamin: Oh, girls!

His ring started shining. And then, Sawa, Videl, and 2 other girls came to him.

Videl: Don't think you can say "I'm home!"

Sawa: Who is she?!

Benjamin: My new wife!

Videl: But you have me!

They got baseball bats.

Videl: Fuck off!

Sawa: Punishment time!

UH OH!

They started hitting him.

BLAM BIFF SMASH WHAM POW!

Videl: Stupid jeweler boy! (hits him)

Benjamin: Yes! Say more!

Benjamin: Mii-tan, won't you join in?

Kazumi: Careful what you wish for, big boy! (kicks his butt. Literally)

CLANG!

Kazumi: I'll right back dear. Got to get a drink.

Benjamin: Oh sure. Don't be too long.

He went to the kitchen.

Sento: (through the communicator) So, there's no scheme?

Kazumi: (through communicator) No. He's just into girls beating him up and insulting him.

Benjamin: Mii-tan!

Kazumi: Gotta go! (hangs up) (Falsetto) Coming!

Banjo: How stupid is that?

Nico: It's so dumb I can't even forgive him.

Nico started walking towards the place.

Nico: HOW DARE HE INVOLVE MY DAUGHTER IN THIS IDIOCY?! (goes Super Saiyan 2)

Me and Vince grab him!

Me: Nico calm down! Lets think about this before going in there to kill him! We already have found out his Modus Operandi and now we need to arrest him.

Nico calmed down and powered down.

Nico: Oh sorry.

Videl kicked him in the crotch!

Videl: PLAYER!

Me: Okay now you can go.

Nico: (Powers up to Super Saiyan 2) As promised, I'm coming to end you! BENJAMIN!

Nico started fighting Tyrannodrones that appeared.

Videl: Marry you?! No way!

But then…

Videl KICKED HIM SQUARE IN THE CROTCH WITH A SPIKED BOOT AND STABBED AND KICKED HIM AND IT CASTRATED HIM AND HE SCREAMED IN EXCRUCIATING PAIN!

We winced from that!

Nico: OOH! OUCH!

Eli: AY YI YI!

Benjamin was arrested and taken to the hospital. He was going to be in a lot of trouble.

Agent Waco: Thanks for helping us deal with this clod guys.

Me: No problem Agent Waco. Glad we can help.

Nico: Thanks for helping us, Sento.

Sento: No problem Nico. It was awesome helping you all on a major holiday.

Me: It sure was. Want to stay for our barbecue?

Sento: We'd love to but we got to get back to Japan and get ready for our big day in August.

Me: Okay.

Videl was glad Benjamin was gone. He was brought to trial for his crimes and was sentenced to eternity in the Miranda Prison for Sadomasochistic Criminals and he was ordered to pay $723,000,000,000,000,000,000,000,000,000,000,000.00 in damages and restitution.

Later at the World Tree Estate it was time for our barbecue!

Nico: You too guys.

Videl Chan: I'm sorry dad.

Nico: Aw it's all right sweetheart.

Izuku: Why is this day important?

Me: It's to celebrate the day America declared its freedom. 246 years ago today on July 4th, 1776 we celebrate the anniversary of our freedom with the signing of the Declaration of Independence.

Eli: Big day for us in our history.

Izuku: Wow!

Vypra and everyone came.

Vypra: Happy 4th of July everyone!

Me: You too Vypra.

Dark Spicer: We heard about what happened with that guy. Are you all right Videl?

Videl Chan: I'll be all right.

Dark Spicer: Did we ever tell you about our first Independence Day together?

Izuku: No what happened?

Me: You will love that one.

Nico: Good times.

Dark Spicer: Yep.

Lord Drakkon: That was awesome.

Bakugo: Tavington's a jerk!

Me: He was a jerk! Big time.

Camie: But at least he's gone.

Eli: Good riddance.

Qin: Yeah but that was awesome.

Kaito: How many countries did America fight in the World Wars?

Me: We fought Germany, Italy and Japan as the 3 big ones and Hungary, Romania, Bulgaria, Slovakia, and Croatia were the minor ones back then in World War II. In World War I we fought against Germany, Austria-Hungary, Bulgaria and the Ottoman Empire.

Kaito: Wow! That is amazing!

Nico: Yeah. Scary too.

Eli: It was.

Maria: But at least now, Amerca's at peace.

Me: Yeah.

Vypra: Thank goodness.

Nico: Yep.

Laney: But we go into war again in 2 and a half months.

Lola: Yeah.

William: What Maria means is that right now, America's not at war with other countries.

Nico: We know.

We nodded.

William: Oh.

Nico: Yeah.

Homer: Come and get it!

We got our awesome Barbecue food. Homer cooked it with his awesome Hive Barbecuer. We had ribs, burgers, steaks, sausages, chickens, everything.

Camie: That is a really cool Barbecuer. It looks like a beehive.

Me: It's called the Hive.

Homer: What do you think?

Camie and everyone tried some and it was great! They had their minds blown as they imagined themselves lighting animal fireworks and blasting them off like fireworks and raining down meats and making snow angels in the meat.

Camie: Oh it's so delicious!

Izuku: Some of the best ever!

Himiko: Delicious!

Poromon: That Hive Barbecuer works wonders!

Angela Novarupta: I haven't had Barbecue this delicious in like forever.

Nico: It sure is good.

Lisa Simpson: Mmm Smokey Carrot.

Nico: It's really good stuff.

Camie: How did you find a great barbecuer like this Homer?

Homer: That is a great story.

Homer went over the events of Season 27 Episode 2, minus the Apocalypse part.

---

After watching the movie Doctor Dolittle at school, the children realize that Bart and Lisa smell badly and they start teasing them about it. The same thing happens to Homer at the nuclear plant with his co-workers mocking his scent. Marge then discovers that the smell is coming from their clothes because their washing machine is old and covered in mold. She then gives Homer a bag of her savings (stored in Bender's body, which has been in their basement since the events of "Simpsorama") so they can buy a new washing machine. On his way to the store, Homer smells something delicious and discovers a roadside barbecue stand run by an old biker. When Homer eats the best BBQ he has ever had, the biker reveals that the secret is that the smoker was made from a meteorite with a unique beehive shape that has trapped all of the fat and sauce from every grilling ever. Homer gladly passes up the washing machine to buy the smoker for himself.

Marge gets upset that Homer spent all her money on a "grill" but is won over by the taste of the uniquely-grilled food that she joins the family feast, with Lisa eating a barbecued carrot. The aroma draws people from all over Springfield to the Simpsons' backyard to feast on savory cuts of meat. Eventually, Homer's grill becomes so popular that "Chew Network" chef, Scotty Boom, challenges him to a smoke-off. Whilst preparing smoked pork for the competition, Homer discovers that his smoker has been stolen.

After a distraught Homer calls the police who are unable to find the smoker, Bart and Lisa decide to investigate the crime themselves. They investigate the yard and discover that the thief gave Santa's Little Helper a jar of natural peanut butter to distract him from barking. The duo then proceed to the one store in town that sells natural peanut butter, where they coerce a worker into letting them see the security camera footage, which shows Nelson purchasing the peanut butter. Bart and Lisa go talk to Nelson in a park, where he is playing a tablet game called "Clash of Castles" with some expensive upgrades. Nelson is reticent and runs towards a scrap yard to meet someone shortly afterwards, where the duo observe him being paid and revealing the smoker under some trees. Nelson leaves the smoker behind, but it is too hot for Bart and Lisa to walk it back and it ends up being loaded onto the truck and driven away.

Homer, Bart, Lisa and Maggie give up hope on the competition, but Marge convinces them that she can handle the smoke-off with the help of a rented spice rack. At the competition, hosted by Alton Brown, Marge does her best against Scotty but fails miserably because she used all of the spices together. However, when Scotty presents his meat, it is discovered that the hive shaped grill marks on it do not match his normal grill and he is accused of cheating. Scotty is fired from the "Chew Network", banned from the competition, and arrested by Chief Wiggum. Though the Simpsons are then proclaimed winners, Bart and Lisa are still confused until they hear the same cellphone ringtone they heard when Nelson was delivering the smoker and so they decide to chase the phone's owner down. When they catch him up, they discover that he is actually Scotty's son, Tyler, who framed his father because he was too busy with his TV show and did not spend any time with his family. Tyler explains that he met Nelson playing "Clash of Castles" and hired him to steal Homer's smoker in order to frame him. Scotty and Tyler soon reconcile, everything is cleared up with the authorities and Tyler gives Homer's smoker back.

---

When he was done we were amazed and it was awesome.

Nico: Wow!

Laney: That is so awesome too.

Camie: No kidding!

Bender: I remember that and I thought I had some money inside me.

Marge: Sorry Bender. That was all the money I found in Homer's pockets as I was washing them.

Bender: Wow.

Eli: That's cool.

A figure came out and it was none other than our old enemy, the mutant pterodactyl, Sauron, who's come back from the dead.

Me: Should've known you wouldn't stay dead for much longer, Sauron.

Sauron (Marvel): And now, I will have my revenge on all of you for ruining my plans to conquer the world.

Hilary Thestalos fired a powerful blast of fire, which burned him badly, and it angered him greatly.

Hilary Thestalos: That's never going to happen, Sauron, and now, it's time for you to die.

Suddenly, Hilary Thestalos was surrounded by a massive vortex of crimson red energy with crimson red flames, phoenixes, and dragons surrounding it, there's Thestalos the Firestorm Monarch flying around the vortex, and in the vortex is a red phoenix. Then, as the vortex faded, Hilary Thestalos emerged, but she was changed forever.

Hilary Thestalos has transformed into SUPER ANGEL ETERNITY

INFINITY CRIMSON RED THESTALOS DRACONIC FIRESTORM PHOENIX MONARCH ANGEL OF CRIMSON FIRESTORM JUSTICE AND FIERY LOVE!

We were amazed by Hilary Thestalos' Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Sauron saw it, he fell into a rage and tried to attack her, but Hilary Thestalos fired a powerful red hot crimson red energy blast with crimson red flames, phoenixes, dragons, and Thestalos the Firestorm Monarch, and it hits Sauron and sent him flying into a wall, and Lincoln sent a swarm of bats to claw at Sauron's eyes and gouged them out, blinding him forever.

Nico: Wow, Hilary Thestalos has transformed into her Super Angel Eternity Infinity form, awesome.

Me: And that energy blast she fired sent that freak flying into a wall, and Lincoln sent a swarm of vampire bats at him to claw his eyes out, awesome.

Nico: Adriana's blood did give him all the powers and strengths of the vampires, and none of the weaknesses, but he also got the thirst for blood, and when we've been killing evil vampires over the years and he's also absorbed them into his body, he's also assimilated their powers as well, whoa.

Eli: That's right.

Lincoln: Wow, Hilary, you look beautiful. How do you feel?

Hilary Thestalos: (Divine Echoing Cosmic Voice of Thestalos the Firestorm Monarch and Divine Firestorm Love) **I feel incredible, Linky. Now, shall we deal with this pterodactyl mutant once and for all?**

Lincoln: (Smiles) With pleasure, Hilary.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Hilary Thestalos.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **This time, you're never coming back, Sauron. Prepare to die!**

Hilary Thestalos and Lincoln went after Sauron, and they fired powerful blasts of rainbow energy, crimson red energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Dragons, and Angels at Sauron, and they exploded with incredible power as they hit him. Then, they slashed off his wings with their massive greatswords and Sauron screamed in excruciating pain. Then, Lincoln fired tentacles made of black symbiotic goo which latched onto Sauron, and combined with his life-force and energy absorption abilities, Lincoln began sucking out Sauron's powers, abilities, and life force and his aura flared up as he was gaining a massive power and energy boost to his infinite power and energy. Suddenly, Sauron's body began shriveling up and when Lincoln was done, Sauron was reduced to a lifeless husk and Hilary fired a powerful crimson red energy blast with crimson red flames and incinerated the corpse, and when Sauron's spirit appeared, Lincoln banished Sauron's spirit to The Black Gates forever. We cheered wildly for what Hilary Thestalos and Lincoln did as they holster their massive greatswords on their backs and power down, and Hilary Thestalos' new body, clothes, weapons, jewelry, and massive crimson red angel wings are permanent.

Hilary Thestalos: That'll teach you, you pterodactyl monster. Thanks for helping me take down Sauron once and for all, Linky.

Lincoln: (Smiles Warmly) You're welcome, Hilary.

Suddenly, Hilary Thestalos wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leans his face down to Hilary Thestalos' face, they kissed passionately as Hilary Thestalos' left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and Thestalos the Firestorm Monarch flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and crimson red flames raging behind them and we all cheered wildly, and they sucked in and absorbed the flames.

Nico: That'll teach that pterodactyl freak, Sauron.

Me: And he's never ever coming back.

Lincoln: That's right, what a monster.

Eli: But, we're now rid of him for good.

Nico: That's right. Oh, Lincoln, which Gene-Slammer are you hoping to meet on your rescue tomorrow?

Lincoln: Ooh, how about a Gene-Slammer for B.E.S. Big Core?

Me: Ooh, now that's a good one.

Nico: You said it, it looks really awesome, and it's one of the B.E.S. monsters in this specific archetype. But, whoever's been Gene-Slammed into this one has to be incredibly smart.

Lincoln: That's right, but we'll know who it is tomorrow.

Me: Good idea.

Maria: And now for the fireworks!

Maria: Also, Nico, which Gene Slammer do you think you'll meet next?

Nico: I'm gonna go for an Evolved Prypiatosian-B Gene-slammer next.

P'andor: (Russian Accent) Wow! An Ultimate version of me. That is gonna be most interesting to see.

Nico: It sure will. So one of the fire users will go with.

Me: This will be awesome too. Volcana will go with if you want.

Nico: Sure.

Volcana: I would be honored.

We went down and watched the Fireworks go off and they were beautiful and amazing!

All of us: Wow!

Lots of fireworks were going off all over.

It was an awesome way to have fun on the 4th of July.

# OCEANS AND VOLCANOES VS LIGHTNING

In the early morning hours at 2:53 AM, Lincoln had a dream, and he saw two figures who was hiding out and living in the streets of Cairo, Egypt. But, they were no ordinary two figures, their were Katrina Roberts-Loud, adopted daughter of Lincoln Loud. And Sharksharper, Katrina's best friend. Lincoln woke up from the dream, but he wasn't the only one, Nyx Midnight, Lori Loud, Nico, and I also had the same dream.

Lincoln: Nyx, Lori, J.D., Nico, did you guys have that same dream as me?

Lori: We sure did, bro.

Nyx Midnight: And it also means that we found out where my adopted sister is at, along with a small but giant shark-like creature.

Me: they're at Tokyo, Japan.

Nico: Oh man, that's not good. It's the same place when we found Jasmine the Cat and Stephanie the Anglerfish, And it is not a safe place for little kids.

Lincoln: That's right, Nico. Come on, we're going to rescue them, and bring them to the Estate. Katrina are my daughter now, and I'm not letting kids like her suffer life on the streets. she needs to be home in the arms of her new father.

Lori: You got that right, bro.

Lincoln, Lori Loud, Nyx Midnight, Me, and Nico were heading to Tokyo, Japan. Then, Lincoln saw a tall and slender 12-year-old girl who has fair skin, long silver hair that goes down to her waist, and light blue eyes with one long eyelash on each one. She wore a pink blazer with rolled up sleeves, light blue shirt, gray skirt, black leggings, and a pair of pink toms shoes. And a small but giant-like, blue shark-like creature with long shark-like fins for arms with sharp claws, a long shark-like dorsal fin, a pair of thin, spindly giant-like legs jutting from his underside with sharp toes, and shark-like tail behind him. He has a wide mouth with sharper shark-like teeth for an underbite, and gills on his cheeks with bulging green eyes. He wears a green belt-like strap around his "waist" and back, with a blue shark symbol connecting the front. Lincoln saw who they was, it was Katrina Roberts and Sharksharper.

Lincoln: Excuse me, are you Katrina Roberts?

Katrina Roberts: Yes, And who are you?

Lincoln: I'm Lincoln Loud of Team Loud Phoenix Storm, and this is my older sister, Lori Loud, my older brother and leader of Team Loud Phoenix Storm, J.D. Knudson, and my second brother and second leader of Team Loud Phoenix Storm, Nico Chan.

Katrina Roberts, and Sharksharper were stunned.

Katrina Roberts: Really?

Lincoln: Yes.

Katrina Roberts ran up to Lincoln, and they hugged, and they cried tears of happiness, and we looked on at the scene. Then, Nyx Midnight, me, Nico, and Lori joined in on the hug.

Lincoln: And there's something you should know, I adopted you Katrina.

Katrina Roberts: Adopted?! you mean… you're my father now.

Lincoln smiled, and that filled Katrina Roberts with joy, as he picked her up and they hugged, and we had a smile on our faces and tears in our eyes. and Sharksharper join the hug as well.

Lincoln: Alright, everyone, let's go home. I can't wait until we tell everyone in the morning about this.

We went back home to the Estate, and Lincoln told everyone what happened, and he then introduced Katrina Roberts to the rest of his siblings, who are now her aunts. We were proud of what Lincoln did, and Katrina Roberts now has a loving, strong, brave, and caring father in her life.

Flying over the Scorching Hot blazing surface of the planet Alhmacan in the galaxy Centaurus A at 13 Million light-years away from Earth was Nico, Volcana, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily and we were flying through the hottest landscape we've ever seen. WHEW! It blistering hot! Lynn was with us too.

Me: WHEW! This planet is really hot!

Sirius: Boy no kidding! This has to be the hottest world we've ever been to.

Laney: No kidding!

Lisa: This world is 887 °C.

Nico: Wow! That's 1628.6 ˚F.

Volcana: I like it. This world is perfect for me.

Saya: It's really intense! This world is hotter than the planet Valmorg.

Nico: Yeah! Alhmacan is a really hot world.

Volcana: It sure is. But it's amazing.

Nico: Thanks for coming with me, Volcana.

Volcana: Anytime Nico. It's awesome that we're going on a great rescue together.

Nico: It sure is. And this planet is perfect for finding an Evolved Prypiatosian-B Gene-slammer.

Lola: I was just about to say the same thing.

Camie: How come this planet is so hot?

Me: Because of its close proximity to its parent star. The Closer a planet is to its parent star the hotter it gets.

Nico: Yep.

Lisa: Indeed.

Nico: Volcana, I think you pretty much were the first Redemption Squad member who joined J.D. and the others.

Volcana: That's right I was. I was redeemed thanks to Argent.

Me: Yeah I remember that! That's when we first learned all about the Dimensional Vortex. That was also when Lincoln first got his powers.

Lincoln: I remember that! That was so awesome!

Nico: I wasn't with you all when that happened. Can you fill me in?

Me: Sure.

I told Nico and everyone about what happened during the events of chapter 36.

---

It starts in another dimension.

The Teen Titans were fighting their nemesis Slade Wilson AKA Deathstroke. He was proving to be one doozy of a challenge.

Robin: It's over Slade. Your terror on the city is over.

Slade: It's just beginning Robin.

Starfire punched Slade in the face and fired lasers from her eyes and burned his back. Slade screamed in pain. Robin, Beast Boy, Raven, Cyborg and Terra combined their abilities and blew him apart. Destroying him completely. Then without warning, Starfire was hit by a bolt of green lightning from out of nowhere and in a vortex opened up and she, Raven, and Terra were sucked into it and were gone.

Robin: STARFIRE, RAVEN, TERRA!

Beast Boy: Dude. Where'd they go?

Cyborg: That vortex lead to another dimension. Maybe we can find out where they have been taken to.

Me, Varie, the Eds and Woody were over at the Loud House as a thunderstorm was going on outside. It was raining a lot.

Me: Rainy days are sure boring, huh?

Varie: Yeah. But what can you do?

Laney: Hey, look over there.

We all see lightning bolts coming out of one spot in the storm. This was totally unheard of.

Me: I don't think I've ever seen lightning come out of a localized spot in a storm before. It's just coming out of that one spot.

Lori: Me neither.

Edd: That is strangely peculiar.

I sense something coming.

Me: [Gasp] EVERYONE GET DOWN!

Lightning struck through the window and hit Lincoln & Linka head on.

It vanished 2 seconds later and we get up and we see that Lincoln and Linka are unharmed.

Me: Lincoln, Linka, are you two alright?

Linka: Yeah. I'm alright.

Lincoln: Me too, but I feel strange.

Laney: That's weird. There's no tornado. Usually whenever one of us gets powers a tornado envelopes us. I was in a tornado of Leaves.

Lana: Mine was snow and ice.

Lola: Mine was fire.

Lori: Mine was Wind.

Lucy: Mine was Darkness.

Lily: Mine was Glowing Water.

Me: Lincoln, Linka, can you see if you can do anything?

Lincoln: We'll try.

Lincoln and Linka held out their hands and they fired a bolt of lightning that hit 2 chairs and reduced them to splinters.

Ed: Cool!

Eddy: Whoa!

We were all amazed.

Me: Lincoln, Linka, you both have Lightning Powers!

Lincoln: We do!

Linka: Yeah we do!

Lincoln: How is this possible!?

Laney: That lightning strike did it.

Me: Let me check. [I check my Legends book and find a rather peculiar discovery] Lincoln, Linka, you guys have lightning powers because of the Lightning of Hinon, the Iroquois God of Thunder. According to this, he will grant two people his powers of lightning when a hole in the fabric of time, space and dimensions is opened up during a thunderstorm. It also says that you will also gain winged flight, super strength, and the ability to travel through any electrical current. It is also said that it will give lightning powers to anyone struck by lightning on the other side of whereever the hole either leads to or is coming from.

Lincoln: That's incredible!

Linka: No kidding?

Luan: This is truly a SHOCKING development! [Rimshot and Laughs] Get it?

Me: [Laughs] Good one, Luan.

Eddy: [Laughs] Yeah. That was funny.

Varie: But where will this hole come from?

Me: Guess we'll have to go and find out.

Me, Varie, Jessie, Woody, The Eds, the Loud Kids, Bobby and Ronnie Anne went to the spot where the hole appeared over and we saw an amazing sight. It was actually a wormhole from another dimension leading into our dimension. Lightning was lining the spinning walls of the wormhole and putting on an incredible display. We also could see right into it. It was an extremely long tunnel that leads from another dimension to ours.

Me: Wow. What a sight! It's like a white hole!

Lisa: That is a good identification J.D.!

Me: This is a wormhole! I've seen these in Science Fiction movies!

Edd: This is absolutely amazing guys!

Varie: I can't see anything on the other end!

Lincoln: This is amazing! I thought these weren't real!

Linka: Me too!

Lynn: Wow! What a sight!

Lori: Boo-Boo-Bear, this is incredible!

Bobby: I know babe!

We heard screaming coming from the wormhole.

Jessie: Something's coming through!

I squint and I see three figures coming through.

Me: I see three figures!

They came closer and I recognized them immediately as the wormhole closed up and they fell from the clouds.

Me: [Gasp] That's Starfire, Raven and Terra! Varie, Lori, come on!

Me, Varie and Lori spread our wings and flew up and we caught them.

Lori: Lets take them back to the house.

Me: Right.

We take them back to the house and lay them on the floor and they start waking up.

Me: Are you okay?

Starfire: Yes. We are.

Raven: Where are we?

Me: You're in the Loud Residence in Michigan.

Terra: Michigan? How did we wind up here guys?

Starfire: I do not know.

Varie: You were taken from your dimension through a wormhole to our dimension.

Terra: [gasp] I remember. We were sucked in through that wormhole after Starfire got hit by that green lightning.

Lori: Green Lightning?

Me: I don't know how that happened.

Starfire: We should introduce ourselves. My name is Starfire. I come from the planet Tamaran.

Me: I've heard alot about Tamaran. It's a beautiful planet in the Centauri System.

Raven: Thank you.

Starfire: What kind of powers?

Me: Winged Flight, Superhuman Strength and Speed, Shape-Shifting, Elemental Control, Telepathic and Telekinetic powers and Light and Dark Magic. There's more that I haven't shown everyone.

Raven: Interesting.

Varie: My name is Varie. J.D. is my fiance.

Terra: Congratulations you two.

Me: Thanks Terra. But it won't be official until 10 years from now.

Raven: That's cool. What powers do you have Varie?

Varie: Winged Flight, Shape-Shifting, Cosmic Hydrokinesis, Aquatic Communication and more.

Starfire: Glorius.

Jessie: My name is Jessie Bannon. I too am from another dimension.

Raven: How did you get here?

Me: We found Jessie in the forest sinking in quicksand while retracing our steps to get back to a bed and breakfast and rescued her.

Jessie: Yes. I don't have any powers but I am a 9th degree black belt.

Raven: That's interesting.

Woody: My name is Woody Woodpecker. I don't have any powers. But I can peck through hard wood and solid concrete.

Raven: Same here.

Eddy: I don't have any powers but I do like making people laugh.

Terra: That's okay.

Lori: My name is Lori Loud. I'm the eldest child of my family. I have Winged Flight and Wind Control.

Lori spreads her wings and forms tornadoes in both her hands.

Starfire: Glorius. How did you get your powers?

Lori: I was blessed by the Winds of Ga-oh. Ga-oh is the Spirit of Wind in Iroquois Mythology.

Laney: We have Iroquois in our heritage.

Terra: That's cool. I have a strong curiosity when it comes to Native American Cultures.

Leni: My name is Leni Loud. I'm the 2nd child. I make great fashions.

Me: Leni doesn't have any powers but her fashion designs are awesome.

Starfire: I'll have to see them.

Luna: My name is Luna Loud. I'm the 3rd Child. I don't have any powers. But I like to play rock and roll.

Raven: That's cool.

Luan: My name is Luan Loud. I'm the 4th Child and I'm the jokester.

Eddy: Luan is my girlfriend. She and I have a POWER-ful bond! [Rimshot] [Laughs]

Luan: [Laughs] Get it?

Me, Varie, Starfire and Terra Laugh.

Me: [laughs] Good one Eddy.

Terra: You are funny, Eddy.

Raven: [laughs] Oh I just got it. That one was funny.

Lynn: My name is Lynn Loud Jr. I am the sports master.

Raven: You like playing sports?

Lynn: Yeah. It is Awesome!

Lynn: Basketball, Baseball, Hockey, and more.

Lincoln: My name is Lincoln Loud and she's Linka Loud. We became twins.

Linka: We have Lightning Powers, Super Strength, Winged Flight and the ability to travel through electrical currents.

Terra: That's interesting.

Lucy: My name is Lucy Loud. I have Dark Powers because of the Black Lightning of Nótt, the Goddess of the Night from Norse Mythology.

Raven: You are truly blessed Lucy. I have dark powers too. Watch. [finds an object and Chants an Incantation] Azarath Metrion Zinthos! [A stream of pitch black energy comes out of her hands and it turns a plant pot into a pile of dust]

Me: Whoa!

Lucy: Wicked. Maybe you can help me learn some more powers Raven.

Raven: I'd be happy to teach you Lucy.

Laney: My name is Laney Loud and I have plant powers. I got them from the Diamond of Gaia. Only those that are pure of heart can be granted them. Watch. [Laney grows vines from her arm and they became a sword]

Terra: That is neat.

Lana: My name is Lana Loud. I have Ice powers because of the Snowflake of Khione, the Goddess of Snow. [Spreads her ice wings and has snow in her hands]

Lola: My name is Lola Loud. I have Fire Powers because of the Flame of uh… What was it J.D.?

Starfire: Glorius. Fire and Ice are perfect for them.

Lana: Thanks Starfire.

Lisa: My name is Lisa Loud. It's a pleasure to make your acquaintance. I have no powers unfortunately. But I am a scientist.

Lily: And my Name is Lily Loud. Biologically I'm 15 Months old. But I was blessed by the Glowing Water of Coventina, the Celtic Goddess of Water in Irish Myth and it transformed me into a 10-year-old.

Terra: That's unusual.

Lily spread her Wings of Glowing Blue Water and she had water swirling around her hands.

Raven: That's cool.

Bobby: It's a pleasure to meet you all. My name is Bobby Santiago and this is my mom Maria and my little sister Ronnie Anne.

Raven: Pleasure.

Me: So what were you all doing in your dimension before you arrived here?

Starfire: We were fighting Slade.

Me: Slade Wilson AKA Deathstroke?

Raven: That's him. He was out to destroy the city and we destroyed him.

Terra: Slade caused lots of problems for us back home. We combined our abilities and finished him for good.

Lincoln: Well that's good. I'm glad he's gone forever.

Me: Me too. I've heard a lot about his skills in martial arts and how cunning and evil he is.

Raven: Yes. He was our most dangerous enemy.

Terra: He got what was coming to him.

Raven: Robin, Cyborg, Beast Boy, Starfire, Myself and Terra combined our abilities and destroyed him for good.

Varie: Wow. He got what he deserved big time.

Starfire then felt a pain in her back and she suddenly sprouted green angel wings.

We all gasped.

Me: It's an effect of the Lightning of Hinon.

Back in the Teen Titans dimension Cyborg found out which dimension Starfire, Raven and Terra were in.

Cyborg: All right. I found the dimension and I built us a dimensional transporter into each of our communicators. But it's a one time use. Once we use it we will be stuck there forever.

Robin: That's a chance I'll take.

?: Wait!

In came Kole, Bumblebee, Volcana and Argent.

Kole: We're coming with you.

Bumblebee: Yeah. We got your message and we want to be with our friends again.

Robin: Okay, but what is Volcana doing here?

Argent: Me and her met up and I decided to help her renounce her criminal ways.

Volcana: I want to redeem myself and I want to help people in need.

Cyborg: Well you made the right choice.

Robin: All right. Lets go.

A dimensional portal opened up and they went in.

Back in the Living Room at the Loud House, everyone was talking when a portal opened up.

Me: Now what?

Out of the portal came Robin, Cyborg, Beast Boy, Kole, Bumblebee, Argent and Volcana.

Me: Robin, Cyborg, Beast Boy, Kole, Bumblebee, Argent and Volcana!

Starfire: Robin! [Hugs him]

Robin: I'm so glad you're okay Star and you look even more beautiful with wings.

Starfire and Robin kissed.

Terra: Beast Boy! [Hugs Him]

Beast Boy. I'm glad your okay Terra.

Terra: Me too.

Raven: Cyborg. I'm glad your here. Kole, Bumblebee, Argent. It's great to see you again.

Kole: You too Raven.

Argent: Same here.

Bumblebee: Glad you're okay Raven.

Cyborg: We're glad you three are okay.

Starfire: [suspiciously] Why is Volcana here?

Argent: She wants to redeem herself for all the wrongs shes caused by helping people in need.

Raven: Well that's good.

We later sit down in the living room and had a nice chat and dinner. Lola asked Volcana to teach her some more fire powers and she accepted. Lots of stuff went down. The Teen Titans now live in the Loud House. I used my magic to make the Loud House bigger than before.

* * *

When I was done everyone was amazed!

Camie: Wow! Lincoln that's amazing!

Lincoln: It sure was! The day me and Linka got our powers we met the Teen Titans and Volcana here.

Volcana: That was a great day back then.

Nico: Wow that is so cool!

Lola: It sure was.

Maria: Boy that's amazing! I didn't know that's how you guys met each other. I was still Aquamaria back then.

Carol Pusateri: And I was still a total jerk back then too!

Nico: Wow that is nuts!

Maria: I'm sorry we didn't include you as one of the first 6 Redemption Squad members. Me, William, Elena, Venom, Stewie, and Riku were the first people that came to mind.

Volcana: That's all right Maria. But it was cool that I got to join you guys back then.

Nico: It sure was neat.

Applejack: That is really amazing though.

Apple Bloom: It sure is.

Nico: I'm sorry if I was harsh yesterday. It's just that I'm overprotective when it comes to my daughter.

All of us: We understand Nico.

Me: Yeah you're just doing your best as a loving father.

Eli: Besides your daughter is all right now.

Me: I don't know how Benjamin was able to get Hypnosis Rings. That is strange.

Nico: Yeah no kidding.

Eli: But I don't think I want to know how he did so.

Laney: Yeah no kidding.

Lola: Yeah.

Nicole: But we have them in our lab and we're running some tests on them to see where they came from.

Nico: Great. But maybe we can use them to our advantage and get stubborn people that won't tell the truth to talk.

Lisa Loud: That is a most ingenious form of police interrogation Nico.

Me: I like it. Use hypnosis to get convicts to tell the truth instead of forcibly making them tell it.

Laney: I agree there.

Nico: (to me) I mean, how would you feel if one of your kids was targeted like Videl was?

Me: To be honest I would feel exactly the same way like you were dude.

Nico: Good.

Rainbow Dash: Yeah I can't imagine that happening to our kids. But we would all feel the same way.

Fluttershy: We most sure would.

Rarity: Same here darlings.

Zocks: Yeah I would feel the same way myself if me and Chloe have kids.

Chloe Bourgeois: Me too Zocks.

Laney: Yeah we all would.

Nico: Good. I'm glad we're on the same boat.

Lana: Yeah.

Eli: I sense something coming from deep in that cave up ahead.

Nico: That must be where the rescue is taking place.

We flew into the cave and went down into it.

Me: Nice and cool in here.

Zocks: And if something like that happened to Flint, I would DEFINITELY feel the same way.

Nico: Yeah!

Eli: You got that right.

We walked down into the cave and it was getting cooler.

Me: Wow beautiful cave.

Nicole: It sure is beautiful.

Juran: Let's keep our eyes peeled.

Me: Right.

We looked around and then we heard a voice. It sounded strange.

Me: I hear something.

Nico: Weird.

We heard eerie moaning coming from a room and there was a light coming from it.

We went into the room and it was a HUGE AND MASSIVE CRYSTAL CAVE!

Me: WHOA!

Nico: Oh wow!

Eli: What a crystal cave!

Rarity: Oh these crystals are so beautiful!

Nico: Okay, this is too easy.

May: But Nico these crystals are so amazing.

Nico: They sure are. And on a planet located 13 million light-years from home.

Camie: It's amazing.

Lola: No kidding.

The Eerie moaning was getting louder and we were getting closer.

Then in the middle of a huge arena-like floor was a figure and we saw that it looked very much like Jayden!

Me: Is that Jayden?

Nico: What's he doing here?

But he looked at us and we saw that it was actually ANOTHER SAMURAI RED! He looked like a scary version of Samurai Ranger Red and the fire kanji on the helmet had scary teeth underneath it and there were claws on the hands and it had scary fire angel wings!

Nico: WHOA! Another Samurai Red!

Laney: Wow!

Me: Jayden and Silver Samurai would be pissed if they saw this one!

Nico: (takes out Silver Samurai's Ridewatch) It's time to settle this the proper way.

Me: You read my mind! (Takes out Big Lenny's Ridewatch) Dr. Manowar would not like this one.

Nico activated Silver Samurai's Ridewatch and got his sword!

I activated Big Lenny's Ridewatch and my hands were SURGING WITH INTENSE LIGHTNING AND ELECTRICITY!

Me: WHOA! SpongeBob and Patrick would love trying to catch a dangerous jellyfish like Big Lenny.

Varie: Wow! That one is really powerful!

Nico: I'm surprised Olga didn't pick Big Lenny as her archenemy.

Me: I think Jellica is much better for her.

Laney: Yeah and Jellica is a Jellyfish after all.

Nico: Oh right.

Me: Yeah.

Nico: Alright! Come at us!

Then Another Samurai Red clutched its head in pain!

Me: Uh oh! I have a feeling it's another one of my friends!

Another Samurai Red: (In a girls voice) Help me J.D.!

Me: That voice!

Nico: It sure is!

Then she reverted back and we saw that it was a girl with red hair and she had the kanji for Fire emblazoned in the middle of her forehead and she had red clothes that were incredibly familiar. It was my friend that I saved from being mugged years ago in Colorado, Jackie Qinsley!

Me: (Gasp) Jackie Qinsley!

Nico: You know her J.D.?

Me: I do. In Colorado, I saved her from being attacked by a group of muggers and I brought her food and gifts at a local homeless shelter and she was also an orphan that I was helping out. I found out that her mom and dad were physically and brutally abusive to her and I sent them to prison for life for torture and numerous counts of abuse and attempted murder!

We gasped in shock!

Nico: Those monsters!

Rarity: They have no right to call themselves parents!

Sunset Shimmer: I agree there!

Jackie Qinsley: Yes and please help me!

Me: Hold on Jackie!

She screamed and was in a vortex of darkness with Samurai symbols around it and reverted back to Another Samurai Red!

Kaito: (takes out Ryuki gear) After this, we go back to Sentai gears.

Zocks: (takes out Agito gear) These were awesome to do though.

Me: I actually helped Nico make the Kamen Rider Gears for you guys.

Chloe Bourgeois: That's cool!

Nico: I am glad I was able to help out.

Kaito got a Dragon Blade Spear and Zocks got a deadly Katana.

Nico: Nice!

Then we saw Another Samurai Red form a Sword with Electro's symbol on it and it had a disk on it with Electro's moves and power on it.

Me: She has weapons and Samurai Disks for each of the Core and Non-Core Members of the M.O.E.!

Eli: Wow! That is awesome!

Nico: Awesome!

She fired a blast of lightning from the blade and I fired a powerful blast of lightning and the blasts collided and exploded!

MASSIVE FIERY EXPLOSION!

Nico and Another Samurai Red clashed swords.

CLANG! THUNDERCLAP!

Me: WHOA! WHAT POWER!

Eli: That was really shocking!

Lincoln: Literally!

But then our geiger counters were REALLY CLICKING LIKE MAD!

Me: UH OH! There's a massive rise in Gamma Radiation here!

Varie: Oh man! Is it a huge Uranium deposit?

Nicole: I don't think so! According to this the radiation source is moving!

On her device the radiation source was getting closer and closer!

Nicole: The Radiation Source is almost here!

?: That's from me!

A glowing figure came and it was an Evolved Prypiatosian-B and it looked like a buffed version of The Xenothium Monster we destroyed and it was producing as much gamma radiation as 500 billion nuclear reactors!

Me: WHOA!

Nico: (GASP) The Evolved Prypiatosian-B!

She fired a blast of radiation energy and it hit the Another Samurai Red and she exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I caught the Ridewatch and purified it and then went over to Jackie and cured her with my serum. Then the Evolved Prypiatosian-B Gene-slammer reverted back and it was a girl with red hair and red clothes!

Nico: Nora Normavennikova!

Nora Normavennikova: (Ukrainian Accent) Great to see you again Nico.

Me: That was awesome!

Nico: You helped us just in time Nora. Thanks.

Nora Normavennikova: No problem.

I put an astronaut helmet on Jackie for her.

Jackie Qinsley: Thank you J.D.

Me: No problem Jackie.

Volcana: What's your favorite memory of Nico?

Nora Normavennikova: I have a lot of them. But my favorites are in math class. I helped Nico with a very complicated math problem and I even defended him from bullies. I gave this one girl that was pestering her a really hot butt by putting a tiny flaming ember down her underwear and it lit her butt on fire and burned her bad and she was expelled for her crimes.

We laughed at that!

Nico: That was funny! She has 3rd degree burns all over her butt.

Eli: That is funny!

Rarity: It sure is darlings!

Nico and Nora hugged.

Nico: I really missed you.

Nora Normavennikova: Me too Nico. Me too.

Me: But we're not done yet. I sense that Jackie wasn't the only one here.

We then picked up all the weapons and disks for the M.O.E. all over the ground.

?: (Banshee Scream) ZENNIA NIKOLAEVNA!

Zennia Nikolaevna: (Russian Accent) Oh great, I should've known there's no mistaking that banshee scream from anywhere.

Lincoln: Yep, you can come out now, Veronica Davis.

A blonde girl with long blonde hair, tattered clothes, and a look of pure rage on her face came out, it was Zennia Nikolaevna's old enemy, Veronica Davis, the cousin of Lynn's old enemy, Betsy Davis. Just then, the other Dark World Goth Girls appeared as soon as Veronica Davis' banshee scream was heard.

Nico: So, that's Veronica Davis, the cousin of Betsy Davis.

Lincoln: The very one, Nico.

Zennia Nikolaevna: (Russian Accent) I should've known you'd one day come after me for revenge. So, how's life as an expelled student going, bitch?

Veronica Davis: YOU SHUT THE HELL UP! You ruined my entire life and future, I had the entire school bowing before me, but you… you ruined everything! You got me expelled all because of a harmless prank and I got disowned by my dad and forced to live out on the streets!

Zennia Nikolaevna: (Russian Accent) You brought all that on yourself!

Veronica Davis: You shut up! And now, I'm going to kill you and everyone that you love, including your future husband!

Lincoln fired a dark energy beam at Veronica, and it cut her cheek and caused blood to drip from the cut mark, and she went ballistic.

Zennia Nikolaevna: (Russian Accent) No one threatens our future husband and gets away with it!

Nicholette Torrington: Now, you're about to experience the full wrath of Lincoln's Guardian Angels, you bitch.

Twilight Sparkle: Save seconds for us.

Applejack: Yeah, that rotten, sidewinding snake in the grass going to get it for what she just said.

Twilight Sparkle, Applejack, and her friends also joined in as well, and Lincoln, The Dark World Goth Girls, Twilight Sparkle, Applejack, and their friends went after Veronica, and they brutally pulverized her badly, and Zennia even broke her arms and legs. Then, Lincoln tied Veronica up with a rainbow energy straitjacket and rainbow energy chains, so she can't escape.

Lincoln: You think that just because you were popular and rich, you can do whatever you want and hurt innocent people that get in your way? No, what you're doing is breaking the law, Veronica, and seeing your history, you're just as bad as your jailbird cousin, Betsy.

Veronica Davis: What the hell did you do to her?!

Lincoln: She's spending the rest of her life in The Uranus Prison for trying to attack my sister, Lynn, her boyfriend, Lightning, and Ben Tennyson and Julie Yamamoto, as revenge for what we did in stopping her and The Black Daffodil Gang many years ago. But, I've got a special kind of punishment in store for rotten, black-hearted, uneducated Queen Bees like you.

Suddenly, Lincoln was surrounded by golden light, and his massive deep sapphire blue angel wings with stars and rainbow tips on the feathers spread out, and we knew what this means: Lincoln's going to use The King Midas' Golden Touch Vengeance Curse on Veronica Davis.

Lincoln: (Singing Divinely) I see a cold wind blowing through, I see days neither fun nor free, I see a future caused by you, I see a path not meant to be. Your future should filled with magic, dreams, and wishes brought to life. But, the days ahead are dark and tragic, no time for hope when all is strife, whatever might have been, all the dreams that you did share, because of you, Veronica Davis. Now, the future is a cold nightmare.

Nico and I had shivers going down our spines and so did many of us when Lincoln sang that song, then, Lincoln fired powerful blasts of gold energy, and as they hit Veronica Davis, she screamed in horror as she was eventually turned into a 24-Karat gold statue for all eternity, and she was beamed to The Naiad Prison for Xenophobic Egotists, and he put her in a separate cell in Maximum Security Solitary Confinement, and it'll be where she'll spend the rest of her life there, and she'll never be free ever again. Lynn filmed the whole thing, and when Betsy Davis saw what happened to her cousin in her cell in The Uranus Prison, she went completely ballistic with mad rage and fury, and she was also foaming at the mouth.

Nico: Nice one, big guy.

Lincoln: Hope Betsy saw what I did to her evil cousin.

Lynn: Got the whole thing on film, bro, and we just heard Betsy's scream with mad rage. That'll teach her.

Zennia Nikolaevna: (Russian Accent) And I'd hate to find out if her rotten mother also helped her out in trying to kill me.

Suddenly, Lincoln's phone rang and he answered.

Lincoln: Hello?

Sheila Loud: Lincoln, it's Sheila. We also found out that Veronica Davis' mother also helped Veronica with trying to kill Zennia for getting her evil daughter expelled years ago.

Lincoln: Thanks for the update, Sheila. Goodbye.

Lincoln hung up.

Nico: Was that…?

Lincoln: Yep, Sheila called, and she told me that Veronica's mother also helped her daughter out with trying to kill Zennia for what happened years ago. So, she's heading for prison for conspiracy to commit first-degree murder and assisting a known criminal.

Me: Ouch.

Zennia Nikolaevna: (Russian Accent) She's looking at life for this one.

Lincoln: Big time.

Nico: Just like what happened with Layla's scumbag dad when he helped Layla in trying to kill Selene Slytherin long ago. I hope that bitch doesn't survive prison for what she did.

We later went back home through a portal.

---

After Nico's rescue, Lincoln, Me, Ken Knudson, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, The Dynasty Warriors, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, and Maria are heading to Azgol in the world of Magic the Gathering, and not only is Lincoln going to rescue the six girls here, but we're also going to destroy Daemos, Karn, Jennix, Brix, Bora, Verna, Malos, Thanis, and Mortia, who're known as The Inheritors, a family of vampiric beings who feed on the mystical energy of "totems", a mystical bridge between man and animal, and another enemy of Spider-Man.

Lincoln: Wow, we're here in Azgol in the world of Magic the Gathering, and I know what we're going to do here, not only am I going to rescue the six girls here, but we're also going to destroy Daemos, Karn, Jennix, Brix, Bora, Verna, Malos, Thanis, and Mortia, who're known as The Inheritors, a family of vampiric beings who feed on the mystical energy of "totems", a mystical bridge between man and animal, and another enemy of Spider-Man.

Me: That's right, big guy. But, not all of The Inheritors are here in Azgol.

Nico: Yeah, Morlun is the only Inheritor missing.

Lincoln: Which could mean we'll face him later on today, but he'll meet the same fate as his family along with Dio Brando, his minions, and other villains: with me absorbing them into my body. And thanks for joining us, Maria.

Maria: You're welcome, Lincoln, and when Peter found out The Inheritors are here, he warned us of what they were capable of, yikes.

Lincoln: I know, they're dangerous vampiric being, but I'm about to show them just how dangerous a true vampire really is.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of six girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the six girls, but they've been cornered by Daemos, Karn, Jennix, Brix, Bora, Verna, Malos, Thanis, and Mortia, and they're going to kill them.

Lincoln: Guys, I found the six girls, but they've been cornered by Daemos, Karn, Jennix, Brix, Bora, Verna, Malos, Thanis, and Mortia, and they're going to kill them.

?: Let's put an end to those reprehensible energy vampires once and for all.

Suddenly, we saw the Duel Monster, B.E.S. Big Core, appear before us.

Nico: Whoa, that's the Duel Monster, B.E.S. Big Core, it looks like an awesome spaceship.

Lincoln: That's really awesome and I'd recognize that voice from anywhere, I knew it was you, Becky Long, but we'll talk later, we've got a family of vampiric beings to kill.

We then rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Daemos, Karn, Jennix, Brix, Bora, Verna, Malos, Thanis, and Mortia, and it allowed the six girls to get to safety. When Daemos, Karn, Jennix, Brix, Bora, Verna, Malos, Thanis, and Mortia saw us, they hissed in anger at us.

Daemos: How dare you get in the way of our dinner, Team Loud Phoenix Storm?!

Lincoln: You honestly think you and your family can get away with what you want and not get any attention from us?! That's a big mistake, and it's about to cost all of you your lives.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super

Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), and Musashi Miyamoto (Samurai Warriors) got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Maria, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after Daemos, Karn, Jennix, Brix, Bora, Verna, Malos, Thanis, and Mortia, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit them.

Then, Lincoln put Daemos in a brutal bear hug, and he sank his fangs into Daemos' neck, and as Lincoln began drinking Daemos' blood, he also began absorbing Daemos into his body, and he also assimilated Daemos' powers and abilities. This really horrified Karn, Jennix, Brix, Bora, Verna, Malos, Thanis, and Mortia and they were unable to do anything and they were petrified by fear. But, it would be too late, as Lincoln also did the same thing to Karn, Jennix, Brix, Bora, Verna, Malos, Thanis, and Mortia by putting them one at a time in a brutal bear hug, sinking his fangs into their necks, drinking their blood and absorbing them into his body, and he also assimilated all of their powers and abilities. Then, when Lincoln was done feeding on the blood of Daemos, Karn, Jennix, Brix, Bora, Verna, Malos, Thanis, and Mortia and also, absorbing them into his body and assimilating their powers and abilities, nine energy card formed in Lincoln's large left hand with the souls of Daemos, Karn, Jennix, Brix, Bora, Verna, Malos, Thanis, and Mortia inside, and the kanjis appeared on their foreheads, and they were condemned to The Black Gates as they were all erased forever. We cheered wildly as as we holstered our weapons and power down.

Lincoln: That's it for Daemos, Karn, Jennix, Brix, Bora, Verna, Malos, Thanis, and Mortia, but Morlun will also follow the rest of his family later on. (To Becky Long) And it's so good to see you again, Becky Long.

Becky Long reverted back to normal, and she's a beautiful girl with long flowing blue hair, blue eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful blue angel wings, and she reigned in the power of B.E.S. Big Core, and she's dressed in a blue sleeveless vest, light blue sleeveless midriff top, blue skirt, blue pants, blue legwarmers, blue sneakers, and long sleeveless blue trenchcoat with technology and spaceships on the coattails, and B.E.S. Big Core on the back, and holstered on her back a large B.E.S. Big Core-themed greatsword with B.E.S. Big Core etched on the 7'0" massive, wide, double-edged light blue blade, light blue angel wings for the crossguard, large blue gem embedded in the rainguard, longer black handle, and large light blue gem surrounded by angel wings for the pommel.

Becky Long: Indeed it has been six years since last we met, Lincoln.

Lincoln went up to Becky Long and they hugged, and Becky Long's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs as well.

Lincoln: It sure has, I haven't seen you since you were seventeen, and as you can see, I really grew a lot since then.

Becky Long: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs as well, that's so awesome.

Nico: Wow, Lincoln, you know her.

Lincoln: Indeed I do, Nico, this is Becky Long, she's my Guardian Angel from Michigan, and she's a very strong and powerful technomancer. But, she wasn't always born like that. She was pronounced braindead when she was 4 and the doctors then came up with a very risky and dangerous operation. They replaced her dead brain with an artificial Positronic Brain and it was far more powerful than any brain we have.

We gasped.

Me: Whoa.

Nico: That sure is risky.

Lincoln: It sure was, but the operation was a success, and it also gave her incredible powers in Technokinesis, and it turned her mind into an incredible computer capable of storing an infinite amount of information and unleashing the full 100% of her brain power.

Lori: That's right, and she's from my school and she's protected Lincoln from the worst of Lisa's fury and almost got Lisa disowned and sent to a nuthouse in the federal prison system forever as well as all her science stuff confiscated by the scientific community forever.

We gasped in shock.

Me: Oh boy, I wonder what Lisa did this time.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Becky Long's neck with blue gems on the gold thunderbolt links and blue crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Becky Long: (Surprised) A Thunderbird Necklace of Eternal Love?! Does that mean…?!

Lincoln: (Smiles) Yep, you're now part of my harem and one of my many future wives, Becky.

Becky Long had a smile on her face and tears in her eyes, as Lincoln wraps his abnormally massive and powerful muscular arms around Sombra Faiadoragon's waist and Becky Long wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Becky Long's face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the six girls, and when Lincoln saw them, he recognized them immediately. The six girls are Mogami Asahi from Phantom of the Idol, Yuuri Amagake, Rin Kashii, Mion, Yan, and Ringo Tatara from Battle Game in 5 Seconds.

Lincoln: Oh wow, it's Mogami Asahi from Phantom of the Idol, Yuuri Amagake, Rin Kashii, Mion, Yan, and Ringo Tatara from Battle Game in 5 Seconds.

Nico: Awesome.

Lincoln: Are you girls okay?

Mogami Asahi: Yes, we're okay, thanks to you.

Then, when Mogami Asahi and the other five girls saw who it was that saved them from Daemos, Karn, Jennix, Brix, Bora, Verna, Malos, Thanis, and Mortia, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold

He had his massive Hinon's Cosmic Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand and on the back of his massive left hand is a Stone of Gelel embedded in it, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings with stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long glowing neon orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them and had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanji that said, "Savior of The Loud House, True Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, Founder of Team Loud Phoenix Storm, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms, and Destroyer of The House of Damaskinos" on the left leg, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large Element of Harmony deep sapphire blue gem in the shape of a Thunderbird and a large silver Buffalo head with the Thunderbird and Eternity Kanji on its head for the pendant on his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Mogami Asahi: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made five clones of himself, and he and the five clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Mogami Asahi: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, six Thunderbird Necklaces of Eternal Love appeared on the necks of Mogami Asahi, Yuuri Amagake, Rin Kashii, Mion, Yan, and Ringo Tatara with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the World Tree Estate and we told everyone what happened at Azgol, and they were shocked when they found out the villains we went after there were Daemos, Karn, Jennix, Brix, Bora, Verna, Malos, Thanis, and Mortia, the Inheritors.

But, when Lincoln showed what he did to them by biting them on the necks and drinking their blood and absorbing them into his body along with assimilating their powers and abilities and sending them to The Black Gates forever, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Becky Long have a lot of catching up to do now that she's back in town.

---

After we dealt with Karn, Jennix, Brix, Bora, Verna, Malos, Thanis, and Mortia and Lincoln sent them to The Black Gates after he absorbed them, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Becky Long saw Lincoln working out like crazy, she had an atomic red blush on her face.

Becky Long: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Becky, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Becky Long: That's incredible.

Nico: It sure is. So, Becky, how did you almost get Lisa disowned and sent to a nuthouse in the federal prison system forever as well as have all her science stuff confiscated by the scientific community forever?

Becky Long: That's a story that I still remember all too well. One day, I was going for a walk in Royal Woods for some fresh air. But, then, I heard a loud scream for help along with the familiar sound of mad laughter in the air and they were coming from The Loud House, and I knew just who it was that made that loud scream for help: it was Lincoln, and that mad laughter could only come from one person: Lisa, and I knew that heartless so-called prodigy was subjecting Lincoln to an experiment that could end with him getting killed. I ran for The Loud House and kicked open the front door and ran up the stairs, and I ran to Lisa's room, but knowing she has her security system activated, I used my technomancy powers and overrode her security system, and when I kicked the door in, I entered the room, and I saw Lincoln strapped to a table and Lisa was aiming a laser at him, so she could kill him, and she had a twisted grin on her face. I was about to get to him, but Lisa had her robots grab me and she was going to force me to watch as she kills Lincoln and then, she's going to dissect me to get my brain, and she was laughing like an evil lunatic. I used my powers and made them obey me, and they let me go, which caused Lisa to panic. I got Lincoln out of the bounds and he hugged me. Lisa was so enraged, she fired her laser and continued to blast Lincoln and he screamed in pain, and Lisa was laughing maniacally. When the other sisters heard it and came up and saw Lincoln suffering in pain because of Lisa blasting him mercilessly and they also saw her laughing maniacally, it horrified them, and in a moment of rage, I fired an energy blast at Lisa's laser, which destroyed it and then I attacked her viciously, and Lori had to get me off of her, but Lori tied Lisa up with nylon rope, and we came back and Lincoln had a bandage wrapped around his stomach, and it caused everyone to cry, and we gently hugged Lincoln, and he hugged us back, and he had heavy tears coming out of his eyes, and it really hurt our hearts.

We were already having tears in our eyes.

Nico: Oh man, now that's just evil.

Becky Long: But, it's just beginning. We then told Mr. and Mrs. Loud and when we were done, they were enraged. Lisa didn't care, and she said it was all for science, but we saw what she did, what she did was attempted cold-blooded murder, and she was also about to dissect me to get my brain. Her cold-hearted emotionless attitude angered everyone greatly, and they were about to disown her and Lori had her phone out and she was about to get Lisa sent to a nuthouse in the federal prison system, and her parents were about to call the scientific community and get all her science stuff confiscated forever. But, I decided to do something better: I had Lisa thrown in the Royal Woods jail, and she'd be put in the Scared Straight program, and if she tried to kill Lincoln again, then, they'll disown her and her parents will call the scientific community and get all her science stuff confiscated forever, and they'll get her sent to a nuthouse in the federal prison system forever.

When Becky Long was finished, we were horrified at what Lisa did to Lincoln.

Nico: My God, that dark side of Lisa was nothing but a cold, emotionless monster who treats people like human test subjects, and she's done the same with her own family, jeez.

Me: Lisa had a lot of reflecting to do when she was put in the Scared Straight program.

Lincoln: She did, but I didn't want to talk to or even look at her, not after what she did to me. But, eventually, after she came back from the Royal Woods jail, she then broke down and cried, and she apologized. I wasn't able to hold on to the grudge forever, and I went up to her and hugged her, and everyone did the same.

Eli: That's good. But, I can't believe what Lisa did, that was a cold-blooded act of betrayal that could have ended with Lisa being disowned and thrown in a nuthouse forever.

Lincoln: Which is why we're glad Becky Long suggested throwing Lisa in the Scared Straight program in the Royal Woods jail, and she had to learn her actions have consequences, and what'll happen to her if she tries to kill me again.

We then got a shower afterwards, but then, a bright light descended on the World Tree Estate, and we covered our eyes. Then, the bright light began to fade and we uncovered our eyes, and to our surprise, the world that Ajna came from has merged with ours.

Ajna: (Indian Accent) Wow, my world has merged with yours, Linky.

Lincoln: Awesome, and I think it's time we head out to meet your family.

Nico: Good idea.

We then flew off to Ashwat Village where Ajna came from, so we can meet her family. We arrived at her village and it was amazing. We arrived at Ajna's home, and we knocked on the door, and then, out came her father, and when he saw Ajna, they hugged. Then, Ajna introduced her father to Lincoln who saved her, and he was proud that his daughter's part of Lincoln's harem and he'll take good care of her. Suddenly, we felt a dark presence, and Lincoln fired rainbow energy blasts, which transformed into rainbow energy chains, which bound a large figure and we saw who it was: it was Solus, the father of Morlun, Daemos, Karn, Jennix, Brix, Bora, Verna, Malos, Thanis, and Mortia, The Inheritors and is the leader of

The Inheritors.

Spider-Man: Knew I sensed something creepy crawling out of the shadows, how's it hanging, Solus?

Solus: I will make every last one of you pay for what you did to my children.

Lincoln: Not all of your children died, Solus, Morlun's still out there, but don't worry, he'll join you and the rest of his siblings very soon.

Then, Lincoln grabs Solus and puts him in a brutal bear hug so he can't escape, and then, Lincoln sank his fangs into Solus' neck, and as Lincoln began drinking Solus' blood, he also began absorbing Solus into his body, and he also assimilated Solus' powers and abilities. Then, when Lincoln was done feeding on Solus' blood and absorbing him into his body and assimilating his powers and abilities, an energy card formed in Lincoln's large left hand with Solus' soul inside, and the kanji appeared on his forehead, and he was condemned to The Black Gates as he was erased forever.

Nico: Awesome, now all that's left is to kill Morlun, and we'll be rid of The Inheritor once and for all.

Lincoln: That's right.

Lincoln then moved Ajna's father to Gotham Royal York, so he could be close to his daughter, and he's going to enjoy being with his daughter again, and being with his future son-in-law.

---

Later it was time for Sunset Shimmer's 3rd Ambassador Mission!

William: Anyone else want to go with Sunset? Besides El Oso, Turbo, and 1 Rabbid?

Kameo: I'll go.

Nico: Awesome.

Eli: This is gonna be awesome.

Me: I have a feeling we're going to face a really awesome boss this time.

Nico: Same here. All right lets head out!

We were off!

We arrived on the beautiful Eden planet of Pokitaru!

Me: Wow!

Nicole: The planet Pokitaru. It's amazing.

Nico: So this is the planet Pokitaru. It's a beautiful jungle planet.

---

Pokitaru is a planet in the Solana Galaxy featured in Ratchet & Clank and Size Matters. It is a small, tropical world filled with oceans and islands, and most notably home to the Jowai Resort, a very popular galactic tourist destination. It was also a destination to find Raritanium. Ratchet and Clank first came to Jowai Resort in search of an O2 Mask that was given to tourists for them to swim underwater. Once they arrived, they found the planet was under attack by the blarg dumping toxic waste into the ocean, and could only obtain a mask by destroying the blarg. The toxic waste had also made it impossible to obtain Raritanium. Later, the two visited Pokitaru on vacation, before being visited by Luna, who claimed to be researching on the two heroes for a school project.

---

Ratchet and Clank came.

Ratchet: Hey guys!

Nico: Hey Ratchet.

Sunset Shimmer: Ratchet, this is my archenemy.

El Oso: (Spanish Accent) Ola amigo. I'm El Oso. Pleasure to meet you.

Ratchet: Pleasure to meet you El Oso.

Me: His name is Spanish for The Bear.

Clang: A most great name.

Kameo: Awesome to meet you too. I'm Kameo, Princess of the 10 Elements.

Ratchet: Pleasure to meet you your highness.

Kameo: No need for formalities.

Ratchet: Sorry. Oh here is another of my friends.

Out came a light pink version of Ratchet. It was his friend Rivet.

Rivet: Wow Team Loud Phoenix Storm it's such an honor. My name is Rivet. It's an honor.

Me: You too Rivet.

Rivet: And who is the little guy on Sunset shoulder?

Turbo: I'm Turbo.

Me: Turbo is the fastest snail ever. Normally snails are the slowest ever but not Turbo.

Turbo: Yep. Watch.

Turbo glowed and then…

ZOOOOOMM!

He zoomed faster than a bullet fired from a gun and really burned up the area and came back.

Ratchet: WOW! That was fast!

Kameo: That's what makes Turbo really fast.

Me: He was given an infusion of Nitrous Oxide and it made him really fast.

Eli: Nitrous Oxide is what we call Laughing Gas. But it made him fast.

Ratchet: Really unusual but cool.

Nico: So, which bad guy are we facing this time?

Me: I think we're facing HIM!

We saw a huge brain octopus creature! It was TELEPATHOPUS!

---

Telepathopi are minibosses in Ratchet & Clank, fought in the Telepathopus Fields in the Blarg Research Outpost on Gaspar, and in the Jowai Resort on Pokitaru. They are large, octopus-like creatures with enormous brains providing them with telepathic abilities. Telepathopi are valuable for their telepathopus brains, as a live individual telepathopus contains three brains, while an egg sack contains one. There are ninety telepathopus brains in total throughout Gaspar's Telepathopus Fields, which can be obtained for bolts.

Collecting all telepathopus brains unlocks the gold trophy Abby Normal.

The telepathopus replace the psy-tcopus enemies from the original 2002 Ratchet & Clank, and that they are both large, purple octopus creatures that fire energy blasts. However, telepathopus enemies are much larger, with greater health, and appear as minibosses.

---

Nicole: Telepathopus!

Nico: He was really ugly!

Me: Yeah! He reminds me of Aurora Unit 313 that Samus faced on Phaaze.

Nico: Yeah!

Eli: That was the scariest villain Samus faced.

Nico: Another villain that doesn't talk?

Me: Yep.

Nicole: They don't talk at all.

Sunset Shimmer: But this was a great villain.

Me: Funny thing is the trophy you get when you collect all the brains of Telepathopus called Abby Normal reminds me of what Eyegor said in the 1974 movie Young Frankenstein. Me and my dad watched that movie a long time ago and it was awesome.

Nico: Cool.

Eli: Yeah.

Nico: Let's not keep it waiting.

Me: It's Buttkicking time! KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Kameo: Time for some action!

Kameo spread her wings!

Turbo: Lets zoom!

We got to finding it.

We kept looking around. But so far, it was quiet.

Nico: So far nothing.

Me: But I feel its energy. I activated Grodd's Ridewatch. It lets me feel psychic energy.

Nico: Nice.

Me: There!

We saw the Telepathopus!

Nico: Lets get him! (Gets out Moonstone's Ridewatch) Now taste this!

He activated it and fired waves of energy and blasted Telepathopus all over with powerful energy blasts!

Nico: YEAH!

Turbo: Who says you guys get all the fun?!

ZOOOOOOMMM!

He zoomed fast and got on top of the Telepathopus's head and bit its brain and it roared in pain!

Kameo: OUCH! That is gonna hurt!

Kameo then pulverized the Telepathopus all over with the brute strength of Pummelweed!

Nico: YEAH!

Eli: Take that!

Nico: Time for some Eyecons!

Kameo: Lets see what mine can do.

She activated hers.

CLOW REED AND ELI MOON!

Me: That's coincidental! And Eli Moon is Clow Reed's reincarnation.

Nico: Very awesome.

Kameo fired a magic blast and it hit Telepathopus and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOMM!

Nico: YEAH!

Turbo zoomed back to us.

El Oso ran at the Telepathopus.

El Oso: Take this estupido!

He punched it and smashed it all over with brute force and strength!

Eli: OH YEAH!

Nicole: YEAH! Speaking of which.

Nicole pulled out the ridewatch for Control Freak and activated it and she got the powers of Bowser from Bowser's Fury!

Nicole: Try this one!

She fired a massive blast of incredibly powerful fire and it hit Telepathopus and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ratchet puts on a glove and uses it to place a small turret that shot lasers at the Telepathopus

Me: OH YEAH!

The blasts all hit Telepathopus and burned it all over.

Eli: Lets see how it likes this!

He activated Beast Wars Megatron's Ridewatch and fired a purple laser blast and it hit Telepathopus and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM!

Ratchet fires a stream of blue liquid from the Liquid Nitrogen Gun.

He froze the tentacles on the Telepathopus.

Nico: YEAH! Now for me.

Nico fired a blast of fire and shattered them off.

Turbo: Is it dead?

I fired a blast of blue fire and incinerated it into nothing.

Me: Now it is.

Nico: Good riddance.

Eli: Yep.

Rivet: You guys were awesome!

Me: Yeah we were!

Nico: Oh yeah!

Kameo: That was a cool one though.

Sunset Shimmer: Boy it sure was awesome.

Later we came back.

May: How did it go?

Me: Really awesome.

We told them everything and it was so awesome.

Lincoln: Wow! That is so cool!

Eli: Yeah it was!

May: Next time, Maggie Peyton should go with you.

Sunset Shimmer: Great idea! It'll be awesome for her.

Maggie Peyton: It sure will.

---

We were later watching TV.

Lisa and Bart were fighting all over and Lisa was strangling Bart.

Eli: Excuse me you two but I must discipline the nannygoats!

eli grabbed them and bonked their heads together!

Bart and Lisa: OUCH!

Starlight Glimmer came in.

Starlight Glimmer: Guys, I have big news!

Jinx: (deadpans) Let me guess: You're pregnant.

Starlight Glimmer: How did you know?

Maria: That seems to be commonly occurring around here.

Fireheart Flame: Wow!

Starburst Aurora: Oh mommy!

They went and hugged her!

So did Lincoln.

Johnny Bravo: (pouts) I want to be a daddy!

Nico: You'll get your shot Johnny.

Eli: Yeah Johnny we'll ALL get our shot.

Nico: Yeah.

Me: But after have to go to the doctor after todays mission though.

Nico: You think Swartz is causing this so some of us would be put out of action?

G1 Thrust: Boss, you're being paranoid. Swartz wants to destroy us. Not make more of us.

Nico: Yeah. You're right.

Me: Besides it's Lincoln. He's a loving father already.

Nico: Oh you're right. I'm happy for Lincoln. I really am.

May: We all are.

Videl Chan: Yeah we all are.

Strafe: Maybe the transformations some of us got on big missions are making us pregnant quickly.

Nico: That could be it.

Lola: But I think it's just a coincidence.

Edd: Yeah Lincoln just wants to have a huge and amazing family like all of us all do.

Rita: Yeah Double D is right. It's just a beautiful thing like how me and Lynn want a big family..

Nico: Oh you're right. I'm happy for Lincoln and his future wives. All of them.

Nora Valkyrie: We all are.

Ruby Rose: Linky deserves this after everything he went through.

Qin: Yeah no kidding.

W.i.T.C.H Miranda: Does anyone know Fi Philips? I'm not mad. I just want to know.

We shook our heads.

Nico: No sorry.

Bonnie Terrez: Wait I know Fi Philips! She is my penpal that I met in an online chat room and she and her friends all have had encounters with everything in the worlds of the paranormal, mythological, spiritual, mystical, supernatural and more.

Nico: Wow! Bonnie that's amazing.

May: It sure is.

W.I.T.C.H. Miranda: Wow! That is cool!

Bonnie Terrez: Yeah it sure is.

Nico: That is cool! You'll have to take us to meet her sometime.

Bonnie Terrez: That is a promise.

Nico: Okay it's time for our next mission and I have just the one.

Then Grumblemon, Duskmon, Ranamon, Mercurymon, Arbormon, MetalSeadramon, Harpymon, SkullMeramon, Thundermon and BlackWarGreymon appeared.

Grumblemon: Can me, Duskmon, Ranamon, Mercurymon, Arbormon, MetalSeadramon, Harpymon, SkullMeramon, Thundermon and BlackWarGreymon go with you guys?

Nico: Yes you all sure can. We're going on a really awesome adventure this time. We're going to meet Max and his awesome hero friends Sharkboy and Lavagirl.

Eli: Wow! This will be awesome!

Nico: Yep. First we're going to watch the movie The Adventures of Sharkboy and Lavagirl so we can get to see what it's like and then we're gonna go after our main target Mr. Electric.

Mercurymon: All right!

Arbormon: This will be awesome!

Nico: Yep.

We got to watching the movie.

---

Max is a lonely 10-year-old boy living in the suburbs of Austin. In his imagination he has created a dreamworld named Planet Drool, where his dreams come to life. It contains two main characters: Sharkboy, who was raised by sharks after losing his father (a marine biologist) at sea, and became a shark-hybrid himself, and Lavagirl, who can produce fire and lava but has trouble controlling her power, so that objects often catch fire when she touches them. The pair act as protectors of Planet Drool. In the real world, Max's parents have little time for him, and their marriage is not going well. At school, he is bullied by his classmate Linus. He does receive some friendship from Marissa, the daughter of the teacher, Mr. Electricidad. Linus steals Max's dream journal and threatens to "make changes" to it. The next day, twin tornadoes form outside the school. Sharkboy and Lavagirl emerge from the storm and ask Max to accompany them to Planet Drool, which he learns is turning bad thanks to Mr. Electric, a robot resembling Mr. Electricidad and the dreamworld's now-corrupt electrician, under the orders of an unknown mastermind. They travel to Planet Drool with the Shark Rocket with an autopilot control. Max then realizes that he has never come up with a landing function.

They confront Mr. Electric in his lair, but he drops them into the Dream Graveyard, where many of Max's dreams have been dumped. They find Tobor, a robot toy that Max never finished building after being discouraged by his father. Tobor carries them to other parts of the planet. The three bond during their journey, but face hardships, such as Sharkboy's anger that the oceans are frozen over, and Lavagirl's desperation to find her true purpose on Planet Drool. They are pursued by Mr. Electric and his "plughounds". They plan to reach the Ice Princess and obtain the Crystal Heart, with which they could freeze time, giving them enough time to get to the center of Planet Drool and for Max to fix the dreamworld by re-dreaming it. Instead, they are captured by Mr. Electric and delivered to the mastermind, who is revealed to be Minus, a villain resembling Linus who has altered Max's journal and hence the dreamworld. Minus traps them in a cage. Sharkboy becomes enraged by singing bubbles and destroys the cage in a "shark frenzy". Max retrieves his dream journal while Minus is sleeping. Reading the book, Max informs Sharkboy that his father is still alive, but when Lavagirl wishes to learn what it says about her true identity, she grabs the book and it burns to ash. In a desperate rage, Lavagirl asks Max why he made her out of lava, and runs off.

Max wants to follow, but Sharkboy tells him to let her cool down.

The three eventually reach the Ice Princess, who resembles Marissa. She hands over the Crystal Heart, but they are unable to stop the corruption, since the Ice Princess is the only one who can use the Crystal Heart's power, and cannot leave her home. Afterwards, Mr. Electric seemingly kills Sharkboy by tricking him into jumping into water filled with electric eels, which are his weakness. Lavagirl sacrifices herself by jumping into the water to retrieve him. Max realizes he has been selfish in wanting to get back to Earth. Tobor appears and convinces Max to dream a better, unselfish dream. Just then, Sharkboy regains consciousness and races Lavagirl to a volcano to revive her. Max realizes that Lavagirl's purpose is as a light against the darkness which has engulfed Planet Drool. Max becomes the "Daydreamer" and gains reality-warping powers to defeats Minus. He then offers that the two join to make a better dreamworld, and Minus agrees. Lavagirl thanks Max and Sharkboy for saving her.

Minus offers to let Mr. Electric return to running Planet Drool, but Mr. Electric reveals that he never enjoyed doing so in the first place. He tells Max that he made a terrible mistake of dreaming him up and flies to Earth to destroy Max while he is dreaming. Max awakens back in his classroom during the tornado storm. Mr. Electric arrives in the tornado in front of the class and an astonished Mr. Electricidad. Max's parents are caught in the storm too, but are saved by Sharkboy and Lavagirl. Max gives the Crystal Heart to Marissa so she can use the Ice Princess's powers to freeze and destroy Mr. Electric. Mr. Electricidad, Linus, and Max make peace with one another, and Max reunites with his now-reconciled parents.

Later, Max informs his class that Planet Drool is a proper dreamworld once again, that Sharkboy is now King of the Ocean and that Lavagirl is Queen of the Volcanoes. As the film shows Max finally finishing Tobor, he reminds the class to "dream a better dream, and work to make it real".

---

When the movie was done we cheered wildly.

Me: That was so awesome!

Lola: Max has awesome powers.

Right: Just like how we can use the power of the Imagination like that.

Me: Yep. Lavagirl is awesome because of her powers for Volcanoes.

Pele the Fire Goddess: Just like how I can do it.

Max (Wild Force): And Sharkboy has awesome Shark powers and I'm the Shark Ranger.

Galaxy Man: Nico, which Gene Slammer do you think you'll meet next rescue?

Nico: Hmm. Well this one I've been thinking of just popped into my head. I'm hoping to do one for Sister Sercy's kind next.

Me: Cool!

Shanan: That will be interesting. A Gene-slammer for one of the Empyrionites next.

Nico: Empyrionite?

Sercy: They are one of my kind and we are very religious and faithful and give hope to many people. We come from the planet Empyri and it's a beautiful and magical place.

Nico: That is amazing!

Me: So it'll be Green Lantern Hal Jordan that goes with you next.

Nico: And Morpheus too. He knows all about Blue Fire.

Me: Good idea.

Morpheus: I would be honored.

Me: Awesome.

Nico: Yep. But lets find out more about Mr. Electric.

Me: Okay.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was Morlun, the last of The Inheritors, and he wants revenge for what Lincoln did to his siblings, Daemos, Karn, Jennix, Brix, Bora, Verna, Malos, Thanis, and Mortia, and what he just did to his father, Solus. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us today?

Lincoln: You got that right, Nico, and we're not going to like this guy one bit: the dark energy signal I sensed belongs to Morlun, the last of The Inheritors, and he wants bloody revenge for what I did to his siblings, Daemos, Karn, Jennix, Brix, Bora, Verna, Malos, Thanis, and Mortia, and what I just did to his father, Solus.

Spider-Man: Should've known he'd come out sooner or later. Looks like he's really angry at what you did to his family.

Lincoln: And after what I did in feeding on his family members and absorbing them and sending their souls to The Black Gates, now he wants bloody revenge on me. Like I'll let him do that, he's going to die a horrible gruesome death, and I'll make him suffer the very same fate as the rest of his wretched family.

Adriana Ardelean Dracula: (Romanian Accent) That's exactly what we're going to do to him together, Linky, and he'll join his wretched family in The Black Gates forever.

Nico: Whoa, a battle between vampires, this is really going to get bloody.

Me: Big time.

Nico: And I hope they make sure they drain him dry. Alright, gang, let's go, we've got an electric villain to destroy.

I looked up his history and what it revealed was shocking! Metaphorically speaking.

---

Mr. Electricidad, also better known by his supervillain name Mr. Electric, is the main antagonist of the infamous 2005 action movie The Adventures of Sharkboy and Lavagirl.

He is Max's school teacher in real life. As Mr. Electric, he was the former electrician of Planet Drool, Max's arch-nemesis, and Minus' former henchman.

He was portrayed by George Lopez, who also played Glaze in The Spy Next Door and Pablo in Cats & Dogs 3: Paws Unite!.

The next day, a tornado rages outside the school, and moments later, Sharkboy and Lavagirl appear and ask Max to come with them to Planet Drool. They reach Planet Drool via a shark-like spacecraft, where Max learns that the dreamworld is turning bad, courtesy of Mr. Electric, originally the dreamworld's electrician but now corrupted.

Sharkboy and Lavagirl save some children from an out-of-control roller coaster called "Mount Neverrest" within the dreamy mountain's namesake amusement park. Then with Max, they confront Mr. Electric, who quickly drops them in a part of Planet Drool called the Dream Graveyard, where some of Max's dreams have been dumped. They find Tobor, a robot toy that was never finished being built by Max, but offers them a lift to other parts of the planet (in which they ride on his eyes and mouth since he can't move the rest of his body parts).

Whilst on the journey, the three form a friendship but they face hardships, such as Sharkboy's anger for the oceans being frozen over, and Lavagirl's desperation to find her true purpose on Planet Drool. They are pursued by Mr. Electric and his "plughounds" across the planet. They plan to visit the Ice Princess and obtain the Crystal Heart, which can freeze time, giving them enough time to get to the center of Planet Drool and fix the dreamworld using Max's daydreaming. However, they are captured by Mr. Electric and delivered to Linus's Planet Drool incarnation Minus, who has altered the dreamworld with Max's own Dream Journal and traps the three in a cage.

Sharkboy gets annoyed by Lalas and has a shark frenzy, destroying the cage. Max retrieves the Dream Journal from Minus while he is sleeping, after the three escape. Max informs Sharkboy that his father is alive in his book, but when Lavagirl wishes to find out what it says about her true identity, she burns the book to ash. In rage, Lavagirl asks him why she was made out of lava, but Sharkboy tells Max to let her cool down.

With little time left, Max, Sharkboy and Lavagirl reach the Ice Princess, the Planet Drool incarnation of Marissa Electricidad (Sasha Pieterse), after an encounter with the Ice Guardian (voiced by George Lopez). She hands over the Crystal Heart, but they find they are too late to stop the corruption since the ice princess is the only one who can use the Crystal Heart's power and she cannot leave her home. Mr. Electric fools Sharkboy into jumping into water filled with electric eels, seemingly killing him. Lavagirl jumps into the water to retrieve Sharkboy but dies moments later.

Tobor's face appears and convinces Max to dream a better and unselfish dream, which in turn revives Sharkboy, who then races Lavagirl to a volcano where she too is revived. Max witnesses her revival and concludes that her purpose is as a light against the dark clouds which have slowly engulfed Planet Drool's skies. Max gains reality warping as the Daydreamer and battles Linus/Minus, defeating him, and offering to make a better dreamworld between the two of them, which Minus agrees to.

Mr. Electric refuses to accept the new dreamworld, and flies off to Earth to kill Max while he is dreaming. Max awakens back in his classroom in the middle of the storm. Mr. Electric materializes before Max and an astonished Mr. Electricidad. Max's parents get sucked into the storm, but are saved by Sharkboy and Lavagirl. Max gives the Crystal Heart to Marissa, allowing her to gain the Ice Princess's powers, which she uses to freeze and destroy Mr. Electric. Mr. Electricidad, Linus and Max all make peace with one another, and Max is reunited with his parents.

When we were done reading we were horrified!

Nico: Not good!

Eli: Yeah we have to destroy him forever.

Me: And just like in the movie we need the help of Merissa, Max, Lavagirl and Sharkboy.

Nico: Yep.

SkullMeramon: Let's get going.

Nico: We're off to Austin, Texas.

We were off.

Austin, Texas

We were walking through the suburbs of Austin, Texas to Max's school.

Tuddrussel: (Inhales) Ahh! YEEHAW! Smell that Texas air!

Applejack: YEEHAW! Love Texas.

Nico: Wait until Mr. Electric gets a load of my steam shot attack!

Lasher: Did you just make that up today?

Nico: Yeah I thought it would be awesome.

Beverly Holiday: I hope Max is doing all right.

Me: He will be all right sis. And he will have us and Sharkboy, Lava Girl and Merissa as his friends too.

Beverly Holiday: Thank goodness bro.

Nico: How come you called Dr. Holiday's sister sis?

Me: After me and Rex saved her from being an incurable E.V.O., me and Bev grew close as brother and sister.

Dr. Holiday: And I'm cool with it Nico.

Nico: Awesome.

We arrived at Max's school.

We went in and saw all the kids having lunch.

Arbormon: Hey there, people of Max's school!

Everyone was excited to see us.

Max: Wow! Team Loud Phoenix Storm it's an honor!

Me: Same here Max. We came to help you and Merissa out. I take it things are starting to get uneasy on Drool because of the return of Mr. Electric.

Max: Yeah that's right.

Merissa: We're not going to let him return.

Me: We'll gladly help you out.

Max: Thanks. You guys are our heroes.

Merissa: You sure are.

Qin: Thanks you two.

Right: Max we're sorry you got so lonely. But we'll ALL be your friends now.

Me: Absolutely.

Max: Thanks guys. That means a lot.

Acid Man: Funny. Previously, there was a tornado. But right now, everything looks calm.

Max: That's because of Electric's defeat the first time.

Konan: But we're really happy that you and your family are back together.

Max: Thanks Konan.

Merissa: I like your hair and the flower in it Konan. It's beautiful.

Konan: I'm glad you do. Thank you.

Me: I'm happy and that Sharkboy and Lavagirl are both rulers of the water and volcanoes too.

Merissa: That is so awesome.

Mercurymon: We probably don't want to keep them waiting.

Me: Nope.

Max: Lets go.

Merissa: We're with you guys.

Nico: Awesome. And I know just the planet to face Electric on.

Me: Alhmacan?

Nico: Alhmacan.

Me: Scorching but fitting.

Qin: Yep.

Nico: Lets head out.

With that We were off to Planet Drool!

---

# PLANET DROOL

---

We arrived at Planet Drool and it was a huge Amusement Park.

Harley Quinn: Here we are!

Nico: So this is Planet Drool!

Eli: Wow! It looks like a huge Amusement Park.

Max: That was my first reaction too.

Merissa: It's amazing.

Nico: Yeah but not the kind to have fun. Lets find Sharkboy and Lava Girl.

We went to find them and then we found them fighting a bunch of Hidrer Soldiers!

MetalSeadramon: There they are.

Nico: And they are fighting numerous Hidrer Soldiers from 1985's Changeman series!

Me: Wow!

Nico: Lets get them!

We went at them and then punched and slashed numerous footsoldiers all over the place and destroyed them!

Lavagirl: You all made it!

Sharkboy: You sure did!

Lola: Awesome we got here just in time!

Clawful: It's real nice to meet you, Sharkboy.

Lola: And you too Lavagirl.

Lavagirl: Same to you guys.

Sharkboy: We're honored to meet the all-powerful Team Loud Phoenix Storm.

Nico: We are honored too.

Qin: I take it you heard that Mr. Electric is back.

Lavagirl: Yes and we have to destroy him forever.

Me: We'll gladly destroy him and give him the Black Gates.

Sharkboy: Great!

Thundermon: I'm more electrical than that jerk will ever be!

Lavagirl: And smaller.

Me: Big things do come in small packages. But also if this is the dream world then I can do this.

I concentrated and then in flare ups of a Dragon, Phoenix, Griffon, Mermaid and Pegasus Aura, I brought the Changeman to us and they were younger and in their prime like they were in 1985!

Natilee: Wow! Nice one dad!

Me: Yeah!

Nico: Awesome! The Changeman are with us now.

Hiryuu: What the Hell's going on here? Why are we younger?

Gabriel Agreste: You're gonna want to sit down for this.

Sayaka: We're all ears.

Lavagirl: That was cool you did that J.D.

Me: Yep. I'm a Dreamwalker now. It's amazing.

We told Hiryuu and the Changeman everything and it was amazing. We also told them about the battle with Thanos and how they helped 34 years later with all their fellow Sentai Rangers before Zyurangers

and more.

They were shocked and amazed!

Shou: Wow! That is cool!

Hiryuu: Kaito, it's good to see you again.

Kaito: Same to you Hiryuu.

Zocks: You guys are gonna make great members for the team.

Me: This is awesome. Now we have one of the Pre-Zyuranger teams with us.

Nico: We sure do. It may be over 45 years but we need ALL the Sentai teams with us.

Me: We'll have to do that as time goes on.

Eli: Yeah.

Kairi Yano: And one of the Another Rangers had your look.

Hiryuu: Say what?!

Me: It's a really long and crazy story.

Nico: Yeah it sure is.

Me: But thanks to that one we can do this.

I stood up.

Me: EMERALD DRAGON POWER!

I flared up an Emerald Green Lung Dragon Aura infused with the powers of Lord Drakkon and fired a green energy blast and it hit a bunch of Changeman Footsoldiers coming and destroyed them in a powerful fiery explosion!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: WHOA!

Hiryuu: Wow! You guys have learned all our moves!

Me: We learned them from Troy and his team here.

Troy: Yeah we had a hand in helping them.

Flywheels: That's right. Some of your foot soldiers are working for Mr. Electric.

Me: Yep. But it was just amazing that you guys battled so many monsters back in 1985.

Nico: Yep. We'll have to include your monsters in the Masters of Evil Usual Battles roster.

Qin: Good idea Nico.

Starlight Glimmer: I agree there. (Gets mad) AND BE QUICK ABOUT IT ALREADY!

Sayaka: Jeez sorry!

Me: It's all right guys. She's not getting mad at you on purpose. It's just part of the natural process. Starlight is having babies soon.

Nico: Yep.

Shou: Wow! Congratulations Starlight!

Starlight Glimmer: Thanks Shou.

Poromon: Since this is a dream world, I can do this as well. HEY, BEER AID!

Beer Aid appeared.

Beer Aid: Oh yeah!

Duskmon: (facepalms) I knew this was gonna happen.

We laughed.

Me: Man I'm thirsty. Oh no! Oh no! Oh no!

Kool Aid Man crashed through a carnival stand!

Kool Aid Man: Oh yeah!

Me: Perfect.

I held out my water bottle and he filled it up.

Me: Thanks K.A.M.

Kool Aid Man: Anytime.

Nico: Can we have some?

Kool Aid Man: Sure.

I drank some and everyone got some.

Lavagirl: That was cool though.

Sayaka: That was awesome.

Shou: It sure was.

Poromon: Anyone want to drink from Beer Aid?

Thorn: Poromon, you give that to people who are legal enough.

Poromon: Oh right.

Laney: Nice try.

Lola: Yeah.

Lavagirl: Digimon and Pokemon that drink? Weird.

Me: Don't ask.

Harpymon: Now that everyone enjoyed their drinks, let's go find Mr. Electric.

Max: And I know just where to look.

We saw his old castle and it was a lightning generator tower.

Me: A power tower. Pretty obvious.

Eli: Yeah no kidding.

Laney: But we're ready for him.

Ludwig Koopa: Entrance time.

Nico: Yep. Lets do it.

We were off.

In his castle, Mr. Electric was brooding and fuming mad that his plan was ruined by Max. Suddenly the castle turned into the volcanic world of Alhmacan!

Mr. Electric: What the!? Where the hell am I!?

Then the spirits of 1,400+ Digimon appeared and orbited around him and then they converged and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted off above him and a phoenix cry was heard.

Zocks: (Singing) Yo-ho-hoy- yo-ho-hoy- yo-ho-hoy-hoy! Hey! I am a World Pirate. In pursuit of treasure, I go from sea to sea! I am a pirate. In pursuit of freedom, I travel from world to world! I'll get my hands on it no matter what! And then I'll get a feeling that's two good! Yo-ho-hoy!

We came out.

Max: Hey Electric.

Me: Time for us to trap you in a giant rubber band ball!

Hiryuu: And it's going to hurt!

Mr. Electric: (sarcastically) Congratulations, heroes. You just brought to you a Sentai Team who's past their prime.

BlackWarGreymon: You shouldn't underestimate ANY Sentai or Ranger team.

Hiryuu: We may have debuted a long time ago. But we still exist to put a stop to evil villains like you.

Me: And we're going to destroy you once and for all Electric!

Mr. Electric: We'll see about that!

He fired a massive blast of lightning at us.

Nico: DRAGON THUNDERCLAP!

The 5-Star Ball on Nico's bracelet glowed and Nico fired a massive blast of lightning and it overpowered Electric's lightning and it hit him and exploded!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was down but not out!

Then the Dark Signers, Ben Ravengroft, Felix Faust and Shade appeared.

Nico: Dark Signers, Ben Ravengroft, Felix Faust and Shade.

Misty Tredwell: Hey guys.

Me: Hey honey.

Jack Atlas: Hey Carly.

Roman Goodwin: Starlight, after this, you need to see a doctor and get some rest!

Devack: We don't want the baby to be harmed!

Starlight Glimmer: Don't worry. I'll be all right.

Carly Atlas: Now you know how me and Misty felt.

Me: And we are going to the doctor after this mission is done.

Misty Tredwell: (to Nico) We heard you went to this planet this morning.

Nico: Yep we sure did.

Kalin: How was it?

Nico: Scorching hot. It was cool though.

Misty Tredwell: Whoa is that the Changeman team!?

Me: Yep. I used my Dreamwalking powers to bring them here and put them in their prime again.

Hiryuu: It feels amazing again.

Sayaka: Yeah it does!

?: It sure does!

A figure came out and it was MOLTORZORD from episode 9 of Operation Overdrive!

---

This massive red, blue, silver and gold colored rhino-like cybernetic Zord was being created by the Lava Lizards, alongside the Dragonizer. for which Moltor can use to destroy the Rangers and take the Corona Jewels, Flurious and Norg came and Flurious (much to Moltor's confusion) told Moltor to work together. While possessing immense strength, this robot could also fire Gatling gun blasts and chains that can wrap around the enemy. In the first battle in the city two evil Zords worked together and defeat the Drivemax Megazord. They called upon the Drill and Cement Drivers but the Drill and Mixer formation was useless against the new Zords. The Rangers then tried to call in the Crane and Shovel Drivers but Moltor's Zord crippled them with energy blasts and prevented them from interfering. They then resumed thier pounding of the Megazord, eventually forcing four of the Rangers to eject with Mack staying for some reason and the villains took it on their island with Mack inside where they laid a smackdown on it. However, the Rangers later showed up in the newly repaired auxiliary Zords and forced the Zords into battle. By this time, Moltor had assumed control over this Zord and Flurious had taken control of the other from a Lava Lizard. Moltor's Zord was easily overwhelmed by the Crane Driver's crane arm and Dragonizer was no match for the Cement Driver's energy blasts. The Rangers then combined into the new Super DriveMax Megazord The Zord tried to take it out with energy blasts but it was immune and flipped it out After freezing Dragonzier with cement, the Rangers finished off this Zord with the Super Drivemax Megazord's Power Ram along with the Dragonizer, seemingly killing Moltor and Flurious although they survived and broke thier alliance.

---

Me: Moltorzord! Whoa! I remember you! You were the personal Megazord of Moltor! And you were used to destroy the rangers and take the jewels.

Moltorzord: Yep. Good memory.

Mack: How come you're normal sized?

Me: That's a good reason.

Nico: Yep.

Persephone: We don't know yet. After this mission is done we're going to take Starlight to the doctor to find out.

Starlight Glimmer: Yeah. (Puts hand on her belly) My belly is getting bigger. And I feel really heavy too.

Starburst Aurora: But we're really excited to meet our new siblings.

Fireheart Flame: We sure are and we think they are coming tomorrow morning after Irma's Ambassador Mission.

Misty Tredwell: Hopefully it won't be right AFTER that.

Cozy Glow: Yeah. But to answer your previous question, we sure did meet a B.E.S. Big Core Gene-Slammer. Her name is Becky Long and her story is a really amazing one.

Hex: We found out that at 4 she was braindead somehow and the doctors did an experimental procedure on her that replaced her old brain with a Positronic Brain.

Me: It's a totally artificial brain. Like what you see in the movies.

Misty Tredwell: Wow! Is that even possible?

Me: I was amazed myself. But her story is really amazing. She stopped Lisa from doing a wacko experiment.

---

Becky Long: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Becky, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Becky Long: That's incredible.

Nico: It sure is. So, Becky, how did you almost get Lisa disowned and sent to a nuthouse in the federal prison system forever as well as have all her science stuff confiscated by the scientific community forever?

Becky Long: That's a story that I still remember all too well. One day, I was going for a walk in Royal Woods for some fresh air. But, then, I heard a loud scream for help along with the familiar sound of mad laughter in the air and they were coming from The Loud House, and I knew just who it was that made that loud scream for help: it was Lincoln, and that mad laughter could only come from one person: Lisa, and I knew that heartless so-called prodigy was subjecting Lincoln to an experiment that could end with him getting killed. I ran for The Loud House and kicked open the front door and ran up the stairs, and I ran to Lisa's room, but knowing she has her security system activated, I used my technomancy powers and overrode her security system, and when I kicked the door in, I entered the room, and I saw Lincoln strapped to a table and Lisa was aiming a laser at him, so she could kill him, and she had a twisted grin on her face. I was about to get to him, but Lisa had her robots grab me and she was going to force me to watch as she kills Lincoln and then, she's going to dissect me to get my brain, and she was laughing like an evil lunatic. I used my powers and made them obey me, and they let me go, which caused Lisa to panic. I got Lincoln out of the bounds and he hugged me. Lisa was so enraged, she fired her laser and continued to blast Lincoln and he screamed in pain, and Lisa was laughing maniacally. When the other sisters heard it and came up and saw Lincoln suffering in pain because of Lisa blasting him mercilessly and they also saw her laughing maniacally, it horrified them, and in a moment of rage, I fired an energy blast at Lisa's laser, which destroyed it and then I attacked her viciously, and Lori had to get me off of her, but Lori tied Lisa up with nylon rope, and we came back and Lincoln had a bandage wrapped around his stomach, and it caused everyone to cry, and we gently hugged Lincoln, and he hugged us back, and he had heavy tears coming out of his eyes, and it really hurt our hearts.

We were already having tears in our eyes.

Nico: Oh man, now that's just evil.

Becky Long: But, it's just beginning. We then told Mr. and Mrs. Loud and when we were done, they were enraged. Lisa didn't care, and she said it was all for science, but we saw what she did, what she did was attempted cold-blooded murder, and she was also about to dissect me to get my brain. Her cold-hearted emotionless attitude angered everyone greatly, and they were about to disown her and Lori had her phone out and she was about to get Lisa sent to a nuthouse in the federal prison system, and her parents were about to call the scientific community and get all her science stuff confiscated forever. But, I decided to do something better: I had Lisa thrown in the Royal Woods jail, and she'd be put in the Scared Straight program, and if she tried to kill Lincoln again, then, they'll disown her and her parents will call the scientific community and get all her science stuff confiscated forever, and they'll get her sent to a nuthouse in the federal prison system forever.

When Becky Long was finished, we were horrified at what Lisa did to Lincoln.

Nico: My God, that dark side of Lisa was nothing but a cold, emotionless monster who treats people like human test subjects, and she's done the same with her own family, jeez.

Me: Lisa had a lot of reflecting to do when she was put in the Scared Straight program.

Lincoln: She did, but I didn't want to talk to or even look at her, not after what she did to me. But, eventually, after she came back from the Royal Woods jail, she then broke down and cried, and she apologized. I wasn't able to hold on to the grudge forever, and I went up to her and hugged her, and everyone did the same.

Eli: That's good. But, I can't believe what Lisa did, that was a cold-blooded act of betrayal that could have ended with Lisa being disowned and thrown in a nuthouse forever.

Lincoln: Which is why we're glad Becky Long suggested throwing Lisa in the Scared Straight program in the Royal Woods jail, and she had to learn her actions have consequences, and what'll happen to her if she tries to kill me again.

Suddenly, Adriana Ardelean Dracula was surrounded by a massive vortex of black and blood red energy with vampire bats, darkness, and shadows surrounding the vortex, there's Vampire Lady flying around the vortex, and in the vortex is a blood red phoenix. Then, as the vortex faded, Adriana Ardelean Dracula emerged, but she was changed forever.

(PHANTOM OF THE OPERA BY SARAH BRIGHTMAN PLAYS)

Adriana Ardelean Dracula grew from 6'5" to 6'11" in height, she has the body of a goddess, she has blood red highlights in the bangs of her long flowing black hair, she has neon blood red eyes and her fangs were out and she has a black and blood red energy aura with vampire bats, darkness, and shadows surrounding her, she has Vampire Lady and with the Dark Kanji in her hands emblazoned on her forehead, she has on vampire bat earrings with blood red red gems for eyes and holding the Dark and Eternity Kanjis in its claws, she also has a vampire bat with blood red gems for eyes and the Dark and Eternity Kanjis in its claws for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with black links from her merged Crystal Necklace of the Buddha and blood red gems on the gold lightning bolts. Adriana Ardelean Dracula has on a short-sleeved black blouse, sleeveless black top, black frilly skirt, crimson red pants, black knee-high boots, and long sleeveless black trenchcoat with vampire bats, darkness, and shadows on the coattails, and on the back is Vampire Lady and the Castle of The Vampires with vampire bats and darkness surrounding it. Suddenly, Adriana Ardelean Dracula felt a sharp pain on her back, and then, her massive black angel wings grew much bigger for her new body, and the large black feathers have blood red tips on the feathers. Hilary Thestalos has on a Ring of The Phoenix with blood red gem and heart shaped gem embedded in it on her right ring finger which also merged with her Guardian Angel of Lincoln Loud ring and Star Sapphire ring on her left ring finger.

Suddenly, Adriana Ardelean Dracula's massive Vampire Lady-themed greatsword began merging with her Sword of The Goths of Darkness, and they were surrounded by a kaleidoscope of black and blood red energy with vampire bats, darkness, and shadows, and when it emerged, it was transformed into Vampire Lady's Gothic Bloody Greatsword of Vampiric Justice, a brand-new greatsword with Vampire Lady, along with the symbols of The Goth of Darkness and the symbol of The Ordo Dracul etched on the 7'0" massive, wide, double-edged blood red blade, black vampire bat wings for the crossguard, blood red gem embedded in the rainguard, longer midnight black handle, and large blood red gem with surrounding black angel wings for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with blood red gems on her wrists, new large gold Belt of Elemental Bravery with a gold version of Vampire Lady's head with blood red gems for eyes and a large blood red gem inside its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. There's something blood red that's been written in Romanian below Vampire Lady that said, "Adriana Ardelean Dracula, True Vampire and Descendant of Vlad Tepes Dracula of Fifteenth Century Romania, Very Powerful Master of Darkness, Guardian Angel of Lucy Loud, Loving Guardian Angel and Future Wife of Lincoln Loud, Despiser of Bullies, Dear Friend of The Young Morticians' Club, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Vampire Bats and Darkness"

Adriana Ardelean Dracula, Adevărat vampir și descendent al lui Vlad Tepes Dracula din România secolului al XV-lea, foarte puternic maestru al întunericului, înger păzitor al lui Lucy Loud, înger păzitor iubitor și viitoare soție a lui Lincoln Loud, disprețuitor de bătăuși, prieten drag al tinerilor morticieni. Club, Slayer of Evil, Deranged, Murderous, Cruthless and Sadics Bastards, Uimitor și Puternic Student al Amazing and Powerful Teachers și Master of Vampire Lilie and Darkness

Adriana Ardelean Dracula has transformed into SUPER ANGEL ETERNITY INFINITY BLOOD-SOAKED DARKNESS VAMPIRIC ANGEL OF BLOOD-DRENCHED DARK JUSTICE AND DIVINE BLOOD LOVE!

We were amazed by Adriana Ardelean Dracula's Super Angel Eternity Infinity transformation and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when

Morlun saw it, the vampire fell into a rage and tried to attack her, but Adriana Ardelean Dracula fired a powerful black and blood red energy blast with vampire bats, darkness, and shadows, and it hits Morlun and it sent him flying into a wall.

Nico: Wow, Adriana Ardelean Dracula's transformed into her Super Angel Eternity Infinity form, awesome.

Me: And she sent Morlun flying into a wall with that energy blast, that's so awesome.

Lincoln: Wow, Adriana, you look beautiful. How do you feel?

Adriana Ardelean Dracula: (Divine Echoing Cosmic Voice of The Blood-Soaked Vampire Angel and Divine Vampiric Love) (Romanian Accent) **I feel incredible, Linky. Now, shall we tear Morlun to shreds and feed on his blood?**

Lincoln: (Smiles) (Deep Sapphire Blue Eyes turn Blood Red) With pleasure, Adriana.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Adriana Ardelean Dracula.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Your days of causing havoc are finally over, Morlun.**

Adriana Ardelean Dracula and Lincoln went after Morlun, and they fired powerful blasts of rainbow energy, black and blood red energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Bats, and Angels at Morlun, and they exploded with incredible power as they hit him. Then, they slashed at Morlun with their massive greatswords and he screamed in pain and his blood was absorbed by their greatswords. Then, they pounced on him and they bit into both sides of his neck with their fangs and they began feeding on his blood, and they were also assimilating his powers and abilities, and as soon as they were done, Morlun was turned into a dried-up lifeless husk which was then absorbed into Lincoln's body, and then, an energy card with Morlun's soul trapped inside it appeared in Lincoln's large left hand, and then, Adriana Ardelean Dracula marked his forehead with a kanji and she condemned Morlun to The Black Gates forever. We cheered wildly for what Adriana Ardelean Dracula and Lincoln did as they holstered their massive greatswords on their backs and power down, and Adriana Ardelean Dracula's new body, clothes, weapons, jewelry, and massive black angel wings are permanent.

Adriana Ardelean Dracula: (Romanian Accent) And now, The Inheritors are no more. Thank you for helping me take down Morlun, Linky.

Lincoln: (Smiles Warmly) You're welcome, Adriana.

Suddenly, Adriana Ardelean Dracula wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leans his face down to Adriana Ardelean Dracula' face, they kissed passionately as Adriana Ardelean Dracula' left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and Vampire Lady flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and dark flames raging behind them and we all cheered wildly, and they sucked in and absorbed the flames.

Me: Whoa, now that was one awesome feeding frenzy you guys went on.

Nico: Yeah, you guys literally drained Morlun dry of every drop of blood and after he was turned into a withered lifeless husk which Lincoln absorbed into his body, and when that energy card appeared with Morlun's soul inside it, you guys sent him to The Black Gates for good.

Lincoln: That's right, and now, we're rid of The Inheritors for good.

Spider-Man: Good riddance, I've had more than my fair share of dealing with Morlun, and that's enough.

Nico: You said it, Peter. Those Inheritors have tormented their last victim, and they met their end at the hands of Lincoln and Adriana Ardelean Dracula. Too bad you didn't tell Morlun of who you're related to, Adriana, it would've caused him to tremble in fear.

Lincoln: Yeah, if they found out about the descendant of Vlad Tepes Dracula being here, it would've sent chills down their undead spines.

Adriana Ardelean Dracula: (Romanian Accent) True, but you already did just that when you fed on Daemos' blood and you absorbed him into your body, Lincoln.

Nicholette Torrington: Yeah, I couldn't forget the frozen looks of fear on Karn, Jennix, Brix, Bora, Verna, Malos, Thanis, and Mortia on Azgol, that was awesome.

Lincoln: And what I did to Solus when we met Ajna's family, that sent a message to Morlun that if he wanted a fight, we'll give him one, but it was going to end with him getting sent to The Black Gates to join the rest of his accursed family.

We all regrouped and we were back in Electric's castle.

Greiger: Looks like we showed Mr. Electric what's… Watt!

We laughed at his joke!

Rex Goodwin: Not gonna lie. That was a good one.

Me: Hey that was a good one!

Hiiryu: I get it. That was awesome!

Sayaka: But it's gonna be awesome being with you all. We have 37 years of moves to show you.

Show: We're more than honored to teach you too.

Nico: It'll be awesome to have you all with us.

Shade: And we get to use his hideout to help society.

Nico: Yep. Instead of trying to destroy it.

Ben Ravencroft: (to Sharkboy and Lavagirl) Whether you two are real are not, you two are still joining the team.

Felix Faust: You'll be real either way.

Lavagirl: We are honored to be part of the team.

Sharkboy: we sure are.

Me: I can make you 2 being real happen.

I snapped my fingers and made that happen.

Me: Awesome.

Nico: Now lets get Starlight over to the doctor.

Lincoln: Right.

We teleported back to Earth and took Starlight to the doctor and they did an ultrasound on her.

Doctor: Wow! Starlight you have not just one baby in there but you have 8 Babies in there!

We gasped in shock!

Lincoln: (Sputtering) 8 Bab-b-b-b-ies!? (FAINTS)

FWOMP!

Nico: WHOA!

Me: Wow! 8 Babies! That's amazing!

Starlight Glimmer: Wow! I'm gonna have Octuplets!?

Twilight Sparkle: That is so amazing Starlight!

Sunset Shimmer: It sure is!

Starburst Aurora: Wow!

Fireheart Flame: Are they boys or girls?

Doctor: Well they are all girls.

Starburst Aurora: Wow! We're going to have new little sisters!

Fireheart Flame: SO AWESOME!

We cheered for her!

Misty Tredwell: We're so happy for you Starlight.

Starlight: Thanks Misty.

Doctor: And because of everything you went through she will be due tomorrow morning.

Pinkie Pie: Wow! This will be so amazing! I'll put together the biggest Baby Shower Party ever!

Nico: You sure will Pinkie. But great job today everyone!

Max: And it was such an honor to help you guys out.

Lavagirl: We had a lot of fun on this one.

Me: Glad you guys all did.

Max: (To the viewers) It's gonna be awesome being part of the team and we're now free of Electric forever.

Merissa: We sure are.

Nico: Thank goodness.

Nico picked up Lincoln.

Me: We got a big day tomorrow. Starburst and Fireheart, your mom is gonna be on Maternal Leave for Nico's rescue tomorrow so you two will have to fill in for her then.

Starburst Aurora: You can count on us J.D.

Nico: Great! Lets head home guys. we got a big day tomorrow.

We teleported back to the estate. Nico put Lincoln in his bed to rest. We later enjoyed the rest of the day and went to sleep.

Another awesome chapter done!

This was a great chapter. The Adventures of Sharkboy and Lavagirl is one of my favorite movies and I thought it was so awesome how it was done in 3D. It came out in 2005 and it was amazing. The first part was for the planet Alhmacan, and that was a REALLY BLISTERING hot planet. The second part was for dealing with The Inheritors in the world of Magic The Gathering. That was awesome. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, kolbdog323, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, EtstheClarenceandTLHfan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Abigail is from Maine and she is a very powerful giving figure with a heart of gold. She also has the powers of an angel and stands up for people when they are in need. She is Nico's friend from Science Class and she and Nico have done so much with many projects all over the world. She and Nico also brought numerous criminals to justice. Now she is an Empyrionite gene-slammer. Empyrionite's are Sister Sercy's kind. For Lincoln's rescue tomorrow, Lincoln and his group are heading to Okehazama to put the touches on his plan to unite the Warriors of Japan and we're also in for an epic battle because we're going to take down Masamune Date, who formed an alliance with Hisahide Matsunaga, in order to get revenge on Lincoln and Lori for what they did in slaying The Serpent King, Orochi. Me: We all won't.

Camie: Who is Nehelenia?

Natilee: You would not like her at all Camie. She is one of my ultimate enemies of the Dream World.

**Queen Nehelenia** is the self-titled queen of Dead Moonkingdom and the main antagonist of *Sailor Moon Super S* .

She was voiced by Yoshiko Sakakibara as adult and Wakana Yamazaki as a child in *Sailor Moon: Sailor Stars*, and Nanao in the movie in Japanese, and Kate Trotter in Cloverway dub, and Laura Post in VIZ dub in English.

Manga

Originating from the dark center of the moon, Nehelenia is one of the incarnations of Chaos alongside Metalia, Wiseman, and Pharaoh 90 that plague Usagi and her friends. During the age of Silver Millennium, Nehelenia made her presence known during the celebration of Princess Serenity's birth. When sealed by Queen Serenity during the resulting confrontation, Nehelenia placed a curse: that Princess Serenity would die before ever ascending the throne of the Moon Kingdom. This came to pass through the actions of Queen Metalia while Nehelenia lived on within her prison. While imprisoned, she came across Chibiusa's four future guardians, the Sailor Quartet, and turned them into the Amazoness Quartet, to aid her in her goals. Calling herself Queen Nehelenia, she orchestrated the attack on the realm of Elysion, placing a curse to consume the land, but it was held off by the high priest Helios, until a solar eclipse occurred, freeing Nehelenia and the Dead Moon Circus, and allowing her curse to increase in power and allowing her to capture Helios, whom she trapped in a cage in the form of a Pegasus. The curse got stronger, it began infecting Helios, Tuxedo Mask, and Sailor Moon. While Nehelenia remained in her mirror, created an avatar of herself in the form of Zirconia to command the Amazoness Quartet to seek out the Legendary Silver Crystal.

During battles with the Amazoness Quartet and their minions, Usagi's friends obtained their Sailor Crystals with the help of Artemis, Phobos and Deimos, and the Sailor Power Guardians. At the same time, Hotaru Tomoe grew in age, reawakening as Sailor Saturn and regaining her memories of her past (pre-mistress 9) giving the other Outer sailor Senshi their respective Sailor Crystals. Once the Sailor Senshi had managed to defeat all of the Dead Moon's minions, they finally discovered that the Golden Crystal was hidden inside Mamoru's body, much as the Silver Crystal was within Usagi's.

While Sailor Moon fought Nehelenia in her mirror, the Sailor Scouts damaged the mirror from outside, injuring her and releasing Sailor Moon, Chibi Moon, and Saturn, forcing the Dead Moon Circus to retreat to Elysion. The Sailor Guardians then went to confront Nehelenia in Elysion, where she attempted to take the Silver Crystal one last time. The power of the Silver Crystal, combined with that of the newly awakened Golden Crystal, bound together by the love of Sailor Moon between Tuxedo Mask, prevented this yet again. Nehelenia is then defeated by Eternal Sailor Moon using the joined powers of all the Sailor Team, ageing into a Zirconia-like form before she fades away while mirror dissolves into dust. the remains of the mirror are then sent back into the eclipse by Usagi and Mamoru as Neo Queen Serenity and King Endymion.

90s anime

Placed in a more sympathic light, Nehelenia was raised on the notion that beauty is everything and lost her sanity upon seeing the hideous hag she would eventually become. It made Nehelenia obsessed with staying young and beautify forever, taking the Dream Mirrors of her subjects who were transformed as her Remless and established the Dead Moon Circus. Nehelenia desired the Moon Kingdom, seeking Helios and the Golden Crystal and only acquired the former's body before she was sealed in her mirror by Queen Serenity.

A mirror was eventually found by the Amazoness Quartet (Ves Ves, Cele Cele, Jun Jun, and Para Para), through which Nehelenia spoke to them, and she gave them power in the form of magic orbs called Amazon Stones, giving them eternal childhood and making them her servants. With Nehelenia inside her mirror, she created an construct in the form of her aged self Zirconia to oversee the Dead Moon Circus when it attacked Elysion, Helios' dream world, damaging it. Helios was imprisoned inside Nehelenia's mirror, but before she could take the crystal, Chibiusa's dream light turned his soul into Pegasus, and he left Elysion to hide in Rini's dreams.

At a solar eclipse, the Dead Moon Circus arrived on Earth and searched for Pegasus. Eventually, Nehelenia discovered that Chibiusa was the one whose dreams Pegasus was hiding in, so Zirconia imprisoned her in Nehelenia's mirror where Nehelenia forced Pegasus to become Helios again, and she took the golden crystal from him and walked outside of her mirror, destroying Zirconia in the process. She fought the Sailor Scouts, and was unbeatable with the golden crystal, but the Amazon Quartet switched it around for a pineapple and gave it to Sailor Moon. Its power was restored by everyone on Earth, and Sailor Moon used it to defeat Queen Nehelenia.

Unfortunately, Nehelenia survived and kidnapped Sailor Chibi Moon (Chibiusa), taking her to the top of the circus tent (which lifted up towards the Dead Moon), with Sailor Moon following her, but the battle destroyed her beauty, leaving her as an ugly old hag. With her plans for total domination and absolute beauty foiled, she decided to take her revenge on Sailor Moon and Sailor Chibi Moon, then seal herself back inside the mirror in the Death Moon's shadow to restore her youth. She threw Sailor Chibi Moon over the edge, and Sailor Moon jumped after her (they were saved when Pegasus turned them into their princess forms with wings). Nehelenia, believing she had defeated Sailor Moon, reentered her mirror, restoring her youth and beauty once more, and left Earth in it, never to be seen again.

Later, she was awaken by Sailor Galaxia and manipulated to attack Sailor Moon and her friends. She managed to corrupt Endimion with a piece of her broken Nightmare Mirror. Nehelenia captured all Sailor Senshi, leading Sailor Moon to save them, but at the end she was defeated when Sailor Moon assumed her ultimate form, Eternal Sailor Moon. The Sailor Senshi helped her to realize her true dream, to have a friend she could talk to. Sailor Moon granted her wish, and sent her back to the past. Nehellenia woke up, restored to a child, in her palace, where the people of the Dead Moon were still in their natural human-like forms as well as their planet itself was in its glorious original state, and where Queen Nehelenia herself could this time start over and find love and friends.

*Sailor Moon Eternal* Powers and Abilities

Queen Nehelenia can shoot energy waves of darkness, and also spiderlike threads. She is also impervious to most attacks.

In the manga, she was skilled in crafting curses, as well as being a strong force of darkness. She cursed Elysion, which was only protected by Helios until the eclipse occurred, which would infect

Elysion, Helios, Tuxedo Mask, the Earth, and eventually Sailor Moon. She was capable of placing a prophecy of death on the infant Princess Serenity in the Silver Millennium, which was fulfilled by the Dark Kingdom. She was also able to corrupt the four Asteroid Senshi while they were in slumber, turning them into her Amazoness Quartet.

She was able to create an illusion around Earth that the solar eclipse had ended shortly after her arrival, when in fact the eclipse remained, casting darkness on the Earth, until she was finally defeated.

* * *

When she was done everyone was shocked!

Hiiryu: She's a ruthless monster!

Nico: And an animal that must be destroyed.

Morpheus: That's for sure.

Nico: Thanks for coming with me, Morpheus.

Morpheus: Anytime Nico. It's going to be good to help you on this awesome rescue.

Nico: Morpheus, did you enjoy meeting Takeru and his friends?

Morpheus: I sure did.

Brittney: All of the Goths of Darkness loved that.

Lucy Loud: Yes we did.

Sayaka: That was an awesome series of Ambassador Missions you guys went on.

Me: We're not done yet though. We still have a couple more sets of them before we're done for the year.

Nico: Yeah. But it's awesome you guys are all with us now.

Hiiryu: And it' so amazing to join you guys.

Nico: And tomorrow is the first Kamen Rider mission.

Me: Yeah! We go meet the Hibiki Kamen Riders and help them destroy their enemies.

Eli: Thank goodness that The Man and The Woman were not our primary targets for that one.

Natilee: No kidding there.

We then saw something rising fast out of the ground and towards the moon that was blocking out the Sun. It was the chunk of land that Nehelenia was on!

Me: Wow!

Natilee: I've handled this before. I have a feeling that Nehelenia has Another Ranger with her.

But then we saw 2 figures falling and it was SAILOR MINI-MOON AND SAILOR MOON!

Natilee: OH NO!

Natilee flared up her aura and flew fast!

Nico: WHOA! LETS GO!

We flew fast too!

Natilee caught Sailor Mini-Moon and I flew and caught Sailor Moon!

Me: Gotcha!

Natilee: Nehelenia you really have a fucking bad habit of really pissing me off!

Natilee fired a blast of energy at the chunk of land that was rising and blasted it apart in a fiery explosion!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

It sent Nehelenia crashing back down into the destroyed tent she floated up from!

KRASMASH!

She was battered and broken but not dead!

Nico: Guys, since this is the dream world, we have 3 options. 1: We summon the Jetman team here. 2: Me, Maria, May, and William get Kamen Rider forms for Zi O, Build, Drive, and Ghost. 3: We summon all the Secondary Riders we've met this year.

Me: I like those choices.

Nico: How about all of the Above?

Eli: That works.

Me: First this.

I used my Dreamwalker powers and summoned THE JETMAN and they were 30 years younger!

We saw Ryu Tendo the Red Hawk, Gai Yuki the Black Condor, Raita Ooishi the Yellow Owl, Kaori Rokumeikan the White Swan, Ako Hayasaka the Blue Swallow and Jeffery Kensaki the Green Eagle!

Nico: AWESOME!

Me: Now for Number 2.

I snapped my fingers and gave Nico, Maria, May and William Kamen Rider Forms for Zi O, Build, Drive, and Ghost.

May: YEAH!

Me: Now for number 3. (Snaps Fingers Again)

I summoned all the Secondary Riders we met!

Maria: Hey guys!

Banjo: (smirks) Can't get enough of us, huh, Maria?

Maria: (Laughs) Not really.

Ryu Tendo: What happened? Where are we? (Gasp) Are we flying? What the?

Raita Ooishi: I think we're being held by someone!

Me: Sorry about this.

Ryu Tendo: Who are you guys?

Me: Long story Ryu.

Nico: Yeah we should explain.

Ryu Tendo: Wait. I think I remember most of you. Didn't we help you guys against Thanos?

Me: Yes you guys did. That was 3 and a half years ago.

Ako: Wow! Team Loud Phoenix Storm!

Me: Many of us weren't with the team when we first met.

Nico: Long story on that.

Eli: Yeah it sure is.

Kaito Kumon: This is one of your rescues, isn't it?

Me: Yep.

Nico: It's what we do.

Eli: And it's fun.

Qin: It sure is.

Natilee: We have a really awesome time on these rescues.

Go: I don't even need to guess who's the bad guy here.

Me: Nope.

Natilee: It's my old archnemesis Queen Nehelenia.

Go: I've heard about her.

Makoto: Any minute now, she's gonna get up.

Nico: Yep. Look.

We saw Nehelenia get up and she was really mangled up.

Natilee: It's on now.

She flared up her Rainbow Aura. She floated down and landed and all Nehelenia saw was a rainbow light.

Nico: YEAH!

Nehelenia: You will pay for your crimes against me Natilee!

Natilee: Actually it's the other way around. YOU are the one that will pay.

Nico: That's right! You messed around with the Dream World for far too long!

Eli: And now it ends forever!

May: Lets get her!

Nico: Lets start with Build!

Nico, Maria, William, and May: Henshin!

They transformed!

Nico turned into KAMEN RIDER NEBULA, Maria turned into KAMEN RIDER POSEIDON, May turned into KAMEN RIDER THOR and William turned into KAMEN RIDER RED STAR! Nico had a star version of Meteor's Form, Maria hard an Aqua Blue and Blue form of Saber's Armor, May had a Yellow and Lightning Form of Falchion and William had a Red version of Gaim on!

Maria: Now, shall we being the experiment?

Banjo: We shall!

Me: It's BUTTKICKING TIME!

Natilee fired waves of energy and blasted Nehelenia all over the place.

We blasted and kicked and pulverized her all over!

Me: Now lets see what my Saber Form looks like with this.

I pulled out my Wonder Ride Book and opened it.

Me: HENSHIN!

"AND THE MIGHTY HERO DONNED THE MOST POWERFUL FORM EVER TO BE SEEN BY THE ALMIGHTY EYES OF THE HEROES OF THE WONDER RIDE TEAM ENABLING ALL THE

HEROES TO ACHIEVE A NEW LEVEL OF POWER AND GIVING RISE TO AN ALL POWERFUL NEW ERA OF IMAGINATION!"

I transformed into my newest Kamen Rider Saber Form! I was a rainbow diamond prismatic form that had all the forms of Saber in one! I also had rainbow diamond angel wings. I was called KAMEN RIDER IMAGINATIO INFINITA!

Nico: WHOA!

Eli: WHOA! BIG BRO YOU LOOK INCREDIBLE!

Kaizo: WOW! J.D. is that you? You look incredible!

Me: I sure do. Wow! I have all the powers of all the Wonder Ride Books inside me. Now WE ARE THE ONES THAT WILL DECIDE HOW THE STORY WILL END!

Nico: WOW!

Maria: Time for these!

Hydrax! New Wave! Best Match!

She donned an awesome Pink & Green and Aqua Blue Armor with a sword of water and leaves!

Maria: Wow! I look great in Powerpuff Girl Colors!

Twilight Sparkle: (Laughs) That is awesome!

Nico: It sure is sis!

Go then spotted something fast heading towards Nico.

Go: Nico! Look out!

Nico ducked and it was a bunch of RPM Weapons with the symbols of the Masters of Evil on them!

Nico: RPM Weapons of the Masters of Evil!

Me: With Engine Cells that have their powers! Then that means!

We saw ANOTHER RPM RED! He looked like a scary version of RPM Red and had a scary tooth red helmet.

Nico: Another RPM Red!

Qin: Boy Scott and Multiple Man would be pissed if they saw this!

Sayaka: They sure would!

Geiz: That's impossible! Another Rider versions of Sentai and Power Rangers shouldn't be possible!

Me: Swartz has been very busy these last few days.

Nico: We encountered a bunch of Another Rider versions of them.

Lola: It's a really crazy story!

Geiz: I'm all ears.

Lola told him everything that went down from our encounters with them and it was shocking!

Geiz: WHOA! So you guys took down Another Rider Rangers and they were all some of J.D.'s friends and they had tools and powers for all the core and non-core members of the Masters of Evil!? That is amazing!

Laney: That's the whole thing in a nutshell.

Yuto: That means this Another RPM Red must be another one of J.D.'s friends.

Rarity: That is most likely darlings.

Another RPM Red then clutched its head.

Another RPM Red: (In a Girls Voice) HELP ME J.D.!

Me: (Gasp) (Helmet retracts) That voice!

Another RPM Red reverted back and it was a girl with green hair and green eyes and she had beat up tattered purple clothes.

Me: (GASP) Gina Riley!

Geiz: You know her J.D.?

Me: I sure do. I met her at a local homeless shelter in Colorado and gave her a really awesome soup that I made which was mana from heaven. It was during the Winter Months. But before I was to give her a gift for Christmas, she mysteriously disappeared!

Nico: Now we know why! Swartz kidnapped her!

Gina Riley: Help me J.D.! I can't control this power!

Me: Hold on Gina!

Nico: (Takes out Multiple Man's Ridewatch) Geiz, prepare to be amazed!

Nico activated it and got all of Multiple Man's powers!

Nico: Dodge these clones!

He made 1,240 of them!

Geiz: WHOA! I'm seeing double!

Iori: Good way to prepare for our mission with you guys tomorrow, eh?

1,240 Nico's: (In Unison) You got that right Iori!

Natilee: Feel free to jump in Nico!

Nico's: You got it!

They dogpiled on Nehelenia!

Gina Riley was enveloped in a swirl of darkness and it had Engine Cells and she was Another RPM Red!

Me: Hold on!

I used the power of a new book.

Me: What's this one? Cheese Crocker's Lactose Trickery. Vypra might know.

I activated it and then swung my sword and fired a blast of melted cheese and smashed Another RPM Red down and she exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was down and I caught the RPM Ridewatch and purified it!

Me: YEAH!

We saw Engine Cells and RPM Weapons all over the ground and we went and got them all.

Nico's: Wow!

I went over to Gina and cured her with my serum and put her on my back.

Nehelenia: GET OFF ME, FOOLS!

Nico's: MAKE US YOU BITCH!

Me: I got an idea! Natilee you will like this one.

I activated Zamigo Delma's Ridewatch!

I got his awesome blasters!

Me: Wow! Nico you were not kidding about Zamigo's blasters. They are REALLY BADASS!

Nico's: Was there any doubt on that?

Me: Not at all!

They jumped off and just as Nehelenia got up I fired and froze her in a huge crystal of ice!

Natilee: **Awesome shooting dad! Now for the finisher!**

?: Let me help on that!

A figure came out and it was an Empyrionite!

Nico: WHOA An Empyrionite!

Empyrionite: Long time no see Nico.

Nico: Abigail Kiralevington! Wow!

She reverted back and was a girl with blue hair and blue clothes and blue angel wings and had the Blue Lantern Symbol emblazoned in the middle of her forehead.

Nico: Lets take care of this bitch before we catch up.

Abigail Kiralevington: You got it!

They fired a massive blast of energy and the blasts hit Nehelenia and she exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Natilee: **ALL RIGHT!**

Her spirit appeared and Natilee gave her the Black Gates!

Nico: Take that!

We all reverted back!

Iori: We better get going to our own teams. But I'll see you guys tomorrow

Me: YEAH!

Kaiza: Where's Starlight?

Me: Oh she's on Maternal Leave.

Lincoln: Her babies are coming soon.

Starburst Aurora: We're filling in for our mom till she is better.

Kaiza: Oh wow! Tell her we said congratulations.

Me: Will do.

Nico: Thanks for all your help guys.

Geiz: No problem Nico.

Me: This was so awesome having you help us out.

Iori: We better get going to our own teams. But I'll see you guys tomorrow.

Me: Yep. Thanks again Iori. Hitoshi is gonna love his M.O.E. Archenemy tomorrow. It's a SPICY ANGRY one.

Iori: Looking forward to seeing it.

Me: This next month and a half is gonna be awesome.

They teleported back.

Abigail Kiralevington: Boy that was so awesome!

Morpheus: What's your favorite memory of Nico?

Abigail Kiralevington: Well have have a lot of favorites but most of them are in science class. Me and Nico one time made bubblegum that was as sticky as superglue and we saw a bully picking on someone and offered her some of our gum and when she chewed it, it stuck her mouth shut. Permanently.

Me: Whoa! That must have been some really strong gum.

Nico: No kidding. It sure was.

Eli: But one thing is for sure, she will never talk again.

Nico: Yep. We showed the teachers what she was doing and she got expelled for her crimes and sent to a boarding school in another country.

Lincoln: Good riddance.

Me: Yeah.

Laney: Yeah no kidding.

Nico: Yep.

Nico and Abigail hugged.

Nico: I really missed you.

Abigail Kiralevington: Me too Nico.

Me: But this was one of the best ever rescues!

Eli: It sure was. Awesome way to get it done before we go to Japan to meet the Hibiki Riders.

Me: Yeah it sure is awesome bro.

Twilight Sparkle: This was really awesome.

Rainbow Dash: Yeah it was!

Lola: Boy the Zi-O Kamen Riders must be having a field day hearing about the Sentai and Power Rangers Another Riders.

Ryu Tendo: I have a feeling they are.

We later came back and everyone was shocked at what we told them and it was awesome.

---

After Nico's rescue, Lincoln, Me, Ken Knudson, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, The Dynasty Warriors, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, and Bertrand are heading to Okehazama, and not only is Lincoln going to rescue the ten girls here, but Lincoln's going to put the touches to his plan to unite the Warriors of Japan, and we're also in for an epic battle because we're going to take down Masamune Date, who formed an alliance with Hisahide Matsunaga, in order to get revenge on Lincoln and Lori for what they did in slaying The Serpent King, Orochi.

And with us were Nobunaga Oda, Mitsuhide Akechi, Goemon Ishikawa, Kenshin Uesugi, Kunoichi, Magoichi Saika, Shingen Takeda, Nō, Ranmaru Mori, Hideyoshi Toyotomi, Yoshimoto Imagawa, Tadakatsu Honda, Ieyasu Tokugawa, Mitsunari Ishida, Nagamasa Azai, Sakon Shima, Yoshihiro Shimazu, Kotarō Fūma, Toshiie Maeda, Motochika Chōsokabe, Kojirō Sasaki, Katsuie Shibata, Kiyomasa Katō, Kanbei Kuroda, Muneshige Tachibana, Ujiyasu Hōjō, Hanbei Takenaka, Motonari Mōri, Aya, Masanori Fukushima, Takatora Tōdō, Munenori Yagyū, Nobuyuki Sanada, Yoshitsugu Ōtani, Kojūrō Katakura, Kagekatsu Uesugi, Takakage Kobayakawa, Toyohisa Shimazu, Naomasa Ii, Masayuki Sanada, Sasuke, Katsuyori Takeda, and Hidetada Tokugawa who are in their Samurai Warriors 4, Samurai Warriors 4-II, and Samurai Warriors: Spirit of Sanada appearances and wielding their weapons from those three games.

Lincoln: Wow, we're here in Okehazama, and I know what we're going to do here, not only am I going to the ten girls here, but I'm going to put the touches to my plan to unite the Warriors of Japan, and we're also in for an epic battle because we're going to take down Masamune Date, who formed an alliance with Hisahide Matsunaga, in order to get revenge on me and Lori for what we did in slaying The Serpent King, Orochi.

Me: That's right, Lincoln. After what we found out about them from the intel, these two have caused a lot of trouble for the last time.

Nico: Hisahide's nothing more than a villain infamous for his cruelty, violent nature and cunning, and for defying Nobunaga and all for his own ambition, and he's done a lot of evil things as well, so he's going to get The Black Gates.

Lincoln: That's right, and as for Masamune, I've read his history and he's driven by his ambitions, but he's incredibly reckless and he rarely listens to his retainers. But, Keiji also told me something else that really disturbed us: I found out that Masamune was also a strong supporter of The Serpent King, Orochi, and he believed Orochi would bring peace.

Lori: Orochi's darkness corrupted Masamune's view of him, and this is what happened to him. So, we know what we need to do: take down and capture Masamune and send Hisahide to The Black Gates.

Lincoln: That's right, Lori, and thanks for joining us, Bertrand.

Bertrand: You're welcome, Lincoln, and I know you have a plan in order to stop Masamune and Hisahide.

Lincoln: I always do. (To Nobunaga Oda, Mitsuhide Akechi, Goemon Ishikawa, Kenshin Uesugi, Kunoichi, Magoichi Saika, Shingen Takeda, Nō, Ranmaru Mori, Hideyoshi Toyotomi, Yoshimoto Imagawa, Tadakatsu Honda, Ieyasu Tokugawa, Mitsunari Ishida, Nagamasa Azai, Sakon Shima, Yoshihiro Shimazu, Kotarō Fūma, Toshiie Maeda, Motochika Chōsokabe, Kojirō Sasaki, Katsuie Shibata, Kiyomasa Katō, Kanbei Kuroda, Muneshige Tachibana, Ujiyasu Hōjō, Hanbei Takenaka, Motonari Mōri, Aya, Masanori Fukushima, Takatora Tōdō, Munenori Yagyū, Nobuyuki Sanada, Yoshitsugu Ōtani, Kojūrō Katakura, Kagekatsu Uesugi, Takakage Kobayakawa, Toyohisa Shimazu, Naomasa Ii, Masayuki Sanada, Sasuke, Katsuyori Takeda, and Hidetada Tokugawa) And it's an honor to meet all of you.

Tadakatsu Honda: It's an honor to meet you too, Lincoln. Ina has told us about you, and Lord Liu Bei told us of what you all have done in defeating Dong Zhuo and Lu Bu.

Nobunaga Oda: And now, you desire to unite all of us as well?

Lincoln: Yes, that's correct, Lord Nobunaga. When the world of The Three Kingdoms and your world merged with ours, and the girls from those two worlds are in my harem after I rescued them, I had a plan to unite The Three Kingdoms and the Warriors of Japan into one, and I haven't forgotten that all of you united to take down Orochi when he appeared.

Mitsuhide Akechi: Yes, that's correct.

Ranmaru Mori: And now, you intend to permanently unite us into one powerful force. Sun Ce told me of this on the day you all went after Dong Zhuo and Lu Bu at Hu Lao Gate, and you made sure they both paid the price for their crimes, impressive.

Luna: Now, we just need to take down Masamune Date and Hisahide Matsunaga, but it's not going to be easy.

Hanbei Takenaka: That's right. We also got word that remnants of Dong Zhuo's army have joined Masamune and Hisahide, and they want revenge for what happened at Hu Lao Gate.

Lincoln: Even dead, that swine's appetite for destruction just won't quit.

?: Perhaps, but this is something we should also use to our advantage.

Suddenly, we saw five more figures come out, they were Meng Huo and Zhu Rong in their Dynasty Warriors 7 appearances and wielding their weapons from Dynasty Warriors 7 and 8, Diao Chan, Lu Lingqi, and Chen Gong who are in their Dynasty Warriors 8 and Dynasty Warriors 8: Xtreme Legends appearances and wielding their weapons form Dynasty Warriors 8 and Dynasty Warriors 8: Xtreme Legends.

Lincoln: Meng Huo, Zhu Rong, Diao Chan, Lu Lingqi, and Chen Gong, I'm glad you all could make it, and it's an honor to meet you all.

Chen Gong: It's an honor to meet you as well, Lincoln. I understand that many of you don't find me as trustworthy since you knew of my associations with Master Lu Bu.

Lincoln: Yes, but I'm going to look past that since you, Diao Chan, and Lu Lingqi weren't at Hu Lao Gate when we went after Dong Zhuo and Lu Bu.

Diao Chan: That's actually because we were at Chang An at the time of your attack, but not on the orders of Dong Zhuo, but on Lord Lu Bu's orders.

Me: But, why?

Lu Lingqi: My father didn't want me or Lady Diao Chan to fight at Hu Lao Gate, since he knew that it would mean one thing: that Lincoln would be the one to kill him and that gluttonous swine, and Chen Gong eventually saw that the battle would end with their deaths. But, none of us harbor any anger towards you, Lincoln.

Diao Chan: She's right, we don't, and my father, Wang Yun, wishes to thank you for what you've done in killing Dong Zhuo and ending this period of turmoil, Lincoln.

Lincoln: I see. Now, then, I believe it's time to get to work.

Suddenly, we saw a White Night Dragon land in front of us, and with it were the ten girls.

Nico: Kristjana, did you…?

Lincoln: No, it's not Kristjana, Nico. (Senses her brainwaves) (Gasps) Aurora Nightingale?!

Aurora Nightingale: That's right, Lincoln.

Me: Another White Night Dragon Gene-Slammer, wow.

Lincoln: Yep, but we'll have to talk later. Now that the ten girls are out of harm's way, it's time to put an end to Masamune and Hisahide's coalition.

Lincoln made a map of Okehazama with his powers, and he points to the areas of Narumi Castle, Washizu and Marune Garrisons, and a path in the north.

Lincoln: Since Okehazama is protected by overhanging cliffs, this'll make Masamune and Hisahide think they're safe, which is exactly how they'll be when we hit them with an ambush from the north. But, first things first, we'll seize control of Narumi Castle, and then, wipe out the assault forces that are heading for Washizu and Marune Garrisons. (Points to Nakajima Garrison) But, we're not to head for here. If we attack Nakajima Garrison, the ambush will be ruined, so we're leaving it while we're prioritizing our attacks on the three garrisons.

Toshiie Maeda: Masamune won't like it if we stop their assaults on Narumi Castle and Washizu and Marune Garrisons, and because of his hotblooded nature and bad temper, he'll send more troops to take them down.

Lincoln: Exactly, Toshiie. So, now that we know what to do, it's time to head out.

We then got to work by following Lincoln's plan to seize control of Narumi Castle and wipe out the assault units heading for Washizu and Marune Garrisons. When the news hit Masamune, this caused him to react exactly as Toshiie said.

Masamune Date: Those pests?! Send more troops immediately and (Sees the remnants of Dong Zhuo's men leaving) What are you all doing?!

Soldier: We serve only Lord Dong Zhuo, and we will take our revenge on Team Loud Phoenix Storm ourselves.

The remnants went after us.

Lori: Lincoln, I spotted the remnants of Dong Zhuo's men, they're heading right for us.

But, before they could come after us, Tadakatsu Honda stood his ground and he swept some of them aside with his spear, and this induced panic among the remnants of Dong Zhuo's men.

Tadakatsu Honda: Come, warriors of Dong Zhuo. No matter how many you throw at me, I will overcome you.

This frightened them greatly, and we were amazed.

Lincoln: Incredible.

Sun Shang Xiang: Most impressive, Lord Tadakatsu.

Me: He just swept some of them aside with one swing of his spear, and he's frightened them?! Whoa.

Nico: Now, I know where Ina has gotten her strength from, her father's trained her well in the ways of battle.

Soldier: No, we can't run now, we must avenge Lord Dong Zhuo now!

The remnants of Dong Zhuo regained their courage and came after us again. But, Tadakatsu cuts every last one of them down and none of them are left standing, and this really amazed us.

Tadakatsu Honda: Their loyalty to Dong Zhuo was indeed strong.

Lincoln: And so was their desire to avenge him, Lord Tadakatsu, but their act of betrayal has already angered Masamune to no end. Now, strike them down from the north and put an end to Masamune ambitions and Hisahide's twisted schemes.

We followed Lincoln's lead and ambush Masamune and Hisahide by charging down from the northern path, and it sent their men into a panic. When Masamune Date and Hisahide Matsunaga saw us, the One-Eyed Dragon was thrown into a rage and the same went with Hisahide Matsunaga.

Masamune Date: Lincoln Loud, I will make you and Lori pay for what you did in slaying Orochi, he was the only one who could've brought peace to the land.

Lincoln: No, Masamune, you're wrong about what you said, it seems as though Orochi's darkness is still inside you even after we sent him to his eternal slumber, and you've gone too far in using the darkness inside Masamune for your selfish reason, Hisahide.

Nobunaga Oda: And you do not deserve any mercy nor forgiveness from any of us.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds

from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors and the Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Maria, The Ghostforce, The Louds' Ancestors, The L-ementals, Bertrand, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after Masamune Date and Hisahide Matsunaga, and we fire powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit them.

Then, Lincoln tied Masamune Date and Hisahide Matsunaga up in rainbow energy chains, so they can't escape. We then powered down, but we still have our weapons out.

Masamune Date: You think this is over?!

Lincoln: It is, Masamune. Now, to cleanse you of the last bit of Orochi's darkness.

Lincoln fired a blast of purifying light and purified Masamune Date of the last bit of Orochi's darkness in him. This angered Hisahide Matsunaga, but Lori had her sword pointed at the vile psychopath.

Masamune Date: Wh-what did you…? (Suddenly remembers) Oh, now I remember. I've been a fool to be taken advantage of by Hisahide, and because of Orochi's darkness that was inside me. So, what do you intend to do to me?

Lincoln: I can tell you this, Masamune: you're not going to die here.

Lincoln freed Masamune Date and offered his hand, which Masamune accepted, and Lincoln helps him up and Masamune Date joined us, and just in time as Lincoln turned to Hisahide Matsunaga.

Lincoln: (To Hisahide Matsunaga) And as for you.

Hisahide Matsunaga: You've ruined everything, I could've finally destroyed Nobunaga and all of you if you hadn't… !

Those would be the last words Hisahide Matsunaga would speak as Lincoln eventually cut him down and when Hisahide's spirit appeared, Lincoln banished him to The Black Gates forever, and we cheer wildly as we eventually holster our weapons.

Lincoln: Burn in Hell forever, Hisahide Matsunaga. (To Aurora Nightingale) And it's good to see you again, Aurora Nightingale.

Aurora Nightingale reverted back to normal, and she's a beautiful girl with long flowing blue hair, blue eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful blue angel wings, and she reigned in the power of White Night Dragon, and she's dressed in a blue sleeveless vest, blue and purple sleeveless top, blue skirt, blue pants, blue sneakers, blue snow cap, and long sleeveless blue trenchcoat with water, light, and dragons on the coattails, and White Night Dragon on the back, and holstered on her back a large White Night Dragon-themed greatsword with White Night Dragon etched on the 7'0" massive, wide, double-edged light blue blade, White Night Dragon's wings for the crossguard, large blue gem embedded in the rainguard, longer black handle, and large light blue gem surrounded by angel wings for the pommel.

Aurora Nightingale: You too, Lincoln, it's been a long time.

Lincoln went up to Aurora Nightingale and they hugged, and Aurora Nightingale's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs as well.

Lincoln: It sure has, I haven't seen you since you were seventeen, and as you can see, I really grew a lot since then.

Aurora Nightingale: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs as well, that's so awesome.

Nico: Wow, Lincoln, you know her.

Lincoln: Indeed I do, Nico, this is Aurora Nightingale, she's my Guardian Angel from Michigan, and you're in for an awesome surprise: she was born with immensely powerful cosmic hydrokinesis and cosmic ictiokinesis.

Me: That's incredible.

Lincoln: It sure is, and she's defended and protected me from the absolute worst of Lori, Lynn, Lola, Lisa, and Luan's fury and almost got them sent to a federal prison system when they almost got that close to killing me in a deranged fury.

We gasped in shock.

Nico: And based on your previous near-death experiences, I just know it's going to be bad.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Aurora Nightingale's neck with blue gems on the gold thunderbolt links and blue crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Aurora Nightingale: (Surprised) A Thunderbird Necklace of Eternal Love?! Does that mean…?!

Lincoln: (Smiles) Yep, you're now part of my harem and one of my many future wives, Aurora.

Aurora Nightingale had a smile on her face and tears in her eyes, as Lincoln wraps his abnormally massive and powerful muscular arms around Aurora Nightingale's waist and Aurora Nightingale wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Aurora Nightingale's face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the ten girls, and when Lincoln saw them, he recognized them immediately. The ten girls are Lyudmila Andreyevna Ruslanova, Shibuya Inori, Virginia Robertson, Aira Payvikki Linnamar, Eleonore Giovanna Gassion, Grace Maitland Steward, Joanna Elizabeth Stafford, Manaia Matawhaura Hato, Maria Magdalene Dietrich, and Silvie Cariello from Luminous Witches.

Lincoln: Oh wow, it's Lyudmila Andreyevna Ruslanova, Shibuya Inori, Virginia Robertson, Aira Payvikki Linnamar, Eleonore Giovanna Gassion, Grace Maitland Steward, Joanna Elizabeth Stafford, Manaia Matawhaura Hato, Maria Magdalene Dietrich, and Silvie Cariello from Luminous Witches.

Me: Awesome.

Lincoln: Are you girls okay?

Lyudmila Adrevevna Ruslanova: Yes, we're okay thanks to you.

Then, when Lyudmila Adrevevna Ruslanova and the other nine girls saw who it was that saved them from the wrath of Masamune Date who was corrupted by Orochi's darkness and Hisahide Matsunaga, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide left pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Hinon's Cosmic Sword of Universal Hope,

Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand and on the back of his massive left hand is a Stone of Gelel embedded in it, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings with stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long glowing neon orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them and had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanji that said, "Savior of The Loud House, True Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, Founder of Team Loud Phoenix Storm, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms, and Destroyer of The House of Damaskinos" on the left leg, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large Element of Harmony deep sapphire blue gem in the shape of a Thunderbird and a large silver Buffalo head with the Thunderbird and Eternity Kanji on its head for the pendant on his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Lyudmila Andreyevna Ruslanova: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made nine clones of himself, and he and the nine clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Lyudmila Andreyevna Ruslanova: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, ten Thunderbird Necklaces of Eternal Love appeared on the necks of Lyudmila Andreyevna Ruslanova, Shibuya Inori, Virginia Robertson, Aira Payvikki Linnamar, Eleonore Giovanna Gassion, Grace Maitland Steward, Joanna Elizabeth Stafford, Manaia Matawhaura Hato, Maria Magdalene Dietrich, and Silvie Cariello with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the World Tree Estate and we told everyone what happened at Okehazama, and they were shocked when they found out the ones we went after were Masamune Date who was corrupted by the last bit of Orochi's darkness and Hisahide Matsunaga who used this to his advantage.

But, when Lincoln showed everyone what happened at Okehazama with us following his strategy, and Lincoln purifying Masamune Date of the last bit of Orochi's darkness and killing Hisahide Matsunaga and sending him to The Black Gates forever, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Aurora Nightingale have a lot of catching up to do now that she's back in town, and Lincoln's plan to unite the Warriors of Japan has finally been fulfilled, and now, we have both the Warriors of The Three Kingdoms and the Warriors of Japan on our side.

Oichi: I'm impressed with what you've done today, Lincoln.

Ina: Indeed, you not only came up with a brilliant plan, but you also purified Masamune Date of the last bit of Orochi's darkness that was still inside him.

Ginchiyo Tachibana: And you sent that despicable Hisahide Matsunaga to The Black Gates forever, and your plan has finally been fulfilled.

Gracia: Now, we'll truly be ready for the big day.

Diao Chan: The day of the Doomsday 23 and Evil Starlight Glimmer's return, and I can't believe that Damian Alaister would do something this evil.

Lincoln: I don't think there's a level of evil that would fit The Church of Necrom for all the things they did six years ago and what they've done to us when we've been going after them, Diao Chan.

Laney: Actually, there is, Lincoln. I'd put them at Level 24.

Me and Nico: (Gasps) That's the highest level of evil.

Lori: Fitting for those Satanic monsters.

* * *

After the epic battle at Okehazama and sending Hisahide Matsunaga to The Black Gates forever and purifying Masamune Date of the last bit of Orochi's darkness in him, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Aurora Nightingale saw Lincoln working out like crazy, she had an atomic red blush on her face.

Aurora Nightingale: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Aurora, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Aurora Nightingale: That's incredible.

Nico: It sure is. So, Aurora, how did you save Lincoln when he almost got killed by Lori, Lynn, Lola, Lisa, and Luan and it almost got them sent to a federal prison system?

Aurora Nightingale: That's a story that I still remember all too well. One day, I was going for a walk in Royal Woods for some fresh air. But, then, I heard a loud scream for help and it was coming from The Loud House, and I knew just who it was that made that loud scream for help: it was Lincoln, and I'd immediately thought that Lori, Lynn, Lola, Lisa, and Luan are attacking him yet again. I ran up to The Loud House and I kicked the door in, and when I got inside, the house was a mess, and then, I heard the sounds of screaming coming from the kitchen, I ran in there, and I saw Lincoln getting mangled and beaten up by Lori, Lynn, Lola, Lisa, and Luan, and they were completely deranged and insane, and they were beating him up. I ran up and pushed Lori and Lynn off Lincoln and threw them at Lola, Lisa, and Luan, and they crashed like bowling pins. Then, I ran up to Lincoln who was really mangled up with a bloody nose and black eye. I was about to get him to his room, but Lori and Luan punched me hard in the face and Lola and Lisa held Lincoln and Lynn charged in with a knife, but I pushed Lincoln out of the way, and I got stabbed in the stomach and they laughed evilly as Lincoln saw me fall down in a pool of blood. That's when he snapped and I saw his eyes turn blood red and his fangs come out since I found out Adriana's vampire blood saved him. He threw Lynn hard into a wall with his vampiric strength and he fired five blasts of darkness and trapped Lori, Lynn, Lola, Lisa, and Luan inside them. Then, the rest of the family saw Lincoln helping me when I got stabbed and Lori, Lynn,

We were really pissed off at what those evil demons did, especially Lynn who was possessed by Dark Lynn.

Nico: Why, those heartless, little… !

Aurora Nightingale: I know, Nico. But, Lincoln wasn't going to let me die, I allowed him to bite me on the neck, and he healed my stab wound on my stomach and he fed on my blood. I was okay now, but I wasn't changed into a vampire, and Leni, Luna, Laney, Lucy, Lana, Lily, and Mr. and Mrs. Loud went up to Lincoln and they hugged him for saving my life and he hugged them back, and I did the same to Lincoln. Then, we saw Lori, Lynn, Lola, Lisa, and Luan who were tied to chairs in dark energy rope made by Lincoln, and when they saw me alive and well because of Lincoln, they went ballistic. But, then I saw Lincoln fire two powerful blasts of water at Lori and Lola and messed up their make-up, and he fired three blasts of light at Lynn, Lisa, and Luan and it hit them. We soon found out Lincoln had gotten cosmic hydrokinesis and cosmic ictiokinesis from my blood and we were impressed. But, we were still angry at Lori, Lynn, Lola, Lisa, and Luan and they were about to call the cops and have them put in a federal prison system for life, but Lincoln decided on their punishment: he then made a wave of water and he picked Lori, Lynn, Lola, Lisa, and Luan up and sent them to the basement in isolation cubes where they'd remain there for nine weeks, and we hugged Lincoln and we hugged him back.

We cheered wildly for what Lincoln did to save Aurora Nightingale and what Lincoln did in sending the five mean sisters to the basement and demonstrating his new powers.

Me: Whoa, first, he got cosmic pyrokinesis from Varya Pohzar's blood, then, he got vampire and dark powers from Adriana Ardelean Dracula's blood, and he got cosmic hydrokinesis and ictiokinesis from Aurora Nightingale, that's so awesome.

Nico: Big time awesome! Wow! But, Lincoln, that was so awesome that you saved Aurora's life by biting her and she didn't turn into a vampire, that's incredible.

Lincoln: I know, but I soon found out that if those I love were bitten by me, their injuries would be healed and any illness they suffer from will be wiped out, and they wouldn't be turned into a vampire.

Eli: Wow, that's really awesome.

Rita: Varya and Adriana saved Lincoln's life by donating their blood, and Lincoln returned it when he saved Aurora's life.

Aurora Nightingale: And that act of kindness he did to save my life would forever be with me.

The Mane 9 had tears on their eyes and smiles on their faces when they heard what Lincoln did to save Aurora Nightingale's life, including all of Lincoln's harem and his kids.

Starlight Glimmer: That's so beautiful.

Twilight Sparkle: You said it, Starlight.

Applejack: His Guardian Angels protected him from harm, and now, he's returned the favor, that's amazing.

Girl Jordan: That really is amazing.

We then got a shower afterwards, but then, the alarm sounds, and when Lincoln checked the computer, he saw who it was that triggered the alarm: it was Dahlia Hawthorne, another enemy of Phoenix Wright.

Nicole: (Gasps) Dahlia Hawthorne.

Lincoln: Uh oh, Phoenix Wright's ex-girlfriend, not good. But, she could be a potential member of The Masters of Evil.

Nico: Good idea, but first, we better stop her because if she sees Phoenix Wright.

Lincoln: It's going to get messy.

We flew out The World Tree Estate, and Lincoln fired powerful blasts of rainbow energy and elemental forces at Dahlia Hawthorne. When Dahlia Hawthorne saw us, she tried to play the innocent girl.

Lincoln: Nice try, Dahlia, but that's not going to work on us.

Lincoln saw through it, and her true nature was let loose. Suddenly, Betty Boop's eyes turned neon blue and she was surrounded by a red-hot energy aura with red hot flames, hearts, and angels, and as she approached Dahlia Hawthorne, she left red-hot energy, red hot flames, hearts, and angels with every step.

Betty Boop: I can't believe what you've done, Dahlia Hawthorne. You poisoned defense attorney Diego Armando and your accomplice, Swallow, and you tried to kill Phoenix Wright after he found out about what you did. But, your crimes eventually came back to haunt you, and now, I'll see to it that you never hurt anyone again.

Suddenly, Betty Boop was surrounded by a massive vortex of red-hot energy with red hot flames and hearts surrounding it, there's an angel flying around the vortex, and in the vortex is a black phoenix. Then, as the vortex faded, Betty Boop emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Betty Boop grew to 6'11" in height, she has the body of a goddess, she has red highlights in the bangs of her black hair, she has neon blue eyes and a red-hot energy aura with red hot flames, hearts, and angels surrounding her, she has an angel emblazoned on her forehead, she has on angel earrings with red gems for eyes and holding the Fire and Eternity Kanjis in her hands, she also has an angel holding the Fire and Eternity Kanjis in her hands for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with red crystal links from her merged Crystal Necklace of the Buddha and red gems on the gold lightning bolts. Betty Boop has on a sleeveless long red dress, red high heels, and long red sleeveless trenchcoat with red hot flames and angel on the coattails and on the back is Betty Boop with flames surrounding her. Suddenly, Betty Boop felt a sharp pain on her back, and then, massive black angel wings with red tips on the large black feathers, sprouted out from her back, Betty Boop has on her Ring of The Phoenix with red gem and heart-shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Suddenly, Betty Boop has a brand-new greatsword in her right hand called World of Betty Boop's Red Hot Fiery Heart Greatsword of Toon Justice, it's a brand-new greatsword with Betty Boop etched on the 7'0" massive, wide, double-edged red blade, large red angel wings for the crossguard, large red gem embedded in the rainguard, longer black handle, and a large red gem surrounded by angel wings the pommel. Betty Boop has on her brand-new gold Bracelets of the Champions of The Universe with large red gems on her wrists, along with her gold bracelets, new gold Belt of Elemental Bravery with a gold angel with red gems for eyes and a red pink gem in its hands for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on her right hip and her Eater of Sins revolver holstered on her left hip. There's a white kanji below Betty Boop that said, "Betty Boop, Friend of Popeye the Sailor and Many Cartoon Stars, Famous Cartoon Star of The 1930s, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Friend to Many, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Red-Hot Flames, Hearts, and Angels"

ベティ・ブープ、セーラーのポパイと多くの漫画スターの友人、1930年代の有名な漫画スター、リンカーン・ラウドの愛する未来の妻、悪の殺し屋、混乱した、殺人的、冷酷、そしてサディスティックな野郎、多くの、驚くべき強力な学生の友人驚くべき強力な教師、そして真っ赤な炎、ハート、そして天使のマスター

Betty Boop has transformed into SUPER ANGEL ETERNITY INFINITY FIERY RED HOT TOON ANGEL OF TOON JUSTICE AND RED HOT DIVINE LOVE!

We were amazed by Betty Boop's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face, hearts in his eyes, and his nose was bleeding. But, when Dahlia Hawthorne saw it, she flew into a rage and tried to attack, but Betty Boop made a heart made of red flames and she blew a kiss and sent it flying at Dahlia and it hits her and burned her.

Lincoln: (Wolf Whistles) Wow, Betty Boop, you look beautiful. How do you feel?

Betty Boop: (Divine Echoing Cosmic Voice of The Red Hot Fiery Angel and Divine Heart Love) **I feel incredible, Linky. Now, shall we teach Dahlia Hawthorne a lesson?**

Lincoln: (Smiles) With pleasure, Betty.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Betty Boop.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Time to put you in your place, murderer.**

Betty Boop and Lincoln went after Dahlia Hawthorne, and they powerful blasts of rainbow energy, red hot energy, hearts, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, and Angels at Dahlia Hawthorne, and they exploded with incredible power as they hit her. Then, they tied her up in a rainbow energy straitjacket and sent her to The Masters of Evil's prison. We cheered wildly for what Betty Boop and Lincoln did as they holstered their massive greatswords on their backs and power down, and Betty Boop's new body, clothes, weapons, jewelry, and massive black angel wings are permanent.

Betty Boop: That'll teach that bad girl a lesson. Thank you for helping me take down Dahlia Hawthorne, Linky.

Lincoln: (Smiles Warmly) You're welcome, Betty.

Suddenly, Betty Boop wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leans his face down to Betty Boop's face, they kissed passionately as Betty Boop's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, and Angel flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and red hot flames raging behind them and hearts falling from the skies and we all cheered wildly, and they sucked in and absorbed the flames.

Nico: Wow, now that's what I call awesome.

Me: You said it, Nico, and we now have a new member of The Masters of Evil.

Minerva Mink: And Betty Boop transformed and she and Lincoln taught that bad girl Dahlia a lesson before she could go after Phoenix Wright.

Lincoln: That's right, and I can't believe they used to date long ago.

Nicole: They did, but it ended really badly when she was caught for what she did.

We returned home to the World Tree Estate and we told Vypra of what happened today and Dahlia Hawthorne's now in their prison and she's going to be a new member of The Masters of Evil.

---

Later it was time for Irma's first ever Ambassador Mission and it was in the action packed world of Metal Gear Solid. I went over to Starlight who was sitting on the sofa with a REALLY HUGE Belly.

Me: How are you feeling Starlight?

Starlight Glimmer: Really heavy but I'll make it.

Me: Good.

Nico: I have a feeling this is gonna be an awesome baby shower by the time we get back. Anyone else wanna go with Irma? Besides Carter and 2 Rabbids?

Nicole: You know me and Eli will want to go. But lets have Lincoln and the Guardians all go too. Along with May.

Nico: Good idea.

Me: I heard so many awesome things about Snake. He is awesome.

Nicole: He sure is.

Nico: Lets head on out then.

We were off to rendezvous with Snake from Metal Gear Solid.

We were off to Alaska.

We later arrived. Out came Snake.

Snake: Miss, I don't know who you are. But this area's too dangerous for kids to hang around.

Irma: Oh I'm gonna be all right. My name is Irma Lair and we are here to see you Snake.

We came out.

Me: An honor to finally meet you Liquid Snake.

Nico: We are…

Snake: Team Loud Phoenix Storm. It's an honor to meet you guys.

Nicole: Same here.

We introduced ourselves and it was awesome.

Snake: Awesome to meet you all.

Eli: Same to you Snake.

Lincoln: I take it you heard about me being…

Snake: Placed into the Super Smash Bros. Roster? Yeah that was really amazing.

Me: That day still has us reeling to this day.

Solid Snake. Not Liquid Snake. Liquid Snake is a separate character.

Me: Sorry.

Solid Snake: No worries.

Me: All your fellow video game friends say hello by the way.

Solid Snake: Tell them I wish them the same.

Me: Will do.

Quiet then came.

Quiet: Well hey there. Team Loud Phoenix Storm. An honor.

May: You too Quiet.

Nico: Nice to meet you finally.

Carter: (sighs) And these are Rabbids.

Me: They are funny but they are not the brightest lightbulbs in the closet if you know what I mean.

Nico: But they are very funny and great for a laugh.

Quiet: They sure look funny.

Taranee: Yeah they are hilarious.

Nico: So, do you have a mission here?

Quiet: Yes we do.

Snake: We're going after remnants of FOXHOUND.

Me: So they are still operating even though they were disbanded.

Eli: And I sense them coming.

One of the Rabbids tried reaching for one of Snake's grenades.

Snake: Hey, don't play with that! It's not a toy!

Rayman grabbed the grenades.

Me: See they aren't that bright.

Eli: Yeah.

Me: Uh oh. Look out!

I fired an energy blast and it hit a bunch of FOXHOUND Soldiers coming and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Snake: Wow! Nice one.

Carter: Lightspeed Rescue!

He transformed and was ready!

Me: Time for some action!

We fired waves of energy and elements and blasted the FOXHOUND Troops all over.

Will Vandom: Lets get them! GUARDIANS UNITE!

We went guardian!

Will Vandom: (ENERGY SURGES) THE HEART!

Irma Lair: (WATER SPLASHES) WATER!

Taranee: (FIRE BURNS) FIRE!

Cornelia Hale: (VINES GROW) EARTH!

Hay Lin: (WIND BLOWS) AIR!

Me: (LIGHTNING STRIKES) LIGHTNING!

Elyon: (CLOCKS TICK) TIME!

Megan McCallister: (STARS SHIMMER) SPACE!

Lillian Hale: (LIGHT SHINES) LIGHT!

We were ready!

We fired waves of elements and energy and blasted numerous FOXHOUND Soldiers left and right!

Snake fired a remote controlled missile.

It went at the FOXHOUND Soldiers and it slammed into them and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

It blasted them to smithereens.

Nico: Take that!

Quiet: YEAH!

Snake whipped out his modified pistol.

And he blasted numerous soldiers heads off.

Nico: Nice shooting!

Snake: Thanks.

Eli: Taste this!

Eli fired a blast of Force Lightning and blew many FOXHOUND soldiers to dust.

Snake then put a small explosive on the ground.

Snake: Taste this.

Then it exploded in the soldiers faces.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOM

Me: Lets see how they like laughing themselves to death.

I pulled out a grenade filled with the real Joker Poison.

I then pulled the pin and threw it and then it exploded in the FOXHOUND Soldiers faces and they were laughing hysterically and uncontrollably and they had that demented grin.

Snake: Nice! But let's get rid of the bodies so I don't have to look at that creepy grin.

Me: The Joker may be dead and gone but his laughing poison is really handy.

I fired a wave of fire and incinerated the bodies into ash.

May: That did it.

Nico: Yep.

Irma: That was awesome though.

Snake: Nice job! But fair warning: if you thought the 20 Days of Darkness were dark, what we see during the remaining 3 missions might be even darker. Sure you guys can handle it?

Me: We will try.

Nico: Besides we've handled many wars and all that. We'll be ready.

Elu: Yeah we'll be ready.

Snake: Good.

Quiet: Brace yourselves though.

Later we came back.

Nico: That was awesome!

We told everyone everything and it was awesome.

Varie: Wow that was intense.

Me: It was.

May: Next time, Ed the Protector should go with you guys.

Nico: Good idea.

Irma: Yeah it was.

Nico: Yep.

Later we were having Starlight's Baby Shower and she was getting lots of awesome gifts.

Starlight got everything. But then as Starlight was drinking soda she then felt an intensely sharp pain and then water poured down her legs! THAT CAN ONLY MEAN ONE THING!

Me: OH MAN! STARLIGHT IS IT TIME!?

Starlight Glimmer: YEAH IT IS!

Flamberge: HOLY SHIT! STARLIGHT'S GOING INTO LABOR!

Me: Oh boy oh boy! LETS GET HER TO THE HOSPITAL PEOPLE!

Vypra: Lets go lets go!

Me: Lets go!

We were getting Starlight Glimmer to the hospital and we arrived and Lincoln and Starlight's kids were waiting outside.

We were waiting.

Flannery: You think she's okay in there?

Starlight Glimmer: LINCOLN LOUD THIS IS ALL YOUR FAULT THAT I GOT PREGNANT! IF YOU GET ME PREGNANT AGAIN I WILL TEAR YOUR INTESTINES OUT AND SHOVE THEM SO FAR DOWN YOUR THROAT THAT YOU'LL BE PEEING ON THE INSIDE!

Lincoln gulped in fear!

Me: Lincoln that's just the Labor Pains talking. She doesn't mean any of it.

Sayaka: Yeah it's not her fault.

Leozack: (to Live Action Optimus) You should be proud of Starlight.

Live Action Optimus: I sure am Leozack.

Later Starlight came out and she had 8 baby girls in her hands.

Me: Oh Starlight they are so beautiful and adorable.

Eli: Oh they sure are.

Starlight Glimmer: (Weakly) Yes they sure are.

We met Starstorm Thunder, Firestar Crystal, Waterswirl Aurora, Tornado Starburst, Oracle Lightning, Rainstorm Fireheart, Hurricane Northern and Skystorm Comet.

G1 Scattershot: They're so cute!

Nico: The sure are.

Starlight Glimme: Yeah.

Tussle Sprout: Someone needs to watch them.

Ms. Cheerilee: I can do that.

Me: Good idea Ms. Cheerilee.

Sayaka: Congratulations Starlight. We're so happy for you.

Starlight Glimmer: Thanks Sayaka.

The Dark Sigers, Shade, Ben Ravencroft and Felix Faust then appeared.

Carly Atlas: Oh my gosh they are so adorable.

Misty Tredwell: We're so happy for you Starlight.

Starlight Glimmer: Thanks guys.

Devack: You're welcome.

Roman: Can me, Rex, Kalin, Greiger, Devack, Misty, Carly, Shade, Ben Ravencroft and Felix Faust hang out with you guys?

Nico: Yes you sure can. And we got a call from Muscle Man. He needs our help at the park. Something huge is going down.

Kalin: Sounds like something huge.

Carly Atlas: Yeah.

Crag: Wonder what it could be.

Lola: We'll find out soon.

Long Haul: Boss, which Gene Slammer do you think you'll meet on your next rescue?

Nico: Hmm. Lets see. How about an Evolved Segmentasapien Gene-slammer next.

Me: Wow! An Ultimate form of Bloxx.

Eli: That will be interesting to see.

Lola: It sure will be amazing.

Starlight Glimmer: It sure will.

Kalin: I hope nothing bad's going on in the park.

Nico: Lets find out what's going on.

Me: Muscle Man said it has something to do with a former friend of his. He'll have to fill us in when we get there.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was our old enemy, Mr. Wertz, and the Supernoobs' former science teacher, and he's broken out of prison to get revenge on us for throwing him in prison and ruining him long ago. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us today?

Lincoln: You got that right, Nico, and we're not going to like this guy one bit, especially you, your friends, and Anna, Tyler: the dark energy signal I sensed belongs to our old enemy, Mr. Wertz, and the Supernoobs' former science teacher, and he's broken out of prison to get revenge on us for throwing him in prison and ruining him long ago.

We gasped in pure shock.

Me: That insane nutcase science teacher's broken out of prison?!

Nico: Oh man, that's so not good!

Claire Monroe: And because of what Linky told me about this guy, I really hate him so much, and he's a perfect target.

Lincoln: (Smirks) You mean… The Dark Curse of Azathoth?!

We had smirks on our faces when we heard Lincoln say that.

Claire Monroe: Yep, and it'll destroy his sanity forever.

Nico: Oh man, now that's the perfect punishment for someone like him, nice thinking, Claire. Alright, gang, let's go, we got a former friend of Muscle Man to send to Oblivion for good.

Lincoln: He's a dead man walking when we get through with him, and so is Wertz when he shows his face.

We went over to the park.

---

We arrived at the Park.

Blaster Tron: Scanning for any unusual activity.

Nico: Okay.

We then smelled a delicious scent.

Me: (Sniffs) Chile Rellenos? Oh boy!

Rosa Casagrande: (Spanish Accent) They smell just as good as my Chile Rellenos.

Laney: Tasty.

Blaster Tron: No hostile activity detected.

Mordecai: Hey guys. (Gasp) Oh Starlight congratulations on your new kids.

Starlight Glimmer: Thanks Mordecai.

Carly Atlas: You didn't tell me you guys had Chile Rellenos.

Mordecai: We didn't.

Muscle Man: It's my old friend turned enemy Hector! He's back!

We gasped!

Me: Who's Hector?

Hector Casagrande: (Spanish Accent) It's not me I hope!

Muscle Man: Oh no Mr. Casagrande. This is my former best friend that sold fireworks.

Nico: What can you tell us about him?

Muscle Man: You guys are not gonna like him

---

Hector is a traitorous fireworks dealer that runs a secret business called "South of the Line" and he is also Muscle Man's former friend and arch-nemesis. He is the main antagonist of Regular Show episode "Firework Run".

He was voiced by Andres Salaff.

Muscle Man, High-Five Ghost, Mordecai, and Rigby go to him in order to buy some fireworks since Muscle Man accidentally blew up the fireworks needed for the 4th of July. Hector at first agrees to buy them the fireworks, but then tells them that the fireworks cost them double their amount. Rigby then asks if they can buy "El Diablo". Hector tells them it is prophesied that if El Diablo is lit, it would kill him, and thus tells Rigby it is not for sale. A desperate Muscle Man begs for Hector to give them the fireworks.

Hector kicks Muscle Man out of the way, and tells him that he will give them the fireworks, on the condition of bringing a package to his friend Armando. They give the package to Armando, and he tells them to sit down to wait for them. Suddenly, Rigby gets too impatient for waiting and the four groundskeepers accidentally stumble upon the "South of the Line" factory, realizing that Hector and his gang put gunpowder in their "South of the Line" chilli rellenos. Armando then signals his henchmen to stuff the four groundskeepers in burlap sacks to take to Hector. Hector gets upset that the four have stumbled upon his factory. He knows that the four are not going to share his secret, since he'll blow them up with dynamite, and goes inside his office to watch them get killed. Muscle Man and the rest of the groundskeepers walk forward and manage to escape.

Hector in a fit of rage tells his gang to hurry up in unlocking the door to get them, but Muscle Man and the others manage to get El Diablo. Muscle Man then gets one of the chilli relleno grenades and tosses them toward a box of others, causing the whole factory to explode. However, Hector survives and is shown to be a cyborg, as half of his head and arms are metallic. He forces Benson to give him his lighter and attempts to kill the four groundskeepers with a rocket gun, but the four groundskeepers manage to dodge the attack and that causes him to set off El Diablo. After creating a gun show for the people at the Park, El Diablo sees Hector and says his name. Hector tries desperately to run away from the firework, but El Diablo fires his firework bazookas at Hector, sending him flying toward the neon "South of the Line" billboard, which explodes, killing Hector in the process, and ending his reign of terror forever.

---

When he was done we were shocked!

Me: Whoa!

Nico: This guy is a cyborg!? How freaky!

Strike Man: I doubt he gave you guys the Chile Rellenos.

Mordecai: No no we were cooking our own version of South of The Border Chile Rellenos for our lunch.

Rigby: Hector puts Gunpowder in his.

We gasped!

Me: He puts gunpowder in his Chile Rellenos!? That's insane!

Eli: Gunpowder is poisonous stuff!

Lisa Loud: Yes it definitely is.

Devack: What kind of moron eats fucking gunpowder for lunch?!

Nico: Devack language! We don't want Starlight's kids to pick up bad words on their first day of life.

Devack: Oh sorry. I meant what kind of guy eats gunpowder for lunch!?

Nico: No idea. But that is dangerous.

Lola: Yeah it sure is.

Mordecai: You know, Muscle Man. This really is your fault.

Muscle Man: My fault?!

Rigby: If you didn't set those fireworks off back then, we wouldn't have needed to buy from Hector, we wouldn't have found out his secret, and he wouldn't be trying to kill us!

Princess Luna: I'm sure Muscle Man did that on accident.

Me: Hey hey hey! Muscle Man was desperate to give you guys the best fireworks show ever. Also it was an accident.

Benson: Yeah it was all an accident. He didn't mean to. Besides I had tons of extra fireworks bought earlier so it wasn't needed.

Mordecai: Oh.

Misty Tredwell: Why did you have Mordecai, Rigby, and the others go with Muscle Man back then?

Benson: It was to make sure Muscle Man got the right kind of fireworks.

Misty Tredwell: I see.

Me: But that El Diablo one really packed a wallop.

Qin: No kidding.

Me: But some friend. Muscle Man he was no friend to you.

Muscle Man: You're right. Hector is a monster.

Nico: If Hector wants gunpowder, we'll give him gunpowder once I fire my elemental bazooka at him!

Threatpack: Another new weapon?

Nico: Yep. Nice huh?

Me: Very spiffy.

Lola: It sure is.

Benson: Nico you sure are a great weapons craftsman.

Nico: Thanks. Learned tons of new things and decided to put them all to good use.

Nico: Yep. And Hector better start praying.

Starlight Glimmer: Oh this is gonna be awesome.

Sweet Leaf: It sure will be awesome.

Indigo Zap: Yeah it will.

Blast Off: And lots of property damage will be caused, including the destruction of someone's car.

Nico: Yeah. He will pay for his crimes.

Eli: He sure will. In oil and metal.

Qin: Good way to put it.

Rex Goodwin: Okay, the car part might not happen. But you know what we mean.

Nico: Yeah we do.

Lola: Yep.

Maria: We sure are. We got lots of new tricks now.

Mordecai: That's what we were hearing guys. Wow.

Pops: Oh I would be more than happy to Luna.

Nico: She just gave birth to them earlier.

Benson: Great choice Luna. Pops is great with kids.

Starburst Aurora: He's great with all things.

Lola: Yes he is.

Starlight Glimmer: Thanks Pops.

Shade: And soundproof the room you take them too.

Pops: Got it.

He took the kids into the house to watch them.

Konan: The last thing we need is Hector using the kids as leverage.

Nico: Absolutely.

Starlight Glimmer: No kidding there.

Eli: Hector is coming. I sense him.

Me: All right lets get ready for him.

Qin: We need to hit this monster with everything we got if he is a cyborg.

Ben Ravencroft: They're going to be here any minute.

Nico: Lets get ready then.

Eli: He's coming from the southwest.

Nico: Lets hide and get ready..

We hid in the bushes.

We then saw a figure coming and it was HECTOR!

Muscle Man: There he is.

Lemmy Koopa: Entrance time!

Nico: Lets go.

We went at him.

Hector: I know you're here Muscle Man.

Then the spirits of the rainbow and the Nazca Lines appeared and they swirled around him and then converged and then..

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and a Phoenix Cry was heard.

Zocks: (Singing) Yo-ho-hoy- yo-ho-hoy- yo-ho-hoy-hoy! Hey! I am a World Pirate. In pursuit of treasure, I go from sea to sea! I am a pirate. In pursuit of freedom, I travel from world to world! I'll get my hands on it no matter what! And then I'll get a feeling that's two good! Yo-ho-hoy!

We appeared.

Muscle Man: Hello Hector! You know who's going to love kicking your ass? MY MOM!

We laughed at his joke!

Hector: I told you that you and your friends would die for discovering my secret.

Felix Faust: You're more then welcome to try.

Eddy gave Hector both middle fingers.

Hector: WHY YOU LITTLE!? I'll make sure you eat lead for that!

Bender: Bite my shiny metal ass!

Hector: Whose side are you on robot!?

Me: The side that kicks your twisted fucking metal ass!

Nico: And we're going to rip you to shreds!

Aurora Nightingale: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful

teachers, J.D. and Nico included, Aurora, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Aurora Nightingale: That's incredible.

Nico: It sure is. So, Aurora, how did you save Lincoln when he almost got killed by Lori, Lynn, Lola, Lisa, and Luan and it almost got them sent to a federal prison system?

Aurora Nightingale: That's a story that I still remember all too well. One day, I was going for a walk in Royal Woods for some fresh air. But, then, I heard a loud scream for help and it was coming from The Loud House, and I knew just who it was that made that loud scream for help: it was Lincoln, and I'd immediately thought that Lori, Lynn, Lola, Lisa, and Luan are attacking him yet again. I ran up to The Loud House and I kicked the door in, and when I got inside, the house was a mess, and then, I heard the sounds of screaming coming from the kitchen, I ran in there, and I saw Lincoln getting mangled and beaten up by Lori, Lynn, Lola, Lisa, and Luan, and they were completely deranged and insane, and they were beating him up. I ran up and pushed Lori and Lynn off Lincoln and threw them at Lola, Lisa, and Luan, and they crashed like bowling pins. Then, I ran up to Lincoln who was really mangled up with a bloody nose and black eye. I was about to get him to his room, but Lori and Luan punched me hard in the face and Lola and Lisa held Lincoln and Lynn charged in with a knife, but I pushed Lincoln out of the way, and I got stabbed in the stomach and they laughed evilly as Lincoln saw me fall down in a pool of blood. That's when he snapped and I saw his eyes turn blood red and his fangs come out since I found out Adriana's vampire blood saved him. He threw Lynn hard into a wall with his vampiric strength and he fired five blasts of darkness and trapped Lori, Lynn, Lola, Lisa, and Luan inside them. Then, the rest of the family saw Lincoln helping me when I got stabbed and Lori, Lynn,

We were really pissed off at what those evil demons did, especially Lynn who was possessed by Dark Lynn.

Nico: Why, those heartless, little… !

Aurora Nightingale: I know, Nico. But, Lincoln wasn't going to let me die, I allowed him to bite me on the neck, and he healed my stab wound on my stomach and he fed on my blood. I was okay now, but I wasn't changed into a vampire, and Leni, Luna, Laney, Lucy, Lana, Lily, and Mr. and Mrs. Loud went up to Lincoln and they hugged him for saving my life and he hugged them back, and I did the same to Lincoln. Then, we saw Lori, Lynn, Lola, Lisa, and Luan who were tied to chairs in dark energy rope made by Lincoln, and when they saw me alive and well because of Lincoln, they went ballistic. But, then I saw Lincoln fire two powerful blasts of water at Lori and Lola and messed up their make-up, and he fired three blasts of light at Lynn, Lisa, and Luan and it hit them. We soon found out Lincoln had gotten cosmic hydrokinesis and cosmic ictiokinesis from my blood and we were impressed. But, we were still angry at Lori, Lynn, Lola, Lisa, and Luan and they were about to call the cops and have them put in a federal prison system for life, but Lincoln decided on their punishment: he then made a wave of water and he picked Lori, Lynn, Lola, Lisa, and Luan up and sent them to the basement in isolation cubes where they'd remain there for nine weeks, and we hugged Lincoln and we hugged him back.

We cheered wildly for what Lincoln did to save Aurora Nightingale and what Lincoln did in sending the five mean sisters to the basement and demonstrating his new powers.

Me: Whoa, first, he got cosmic pyrokinesis from Varya Pohzar's blood, then, he got vampire and dark powers from Adriana Ardelean Dracula's blood, and he got cosmic hydrokinesis and ictiokinesis from Aurora Nightingale, that's so awesome.

Nico: Big time awesome! Wow! But, Lincoln, that was so awesome that you saved Aurora's life by biting her and she didn't turn into a vampire, that's incredible.

Lincoln: I know, but I soon found out that if those I love were bitten by me, their injuries would be healed and any illness they suffer from will be wiped out, and they wouldn't be turned into a vampire.

Eli: Wow, that's really awesome.

Rita: Varya and Adriana saved Lincoln's life by donating their blood, and Lincoln returned it when he saved Aurora's life.

Aurora Nightingale: And that act of kindness he did to save my life would forever be with me.

The Mane 9 had tears on their eyes and smiles on their faces when they heard what Lincoln did to save Aurora Nightingale's life, including all of Lincoln's harem and his kids.

Luster Dawn: Rosa Casagrande's are always the best. She makes all kinds of awesome Mexican Food. Lincoln and Laney both love it themselves.

Not just because of your Quirk but it's also because the toad spirit animal symbolism in your life comes with the vibrations of success, transformation, family, and fortune. If you have a toad spirit animal in your life, it means you are a family person. You enjoy it and spend most of your time with people who are dear to you including friends and family. Furthermore, these amphibians draw their strength from their ability to adapt and change to different life situations.

Tsuyu: Wow! That is awesome!

Nico: Amazing symbolism.

Then a green light appeared in front of Tsuyu and landed in her hand and it was the Toad Wild Zord Crystal.

Tyler Bowman: I should've known there's no mistaking that voice from anywhere. You can come out now, Wertz!

A figure came out, and it was none other than our old enemy and the Supernoobs' deranged former science teacher, Mr. Wertz, and he was incredibly pissed off and insane.

Nico: Wertz, I should've known you'd bust out of prison. But, you just made a big mistake, stupid, now we're really not going to show you any mercy for everything you've done.

Mr. Wertz: I DON'T CARE, I WILL DESTROY YOU ALL AND RULE THE WORLD! (LAUGHING MANIACALLY)

Nico: Looks like prison's not been kind to him. Claire, you sure you still want to give him The Dark Curse of Azathoth?

Claire Monroe: I am, Nico. He's never getting out alive.

Suddenly, Claire Monroe's yellow eyes turned neon yellow, and she was surrounded by a black energy aura with darkness, eldritch beings, and shadows, she unholstered her massive Outer Entity Azathot-themed greatsword from her back, and as she approached

Mr. Wertz, she left black energy, eldritch beings, darkness, and shadows with every step.

Claire Monroe: Wertz, I will never ever forgive you for the actions you've committed against your former students and the same went with what you tried to do to Team Loud Phoenix Storm. You really make me sick, and now, I will see to it that you're never released from the nuthouse again.

Suddenly, Claire Monroe was surrounded by a massive vortex of black energy with black tentacles descending from the vortex and darkness and shadows surrounding it, there's Outer Entity Azathot and the Outer God, Azathoth, flying around the vortex, and in the vortex is a yellow phoenix. Then, as the vortex faded, Claire Monroe emerged, but she was changed forever.

(THEY'RE BACK - POLTERGEIST 2 SOUNDTRACK PLAYS 0:50 TO 1:49)

Claire Monroe grew from 6'5" to 6'11" in height, she has the body of a goddess, she has purple and yellow highlights in the bangs of her long flowing black hair, she has neon yellow eyes and she has a black energy aura with darkness, eldritch beings, and shadows surrounding her, she has Outer Entity Azathot and with the Dark Kanji in its tentacles emblazoned on her forehead, she has on earrings in the shape of Azathoth with a purple gem for an eye and holding the Dark and Eternity Kanjis in its tentacles, she also has Outer Entity Azathot with purple gems for eyes and the Dark and Eternity Kanjis in its tentacles for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with black links from her merged Crystal Necklace of the Buddha and blood red gems on the gold lightning bolts. Claire Monroe has on a sleeveless black dress, black frilly skirt, black knee-high boots, and long sleeveless black trenchcoat with eldritch beings, tentacles, darkness, and shadows on the coattails, and on the back is Outer Entity Azathot and the Outer God, Azathoth, with darkness surrounding the beings. Suddenly, Claire Monroe felt a sharp pain on her back, and then, her massive black angel wings grew much bigger for her new body, and the large black feathers have yellow tips on the feathers. Claire Monroe has on a Ring of The Phoenix with black gem and heart shaped gem embedded in it on her right ring finger which also merged with her Guardian Angel of Lincoln Loud ring and Star Sapphire ring on her left ring finger.

Suddenly, Claire Monroe's massive Vampire Lady-themed greatsword began merging with her Sword of The Goths of Darkness, and they were surrounded by a kaleidoscope of black energy with eldritch beings, darkness, and shadows, and when it emerged, it was transformed into Azathoth's Outer Entity Greatsword of Eldritch Justice, a brand-new greatsword with Outer Entity Azathot, the Outer God, Azathoth, and the symbol of The Goth of Darkness etched on the 7'0" massive, wide, double-edged black blade, black tentacles for the crossguard, yellow gem embedded in the rainguard, longer midnight black handle, and large black gem with surrounding black angel wings for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with yellow gems on her wrists, new large gold Belt of Elemental Bravery with a gold version of Outer Entity Azathot's head with yellow gems for eyes and a large black gem inside its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. There's a yellow kanji below Outer Entity Azathot and Azathoth that said, "Claire Monroe, The Embodiment of Azathoth, Gene-Slammer of Outer Entity Azathot, Master of The Dark Curse of Azathoth, Loving Guardian Angel and Future Wife of Lincoln Loud, Despiser of Bullies, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Darkness, The Dark Arts, The Occult, and the Cthulhu Mythos Beings"

Claire Monroe has transformed into SUPER ANGEL ETERNITY

INFINITY OUTER ENTITY DARKNESS ANGEL OF DARK ELDRITCH JUSTICE AND DARK OUTER LOVE!

We were amazed by Claire Monroe's Super Angel Eternity Infinity transformation and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Mr. Wertz saw it, he flew into an insane rage and tried to attack her, but Claire Monroe fired a powerful blast of black energy with eldritch beings, black tentacles, darkness, and shadows, and it hits Mr. Wertz, and sent the lunatic flying into a wall.

Nico: Wow, Claire Monroe's transformed into her Super Angel Eternity Infinity form, awesome.

Me: And she sent that fucked-up lunatic, Wertz, flying into a wall, awesome.

Lincoln: Wow, Claire, you look beautiful. How do you feel?

Claire Monroe: (Divine Echoing Cosmic Voice of The Outer God Azathoth and Divine Outer God Love) **I feel incredible, Linky. Now, shall we put a stop to Wertz once and for all?**

Lincoln: (Smiles) With pleasure, Claire.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Claire Monroe.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Your days of causing havoc are finally over, Wertz, and this time, you're never getting out of the nuthouse ever again.**

Claire Monroe and Lincoln went after Wertz, and they fired powerful blasts of rainbow energy, black energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Eldritch Beings, and Angels at Wertz, and they exploded with incredible power as they hit him. Then, they slashed at Wertz with their massive greatswords and he screamed in pain and then, Lincoln tied him up in a rainbow energy straitjacket and rainbow energy chains, so he can't escape.

Claire Monroe: (Divine Echoing Cosmic Voice of The Outer God Azathoth and Divine Outer God Love) **Because of your irredeemable nature and the crimes you've committed, Wertz, you are condemned to endure The Dark Curse of Azathoth, and your sanity will forever be shattered.**

Darkness enveloped around Claire Monroe, and then, a circle with the symbols of the beings of the Cthulhu Mythos appeared around Wertz, and we didn't look at what she was about to do, the same went with Lincoln. Then, a single eye opened up right above Claire Monroe and a mass of tentacles appeared around it: it was none other than Azathoth, the ruler and creator of The Outer Gods in H.P. Lovecraft's Cthulhu Mythos, and Claire Monroe spoke in an eldritch language and she fired a blast of dark energy and it hits Wertz, and it destroyed his mind and he was reduced to a deranged maniac. The darkness faded, and we uncovered our eyes, and we saw what happened to Wertz.

Me: Whoa, so that's The Dark Curse of Azathoth?!

Nico: Yep, and that was really creepy.

We didn't look at what Claire Monroe did, and Lincoln beamed Wertz to The Saturn Insane Asylum's Super Maximum Security Solitary Confinement and he'd never be free again. We cheered wildly for what Claire Monroe and Lincoln did as they holstered their massive greatswords on their backs and power down, and Claire Monroe's new body, clothes, weapons, jewelry, and massive black angel wings are permanent.

Claire Monroe: That'll teach that lunatic. Thank you for helping me take down Wertz, Linky.

Lincoln: (Smiles Warmly) You're welcome, Claire.

Then, Claire Monroe wraps her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leans his face down to Claire Monroe's face, they kissed passionately as Claire Monroe's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and Old Entity Azathot flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and dark flames raging behind them and we all cheered wildly, and they sucked in and absorbed the flames.

Nico: Alright.

Me: Nice one, guys, and that was The Dark Curse of Azathoth you used, right?

Claire Monroe: Yep, you guessed it.

Lincoln: Now, you guys know why Claire only uses it on those who are beyond redemption, and the same goes with Colleen Elvira Benneschevsky when she uses The Black Speech of Nyarlathotep.

Colleen Elvira Benneschevsky: (Polish Accent) That's right.

Eli: Still, that's really scary.

Lincoln: It sure is, and that's why no one would dare to test the waters with Claire Monroe and Colleen Benneschevsky, Eli.

Brittney: Not if they want to get hit with The Black Speech of Nyarlathotep or The Dark Curse of Azathoth, because these are curses will lead to their sanity being broken forever.

Lincoln: Yep, and now, we got to get ready for tomorrow: we're going to meet The Hibiki Kamen Riders.

Gali: That's right, this is going to be one awesome adventure tomorrow.

Me: We sure are.

El Oso: Hector's death was stronger than if he was killed by the El Diablo.

Irma: Just wish Snake was able to see it.

Tchang Zu: You can tell him on your next mission.

Metal Sonic: I'm sure he would love to hear it.

Me: Yeah I agree. And we also put Wertz back in prison.

Nico: Good riddance.

Aurora Nightingale: I'm going to love it here with you guys.

Abigail Kiralevington: Same with me.

General Schwarz: You girls won't regret it at all.

Gramma Stuffum: Let's get Starlight's kids home. I can't wait to feed them some of my food!

Me: Good idea. But we have to prepare for tomorrow. The Hibiki Kamen Riders await.

Nico: Yep. This is the first of what I call The 20 Kamen Rider Big Missions. Lets get ready for tomorrow morning everyone.

Muscle Man: (To the viewers) You know who else likes to have fun on missions like this? MY MOM!

We laughed at his joke.

Nico: But great job guys. Lets head home and get ready.

We cheered. We got Starlight's kids and we then went back home and enjoyed the rest of the day and went to sleep.

Meanwhile in Japan, At Hibiki Temple, Hitoshi and his team were getting ready for our arrival. This was 2005's Kamen Rider Team and it was going to be awesome to help them out with dealing with one of their enemies.

Hitoshi: That was awesome you helped out the team on Nico's rescue Iori.

Iori: It sure was. I'm really looking forward to having the team come and help us all tomorrow.

Hitoshi: It'll be great to see Gali again.

Tomizo: Yeah it will be awesome.

Zanki: Yep it sure will be.

Hitoshi: Lets get ready for them.

They then pulled out their tuning fork morphers.

Hibiki Kamen Riders: HENSHIN!

They transformed in a flash of purple and rainbow fire and then the screen turned rainbow flames.

Flying over the forests of Walkerville was Nico, Persephone, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Changeman, Jetman, Simone Honou the Zhuqiaomon Gene-slammer, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily and we got a call from Ms. Frizzle's class that the bus overheated and it was on its way to a mysterious place called The Sound Museum and surprisingly, Simone has actually been to this place before.

Nico: I have a feeling this is gonna be an awesome rescue.

Me: Same here. And Simone thanks for coming with us on this one too.

Simone Honou: You're welcome J.D. It's gonna be awesome to see everyone again.

Rarity: Oh it sure will darlings. I'm so looking forward to seeing everyone again.

Nico: Last time we saw all your friends in Ms. Frizzle's class there weren't that many of us.

Camie: But it'll be so awesome to meet them.

Laney: Yeah it sure will be awesome.

Nico: Thanks for coming with me, Persephone.

Persephone: Anytime Nico. It'll be so awesome to help out on this.

Eli: It's always fun.

Nico: Persephone, are you excited about today?

Persephone: I sure am. I'm really looking forward to meeting the Hibiki team.

Simone Honou: Me too Persephone.

Me: Hitoshi is a really awesome guy. You guys will love how he and his team all fight Makamous.

Eli: They were ugly and scary.

Nico: At least we took care of The Man and The Woman.

Me: And thank goodness they weren't the primary targets for today.

Nico: Yeah.

Varie: But we're ready for anything.

Nico: The main targets we're going after are Hitotsumi and Orochi.

Me: I remember seeing them! Orochi was a terrible dragon creature! He was based on Yamata No Orochi.

Lola: Wow! So they are our main targets.

Eli: Now I'm REALLY Glad we took out The Man and The Woman.

Camie: Me too. Thank goodness.

Sirius: Yeah me too.

But then we heard a cacophonous noise that sounded worse than nails grinding on a chalkboard!

Me: OUCH! Man what in the name of Dante's 9-Circles was that!?

Simone Honou: I think we found everyone.

We saw the bus being pulled through the forest.

(Suddenly, Carlos' instrument breaks the silence.)

Tim: What was that?

Carlos: It was me. How was that, Dorothy Ann? I want my instrument to have the power of a thunderstorm, so I put an umbrella on it.

Dorothy Ann: That sounded more like drizzle, Carlos.

Carlos: Oh. How about this? I wanted it to have the roar of a lion, so I gave it a mane.

(Instrument plays again.)

Dorothy Ann: It's a kitten, Carlos.

We went over and landed.

Simone Honou: Hey guys!

Dorothy Ann: Hey Simone!

She hugged her.

Keisha: Boy are we happy to see you guys.

Tim: Yeah we sure are.

Eli: What happened? Why are you guys pulling the bus by hand?

Ms. Frizzle: He overheated.

Maria: Oh man. Maybe I can cool him down for you guys.

Ms. Frizzle: Thank you Maria.

She went and did so as Everyone continues moving the bus through the forest. As they do so, Carlos keeps trying to improve his instrument, but to no avail.

Class: Forget it, Carlos!

Carlos: It looks better and better, but it sounds worse and worse.

Me: Keep trying Carlos. You'll get it.

Nico: Yeah.

Maria: Carlos, if at first you don't succeed, try try again.

Nico: Exactly.

(Suddenly, a strange sound is heard, but not from his instrument, Carlos gets out of the bus.)

I had ice and icicles forming down my back and that sound gave me the chills!

Carlos: What was that?

Nico: Whoa! Scary!

Tim: All right!

Dorothy Ann: That's a great sound.

Carlos: But it wasn't me. It came from there (He points over to a mansion as the strange sound plays again and lightning flashes.)

Me: Whoa man!

Eli: That is a scary mansion.

Tsuyu: Thank goodness Shaggy and Scooby aren't with us or they would be scared stiff.

Varie: But where did that sound come from?

Ms. Frizzle: Oh, isn't it mellifluous?

Arnold: That's not exactly the word I'd use for it.

Ralphie: Come on, Arnold. It's just a house. You're not scared of a house are you? (Arnold nods.) Me too.

Ms. Frizzle: What's wrong with you, class? Where's your spirit of adventure? Take chances, make mistakes.

Ralphie: Get scared out of our wits.

Me: Come on guys.

Simone Honou: Yeah we've been in many haunted houses before and they didn't frighten us.

Ralphie: Easy for you to say.

(He tries getting back in the bus, but Wanda stops him.)

Wanda: Don't be such a chicken, Ralphie.

Dorothy Ann: There must be a phone in there. We can call a tow truck. Come on.

Maria: I've done all I can do on the bus.

(As Wanda pushes Ralphie away from the bus, Arnold picks up Liz. Soon, the whole class reaches and gets past the gate.)

Keesha: What a weird place.

Simone Honou: But I've been here before guys.

Carlos: (points to a bat statue with moving ears) Kind of ear-ie, isn't it? Get it, ear-ie? (laughs)

Class: Carlos!

We laughed at his joke!

Rarity: Oh I thought it was funny darlings.

(Arnold walks past chimes that make ghostly noises before he bumps into a tree, waking up an owl and bats.)

Arnold: All I've got to say is if I ever meet anybody I can see through, I'm outta here.

Ms. Frizzle: Whoa, no need to be hasty, Arnold.

(She presses a doorbell button, which makes the windows close and open loudly and a giant bell on the top to ring loudly.)

Carlos: That is some doorbell!

Arnold: Oh, well. Nobody home. Let's go.

(Tim and Ralphie follow.)

Tim: Good idea.

Ralphie: I'm with Arnold.

Carlos: But I need to know what made that sound. (He opens the door.) Come on! (He enters the house.)

Ms. Frizzle: How nice. Shall we?

Ralphie: Must we?

(Everyone enters the house. After Arnold, Liz and Ralphie enter the house, the door slams shut by itself. Arnold jumps into Ralphie's arms.)

Arnold and Ralphie: (scream)

Nico: Luan would be proud.

Carlos: Thanks.

(Arnold walks past chimes that make ghostly noises before he bumps into a tree, waking up an owl and bats.)

Arnold: All I've got to say is if I ever meet anybody I can see through, I'm outta here.

Ms. Frizzle: Whoa, no need to be hasty, Arnold.

(She presses a doorbell button, which makes the windows close and open loudly and a giant bell on the top to ring loudly.)

Carlos: That is some doorbell!

Me: Boy if Shaggy and Scooby saw this place they would have heart attacks.

Nico: Yeah you know how scared they get.

Arnold: Oh, well. Nobody home. Let's go.

(Tim and Ralphie follow.)

Tim: Good idea.

Ralphie: I'm with Arnold.

Carlos: But I need to know what made that sound. (He opens the door.) Come on! (He enters the house.)

Me: Whoa.

Ms. Frizzle: How nice. Shall we?

Ralphie: Must we?

Nico: Ralphie come on.

(Everyone enters the house. After Arnold, Liz and Ralphie enter the house, the door slams shut by itself. Arnold jumps into Ralphie's arms.)

Arnold and Ralphie: (scream)

It was creepy!

Inside, Ms. Frizzle lights a candle. As the class gets a good look at the place, Ralphie tries opening the door, but it's stuck.

Ralphie: Open! Open! Open! (grunts) It's stuck! What do we do now?!

Ms. Frizzle: We say "hello." (echo) Well, that sounds friendly enough.

Me: Nice echo.

Starlight Glimmer: Yeah.

(Ralphie tries opening the door again, but no luck. Carlos and Dorothy Ann check out the library.)

Carlos: What a place!

Simone Honou: Yeah.

Dorothy Ann: We've gotta call for help. (finds a phone book) Oh, good. Here's a phone book.

(She opens the book and it makes phone sounds, startling her.)

Me: Whoa! I've heard of telephones but never TELE-BOOKS.

Phoebe: What was that?!

Ms. Frizzle: That was a tantalizing tintinnabulation.

Me: A what?

Lucy Loud: It's a book that makes sounds.

(She pulls a book off the shelf.)

Tim, Wanda and Arnold: No, don't!

(Ms. Frizzle opens the book. As fog rises from it, the book makes a foghorn sound.)

Ms. Frizzle: Ah, foghorns. One of my favorites. Such a big deep sound.

Me: Usually we hear that whenever something stinks too.

Carlos: Maybe one of these books was making the sound I heard.

(He opens a book and it screams like a girl.)

AAAAAAAAAAHHHH!

Me: That is crazy!

Qin: Yeah!

Ralphie: That's it! I don't need to know how this turns out! I'm outta here!

(He trips on a book Liz was looking at. When it falls on the floor, it shows two pink heads laughing evilly.)

Ralphie: What kind of place is this?

(Arnold closes the book.)

Me: Sounds in books?

Aylene C.: So freaky.

Persephone: Eli, are there any Another Rangers here?

Eli: No I don't sense anything. But I do sense the gene-slammer here.

Me: It must be one of the missions that will have the Another Ranger appear on our Ambassador Mission.

Sunset Shimmer: Awesome way to close out my missions with a bang.

Keesha: What are you guys talking about?

Me: It's part of our special diplomatic mission program we have in progress.

Nico: Yep. We enter phase 2 of our missions today. We finished Phase 1 last week on June 30th.

Keesha: Wow. That's amazing. Who has their shot today?

Maria: Gali does. It's her big day today.

Dorothy Ann: That's amazing.

Simone Honou: Yeah it sure is.

Keesha: I wonder who lives here.

Ms. Frizzle: Lived here, Keesha. (She shows her a photo of the house's owner.) Professor Cornelia C. Contralto. Eccentric and collector of sounds. Born in 1807. Disappeared 1892.

Me: I've heard about her.

Nico: Me too. Really awesome how she collects all kinds of sounds out there.

Ralphie: How do you know that, Ms. Frizzle?

Ms. Frizzle: Because after she vanished, they turned her house, this house, into the sound museum.

Wanda: This is the sound museum?

Nico: I've never even heard of this place until now.

Camie: Me neither. This is so awesome.

Dorothy Ann: I knew it! We missed the rehearsal.

Tsuyu: It's so cool how this is a museum for sounds.

Tim: Well, where is everyone?

Ms. Frizzle: Gone for the night, Tim. Which means we have the whole place to ourselves.

Me: Shaggy and Scooby would not like staying here one bit.

Carlos: Oh, boy!

Arnold: Oh, boy.

Eli: Yeah.

(Liz looks at another book with a ghost on the cover. But when it floats, she bolts off and grabs onto Arnold, scaring him. The class heads upstairs and through a hallway of photographs.)

Ms. Frizzle: Professor Contralto devoted her entire life to sound.

Me: That's amazing.

Kaina Tsutsumi: Yeah no kidding. That's so cool that she collected so many sounds here.

(As Tim walks past another photo of said person, her eyes move and watch him. When Tim looks back, the eyes freeze.)

Tim: Huh?! What happened to her?

Ms. Frizzle: No one knows.

Keesha: (gulp)

Qin: It's like she just vanished right off the face of the Earth.

Simone Honou: It sure is.

Persephone: People just don't vanish into thin air.

Me: Well she disappeared 130 years ago. It's a huge mystery.

Brittney: Yes it sure is.

Simone Honou: Yeah but I loved coming here before. It was really awesome and exhilarating.

Sirius: That's so cool how you know this place Simone.

Ibara: Yeah it sure is.

Ralphie: I'll bet you anything she's a ghost, wandering around this house, seeking the perfect sound.

Class: (gasp)

(Everyone enters another room.)

Carlos: Seeking the perfect sound, just like me.

Me: You'll find the perfect sound Carlos.

Ms. Frizzle: Well, Carlos, you'll have plenty of time to find it. We're spending the night.

Arnold: The night?! Here!? But our permission slips didn't say anything about haunted houses.

Me: Arnold it'll be okay.

Qin: Yeah we've been in many haunted houses before.

Tim: Besides, there's no place for us-(He steps on a fireplace tile, which activates a rotating platform.)

Class: (scream)

Tim:… to sleep!

(The platform has brought them to a bedroom which has eight beds.)

Me: Wow!

Laney: These beds are all organ pipe beds.

Ms. Frizzle: Why, look. Eight student sized beds, (enters another bedroom) and a teacher sized annex.

Me: Beautiful and convenient.

Dorothy Ann: It's almost as if someone were…

Arnold: Expecting us.

Dorothy Ann and Keesha: (gulp)

Haiku: I'm not scared of a place like this.

Starlight Glimmer: Me neither.

Persephone: I'm not scared either.

Arnold: Why?

Brittney: We goths are known as the Masters of the Night and we have love of the horrors of the dark.

Me: Very enigmatic too.

Arnold gulped.

Me: But don't worry guys. We'll watch out for you all.

Nico: Yeah.

Ms. Frizzle: Be sure to get lots of rest, class. We have a concert tomorrow.

(She closes the door, the lights go out and the class covers their heads with their blankets. Carlos puts his blanket on his instrument.)

Carlos: Now maybe it'll sound like a ghost.

(But as usual, no perfect sound.)

Dorothy Ann: Carlos, that's the ploopiest yet. It's too late anyway. You'll never find a sound now.

Me: D.A. just give it some time.

Simone Honou: Yeah we have the whole day to think about it.

Carlos: Cornelia, if you're out there, will you help me make this thing sound right?

(Thunder booms and lightning flashes. Arnold is shown wrapped in his blanket.)

Arnold: Um, Carlos, Ms. Frizzle said if you kept asking questions, you'd keep getting answers. Was that an answer?

(Carlos shrugs. Suddenly, the strange sound is heard again.)

Me: Whoa!

Nico: That sound is scary!

Tim: No, but that was.

Wanda: Don't be silly. It's just-(The sound plays again.)

Both: Yikes! Ahhh!

Eli: It's all right guys. We're here for you.

Ralphie: A crazed ghost, bound forever in the chains of eternal torment, coming to get us!

Lana: Ralphie we won't let that happen!

Carlos: Listen! It's, it's…

Arnold: Yeah, terrifying. We know!

Me: Don't worry guys we're all here.

Camie: Yeah.

Carlos: No! It's the call of Cornelia!

Ralphie: Carlos, where are you going?

Carlos: I've got to find out what's making that sound.

(Thunderclap)

Phoebe: Um, shouldn't somebody tell Ms. Frizzle?

Me: We'll all go.

(As the sound plays again, the rest of the class and all of us follow Carlos.)

Me: Okay if this keeps up my back will freeze.

Carlos: Listen. It's getting louder.

Dorothy Ann: And according to my research, if it's getting louder, we're getting closer!

Arnold: Is that good or bad?

Ralphie: Bad.

Eli: I'm not scared at all.

(Suddenly, we hear yodeling.)

YODELLAY YEE HOOO!

Both: What is that?

Me: A yodel!

Carlos: It's coming from in there. I'm going in!

(Carlos heads for a door with a knob shaped like a music note.)

Class: No, Carlos! No!

(The class and us all enter a jungle themed room.)

Class: Wow.

Me: Awesome!

Twilight Sparkle: This is amazing!

Ralphie: Incredible.

(We walk through the room and find a beach, a city and snowy mountains. The yodeling is heard again.)

YODELLAY YEE HOO!

Me: Wow! This is so cool!

Tim: This is one weird house. (ECHOING)

Ralphie: You mean your house doesn't have a jungle, an ocean, a city and an alpine wonderland?

Tim: Nah, the landlord wouldn't go along with it.

Class: Tim!

We laughed!

Me: This is so awesome! It reminds me of our multi-biome park we have back home.

Eli: It sure does. How awesome is that.

Nico: Ms. Frizzle? Are you there?

(Carlos climbs up a hill.)

Wanda: An echo. Maybe it was an echo we heard.

Me: I love hearing echoes.

Keesha: Yeah, but who made it?

(A grappling hook on a rope appears before them. Ms. Frizzle is shown climbing the hill and wearing Mid-European attire.)

Ms. Frizzle: Class, did I wake you?

Me: No you didn't.

Carlos: Ms. Frizzle, was that you?

Ms. Frizzle: Ah, yes. Nothing like a good yodel before bed. Toodle-oodle-loo. (echo)

Simone Honou: That is so awesome.

Nico: We thought you were in trouble for a second there.

Qin: Yeah.

(The strange sound is heard again.)

Eli: There's that noise.

Carlos: Listen! There it is again! The call of Cornelia. Uh, how do we get out of here?

Ms. Frizzle: The only way is up.

(She pulls a red rope which activates a ski lift. The ski lift picks up Carlos and Wanda.)

Me: Here we go.

Both: Whoa!

Ms. Frizzle: Come along, class. Two by two, please.

We flew by them.

(Keesha and Ralphie are picked up by the lift. Suddenly, Carlos and Wanda fall out of the lift and into a room filled with giant instruments. They bounce off a drum and slide down a xylophone. The rest of the class and us follows.)

Me: Wow that was cool!

Wanda: Where are we?

Ms. Frizzle: Professor Contralto built every room in this house to show different things about sound. (She rings a huge gong.)

BLLLOOMMM!

Ms. Frizzle: Ah, simply somniferous.

Nico: The gong always brings out the fighter in me.

(Dorothy Ann spots a giant harp.)

Dorothy Ann: Hey. I've always wanted to play a harp.

Varie: Such a melodious instrument.

(She pulls the string and it vibrates.)

Carlos: Look at that string moving back and forth.

Ms. Frizzle: That, class, is a vibration. You can feel it.

Me: Neat.

Simone Honou: I remember this. It was awesome

(Carlos grabs the string as it keeps vibrating.)

Carlos: Vi-i-i-i-bra-a-ation.

Keesha: Let's get the facts. When the string stopped vibrating, the sound stopped.

(Carlos pulls the string again.)

Carlos: The vibration of the string. That's what's making the sound.

Me: Yeah.

Ms. Frizzle: Very good, Carlos. Sound is vibration. Hear it. Feel it.

Carlos: Are all sounds made by something vibrating?

Ms. Frizzle: Oh, good question, Carlos.

Tim: Come on, Phoebe. Let's try out that drum.

(They climb up on it, pick up the drumstick and drop it, making the drum vibrate.)

BONG BONG BONG BONG BONG!

Both: Whoa-a-a-a!

(Wanda tries a giant gong.)

BLAAAAAAM!

Wanda: Th-th-there-re-re's yo-o-our answer, Ca-a-arlo-o-os.

Carlos: So, I've got to make my instrument vibrate to make my sound. But how?

Ms. Frizzle: As I always say, behind every successful sound is a vibration.

(She rings a bell.)

DDOOOOOOONGGG!

(The loud sound suddenly causes the room to quake.)

Me: UH OH!

Keesha: What's happening?!

Arnold: Now what?

(Arnold and Wanda scream as the wall behind them cracks. When that shaking stops, the class goes through the crack. Arnold is shown covering his eyes.)

Arnold: Can I look now?

(Ralphie taps him lightly on his left arm and Arnold uncovers his eyes. The class enters a stage.)

Me: Wow! A hidden stage!

Tim: Hey, it's showtime!

Nico: This is so cool!

(Carlos spots red glasses on a gargoyle.)

Carlos: Why the glasses?

Me: Interesting.

Ms. Frizzle: You heard sound, you felt sound, now…

(She puts the glasses on Carlos. As they both speak, yellow soundwaves are shown.)

Carlos: Whoa!

Me: Whoa!

Dorothy Ann: Carlos, what is it?

Carlos: I can see sound!

(Liz hands two pairs of glasses to Phoebe and Dorothy Ann and puts a pair on herself. Arnold tries putting on a pair over his own glasses.)

Me: Wow! Sound sight!

Eli: That's cool!

Wanda: Watch this! (As she claps, blue soundwaves close to each other appear.)

Ralphie: Look at me. (As he plays a bass, red soundwaves further apart from each other appear.)

Me: That is neat! Lets see. (I screamed and Blue Soundwaves close to each other appeared from my mouth!)

Eli: That's so cool!

Ms. Frizzle: Listen. (sings high) Hi-dee-hi-dee-hi-dee-hi. (sings low) Low-dee-low-dee-low-dee-low. (As she does, blue and red soundwaves appear.)

Dorothy Ann: Hey, they're different.

Nico: Yeah!

Kaina Tsutsumi: That is awesome.

Nico: I get it. This is a sound museum.

Me: We just found that out about a few minutes ago Nico.

Nico: Oh right.

Carlos: Yeah. When you sing Hi-dee-hi-dee-hi-dee-hi, (the same blue soundwaves appear) look, there are lots of vibrations close together.

Me: That's called High Frequency Decibels.

Phoebe: But when you sing low-dee-low-dee-low, there are fewer vibrations further apart.

Lisa Loud: And that is called Low Frequency Decibels. Very impressive.

Ms. Frizzle: Ah, excellent. High sounds are made by something vibrating fast. (blue soundwaves appear as the glass on a chandelier tinkles as it moves) And low by something vibratin slow. (she bumps an armor suit, which makes a thud sound)

Sirius: That is so awesome.

Ralphie: You know what? These vibrations move kind of like ripples on a pond. (He pictures a pond with a rock being thrown into it.) The waves start in one place and move out in all directions.

Qin: Yeah that is really cool!

Ms Frizzle: An observation of a demonstration!

Littlefoot: I think it's amazing too.

Lola: Boy I'll say.

Applejack: Very amazing.

(Cut to Carlos as he goes back into the room with the giant instruments.)

Carlos: If sound is a vibration, and it moves through the air in waves, and different vibrations make different sounds,..(Dorothy Ann rings the gong. Carlos then touches it, making it stop vibrating.) Stop the vibration and you stop the sound. I've got it! It doesn't matter how looks as long as it can vibrate. DA, I know what to do! I've got to get my instrument!

Me: Lets go get it!

(He leaves the room and heads back to the bedroom. But when he arrives, he finds his instrument gone.)

Carlos: (gasp) It's gone!

Me: Uh oh!

(Cut back to the bedroom as the rest of the class and all of us enters.)

Carlos: Where could it be?

Nico: Don't worry. I'll find it.

Me: We all will.

Ms. Frizzle: There's an explanation, class. The question is, what is it?

Nico: Yeah.

Ralphie: First, Carlos' instrument disappears, then each of us, one by one.

Me: Ralphie don't say things like that!

(A gust of wind blows out the candles.)

Arnold and Dorothy Ann: Ahhh!

We heard the strange sound!

Dorothy Ann: There's that sound again.

(Carlos opens a wardrobe door.)

Carlos: It's coming from in (he suddenly falls down) heeerrrrrreeeee!

(He falls past a jackhammer, a noisemaker, small drum, a big drum, an electric guitar and a bike horn before falling in a pile of hay.)

Dorothy Ann: Carlos, are you alright?

Carlos: I'm fine. I'm just in some sort of dungeon or something.

Me: I don't see any chains or anything like that.

Arnold: Well, if they torture you, don't tell them anything! I'll learn to be a lawyer and meet you back here when we're grown-ups.

Me: Arnold!

Qin: That's a bit extreme don't you think?

Nico: Yeah.

(Ms. Frizzle stops him.)

Ms. Frizzle: This way, Arnold.

(She jumps down into the dungeon. The rest of the class follows.)

We followed too.

Me: Unh!

Sunset Shimmer: Nice landing.

Applejack: At least this pile of hay is here to cushion everyone's falls.

Ms. Frizzle: Coming, Arnold? We're waiting.

(Arnold picks up Liz.)

Nico: We'll catch you Arnold!

Arnold: I think I should have stayed home today.

(Reluctantly, he jumps down the hole and into Ms. Frizzle's arms.)

Arnold: Thanks, Ms. Frizzle.

Ms. Frizzle: Ah, don't mention it, Arnold.

Keesha: Well, Carlos, you got us into this. Any ideas how to get us out?

(The strange sound is heard again.)

Carlos: Listen!

Nico: We're getting close to that sound.

Dorothy Ann: Where's it coming from?

(Carlos puts on the sound glasses.)

Carlos: It's hard to hear exactly. Wait here.

(As Keesha puts on her glasses, we see red soundwaves bouncing off the walls of the hallway.)

Carlos: It's coming from along there.

Me: I can see it!

Keesha: He can't go down there alone.

Arnold: You're right, Keesha. Why don't you go with him?

Wanda: Come on, you bunch of weasly wimps! Let's follow Ms. Frizzle.

Me: Lets all go.

(As we head down the hall, the strange noise plays again.)

Carlos: You can see the soundwaves bouncing off the walls. There, from there, (points to a door) from there!

Keesha: Soundwaves bouncing. I bet that's how an echo is made.

Me: Yeah.

(As the strange noise plays, the soundwaves go through the door.)

Dorothy Ann: Those soundwaves are travelling through that door.

Me: That's where the noise is coming from.

Qin: Yep.

?: Boy crazy huh?

We then saw an Evolved Segmentasapien!

Everyone screamed!

Me: Wait you're the gene-slammer we were trying to find.

Evolved Segmentasapien: (In a girls voice) That's right.

Nico: Wendy Turvy! Wow!

She reverted back and she was a girl with red, blue and yellow hair and had 2 different colored eyes. One was blue and the other was orange and she had multi-color clothes on.

Wendy Turvy: Awesome to see you. We can catch up after we find out more and after your concert.

Nico: But we did find the sound location.

Ms. Frizzle: Good observation, Nico.

Ralphie: Just so long as we don't travel through that door.

Nico: Have you seen Carlos' instrument?

Wendy Turvy: It's in that room.

Ralphie: Then lets leave it here.

Carlos: No! We've got to see what it is!

(Carlos opens the door and sees an old lady playing an organ. She gets up to greet the students.)

Woman: Hello.

Me: Oh hello there.

Carlos: It was you?

Ralphie: Wait a minute. Is it just me, or are you a…? Are you…?

Cornelia C. Contralto II: Professor Cornelia C. Contralto, the Second. (Points to the photo of the original Cornelia) And that is my great-grandmother.

(Cornelia C. Contralto waves to the students, surprising them.)

Me: It's a pleasure to meet you.

Cornelia: Same to you Team Loud Phoenix Storm. And Simone it's great to see you again.

Simone Honou: Same to you professor. Just like old times.

Rarity: Oh this was a really amazing experience for us.

Cornelia: Now, listen. You've got a concert tomorrow, right? (Carlos nods.) Are you ready to make your instrument sound richly resonant and resoundingly reverberant?

(She hands him his instrument.)

Wendy Turvy: There it is.

Ralphie: How'd she know about Carlos' instrument?

(Liz points to Ms. Frizzle.)

Arnold: You asked a question.

Me: Yep. And you will get your answer.

(Carlos looks over his instrument.)

Carlos: Let's see.

Ms. Frizzle: Don't you mean "let's hear?"

(Carlos starts removing items from his instrument.)

Carlos: Right. To make a sound, I need to make something vibrate. My instrument couldn't vibrate because it had too much stuff on it. I don't need that, don't need that, that goes, that goes.

He was taking off the extra Stuff.

Cornelia and Ms. Frizzle: I think he's got it!

Me: Yep he sure does.

(Later, the concert takes place. The whole class plays "William Tell Overture.")

Simone was playing the violin and it was cool!

Nico: Ah the William Tell Overture.

Rarity: Oh one of my favorites.

Dorothy Ann: Ready, Carlos? Go!

(This time, when Carlos' cue is up, his instrument plays the perfect sound. Everyone applauds as they finish their performance. Dorothy Ann gives Carlos a hug.)

We cheered wildly for them!

Me: WOOHOO! THAT WAS AWESOME!

Rainbow Dash: YEAH IT WAS!

Eli: Awesome concert!

Nico: Bravo! Bravo!

May: Yeah!

Dorothy Ann: Carlos, that was the perfect sound.

Cornelia: And so, young man, if it's alright with you, I would like to add that wonderful sound to my grandmother's collection.

Carlos: Well, I couldn't have done it without you, Doctor Contralto.

Ms. Frizzle: As I always say, hit it, Cornelia!

Cornelia and Ms. Frizzle: Hi-dee-hi-dee-hi-dee-hi. Low-dee-low-dee-low-dee-low. Hi-dee-hi-dee-hi-dee-hi. Low-dee-low-dee-low-low-low.

Wendy Turvy: This was a really awesome learning experience for sound.

Camie: It sure was.

Me: And it was perfect before the big mission we have with the Hibiki Kamen Rider Team later today.

Nico: They use sound as well.

Me: Very fitting for this rescue/educational trip.

Nico: That is true. I was just about to point that out.

Wendy Turvy: It sure is.

Persephone: What's your favorite memory of Nico?

Wendy Turvy: I have a lot of them. But my favorite is when me and Nico made all sorts of really awesome desserts in cooking class. I'm a great chef as well as an awesome and great prankster. One time me and Nico made the hottest pie ever. We call it the Cinnamon Death Surprise Pot Pie.

Eli: Whoa that sounds like a pie fit for a Spice Demon.

Lincoln: What's in that one?

Wendy Turvy: It was a pie made with cinnamon and the hottest candy ever: Carolina Reaper Malted Milk Balls. My own homemade creation. They are made with candy made from Red Hots and they are infused with Capsaicin Extract from the Carolina Reaper Pepper.

Nico: They are the deadliest candy in the world.

Me: Whoa! That is lethal!

Wendy Turvy: Yep. We gave a piece of our pie to a local bully and it was so lethal that she wound up in the hospital for weeks because of it. She had it coming.

We laughed.

Rarity: Oh that was really funny darling.

Nico: It was.

Nico and Wendy hugged.

Nico: I really missed you.

Wendy Turvy: Me too Nico.

Fluttershy: But this was a really amazing trip.

Starlight Glimmer: It sure was cool.

Twilight Sparkle: And we got to learn a lot about how sound is made and all that.

Laney: We sure did.

Nico: Let's go home.

Simone Honou: Yeah. Ms. Frizzle it was awesome to help you guys out again.

Ms. Frizzle: You too Simone. You have fun with everyone like always. And someday we'll join the team for real.

Me: The opportunity will present itself eventually. We just got to know what sounds like a good day for it.

Nico: Yep.

Simone Honou: See ya later guys.

Carlos: You too Simone!

Everyone waved to us.

We went back home to the estate.

---

After Nico's rescue in with the Magic School Bus class in the Sound Museum, Lincoln, Me, Ken Knudson, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, The Dynasty Warriors, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, and Gaz are heading to the orphanage where Otto Osworth grew up in, and not only is Lincoln going to rescue the twelve girls here, but we're going to take down the cruel Sister Thornley for making Otto's life a living hell.

Lincoln: Whoa, we're here in the orphanage where Otto Osworth grew up in, and I know what we're going to do here, not only am I going to rescue the twelve girls here, but we're going to take down the cruel Sister Thornley for making Otto's life a living hell.

Me: That's right, Linc.

Nico: Oh, I've been waiting for this opportunity to teach Thornley a lesson. After what The Time Squad told us about her and what she did torturing Otto, she deserves to be punished for child abuse.

Lincoln: That's exactly what we're going to do, Nico, and I have my usual ways of doing just that, and thanks for joining us, Gaz.

Gaz: You're welcome, Lincoln, this should be good.

Me: So this is the orphanage Otto lived at. What a dump.

Eli: Yeah. Not the kind of place for kids.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of twelve girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the twelve girls, but they've been cornered by Sister Thornley, and she's going to kill them.

Lincoln: Guys, I found the twelve girls, but they've been cornered by Sister Thornley, and she's going to kill them.

?: That heartless child-abusing excuse for an orphanage owner, let's get her.

Suddenly, we saw the Duel Monster, Old Entity Hastorr, appear before us.

Nico: Whoa, that's the Duel Monster, Old Entity Hastorr, awesome.

Lincoln: And I'd recognize that voice from anywhere, I knew it was you, Audrey Brantley, but we'll talk later, we've got to teach Sister Thornley a brutal lesson.

We then rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Sister Thornley, and it allowed the twelve girls to get to safety. When Sister Thornley saw us, she was enraged.

Sister Thornley: Who do you think you are to get in my way?! Those brats need to die!

Lincoln: You're not laying one hand on another child or any one ever again.

Me: You give all nuns everywhere a really bad name! They are supposed to care for kids in the name of God and love them! But YOU are the opposite! You are the Nun of Satan!

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr.

Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors and the Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Maria, The Ghostforce, The Louds' Ancestors, The L-ementals, Gaz, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after Sister Thornly, and we fire powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit her.

Then, Lincoln tied her up in a rainbow energy straitjacket and rainbow energy chains, so she can't escape. Then, he fired a blast of rainbow energy which encased Sister Thornley's head, and it made a videotape of all her crimes she's done to the children at the orphanage. Sheila and Tom came and Lincoln gave them the videotape and Sister Thornley was taken straight into custody for what she'd done. We cheered wildly for what we did as we holster our weapons and power down. The children who were still here in the orphanage were then taken to the hospital for any injuries Sister Thornley gave them, and they were put under the care of the physicians and doctors at the hospital, and they'll make a full recovery from the abuse they suffered.

Lincoln: That's another child abuser looking at life in prison. (To Audrey Brantley) And it's so good to see you again, Audrey Brantley.

Audrey Brantley reverted back to normal, and she's a beautiful girl with long flowing black hair, yellow eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful black angel wings, and she reigned in the power of Old Entity Hastorr, and she's dressed in a black sleeveless midriff top, black skirt, black knee-high boots, and long sleeveless black trenchcoat with darkness and eldritch beings on the coattails, and Old Entity Hastorr on the back, and holstered on her back a large Old Entity Hastorr-themed greatsword with Old Entity Hastorr etched on the 7'0" massive, wide, double-edged black blade, tentacles for the crossguard, large yellow gem embedded in the rainguard, longer black handle, and large yellow gem surrounded by black angel wings for the pommel.

Audrey Brantley: You too, Lincoln, it's been a long time.

Lincoln went up to Audrey Brantley and they hugged, and Audrey Brantley's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs as well.

Lincoln: It sure has, I haven't seen you since you were eleven, and as you can see, I really grew a lot since then.

Audrey Brantley: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs as well, that's so awesome.

Nico: Wow, Lincoln, you know her.

Lincoln: Indeed I do, Nico, this is Audrey Brantley, she's my Guardian Angel from Michigan, and you're in for an awesome surprise: she was born with immensely powerful cosmic aerokinesis, and she has extensive knowledge of The Dark Arts and The Occult.

Me: Wow, that's awesome.

Eli: Awesome to meet you.

Audrey Brantley: Same here.

Lincoln: Yep, and she's defended and protected me from the absolute worst of Chandler's fury, and like Claire Monroe and Colleen, she's a master of a dark power known as The Yellow Sign of Hastur, a dark sign that takes the form of The Yellow Sign, and it drives those who are beyond redemption completely insane, and that dark power has earned her the moniker, "The Embodiment of Hastur".

Nico: Whoa, now that's really awesome. First, there's Varya Pohzar, who's known as The Embodiment of Cthugha, Colleen Benneschevsky, who's known as The Embodiment of Nyarlathotep, Claire Monroe, who's known as The Embodiment of Azathoth, and now, there's Audrey Brantley, who's known as The Embodiment of Hastur.

Me: Awesome Moniker.

Lincoln: That's right, and any who mess with them will either get burned badly or suffer eternal madness by getting hit by their curses.

Me: Yikes.

Ken Knudson: Yeah.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Audrey Brantley's neck with yellow gems on the gold thunderbolt links and black crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Audrey Brantley: (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Audrey.

Audrey Brantley had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Audrey Brantley's waist and Audrey Brantley wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Audrey Brantley's face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the twelve girls, and when Lincoln saw them, he recognized them immediately. The twelve girls are Iris Freyja, Mitsuki Mononobe, Ariella Lu, Charlotte B. Lord, Firill Crest, Kili Surtr Muspellzheimr, Lisa Highwalker, Mica Stuart, Ren Miyazawa, Haruka Shinomiya, Honoka Tachikawa, and Tear Lightning from Unlimited Fafnir.

Lincoln: Oh wow, it's Iris Freyja, Mitsuki Mononobe, Ariella Lu, Charlotte B. Lord, Firill Crest, Kili Surtr Muspellzheimr, Lisa Highwalker, Mica Stuart, Ren Miyazawa, Haruka Shinomiya, Honoka Tachikawa, and Tear Lightning from Unlimited Fafnir.

Me: Awesome.

Lincoln: Are you girls okay?

Iris Freyja: Yes, we're okay, thanks to you.

Then, when Iris Freyja and the other eleven girls saw who it was that saved them from Sister Thornly, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide left pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm. He had his massive Hinon's Cosmic Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings with stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long glowing neon orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them and had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanji that said, "Savior of The Loud House, True Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, Founder of Team Loud Phoenix Storm, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms, and Destroyer of The House of Damaskinos" on the left leg, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large Element of Harmony deep sapphire blue gem in the shape of a Thunderbird and a large silver Buffalo head with the Thunderbird and Eternity Kanji on its head for the pendant on his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Iris Freyja: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eleven clones of himself, and he and the eleven clones went up to the girls, and they hugged their waists in their

abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Iris Freyja: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, twelve Thunderbird Necklaces of Eternal Love appeared on the necks of Iris Freyja, Mitsuki Mononobe, Ariella Lu, Charlotte B. Lord, Firill Crest, Kili Surtr Muspellzheimr, Lisa Highwalker, Mica Stuart, Ren Miyazawa, Haruka Shinomiya, Honoka Tachikawa, and Tear Lightning with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the World Tree Estate and we told everyone what happened, and they were shocked when they found out that the villain we went after was Sister Thornley, the orphanage head who made Otto's life a living hell.

But, when Lincoln showed what we did in pulverizing her and him making a videotape of her crimes, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Audrey Brantley have a lot of catching up to do now that she's back in town. As for Sister Thornley, she was found guilty for the multitude of charges of child abuse and not only was she forced to pay $950 quintillion dollars in restitution, but she was also sentenced to Eternity in The Uranus Prison with no chance for parole ever.

The orphanage she worked at was closed down and the kids were found to be living in an unfit environment and they were all moved to the Gotham Royal York Christian Orphanage where they are in a much better environment. It was much better for them.

---

After ending Sister Thornly's reign of terror, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Audrey Brantley saw Lincoln working out like crazy, she had an atomic red blush on her face.

Audrey Brantley: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Audrey, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Audrey Brantley: That's incredible.

Nico: It sure is. So, Audrey, how did you defend and protect Lincoln from the absolute worst of Chandler's fury?

Audrey Brantley: Oh, now that's one I'd never forget. One day, Lincoln and I were eating lunch with Clyde, Liam, Rusty, Stella, and Zack in the cafeteria, but our lunch was ruined by Chandler, who kicked the doors down and his eyes were really red with rage and insanity. To make things worse, he had a gun in his hand and he was going to kill Lincoln with it, but I wasn't going to let him do that, so I fired a powerful blast of wind and disarmed him of the gun, then I sent another powerful blast of wind at Chandler himself, and he crashed into a wall. The principal saw the whole thing of what Chandler tried to do, and he was furious at him. Instead of calling his mom, he instead called the cops and they took him away, and Chandler got suspended for five weeks for coming to school with a deadly weapon. But, it would be Chandler's last warning: one more stunt like that and he's expelled for good.

We cheered wildly for what Audrey Brantley did.

Nico: Of all the low things Chandler did because of his Dark Side, bringing a deadly weapon to school to kill Lincoln is one that's crossed a serious line.

Lincoln: That's right, but Chandler didn't care, and we knew we haven't seen the last of him, and he wasn't done yet with trying to get revenge on me and killing anyone who got in his way.

Nico: Jeez, now I'm really glad that Dark Chandler was removed and put in a crystal prison for good.

Lincoln: And he'll never threaten to kill anyone ever again.

We got a shower afterwards, but then, the alarm sounds, and when Lincoln checked the computer, he saw who it was that triggered the alarm: it was Jagi, second youngest of the four Hokuto brothers, and has a very nasty hatred for Kenshiro, his younger adopted brother, and he's here causing havoc.

Kenshiro: Jagi, I should've known he'd show up here.

Lincoln: Oh man, Rei told me about your younger brother, he'd manipulated Shin into taking Yuria, and he even kidnapped Rei's sister, Airi, and all because of his nasty hatred for you, Kenshiro.

Nico: Damn, this guy is completely remorseless and a total monster. In other words, he's getting The Black Gates.

Lincoln: My thoughts exactly, Nico. Come on, gang, let's end Jagi's life for good.

We flew out The World Tree Estate, and Lincoln fired powerful blasts of rainbow energy and elemental forces at Jagi. When Jagi saw us, especially Kenshiro, he flew into a dangerous rage.

Jagi: You!

Lincoln: I should've known you'd show up, Jagi. But, we're not letting you run free any second longer.

Sasha (Stitch!): And I've had enough of you to last an eternity.

Suddenly, Sasha's eyes turned neon blue and she was surrounded by a purple energy aura with ocean waves, butterflies, and water hibiscuses, and as she approached Jagi, she left purple energy, ocean waves, butterflies, and water hibiscuses with every step.

Sasha (Stitch!): You really make me sick, Jagi, you're no true martial artist, you're just a thug who uses dirty tactics and harmed so many innocent people, including your own brother, Kenshiro, not to mention what you've done in manipulating Shin into taking Yuria, and you even kidnapped Rei's sister, Airi, and because of your hatred for Kenshiro. You are nothing but a remorseless monster and you must be destroyed.

Suddenly, Sasha was surrounded by a massive vortex of purple energy with ocean waves and water hibiscuses surrounding it, there's a butterfly flying around the vortex, and in the vortex is a purple phoenix. Then, as the vortex faded, Sasha emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Sasha grew to 6'11" in height, she has the body of a goddess, she has purple highlights in the bangs of her brown hair, she has neon blue eyes and a purple energy aura with ocean waves, butterflies, and water hibiscuses surrounding her, she has a butterfly emblazoned on her forehead, she has on butterfly earrings with purple gems for eyes and holding the Water and Eternity Kanjis in its legs, she has a butterfly holding the Water and Eternity Kanjis in its legs for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with purple crystal links from her merged Crystal Necklace of the Buddha and purple gems on the gold lightning bolts. Sasha has on a short-sleeved purple blouse and sleeveless white dress top, purple skirt with butterflies on it, purple knee-high boots, and a long sleeveless purple trenchcoat with ocean waves, butterflies, and water hibiscuses on the coattails, and a butterfly surrounded by ocean waves on the back. Suddenly, Sasha felt a sharp pain on her back, and then, massive brown angel wings with purple tips on the large brown feathers, sprouted out of her back. Sasha has on her Ring of The Phoenix with purple gem and heart-shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Suddenly, Sasha has a brand-new greatsword in her right hand called Ocean Butterfly's Maelstrom Greatsword of Tropical Justice, it's a brand-new greatsword with a butterfly with water hibiscuses surrounding it etched on the 7'0" massive, wide, double-edged purple blade, large butterfly wings for the crossguard, large purple gem embedded in the rainguard, longer black handle, and a large purple gem surrounded by angel wings the pommel. Sasha (Stitch!) has on her brand-new gold Bracelets of the Champions of The Universe with large purple gems on her wrists, her new gold Belt of Elemental Bravery with a gold butterfly with pink gems for eyes and a purple gem in its legs for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on her right hip and Eater of Sins revolver holstered on her left hip. There's a white kanji below the butterfly that said, "Sasha, Best Friend of Yuna Kamihara, Expert Fashionista from Kobe, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Friend to Many, Seeker of Adventure, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Water, Water Hibiscuses, and Butterflies"

サーシャ、神原ゆなの親友、神戸出身のエキスパートファッショニスタ、リンカーンラウドの愛する未来の妻、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、多くの友人、冒険の探求者、驚くべき強力な学生教師、そして水、水ハイビスカス、蝶のマスター

Sasha (Stitch!) has transformed into SUPER ANGEL ETERNITY INFINITY MAELSTROM TROPICAL OCEAN BUTTERFLY ANGEL OF TROPICAL JUSTICE AND MAELSTROM LOVE!

We were amazed by Sasha's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when Jagi saw it, he fell into a rage and got out a shotgun to shoot her, but Sasha fired a powerful purple energy blast with ocean waves, butterflies, and water hibiscuses, and they hit Jagi and sent him flying into a wall, and it pissed him off even more.

Lincoln: Wow, Sasha, you look beautiful. How do you feel?

Sasha (Stitch!): (Divine Echoing Cosmic Voice of The Maelstrom Butterfly and Divine Ocean Love) **I feel incredible, Linky. Now, shall we put an end to Jagi once and for all?**

Lincoln: (Smiles) With pleasure, Sasha.

Kenshiro: Allow me to join in as well, I've had enough of Jagi constantly tormenting others as well.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Sasha, and Kenshiro also joined them.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Time to pay for every last one of your crimes, Jagi.**

Sasha (Stitch!), Lincoln, and Kenshiro went after Jagi, and they fired powerful blasts of rainbow energy, purple energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Butterflies, and Angels at Jagi, and they exploded with incredible power as they hit him. Then, they attacked him with powerful martial arts techniques and he didn't see them coming, and Lincoln, Sasha (Stitch!), and Kenshiro threw one powerful punch to Jagi's chest, and it was so powerful, it destroyed his heart and Jagi belched out blood and he died. Then, as his spirit appeared, Lincoln banished Jagi to The Black Gates forever. We cheered wildly for what Sasha (Stitch!), Lincoln, and Kenshiro did, as Sasha and Lincoln holstered their massive greatswords on their backs and power down, and Sasha's new body, clothes, weapons, jewelry, and massive brown angel wings are permanent.

Sasha (Stitch!): In the immortal words of Nico, Jagi, you have failed this entire world. Linky, Kenshiro, thanks for helping me take down Jagi.

Lincoln: (Smiles Warmly) You're welcome, Sasha.

Kenshiro: Glad to be of help to you both. Now, I'm finally rid of Jagi for good.

Suddenly, Sasha (Stitch!) wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leans his face down to Sasha's face, they kissed passionately as Sasha's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Butterfly, and Angel flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and ocean waves crashing behind them and we all cheered wildly.

Nico: Alright, now we're rid of that bastard, Jagi, once and for all.

Lincoln: But, there's bound to be more of Kenshiro's enemies out there, Nico, but we'll be ready for them.

Me: You said it, big guy.

Lincoln: Better take care of Jagi's remains.

Lincoln fired a black ball of dark fire and completely incinerated Jagi's body and nothing was left of him, and after that mess was taken care of, we returned to the World Tree Estate to get ready for our big mission with the Hibiki Kamen Riders, and it was going to be awesome.

---

Later it was time for Sunset Shimmer's final ambassador mission.

William: Anyone else want to go with Sunset? Besides 1 Rabbid and Maggie Peyton.

Kaito: Me and my team will go.

Hiiryu: And so will me and my team.

Ryu Tendo: And the Jetman can go too if you want.

Nico: We would like that.

Me: I have feeling that we'll bring back another Sentai Team too.

Nico: That will be cool. All right lets head out!

We were off to the worlds of Ratchet and Clank.

We arrived and we were on the distant planet of Ardolis in the Polaris Galaxy located 4.2 billion light-years away from Earth!

---

Ardolis was a planet and was home to the pirate base. On this planet, Ratchet and Clank attempted to explore the base in hope to find the Lombax secret. Talwyn, Cronk and Zephyr meet the duo throughout the level and helped them escape with the "secret," which only turned out to be coordinates to another planet. Ratchet and Clank first met Captain Slag and his right-hand man Rusty Pete on Ardolis.

There are various parts to the Ardolis level, including Sarrdollow Caves and the Pirate Radio tower. There was also a boss on Planet Ardolis; however, his name was never revealed. There were three skill points available there, as well as a Holo-Plan piece and three gold bolts.

The giant flying whale-like creatures that are seen here can also be found in the Ublik Passage and on Vapedia.

---

Nico: Wow! So this is the planet Ardolis!

Me: Incredible! So this is the Pirate World of Ardolis.

Eli: At least it's not like the homeworld of the Space Pirates that Samus dealt with.

Sunset Shimmer: Thank goodness for that.

Rarity: Oh that's the last place we would want to go visit darlings.

Then we saw Ratchet, Clank and Rivet.

Ratchet: Hey guys!

Sunset: Ratchet, meet some of the older Sentai teams.

Nico: These are the Changeman and the Jetman. They are from 1985 and 1995.

Ratchet: Wow! It's an honor to meet you guys.

Hiiryu: Same to you Ratchet, Clank, Rivet.

Sayaka: Yeah it's an honor.

Ryu Tendo: Same here.

Me: And these are the Zenkaigers too.

Kaito: Awesome to meet you guys.

Ratchet: Same to you guys.

Me: They are a fairly brand new group of Sentai rangers that came out in 2020.

Ratchet: Wow.

Clank: You all may have made your debuts years ago. But you are still brave heroes.

Hiiryu: We are truly honored you think so.

Shou: Same here.

Ryu Tendo: Yeah.

Me: Also we owe all the Pre-Zyuranger teams as we call them a big thanks for helping us out in the Battle with Thanos on December 26th, 2019.

Nico: Yeah.

Me: Oh I'm sorry. This is Maggie Peyton. She is from our 4th Ambassador Mission?

Nico: Yeah that's right.

Maggie Peyton: Awesome to meet you guys.

Ratchet: Same here.

Clank: We are honored.

Ratchet: To even it out, maybe you should bring the Dairanger team here.

Me: That's a good idea.

Nico: I agree there.

Me: Okay here we go. (Snaps Fingers)

I snapped my fingers and then in a flash of rainbow light came THE DAIRANGERS FROM 1993! They were 29 years younger now! We met Ryo - RyuuRanger, Daigo - ShishiRanger, Shoji - TenmaRanger, Kazu - KirinRanger, Rin - HououRanger and Kou - KibaRanger!

Ryo: What the? What happened?

Rin: Where are we? And we're young again!

Shoji: Wow!

Me: I brought you guys here.

They saw us.

Rin: Team Loud Phoenix Storm!?

Shoji: Wow! You guys are doing good.

Me: Same to you guys.

Ryo: Kaito, good to see you again.

Kaito: Same to you Ryo.

Nico: You guys are the 3rd Sentai Team that we have with us that was made younger.

Rin: Wow! No kidding. How long has it been?

Me: Since December 26th, 2019 its been 2 and a half years. But since your time in 1993, 29 years,

Eli: Yeah it has been a while.

Kazu: Wow! It has been a while.

Shou: Yeah it sure has.

Ryo: Sorry about Bowser and Ra's dying the first time.

Me: It's all water under the bridge. But we've had some rather unexpected help that brought them both back to like.

Nico: Yeah it was thanks to the Number Cards.

Eli: It's a really long story. Very complicated.

Ryo: We'd like to hear about it.

Me: Well okay. Get ready for a really strange and unusual story.

We told them all everything that happened and how the Number Cards affected many of us in a myriad number of ways and more and all that.

When we were done explaining they were shocked and amazed!

Ryo: Wow! That is crazy!

Kou: Boy no kidding there!

Me: Yeah no kidding.

Eli: But we've practically almost rounded all of them up.

Nico: Haven't gotten any in a while.

Me: It has been a long time since we did. We're really slacking off in trying to find them.

Sunset Shimmer: I forget what the last one was that we caught.

Rarity: Oh it has been a while.

Applejack: Yeah we really lost track.

Maggie Peyton: It'll come to us eventually.

Me: Yeah.

Ratchet: Okay. But also I'm glad you guys are here. We found what looked to be another one of your Red Rangers here.

Me: What did he look like?

Clank: He looked like a scary version of SPD Red.

We gasped!

Me: Another SPD Red is here!

Nico: Guys, that wasn't one of ours!

Eli: It's a weird story. But it's best if we show this to you guys to see for yourselves.

Kaito: Yeah.

Ratchet: Follow us.

We followed them and we got to an arena in the jungle and then we saw a scary version of SPD Red! He looked like Jack in his SWAT

Mode and had a scary armor as well as a scary red helmet on.

Nico: See.

Ryo: Whoa man!

Ryu Tendo: That one is scary.

Fluttershy: Goodness.

Me: But Jack and Cad Bane would be really pissed seeing this one!

Nico: (gets out Cad Bane's Ridewatch) Time for some firepower action.

Me: First lets see who this one is!

Then was saw Another SPD Red clutching its head.

Another SPD Red: (In a girls voice) Help me J.D.!

Me: (Gasp) That voice!

In a vortex of darkness she reverted back and we saw that it was a girl with pitch black and dark blue angel wings and she had pitch black hair and dark blue and black clothes and had dark blue eyes that had dark blue sclera! She was my Plumber Kid friend Sīˆfā Logan!

Me: Sīˆfā Logan!

Nico: You know her J.D.?

Me: I sure do. She's a Plumber Kid and she is also one of my crimefighting partners. She is a hybrid of a race of angel humanoids called the Aoishinites. They come from the planet Aoyine and they are a very powerful and peaceful warrior race of blue and black winged angels that have incredible powers over darkness and blue energy. They are as powerful as Thanos is. She and I busted tons and tons of criminals together.

Nico: Wow! That is cool that you know a Plumber Girl.

Rarity: It sure is darlings.

Me: Yep. But before I was about to leave for Michigan, she disappeared.

Eli: And Swartz got her.

Me: Yep.

Eli: And without a doubt she will have Delta Enforcer Blasters for each member of the Masters of Evil.

Rarity: That will be most amazing to see.

Nico: (activates Cad Bane's Ridewatch) Like I said, firepower action!

Nico got Cad Bane's awesome blasters!

Me: Ryo you guys are in for some fun. KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Eli: I think I'll give my Kamen Rider form a shot!

Eli pulled out his new Wonder Ride Book and Opened it. It was called IMMORTAL THUNDERBIRD!

Eli: HENSHIN!

"FROM THE DARKEST OF STORMS SURGING WITH LIGHTNING CAME THE CRY OF A MIGHTY AND POWERFUL THUNDERBIRD THAT IS AS POWERFUL AS THE IMMORTAL ETERNAL PHOENIX WITH MORE POWER THAN THE FLAMES IT HAD. WHEN THIS MIGHTY BIRD ARRIVED A NEW WARRIOR WAS BORN WITH A RIGHTEOUS CALL FOR PROTECTING HIS FRIENDS!"

Eli turned into his new Kamen Rider Saber form called KAMEN RIDER THUNDERBIRD! He looked like a Yellow version of Falchion and had angel wings made of PURE LIGHTNING!

Nico: WHOA!

Me: Wow! Eli you look awesome!

Eli: Thanks.

Nico had Cad Bane's blasters ready.

Sī ̂īā then was enveloped in a vortex of darkness and had the SPD Symbols orbit around her and was back to ANOTHER SPD RED!

Nico: Lets get her!

She pulled out her Delta Blaster and it sure enough had all the powers of the M.O.E. Members in it! She fired energy blasts from it with Lord Drakkon's powers and I deflected the blasts back and they hit her and exploded!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico fired energy beams from his blasters and they hit her and exploded!

Kaito: (takes out Denziman gear) Let's get in there too!

Zocks: (gets out Battle Fever gear) I'm definitely gonna have fun using this!

Kaito got the power of the Denzi Punch and Zocks got the dances of the Battle Fever J!

Nico: Nice!

Ratchet and Rivet fired missiles and they hit Another SPD Red and exploded all over.

Eli: Watch this!

Eli fired a powerful blast of lightning and it hit Another SPD Red and electrocuted her all over.

Zocks was having fun dancing around Another SPD Red, confusing her.

It was also really fun to watch too.

Ryo: Zocks is an awesome dancer.

Me: Yeah our mascots and our teammate Will love his dancing and singing too.

Nico: His singing is really catchy.

Sunset Shimmer: It sure is.

Ratchet rolled Clank at the distracted Another SPD Red like a bowling ball, followed by Clank uppercutting her.

She was smashed to the ground.

Sunset Shimmer: Lets finish her with a combo!

Ratchet: You got it!

Sunset and Ratchet: FIRESTORM MISSILE MEGABLAST!

They fired a massive barrage of fire and missiles and they hit her and she exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was back to normal and I caught the Ridewatch and purified it and we saw Delta Blasters all over the ground and we picked them up. I went over to Sīˆfā and purified her.

Sīˆfā: (Coughs) (Weakly) J.D.?

Me: Yeah it's me.

She then hugged me.

Me: It'll be all right Sīˆfā. It's over now.

I Picked her up and carried her on my back. She was gonna be out of it for a while.

Nico: Nice job, Clank.

Clank: Thank you Nico.

Ratchet: That was cool.

Sunset Shimmer: It sure was cool.

Zocks: Yeah it sure was!

Ratchet: Sunset, ever since I met you, I've seen you as a big sister to me.

Sunset Shimmer: Oh Ratchet I'm honored!

They hugged.

Nico: So awesome.

Eli: Yeah.

Ryo: That was so awesome. You guys have been busy these couple of years.

Later we came back.

May: Hey guys. How did it go?

Nico: Really awesome!

Sunset Shimmer: It sure was.

We told everyone everything and it was cool.

May: Wow that is so awesome!

Nico: It sure is.

May: Layla, for your first mission, Connor McKnight and 3 Rabbids should go with you.

Layla (Winx Club): What is my mission?

Me: You'll like it Layla. It's in the world of Earthbound.

Nico: Yep.

Layla: Wow! So I'm going to one of the Super Smash Brothers Worlds next.

Nico: Yep. So awesome.

Eli: Awesome is right.

---

Later we were at the park having a nice lunch and relaxing.

Sonata Dusk: Nice to eat up before the big mission.

Nico: You said it Sonata.

Me: (Eating a Burger) Mmm. Delicious.

Eli: Ahh nothing like a relaxing time at the park before a big mission.

Gali: Yeah that is awesome.

Qin: Yep.

Ariel: We need all the energy we can get.

Eli: Yep you said it sis.

Camie: Yeah.

But then…

POW BLAM BIFF SMASH KROW!

We heard fighting and we saw Jade Kubaos The Helios Gene-Slammer beating and pulverizing the Vengeance Express kids of the Cul-De-Sac and she was really pulverizing their brains out!

Flamewar: Hey, Jade. Come join us for lunch.

Jade Kubaos: One sec!

KROW SMASH BLAM POW BIFF WHAM!

Then she fired a massive blast of wind and blew them far away!

Jade Kubaos: YEAH! Okay coming!

She came back and had burgers and hot dogs.

Nico: Now that was cool.

Afterburner: That must've worked up an appetite.

Jade Kubaos: Yes it sure did. (Eats a burger)

Bart: (Eerie Moan) Oooh I died when Homer sat on me!

Homer: WHY YOU LITTLE!

He strangled Bart.

ZZZZZZAAAAAAAAAAAAAAAAPPPPPPPPPPPP!

Lily zapped Homer with a stun gun and he let go.

Me: Okay that always is funny.

Nico: Guys, I'm honestly very nervous about this first Kamen Rider big mission.

Bowser Jr: Relax, dude. All of us are feeling the same way.

Gali: We all are but I'm not complaining. Besides we all got through these and it was awesome.

Eli: Yeah it sure was. We had a lot of fun on them.

Qin: So we know what to expect when we're there.

Neytiri: That's true.

Then Kaos, El Oso, Vreedle Brothers, Carmen Dillo, Duff Killigan, INSTIGATOR, Tchang Zu, General Schwarz, Metal Sonic, and Gramma Stuffum appeared.

Kaos: Can me, El Oso, Vreedle Brothers, Carmen Dillo, Duff Killigan, INSTIGATOR, Tchang Zu, General Schwarz, Metal Sonic, and Gramma Stuffum go with you guys?

Nico: Yes you guys can. It's always awesome having you guys too.

Eli: Yeah.

Octagon: But this is gonna be awesome meeting the Hibiki Kamen Riders.

Lola: We're all really excited for this one.

Qin: We sure are.

Killer Frost: Nico, which Gene Slammer do you think you'll meet next?

Nico: I'm hoping to do one for a Na'Vi next.

Neytiri: One of my kind next. That will be an interesting one.

Me: It sure will. I hope it's on Pandora.

Laney: Yeah that will be awesome.

Nico: It sure will be awesome.

Eli: Yeah.

Nico: Lets head out to Japan.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was Joyce Crandall, the now disgraced former Michigan State Under Secretary of Water Leisure and another enemy of the Louds and all of Royal Woods, and she's coming to get revenge on Lincoln for ruining her plans to destroy Royal Woods by flooding it. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us today?

Lincoln: You got that right, Nico, and Mom, Dad, sisters, we're not going to like this one bit: the dark energy signal I sensed belongs to our old enemy, Joyce Crandall, the now disgraced former Michigan State Under Secretary of Water Leisure, and she's coming to get revenge on me for ruining her plans to destroy Royal Woods by flooding it.

Lori: What?! I never thought we'd literally have to deal with her ever again!

Nico: Linc, what can you tell us about Joyce Crandall, it looks like you, your family, and friends have a bit of a history with her.

Lincoln: Trust me, Nico, you and J.D. aren't going to like her one bit.

Lincoln proceeded to tell us about Joyce Crandall, and as predicted, we're not going to like her one bit.

* * *

Joyce Crandall

Joyce Crandall is the main antagonist of The Loud House episode "Save Royal Woods!". She is the Michigan State Under Secretary of Water Leisure who wants to flood Royal Woods.

She was voiced by Christine Baranski, who also voiced Chef from Trolls.

Appearance

Joyce is shown to be an average size woman with light brown hair and pale skin. Her attire includes a purple business dress suit, gold earrings and necklace and purple heels.

Personality

In her first appearance, Joyce is shown to be eccentric and vivacious Woman who also wanted to help boost tourism for the city but in reality, she is shown to be a bit sadistic and heartless as she plans to destroy royal woods by destroying the dam and flooded the city. However, she is shown to have a soft spot for her mother as she wanted to name the lake after her mother.

Biography

She made her first appearance when Mayor Davis called a meeting where after her introduction (with minor clapping) she explains that she came up with a plan to boost tourism for the city by creating a sixth lake for Michigan, which she will get her promoted to Over Secretary of Water Leisure and name it after her mother (since she didn't get her a gift). While amazing at first, Lincoln then pointed out that the sign for the Burpin' Burger is seen in the background of the new lake, As Joyce revealed that Royal Woods would be the new home for the lake, which will resulted in the town to move away and lose their homes and businesses, which she added that they will be paid to movie and a one-time discount for skiing on the lake. After she sings about how Royal Woods in the only town in Michigan that is not popular as other towns in the state are, she announced that the demolition will begin in a few days, and even added that years from now, people will laugh about the idea, which she started to as she notices no one else is and left instead.

Later as she is driving her car while telling her car toy dolphin Donna that once her plan come true, then not only will the governor approve her idea but her dream of being Over Secretary of Water Leisure will come true, she is stopped by Mayor Davis and Lincoln as she learns that the town as created the world largest Flippee, which will earn them a lot of tourism, meaning her plan to flood the town will not happen. Just then the giant Flippee began to act up as Flip revealed that instead of using syrup, he used expired gasoline, which combine with cold, resulted in the Giant Flippee to explode and cover some of the citizens in Flippee, followed by the cup crashing into Joce's car, which made her angry and tells the town that the demolition crew will be here at 9:00 a.m. tomorrow (originally 10 until the cup broke her dolphin toy)

The next day Joyce arrived in town with a Bulldozer as she plans to destroy the dam, only to be stopped by Lincoln as he and the others came up with a last-ditch plan; reenacted a fake historic event that would make it look like Royal Woods does have history. After a musical number about the town and how King George III named the town, Joyce actually took the bait and believed the town does have history and decide to cancel the flooding, only to learn the truth as the crown that King George left was fake (was actually one of Lola's Pageant Crowns) and plans to destroy the dam and flood the city.

As she and the demolition crew prepared to destroy the dam and flood Royal Woods, Lincoln and the other citizen sang a song about how Royal Woods is their home and how they experience the town in their lives, but Joyce didn't buy it and plans to continue the demolition, until the crew decide not to do it as told her to find another way to get her promotion. Now angrier, Joyce decided to destroy the dam herself and flood the town while the citizens are still around, only to learn that Katherine Mulligan has be recording live on HD of the event, which caused Joyce try to pretend that she wasn't going to do it for real but got a call from the Over Secretary of Water Leisure (her boss) and learned she has been fired for trying to flood the town, which resulted in her screaming and refusing to take Todd's pitting.

As The town all cheered for Lincoln saving the town and about to a reprise of the song, Joyce stopped them as she doesn't want to hear them sing and left off-screen, which had the town continue to finish the reprise.

---

When Lincoln was finished, we were really pissed off at what that bitch tried to do in destroying Royal Woods by destroying the dam and flooding the place.

Me: Why, that… !

Nico: (Growls) No words can even describe how much I hate her for her heartless and sadistic actions.

Gali: Trying to flood and destroy Royal Woods to create another Great Lake at the expense of the homes of those who live here, that's just unforgivable. Lincoln, can you and your family help me out with stopping Joyce Crandall?

Lincoln: Sure, Gali.

Lynn Sr.: We'll make sure that greedy woman gets sent to the slammer for this!

Nico: Where she'll rot there forever. Alright, gang, let's go, it's time to meet the Hibiki Kamen Riders.

Me: This is going to be so awesome.

Lincoln: You said it, and Joyce Crandall, you better start praying for mercy, because the Louds aren't going to show you any! You tried to destroy our home to create another Great Lake to boost tourism, more like fill your pockets at our expense!

Eli: Yikes, Lincoln really scares me when he gets mad.

Lori: But, we know the reason: any who threaten our home and our lives deserve no mercy for the heartless and sadistic actions they've done, and Joyce is looking at life in prison for this.

With that we were off.

HIBIKI TEMPLE, JAPAN

We later arrived at Hibiki temple.

Rhomboid: There they are.

Octagon: What are they doing right now, Boid?

Nico: They are fighting a bunch of Makamou's!

Me: Minor grunts from the looks of things.

Gali: Lets go get them!

Nico: Minor Entrance time.

We went at them.

They were fighting numerous grunts all over. And then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above them and fireballs rained down and they hit a bunch of Makamou and destroyed them and a phoenix cry was heard and we appeared and slashed and destroyed them all in an instant!

Hitoshi: Perfect timing guys!

Nico: Awesome to see you guys again!

Lea: Relax. We're saving the main entrance for later.

Nico: We're just building up to the main event. We saw you guys outnumbered and made our traditional minor entrance.

Hitoshi: Oh I get it! Awesome entrance.

Me: Thanks.

Gali: Awesome to see you guys again.

Hitoshi: You too sis.

Me: We owe you guys big for helping us out during the Zenkaiger Mission.

Hitoshi: We're glad you invited us.

El Oso: (Spanish Accent) And we also owe you for helping us on the Diamond planet.

Nico: That too as well as my rescue yesterday.

Iori: That was so fun.

Me: It sure was.

Natilee: That was awesome.

Iori: Boy Girl Jordan you really have it out on Carnage don't you?

Girl Jordan: Yeah I do.

Me: It's a really horrible vendetta. He ruined her life.

Qin: Yeah no kidding.

Venom: But enough of our disgraced offspring. How about we see the temple?

Hitoshi: Sure.

We got to seeing more of the temple and it was really awesome and more.

Eli: Wow! The temple is doing great.

Iori: Yeah it sure is.

Hitoshi: By the way Nico, Vypra came to us earlier this morning and she told me and Iori that we're both going to get awesome archenemies.

Me: Glad she did.

Nico: Yep. One of them we met on my favorite finger licking planet.

May: Yeah that was awesome.

Me: It's a surprise.

Duff Killigan: (Scottish Accent) This is a fine temple, lads.

Hitoshi: It sure is.

Daisuke: I think so too.

Zaomaru: We're proud to call it home.

Hitoshi: By the way we saw and felt a really massive explosion all the way from here. We saw a huge mushroom cloud explosion that could be seen from here.

Me: That was us blowing Yggdrasill HQ into oblivion.

A kid came out and it was Asumu.

Riku: Who's this?

Hitoshi: Oh, I didn't the chance to introduce you. Guys, this is my pupil, Asumu.

Asumu: Team Loud Phoenix Storm it's an honor to meet you all. Hitoshi told me so much about you guys.

Me: (Bows) An honor to meet you too Asumu.

Nico: Same here.

Eli: Glad Hitoshi is teaching you the ropes.

Carmen Dillo: Is it okay if you train some of us?

Hitoshi: Sure. We would be honored to do so.

Nico: And we can teach you some of our moves too.

Iori: Awesome!

Poliwag: But before training starts, we need some liquids.

Poromon got out 1 beer bottle.

Hitoshi: Don't tell me that's-

Poromon: One bottle of beer!

Sandman: I knew this was going to happen.

Me: Yeah.

Iori: Digimon that drink?

Me: Don't ask.

Nico: Yeah this happens every time.

May: It's crazy but silly.

We got to training.

We learned all sorts of moves and more.

Tchang Zu: Mindy, show Hitoshi what you've learned from Ryu.

Mindy Chan: Right! Shoryuken!

She dealt a powerful searing uppercut to a dummy and incinerated it!

Nico: YEAH!

Hitoshi: Wow! That was great!

Nico: My sister Mindy is a prodigy in those moves from Street Fighter.

Qin: She picks up lots of things on the fly and masters them with ease.

Iori: That is really cool!

Shego: And we got some Disk Animals from Taranee's missions.

Nico: We sure did.

We showed our Disk Animals and they were both cute and really awesome.

Me: You wouldn't believe what we encountered when we got them.

Qin: It was Another Hibiki.

Me: Yeah.

INSTIGATOR: We still haven't gotten Non Core Gashats from Another Brave.

Nico: No we haven't. But we'll face him soon.

Qin: We just have to be patient.

Hitoshi: Yeah. But we also heard that Lynn's Dark Side was Another Rider too.

Me: She sure was.

Bai Tza: She was taken care of.

Nico: Yep.

Hitoshi: Good. Glad she was.

Qin: Yeah she got a merciless beatdown by Lincoln and his Guardian Angels.

Gali: Yeah that was great.

Nokama: And very therapeutic.

General Schwarz: Iori also helped Nico and Morpheus yesterday

Iori: I know.

Nico: We saw that. So awesome.

Laney: That was so awesome and cool.

Lana: it sure was.

Morpheus: We thought that was a cool one.

Xion: Let's have a bite before the usual battles.

Leni: Like that's totes a great idea.

We got to eating and we were having a great meal.

We were having ramen that Ayame and Naruto made.

Gramma Stuffum: Here's some food I made.

We had deep fried boar and more. It was awesome and tasty.

Qin: Delicious.

Nico: I'll say.

Arpeggio: (British Accent) It sure is chaps.

Later it was time for the usual battles. Then Calamitous, Vexen, Firefly, Bane, Webstor, Shiv, Vypra, Hydro Man, King Hiss and Leonard appeared.

Nico: Calamitous, Vexen, Firefly, Bane, Webstor, Shiv, Vypra, Hydro Man, King Hiss and Leonard.

Calamitous: Good thing you guys had lunch before coming here.

Vexen: Of course, you guys eating a few minutes ago was good as well.

Vypra: (to Hitsoshi and Iori) Don't worry. Your archenemies are on their way.

Hitoshi: Awesome! Looking forward to it.

Iori: Same here.

Firefly: (to Nico) We heard you met up with the Magic School Bus gang again.

Nico: Yep. It was awesome.

Bane: (Spanish Accent) What was the field trip this time?

Nico: We went to a haunted house that was really the Sound Museum and we learned all about where sound comes from.

Bane: That's cool!

?: It sure is.

A figure came out and it was GENERATION 12 REFLECTS BOT from episode 11 of RPM!

Venjix created two of these Attack Bots, part of his plan to have Tenaya 7 help him in his attack. In a comedic twist, the Reflects Bot revealed his mirrors to Crunch and Shifter, who claimed that the robot might be too ugly for the Rangers to handle, unaware they were looking at their own reflections. The first Reflects Bot attacked the city in giant size. The Rangers responded with the High Octane and ValveMax Megazords. However, because the Reflects Bot was equipped with a Molecular Mirroring System, he was able to use the mirrors in his chest to copy the Megazord's weapons. He copied Rangers Dillon and Ziggy's Zords for his arms, and used them to take out the ValveMax Megazord. Then he cloned the Super Saber and took down the High Octane Megazord. Just as he was about to finish off the Rangers, the Reflects Bot suffered a complete systems failure and shut down, returning the normal size.

The Reflects Bot was restrained, even though he was offline, and taken to the Ranger's base to be studied. However, this was all part of Venjix and Tenaya 7's plan. While the Rangers were busy dealing with Drones in the city, Tenaya 7 was able to enter the Rangers' base through the Reflects Bot and started attacking.

Venjix then unleashed the second Reflects Bot on to the city in giant form. This one though had some upgrades, as his weapons systems were much like those of General Shifter and Crunch. The Rangers fought him with the High Octane Megazord, but they were no match.

Back in the Rangers' base, Dr. K managed to hold off Tenaya 7. When the evil villainess tried to use the offline Reflects Bot to copy Dr. K's cannon, he instead copied the Overthruster needed for the Rangers to form the new Zenith Megazord. Once Dr. K grabbed and installed the reactor, the Rangers were able to form the Zenith Megazord.

The Reflects Bot tried to copy the Zenith Megazord's weapon system, but before he could, the Megazord kicked the Reflects Bot's chest and broke the mirrors. The Rangers then used the Zenith Megazord's final blast to destroy the Reflects Bot.

---

Scott: Reflects Bot!

Reflects Bot: Yep been a while rangers.

Me: I remember you! You were sent to copy the rangers Weapons and their zords and use them against them to destroy Corinth.

Reflects Bot: That's right. Good memory.

Me: That was still awesome though.

Reflects Bot: You don't mind if I copy your weapons, do you?

Scott: Not at all. It'll be fun.

Me: Yes it always is.

We got the usual battles underway.

## Lisa Loud, Pinkie Pie, Featherweight, Tech Skylanders, Levi Loud, Stewie Griffin and Bowser Jr. VS Professor Calamitous - Nico's Rescue

Calamitous was first.

Calamitous: (to Lisa) As always, Nico's rescue with the Magic School Bus Gang was educational. They learned about sounds in that one.

Lisa Loud: Indeed they did and it was a most amazing experience for all of us.

Pinkie Pie: It sure was and it was amazing!

Featherweight: I agree there.

Sprocket: Thank goodness Shaggy and Scooby didn't go or they would be scared stiff.

Levi Loud: Indeed they would.

Calamitous: I most agree there. Lets do it!

Lisa activated Calamitous's Eyecon.

KONSTANTIN TSIOLKOVSKY AND CALAMITOUS!

Calamitous: Ah Konstantin Tsiolkovsky, the father of the Soviet Union Rocket Equation.

Lisa Loud: Indeed. A most well renowned figure in astroscience and physics in the worlds of science and technology.

Lisa activated Calamitous's Ridewatch and got awesome arm blasters. Lets do it!

They fired waves of metal, gears, lightning and energy and smashed him down.

---

## Lana Loud, Starlight Glimmer, Cozy Glow, Undead Skylanders, Leif Loud, Killer Frost and Poison Ivy VS Vexen - Our rescue was more like a mystery

---

Vexen was next.

Vexen: (to Lana) Nico's rescue was more like a mystery. Especially since no Another Ranger appeared.

Lana: Yeah but it was really awesome learning all about sound and how it's made and all that.

Starlight Glimmer: It sure was cool. Learning all about sound was cool.

Cozy Glow: And it's fitting for this mission because the Hibiki Riders use sound.

Hex: They sure do. That is awesome.

Leif Loud: I think so too.

Vexen: I agree too. Lets do it!

Lana activated her Eyecon!

FABIAN VON BELLINGSHAUSEN AND VEXEN!

Vexen: Fabian von Bellingshausen?

Lana: He was the founder of Vostok Station in Antarctica.

Vexen: Interesting.

Lana activated Vexen's ridewatch and got his shield. They fired waves of ice, stars, lightning, magic and bones and smashed him down.

---

## Lola Loud, Sunset Shimmer, Pipsqueak, Fire Skylanders, Lexx Loud, Lea and Francis VS Firefly - Lincoln's rescue

---

Firefly was next.

Firefly: (to Lola) I heard Lincoln's rescue was in the orphanage Otto was in. How was it?

Lola: It was great! We brought that monster orphanage caretaker nun that hurt Otto and the kids, Sister Thornley to justice. She was a really abusive caretaker and she gave all Catholic Nuns everywhere a bad name!

Sunset Shimmer: She sure did. We got her arrested and sent to the Uranus Prison forever.

Pipsqueak: (British Accent) Yeah she had it coming.

Sunburn: Good riddance to a bad nun. J.D. called her a Nun of Satan.

Lexx: Very fitting for her.

Firefly: I'll say. Good riddance. What happened to the kids that went there?

Lola: They were moved to a much better orphanage and the orphanage they were in was shut down.

Firefly: Good. Lets do it!

Lola pulled out Firefly's Eyecon.

JOHN WALKER AND FIREFLY!

Firefly: The accidental inventor of Matches. How awesome.

Lola: Yep. Perfect for a Pyrotechnician.

She activated Firefly's Ridewatch and got his fire weapons too.

They fired waves of fire and smashed him down.

---

Laney Loud, Twilight Sparkle, Starshine Sparkle, Magic Skylanders, Larry Loud, Venom and Rhino VS Bane - Us meeting a gene-slammer for Old Entity Hastorr

---

Bane was next.

Bane: (to Laney) I heard you all met a gene-slammer for Old Entity Hastorr. What's her name?

Laney: Her name is Audrey Brantley and she is one of Lincoln's awesome Guardian Angels. She has amazing powers that are powerful to destroy ones sanity forever.

Twilight Sparkle: She sure does. She also saved Lincoln from Chandler from his worst.

Starshine Sparkle: She sure did.

---

Audrey Brantley: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Audrey, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Audrey Brantley: That's incredible.

Nico: It sure is. So, Audrey, how did you defend and protect Lincoln from the absolute worst of Chandler's fury?

Audrey Brantley: Oh, now that's one I'd never forget. One day, Lincoln and I were eating lunch with Clyde, Liam, Rusty, Stella, and Zack in the cafeteria, but our lunch was ruined by Chandler, who kicked the doors down and his eyes were really red with rage and insanity. To make things worse, he had a gun in his hand and he was going to kill Lincoln with it, but I wasn't going to let him do that, so I fired a powerful blast of wind and disarmed him of the gun, then I sent another powerful blast of wind at Chandler himself, and he crashed into a wall. The principal saw the whole thing of what Chandler tried to do, and he was furious at him. Instead of calling his mom, he instead called the cops and they took him away, and Chandler got suspended for five weeks for coming to school with a deadly weapon. But, it would be Chandler's last warning: one more stunt like that and he's expelled for good.

We cheered wildly for what Audrey Brantley did.

Nico: Of all the low things Chandler did because of his Dark Side, bringing a deadly weapon to school to kill Lincoln is one that's crossed a serious line.

Lincoln: That's right, but Chandler didn't care, and we knew we haven't seen the last of him, and he wasn't done yet with trying to get revenge on me and killing anyone who got in his way.

Nico: Jeez, now I'm really glad that Dark Chandler was removed and put in a crystal prison for good.

Lincoln: And he'll never threaten to kill anyone ever again.

FLASHBACK ENDS

Bane: Ay caramba! Dark Chandler really was a heartless monster!

Spyro: Yeah no kidding. Soon he will get the Black Gates like all the Dark Louds got.

Larry Loud: Yeah he sure will.

Bane: Good riddance. Lets do it!

Bane pumped up with Venom!

Laney: Watch this.

She activated Bane's Eyecon.

JOHN BOSLEY ZIEGLER AND BANE!

Bane: John Bosley Ziegler the inventor of Anabolic Steroids.

Laney: Yep. He was the reason athletes have been using them for over 50 years.

Bane: Interesting.

Laney activated Bane's Ridewatch and grew muscular and tall and she looked like a She-Hulk Version of Bane.

Bane: Wow! J.D. wasn't kidding about you being a female version of me. You look muy buena.

Laney: Thanks. I thought it was awesome myself.

They fired waves of leaves, grass, flowers, magic and energy and smashed him down.

---

# Lucy Loud, Princess Luna, Moondust, Snowdrop, Children of The Night, Dark Skylanders, Lars Loud, Riku and Demona VS Webstor - Sunset Shimmer's Final Ambassador Mission

---

Webstor was next.

Webstor: (to Lucy) I heard today was Sunset Shimmer's Final Ambassador Mission. How was it?

Lucy Loud: It was really amazing and we took down Another Ranger to finish her missions with a bang.

Princess Luna: That was really awesome. They took down Another SPD Red and it was really cool.

Moondust: Boy it sure was.

Snowdrop: Yeah we got an awesome thrill hearing about that.

Gari: We sure did and it was a great way to finish up the Ambassador Missions for the Mane 10.

Lucy Loud: He died in 1919 in an insane asylum from Gangrene.

Nico: Yep. We met him on a planet made of my all time favorite food. It was a planet with massive numbers of piles of chicken wings that had thousands of flavors of different sauces.

Hitoshi: Wow! That must've been an amazing planet.

Nico: Oh it was!

RPM Rangers: RPM ENFORCER!

They formed the RPM ENFORCER!

Nico gave the Engine Cell with a picture of a bat in the shape of Number 719,323 on it for Myotismon. Laney's engine cell for Bane was 827,323 with muscles and Eli's engine cell was for 999,999 and for Baron Mordo.

Nico: YEAH! Here we go!

Rangers: ENGINE CELLS ACTIVATE!

Vypra: Thanks.

Luan: It's fun.

Nico: YEAH IT WAS!

Teresa: Time to go after Hitotsumi and Orochi.

Nico: Yep.

Hitoshi: I had a feeling we were going after them.

Me: Yep.

Metal Sonic: Scanning for Hitotsumi and Orochi.

He scanned for them and found them on the beach.

Metal Sonic: Targets found. Location 23 kilometers south southwest.

Nico: Then that's where we're going. Get ready Hitotsumi, Orochi and Kabuki. (EYES GLOW RED) We're coming for you guys and we're going to make sure you all pay.

We were off to the beach.

We arrived at the beach.

Me: Here we are.

We went down and then we saw a figure and it was YOBUKO!

---

Yobuko is a Summer-type crocodile Makamou and an antagonist in Kamen Rider Hibiki.

A normal Yobuko appeared at Saitama and was later confronted by Ibiki. It was destroyed along with several other Makamou by Ibuki with his Shippuu Issen.

Another Yobuko later appeared at Sano and faced off against Todoroki. Todoroki destroyed Yobuko alongside a Tengu with Raiden Gekishin.

The leader of the Vigilantes' was transformed into a Yobuko by Llumu Qhimil using the powers of both the GiGi and GaGa armlets as a reward for his service.

Hitoshi: Yobuko!

Iori: Great. Yobuko. Just what we need.

Me: I remember you! You were one of the Makamou's faced by Hibiki.

Yobuko: That's right. I'm afraid I can't let you pass.

Hitoshi: We don't have time for this.

Yobuko: You make time!

Drive!

Onewa: I know that Henshin form!

Out came the Drive Kamen Rider team!

Shinnosuke: We got here just in time!

Go: We sure did!

May: Hey guys! Glad you could make it!

Me: Same here.

Shinnosuke: Yeah! We'll hold this one off. You guys go get that monster Orochi and Hitotsumi.

Me: With pleasure!

Onewa: Let me help you guys!

May: Don't forget your Kamen Rider form.

Onewa: I won't. HENSHIN!

He turned into KAMEN RIDER BULLDOZER!

We went to face Hitotsumi and Orochi.

Man Ray then came.

Man Ray: Hope I'm not too late.

Nico: Nope you made it just in time.

Maria: Thanks for coming, Man Ray.

Man Ray: Anytime guys. This is gonna be awesome.

Nico: Yep.

Me: There. Targets at 7:00.

We saw HITOTSUMI AND OROCHI AND KABUKI!

Nico: This is gonna be good.

Me: Kabuki will be faced by me later on after we deal with the footsoldiers.

Nico: Okay.

Man Ray went up to them.

Hitotsumi: So, you must be Man Ray. You're way out of your element.

Man Ray: I admit that I'm out of water right now. But I learn to adapt. Unlike you and your friends.

Orochi: And what makes you think you can defeat us all?

Man Ray: Oh it won't be me. It'll be me and my friends that will do that.

Then the spirits of the Princesses of Harmony all appeared and swirled around them and then they converged and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above them and fireballs rained down and smashed them all over and fiery explosions blasted them all over. A phoenix cry was heard.

Zocks: (Singing) Yo-ho-hoy- yo-ho-hoy- yo-ho-hoy-hoy! Hey! I am a World Pirate. In pursuit of treasure, I go from sea to sea! I am a pirate. In pursuit of freedom, I travel from world to world! I'll get my hands on it no matter what! And then I'll get a feeling that's two good! Yo-ho-hoy!

We appeared out of the explosion and landed.

Nico: You sickos are in really big trouble!

Orochi: And who are you!?

Me: Your worst fucking nightmare!

Gali: We are Team Loud Phoenix Storm and we are here for one thing: To kill all 3 of you!

Kabuki: (Taunting) Ooh I'm so scared.

Me: You should be you son of a fucking bitch!

Hitotsumi: So you are the famous Team Loud Phoenix Storm that I've heard so much about. I must thank you all for killing the Man and the Woman. Now, there's nothing stopping us from conquering this world!

Maria: No one except us, asshole!

Me: And we will make sure that you don't conquer anything!

Hitotsumi: Hidiacs, come to me!

An army of Hidiacs appeared.

Nico: Hidiacs!

Me: We already faced them 2 months ago but they will work just fine.

Nico: Lets get them!

We went at the foot soldiers and we fought and kicked and blasted them all over the place. I kicked and punched a bunch of them and Charlie did the same and we sent them flying all over the place.

We were all blasting them!

Me: This is just the beginning!

I blasted one with a star blast and sent him flying and massive fiery explosions blasted him all over.

KRABBBBBOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOOOOOOOMMMMMMM!

The entire area was turning into a warzone!

Charlie Thorn: ALL RIGHT!

We flew back and clashed violently. And blasted them all over the place and blasted them back in a massive shockwave of stars and lightning and then spun and blasted and slashed them all over in blades of energy. The foot soldiers blasted us again and we jumped back and massive fiery explosions went off all over!

We smashed the ground and sent a deadly shockwave and blew some of the foot soldiers apart in a massive fiery explosion!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: YEAH!

Nico: WOOHOO!

Charlie Thorn: AWESOME!

Hibiki: WOW! That was amazing!

Charlie Thorn throw his sword and it turned into a boomerang and blew some of the foot soldiers apart!

Laney: YEAH!

Me: What a bunch of slow learners.

They blasted at us again and we jumped as a massive fiery explosion went off behind us.

Me: STARS!

I fired a Star Storm!

Charlie Thorn: LIGHTNING!

Charlie fired a lightning shower and we blew the rest of them apart in a massive fiery explosion!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Charlie Thorn: All right!

Eli: YEAH!

Lola: ALL RIGHT!

The Hidiacs then jumped the Hibiki Team.

The Hibiki Team lay defeated at the hands of the Hidiacs.

Hitotsumi: A most impressive effort. Your power is very amazing.

Me: We get that a lot.

Hitotsumi: Well, Hibiki. It looks like all your training was for nothing. But the Orochi will only kill your friends. Your death will be at my hands!

Twilight: (blasts a Hidiac away) Oh no! What do we do?!

Gali then got an idea.

Gali: Everyone in the audience! Lend the Hibiki team your strength! They get stronger with your support! When I give the signal, share your energy with the Hibki Team! Okay? Ready… go!

Everyone in the audience began sharing their energy with the Hibiki. And soon, Hitoshi found the strength to get up.

Hitoshi: You're wrong, Hitotsumi. My training wasn't for nothing. And I'll prove that to you!

Hitoshi then grabbed a nearby Hidiac and slammed it into the ground and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Hitoshi: Thank you for your support, everyone.

Iori: Didn't expect to get so many fans out here.

Tomizo: Me neither. But I'm not complaning.

Zaomaru: Looks like our training's about to pay off.

Daisuke: It always does.

Sakae: Time to show these scumbags what being an Oni means.

Nico: That's for sure!

Gali: Let me transform with you all.

Nick Russel: Sure thing, Gali.

Mystic Force Rangers: Magical Source, Mystic Force!

GALWIT MYSTO RANGER!

With that, Hitoshi reaches for his obscured belt, and pulls from it a strange mobile phone like object, that, when opened is revealed to be a strange tuning fork with a snarling face. Hibiki then strikes the tuning fork against his boot sole, lifting it to his forehead, revealing the same snarling face called upon by the soundwaves.

Hitoshi: (Under his breath) Hibiki.

At this point, the soundwaves envelop Hitoshi, turning from clear to red as purple flames envelop him, casting aside the form of man, allowing Hitoshi's Rider form to rise through, revealing a primarily violet being with red arm armor, silver armor across his chest, a belt with three sharp comma looking symbols circling on themselves on the central point of it and a burgundy-brown cloth between his legs, as well as what appear to be drumsticks attached to the back of his belt, disk-like objects on the left side of his belt and his folded tuning fork on the right, as well as a head with violet background and six red lines on it, with two more surrounding a small snarling face on his forehead.

Meanwhile, Iori pulls his flute-whistle from the side of his belt in such a manner that the front of it has split open, revealing it to be a sort of panel that covered a snarling face. Meanwhile, Tomizo pulls down the bottom part of his bracelet, which moves the snarling face up and reveals three small strings inside. Tomizo strums the strings in his bracelet while Iori blows into his flute-whistle, before both raise their respective arms: Iori to move his whistle to his forehead, causing the snarling face to be revealed on it before swiping to the left, generating a large gust, while Tomizo just straight up raises his arm into the air after holding it to his forehead for a second as the face on the bracelet appears on his forehead. As they do this, Iori is surrounded by wind and Tomizo is being struck by lightning. Ultimately, their transformations complete, revealing their Rider forms. Iori is a primarily black form with blue arms, golden pipe-like armor across his chest like a vest, and a head not unlike Hitoshi's but blue and silver with a smaller gilded face on the forehead matching his whistle. Meanwhile, Tomizo becomes a primarily green form with white arms, and a red guitar string like strap across his chest, held in place by a white retaining brace, with a head somewhat different from Hitoshi's, as he only has one horn rather than two, but the structure is similar otherwise. As well both have the same silver belt as Hitoshi, but with different centerpieces. Iori's is what looks like a fan blade, which looks like it could connect to the trumpet-gun he carries. Tomizo's meanwhile is a set of strings, like a miniature harp almost, that could easily fit onto his guitar-spear.

Leanbow: Burning heart of fire! Wolf Warrior!

Udonna: Flurry of snow! White Mystic Ranger!

Daggeron: Power of the sun! Solaris Knight!

Claire: Power of The Shining Moon! Purple Mystic Ranger!

Xander Bly: Strong as a tree! Green Mystic Ranger!

Vida Rocca: Ever-changing as the wind! Pink Mystic Ranger!

Madison Rocca: Fluid as the sea! Blue Mystic Ranger!

Chip Thorn: Fast as lightning! Yellow Mystic Ranger!

Nick Russell: Fearsome as fire! Red Mystic Ranger!

All: We call forth the magic, together as one, united for all time!
Power Rangers Mystic Force!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready!

Gali: I've had it up to hear with you three monsters to last an eternity.

Suddenly, Gali's eyes turned neon ocean blue, and she was surrounded by an ocean blue energy aura with ocean waves, mermaids, and Water Toa Mata, she unholstered her massive Destroyer of Bohrok Kal sword from her back, and as she approached Orochi (Kamen Rider Hibuki), Hitotsumi, and Kamen Rider Kabuki, she left ocean blue energy aura with ocean waves, mermaids, and Water Toa Mata with every step.

Gali: You three monsters make me sick, you've tormented the lives of so many innocent people and you absolutely showed no remorse for any of your crimes, and now, I will see to it that you pay the ultimate penalty for all of your crimes in full.

Suddenly, Gali was surrounded by a massive vortex of ocean blue energy with ocean waves and mermaids surrounding it, there's a Water Toa Mata swimming around the vortex, and in the vortex is a blue phoenix. Then, as the vortex faded, Gali emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Gali grew to 6'5" in height, she has the body of a goddess, she has blue highlights in the bangs of her long flowing ocean blue hair, she has neon ocean blue eyes and she has an ocean blue energy aura with ocean waves, mermaids, and Water Toa Mata surrounding her, she has a Water Toa Mata and with the Water Kanji in its hands emblazoned on her forehead, she has on mermaid earrings with ocean blue gems for eyes and holding the Water Kanji in her hands, she has on her Crystal Necklace of The Buddha with ocean blue crystal links and a mermaid with the Water Kanji in her hands for the pendant. Gali has on a sleeveless ocean blue vest, sleeveless ocean blue midriff top, blue skirt, ocean blue pants, blue knee-high boots, and long sleeveless blue trenchcoat with ocean waves and Water Toa Mata on the coattails, and on the back is a Water Toa Mata and mermaid with ocean waves surrounding them. Suddenly, Gali felt a sharp pain on her back, and then, massive ocean angel wings with blue tips on the large ocean blue feathers, sprouted out from her back. Gali has on a Ring of The Phoenix with ocean gem and heart shaped gem embedded in it on her right ring finger and a Blue Lantern Ring on her left ring finger. Suddenly, Gali's massive Destroyer of Bohrok Kal sword and the swords she's gotten through the treasure battles began merging and they were surrounded by a kaleidoscope of ocean blue energy, ocean waves, mermaids, and Water Toa Mata, and when it emerged, it was transformed into Gali's Water Toa Mata Greatsword of Maelstrom Justice, it's a brand-new large greatsword with the symbol of the Water Toa and the symbol of the anti-Bohrok-Kal etched on the massive 7'0" massive, wide, double-edged blue blade, blue Water Toa heads for the crossguard, large blue gem embedded in the rainguard, longer black handle, and massive blue gem with surrounding angel wings for the pommel. Gali has on his new large gold cuff Bracelets of the Champions of The Universe with blue gems on his wrists, her new large gold Belt of Elemental Bravery with a golden Water Toa head with blue gems for eyes and a large blue gem in its open mouth for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip, there's a blue kanji below the Water Toa and phoenix that said, "Gali, Toa Mata of Water, Sister and Teammate of Tahu, Vakama, Onewa, Whenua, Matau, Nokama, Nuju, Pohatu, Onua, Lewa, Kopaka, and Takanuva, Loving Sister of The Hibiki Kame Riders, Destroyer of Tetridax and The Bohrok-Kal, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Water, Water Toa, and Mermaids" Gali has transformed into SUPER ANGEL INFINITY MAELSTROM TOA MATA ANGEL OF OCEAN JUSTICE AND BROTHERHOOD HOPE!

We were amazed by Gali's Super Angel Infinity transformation, but when Orochi (Kamen Rider Hibuki), Hitotsumi, and Kamen Rider Kabuki saw it, they flew into a rage and fired energy blasts to kill her, but she dodged them, and Gali fired powerful blasts of ocean blue energy, Water Toa, and mermaids, and it hits Orochi (Kamen Rider Hibuki), Hitotsumi, and Kamen Rider Kabuki, and it sent them flying into a wall.

Laney: Coming at ya Ibara!

She did so and Ibara used her hair.

Ibara: I don't mean to rip Tarzan off. But..

Ibara swings forward on a vine, kicking several Hidiacs down

CRASH CRASH CRASH CRASH CRASH CRASH!

Nico: OH YEAH!

Me: Nice one Ibara!

Ibara swung back!

Tarzan: That was great!

Fluttershy used her powers and slashed and cut numerous Hidiacs and destroyed them in fiery explosion!

Rarity and Camie blasted them all over with jewels and energy.

Nico: YEAH!

Madison fired a blast of water.

And she drenched numerous Hidiacs and Katara and Shoto froze them in blocks of ice and Nico shattered them into millions of pieces. Himiko blasted them all over with fire and lightning blasts and incinerated them all over.

Fluttershy: Oh, Harry!

Iori: Who's Harry?

A bear then appeared.

Iori: Oh. THAT'S Harry.

He roared and mauled and mutilated numerous Hidiacs.

Kenai: YEAH! Nice work fellow bear!

Qin: Awesome!

Jay: My turn!

He fired waves of magic and blasted numerous Hidiacs all over the place.

Qin: YEAH BABY!

Lucy Loud: Try this on.

She fired waves of darkness and blasted them all over.

Princess Celestia: Time to use my Disk Animal

She summoned her Disk Animal and it was a Phoenix!

Nico: Cool!

Me: That is awesome!

The Disk Animal Phoenix fired waves of fire and destroyed the Hidiacs.

Varie: Yeah! Watch this one.

She sang in a divine voice and summoned mermaids from the dark side of the legend and they destroyed numerous Hidiacs.

All Might stepped forward and threw a powerful punch, generating a blast of wind pressure that blew several Hidiacs backwards.

He smashed them to pulp.

Bakugo then punched a Hidiac and then…

MASSIVE AND POWERFUL EXPLOSION!

His explosion destroyed numerous Hidiacs in a powerful punch!

Lola: YEAH!

(HAJIMARI NO KIMI E PLAYS)

We finished destroying the Hidiacs!

Me: WOO! THAT WAS EPIC!

Nico: YEAH IT WAS!

Hitoshi: Keep it up, everyone. We stand together against these three who are alone!

Nico: Oh we will!

Me: Kabuki is mine. KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS FOR ME)

I turned into WOLF MOON 🌙!

Me: Kabuki I'm going to rip you to shreds!

Kabuki: Come and get me!

I slashed and kicked him all over and fired massive waves of blue fire and blasted him all over the place!

Hibiki: Looks like it's time for me to use Armed Hibiki. (Under his breath) Hibiki Soko.

With that, Hitoshi hits the button on the back of the sword, causing him to be engulfed in sound yet again, turning entirely red with white contrast and a visor like spot on his face, as the disks carried by all the heroic Oni seemingly come to life, taking on vibrantly colored animal-based forms that we see for all of like a minute as they form armor on Hitoshi, ultimately culminating in a chestpiece as the horns on his head grow a bit and the small snarling face gains a guard of some kind, completing the transformation.

Lincoln: I should've known there's no mistaking that chalkboard screech from anywhere. You can come out now, Joyce Crandall.

A figure came out and it was none other than, Joyce Crandall, the now disgraced former Michigan State Under Secretary of Water Leisure and another enemy of the Louds, and she's steaming mad.

Lori: Joyce, you just don't even know when to quit, do you? Lincoln rallied all of us to stop you from destroying all of Royal Woods when you tried to destroy the dam, and when your actions went live on TV, your reputation went down the drain.

Joyce Crandall: And it's all your fault! I could've made a fortune with that new lake, and now, I have nothing!

Lincoln fired a blast of rainbow super lightning and electrocuted her, and she wound up with poofy hair, and she screamed like a banshee when she saw it.

Gali: Nice makeover job on her, Lincoln. But, I'm afraid it's time to get serious and close the mission by throwing Joyce Crandall in jail where she belongs.

Suddenly, Gali's eyes turned neon ocean blue, and she was surrounded by an ocean blue energy aura with ocean waves, mermaids, and Water Toa Mata, she unholstered her massive Gali's Water Toa Mata Greatsword of Maelstrom Justice sword from her back, and as she approached Joyce Crandall, she left ocean blue energy aura with ocean waves, mermaids, and Water Toa Mata with every step.

Gali: You make me sick, Joyce Crandall, you've tried to destroy Royal Woods just to create a new Great Lake and force everyone to lose their homes all so you can line your pockets with money from your tourism scheme. You're just like so many whom we've taken down: driven only by greed and with no regard for the lives of others, but I'm going to see to it that you pay for those crimes with the rest of your life in prison.

Suddenly, Gali was surrounded by a massive vortex of ocean blue energy with ocean waves and mermaids surrounding it, there's a Water Toa Mata swimming around the vortex, and in the vortex is a blue phoenix. Then, as the vortex faded, Gali emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Gali grew from 6'5" to 6'11" in height, she has the body of a goddess, she has blue highlights in the bangs of her long flowing ocean blue hair, she has neon ocean blue eyes and she has an ocean blue energy aura with ocean waves, mermaids, and Water Toa Mata surrounding her, she has a Water Toa Mata and with the Water Kanji in its hands emblazoned on her forehead, she has on mermaid earrings with ocean blue gems for eyes and holding the Water and Eternity Kanjis in her hands, she has on her Crystal Necklace of The Buddha with ocean blue crystal links and a mermaid with the Water and Eternity Kanjis in her hands for the pendant. Gali has on a sleeveless ocean blue vest, sleeveless ocean blue midriff top, blue skirt, ocean blue pants, blue knee-high boots, and long sleeveless blue trenchcoat with ocean waves and Water Toa Mata on the coattails, and on the back is a Water Toa Mata and mermaid with ocean waves surrounding them. Suddenly, Gali felt a sharp pain on her back, and then, her massive ocean angel wings with blue tips on the large ocean blue feathers grew much bigger for her brand-new body. Gali has on a Ring of The Phoenix with ocean gem and heart shaped gem embedded in it on her right ring finger and a Blue Lantern Ring on her left ring finger.

Suddenly, Gali's massive Destroyer of Bohrok Kal sword and the swords she's gotten through the treasure battles began merging and they were surrounded by a kaleidoscope of ocean blue energy, ocean waves, mermaids, and Water Toa Mata, and when it emerged, it was transformed into Gali's Water Toa Mata Greatsword of Maelstrom Justice, it's a brand-new large greatsword with the symbol of the Water Toa and the symbol of the anti-Bohrok-Kal etched on the massive 7'0" massive, wide, double-edged blue blade, blue Water Toa heads for the crossguard, large blue gem embedded in the rainguard, longer black handle, and massive blue gem with surrounding angel wings for the pommel. Gali has on his new large gold cuff Bracelets of the Champions of The Universe with blue gems on his wrists, her new large gold Belt of Elemental Bravery with a golden Water Toa head with blue gems for eyes and a large blue gem in its open mouth for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and

Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip, there's a blue kanji below the Water Toa and phoenix that said, "Gali, Toa Mata of Water, Sister and Teammate of Tahu, Vakama, Onewa, Whenua, Matau, Nokama, Nuju, Pohatu, Onua, Lewa, Kopaka, and Takanuva, Loving Sister of The Hibiki Kame Riders, Destroyer of Tetridax and The Bohrok-Kal, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Water, Water Toa, and Mermaids"

ガリ、水のToa Mata、Tahu、Vakama、Onewa、Whenua、Matau、Nokama、Nuju、Pohatu、Onua、Lewa、Kopaka、Takanuvaの姉妹とチームメイト、Hibiki Kameライダーの愛する姉妹、TetridaxとBohrok-Kalの駆逐艦、悪のスレイヤー、錯乱、殺人、冷酷、そしてサディスティックなろくでなし、驚くほど強力な教師の驚くべき強力な学生、水、水Toa、そして人魚のマスター

Gali has transformed into SUPER ANGEL ETERNITY INFINITY MAELSTROM TOA MATA ANGEL OF OCEAN JUSTICE AND BROTHERHOOD HOPE!

We were amazed by Gali's Super Angel Eternity Infinity transformation, but when Joyce Crandall saw it, she flew into a rage and tried to kill Gali by strangling her, but Gali fired a powerful ocean blue energy aura with ocean waves, Water Toa, and mermaids at her, and it sent Joyce Crandall flying into a wall, and it really pissed her off even more.

Nico: Wow, Gali's transformed into her Super Angel Eternity Infinity form, and she's pissed off Joyce Crandall even more, this is going to be good.

Me: And a perfect way to close the mission and send her butt to prison for good.

Gali: (Divine Echoing Cosmic Voice of The Maelstrom Water Toa and Brotherhood Water Hope) **That's right, J.D. Lincoln, are you and your siblings ready?**

Lincoln: (Smiles) We're ready, Gali.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Gali. Then, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, and Lily transformed into their Super Angel Infinity forms and they unholstered their massive swords from their backs and join Gali.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's put the kibosh on Joyce Crandall once and for all.**

Me: Show no mercy on her!

Gali, Lincoln, and his sisters went after Joyce Crandall, and they fired powerful blasts of rainbow energy, ocean blue energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Bats, Kaiju, Mermaids, Water Toa, Dragons, Fairies, and Angels at Joyce Crandall, and they exploded with incredible power as they hit her. Then, they attacked her with their massive greatswords and left tears on her outfit, and she screamed in rage, and it got worse when Lincoln shaved her hair off, and when she saw it, she screamed in horror, and we all laughed hysterically. Then, Lincoln and Gali knocked her out with a strong punch and sent her crashing down to the floor, and Lincoln tied her up in a rainbow energy straitjacket and rainbow energy chains, so she can't escape. We cheered wildly for what Gali, Lincoln, and his siblings did as they holstered their massive greatswords on their backs and power down, and Gali's new body, clothes, weapons, jewlery, and massive angel wings are permanent.

Gali: Alright, we destroyed Orochi, Hitotsumi, and Kamen Rider Kabuki, and we stopped Joyce Crandall from getting her revenge.

Lincoln: An awesome way to close out your mission, Gali.

Nico: Now, all that's left is to get Joyce Crandall sent to prison.

We called the cops, and Sheila and Tom came, and when they saw Joyce Crandall, they grabbed her.

Sheila: Nice job, guys, we've been after her for a long time for what she's done.

Tom: Yeah, trying to flood Royal Woods so she can create a new Great Lake and make money from the tourism at the expense of everyone who lives there, she's looking at life for this.

Joyce Crandall: I'LL GET YOU FOR THIS, LOUDS! THIS ISN'T OVER!

Lincoln: Actually, it is. Take her away, officers!

Sheila and Tom threw Joyce Crandall in the police car, and we gave her the finger as the car drove away, and she went ballistic.

Hitoshi: That was really awesome!

Gali: It sure was, Hitoshi. Now, we're rid of your three major enemies for good, and they're never coming back.

Nico: You said it. And Linc, do you also have a special surprise in store for after Joyce Crandall's found guilty?

Lincoln: (Smirks) Yep, you know me all too well.

Me: Uh oh, and I know that smirk from anywhere. Please, tell me you're going to put a curse on her.

Lincoln: Yep, it's a brand-new curse I made, and it's perfect for greedy people like Joyce Crandall, and it's also made for greedy cheapskates like Flip, but that's for another time.

Joyce Crandall was found guilty for trying to destroy Royal Woods by destroying the dam, and for her illegal activities in Michigan, and she was sentenced to Eternity in The Neptune Prison for Traitors, and still bound in a rainbow energy straitjacket and rainbow energy chains, she was then put into a cell in Maximum Security Solitary Confinement and chained to the wall with Neutronium Chains and rainbow energy chains. Lincoln also hit her with a new curse he called Mammon's Darkness Greed Vengeance Curse, and Lincoln said that the greedy slob hit with this curse will be doomed to deal with the consequences of their never-ending greed and be tormented by the visions of the victims of their greed, and they're forced to deal with nightmares for the rest of their lives.

WHOA! THAT IS A SCARY AS HELL CURSE!

Woz: Rejoice! The first of the main Kamen Rider villains has fallen. And Team Loud Phoenix Storm have claimed their newest Rider allies, Kamen Riders Hibiki, Ibuki, Todoroki, and Zanki! May their alliance last until the darkest night falls and demons reign supreme!

Shiv: Well said, Woz.

Me: Very awesome! This was the most explosive and most incredible way to start out Phase 2 of the big missions of 2022!

Webstor: The first Kamen Rider big mission is complete.

Nico: YEAH!

We cheered wildly!

Hydro Man: All our patience paid off. And now, we have our first Kamen rider team.

Me: Yes we do!

King Hiss: (to the Drive team) You guys helped as well.

Shinnosuke: We sure did.

Me: We owe you guys big time.

Leonard: (to Hitoshi) Since this is your territory, it's only fair that we celebrate the victory party your way.

Hitoshi: Good idea.

Me: And the best part is that we got the Dairangers from 1993 and also that monster Joyce Crandell is now in prison too.

Eli: Yeah she sure is.

Qin: YEAH! And Gali transformed too.

Me: Now Kabuto is next and Nokama goes for that one.

Nico: Yep. But this was an awesome way to start phase 2! Awesome job everyone!

Me: Thanks Nico.

Hitoshi: (To the viewers) This was an awesome way to start out phase 2 of the missions and an awesome way to start meeting the Kamen Riders. This is just the beginning of many awesome missions left to come.

Nico: It sure is. Lets head to the temple and celebrate.

Me: All right! Now the Makamou are gonna think twice before messing with us now that the Hibiki Kamen Riders have joined the team.

Laney: You got that right.

Me: Also I got Kabuki's Henshin Ohsa and I purified it and we'll think of someone much better for it.

Lola: Good thinking.

We went back to the temple and had a great party and we later went back home to the estate and we enjoyed the rest of the day and went to sleep. This was an awesome way to start out the missions with the Kamen Riders with a bang.

Another awesome fanfic done.

Kamen Rider Hibiki was the first ever Kamen Rider series that NicoChan11 introduced me to and it was so awesome that we got to meet the Hibiki Team from 2005. It was the first of many. The series of Hibiki aired from January 30, 2005 - January 22, 2006 and it was awesome. The first part of the chapter was for the Magic School Bus episode called In The Haunted House and that was a creepy one but it showed us how Sound was made and more. That one gave me the creeps and I was only 7 when it came out. That one aired on October 30th, 1994 and it was perfect for The Day before Halloween. So awesome. The second part was for the Time Squad villain Sister Thornley and she was a nasty orphan caretaker. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, kolbdog323, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, EtstheClarenceandTLHfan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico, The Ripping Friends, Shope, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Changeman, Jetman, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily are going to an awesome steak and eggs restaurant for an all you can eat steak and eggs buffet. It'll be a great restaurant for us and even one that the Ripping Friends will love. And we're going to battle Another Jungle Fury Red and we're going to be in for an amazing surprise on that one! Also we're going to meet a gene-slammer for a Na'Vi from the planet Pandora. Her name is Emily Littlefield of the Comanche Tribe. Emily is Nico's friend from a Comanche Indian Reserve and she is an amazing archer as well as a great friend to Nico who knows all about the culture of the Indians. And she and Nico did it all and dealt with bullies by skewering them in their legs with arrows. For Lincoln's rescue tomorrow, Lincoln and his group are heading to New York City, and they're going to take down and destroy Dario Agger A.K.A. The Minotaur, and one of Thor's many enemies. And they're going to meet a Gene-Slammer for Emiel the Blessed, a legendary unicorn from the Adarkar Wastes on the plane of Dominaria in the world of Magic the Gathering named Hazel Alarie, she's Lincoln's Guardian Angel who was born with massive beautiful white angel wings and with powers of healing magic and she also has a very unique ability to create an aura that calms people down and alleviates their stress and anxiety. She's helped Lincoln so many times when he's had to deal with anxiety and stress due to the actions caused by his sisters and she's defended and protected him from the absolute worst of Lori, Lynn, and Lola's wrath. Now, she's been Gene-Slammed into Emiel the Blessed, the legendary unicorn from Magic the Gathering, and she now has a horn on her head. Also for the next chapter we're going to not like this planet at all one bit! We're going to a planet made entirely out of one of the most repulsive vegetables ever known! We're going TO A PLANET MADE OF BRUSSELS SPROUTS! YUCK! I HATE BRUSSEL SPROUTS! YUCK! We're going to also battle the Cactus monster from Mighty Magiswords called Attacktus!

See you all tomorrow

# BRUSSELS SPROUTS AND CACTUSES

I HATE BRUSSELS SPROUTS!

At an awesome new all you can eat breakfast buffet restaurant that was partnered with Lynn's Table called The Protein Barn was Nico, The Ripping Friends, Shope, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Changeman, Jetman, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily and we were there having breakfast. We were having an awesome steak and eggs all you can eat breakfast.

Me: (Eating steak) Mmm! Delicious.

Crag: (Eating Steak and eggs) It sure is.

Chunk: This is one of the best breakfasts ever! Even the eggs are good.

Slab: Boy they sure are.

Rip: This place is great.

Me: Glad you guys like it. Mr. Lynn added it to the menu last week.

Nico: It's really good stuff.

Qin: I'll say.

Eli: (Eating steak) Delicious. Nothing like having a hearty meal after a big battle.

Nico: Thanks for coming with me, Shope.

Shope: (Eating Steaks) Mmm! No problem Nico. It's awesome that I get to go with you today on this rescue.

Lana: I'll say.

Nico: Shope, are you happy Wertz is dealt with?

Shope: You bet I am. (Eating steak) Mmm.

Me: We all are. That monster had it coming.

Rarity: (Eating eggs) I agree there darlings. He was a most repulsive mad scientist.

Me: We should have killed him from the very start instead of sending him to the nuthouse.

Eli: Yeah.

Maria: Honestly, I was fine with any fate he was given. And we got to see a new curse in action.

Lincoln: We sure did. And it fits him perfectly.

Me: That curse mind-raped him till he was a deranged monster that is too insane even for the worst of the worst to get out.

Lincoln: Yep. (Eats eggs and steaks)

The Ripping Friends ate lots of awesome steaks.

Qin: But that curse was a scary one to see though.

Lola: It sure was.

Camie: We all thought it was amazing though.

May: Yeah it sure was cool.

Nico: Yesterday was awesome. Not gonna lie.

Crag: You're not kidding there Nico. That was easily one of the most amazing and action packed adventures we've had.

Sirius: Boy it sure was. And one of the most explosive.

Me: I'll say. That was so awesome how we faced numerous Hidiacs. It was like facing the 10 Terrors all over again.

Nico: It sure was.

May: So many explosions went off all over the place.

Lisa Loud: Indeed. A most amazing and action packed experience.

Nico: And we recruited our first Kamen Rider team.

Me: We sure did. That's one down and I think 14 to go?

Nico: Somewhere around there. I have a feeling Kabuto is gonna be just as exciting.

Crag: Yeah it will be awesome.

Laney: We're going after the Worms next.

Me: Yep.

May: That is gonna be awesome to see when we face them.

Kaina Tsutsumi: (Eating steak) It sure will be.

Nico: Woz's Rejoice speech that time was very unique.

Shope: It sure was. I thought it was so awesome.

Laney: Me too. It was amazing.

Varie: Yeah. 2005's Kamen Rider Team is now with us and the first one of many.

Kaito: That is true. I'm looking forward to see what Kabuto will have in store for us.

Nico: Yeah me too.

Me: Nokama is looking forward to that one as well.

Tsuyu: She sure is.

Nico: How many steaks have you eaten, May?

May: (BURPS) Oh pardon me. 10.

Nico: Wow you were hungry.

May: I sure was.

Sunset Shimmer: We all were hungry.

Me: And it was really filling. (BELCHES) Oh scuse me.

Qin: It sure was delicious.

Nico: How about you, Maria?

Maria: 9. Ahh. I'm stuffed.

Crag: Ahh nothing like a good steak and eggs breakfast.

Slab: Boy you said it.

Rip: Yeah. This was a great way to start the day.

Lola: Yeah it was.

Lincoln: Oh yeah.

But then a alarm sounded.

Me: Uh oh. Trouble.

Eli: I sense Another Ranger coming!

The doors were kicked down.

And then we saw a figure come in and there was a zombie tiger roar and we saw that it was ANOTHER JUNGLE FURY RED! It looked like a scary version of Jungle Fury Red and had a scary red tiger skull helmet!

Qin: WHOA! It's Another Jungle Fury Red!

Me: Whoa! Casey and Cheshire would not like the sight of this one.

Lola: No they sure wouldn't.

Nico: (To the patrons) Everyone get ready for an awesome battle with Another Ranger!

Man: Go get that Ranger Imposter guys!

Me: With pleasure!

Nico: Luckily I came prepared.

Nico pressed a button on a remote control and activated an arena stage for the restaurant for everyone to watch.

Nico: (activates Cheshire's Ridewatch) I came prepared for this as well!

Nico activated it and got Cheshire's claw blades from his knuckles!

Me: YEAH! But lets find out who this Casey Rhodes impersonator is.

Eli: Yeah! Who are you!?

Me: You have a lot of nerve impersonating Casey!

Then it clutched its head.

Another Jungle Fury Red: (In a girls voice) HELP ME J.D.!

Me: Huh? That voice!

It reverted back in a swirled of darkness and we saw that it was a girl with purple hair and she had pink eyes and blue clothes. But her clothes were all torn up and tattered.

Me: (GASP) Sophia Cassion!

Nico: You know her J.D.?

Me: I sure do. And she is one of my friends I met on the streets. Her mother was a total schizophrenic and she was kicked out onto the streets at age 13. I found her living in a cardboard box in an alley and gave her awesome food and clothes. But 3 days before I was supposed to leave for Michigan, I was going to tell her that I was leaving but I couldn't find her. She disappeared!

Nico: Whoa man!

Nico rushed at her and I grabbed him!

Nico: J.D.!?

Me: Nico don't do anything rash! She needs help! Her mother is the one that hurt her! But you don't have to worry about that. She's in the nuthouse. But the severity of her disease was so bad that she was deemed tragically incurable. She died in the nuthouse.

Nico: Oh man!

Sophia Cassion: Yes! But help me guys! I can't control this power! It's too much!

Nico: Hold on Sophia!

Me: We'll save you.

Nico: J.D., I'm not happy about fighting her either. But we can't let her harm anymore innocents!

Me: I know. Just calm down and lets help her out as much as we can.

Nico: Okay.

Sophia Cassion then was enveloped in a vortex of darkness and it had the spirits of animals around it and she reverted back to ANOTHER JUNGLE FURY RED!

Me: Okay now we can let loose on her.

Nico: With pleasure.

Me: KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Crag: Come on guys!

Ripping Friends, May and Lincoln: IT'S RIPPING TIME!

Another Jungle Fury Red charged at Shope and used the Spirit of The Pigeon and Plastique's powers!

---

Pigeons are symbolic of fertility and prosperity, fortune, luck, and transformation. They're said to be one of the first bird species to be domesticated by humans and have been friends to us since ancient times. These birds are also symbolic of persistence, harmony and well-being, mercy and forgiveness, and freedom.

---

She fired an explosion blast and Shope fired a wave of lightning and the blasts collided and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Good thing the arena had a force field around it to protect everyone.

Me: Whoa! She has Animal Spirits all imbued with the powers of the Masters of Evil in them!

Qin: Wow! Isabelle's gonna have an amazing time telling us and them what they represent.

Sayaka: She sure is!

Shope: Shocking, isn't it?!

Nico: YEAH!

?: That is a fact!

A figure came out and we saw that it was a Na'Vi!

Me: Whoa a Na'Vi!

Nico: Wow!

Na'Vi: Awesome to see you again Nico.

Nico: Emily Littlefield! Wow!

She jumped and kicked Another Jungle Fury Red and knocked her down.

Me: I got this!

I fired a blast of blue fire and it hit Another Jungle Fury Red and she exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was defeated and back to normal and I caught the Ridewatch and purified it.

Nico: YEAH!

Then numerous beams of light flew out and scattered all over the place and many of them hit our hands and we all got spirit animal rings for the spirit animals all imbued with the powers of the Masters of Evil. Mine was a Dragon, Nico's was a vampire bat, May's was a Siamese Fighting Fish, etc., etc.

Me: Wow! This is awesome!

Nico: The Vampire Bat Spirit is perfect for me.

Lola: Wow! So awesome.

Me: And many of these spirits weren't featured in Jungle Fury.

Applejack: No they weren't.

I went over to Sophia and picked her up and gave her my serum and cured her I put her on my back and Emily reverted back and she was a girl with black hair and blue eyes and had a bow and arrow set on her back. And she had blue and black clothes too.

Nico: It's awesome to see you again Emily.

Emily Littlefield: You too Nico. The ancestors of the Comanche are honored to see you too.

Me: You're part of the Comanche Indians? Wow! I've had a really awesome fascination with them.

Camie: That is cool!

Crag: It sure is.

Shope: What's your favorite memory of Nico?

Emily Littlefield: I have a lot of them. But my favorite is when me and Nico were on a reserve for my people in Oklahoma and we saw some treasure thieves trying to steal from my people. We caught him by using our arrows to pin him to a tree until the police arrived.

Me: Wow! That is awesome.

Qin: It sure is and I remember going there too. That was awesome marksmanship from you both.

Laney: Wow that is awesome.

Emily Littlefield: It sure is.

Me: And being a Na'Vi gene-slammer is perfect for you. They have amazing marksmanship in arrows as well.

Emily Littlefield: Yes it is.

Nico and Emily hugged.

Nico: I really missed you.

Qin: Same with me Emily.

Emily Littlefield: I missed you both too.

Me: But wow this was an awesome way to start our day. An awesome breakfast turned into a rescue.

Laney: Yeah it was great.

Crag: A very memorable breakfast for all of us.

Maria: You said it.

We later paid our bill and went back home.

Me: That's right, big guy. Thor told us what Agger's capable of when he transforms into The Minotaur, and he's not going down without a fight.

Nico: Yeah, and he gave Thor quite a hard time. But, we'll put an end to him.

Lincoln: Yep, and he's going to get sent to The River of Fire, and it's been a long time since we've sent someone to The River of Fire, so this is going to be good. And thanks for joining us, Julie.

Julie Yamamoto: You're welcome, Lincoln, this is going to be awesome.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of nine girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the nine girls, but they've been cornered by Dario Agger, and he's going to kill them.

Lincoln: Guys, I found the nine girls, but they've been cornered by Dario Agger, and he's going to kill them.

?: That brute, let's get him!

Suddenly, we saw Emiel the Blessed appear before us.

Nico: Wow, that's Emiel the Blessed, the legendary unicorn from the world of Magic the Gathering, awesome.

Lincoln: And I'd recognize that voice from anywhere, I knew it was you, Hazel Alarie, but we'll talk later, let's get Dario Agger and send him to The River of Fire.

We then rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Dario Agger, and it allowed the six girls to get to safety. When Dario Agger saw us, he was enraged and his eyes turned red and he transformed into The Minotaur.

Lincoln: Your days of causing havoc are over, Dario Agger. Let's get him, guys.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird

Then, Lincoln sliced off The Minotaur's head, and he put his headless body in a brutal bear hug, and he sank his fangs into the neck of the headless body of The Minotaur, and as Lincoln began drinking his blood, he's also absorbing Dario Agger A.K.A. The Minotaur into his body, and he also assimilated all of The Minotaur's powers and abilities. Then, when Lincoln was done feeding on the blood of Dario Agger A.K.A. The Minotaur and absorbing his headless body into his body and assimilating all of his powers and abilities, an energy card formed in Lincoln's large left hand with Dario Agger's soul inside it, and then, Lincoln opened a portal to The River of Fire, and he threw the energy card with Dario Agger's soul into The River of Fire. We cheered wildly as we holster our weapons and power down.

Lincoln: That's it for Dario Agger A.K.A. The Minotaur. (To Hazel Alarie) And it's so good to see you again, Hazel Alarie.

Hazel Alarie reverted back to normal, and she's a beautiful girl with long flowing orange hair and the horn of Emiel the Blessed on her head, yellow eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful white angel wings, and she reigned in the power of Emiel the Blessed, and she's dressed in a short-sleeved orange leopard print blouse, orange sleeveless midriff top, orange skirt, orange pants, orange legwarmers, orange shoes, and long sleeveless orange trenchcoat with unicorns and magic on the coattails, and Emiel the Blessed on the back, and holstered on her back a large Emiel the Blessed-themed greatsword with Emiel the Blessed etched on the 7'0" massive, wide, double-edged orange blade, unicorn heads for the crossguard, large orange gem embedded in the rainguard, longer black handle, and four large unicorn heads with a large orange gem below the unicorn heads for the pommel.

Hazel Alarie: You too, Lincoln, it's been a long time.

Lincoln went up to Hazel Alarie and they hugged, and Hazel Alarie's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs as well.

Lincoln: It sure has, I haven't seen you since you were eleven, and as you can see, I really grew a lot since then.

Hazel Alarie: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs as well, that's so awesome.

Nico: Wow, Lincoln, you know her.

Lincoln: Indeed I do, Nico, this is Hazel Alarie, she's my Guardian Angel from Michigan, and you're going to like this: she was born with massive beautiful white angel wings and with powers of healing magic and she also has a very unique ability to create an aura that calms people down and alleviates their stress and anxiety. She's helped me so many times when I had to deal with anxiety and stress due to the actions caused by my sisters and she's defended and protected me from the absolute worst of Lori, Lynn, and Lola's wrath.

Nico: That's really awesome, and now that she's been Gene-Slammed into Emiel the Blessed, she also now has Emiel's horn on her head and her powers have gotten an extra massive boost.

Me: Nice.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Hazel Alarie's neck with yellow gems on the gold thunderbolt links and black crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Hazel Alarie: (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Hazel.

Hazel Alarie had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Hazel Alarie's waist and Hazel Alarie wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Hazel Alarie's face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the six girls, and when Lincoln saw them, he recognized them immediately. The six girls are Abramelin, Arsnotoria, Ko Alberta, Mell, Picatrix, Hammit, Lidel, Solow, and Voyniy from Smile of the Arsnotoria the Animation.

Lincoln: Oh wow, it's Abramelin, Arsnotoria, Ko Alberta, Mell, Picatrix, Hammit, Lidel, Solow, and Voyniy from Smile of the Arsnotoria the Animation.

Nico: Awesome.

Lincoln: Are you girls okay?

Abramelin: Yes, we're okay, thanks to you.

Then, when Abramelin and the other five girls saw who it was that saved them from Dario Agger A.K.A. The Minotaur, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide left pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted,

Abramelin: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made five clones of himself, and he and the five clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Abramelin: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, six Thunderbird Necklaces of Eternal Love appeared on the necks of Abramelin, Arsnotoria, Ko Alberta, Mell, Picatrix, Hammit, Lidel, Solow, and Voyniy with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the World Tree Estate and we told everyone what happened, and they were shocked when they found out that the villain we went after was Dario Agger A.K.A.

The Minotaur.

But, when Lincoln showed what he did to him by slicing off The Minotaur's head, biting him on the neck and drinking his blood and absorbing him into his body along with assimilating his powers and abilities and sending him to The River of Fire, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Hazel Alarie have a lot of catching up to do now that she's back in town, and Lincoln had stuffed and mounted The Minotaur's head on a wall, and it was awesome.

* * *

After sending Dario Agger A.K.A. The Minotaur to The River of Fire, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Hazel Alarie saw Lincoln working out like crazy, she had an atomic red blush on her face.

Hazel Alarie: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Hazel, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Hazel Alarie: That's incredible.

Nico: It sure is. So, Hazel, how did you defend and protect Lincoln from the worst of Lori, Lynn, and Lola's wrath?

Hazel Alarie: Oh, now that's one I'd never forget. One day, Lincoln and I were having fun playing video games in the living room, but our fun was rudely interrupted when he was ambushed by Lori, Lynn, and Lola, and they began beating the crud out of him and they were laughing cruelly at his pain. But, the worst came when Lynn and Lola broke Lincoln's arms and legs and he screamed in pain, and Lori was about to break his neck to kill him. That set me off and I took off after them, and I knocked them all off Lincoln, and I took him in my arms and he was crying badly and he was stressed out badly. I created an aura to calm him down and alleviate his stress and anxiety and I used some healing magic to repair his arms and legs, and he was 100% better, but we weren't done yet. We tied Lori, Lynn, and Lola up with nylon rope and we told Mr. and Mrs. Loud what those three did, and when I was done, they grounded Lori, Lynn, and Lola, and sent them to Aunt Ruth's for three months for what they did to Lincoln.

We cheered wildly for what Hazel Alarie did to save Lincoln and teach Lori, Lynn, and Lola a lesson.

Me: That was awesome work, Hazel.

Nico: What you did to save Lincoln and heal his broken arms and legs, and alleviate his stress and anxiety caused by their attack, that was really amazing.

TLPS Mr. Wolf: With those skills, any stress or anxiety would be alleviated for good, and it'll be a thing of the past.

Eli: You said it.

We got a shower afterwards, but then, the alarm sounds, and when Lincoln checked the computer, he saw who it was that triggered the alarm: it was Amiba, the fucked up bastard that cares for one thing only, being recognized as a genius who impersonated Toki, and even worked with Jagi who taught enough of Hokuto Shinken which in turn helped Amiba ruin Toki's image.

Kenshiro: Amiba, I should've known he'd be here.

Lincoln: I remembered Lin telling me about him, this guy cares only about being recognized as a genius, and even worse, he impersonated Toki, and he even worked Jagi who taught him enough of Hokuto Shinken to help Amiba ruin Toki's image.

Me: That fucked-up remorseless bastard!

Nico: So, just like Jagi, he's getting The Black Gates, right?

Lincoln: Yep. Come on, gang, let's go.

We flew out The World Tree Estate, and Lincoln fired powerful blasts of rainbow energy and elemental forces at Amiba. When Amiba saw us, especially Kenshiro, he flew into a dangerous rage.

Amiba: You!

Lincoln: I should've known you'd show up, Amiba. But, we're not letting you run free any second longer.

Dolores (Stitch!): And I've had enough of you to last an eternity.

Suddenly, Dolores' eyes turned neon blue and she was surrounded by a blue energy aura with ocean waves, doves, and water hibiscuses, and as she approached Amiba, she left blue energy, ocean waves, doves, and water hibiscuses with every step.

Dolores (Stitch!): You really make me sick, Amiba, you're no true martial artist, you only cared for one thing only: being recognized as a genius. You impersonated Toki, and even worked with Jagi who taught enough of Hokuto Shinken which in turn helped ruin Toki's image. You are a remorseless monster and you must be destroyed.

Suddenly, Dolores was surrounded by a massive vortex of blue energy with ocean waves and water hibiscuses surrounding it, there's a dive flying around the vortex, and in the vortex is a purple phoenix. Then, as the vortex faded, Dolores emerged, but she was changed forever.

Dolores grew to 6'11" in height, she has the body of a goddess, she has blue highlights in the bangs of her black hair, she has neon blue eyes and a blue energy aura with ocean waves, doves, and water hibiscuses surrounding her, she has a dove emblazoned on her forehead, she has on dove earrings with blue gems for eyes and holding the Water and Eternity Kanjis in its talons, she has a dove holding the Water and Eternity Kanjis in its talons for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with blue crystal links from her merged Crystal Necklace of the Buddha and purple gems on the gold lightning bolts. Dolores has on a short-sleeved purple blouse and sleeveless white dress top, black skirt with doves on it, purple knee-high boots, and a long sleeveless white trenchcoat with ocean waves, doves, and water hibiscuses on the coattails, and a dove surrounded by ocean waves on the back. Suddenly, Dolores felt a sharp pain on her back, and then, massive black angel wings with purple tips on the large blue feathers, sprouted out of her back. Dolores has on her Ring of The Phoenix with blue gem and heart-shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Suddenly, Dolores has a brand-new greatsword in her right hand called Ocean Dove's Maelstrom Greatsword of Tropical Justice, it's a brand-new greatsword with a dove with water hibiscuses surrounding it etched on the 7'0" massive, wide, double-edged blue blade, large dove wings for the crossguard, large white gem embedded in the rainguard, longer black handle, and a large white gem surrounded by angel wings the pommel. Dolores (Stitch!) has on her brand-new gold Bracelets of the Champions of The Universe with large blue gems on her wrists, her new gold Belt of Elemental Bravery with a gold dove head with blue gems for eyes and a purple gem in its mouth for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on her right hip and Eater of Sins revolver holstered on her left hip. There's a purple kanji below the dove that said, "Dolores, Best Friend of Yuna Kamihara, Expert Genius, Hardworking Student, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Friend to Many, Seeker of Adventure, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Water, Water Hibiscuses, and Doves"

ドロレス、神原ゆなの親友、エキスパートの天才、勤勉な学生、リンカーン・ラウドの愛する未来の妻、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、多くの友人、冒険の探求

者、驚くべき強力な学生強力な教師、そして水、水ハイビスカス、鳩のマスター

Dolores (Stitch!) has transformed into SUPER ANGEL ETERNITY INFINITY MAELSTROM TROPICAL OCEAN DOVE ANGEL OF TROPICAL JUSTICE AND MAELSTROM LOVE!

We were amazed by Dolores; Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when Amiba saw it, he fell into a rage and tried to kill her, but Dolores fired a powerful blue energy blast with ocean waves, doves, and water hibiscuses, and it hit Amiba and sent him flying into a wall, and it pissed him off even more.

Lincoln: Wow, Dolores, you look beautiful. How do you feel?

Dolores (Stitch!): (Divine Echoing Cosmic Voice of The Maelstrom Dove and Divine Ocean Love) I feel incredible, Linky. Now, shall we put an end to Amiba once and for all?

Lincoln: (Smiles) With pleasure, Dolores.

Kenshiro: Allow me to join in as well, I've had enough of Amiba constantly tormenting others as well.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Dolores, and Kenshiro also joined them.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) You're going to pay for ruining Toki's image, Amiba, and there'll be no mercy for what you've done.

Sasha (Stitch!), Lincoln, and Kenshiro went after Amiba, and they fired powerful blasts of rainbow energy, purple energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Butterflies, and Angels at Amiba, and they exploded with incredible power as they hit him. Then, they attacked him with powerful martial arts techniques and he didn't see them coming, and this was really angering Amiba to no end.

Amiba: Alright, that's it, I didn't want to do this, but you leave me no choice!

Amiba used his newly-discovered vital points to power himself up, as his muscles grew even bigger, but this was the opportunity they were waiting for, as Lincoln, Dolores (Stitch!), and Kenshiro threw a powerful punch to Amiba's chest, and it was so powerful, it destroyed his heart and Amiba belched out blood and he died. Then, as his spirit appears, Lincoln banished Amiba to The Black Gates forever. We cheered wildly for what Dolores (Stitch!), Lincoln, and Kenshiro did, as Dolores and Lincoln holster their massive greatswords on their backs and power down, and Dolores' new body, clothes, weapons, jewelry, and massive black angel wings are permanent.

Dolores (Stitch!): In the immortal words of Nico, Amiba, you have failed this entire world. Linky, Kenshiro, thanks for helping me take down Amiba.

Lincoln: (Smiles Warmly) You're welcome, Dolores.

Kenshiro: Glad to be of help to you both. Now, I'm finally rid of Amiba for good.

Suddenly, Dolores (Stitch!) wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leans his face down to Dolores' face, they kissed passionately as Dolores' left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Dove, and Angel flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and ocean waves crashing behind them and we all cheered wildly.

Nico: Alright, now we're rid of that bastard, Amiba, once and for all.

Lincoln: But, there's bound to be more of Kenshiro's enemies out there, Nico, but we'll be ready for them.

Me: You said it, big guy.

Lincoln: Better take care of Amiba's remains.

Lincoln sprouted out one of his eleven massive, long, and powerful white werewolf tails with Cell's suction stinger, and as he stabbed it into Amiba's body, Lincoln began absorbing Amiba's bio-energy as Lincoln was sucking him in and assimilating Amiba's powers and abilities. Suddenly, Amiba's body began shriveling up as Lincoln continued absorbing Amiba's bio-energy and sucking him inside, and as soon as Lincoln was done, all that was left of Amiba were his clothing, which were burned by a rainbow fireball fired by Lincoln. We returned to the World Tree Estate and we were rid of another of Kenshiro's enemies, but there's bound to be more out there, but we'll be ready for them.

Later it was time for Irma's 2nd Ambassador Mission.

William: Anyone else want to go with Irma? Besides Ed the Protector and 2 Rabbids?

Cassidy: The predecessor Guardians can go too.

Me: That would be awesome. Great idea.

Lola: Yeah it sure will.

Qin: I'll go too. I actually want to get some action in after everything that happened yesterday.

Nico: Okay Qin. Lets head on out!

We were off to Alaska.

We arrived. And we saw Snake and Quiet blasting more of FOXHOUND.

We fired waves of elements and energy and destroyed them.

Me: Looks like we arrived just in time.

Snake: Perfect timing guys.

Irma: Snake, meet our predecessors.

Cassidy: Awesome to meet you. I'm Cassidy, Irma's predecessor Guardian for Water.

Halinor: I'm Halinor, Taranee's Predecessor Guardian for Fire.

Yan Lin: I'm Yan Lin, Hay Lin's grandmother and predecessor Guardian for Air.

Kadma: I'm Kadma, Cornelia's predecessor Guardian for Earth.

Nerissa: And I'm Nerissa, Will's Predecessor Guardian for the Heart of Kandrakar.

Quiet: It's an honor to meet you all.

Kadma: Same here.

Nico: And this is one of my best friends.

Qin: I'm Qin Chen. It's an honor to meet you guys.

Snake: Same to you Qin.

Ed the Protector: And my name is Ed. I'm from the 41st Century.

Me: Awesome story on that one. We met Ed and his friends in the future over 2,000 years from now. Really awesome.

Quiet: That is cool!

Yan Lin: J.D. and the others actually helped make me young.

Snake: Really?

Me: Yeah we have the power to do anything.

Irma: J.D. is a god among man and his power is amazing. As we grew closer we all became like him in a way.

Nerissa: And J.D. saved me from myself.

Me: Before Nerissa joined us she was one of our most dangerous enemies. The battles we had with her were so devastating that they threatened to tear the entire planet apart.

Nico: Yeah no kidding.

Cornelia: They sure were.

Me: But I helped Nerissa get redeemed.

Quiet: That's amazing.

Irma: We all thought so too.

Will: And now I'm learning so much from my predecessor Guardian.

Me: I should explain what happened with Nerissa and how she became one of our most dangerous enemies before her redemption.

I went over her history and it was both shocking and amazing.

---

**Nerissa** is a major antagonist from the obscure Italian Disney comic book *W.I.T.C.H.* and the animated series of the same name. Her aliases made several appearances during Season One, but her true nature was not revealed until Season Two.

In the English dubbed version of the animated series, she was voiced by the veteran voice actress Kath Soucie in one of her very few villainous roles. In the Italian version, she was voiced by Cristina Giolitti.

Nerissa was once the holder of the Heart of Kandrakar and the Guardian of Quintessence, but it was taken from her because she was corrupted by its power. Mad with jealousy, she turned on her fellow Guardians and accidentally killed Cassidy by shooting her off a cliff with lightning during a fight for the Heart of Kandrakar. For this crime, she was sentenced to be sealed in Mount Thanos until she was freed by a portal (in the comics the occurrence of all elements combined in one evanescent being). She went trough the portal to Meridian where she met the Mage, who had hoped that she would reform if shown compassion.

After the Mage's death, Nerissa took over her identity and manipulated events in Meridian from behind the scenes. She also disguised herself as a red-headed lady named Trill during the reign of Prince Phobos. Taking up work in Phobos's castle in order to feed information back to the rebels, and to become close to Elyon once she was returned to the throne. In season two, she successfully siphons all Elyon's power into a jewel, which becomes the jewel version of the Heart of Meridian.

As the former holder of the Heart of Kandrakar, Nerissa has the same powers as the current holder and Guardian of Quintessence, Will Vandom.

Some 40 years prior to the events of *W.I.T.C.H.*, Nerissa served as the leader of the Guardians of the Veil and as the Keeper of the Heart of Kandrakar. She was the Guardian of Quintessence. However, the Council of Kandrakar feared that the power of the Heart was corrupting her, and took it from her believing that doing so would save her from her newly discovered lust for power.

Desperate to regain the Heart, the ambitious Nerissa confronted the new holder of the Heart, Cassidy, the Guardian of Water. The pair fought, and Nerissa accidentally sent Cassidy plummeting to her death from the top of a mountain. As punishment for Cassidy's death, Nerissa was sentenced to a lifetime of imprisonment in an ice cave on Mount Thanos. When the Veil was raised, a portal opened in Mount Thanos and Nerissa used it to escape to Meridian. Later, the Mage helped her, hoping that her guilt and an act of compassion would reform her.

Nerissa laid low during Phobos' reign (before and during season 1). She created a new identity that of a good natured red-headed lady called Trill, and used her cunning and magic to gain employment in Phobos' castle, from where she helped the resistance by smuggling people into/out of the castle and by passing on information. Her true nature was not revealed during this time.

During this period she also took over the identity of her former protector the Mage (who had since died), and became the lover of the future rebel leader's father, Julian. Together they had a child, Caleb, who became the leader of the resistance. Nerissa later revealed that she had given birth to Caleb specifically for the purpose of him becoming the rebel leader (In the comic book continuity, Nerissa did not take on the identity of the Mage who only appears in the animated series, and is not related to Caleb who was created rather than born, and has no parents). Caleb did not learn of his relationship to Nerissa until season 2.

After Phobos' downfall, Nerissa became the primary antagonist and began to move against the Guardians. She freed some of Phobos' minions as she forms her new minions the Knights of Vengeance and set them against the Guardians. Also, she attempted to subvert and disrupt their daily lives on Earth.

In her identity as Trill, Nerissa also befriended Elyon, giving her a necklace that she said had once belonged to Elyon's birth parents. Unbeknownst to Elyon, the necklace was slowly siphoning her powers, and when she was tricked into hating her parents and throwing away the necklace they had left for her, her powers went with it. (Nerissa could not have taken Elyon's powers by force, but was able to steal them as they were given away freely.) Nerissa then revealed her true identity, and trapped Elyon inside the necklace, which was now the physical embodiment of the Heart of Meridian.

With the power of the Heart of Meridian, Nerissa became far stronger. She ceased using Phobos's minions and fashioned her own out of fire, ice, rock, and the forms of Matthew Olsen and Mister Huggles, naming them the Knights of Destruction.

While the Knights kept the Guardians busy, Nerissa set about reforming the original Guardians: Halinor, Yan Lin, Kadma, and the revived spirit of Cassidy. She found the weaknesses in their characters and exploited them in order to take control of their minds. Aided by her magic scepter known as the Seal of Nerissa(formed by combining the Heart of Meridian with the Heart of Zamballa), she then drained her Knights of their power (destroying two of them in the process) and used it to re-energize her Guardian mind slaves, restoring their youth and power.

Nerissa used the former Guardians to fight the current Guardians in an element versus element battle in which Will had promised not to retreat. At first, Nerissa's Guardians, powered by two Hearts, had the upper hand, until Will realized that the former Guardians were strong when fighting their opposite elemental number, but lacked the free will necessary to diversify their attacks in order to fight against a different element. This change of tactics allowed the Guardians to defeat Nerissa and force her to retreat.

When the current Guardians next fought Nerissa, they were able to break her spell of control over the former Guardians. Once Cassidy was freed by Irma (she was thrown in a pool, and Irma used her skill to influence minds to dispel Nerissa's brainwashing), the others soon followed. However, before they could press home their advantage, Nerissa absorbed the former Guardians into her Seal, allowing her to access all of their powers. Only the intervention of the newly-freed Phobos prevented her from turning her new elemental powers against the Guardians, and she was forced her to retreat once more.

Nerissa's final defeat came on Halloween, when she attempted to steal the power of the Heart of Earth, Cornelia's younger sister. After cornering and capturing Napoleon the cat, one of the Regents of Earth, Phobos (disguised as Napoleon) drained Nerissa of her powers and took the Seal of Nerissa, later the Scepter of Phobos, for his own. He then trapped Nerissa in the Seal along with Elyon, Yan Lin, and the other former Guardians. The former of whom had since learned to reabsorb enough of her powers from the Seal to allow her to exact punishment on the trapped Nerissa for her treachery.

Nerissa remained trapped in Weira's jewel, which was the jewel version of the Heart of Meridian, and was passed into the hands of Julian and Caleb. Nerissa remains trapped inside, living out her dream of conquering the universe with her husband and son by her side, not realizing that it is an illusion.

The previous keeper of the Heart of Kandrakar, Nerissa was consumed by the immense power the Heart gave her and eventually began to descend into evil. The Oracle sensed this and decided that she was no longer fit to keep the Heart. When he entrusted it to Cassidy (who was then the Guardian of Water), it drove Nerissa over the edge. Mad with jealousy, she turned on her fellow Guardians and killed Cassidy. When she was defeated, she was sentenced to be sealed in a coffin located in Mount Thanos until the day all of the Aurameres were joined together. That eventually came to pass through the efforts of Luba, who was convinced that the girls were unworthy of their status as Guardians.

Awakened from her slumber, Nerissa got her teenage looks back, created the Four Knights of Revenge, and tricked Will into giving her the Heart, declaring war against Kandrakar. After losing strength in the battle with the Guardians in Kandrakar, Nerissa re-absorbed the magic she used to create her Knights of Revenge, destroying them automatically. In the end, the Guardians combined their powers and directed them at Nerissa at once, vanquishing her for once and for all.

One of Nerissa's more insidious powers is her ability to change the girls' dreams, turning them into nightmares. The dreams may occasionally affect the real world as well. At the beginning of the second arc, Will's arm is branded with Nerissa's special seal (shaped like the Heart of Kandrakar, but with one scar-like line crossing it) during a dream. It is implied that Hay Lin is less susceptible to these fiendish assaults, since her grandmother, Yan Lin, was Nerissa's best friend before their group was dispersed. One sequence sees the team confronting their tormentor in the so-called "World of Nightmares", entering a "mutual dream" by going to sleep in the same room. This is another episode which stresses the importance of unity the girls manage to survive the dream because they are together, as opposed to being attacked one by one. They succeed in trapping Nerissa in the Heart, and then wake up.

However, they find she was only defeated in the realm of dreams, and that they still had to face her in reality.

---

Quiet: Wow that's awful.

Me: It was.

Snake: As long as you regret your past actions, we won't have any problems.

Nerissa: Thanks.

Me: Her darkness was really dangerous. It totally consumed her. I sensed that there was still good in her and I saved her from herself on Christmas last year.

Qin: It was really awesome.

Quiet: Wow that is awesome.

Cassidy: It sure was and now I have my best friend back.

Irma: That is for sure.

Snake: The Foxhound agents in the area might have been dealt with, But I've got a feeling someone more dangerous is coming.

Eli: You're right I sense it. It's Another Rider.

Quiet: You mean the guys that are imposter Kamen Riders from Zi-O?

Me: Yep that's them. And we're also dealing with Another Rangers too.

Qin: Really nasty story behind it all.

Cassidy: But we've been doing a really awesome job taking them down.

Halinor: We sure have.

Colonel: And I can identify the Another Rider. It looks like Kamen Rider Brave from the Ex Aid team.

We gasped!

Nico: Whoa! Looks like we're going to have Gashats for the Non-Core members of the M.O.E.

Me: I was wondering when this one was going to show up.

Halinor: Me too. This will be a good one.

Nerissa: It sure will be amazing.

Me: Many of the Another Riders we've encountered were all enemies we've known from our past. Mostly Nico's enemies.

Nico: Yep.

Quiet: Boy that is crazy!

Me: Yeah. And Another Faiz, who we encountered in the Yost Universe was really the dark side of our teammate Lynn Loud. You guys will meet her soon.

Snake: Wow.

Nico: I think I hear its' footsteps.

Me: Not just the footsteps! It's already here!

We saw a figure come out and it was ANOTHER BRAVE! It looked like a scary dark blue version of Brave but with a scary toothed helmet on!

Me: Whoa! This one is ugly!

Eli: Yeah!

Another Brave: Awesome to see you all and Elyon its been a long time.

Elyon: That voice! I was hoping I would never have to see you again

Nate Reynolds!

He reverted back and he was a punk boy with spiked mohawk hair and punk clothes.

Nate Reynolds: I'm flattered you still remember me Elyon.

Me: You know him?

Elyon: Unfortunately I do. He's my ex-boyfriend!

We gasped!

Cornelia: It's true, guys.

Me: I thought you looked familiar! You were a local street gang member and a career criminal that I busted a while back shortly before Will and her friends were chosen as the Guardians of Candrakar and let me tell you, you are a NASTY NASTY piece of work.

Eli: Is he really?

Me: Oh yeah. He has a RAP Sheet that is over a mile long. Most of his crimes are all petty offenses like theft, robbery, burglary and all that.

Qin: Geez! This guy is trouble!

Me: Yep.

Nate Reynolds: You sure have changed a lot J.D.

Me: Looks like your time and prison did the same for you too. You've been really hitting the machines.

Nate Reynolds: Yeah I sure have. And this new power I got really brings out the badass in me.

Me: You already were badass to begin with.

Nate Reynolds: True. But I have this new power from Swartz.

Me: That power is really dangerous Nate. But it's time to send you back to prison.

Elyon: Things have changed since we last met, Nate! And I'll show you!

Me: We all will!

Will Vandom: GUARDIANS UNITE!

In flashes of light we went Guardian!

Will Vandom: (ENERGY SURGES!) THE HEART!

Irma: (WATER SPLASHES) WATER!

Taranee: (FIRE BURNS) FIRE!

Cornelia: (VINES GROW) EARTH!

Hay Lin: (WIND BLOWS) AIR!

Me: (LIGHTNING STRIKES) LIGHTNING!

Elyon: (CLOCKS TICK) TIME!

Megan McCallister: (STARS SHIMMER) SPACE!

Lillian: (LIGHT SHINES) LIGHT!

Cassidy: (WATER SPLASHES) GUARDIAN OF WATER!

Halinor: (FIRE BURNS) GUARDIAN OF FIRE!

Yan Lin: (WIND BLOWS) GUARDIAN OF AIR!

Kadma: (VINES GROW) GUARDIAN OF EARTH!

Nerissa: (ENERGY SURGES) GUARDIAN OF THE HEART!

Nico: And this is gonna really hurt! (GOES SUPER SAIYAN 3)

Nate was enveloped in swirls of darkness with video games around him and then he turned into ANOTHER BRAVE!

Snake: It's showtime!

Snake grabbed onto a rope ladder of a helicopter and shot grenades at Another Brave.

They hit him and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBBOOOOOOOOOOOOMMMM!

Nico: Nice shooting!

Me: Now for this!

I formed a sword of lightning!

Another Brave: Try this!

LIGHTNING MAN'S THUNDER FURY III!

He used the power of a parody of Mega Man III and he fired a blast of lightning and I deflected it back and it hit him and electrocuted him.

Me: Lightning Man? What haven't met that one yet from Dr. Wily or Dr. Light.

Nico: That one must be one of the Robot Masters hidden.

Halinor: That could be it.

Ed the Protector charged at Another Brave.

He kicked him down with a powerful kick.

Nico: YEAH!

Halinor and Taranee fired waves of fire and burned Another Brave all over the place.

Me: Take that! Lets see here. I know! YAMATA-NO-OROCHI POWER!

I flared up a light green aura for Yamata No Orochi the Eight-Headed Serpent and it was imbued with the power of Ssserpent and I fired a wave of acid venom and it hit Another Brave in his eyes and burned him!

He was screaming in pain from the poison!

Nico: WHOA!

Snake: Wow! That was amazing J.D.!

Me: Thanks. One of our recent acquirements we got.

Irma: Don't leave me out! This is MY mission, remember?

Nico: Go for it Irma!

Irma: LEVIATHAN POWER!

She flared up an Aqua Blue Aura in the shape of the sea monster Leviathan infused with the power of Demyx and she fired a massive blast of water and smashed Another Brave down with it.

Me: YEAH!

Taranee: Nice one!

Nico: Might as well use some Gashats of our own.

Taranee: Good idea! Lets start with me.

She activated a Gashat!

HEAT WAVE'S SCORCHING BLAZE!

She ran fast with the speed of Sonic The Hedgehog and a massive vortex of fire enveloped Another Brave and burned him all over!

Nico: WHEW! That was hot!

Me: Yeah! WHEW!

Taranee: You're using Gashats. It's only fair we do the same!

Me: But that was well done though Taranee. Lets see here.

I activated mine.

LORD DRAKKON'S DRAGON AXE!

I fired a wave of magic and it formed into a deadly green dragon head and it fired a blast of green fire and burned Another Brave all over the place!

Me: YEAH!

Nico: WOW! That was cool!

Eli: Nice one bro!

Nico: Lets see what mine is for.

Nico activated his.

MYOTISMON'S VAMPIRE SLAYER JOURNEY!

Nico: You obviously do not know WHO YOU ARE FUCKING WITH!

Nico fired a wave of crimson sunlight and it hit Another Brave and burned him!

Cornelia: ALL RIGHT!

Another Brave: You think you can beat me, Elyon? When you were the one who fell for Phobos' lies?

Elyon: Don't remind me! But try this on!

She activated Terminator 1984's ridewatch and her eyes glowed red and she analyzed his weak point.

Elyon: Okay this is weird but I found his weak spot! Aim for his chest!

Nico: You got it!

Cassidy: You bet!

Irma and Cassidy: MAELSTROM OF NEPTUNE'S WRATH!

They fired a massive blast of water and it hit his chest and he exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: YEAH!

He was down and I grabbed his Ridewatch and purified it and we saw Gashats all over the ground and we picked them all up.

Nate was weak and broken.

Snake: You're in big trouble, dirtbag.

Nico: You have failed this island!

Nate Reynolds: Like I care!

Me: You are going to start caring more when you're back in prison.

I snapped my fingers and beamed him to the Neptune Prison.

Elyon: Good riddance.

We later came back.

May: Hey guys.

Nico: We had an awesome time on this one.

We told them everything and it was cool.

May: Wow! So you guys finally took down Another Brave!

Qin: We sure did and it was awesome.

Lola: Wow!

May: Next time, Aligned Bumblebee should go with you.

Nico: Good idea!

Irma: I was just about to say the same thing.

Aligned Bumblebee: And I would be honored to go with.

---

Later Rainbow Dash and Ish were going out for some bonding time.

Wolfgang: (Australian Accent) So, Rainbow. What do you and Ish have planned?

Rainbow Dash: We're going out for some sports time and some fun.

Ish: Just heading to the Football Field, the Beach and arcade.

Me: Awesome! You guys have fun. We'll send some of us with you to make sure no one interrupts it.

Rainbow Dash: Thanks guys.

Ish: Yeah This will be awesome. Ready sis?

Rainbow Dash: You bet bro.

Nico: Have fun.

They left and Cybertron Red Alert, Scootaloo and some of the Minicons went with them.

Zarya: One day, me and Kaito will have some bonding time as well.

Nico: Yes you sure will.

Kaito: Looking forward to it.

Me: Same with all the Ambassadors and all that.

Eli: Yeah it will be awesome.

Brittney: Me and Hari should do so as well in the future.

Qin: That's a great idea.

At the football field, Rainbow Dash and Ish were having fun.

Cybertron Ransack: I knew you two would choose it here on the football field.

Rainbow Dash: You bet we would!

Ish: So awesome and fun.

Scootaloo: Yeah!

Sonar (Minicon): It's always fun for them.

Jetstorm: Yep. It sure is.

Runway: Oh yeah!

Later they were at the beach doing some surfing and it was awesome.

Chase: You two having fun so far?

Rainbow Dash: YEAH WE ARE!

Ish: COWABUNGA!

Scootaloo: YEAH!

Cybertron Red Alert: YEAH! So fun!

Later we were getting ready for our next mission.

Indigo Zap: So, Hitoshi. How are you and your team liking it with us so far?

Hitoshi: It's so amazing! We're so honored to be part of the team.

Iori: Yeah it's awesome. And it's more awesome that we're going to have so many awesome adventures with you guys.

Me: It's always an awesome adventure. I can't wait to see what the other Kamen Rider adventures are going to be like in the coming days.

Laney: I know. I'm really excited for this.

Qin: Me too!

Rainbow Dash and Ish came back.

Me: Welcome back guys. Have a lot of fun?

Ish: We sure did and it was awesome!

Rainbow Dash: We went surfing, went to the arcade, had fun playing football and even went to a burger shop.

Lana: Awesome!

Nico:: Glad you guys had fun.

Then Vypra, Calamitous, Vexen, Firefly, Bane, Webstor, Shiv, Hydro Man, King Hiss and Leonard appeared.

Vypra: Can me, Calamitous, Vexen, Firefly, Bane, Webstor, Shiv, Hydro Man, King Hiss and Leonard go with you guys?

Nico: Yes you all sure can. Our mission is on a strange planet located 2,122 light years from us.

Lola: I hope it's a good food planet.

Eli: Yeah me too.

Qin: This is gonna be an interesting one.

Nico: Yep.

Crystal Man: Nico, which Gene Slammer do you think you'll meet next?

Nico: I'm hoping to meet a gene-slammer for an Eosapien next.

Me: The aliens from the world of Darwin IV. Wow!

Qin: This will be awesome to see that.

Nico: Yep it sure would.

Laney: This is gonna be awesome to see.

King Hiss: Let's get going.

Nico: Yeah!

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed two dark energy signals with his eyes and the Force, and he saw who the two figures are in the vision: it was The Blood Brothers, and they're coming after us for revenge for what happened in the big battle against Thanos. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us today?

Lincoln: You got that right, Nico, and we're not going to like these two one bit: the two dark energy signals I sensed belong to The Blood Brothers, and they're coming after us for revenge for what happened in the big battle against Thanos.

We gasped in shock.

Iron Man: I never thought we'd have to deal with those two again. After the big battle against Thanos, The Blood Brothers disappeared and we haven't seen them since.

Lincoln: And now, they've resurfaced, and they have thoughts of revenge on their minds for what happened to Thanos and The Black Order.

Mary Garcia: I can't believe those lowdown, good-for-nothing, snakes in the grass took long to resurface. But, we're not letting them get away, let's hogtie 'em and run 'em out of town on a rail, and straight to The Masters of Evil's prison.

Lincoln: My thoughts exactly, Mary.

Nico: And that's a good idea you have, Mary. Those Blood Brothers are looking at hard time in the molten pokey for what they've done.

Lincoln: Uh, Nico, was that cowboy talk I just heard?

Nico's eyes went wide at what he said.

Nico: Ah, dang it, now I'm doing it too.

Me: Oops, sorry, Nico.

Nico: It's okay, J.D. Alright, gang, let's go. Hope you have the stomach for the planet we're going to.

Lincoln: Why do I have the feeling that the food planet we're going to is something no one's going to like?

Eli: I'm wondering the same thing, Linc.

We were off to this new mysterious planet. We went to the ship and we were off.

---

The U.S.S. Valorous Phoenix was flying through space.

Nico: Captain's Log, Stardate 6629.6: Team Loud Phoenix Storm is en route to a strange and mysterious planet located 2,122 light years from Earth and we don't know what this world will hold but it will be interesting to see. Our mission is to investigate what this world has and battle any monster on it.

Sugarcoat: Now we have all the Gashats for the Masters of Evil.

Nico: We sure do.

Me: I can't wait to see what they can do.

Derpy Hooves: Especially mine for Cheese Monster.

Laney: Yeah this is gonna be awesome.

Eli: It sure will be awesome.

Lisa: We have arrived at our destination.

Nico: On screen.

It showed that we were at what looked to be a green forest planet.

Nico: Wow it's a forest world.

Me: Wow from up here it looks like a planet covered in trees.

Nico: Yep. Lets land.

We got to landing.

Shiori Shinagawa: It's good that we were able to destroy Orochi. It was probably more powerful than the Man and Woman.

Hydro Man: I agree with you there.

Me: You got that right. But it was nothing we couldn't handle.

We landed and we got out and to our shock and disgust we were on a planet that was MADE OF THE MOST REPULSIVE AND MOST DISGUSTING VEGETABLE EVER KNOWN! A VEGETABLE THAT IS HATED MORE THAN ANYTHING! IT WAS A PLANET MADE OF BRUSSELS SPROUTS!

Nico: OH YUCK!

Maria: You have got to be kidding me!

Me: A planet made of Brussels Sprouts!? YUCK! I HATE BRUSSELS SPROUTS!

Jared: WOW! I love Brussels Sprouts!

Nico: This is really amazing and weird though.

Centaur Man: (horrified) Why?

Nico: How can ANYONE Like vegetables like this!?

Me: No idea but I definitely can put this planet on my list of inedible worlds.

Jared was eating Brussels Sprouts all over.

Numbuh 5: Jared seems to like this place though.

Me: Oh that's my son for you. He is a true vegetarian and loves all vegetables. Including Brussels Sprouts.

Webstor: (to me) Luckily, we brought some more edible vegetables for you to eat. Like carrots.

Me: Carrots I can handle.

Ed: Carrots are good for your eyes. But can it dial a phone?

Eddy: Shut up Ed!

Swindle: And I brought some ice cream.

Nico: Great!

Me: Awesome.

Eli: Cool. (Senses something) Whoa and we got here for a good reason too. I sense that one of Prohyas and Vambre's enemies are here. It's Attacktus.

Vambre: (British Accent) Not him again!

Prohyas: Oh great! Not that prickly guy.

Shiv: Can you remind us who Attacktus is?

Lana: I can do that.

Lana did so.

---

The Attacktus is a monster who appeared in the Mighty Magiswords episode Attacktus. His appearance is based on that of a punk rocker.

He was formed when Prohyas used the Dolphin Water move to water a cactus. The jewel on the Attacktus' chest was the Cactus Monster and the Warriors have to get the gem from him. Vambre tried to use the Mummy Magisword on him but he grabbed the rope and threw her away. As Prohyas was about to attack the Attacktus with the Chainsaw Magisword, the Attacktus was scared until Princess Zange revealed that it's immuned to chainsaws. Now angry, he begins shooting cactuses at Prohyas. But later, Vambre comes back on a hover sword and uses her Lobster Claw Magisword to unscrew the jewel from his chest.

As the Warriors were about to head home, they notice the Attacktus crying because his chest is bare. Prohyas' motherly passion came through and he decided to use the Cheese Magisword to give the Attacktus a cheese wheel in place of his jewel. The Attacktus shouts WOOHOO! in joy and starts to develop an attraction to Prohyas and Vambre and hugs them which hurts due to his needles. He follows them home and as Prohyas tells him that he can't live with them and he has to go back to the Barren Faceland, the Attacktus does not respond as he's still lovestruck which Prohyas walks away, given up.

---

When she was done we were shocked!

Me: Whoa so he's a living cactus monster.

Lola; How freaky.

Lana: Yeah and he will hurt all over. And he's in love with Prohyas.

Prohyas: Yeah! And I don't swing that way!

Itasis: It's fitting that he's here since he's green.

Nico: That is coincidental.

Me: A cactus creature in a world of Brussels Sprouts. Very fitting for him.

Eli: It sure is.

Qin: Yeah no kidding.

Bane: (to Prohyas) (Spanish Accent) If he touches you, he will be broken like a twig.

Prohyas: Thanks Bane.

Me: And I've had enough cactuses to last an eternity. Especially after how we got seriously hurt by Pizza the Kid blasting us with cactus balls.

Nico: I don't blame you one bit for that J.D. That was painful.

Lola: No kidding. (Shudders) I still hurt from just thinking about it.

Eli: Yeah that was crazy.

Kickback: Not all of us got hurt that day. Just saying.

Me: True. But I got hit the worst. Ouch.

Laney: Yeah no kidding. But Applejack was awesome that day even after going 10 days without sleep in picking the entire orchard all by herself.

Applejack: Yeah that was crazy.

Camie: No kidding. But that must've been a painful one for you all.

Eli: Oh it was.

Calamitous: Cactuses are still useful. Just ask James' Cacnea.

James: Yes that's right.

Me: And lets not forget this.

Announcer: CACTUS MAGISWORD!

I had said Magisword ready.

Nico: I forgot about that one.

Veon: This is a good way to get our minds off the brussel sprouts.

Nico: Yeah no kidding. But you know what would be more awesome is if we were to see a planet made of broccoli.

Eli: It sure would.

Jared: (eating) Yeah. But I like all vegetables. They are awesome.

Vexen: Brussel Sprouts do have their uses though.

Me: Yeah. But I still hate them.

Nico: I don't like them either though. They give me really bad gas.

Eli: Yeah no kidding.

Octane: Let's go searching for Attacktus now.

We agreed.

Eli: He's over to the North at 5 kilometers,

Nico:: Okay. Stay alert everyone.

We went to find Attacktus.

Firefly: He's around here somewhere.

Nico: Like up there?

We saw a huge punk cactus with punk glasses on and it was ATTACKTUS!

Nico: There he is.

Firefly: Oh.

Qin: This is gonna be awesome.

Marah: Entrance time.

Nico: Lets get him.

We went at him and then the spirits of the Loud Sisters appeared and they swirled around him and they smashed him all over and then converged and then a massive tornado of wind came out and spun Attacktus all over and then we came out.

Me: Now to turn you into a cactus juice smoothie!

Prohyas: That's right you prickle backed meanie!

Leonard: Let's see how you deal with this army!

An army of Leonard's pigs appeared.

Kaito: (takes out Magiranger gear) This is fitting considering the Ranger team who got to shine yesterday.

Zocks: (takes out Boukenger gear) We completely forgot to do this during Nico's rescue.

Kaito summoned a bunch of Magistaffs and Zocks got Hyper Concrete power.

Nico: Take to teach this prickle-bodied freak a lesson!

Then Stinky Butt, Anti Wanda, Cavalier, Eris, Mammoth, Raven Branwen, Condiment King, Morbucks 2016, Professor XXXL and Artie Ziff appeared.

Nico: Stinky Butt, Anti Wanda, Cavalier, Eris, Mammoth, Raven Branwen, Condiment King, Morbucks 2016, Professor XXXL and Artie Ziff.

Stinky Butt: We did our best to ignore the brussel sprouts here.

Anti Wanda: But we failed.

Cavalier: None of us vomited though.

Nico: That's all right.

Eris: (to Nico) We heard you ate a buffet at Lynn's table.

Nico: Oh we sure did.

Mammoth: It must've been yummy!

Nico: It was!

?: I can tell.

A figure came out and it was DESPERAINO from episode 10 of Samurai!

---

Desperaino was one of the Nighloks. He could fly using the special folding umbrella on his head. He also wielded a spear, which could fire lasers. But his main ability was to summon a special cloud above the heads of his victims, which puts them into despair. In the tenth episode, Desperaino attacked Panorama City and started terrorizing people by summoning his clouds and placing people into despair to increase the level of the Sanzu River. When the Power Rangers arrived, Desperaino battled them and they couldn't defeat him, because Mike carelessly tried to use Beetle Disc and ruined the team's attack on the villain. Then, Desperaino left. He returned to the junk of Master Xandred and planned to get praised by his master by terrorizing the people and increasing the level of the Sanzu River. He annoyed Octoroo by wetting his book and Dayu by wetting her musical instrument. Then, he attacked the city again and again encountered the Rangers. He again successfully battled the heroes, but Mike used his spear as a staff for leaping and jumped to Desperaino before striking the Nighlok with the Spin Sword, destroying him. He was resurrected as a Mega Monster and again fought the Rangers only to be destroyed by the Samurai Battlewing.

---

Jayden: Desperaino!

Me: I remember you! You sent your rain clouds to put people into despair to raise the level of the Sanzu River.

Desperaino: Yep. Good memory.

Nico: Very ingenious.

Desperaino: You think my despair cloud will make you guys stronger? It'll make up for you guys being disgusted by the brussel sprouts here.

Nico: Go for it.

He did so and then we got a massive and incredible power boost!

We then got the usual battles underway.

Lane: Her name is Hazel Alarie and she is one of Lincoln's Guardian Angels.

Princess Celestia: She is a really amazing master of light and has a powerful heart of light.

Amber Morning: Boy she sure does. You won't believe what she did to help Lincoln.

---

Hazel Alarie: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Hazel, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Hazel Alarie: That's incredible.

Nico: It sure is. So, Hazel, how did you defend and protect Lincoln from the worst of Lori, Lynn, and Lola's wrath?

Hazel Alarie: Oh, now that's one I'd never forget. One day, Lincoln and I were having fun playing video games in the living room, but our fun was rudely interrupted when he was ambushed by Lori, Lynn, and Lola, and they began beating the crud out of him and they were laughing cruelly at his pain. But, the worst came when Lynn and Lola broke Lincoln's arms and legs and he screamed in pain, and Lori was about to break his neck to kill him. That set me off and I took off after them, and I knocked them all off Lincoln, and I took him in my arms and he was crying badly and he was stressed out badly. I created an aura to calm him down and alleviate his stress and anxiety and I used some healing magic to repair his arms and legs, and he was 100% better, but we weren't done yet. We tied Lori, Lynn, and Lola up with nylon rope and we told Mr. and Mrs. Loud what those three did, and when I was done, they grounded Lori, Lynn, and Lola, and sent them to Aunt Ruth's for three months for what they did to Lincoln.

We cheered wildly for what Hazel Alarie did to save Lincoln and teach Lori, Lynn, and Lola a lesson.

Me: That was awesome work, Hazel.

Nico: What you did to save Lincoln and heal his broken arms and legs, and alleviate his stress and anxiety caused by their attack, that was really amazing.

TLPS Mr. Wolf: With those skills, any stress or anxiety would be alleviated for good, and it'll be a thing of the past.

Eli: You said it.

FLASHBACK ENDS

Eris: OH MY GOODNESS! Those dark sides of the Loud's have caused nothing but absolute chaos and evil. I may be the Goddess of Chaos and Discord but that is too evil even for me.

Iron Man: I should've known there's no mistaking those two voices from anywhere. You can come out now, Blood Brothers!

A figure came out, and it was none other than the old enemies of The Avengers, The Blood Brothers, the servants of Thanos, and they're out for revenge.

---

The **Blood Brothers** were large twin ape-like aliens originally in the service of the conqueror Thanos, acting as the guardians of his first base on Earth. Pursued by Drax the Destroyer, the duo battled the superheroes Iron Man and the Thing in a bid to stop them from interfering in Thanos' plans. When they failed to do so, a disgusted Thanos teleported the Blood Brothers away.

They reappeared years later on Earth in the service of the villain The Controller. Again they battled Iron Man, who defeated them with the aid of the hero Daredevil. Sometime later, the United States military discovered Thanos' old Earth base, and after activating some of the machinery they accidentally teleported in the Blood Brothers. The two battled the Avengers and were eventually depowered by Thanos' brother, Eros.

The Blood Brothers were imprisoned, but were later released by the hero Quasar and left on the planet Mars.

Later, they attempted in vain to stop Rogue of the X-Men from rescuing a mutant extraterrestrial of the Skrull race. The brothers later fought with Earth's many of Earth's superhuman heroes and villains against an invasion by Ego the Living Planet.

After becoming imprisoned along with alien criminals Paibokthe Power Skrull and Lunatik, they crash-landed on Earth, where one brother perished in a confrontation with Drax the Destroyer.

*Avengers Assemble*

The Blood Brothers appear in the *Avengers Assemble* episode "Hulked Out Heroes", voiced by David Kaye and Liam O'Brien. They ambush Hulk at the top of Stark Tower until Captain America, Falcon, Hawkeye, and Iron Man arrive. When the Blood Brothers have Hulk pinned down, they attach a device to Hulk's back that siphons Hulk's gamma energy which caused some of the Avengers to be infected with an unstable gamma energy virus. The Blood Brothers contact Red Skull to tell them that their mission was a success. Red Skull cuts off the call from the Blood Brothers when they start to ask about their payment.

Nico: The Blood Brothers, I never thought we'd have to deal with you two monsters, but we've been waiting for you two to show up.

Blood Brothers: And now, we shall destroy you all and avenge Lord Thanos!

Mary Garcia: That ain't happening, you lowdown, sidewinding, snakes in the grass, you're heading straight for the pokey for what you've done.

Suddenly, Mary Garcia's crimson red eyes turned neon crimson red, and she was surrounded by a crimson red energy aura with dragons, phoenixes, dracophoenixes, and winds, she unholstered her massive Mariamne, the True Dracophoenix-themed greatsword from her back, and as she approached The Blood Brothers, she left crimson red energy aura, dragons, phoenixes, and winds with every step.

Mary Garcia: Blood Brothers, I will never ever forgive you for the actions you've committed against the entire universe and for trying to prepare the Earth to be attacked by Thanos. Now, I will see to it that the both of you lowdown sidewinding snakes pay for the crimes you've committed.

Suddenly, Mary Garcia was surrounded by a massive vortex of crimson red energy with winds, dragons, and phoenixes surrounding it, there's Mariamne, the True Dracophoenix flying around the vortex, and in the vortex is an orange phoenix. Then, as the vortex faded, Mary Garcia emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Mary Garcia grew from 6'5" to 6'11" in height, she has the body of a goddess, she has orange highlights in the bangs of her long flowing crimson red hair, she has neon crimson red eyes and a crimson red energy aura with dragons, phoenixes, and winds surrounding her, she has Mariamne, the True Dracophoenix and with the Wind Kanji in its tentacles emblazoned on her forehead, she has on dracophoenix earrings with orange gems for eyes and holding the Wind and Eternity Kanjis in its claws, she also has Mariamne, the True Dracophoenix with orange gems for eyes and the Wind and Eternity Kanjis in its claws for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with crimson red crystal links from her merged Crystal Necklace of the Buddha and crimson red gems on the gold lightning bolts. Mary Garcia has on a sleeveless crimson red blouse, sleeveless crimson red dress top, crimson red skirt, crimson red pants, crimson red legwarmers, crimson red shoes, and long sleeveless crimson red trenchcoat with winds, dragons, and phoenixes on the coattails, and on the back is Mariamne the True Dracophoenix with winds surrounding it. Suddenly, Mary Garcia felt a sharp pain on her back, and then, her massive crimson red angel wings grew much bigger for her new body, and the large crimson red feathers have green tips on the feathers. Mary Garcia has on a Ring of The Phoenix with crimson red gem and heart shaped gem embedded in it on her right ring finger which also merged with her Guardian Angel of Lincoln Loud ring and Star Sapphire ring on her left ring finger.

Suddenly, Mary Garcia's massive Mariamne, The True Dracophoenix-themed greatsword was surrounded by a kaleidoscope of crimson red energy with winds and dracophoenixes, and when it emerged, it was transformed into Mariamne, The True Dracophoenix's Greatsword of Hurricane Justice, it's a brand-new greatsword with Mariamne, The True Dracophoenix etched on the 7'0" massive, wide, double-edged crimson red blade, Mariamne, The True Dracophoenix's wings for the crossguard, red gem embedded in the rainguard, longer midnight black handle, and large crimson red gem with surrounding angel wings for the pommel, she has on her new brand-new large gold cuff Bracelets of the

Champions of The Universe with crimson red gems on her wrists, new large gold Belt of Elemental Bravery with a gold version of Mariamne, The True Dracophoenix's head with crimson red gems for eyes and a large crimson red gem inside its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. There's a green kanji below Mariamne, The True Dracophoenix that said, "Mary Garcia, Gene-Slammer of Mariamne The True Dracophoenix, Strong and Powerful Country Girl With A Heart of Gold, Loving Guardian Angel and Future Wife of Lincoln Loud, Despiser of Bullies, Defender of Texas' History, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Winds and Dracophoenixes"

Mary Garcia has transformed into SUPER ANGEL ETERNITY INFINITY TEXAS HURRICANE DRACOPHOENIX ANGEL OF CYCLONE JUSTICE AND TEXAS HURRICANE LOVE!

We were amazed by Mary Garcia's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when The Blood Brothers saw it, they fell into a rage and tried to kill her, but Mary Garcia picked one of The Blood Brothers up with her superhuman strength and tossed him into the other Blood Brother and they crashed into a wall.

Lincoln: Hoowee, wow, Mary, you look beautiful. How do you feel?

Mary Garcia: (Divine Echoing Cosmic Voice of The Hurricane Dracophoenix and Divine Texas Love) **Why, I feel incredible and even better than a shiny new penny, Linky. Now, shall we take**

**care of these ornery Blood Brothers?**

Lincoln: (Smiles) With pleasure, little lady.

Applejack: Hoowee, I could get used to hearing Linky speak like a cowboy all the time.

Sandy Cheeks: (Snickers) Something tells me you've got a plan for that one, A.J.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Mary Garcia.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's hogtie those varmints and send them to the molten hoosegow!**

Mary Garcia and Lincoln went after The Blood Brothers, and they fired powerful blasts of rainbow energy, crimson red energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Dracophoenixes, and Angels at The Blood Brothers, and they exploded with incredible power as they hit him. Then, they attacked The Blood Brothers with their massive greatswords and they left nasty scars on them, and Lincoln stripped them of their powers and we made them our own. Then, Lincoln and Mary Garcia tied them up with rainbow energy straitjackets and rainbow energy chains so they can't escape and they beamed The Blood Brothers to The Masters of Evil's prison where they'll be locked up and they'll remain there for a very long time. We cheered wildly for what Lincoln and Mary Garcia did as they holstered their massive greatswords on their backs and powered down, and Mary Garcia's new body, clothes, weapons, jewelry, and massive crimson red angel wings are permanent.

Mary Garcia: YEEHAW! That'll show those snakes in the grass.

Thank you for helping me take down The Blood Brothers, Linky.

Lincoln: (Smiles Warmly) You're welcome, Mary.

Suddenly, Mary Garcia wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leans his face down to Mary Garcia's face, they kissed passionately as Mary Garcia's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, and Angel, and Mariamne The True Dracophoenix flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and winds blowing behind them and we all cheered wildly.

Nico: Alright.

Me: The Blood Brothers are going to be locked up for the rest of their lives for what they've done with helping Thanos.

Lincoln: And now, we're finally rid of them for good.

Nico: Still, I couldn't believe those bastards were still alive, even after Thanos and The Black Order were snapped out of existence forever.

Me: They were in hiding after what happened, and they've been wanting revenge on us. But, their desire for revenge eventually led to their downfall, and now, they're locked up forever.

Lincoln: Where they'll stay there until the day they die, what a bunch of monsters.

Nico: You said it, big guy.

Mary Garcia: That's right. The next food planet we travel to tomorrow, I'm hoping it's not like this.

Lincoln: This is one planet we're never going to: especially since none of us like brussels sprouts.

Nico: You said it, yuck!

Me: Gross!

We were back on the ship and heading back home.

Raven Branwen: Can we agree to check which planets are edible beforehand?

Condiment King: I think that's for the best.

Me: I agree. But Jared liked that planet though.

Jared: Yeah sorry to disgust you guys. But you know I'm a vegetarian.

Qin: True.

2016 Morbucks: At least the Gashats Irma and the others got came in handy.

Me: They sure did.

Nico: I'll say. They were awesome and cool.

Hazel Alarie: I'm going to love it here with you guys.

Emily Littlefield. Same with me.

Professor XXXL: You girls won't regret it.

Artie Ziff: What do you guys say we get the fuck out of here?

Rainbow Dash: Good idea. And after we get home, me and Ish will show you guys the souvenirs we got from our bonding time.

Nico: Good idea. And we're already on our way out.

Laney: That planet was really strange though.

Eli: It sure was. Hopefully the next planet will be better.

Me: That planet is going on our list of inedible planets.

Nico: Yep. But great job everyone. This was a great yet gross mission.

Jared: I liked it though.

Me: For you maybe but not for us.

Vambre: (To the viewers) Vegetables may be good for you but some vegetables are not very well liked among others. But they are still good for you no matter what.

Nico: Yep. Lets go home.

We went back home and to get the taste and stench of Brussels Sprouts off our bodies with a shower and then we enjoyed the rest of the day and went to sleep.

I went over what happened during the events of chapter 1037.

---

KRABBBOOOOOOOOOOOOOOOOOOMMMMM!

A massive fiery explosion broke out at a local military base and we got word about it. We found out that it was being destroyed by Peace Terrorist Elmo Goniff, Leader of a Terrorist Group called the Goniff Peace Coalition. His goal is to destroy all of the entire military so that peace can be instated. He has killed 520 men at the base and we lost half of the military stationed in the district. We are there to stop him.

Teresa: Goniff doesn't know we're right behind him. That gives us the element of surprise. Let's use that to launch stealth attacks on him and his goons while they don't notice us.

Lola: Or we can charge at him with a Phoenix Cry like we normally do.

Nico: (narrows eyes) I'm sorry. What was that? (takes out club)

Lola: (nervously) Nevermind. What you guys suggested works.

Nico: (smiles) Much better. Thank you.

Me: Good job Nico.

Nico: Thanks man.

Me: I made a really good choice making you chief enforcer.

Laney: Allow me to do this.

Laney tied up all of Goniff's men in plants and vines and we had only Goniff left. Luckily for us, he was in a wheelchair and crippled for life.

Marty: (Madagascar) Only Goniff's left now. And he still doesn't see us!

Me: He's in a wheelchair because he's crippled. Lets go.

We came out and we saw Elmo Goniff giving a speech.

Elmo Goniff: You have been under the lies and protection of the military for far too long! It's time for the fucking military to fuck themselves and disband and let peace come in!

Me: I think not!

He saw us!

Elmo Goniff: How long were you all standing there?!

Divebomb: Just long enough to hear you deliver your terrorist speech and take out your goons at the same time.

Grapple: (to the audience) Hello, folks. Please forget everything Goniff said and enjoy this Itchy and Scratchy cartoon!

Moo Goo Gai Pain played.

Later we had Elmo Gonif and all his followers executed. The people of the country called Elmo Goniff the reincarnation of the Klendathu Bugs and he and all his friends were sentenced to death. He had a total of 700 followers and it was an all time record for executions in a single day. As he was being taken up to be executed, he made a speech.

Elmo Goniff: They may silence us, but they can't silence you! Fuck the military, Team Loud Phoenix Storm and fuck all of you! You will not take away our voice! You will not take away our power! You will not take us! Fuck you all! Fuck you! Fuck you all! Fuck the Military, Team Loud Phoenix Storm and fuck you all!

Me: Let me say something to him.

Johnny Rico: All right.

I went up to him and glared at him and he was seething and fuming and growling.

Me: Let me make something clear to you Goniff. As long as evil exists in this universe, there will never be such a thing as true peace. And here's what I say to you: FUCK YOURSELF!

I spit in his face and they hung him and sent his fucking ass off to hell. We had him and his friends all buried in unmarked graves.

Elsewhere in an awesome realm called Skyworld floating high above the Earth, trouble was going down. It was under attack. The champion of Lady Palutena - Goddess of Light was it's only hope.

Pit: Hang on Lady Palutena. I know who can help us. I'll be back!

Pit jumped and flew down and with him was Dark Pit, Pit's frenemy and anti-hero self in black.

Pit: Pit 2!

Dark Pit: You don't have to keep calling me that every time. But I heard about what's happening and I'll do everything I can to help.

Pit: I appreciate that. We're going to have Team Loud Phoenix Storm help us save Lady Palutena.

Dark Pit: I understand.

They flew down to Earth and went to Michigan.

At the estate I was heading outside to get the mail.

Me: Hmm, lets see.

Then I heard something.

Me: Huh?

I saw two figures coming toward us.

Me: Hmm. Wonder what they are.

They got closer and I saw that they were Pit and Dark Pit.

Me: Oh wow! It's Pit and Dark Pit of Kid Icarus! Wait, if they are here then that must mean there's trouble going on over in Skyworld.

Pit and Dark Pit landed in front of me.

Pit: J.D. Knudson. It's such an honor to meet you.

Me: Same here Pit. We love playing the Kid Icarus games as well as you on Super Smash Bros.

Lincoln then came out.

Lincoln: What's going on?

Lincoln saw Pit and Dark Pit.

Lincoln: Whoa! Pit and Dark Pit!

Pit: So you are the Lincoln Loud we were told so much about.

Dark Pit: It's an honor to meet you.

Lincoln: Same here.

Me: When Lincoln was put into the world of Super Smash Bros. we were absolutely floored and that still has us reeling even after a little over a year has passed.

Dark Pit: That would be a huge shock. We did not expect Lincoln and his sisters being added to the Super Smash Bros. world.

Me: Neither did all of us. I take it you heard about what happened to Bowser.

Dark Pit: We sure did.

Pit: Sorry to hear about Bowser, guys. I know that he was a villain when me, Mario, Link, Kirby, and Yoshi were chasing him during the Subspace Emissary incident. But I'm glad he sacrificed his life to stop Thanos.

Me: He's a true hero Pit. Also Ridley and Dark Samus are dead.

Dark Pit: That's what we heard.

Me: So what's going on over in Skyworld?

Pit: Pandora has taken over and is possessing Lady Palutena.

Me: Pandora, Goddess of Calamity in Greek Myth?

Dark Pit: That's her.

Me: And she's also the girl that opened Pandora's Box.

I went over her history.

---

Pandora (in Japanese: パンドーラ Pandôra), also known as Amazon Pandora (in Japanese: 女戦士パンド - ラ Onna Senshi Pandôra), is the Goddess of Calamity and a villainess in Kid Icarus. For reasons unknown, Pandora lost her physical form and was reduced to a ghostly face made of a fiery vapor. She can create illusions in her palace and also hovers throughout the battlefield, spitting fireballs at Pit during their battle.

She was voiced by Nika Futterman.

Kid Icarus

In the original Kid Icarus game, Pandora was the Gatekeeper to Skyworld's Fortress, assigned to guard a part of the Three Sacred Treasures that Pit uses in his adventures to save Lady Palutena from Medusa. She appears as a bubble-like spirit that barely any appearance of a face to her body, with no irises in her eyes.

## Kid Icarus: Uprising

Pandora appears once again as one of Medusa's commanders, though was truly one of Hades' pawns in his plot to take over the world. She now appears as a ghastly being with no evidence of a body, whatsoever.

Now entrusted with the Mirror of Truth, Pandora hid her and her domain with the Mirror as well, in plain sight, thanks to the aid of the Great Reaper, who kept the Labyrinth of Deceit, Pandora's domain, out of both Pit's and Lady Palutena's sight and grasp. After Pit defeated the Great Reaper, as instructed by Palutena, the Labyrinth is now accessible to the angel and he is now able to confront Pandora once again after many years. Upon entering Pandora's domain, Pit becomes confused with all of the illusions and psych-outs that appear in his way of defeating Pandora and destroying the Mirror of Truth. During Chapter 5, Pit and Palutena converse as they usually do, but Pandora also converses with the two and will be insulted once by Pit, who wonders how Pandora even built the Labyrinth without any hands, remarking that it took a lot of hard work and determination to do. In a part of the chapter, Pandora becomes annoyed by Pit's many questions, saying that it wasn't the "Ask Auntie Pandora hour".

Pandora, despite being defeated, lives on within Dark Pit's wings. When Pit and Dark Pit fought near the Spring of Revival, a fountain that reverses time, Pandora separates from Dark Pit and jumps in to retain her ghost form, although now colored red. After being defeated, she bathes in the Spring of Revival again, this time resurrected as her human form named Amazon Pandora. She became very beautiful, sparking jealousy in both Palutena and Viridi. She was defeated again by Dark Pit, who is then able to save Pit.

## Super Smash Bros. Ultimate

Pandora appears in the game as a primary grab type spirit. Her Spirit Battle is against Wendy O. Koopa with resistance to explosions, while the player has Dark Pit as an ally. At level 99, Pandora can be enhanced to Amazon Pandora, whose ability increases the invincibility period of the player's dodges and distance of air dodges.

Lincoln: Whoa!

Pit: Yeah.

Everyone came out and they gasped when they saw Pit and Dark Pit with us.

Lori: Wow! Pit and Dark Pit!

Qin: It's so cool to meet you both.

Lana: We love playing as you on Super Smash Bros.

Laney: It's awesome.

Samus: Pit and Dark Pit it's great to see you.

Kirby: Yeah!

Pit: Samus, Inkling, Donkey Kong, Mario, Banjo, Peach, Luigi, and Kirby it's great to see you all.

Inkling: Same here.

Donkey Kong: Yeah man.

Banjo: It's great to see you too.

Me: We've known a lot of great characters in Super Smash Bros.

Maria: (to Dark Pit) You're helping us?

Dark Pit: Why not? Even if I did join up with Pandora, she'd blast me out of the sky the first chance she got. Oh, and she's rude!

Me: I know how that feels. But we'll gladly help you out.

Pit: Awesome! But I can't fly as long as you can.

Me: I know. 5 minutes is not very long. But I can fix that for you.

I snapped my fingers and now Pit and Dark Pit can stay in the air forever.

Pit: Awesome! Now we can fly forever.

Me: You sure can. You lead the way Pit.

Pit: Right. Lets go!

Pit and Dark Pit flew.

Me: Lets fly!

We were off to Skyworld.

We were flying through the sky and we were following Pit.

Me: So Skyworld is floating right above the planet.

Pit: That's right.

Nico: That is so cool!

Laney: So Pit what is your relationship with Lady Palutena?

Pit: Lady Palutena has always been like a mother to me. She loves me like I am her son.

Me: That is a very powerful bond. And from what I remember she is a mother to all creatures great and small.

Pit: That's right.

We arrived at Skyworld and we saw that it was under siege.

Me: Whoa! Looks like a war is going on.

Pit: Yeah. Pandora has possessed Palutena and is forcing her to destroy everything against her will.

Me: Not on our watch.

We flew and landed in the temple and we saw Lady Palutena and she was under the control of Pandora.

Pit: It's over Pandora!

Me: Let Lady Palutena go!

Pandora: (Through Palutena) Oh I don't think I will be doing that J.D. Knudson of Team Loud Phoenix Storm. You see, I love this body and I have been in vapor form for far too long.

Nico: I remember you were reduced to a vapor form somehow.

Me: I don't know how that happened but somehow it did.

Vince: No kidding.

Lincoln: I saw what you looked like in your body Pandora, and you are beautiful.

Pandora: Thank you young Lincoln. My body was smoking hot before it was destroyed.

Pandora (GAOBAM): You sound an awful lot like me!

Luna: And me too dudes.

Pandora: Our voices do sound alike don't they?

Pandora (GAOBAM): You know the funny thing? I too am Pandora.

Pandora: How can that be?

Mandy: It's a really funny story.

Pandora (GAOBAM): Unlike you, I was cursed with this box here.

She pulled out her box.

Pandora: That's my box.

Pandora (GAOBAM): I know. I was cursed with it.

Pandora went over her history.

---

Pan-dora (sometimes spelled "Pan-Dora") or Dora is a strange girl with a mysterious lunchbox that holds countless supernatural contents of nightmarish proportions and she is one of the villains from the Grim Adventures of Billy & Mandy.

## History

Dora originally known as Pandora, was originally a normal girl during the times of ancient Greece, until one day Zeus, Poseidon and Hades decided to send down a 'mysterious box' down to Pandora. Upon seeing the box, Pandora's curiosity was piqued and she opened it, unwittingly unleashing the previously-imprisoned forces of the plight that had been contained within the box. Turned upon by her fellow humans and driven away, Pandora, now cursed to wander the Earth with no place to call home, had to now keep with her the box of legend.

## Pan-dora's Revenge

Pandora sought revenge against both the gods that cursed her, and the people who spurned her, and to do this, she needed to open the box and unleash the contents upon them, but her 'curse' prohibits her from being able to open the very object from which her curse stems from with her own hands and can grant her the revenge she craves. Forced to wander the earth, unable to open her 'lunchbox', Pandora, under the alias of "Dora", sought someone she can trick into opening the box for her.

Her chance finally came when she met Mandy and Billy at Endsville Elementary School. She later met Grim who recognizably suspects her as he seen her before. When both Mandy and Dora were out on the football field, Mandy wanted to destroy Mindy, her arch-nemesis. So she opens the lunchbox, unleashing an evil that happened to be demons shaped like food and all sorts of cataclysmic storms and nightmares. It turns out that Dora is actually Pandora, and she tricked Mandy into unleashing all of the demonic horrors. Mandy, angry that Dora tricked her, stops the end of the world by sucking the demons and Dora into the lunchbox (simply by closing the box and opening it again).

* * *

Pandora: Wow.

Qin: My god. Pandora, I didn't know that all happened to you.

Pandora (GAOBAM): Yeah it was awful.

Me: That was a dark past though.

Pandora: Very dark.

I held out my hand.

Pandora: Careful, Knudson. You try and hurt me and you'll end up harming Palutena instead!

Me: I wasn't trying to hurt Palutena. (Chants an incantation)

Pandora then came out of Palutena's body as black and blue fire.

Pandora was a cloud of black and blue fire.

Me: Hang on Palutena.

I went over to Palutena and got her over to us and she woke up.

Me: Lady Palutena, are you all right?

Lady Palutena: (Groans) J.D. Knudson?

Me: That's right.

Lady Palutena: What happened?

Me: It's a really strange story. But Pandora possessed you.

Lady Palutena: (Gasp) I remember now. We have to stop Pandora!

Me: We all will.

Pit: Lady Palutena.

Lady Palutena: Pit!

They hugged.

Pit: Me and Pit 2 went and got J.D. to help us stop Pandora.

Me: That's right.

Nicole: Look.

We saw Pandora form into a ball of fire with a scary face on it.

Laney: That is scary now like it was in the game.

Nicole: It sure is.

Then we saw Ebon and Webstor come out.

Me: Ebon and Webstor.

Ebon: That's right.

We saw a robot monkey with them.

Pit: Are you one of Mega Man's enemies?

Spark Mandrill: In a way. The name's Spark Mandrill!

Spark Mandrill slams a sparking fist on the ground, sending out two electrical spheres at Spark Man.

Lincoln fired lightning at the spheres and destroyed them.

Spark Mandrill: Very impressive.

Mr. Burns then came out.

Qin: Oh great. Mr. Burns.

Lady Palutena: I thought he was dead!

Me: He was and I got him killed.

Ebon: Before we fight, you should know that Dark Spicer used Alien Ξ to restore Fat Tony's eyesight.

Carol: Really?

Webstor: C'mon! Fat Tony's part of our group. You didn't really expect us to leave him permanently blind, did you?

Carol: Good point.

Me: (In my head) I sense a spark of good inside Pandora. Maybe there's still hope. (Out Loud) We will stop you Pandora!

Pandora: You cannot defeat me! I'm a God!

Troy: We eat gods for breakfast!

Megaforce Rangers (except Orion): Legendary Ranger Mode: Starforce Pentasquad!

The Megaforce Rangers turned into the 5-Star Squadron Great Rangers from 1994!

Orion: Legendary Ranger Mode: Mighty Morphin White!

Orion turned into the White Mighty Morphin Ranger!

Lily: I'll face Ebon. I have a new surprise for him.

Qin: I'll face Mr. Burns.

Lucy Loud: I'll take Webstor.

Lincoln: I'll face Spark Mandrill.

Me: And the rest of us will face Pandora.

Pit: (to Mario) Just like old times, huh?

Mario: (Italian Accent) Indeed.

Nico: Lets get them!

We went at them.

Battle 1: Ebon

Lily was facing Ebon.

Ebon: So what is the surprise you have Lily?

Lily: I have a new form. Watch.

A vortex of glowing water enveloped Lily and it shot high into the sky and we heard the divine singing of angels grace the sky and the water formed into a powerful mermaid. Her energy levels were skyrocketing at an astronomical rate. When the vortex faded, Lily was forever changed. Lily looked like she was 17 years old and she had an ample chest, a purple shirt with a flower on it, a headband with flowers on it, water earrings, a blue skirt, purple socks, black Mary Jane Shoes, blue bracelets, and a sleeveless trench coat with glowing ocean water and the kanji for Lily Loud - Maelstrom of the Glow of Coventina on the back. リリーラウド-コヴェンティーナの輝きの渦 She was now a SUPER ANGEL 20,000 GLOWING OCEAN MAELSTROM!

Ebon was shocked!

Ebon: Whoa! Went from little girl to teenage goddess!

Lily: (Older Voice) (Giggles) Thank you tall, dark and scary. Shall we dance big boy?

Ebon: Lets shall.

Lily went at Ebon and kicked him in the face and she slashed him in the stomach with a sword made of pure glowing water and she punched him in the face and sent him flying. Lily fired a powerful blast of glowing water and it slammed into his face and smashed him into a wall and knocked him down. Ebon got up and Lily kicked him in the stomach and sent him crashing into a wall and he was knocked down and rocks came down on him.

Lily: Now I am a strong girl.

---

Battle 2: Webstor

---

Lucy Loud: What Skeletor ever saw in you Webstor I'll never know.

Webstor: You wouldn't know what he was like.

Lucy Loud: Try me.

Lucy fired powerful blast of black lightning and electrocuted him all over and knocked him down.

Lucy Loud: Ha ha.

---

Lincoln was facing Spark Mandrill.

Spark Mandrill: Why is your hair white kid?

Lincoln: I was born with white hair you talking monkey. Try this out.

We got his Electric Spark attack.

Lincoln: Lightning is a weapon for good.

---

Battle 4: Mr. Burns.

---

Qin was facing Mr. Burns.

Qin: You are gonna never terrorize Homer or anyone from Springfield as long as I'm present Burns.

Mr. Burns: We'll see about that! Now, my robot suit has jet boots!

Qin: Big deal. I have a new transformation.

Qin was enveloped in a massive vortex of fire and her energy levels were skyrocketing at an incredible level. When the vortex faded, Qin was forever changed. She had a green bow in her hair, green dragon earrings, a green shirt with a dragon on it, green plaid skirt with blue leggings, blue sneakers and a sleeveless trench coat with green fire and leaves on it and the Kanji for Qin Chen - Firestorm of The Dragon of Justice on the back. 秦陳-正義のドラゴンの火の嵐 She also had green fire angel wings spread. She had become a SUPER ANGEL 20,000 KOMODO FIRESTORM!

Qin: Lets dance.

Qin floated and took off like a laser and kicked Mr. Burns in the face and sent him crashing into a wall and he got up and went at Qin and she dodged him and kicked him in the back and fired massive blasts of fire at him and burned him all over and then she punched him in the face and knocked out some of his teeth.

Qin: You have terrorized the people of the world for far too long Burns. I will make sure that you never get the chance to do so again.

Mr. Burns: I will not stop! I will never stop until this whole world is mine!

Qin: As long as I live, I will never let that happen!

Qin teleported and punched him in the face with devastating force and sent him crashing into a wall and knocked him out!

Qin: What a waste of a life.

---

Battle 5: Pandora

---

We regrouped and we were facing Pandora!

Me: It's over for you Pandora. You will pay for your crimes.

Pit: I agree!

Nico: Lets dance!

I flared up my power and went Super Angel-Ebonwu 100,000 Elemental Moonlight Phoenix!

Me: (Divine Voice) **The divine wrath of the gods is coming for you Pandora.**

Sam S.L.: Try this! PLASMA STYLE NINJA ART: MULTI PLASMA BLAST BARRAGE!

Sam S.L.: This will hurt. PLASMA STYLE NINJA ART: CORONA FLARE RASENSHURIKEN!

Sam formed a powerful Rasenshuriken of Solar Plasma and she threw it and it slammed into Pandora and exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ben: FEIRCERAFFE!

Me: **Whoa! That's a different one.**

Shanan: Wow! That's a Nekrogiraffa from the planet Ekoplekton. They are the natural predators of the Ekoplektoids, Slapback's Species.

Nico: Wow! It looks so much like a giraffe.

Riley: It sure does.

Laney: That is amazing.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: **Time for some Final Smash power!**

Pit: Right! LIGHTNING CHARIOT!

Pit calls out "Lightning Chariot!" (光の戦車！, Chariot of Light!) and jumps aboard the Lightning Chariot and flies off-screen. A player-controlled crosshair appears, with Pit saying, "Phos! Lux! Let's go!" (行くぞ！フラッシュ！シルバー！, Let's go! Flash! Silver!); Pit will then swoop in atop the chariot to strike opponents when prompted, similar to the function of the Dragoon item.

The Lightning Chariot slammed into Pandora and knocked her down with a massive explosion!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Dark Pit: My turn! DARK PIT STAFF!

Dark Pit takes out his staff and fires a powerful horizontal shot, quipping "Goodbye!" or "It's time!" (in Japanese, either "貫け!", Penetrate!/Pierce through! or "一撃で決める…", I'll decide with one blow…) as he does so. Getting caught in the beam deals 1% damage, and the main attack deals heavy knockback along with an amount of extra damage which depends on how many opponents were already hit: 39% for the one closest to Dark Pit, 29% and 21% for the further ones.

The blast from his staff hit Pandora and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Lady Palutena: You are not worthy of being a Goddess! BLACK HOLE LASER!

In this Final Smash, Palutena uses two powers from Kid Icarus: Uprising: Black Hole and Mega Laser. First, the Black Hole draws in opponents to trap them, then the Mega Laser is fired, inflicting damage. The Mega Laser can hit foes even if the Black Hole does not trap them. The move in total deals 40% damage.

Against one opponent, this Final Smash is overall rather weak in terms of knockback. However, its large range makes it extremely proficient at hitting multiple foes at once, and is therefore ideal for free-for-alls and 8-Player Smashes.

The blast of Palutena slammed into Pandora and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: **This is for everything you've done. ELEMENTAL PHOENIX MEGABLAST!**

I fired a massive phoenix of different elemental forces and it slammed into Pandora and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Pandora was knocked down and beaten.

Me: **This is to save you from yourself Pandora!**

I fired a wave of light and it hit her and separated her from her evil and gave her body back and she was hot and beautiful and I sent the evil of Pandora into the River of Fire.

Lincoln: Yeah!

We powered down and Pandora was free from her evil.

Lincoln brought Pandora over and she was unconscious.

Ebon, Webstor and Mr. Burns came.

Ebon: (to Dark Pit) Shame you didn't want to join us. We would've had a lot of fun together.

Dark Pit: Yeah, well, I prefer to be on the winning team.

Webstor: Can't argue with that logic. (he and Ebon teleport out)

And Mr. Burns left as well.

Pandora: (Groans) What happened?

Lincoln: It's a long story Pandora. But J.D. saved you from the monster you became.

Pandora: What? Tell me everything.

We did so and Pandora was shocked and she broke down crying.

Lincoln comforted her.

Lady Palutena: J.D. I can't thank you enough for saving me.

Me: It was what we had to do Lady Palutena.

Then I got a surprise when Lady Palutena kissed me on the lips. It was a beautiful experience.

Everyone: Aww!

Pit: (To the viewers) Not even the evil gods can stop Team Loud Phoenix Storm. They will help us whenever needed.

Lana: Yep.

We later went back home and Lady Palutena and Pandora were now members of the team. Same with Pit and Dark Pit.

---

When I was done everyone that hadn't heard about it was amazed!

Eli: Wow! That was so cool!

Twilight Sparkle: It sure is! We weren't there when it happened but that is so awesome that you saved Palutena from being possessed by Pandora.

Me: It sure was.

Nico: That was so epic.

Qin: Yeah and I got Burns as my archenemy back then before Captain Cold.

Me: Yeah and looking back, that was probably the stupidest decision I've ever made having him as your archenemy Qin. I should have killed him right from the very beginning.

Qin: Yeah. But I'm happy now that Captain Cold is my archenemy.

Me: Good.

Nico: Yeah but at least it was one mistake you won't do again J.D.

Me: True.

Nico: I'm asking because a lot of us have been getting pregnant these days.

Lady Palutena: That is true. And it's awesome we're having amazing families now.

Me: It sure is and Lincoln is becoming an amazing father more and more.

Lincoln: Just like you J.D.

Me: Yeah.

Homer: Too bad my dad is not like that though.

Nico: Sorry your dad did all that to you Homer.

Homer: It's all right Nico.

Nico: And J.D.?

Me: Yeah?

Nico: Let's never go to that Brussels sprout planet again.

Me: That we can agree on. I HATE BRUSSELS SPROUTS! Jared sure loved it though.

Laney: Yeah he sure did. He ate like 40 bagfuls full of Brussels Sprouts.

Nico: Wow! He sure loves to eat his plants.

Me: That's my son for you.

We were walking through the halls of the asylum and everywhere we looked we saw patients that were all crazy and acting insanely. One patient was even eating at a fly with his teeth in a straitjacket and another had what appeared to be his own mouth and eyelids sewn shut!? WHAT THE FUCK!? Many people also were laughing like fucked up lunatics.

Nico: Boy hard to imagine so many people that we met earlier are that crazy.

Me: Yeah no kidding.

Nico: Eli, why didn't you warn us with the Force?

Eli: The Force doesn't even tell me what kind of planet it is sorry. Besides we didn't even know it was going to be a planet made of Brussels Sprouts until we got there.

Nico: Oh.

Me: I have a feeling the next planet we're gonna go to will be much better than one made of Brussels Sprouts.

Nico: Lets hope so.

Me: Yeah. Here's a funny one.

We saw a yak patient.

Me: This guy cracks me up every time. His name is Yaktavius the Yak. And he has one of the most peculiar triggers we've ever seen.

Nico: Like what?

Me: Well he has problems with the word C-H-E-E-S-E.

Eli: Cheese?

Yak: [screams in panic] HE DID IT! [now starts going crazy]

Me: See?

[Yak starts cutting his butt with a cheese grater and I then called the 2 numbskulls Ray and Henry and grabs him and takes him a room. Nico looked up and watch as the light goes off and then Yak came back to his room and he was tied up.]

Me: But that was funny.

Nico: This is a madhouse.

Me: Well it's an insane asylum. What did you expect?

We then arrived at Abraham Simpson's room,

Me: Here's Abe Simpson's room. We don't let him out with the general population because he always yells and berates and hollers at everyone.

Eli: Yeesh.

Nico: Life has not done wonders for this guy.

Me: Nope. Now it's time for Homer to get some well deserved payback on him.

Nico: Yep.

I pulled out my keycard and opened the door and Homer went in.

Homer: Hello "Dad."

Abe Simpson: Well if it isn't my stupid lazy good-for-nothing disappointment of a son!

Homer was not intimidated by him.

Nico: Careful, Homer.

Homer: You have never done anything good for me Dad. You ate that man on top of the Murderhorn and left him there to die in the cold. (Season 9 Episode 23)

Camie: Did he really do that?

Me: Yeah crazy.

Homer went over every bad thing Abraham Simpson did and more and it was awful!

Rainbow Dash: He gives all fathers EVERYWHERE a really bad name.

Me: That is a total understatement.

Abraham Simpson: And the worst part is that he is the worst son

ever!

Homer: WHY YOU LITTLE!?

He strangled Abraham hard!

Nico: Homer's really letting him have it.

Eli: He sure is. I wish I could just Force Choke him and kill him forever.

Me: Nah he was dead already. So it's best to let him suffer for eternity with a curse.

Eli: True.

Bart and Lisa were laughing at Abraham's misforturne.

Nico: Hey, Homer. You should use one of the Legend Items on him.

Homer: Hey that's not a bad idea.

Homer opened his Wonder Ride Book. It was called "Homer Simpson's Chili of Retribution."

"AND THE HERO OF SPRINGFIELD WHO IS A BETTER SON THAN HIS FATHER WAS FIRED A BUNCH OF MERCILESS PEPPERS OF QUETZALACATENANGO INTO HIS ABUSIVE FATHER'S EVIL OLD MOUTH AND THE SPINELESS OLD COOT BURSTED INTO INTENSELY HOT FLAMES AND WENT EVEN MORE CRAZY THAN HE ALREADY WAS! IMAGINING THAT HE WAS SURROUNDED BY HOMER'S WHO WERE MOCKING HIM AT EVERY TURN."

Everything it said happened and it was really funny!

We were laughing hysterically!

Nico: No reason why we can't use our items for fun, right?

Me: Yep. But watch this one.

I pulled out a can full of chum!

Everyone gasped!

Camie: A can of chum!?

Me: Watch.

I pulled out a can opener and opened it and a foghorn sounded and a fart came from an intestine.

Nico: (GULPS) Oh boy.

I went over to Abraham and poured the chum down his throat! Abraham swallowed it and then his stomach grumbled loudly.

Me: Remind me to thank Plankton for that.

Homer laughed hysterically at his so-called father.

Nico: Is he gonna fart?

Me: Nope. Worse.

Homer and all of us went out the door and closed it and then HE FARTED, VOMITED, SNEEZED AND CRAPPED OUT OF EVERY ORIFICE!

Nico: GEEZ!

Qin: WHOA!

Nico: Clean up on aisle 12!

We laughed!

Qin: Make it Clean Up on all the aisles!

We laughed some more.

But then…

ALARM BLARES!

Me: Uh oh! That's the Patient Trouble Alarm!

Doctor: ATTENTION STAFF! PATIENT 712 GOING ON A RAMPAGE!

Me: Lila Rossi! (GROWLS)

Nico: Guys, call Deadshot here. I have an idea.

Eli: Okay.

I went to face her!

Nico: Hey J.D. where you going!?

Me: To do something that should have been done almost three years ago! I'm going to kill that bitch once and for all.

Nico stopped me.

Nico: J.D. wait!

Me: Don't try to stop me Nico! I've had it with that fucking bitch. She has caused us nothing but grief ever since we faced her in Paris.

Nico: I know J.D. and she is a total bitch and I won't deny that but let us all face her.

Me: Very well.

Deadshot then arrived!

Deadshot: You guys called?

Nico: Perfect timing, Floyd. Lila Rossi's on the loose.

Deadshot: And you want me to take care of her, right?

Nico: Even better. You're gonna help me shoot her and paralyze her.

Deadshot: Nice!

Lincoln: And I'm going to curse her too.

Nico: Ooh cool!

Deadshot: I like it.

Me: Being cursed is just as good.

Nico: Yep. Lets go.

We went to face her.

Nico: I'm going to use your powers to shoot Lila Rossi to ensure she's paralyzed for life.

Deadshot: And I'm here because…

Nico: Just in case I miss. If I don't, it'll be extra damage.

Deadshot: That makes sense.

Applejack: I want to get in some shots on her too. Me and Linky want to.

Nico: Fair enough.

Eli: And I sense that Applejack is gonna transform too.

Nico: Wow.

Nico and Deadshot went to find a vantage point, killing several inmates that tried attacking us.

Nico: We need to make room anyway.

Me: True. It was getting crowded anyway. I have an expansion project coming soon anyway.

Eli: True.

We then saw Lila Rossi attacking the guards!

Nico summoned Deadshot's sniper rifle and took aim at Lila. Deadshot took aim with his own rifle.

Nico: On my signal.

We nodded and waited. Applejack and Lincoln were gonna give the signal.

Applejack: Alright, that's it, I've had it up to hear with you to last an eternity, you lowdown, sidewinding, crazy, out-of-control snake in the grass!

Suddenly, Applejack's eyes turned neon green, and she was surrounded by an orange energy aura with Earth, Alicorns, and Apples, she unholstered her massive Sword of Honesty from her back, and as she approached Lila Rossi, she left orange energy, Earth, Alicorns, and Apples with every step.

Applejack: You really make me sick, Lila Rossi, you've antagonized and harmed Marinette and her friends and all for your own sick amusements, you've lied to so many innocent people in your way, and you've shown no remorse. For what you've done, I'll see to it that you're never leaving this here asylum alive.

Suddenly, Applejack was surrounded by a massive vortex of orange energy with Earth and apples surrounding it, there's an Alicorn flying around the vortex, and inside the vortex is a green phoenix. Then, as the vortex faded, Applejack emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Applejack grew to 6'5" in height, she has the body of a goddess, she has apple red highlights in the bangs of her long blonde hair and her cowboy hat with apple buckle on it, she has neon green eyes and an orange energy aura with Alicorns, Earth, and Apples surrounding her, she has an Alicorn with the Earth Kanji and an Apple on its horn emblazoned on her forehead, she has on Alicorn earrings with green gems for eyes and holding the Earth Kanji in its hooves on her ears, her golden Amulet of Earth has green gems in the gold lightning bolts on her Thunderbird Necklace of Eternal Love and green crystals embedded in it because her Crystal Necklace of the Buddha merged with it, and in addition to the gold Thunderbird pendant, there's an Alicorn with orange gems for eyes and they're holding the

Suddenly, Applejack felt a sharp pain on her back, and then, massive orange angel wings with yellow tips on the feathers, sprouted out from her back, Applejack has on her Ring of the Phoenix with large orange gem on her left ring finger and Green Lantern ring on her right ring finger. Suddenly, Applejack's massive Sword of the Knights of The Friendship Table, Destroyer of The Armageddon 23, and Sword of Honesty began merging together, and they were surrounded by a kaleidoscope of orange energy, Earth, and apples, and when it emerged, it was transformed into Applejack's Alicorn Greatsword of Honest Apple Bravery, it's a brand-new greatsword with a 7'0" massive, wide, double-edged golden blade with her cutie mark and apples etched on the blade, large gold Alicorn heads for the crossguard, large red gem embedded in the rainguard, longer black handle, large gold Alicorn heads with orange gems for eyes and a large green gem on the bottom of the heads for the pommel, she has on her large gold cuff Bracelets of The Champions of The Universe with green gems on her wrists, her new Belt of Elemental Bravery with an Alicorn for the belt buckle and green gems for the eyes and a large green gem in its collar for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. Applejack has transformed into SUPER ANGEL-ALICORN INFINITY APPLE ORCHARD ALICORN ANGEL OF ETERNAL HONESTY AND ETERNAL APPLE LOVE!

We were amazed by Applejack's Super Angel-Alicorn Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when Lila Rossi saw it, she went ballistic with rage and ran over to kill Applejack, but Applejack fires a powerful orange energy blast with apples, Earth, and Alicorns, and it hits Lila Rossi and she hits backfirst into a wall, and it pissed her off even more.

Applejack: (Divine Echoing Cosmic Voice of The Apple Earth Alicorn and Divine Honesty Love) **Let's get that evil, sidewinding monster!**

Lincoln: You read my mind, Applejack.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Applejack, and he, Apple Bloom, Twilight Sparkle and her friends went after Lila Rossi, and they blasted her with powerful blasts of rainbow energy, orange energy, apples, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Alicorns, and Angels, and really mangled her up.

They the gave the signal and it was a thumbs up.

Nico and Deadshot: (smirk) Bang. (pulls triggers)

BANG!

The bang that followed unfortunately caught the attention of an uninvited guest. The shots hit Lila in her back and severed her spine from her legs!

Me: BULLSEYE!

Lila: I CAN'T FEEL MY LEGS!

Then, Applejack and Lincoln hogtied her up in rainbow energy chains and a rainbow energy straitjacket, so she can't escape. Lincoln and Applejack powered down, and Applejack's new body, clothes, weapons, jewelry, and massive orange angel wings are permanent.

Lincoln: Now, you've really crossed the line, Lie-la. Now, you're going to be cursed to be a gold statue for all eternity.

Nico: Aw yeah, get her, Linc.

Suddenly, Lincoln was surrounded by golden light, and his massive deep sapphire blue angel wings with stars and rainbow tips on the feathers spread out, and we knew what this means: Lincoln's going to use The King Midas' Golden Touch Vengeance Curse on Lila Rossi.

Lincoln: (Singing Divinely) I see a cold wind blowing through, I see days neither fun nor free, I see a future caused by you, I see a path not meant to be. Your future should filled with magic, dreams, and wishes brought to life. But, the days ahead are dark and tragic, no time for hope when all is strife, whatever might have been, all the dreams that you did share, because of you, Lila Rossi. Now, the future is a cold nightmare.

Nico and I had shivers going down our spines and so did many of us when Lincoln sang that song, then, Lincoln fired powerful blasts of gold energy, and as they hit Lila Rossi, she screamed in horror as she was eventually turned into a 24-Karat gold statue for all eternity, then, he sent the statue back to her cell in The Saturn Insane Asylum's Maximum Security Solitary Confinement, and she's never getting out ever again.

Applejack: YEEHAW! That'll show that snake in the grass. Thank you for helping me take down Lila Rossi, Linky.

Lincoln: (Smiles Warmly) You're welcome, Applejack

Nico: WOOHOO! YEAH!

Deadpool: Nice shooting Nico!

Me: See? You didn't miss.

Suddenly, Applejack wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leans his face down to Applejack's face, they kissed passionately as Applejack's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Alicorn, and Angel flying in the air, and we saw a herd of Buffalo running across the field, along with elemental forces and apple trees growing around them and we all cheered wildly.

Apple Bloom: My sister's transformed into her Super Angel-Alicorn Infinity form, that's awesome.

Lincoln: That's right, and she's saving the big transformation for after her special mission with Andy and Rodney in the future.

Twilight Sparkle: And it's really going to be amazing.

Nico: You said it, and Linc, awesome job giving Lie-la the King

Midas' Golden Touch Vengeance Curse.

Lincoln: Thanks, bro, and this'll be the absolute last time she dares to give us anymore trouble.

Me: Yep.

But then we heard an eerie moan and we saw a figure come out and it was ANOTHER WOLF WARRIOR! It looked like a scary version of Leanbow's red Wolf Warrior Ranger Form! With a skeleton helmet and all that!

We gasped!

Nico: WHOA MAN! Another Wolf Warrior!

Eli: Not good!

Me: Boy if Leanbow saw this one he and Koragg would no doubt be pissed!

Laney: I agree there!

Rainbow Dash: So would Nick Russell and Boomerang. Leanbow is Nick's dad after all.

Me: That still was shocking.

Nico: (activates Koragg's Ridewatch) Only fittng that I use this!

Nico got Koragg's powers and his sword and shield!

Nico: YEAH!

Me: One of these days we'll have to find an archenemy for Leanbow.

Another Wolf Warrior: (In a girls voice) HELP ME J.D.!

Me: (GASP) That voice!

She reverted back and it was a girl that I haven't seen since I was in Kindergarten! It was my friend Caitlyn Harrington! She was a girl with purple hair and purple beat up clothes and she had a Red Wolf Symbol emblazoned in the middle of her forehead!

Me: (GASP) Caitlyn Harrington!

Nico: You know her J.D.?

Me: I sure do. She and I went to Kindergarten together and she showed me an awesome and amazing rainbow taffy recipe she made in a local candy store that became a great hit with many people. But after I graduated Kindergarten we haven't seen each other since then. Now I know why! She was kidnapped by Swartz!

Nico: That guy is really pissing us off!

Caitlyn Harrington: (Grunts) J.D. it's awesome to see you again. But you have to help me! I can't control this power! It's too much!

Me: Hold on Caitlyn!

She then screamed and in a swirl of darkness and red fire she reverted back to Another Wolf Warrior!

Palutena: Time I use magic against magic!

She fired a beam of light and it hit her and knocked her down!

Another Wolf Warrior got up and then summoned an Elemental Staff in the shape of a green dragon! It was a staff for LORD DRAKKON!

Nico: WHOA!

Me: She has elemental staffs like Udonna's for each of the Core and Non-Core Masters of Evil Members! This is gonna be interesting! KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Camie: Yeah!

Another Wolf Warrior fired beams of green energy and I deflected them and they hit the floor and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOOOMMMMM!

Kaito: (takes out Kiramager gear) Don't forget about us.

Zocks: (takes out Ryusoulger gear) Chloe, I bet you enjoyed seeing Lila turn to gold.

Chloe: Oh you bet I did!

Eli: And she's shot in the back and paralyzed forever too.

Kaito summoned smaller Mashins and Zocks summoned the Dino Fury Swords.

Nico: YEAH!

Me: Palutena lets use a combo to save Caitlyn.

?: I'll help too.

We heard a sonar ping.

Me: Been a while since we heard a sonar ping like that!

Then we saw AN EOSAPIEN APPEAR!

Camie: Wow! So that's a Darwin IV Eosapien!

Nico: Yep.

Eosapien: (In a girls voice) And it's awesome to see you again Nico.

Nico: Erica Loganheart! Wow!

She reverted back and she was a girl with purple hair and dark purple clothes and had yellow eyes.

Nico: Awesome.

Erica Loganheart: Lets do it!

Me, Lady Palutena and Erica Loganheart: WOLF LIGHT DARWIN BLAST!

We fired a massive wave of energy and it hit Another Wolf Warrior and she exploded!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I caught the Ridewatch she had and purified it and then we saw Elemental Staffs all over and we picked them all up. I went over to Caitlyn and helped her and cured her with my serum.

Lady Palutena: That was awesome!

Erica Loganheart: Yeah it was!

Caitlyn Harrington: (Coughs) (Weakly) J.D.?

Me: Yeah Caitlyn. It's me.

Caitlyn Harrington: My God. Look at you. You've grown so much since we saw each other.

Me: So have you. Its been 15 years Caitlyn.

Caitlyn then hugged me.

Palutena: What's your favorite memory of Nico?

Erica Loganheart: I have a lot of them. But most of them revolve around Astronomy Class and our reports around the awesome planet of Darwin IV. We did many awesome reports on the hypothetical creatures that live there and we got A+'s on them and they were awesome. We even built models of the planet and more. My favorite memory was when we did a report on the Amoebic Sea and how huge it is and it was awesome.

Nico: Good times.

I had Caitlyn on my back.

Me: That is really awesome and the Planet Darwin IV is also a real

planet.

Erica Loganheart: I heard you guys went there for real! That is so awesome!

Nico: It sure was awesome.

Me: So unforgettable.

Nico and Erica hugged.

Nico: I really missed you.

Erica Loganheart: Me too Nico.

Me: But this was an awesome rescue.

Homer: Boy it sure was. We got some payback on my so-called dad.

Eli: Turned Lie-la into a solid gold statue forever.

Applejack: And I transformed.

Nico: And we saved Caitlyn and reunited with Erica.

Me: Very eventful.

Nico: Yep. Lets go home.

We went back home.

* * *

After Nico's rescue, Lincoln, Me, Ken Knudson, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, The Dynasty Warriors, The Samurai Warriors, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, and Zarya are heading to the world of the 2022 game Kao the Kangaroo, and not only is Lincoln going to rescue the eight girls here, but we're also going to meet Kao, his little sister, Kaia, and his mentor, Walt, and they're going to take down Minkey and the Shaman's Hat and rescue Kao's dad, Koby.

Lincoln: Wow, we're here in the world of the 2022 game Kao the Kangaroo, and I know what we're going to do here, not only am I going to rescue the eight girls here, but we're also going to meet Kao, his little sister, Kaia, and his mentor, Walt, and they're going to take down Minkey and the Shaman's Hat and rescue Kao's dad, Koby.

Me: That's right, big guy. This is going to be one awesome adventure.

Nico: You said it, J.D., and Kao's one awesome boxer, especially with those boxing gloves of his, and to find out they had an ancient power in them, and he's able to tame them, that's amazing.

Lincoln: And he's already gotten a head start by travelling around the island and purifying everyone who was affected by the Eternal Crystals, and now, he's heading for the last location and the source of the Eternal Crystals: The Crystal Caverns, and that's where his dad is. And thanks for joining us, Zarya.

Zarya: You're welcome, Lincoln.

We arrive at the Crystal Caverns, and it's full of Eternal Crystals, and the source of power to The Eternal World.

?: Glad to see you made it, Team Loud Phoenix Storm.

We turned around, and we saw who we were looking for: Kao the Kangaroo, his sister, Kaia, and Kao's mentor, Walt.

Lincoln: Kao the Kangaroo, Kaia, and Walt.

Kao the Kangaroo: That's right, Lincoln. What brings you guys here?

Nico: We're here to help you guys rescue your dad, and take down Minkey and the Shaman's Hat, who is actually The Eternal Warrior.

Kaia the Kangaroo: Awesome.

Walt: Now, we must go. Hang on, Koby.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of eight girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the eight girls, but they've been cornered by Koby, who's been transformed into a purple beast thanks to the Eternal Crystals put on him by Minkey and the Shaman's Hat, and he's ordered him to kill them.

Lincoln: Guys, I found the eight girls, but they've been cornered by Koby, who's been transformed into a purple beast thanks to the Eternal Crystals put on him by Minkey and the Shaman's Hat, and he's ordered him to kill them.

Kao and Kaia: (Gasps) Dad!

?: We got to save Koby and put Minkey and The Shaman's Hat in their place.

Suddenly, we saw Iona, one of the greater archangels of Zendikar in the world of Magic The Gathering, appear before us.

Nico: Whoa, that's Iona, one of the greater archangels of Zendikar in the world of Magic The Gathering, awesome.

Lincoln: And I'd recognize that voice from anywhere, I knew it was you, Valerie Carrington, but we'll talk later. Come on, let's free Koby and put a stop to Minkey and the Shaman's Hat before they do any damage.

We then rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Koby and blindsided him and destroyed the crystals on him, and it allowed the eight girls to get to safety. When Minkey and the Shaman's Hat saw us, they were enraged.

Minkey: No, I will not be stopped by that pesky kangaroo or by Team Loud Phoenix Storm. Kill them and bring me the Eternal Gloves!

The Shaman's Hat lands on the mind-controlled Koby's head and he grew to gigantic proportions, and we were in for a big fight.

Lincoln: So, that's how he wants to play. Come on, gang, let's get that hat off Koby's head and end this madness.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors and Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Zarya, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after Koby, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit him, knocking him down.

Then, we started attacking the Shaman's Hat without mercy, and then, The Shaman's Hat was forced off of Koby's head, and Kao used the gloves to suck out the power that was in the Shaman's Hat and we also saw that Koby was finally back to normal, and Minkey was enraged.

Minkey: You're useless! That wasn't how it was supposed to be.

Shaman's HatL That's why your head is so light! It's empty!

We holstered our weapons and powered down, then we ran up to Koby, who was back to normal, and he saw Kao, Kaia, Walt, and all of us, and he was grateful to all of us.

Walt: Sorry it took so long.

Koby: Are you kidding, Walt? You saved me, not just me either, but the entire world.

Kao: Well, these gloves are partially responsible for the success.

Koby: I recognize those gloves, but it looks like you've tamed them.

Kao: We had our ups and downs, but we're now on the same page.

Koby: I need to apologize to you all, especially to you, my dear children. I was too naïve and overconfident. I never should've come here on my own.

Kaia: You don't need to apologize, Dad. After all, you're the victim.

Lincoln: Kaia's right, Koby, you're the victim. (Points to Minkey and The Shaman's Hat) It's those two who are responsible for this mess.

Minkey: I'M the true victim here. I just wanted to be a fighter, but they didn't give me a chance, no one! Not a single one of them. "You're too weak.", "you couldn't hurt a fly." Well, I've proved them wrong now, haven't I?!

Walt: Nothing justifies what you've done. You took revenge on whole world, no thought of consequence.

Minkey had a look of surprise on his face, and he knew Walt was right: Minkey took revenge on the whole world without a single thought of the consequences.

Minkey: (Trying to lie) Well… ahem, it wasn't my idea. I'm not the one to blame.

Kaia: (Scoffs) Yeah right.

Lincoln: It is your fault, and both of you are to blame for this mess. I think you both need a nice long stay in The Neptune Prison for Traitors in separate cells in Solitary Confinement.

Kao: Wait, Lincoln, I've got a better idea. Why don't you put them in Containment Cards, so that way, I can keep a close eye on them.

Lincoln: Good idea, Kao.

Lincoln put them both in rainbow energy straitjackets and rainbow energy chains, then he took out his Orange S.P.D. Morpher and used Judgement Mode, and once Minkey and The Shaman's Hat were found guilty, they were put into a containment card, and given to Kao, so he can keep an eye on the two of them.

Lincoln: That's it for those two. (To Valerie Carrington) And it's so good to see you again, Valerie Carrington.

Valerie Carrington reverted back to normal, and she's a beautiful girl with short neck-length yellow hair, yellow eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has six massive beautiful white angel wings, and she reigned in the power of Iona, and she's dressed in a sleeveless yellow vest, yellow sleeveless top, yellow skirt with black frills, yellow legwarmers, yellow shoes, and long sleeveless yellow trenchcoat with angels on the coattails, and Iona on the back, and holstered on her back a large Iona-themed greatsword with Iona etched on the 7'0" massive, wide, double-edged white blade, six white angel wings for the crossguard, large yellow gem embedded in the rainguard, longer black handle, and a large yellow gem surrounded by six angel wings for the pommel.

Valerie Carrington: You too, Lincoln, it's been a long time.

Lincoln went up to Valerie Carrington and they hugged, and Valerie Carrington's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs as well as massive deep sapphire blue angel wings with stars in the feathers and rainbow tips on the feathers.

Lincoln: It sure has, I haven't seen you since you were eleven, and as you can see, I really grew a lot since then.

Valerie Carrington: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs as well as massive deep sapphire blue angel wings, that's so awesome.

Nico: Wow, Lincoln, you know her.

Lincoln: Indeed I do, Nico, this is Valerie Carrington, she's my Guardian Angel from Michigan, and you're going to like this: she was born with six massive beautiful white angel wings, and she has immense cosmic ictiokinesis and extensive mastery of holy magic and angelic magic.

Nico: Wow, that's so awesome.

Me: It's like she was born an angel, awesome.

Lincoln: You said it, and she's defended and protected me from the absolute worst of Lori, Lynn, and Lola's wrath, and if she sees Lisa and Luan also helping Lori, Lynn, and Lola in torturing me, they're also shown no mercy.

Eli: Nice.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Valerie Carrington's neck with yellow gems on the gold thunderbolt links and yellow crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Valerie Carrington: (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Valerie.

Valerie Carrington had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Hazel Alarie's waist and Valerie Carrington wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Valerie Carrington's face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the eight girls, and when Lincoln saw them, he recognized them immediately. The eight girls are Nazuna Nanakusa, Akira Asai, Niko Hirata, Kabura Honda, Seri Kikyou, Midori Kohakobe, and Kiyosumi Shirakawa from Call of the Night.

Lincoln: Oh wow, it's Nazuna Nanakusa, Akira Asai, Niko Hirata, Kabura Honda, Seri Kikyou, Midori Kohakobe and Kiyosumi Shirakawa from Call of the Night.

Me: Awesome.

Lincoln: Are you girls okay?

Nazuna Nanakusa: Yes, we're okay, thanks to you.

Then, when Nazuna Nanakusa and the other seven girls who saved them from Minkey and The Shaman's Hat, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the

He had his massive Hinon's Cosmic Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his

massive biceps and thighs with silver phoenixes on them, his large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings with stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long glowing neon orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them and had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanji that said, "Savior of The Loud House, True Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, Founder of Team Loud Phoenix Storm, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms, and Destroyer of The House of Damaskinos" on the left leg, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large Element of Harmony deep sapphire blue gem in the shape of a Thunderbird and a large silver Buffalo head with the Thunderbird and Eternity Kanji on its head for the pendant on his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Nazuna Nanakusa: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made seven clones of himself, and he and the seven clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Nazuna Nanakusa: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, eight Thunderbird Necklaces of Eternal Love appeared on the necks of Nazuna Nanakusa, Akira Asai, Niko Hirata, Kabura Honda, Seri Kikyou, Midori Kohakobe, Kiyosumi Shirakawa, and Hatsuka Suzushiro with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the World Tree Estate and we told everyone what happened and they met Kao and his family whom we moved here to Gotham Royal York, and they were shocked when they found out that the villain we went after was Minkey and the Shaman's Hat.

But, when Lincoln showed what we did in saving Koby and putting Minkey and the Shaman's Hat into a Containment Card, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Valerie Carrington have a lot of catching up to do now that she's back in town, and we were going to like having Kao the Kangaroo and his family with us.

---

After saving Koby and stopping Minkey and the Shaman's Hat, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Valerie Carrington saw Lincoln working out like crazy, she had an atomic red blush on her face.

Valerie Carrington: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Valerie, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Valerie Carrington: That's incredible.

Nico: It sure is. So, Valerie, how did you defend and protect Lincoln from the worst of Lori, Lynn, and Lola's wrath?

Valerie Carrington: Oh, now that's one I'd never forget. One day, Lincoln and I were doing some math homework in his room, but we were rudely interrupted when the door was busted down and Lincoln was ambushed by Lori, Lynn, and Lola, and they began beating the crud out of him and they were laughing cruelly at his pain. But, when I saw that Lori was going to break his neck to kill him, that set me off and I fired three blasts of light at them and it got them off Lincoln, and it also tied them up. I used some holy magic and cured the wounds on Lincoln. Then, we went down and told Mr. and Mrs. Loud what those three did in beating up Lincoln while he and I were doing math homework, and that got those three grounded for five weeks, and Luan and Lisa saw what happened and they were about to get revenge on us, but the glares from me, the parents, and the other sisters drove them off, and it meant if they also tried to help Lori, Lynn, and Lola, they're also going to be shown no mercy.

We cheered wildly for what Valerie Carrington did to save Lincoln and teach Lori, Lynn, and Lola a lesson.

Me: That was awesome work, Valerie.

TLPS Mr. Wolf: Mess with an angel, especially one of Lincoln's many Guardian Angels, and there's going to be no mercy for their crimes.

Applejack: That's right, those low-down, sidewinding demons.

We got a shower afterwards, but then, the alarm sounds, and when Lincoln checked the computer, he saw who it was that triggered the alarm: it was Shin.

Kenshiro: Shin, I knew he'd be the next one to show up.

Lincoln: Yeah, but we're not going to kill him, Kenshiro. From what Lin told me, Jagi was the one who manipulated Shin into taking Yuria for himself in the first place, not to mention all the things Shin have done was all to win Yuria's affection, but alas it failed.

Nico: That's true, he tried to win Yuria's affection, but it failed.

Lincoln: But, he would redeem himself in the end because of Raoh's imminent invasion, Shin entrusted Yuria to Nanto Goshasei, and Shin allowed his own reputation to be ruined by pretending to have murdered Yuria, thus fulfilling his destiny under the Star of Martyrdom who is destined to live and die for love.

Me: That's really tragic. But, still, we need to take him down.

Lincoln: You're right, J.D. Come on, gang, let's go.

We flew out The World Tree Estate, and Lincoln fired powerful blasts of rainbow energy and elemental forces at Shin. When Sin saw us, there's a look of calm on his face.

Shin: So, the famous Team Loud Phoenix Storm has arrived.

Lincoln: (Thinking) There's a look of calm on his face, but he needs to be shown that he doesn't need to die, but how to do that is the real question. (Out Loud) Yes, that's right, but unlike the one who'd manipulated you, you're not going to die here.

Cala Maria: That's right.

Suddenly, Cala Maria's light green eyes turned neon light green and she was surrounded by a light blue energy aura with ocean waves, water, and sea creatures, and as she approached Shin, she left light blue energy, ocean waves, water, and sea creatures with every

step.

Cala Maria: Shin, what happened to you was indeed tragic, and what Jagi did in manipulating you for his own sadistic pleasure and amusement was indeed unforgivable, but it's time to show you that you don't need to die in the name of love.

Suddenly, Cala Maria was surrounded by a massive vortex of light blue energy with ocean waves and sea creatures surrounding it, there's a mermaid swimming around the vortex, and in the vortex is a green phoenix. Then, as the vortex faded, Cala Maria emerged, but she was changed forever.

Cala Maria grew to 6'11" in height, she has the body of a goddess, she has light blue highlights in the tentacles of the octopus on her head that serves as her hair, she has neon light green eyes and a light blue energy aura with ocean waves, water, and sea creatures surrounding her, she has a mermaid emblazoned on her forehead, she has on mermaid earrings with blue gems for eyes and holding the Water and Eternity Kanjis in its hands, she has an octopus with blue gems for eyes and holding the Water and Eternity Kanjis in its tentacles for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with light green crystal links from her merged Crystal Necklace of the Buddha and light green gems on the gold lightning bolts. Cala Maria has on a blue exposed midriff top, light green skirt with octopi on it, light green knee-high boots, and a long sleeveless blue trenchcoat with ocean waves, water, and sea creatures on the coattails, and a mermaid surrounded by ocean waves on the back, along with her mermaid's tail. Suddenly, Cala Maria felt a sharp pain on her back, and then, massive pale lavender angel wings with blue tips on the large pale lavender feathers, sprouted out of her back. Cala Maria has on her Ring of The Phoenix with light green gem and heart-shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Suddenly, Cala Maria has a brand-new greatsword in her right hand called Inkwell Isle's Maelstrom Greatsword of Tropical Justice, it's a brand-new greatsword with sea creatures etched on the 7'0" massive, wide, double-edged blue blade, purple octopi tentacles for the crossguard, large light green gem embedded in the rainguard, longer black handle, and a large light green gem surrounded by octopi tentacles for the pommel. Cala Maria has on her brand-new gold Bracelets of the Champions of The Universe with large green gems on her wrists, her new gold Belt of Elemental Bravery with a gold octopus with green gems for eyes and a purple gem in its tentacles for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on her right hip and Eater of Sins revolver holstered on her left hip. There's a purple kanji below the mermaid that said, "Cala Maria, Mermaid-Gorgon Hybrid of Inkwell Isles, Former Enemy turned Ally of Cuphead, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Friend to Many, Seeker of Adventure, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Water and Sea Creatures"

カーラマリア、インクウェル島のマーメイド-ゴーゴンハイブリッド、元敵はカップヘッドの同盟国になり、リンカーンラウドの未来の妻を愛し、悪の殺し屋、混乱、殺人、冷酷、そしてサディスティックな野郎、多くの友人、冒険の探求者、驚くべきそして強力驚くべき強力な教師の学生、そして水と海の生き物のマスター

Cala Maria has transformed into SUPER ANGEL ETERNITY INFINITY MAELSTROM TROPICAL OCEAN MERMAID-GORGON ANGEL OF TROPICAL JUSTICE AND MAELSTROM LOVE!

We were amazed by Cala Maria's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when Shin saw it, we saw that he didn't do anything to attack, it's like he's resigned to his fate being death, but that's not going to happen.

Lincoln: Wow, Cala Maria, you look beautiful. How do you feel?

Cala Maria: (Divine Echoing Cosmic Voice of The Maelstrom Mermaid Gorgon and Divine Ocean Love) I feel incredible, Linky. Now, shall we put a stop to Shin once and for all?

Lincoln: (Smiles) With pleasure, Cala Maria.

Kenshiro: Allow me to join in as well.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Cala Maria, and Kenshiro also joined them.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Sorry, Shin, but we're changing your self-imposed destiny and self-imposed fate.

Cala Maria, Lincoln, and Kenshiro went after Shin, and they fired powerful blasts of rainbow energy, light green energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Mermaids, Sea Creatures, and Angels at Shin, and they exploded with incredible power as they hit him. Then, they attacked him with powerful martial arts techniques and he didn't see them coming. Then, they knocked Shin down and he was defeated. We cheered wildly for what Cala Maria, Lincoln, and Kenshiro did, as Dolores and Lincoln holstered their massive greatswords on their backs and power down, and Cala Maria's new body, clothes, weapons, jewelry, and massive lavender angel wings are permanent.

Shin: So, that's it, it's over. Go ahead and kill me, I shall die here in the name of love.

Lincoln: No, Shin. I can understand that you wanted to win the heart of Yukira, but it ended badly for you, and you were manipulated by Jagi to take Yukira for yourself, but in reality, it was for his own sadistic amusement and his hatred towards Kenshiro. But, you eventually redeemed yourself when you entrusted Yuria to Nanto Goshaseibut, because of Raoh's imminent invasion, and you allowed your own reputation to be ruined by pretending to have murdered Yuria. That's why we're not going to kill you.

Lincoln's words reached Shin's heart, and he knew that what he was doing was wrong. Then, Lincoln offered his hand, and Shin accepted it, and Lincoln helped Shin up.

Shin: Yes, you're right. What I did was in the name of love, but I was eventually manipulated by that monster, Jagi, and he manipulated me to do something that evil. I can't forgive that monster for that.

Kenshiro: Well, you don't have to worry about him. We killed Jagi and sent him to The Black Gates for good, and he's never coming back.

The news got to Shin, and he was glad to hear that, and we returned to The World Tree Estate, and Shin was made a new member of The Redemption Squad.

Cala Maria: Linky, Kenshiro, thanks for helping me take down Shin, and you convinced Shin that he's not going to be killed, Linky, that was so awesome.

Lincoln: (Smiles Warmly) You're welcome, Cala Maria.

Kenshiro: Glad to be of help to you both. Now, I'm finally rid of Amiba for good.

Suddenly, Cala Maria wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leans his face down to Cala Maria's face, they kissed passionately as Cala Maria's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, and Angel flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and ocean waves crashing with mermaids singing and sea creatures swimming behind them and we all cheered wildly.

Nico: Alright, that was an awesome battle, and Linc, you did an awesome job and convinced Shin that he's not going to be killed.

Lincoln: Thanks, Nico, and after what Lin told me about Shin, I couldn't help but feel sorry for him.

Me: Yeah, he wanted to win Yuria's heart, but his attempts failed. But, Jagi went too far manipulating Shin to kidnap Yuria.

Nico: That sadist really made me sick, I'm glad he got The Black Gates, same with Amiba.

Lincoln: But, we'll be ready for more of Kenshiro's enemies whenever they show up to attack us.

Later it was time for Layla's first ever Ambassador Mission and she was going to the world of Earthbound from the 1989 video game series from Nintendo.

Nico: This is gonna be very interesting.

Nicole: It sure is guys. The game Earthbound first came out in 1989 and it was also one of the first ever RPG video games ever made.

Eli: This will be awesome. I hope we face many awesome big bosses in this world.

William: Anyone else want to go with Layla? Besides Connor McKnight and 3 Rabbids?

Lincoln: You know I'll go. Ness is one of the characters of the Super Smash Brothers Roster and it'll be awesome to meet him and his friends.

Me: It sure will be awesome buddy.

Nico: Yep.

Layla: But I am so looking forward to this one.

Me: Yep.

Nico: Lets head on out.

We were off to the world of Earthbound.

We arrived in the world of Earthbound and Ness saw Layla.

Ness: Excuse me, miss. Did you just move into town?

Layla: Oh no. I'm actually here on a big team Mission. I am Layla, Princess of Andros and the Fairy of Waves.

Ness: Oh it's awesome to meet you.

Me: And we are with her.

Ness: Oh wow! Team Loud Phoenix Storm! It's an honor.

Nico: Same to you Ness and it's awesome to meet you.

Me: Same here.

Lincoln: And it's awesome to finally meet you too. My name is Lincoln Loud and I was added to the Super Smash Bros. Roster 2 years ago.

Ness: Oh wow! So you are the newest addition to the Super Smash World. It's an honor!

Lucas then came.

Lucas: Ness, who are these people?

Ness: Don't you recognize them Lucas?

Lucas saw our badge on our shirts.

Lucas: Wow! Team Loud Phoenix Storm it's an honor!

Layla: It's an honor to meet you too Lucas.

Connor McKnight: Same here. Oh sorry I'm Connor McKnight, leader of the Dino Thunder Rangers.

Ness: Pleasure to meet you.

Lucas; Wow! (To Lincoln) Wow! You're Lincoln Loud! I heard you were added to the Super Smash Bros. Roster. It's an honor.

Lincoln: You too Lucas.

Ness: How are Samus and Kirby and everyone doing?

Me: They are doing really awesome.

Nicole: We've been really busy meeting your fellow Super Smash Teammates.

Me: Yeah. And destroying many of your enemies too.

Connor: (sighs) And these are Rabbids.

Nico: They may look like rabbits but they are really funny and goofy.

Me: But they are also not the brightest lightbulbs in the closet if you know what I mean.

Ness: I do see what you mean yes.

Eli: Great.

Ness: Let me show you around Onett.

Nico: Sure.

Layla: Lets go.

We walked around Ness's home town of Onett and it was a really awesome place.

Nico: Onett is a really beautiful and friendly town.

Nicole: It sure is. Been a great place since July 27th, 1989.

Me: So almost 33 years.

Lincoln: Yep.

Ness: It's a nice place to call home. We don't deal with the enemies that are big and powerful like you do but it's fun.

Layla: Cool.

Lucas: Ness, I think you're forgetting about Porky and Giygas.

Ness: Oh right.

Nico: But we'll be ready for them when we al come here.

Eli: Yeah.

Me: But still it will be awesome to help you guys out.

Layla: It sure will.

One of the Rabbids tried stealing some bananas.

Shopkeeper: Hey! You need to pay for those!

The Rabbid blew a raspberry at him.

Rayman: Hey put those back now.

Me: Sorry sir these little guys are not very bright.

Shopkeeper: Oh. Wait you're J.D. Knudson! It's an honor to meet you!

Me: Same here sir.

We then heard screaming.

Nico: Sounds like trouble.

Me: Better than an explosion.

Eli: It's coming from there at 100 meters.

We went over to where the scream came from and we saw a bunch of snakes!

Connor: This'll be easy. Dino Thunder, Power Up! HA!

He transformed and he was ready!

Nico: YEAH!

Me: To quote Indiana Jones: Snakes. Why did it have to be Snakes?

Nico: Nice.

Me: Just call us the snake exterminators.

Ness: PK Flash!

Ness charged a green orb of energy above his head and it levitated towards the snakes.

It hit the snakes and exploded!

Me: YEAH!

Nico: Try this on! PK FIRE!

Nico fired a wave of fireballs at the snakes and burned them all over.

Eli: YEAH! PK FREEZE!

Eli fired waves of ice and froze them in place.

Me: YEAH!

Ness: PK Fire!

Ness shot fireball at the frozen snakes.

It incinerated them.

Me: Let me try! PK THUNDER!

I fired a ball of lightning and electrocuted the snakes all over.

Eli: YEAH!

Ness: PK Thunder!

Ness fired a ball of electricity, followed by a trail of lightning, at the snakes.

It electrocuted them in an instant!

Layla: Awesome! Lets see here. PK WATER!

Layla fired balls of water and drenched the snakes all over.

The snakes tried attacking Ness but couldn't.

Ness: This is my PSI Magnet!

Me: Awesome!

Layla: Yeah! Great move.

Nico: Time to use one of the new Gashats!

Me: You got it!

I activated one.

ICE CREAM MAYHEM OF THE NEAPOLITAN PHANTOMS!

For the Gashat of the Strawberry, Vanilla and Chocolate Technicolor Phantoms I formed a blaster of ice cream and fired it and the blasts hit the snakes and stunned them.

Layla: Awesome!

Me: Perfect for that since snakes slow down in temperatures below 50 degrees fahrenheit.

Nico licked the ice cream.

Nico: Yummy.

Lincoln: That was cool though.

Ness: Yep. I'll Finish this. PK STAR STORM!

He fired a huge barrage of comets from the sky and they hit the rest of the Snakes and destroyed them all!

WE WON!

Nico: YEAH! Awesome Final Smash!

Lincoln: Just like on the games.

Ness: You guys were awesome as well.

Me: Thanks Ness.

Layla: Many more moves where that came from.

Lincoln: You'll see them soon enough.

We later came back.

May: Hey guys. How did it go?

Me: Really awesome.

We told everyone everything and it was great.

May: Whoa that was awesome!

Eli: Yeah it was.

May: Next time, Zatch and Kiyo should go with you.

Layla: Great idea!

Zatch: It'll be awesome to go with you guys.

Kiyo: It sure will.

* * *

Later we were watching TV and then Nico's stomach started grumbling. It was grumbling really loudly.

Me: Uh oh.

Penance: Are you okay, Nico?

Nico: Not really!

Me: Uh oh! That's gas! Did you eat some of the Brussel Sprouts on the planet?

Nico: I may have had a handful of them while you guys weren't looking.

Sly Cooper: Nico, you need to go to the bathroom!

Maria: And fast!

Nico: NO TIME!

Nico opened a portal and it showed the jerks for the humiliations and Nico poked his butt through it and the jerks screamed as he then released a massive fart of incredible force!

MASSIVELY LOUD LONG FART!

Nico: (SIGHS OF RELIEF!)

The jerks were going to be feeling that!

Undermine: Feel better?

Nico: Much better!

Me: But that was really funny. But you better go to the bathroom just in case.

Nico: Good idea.

Nico went to the bathroom and had a good bout of relief.

Freeway: Eli, from now on, you're checking if any planet we plan to go to is edible or not!

Eli: Agreed.

Nico came back and he was much better.

Nico: Ahh that's better!

Freeway: Eli is gonna check if the planet is edible or not.

Nico: Speaking of which we found another food planet and this one is edible.

Eli: He's right. Also I need to start doing that from now on.

Me: Good.

Vice: We're never eating Brussels sprouts again!

Me: Jared will be the only one that does.

Vice: Fair enough. He sure is a true vegetarian.

Eli: Yes he is.

Jared: Yeah being a true vegetarian I just can't get enough of them.

Vice: Well that's okay then.

Nico: I don't eat Brussels Sprouts that often anyway.

Crag: Well that's good.

Nico: Anyway lets get ready to head to this planet we found.

Then Mammoth, Stinky Butt, Anti Wanda, Cavalier, Eris, Raven Branwen, Condiment King, Morbucks 2016, Professor XXXL and Artie Ziff appeared.

Mammoth: Can me, Stinky Butt, Anti Wanda, Cavalier, Eris, Raven Branwen, Condiment King, Morbucks 2016, Professor XXXL and Artie Ziff go with you guys?

Nico: Yes you guys can. This time the world we're going to is edible.

Eli: I just confirmed it.

Stinky Butt: Oh thank goodness there.

Lola: Yeah.

Grenade Man: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to do one for the Hysteria from the planet Aurelia.

We gasped!

Me: Whoa this one will be interesting!

Eli: One of the most lethal killer aliens we've seen in those documentaries!

Shanan: This is gonna be interesting. But finding this one is not going to be easy.

Laney: No because they are only a fraction of an inch in length.

Me: Yeah. But it will be awesome to see though. Individually they are impossible to see but together as a huge and massive super organism they form into a huge ghostly cloud form.

Nico: Yep. So it'll be someone that shrinks and grows that goes with me next.

Me: Yep but I think Scott has had his turn.

Ant Man: Yes I have.

Stinky Butt: Sorry you got gassy, Nico.

Nico: I'll be all right.

Jared: That's the spirit.

Nico: Anyway lets head out!

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure was in the vision: it was none other than our old enemy, the sadistic Animal Control officer, Capitan DuBois, and she's broken out of Arkham Asylum, and she wants revenge on us for stopping her from getting revenge on Alex and his friends years ago. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us today?

Lincoln: You got that right, Nico, and we're not going to like these two one bit: the dark energy signal I sensed belongs to our old enemy, the sadistic Animal Control officer, Capitan DuBois, and she's broken out of Arkham Asylum, and she wants revenge on us for stopping her from getting revenge on Alex and his friends years ago.

We gasped in shock.

Me: What? That crazy psycho's broken out of Arkham Asylum. Oh, this isn't good.

Lincoln: And it's going to get worse, I found out that DuBois was broken out of Arkham Asylum with help from soldiers of Orochi's army, and they gave her a Dark Orb.

We gasped in even more shock.

Nico: What?! But, how on earth is that possible. We killed Orochi, Da Ji, Kiyomori Taira, Kyūbi, and Hundun, how could there be…? (Realizes something) Why, that conniving fox!

Lincoln: (Pieces The Evidence Together) So, that explains it: in the chance that this sort of thing were to happen, Da Ji had a group of Orochi Army soldiers hiding out to get revenge on us.

Cao Pi: How typical of Da Ji, always trying something underhanded.

Luna: Well, that ain't happening again. Leni already banished Da Ji's spirit to The Black Gates after the fight against Dark Danny, who was resurrected by a last minute contingency plan by The Church of Necrom, now to take care of Kiyomori Taira, Kyūbi, and Hundun.

Luna, Luan, and Lynn banished the spirit of Kiyomori Taira, Kyūbi, and Hundun to The Black Gates for good.

Alex the Lion: Nice one, you three. Now, I'll be the one to take down DuBois for good, and that crazy woman's getting put into The Saturn Insane Asylum's Arkham Asylum Wing in Solitary Confinement, and the remnants of Orochi's men are going to be destroyed for good.

Nico: Yeah, now that's what I like to hear. Alright, gang, let's go, there's another food planet out there, but it's one we're going to like.

Lincoln: Yeah, and now that we know DuBois has escaped, she's going to get it big time, along with the remnants of Orochi's men who were hiding out on the orders of Da Ji. But, I don't know why, but why do I feel like the enemies we're going to be facing on the next food planet's are those who the Shinobi of The Four Great Nations know all too well, and we're also about to see another familiar face when DuBois shows up.

Lori: Same here, Linc. But, we'll be ready.

We went to the ship and we were off to the planet.

---

The U.S.S. Valorous Phoenix was flying through space.

Nico: Captain's Log, Stardate 6631.4: The U.S.S. Valorous Phoenix is en route to an edible planet this time and it'll be a really good mission for us to see what it's like. Our mission is to investigate this mysterious world and see if it's fit for exploration.

Totally Spies Timmy: I hope this planet is made of familiar food.

Nico: I have a feeling it will be a good one.

Me: Me too.

Lisa Loud: We have arrived at our destination.

Nico: On screen.

We saw that we were at a golden yellow planet with small spots on it that were different colors.

Nico: Wow looks like a flower desert planet.

Me: It sure does.

Nico: Lets land.

We landed and we got out.

Cavalier: Here we are.

To our surprise and amazement we saw that it was a planet with oceans made of Nacho Cheese sauce and the islands were made of chips, beans, sour cream, hot sauce, guacamole, salsa and jalapeño peppers!

Nico: WHOA! It's a planet of nachos!

Tuddrussel: HEY WOW! This is my kind of planet!

Eli: Wow! Nachos are awesome!

Me: Now this is more like it! I love nachos.

Eli: Yeah me too!

Nico took a chip from an island and dipped it in some nacho cheese and ate it and it was delicious!

Nico: Oh wow! This is some of the most awesome Nacho Cheese sauce ever!

Eli: Yeah it is!

Qin took some chips and dipped them in sour cream and beans and ate them.

Qin: Mmm! Delicious!

Tomahawk Man: Nachos taste better with taco meat.

Nico: They sure do. But I love nachos!

Me: Me too!

King Kai: (To us Telepathically) Nico, Everyone can you hear me!?

Nico: King Kai yes we hear you! What's wrong?

King Kai: I'm afraid I have really bad news. The Church of Necrom not only resurrected the Doomsday 23 for your future battles but as a secondary contingency plan they also reanimated many shinobi that J.D. knew from 150,000 years into the future. It's all the shinobi that J.D. met and fought in the 4th Great War.

We gasped!

Me: Are you serious King Kai!?

King Kai: I'm serious as pancakes with maple syrup and bacon J.D.! You guys are gonna be in for a really dangerous fight on that planet. So be extra cautious as among those shinobi are a few enemies that you might know.

Me: We'll be ready for them!

Nico: Oh man! J.D. since you have tons of experiences with them you lead this mission.

Me: Okay. We better keep our eyes peeled. And I sense one coming!

Anti Wanda: I got 'em! (fires her wand)

She blasted a bush and out came A THE 3RD RAIKAGE!

Me: (Gasp) Lord A the 3rd Raikage!

3rd Raikage: J.D.? It's good to see you my friend.

Me: Yes and after 150,000 years.

Nico: It's an honor to meet you Lord 3rd.

Eli: How do you know the 3rd Raikage?

Me: He was the greatest shinobi in the history of the Hidden Cloud. He is also one of the bravest heroes I've ever known. He took on a massive army of 10,000 shinobi all by himself for three days and nights to allow his comrades to get to safety at the cost of his own life.

Eli: Wow!

Varie: He is a true hero.

Me: Yep. And I helped him contain the 8-Tails when he was running amok.

I went over his history.

---

A's rule was punctuated by the berserk attacks of the Eight-Tails but as Kumogakure couldn't afford to dispose of such a valuable war deterrent, he was forced to look for a suitable jinchūriki in quick succession, after the conclusion of each rampage. During one of these attacks, A fought the Eight-Tails alone, allowing his comrades to escape. Their battle resulted in A receiving a self-inflicted wound to the chest after he collapsed upon his own hand, which became his life's shame. Since this event, he made it a personal duty to combat the Eight-Tails whenever its jinchūriki lost control, eventually making even his sonbecome part of the group that supported him during these occurrences. He chose to seal the Eight-Tails in the Kohaku no Jōhei, resulting in his nephew's death, hoping that someone else would have more success in controlling it.

Between these attacks, A held try-outs along with Dodai in order to search for a tag-team partner for his son, which was a long-standing tradition for the Raikage. As the exercise was seemingly going to end in failure again, he lamented the fact that this would have been unnecessary if A had an actual brother. After seeing the dummy's head finally fall off, he looks on at B and his son, glad that they had finally found a suitable candidate. Ultimately, when Killer B was made the jinchūriki, the Eight-Tails' rampages were at long last brought to an end.

At some point he also mentored Darui, passing the secrets of the Black Lightning technique down to just him. In his later years, during the Third Shinobi World War, he once faced an opposing force of ten thousand shinobi single-handedly for three consecutive days and nights, in order to allow his comrades to escape to safety.[9] He eventually died in this battle and with his death, the position of Raikage was passed onto his son, A. He would, however, become renowned for his extraordinary level of durability, endurance, and strength above all else, to the point where his body itself would become reputed as the " *strongest shield* " (最強の盾, *saikyō no tate* ).

---

When I was done it was amazing and shocking and admirable!

Nico: Wow!

3rd Raikage: It sure is. And How is my son doing J.D.?

Me: Lord A the 4th Raikage is doing really awesome. And his brother B the 8-Tails Jinchuriki taught Naruto my brother here how to control the full extent of the 9-tails.

Killer B: It's true fool.

Nico: Yeah. You should be very proud of him.

3rd Raikage: I am. But you have to stop me J.D.!

Me: I'll do more than that.

I fired a beam of light and restored him back to life!

3rd Raikage: I'm alive again!

Nico: Welcome back!

Me: Glad you're back with us Lord 3rd. I have a feeling that we're going to be in for one awesome mission.

Tantrum: Want some nachos now that you're alive again?

3rd Raikage: I sure would. How long have I been dead?

Me: You died 30 years before the 4th Great War broke out.

Nico: Wow.

We got the 3rd Raikage some nachos and man was he hungry.

Eli: Wait here comes another one.

Out came BLUE B - THE PREDECESSOR JINCHURIKI OF KILLER B!

Me: Blue B!

Killer B: Gyuki's previous host!

Nico: What was he known fo?

Me: He was not one of the Jinchuriki that was in full control of Gyuki's power. He had a lot of difficulties with it. But I found out something really horrible that lead him to lose control completely.

Nico: What happened.

Me: I found out that Orochimaru caused Blue B to lose complete control of the 8-Tails.

I went over his history and it was a shocker!

---

While an excellent shinobi, Blue B didn't have complete control over the Eight-Tails, a fact he lamented while on a mission with A, Killer B, and another unknown shinobi. He stated that neither him, nor his uncle or father could subjugate the beast due to "incompatibility". He hoped, however, that B, should he be chosen as the next host, would be able to successfully control the beast.

As A wondered if B would have enough control to be able to suppress the beast, Blue told him of the darkness and loneliness that was part of being a jinchūriki. A protested calling him a man of great talent, virtue and lineage, which Blue said none of that mattered and what a jinchūriki truly needed was something to give them strength and fill the void that would be created after the beast was sealed into them.

Some time later, in the anime, he was sent on a mission with A and B where they confronted several Iwaninja, after defeating them Blue B explained to an exhausted B where A's strength came from.

At some point after this, he lost complete control of the beast and it killed eight Kumo ninja, including Motoi's father who was a member of the subduing team. The Third Raikage subdued the Eight-Tails by sealing it into the Kohaku no Jōhei, resulting in Blue's death. In the anime, it was Orochimaru who caused the events leading to Blue B's death by posing as his doctor and giving him genjutsu-inducing pills to paralyse him and proceeded to use the Five Elements Unseal to draw out the tailed beast. Later, during the battle that followed, Orochimaru retrieved traces of the Eight-Tails' severed horn along with Blue B's DNA in it. The villagers later lamented Blue B being a failed jinchūriki at his funeral while B paid his respects.

---

When I was done everyone was shocked and mad.

Nico: That fucking snake!

Me: Yeah!

Blue B: I don't have the beast in me thank goodness but I'm still a dangerous ninja. You have to stop me.

Me: I will.

I fired a beam of light and resurrected him!

Blue B: I'm back!

Me: Blue it's awesome to have you back my friend.

Blue B: Same here.

Eris: Here are some nachos.

Blue B: Oh thank you.

Me: But it's awesome to have you back Blue.

Blue B: Same here J.D.

Nico: Wow! This is gonna make one awesome report to the 5 Kage when we're done here.

Me: Yep.

Eli: Here comes another one.

Out came the Legendary Taijutsu Master, CHEN!

Me: Master Chen!

Chen: Good to see you again J.D.

Me: Same to you.

Nico: Who is he?

Me: The most legendary Taijutsu Master in all the history of the Hidden Leaf Village.

I went over his history too.

---

Chen was known as a hero in Konoha. He once had a student much like Rock Lee who was unable to perform ninjutsu or genjutsu and dedicated himself to becoming a taijutsu master. Both Chen and his student participated in the Third Shinobi World War, with the latter killed in the war due to his inability to learn ninjutsu. The death of his student greatly affected Chen and the shinobi faked his death and gave up being a shinobi. Years passed, his granddaughter Azami would occasionally leave rice balls for her grandfather, the only person to be aware that he was still alive.

One day when his granddaughter was bringing his gravestone rice balls, Rock Lee, Naruto Uzumaki and Tenten came to pay their respects to the "late" hero. When Azami told them that Chen was still alive and to wait for him, they decided to do so. Later, Chen did appear. While Lee and Tenten were confused, Naruto believed him to be an impostor who was tricking Azami into making food for him, thus all three genin attacked him which resulted in him dropping his last rice ball. Greatly angered by that, he unleashed his secret technique on them. Realising that he was the true hero and amazed at his technique, Lee begged Chen to teach it to him so he could further his dream as a great taijutsu-specialising ninja. Shocked at how much alike Lee was to his late student, he furiously attacked Lee. Afterwards, he insisted that Lee give up on his dream and left. Lee however stayed at the gravestone, waiting each day for Chen to acknowledge him. Finally, Lee told Chen that he doesn't care if Chen refuses to teach him his technique, but insists to make the old master acknowledge him as a ninja. Begging Chen to use his technique on him, Chen agreed. Despite Lee being completely overwhelmed by it, Chen was amazed that Lee could see the true nature behind it. However, Chen still insisted that Lee give up on his dream and left.

Some time afterwards, Chen died. Later, Kabuto Yakushi acquired a DNA sample from Chen for later use.

---

When I was done everyone was amazed!

Nico: WOW! His power is incredible!

Eli: It sure is.

Me: And I learned many of his great moves from him.

Chen: That's right. J.D. was a great student. But I'm not in control of myself.

Me: No but you will be.

I fired a wave of energy and brought him back to life!

Chen: Wow! I'm back!

Me: Master Chen!

We hugged.

Me: I'm so happy you're back.

Brimstone: I think they've stopped coming for the moment.

Eli: Don't speak soon.

Me: Here comes a minor one.

Out came CHUKAKU, THE MENTOR OF CHIRIKU OF THE FIRE TEMPLE!

Me: Master Chukaku!

Chukaku: It's good to see you again J.D.

Me: You too.

Nico: Wow so he's one of the Guardian Shinobi 12 that I've heard about.

Me: Yep. He's Master Chiriku's mentor and teacher.

I went over his history which wasn't very much.

A ninja monk and scholar, Chūkaku taught Chiriku sometime before his death and was eventually interred at the cemetery in the Fire Temple. Kabuto would later reincarnate him by accident while looking for Chiriku.

Nico: Wow!

Me: Yep. But it'll be awesome for Chiriku to have you back.

I fired a wave of energy and resurrected him.

Nico: Awesome!

Condiment King: Anyone want ketchup and mustard with their nachos?

Nico: I don't think that would taste good.

Condiment King: You're right but Leif and Lana don't mind.

Me: That's them for you.

But then Out came a VERY FAMILIAR Jonin. It was DAN KATO, LADY TSUNADE'S LOVER!

Me: (GASP) Dan Kato!

Dan Kato: It's good to see you again J.D. I'm just so sorry we had to meet like this under terrible circumstances.

Me: It's not your fault Dan.

Nico: So he is Dan Kato.

Me: Yep. He was Lady Tsunade's love interest. After he died because of the Hidden Leaf Council's corruption, Lady Tsunade was devastated and she left the Leaf because of it.

I told everyone what happened.

---

After the death of his younger sister, he began advocating for medical ninjato be assigned to every squad. Tsunade shared a similar belief, and the two soon began dating because of it. During their time together Dan shared his dream of becoming Hokage with Tsunade - wanting the title so that he could better protect the villagers of Konoha which would prompt Tsunade to give Dan her grandfather's necklace as good luck and encouragement to follow that dream.

Soon after that, Dan was fighting in the Second Shinobi World War, in which he killed countless shinobi with his Spirit Transformation

Technique. Ultimately, he was fatally wounded during a battle, and while Tsunade was able to stop the bleeding, it was a lost cause as the blood loss was too severe and Dan succumbed to his injuries. Tsunade would later take on Dan's niece, Shizune, as an apprentice and leave the village some time after that, retiring from life as a shinobi.

---

When I was done everyone was shocked!

Nico: My god! That's horrible!

Me: It was.

Dan Kato: Yes and I'm sorry that Tsunade became like that.

Me: I know Dan. But the Council was to blame for all that. But now it's time for me to fix that broken part of Lady Tsunade and Shizune's hearts.

I fired a wave of energy and resurrected him.

Dan Kato was back!

I gave Dan some nachos.

Dan Kato: It's good to be back.

Me: Same here Dan.

Divebomb: Oh, and Danzo was dealt with by the Build team.

Dan Kato: That's good. I did not trust him one bit.

Me: And he's in prison for his crimes. (Senses 3 powerful energies) I'll explain later.

Then out came GINKAKU & KINKAKU THE GOLD AND SILVER BROTHERS and the former Dictator of the Hidden Rain Village, HANZO OF THE SALAMANDER!

Me: The Gold and Silver Brothers and Hanzo of The Salamander!

Ginkaku: Now we can destroy you right Kinkaku?

Kinkaku: We shall Ginkaku.

Nico: Not these guys again.

Me: The Gold and Silver Brothers were 2 of the Hidden Cloud's most infamous shinobi and their power was brutal.

I went over their history and it was bad.

---

Years ago, before the First Shinobi World War, the Gold and Silver Brothers made names for themselves in their attempt to capture the Nine-Tailed Fox for their village. They were instead swallowed whole by the beast. The brothers survived inside Kurama for two weeks by eating the beast's flesh; this would eventually lead to the fox regurgitating them. This left them with unusually large chakra-reserves and abilities similar to those of a jinchūriki.

With their new-found powers, the brothers assaulted the Second Raikage, during his peace pact with the Second Hokage Tobirama Senju, to stage a coup d'etat. Managing to bring the Second Hokage to the verge of death, the brothers are declared disgraces for their treacherous actions and deceptive natures. Despite this, they are still highly respected in Kumo for their strength and skill. At some point in their lifetime, they were alive during the reign of the Third Raikage. The brothers' fate after the ambush was never revealed, but they eventually died, taking with them four of the five treasures.

During the Fourth Shinobi World War, Kabuto Yakushi reanimates the Gold and Silver brothers, and their presence alone almost provoked A into completely disregarding his duties as leader of the Allied Shinobi Forces in order to personally confront the brothers on the battlefield as he informs the others how dangerous the two are. Soon after, the brothers confront Daruiof the First Division along with Samui and Atsui before the brothers sealed them away in the Benihisago despite Darui's attempt to save the former by severing Kinkaku and him and Ginkaku with his Storm Release: Laser Circus attack. Darui manages to counter the brothers' method of entrapment and uses the Shichiseiken to trap Ginkaku in the Benihisago. This act infuriates Kinkaku as he transforms into his six-tailed, Version 2 form.

With Team Asuma summoned to his side with the Kohaku no Jōhei as Ino uses her Mind Body Switch Technique to take possession of Kinkaku's body to force him into activating the Kohaku no Jōhei to suck in Kinkaku along with the Kōkinjō. However, as the first day of the war comes to an end, Tobitakes the Benihisago and the Kohaku no Jōhei intending to make use of the brothers' Nine-Tails chakra. The next day, Tobi tosses the Benihisago and the Kohaku no Jōhei into the Demonic Statue of the Outer Path to summon an incomplete version of "it".

---

When I was done with their history everyone was shocked!

Nico: WHOA MAN! And what about Hanzo?

Me: He was the ruthless dictator of the Hidden Rain and he's called Hanzo of the Salamander because he has a poison sac of a salamander implanted into him and because of that it made his breath lethal and toxic hence why he has to wear a gas mask.

I went over his history too.

---

At some point during Hanzō's childhood, he found a black salamander with deadly venom residing in his village. When it died, its venom sac was embedded into his body in the hopes of creating a venomous ninja who himself was immune to toxins. This required him to wear a mask constantly, in order to protect others from his venom-laced breath. At some point after this, Hanzō became well known and renowned throughout the shinobi world, so much that enemies have been known to flee at the very sight of him.

At one point, Hanzō confronted dozens of Samurai from the Land of Iron, who retreated after realising who they were up against except for one. Hanzō fought Mifune, whom he defeated and in the process, poisoned in their final clash by slashing his head. Hanzō spared his life, due to the samurai's strength and faith. He went as far as giving him the antidote to his poison to give him a fighting chance, but then left without treating Mifune's injury. Despite claiming to think he had killed him, in the back of his mind, Hanzō knew Mifune was still alive.

During the Second Shinobi World War, Hanzō fought some of Konoha's forces, with Jiraiya, Tsunade, and Orochimaru being the only survivors. As a reward to them for this accomplishment, he named them *Konoha's Sannin* and told them to refer to themselves as such in exchange for letting them live. He also engaged in battle with Chiyo numerous times, allowing her to create an antidote to his salamander's poison. At some point after this, Hanzō lost his conviction and decided to stop pursuing peace, stopped honing his skills and became dull, and only became interested in preserving his power.

Years later during the Third Shinobi World War, Hanzō became aware of a group of ninja who began a quest to end war through unorthodox means within his country. Though Hanzō initially admired their strong pursuit for peace, Danzō Shimura had convinced him that the group was a threat to his power. Hanzō then teamed up with Danzō to kill the group's leader, Yahikoand captured Konan. He lured Yahiko to a meeting where he forced Nagato, Yahiko's team-mate, to kill Yahiko in exchange for Konan's life. However, Yahiko committed suicide by impaling himself upon Nagato's kunai to spare his friend the anguish and burden of killing him himself. Following Yahiko's death, Hanzō managed to cripple Nagato, but in a fit of rage he slaughtered all of Hanzō's forces and the Root shinobi aiding him. After a brief skirmish with Nagato, Hanzō fled the scene.

Following the confrontation, Nagato began a civil war within Amegakure against Hanzō's regime. During the civil war, Hanzō sent seven genin teams to participate in the Chūnin Exams that were being held in Konohagakure. Sometime later, the Six Paths of Pain confronted and easily overpowered him and all his guards. As Hanzō expressed shock at being so outclassed and by one of the Paths looking like the presumed-dead Yahiko, Pain degraded him as trash for his selfish actions and how he had become a mere shadow of the man he once admired, before killing him. Pain then systematically slaughtered every person he was ever in league, or affiliated with; from family and servants, to even ambassadors of the villages who he was associated with. In the anime, as a further testament of Nagato's hatred for Hanzō, Nagato did not even bother to give Hanzō a proper burial.

---

When I was done everyone was shocked again.

Nico: Not good! I'll face the Gold and Silver Brothers and you face Hanzo.

Me: Good idea.

We went and did so and powered up!

Nico fired a beam of energy and resurrected both brothers and stripped them of the 9-Tails Chakra they stole and returned it to Natsumi.

Natsumi: Ahh! Now I'm complete.

Nico then blasted them with energy knocked them out. Nico then took the Treasured Tools of the Sage of the Six Paths. Nico got the Banana Palm Fan, Crimson Gourd, Golden Canopy Rope and the Seven Star Sword back.

Nico: Wow!

Nico tied them up.

Raven Branwen: Maria, how about you find a Best Match for my Fullbottle and show our new friends HOW Danzo was dealt with.

Maria: You got it!

RAVEN BRANWEN AND WEBSTOR! BEST MATCH!

She fired a black spider web and it tied up Hanzo and stripped him of his powers and then I resurrected him and we tied up the Gold and Silver Brothers and Hanzo.

Me: You criminals are in a world of trouble now.

Nico: Yep.

Then another figure came and it was HAYATE GEKKO!

Nico: Whoa!

Me: Hayate-Sensei!

Hayate: Good to see you again J.D.

Nico: So he was the proctor of the Preliminaries that was sick.

Me: Yep.

I went over his history.

---

As a genin, he was placed in a team with Ibiki Morino and Tokara. During the Chūnin Exams, Hayate and his team confronted Team Orochimaru.

In the anime, at some point, Hayate was chosen to be Yūgao Uzuki's instructor in kenjutsu; the time the two spent training together eventually led to them falling in love with each other.

---

When I was done everyone was shocked.

Nico: Oh man.

Me: But now the Hidden Leaf will have one of its shinobi back.

I fired a beam of energy and it resurrected him.

Laserbeak: You missed out on so many ninja adventures because you were sick?!

Me: He was killed before the Hidden Leaf Invasion began. But yeah that was before the Chunin Exams too. I found out that he was poisoned by a mysterious toxin. I was making the antidote to cure it but he died at Orochimaru's hands before I could give it to him.

Nico: Oh man. That's bad.

Me: Yeah.

Hayate: But now I'm back thanks to J.D.

Eli: Here comes another one!

The out came Neji's Father, HIZASHI HYUGA!

Me: (Gasp) Hizashi Hyuga!

Hizashi Hyuga: Good to see you again J.D.

Me: You too Hizashi.

Nico: So he's Neji's dad.

Me: Yep. And thank goodness that I saved Neji from going down a dark path before things got out of hand. After the Hidden Cloud Council sent that phony ambassador to take Hinata and me and Naruto saved her, they wanted Hiashi to go to the Cloud. But Hizashi agreed to go in his place. And that seal in the middle of his forehead destroyed the Byakugan before they could get it.

I went over his history and it was shocking and tragic.

---

Hizashi was born mere seconds after his twin brother, Hiashi. For this reason only however, Hiashi was made the successor to the Hyūga clan, whereas Hizashi was made a member of a branch house. At some point in Hizashi's life, he was branded with the clan's curse seal that would ensure his lifelong service to the main branch and that would seal his Byakugan when he died. Hizashi was unhappy with this fate but felt that there was nothing he could do and put up with it.

Hizashi eventually fathered a son: Neji. Several years after Neji's birth, Hiashi's daughter, Hinata, turned three. As was customary to do on the next heir's third birthday, Neji was given his own curse seal. Hizashi was upset that his son was being locked into the same fate that he was, and briefly put up with this as well. But as time went by, Neji's natural genius with the Hyūga clan's techniques became obvious to Hizashi. At the same time, Hinata was proving to be ill-suited as the Hyūga's next leader. Angry that Neji was being denied his full-potential because of his birth, Hizashi became more open with his disapproval of the main house, eventually manifesting as killing intent. Sensing this, Hiashi activated Hizashi's curse seal as punishment, causing Hizashi great pain and giving Neji reason to doubt the main house for the first time.

Some time later, in an event that would become known as the Hyūga Affair, Hiashi killed the Head Ninja of Kumogakure to save Hinata. Kumogakuredemanded Hiashi's body as restitution; in reality, they wanted to obtain the secrets of the Byakugan. The Hyūga elders and Konoha's leadership proposed that Hizashi be used instead; as Hiashi's body double. In addition to protecting Hiashi - the Hyūga's leader - doing so would keep the Byakugan's secrets from being discovered; Hizashi agreed. When Hiashi tried to protest, Hizashi immobilised him with a single blow. He then explained that he was not doing this to preserve the Hyūga's structure, but to save the life of his brother, to prevent war, and to choose his own fate for the first time in his life. Before going to his death, Hizashi asked Hiashi to tell Neji of his reason for his decision, regretting that he had only shown Neji his bitterness in life.

* * *

When I was done everyone was shocked!

Nico: Oh man that's terrible! Thank god you saved Neji from that path.

Eli: No kidding there!

Me: Yeah. But now I have a chance to fix the broken part of Neji that he lost.

I fired a wave of energy and it hit Hizashi and resurrected him!

Professor XXXL: Okay, the zombies are coming from somewhere

Nico: They are coming from the middle of this island.

Me: I sense it. Lets go find out.

Nico: Right.

We walked and then we saw INABI UCHIHA!

Me: (Gasp) (Snarls) Inabi Uchiha!

Nico: Oh man! You have a bad history with this one?

Me: In a way. Not nearly as bad as Fugaku or Evil Sasuke but he's right up there. He is one of Fugaku's men and wanted Itachi arrested for his "Suspicious Behavior."

I went over his history.

---

Alongside Yashiro and Tekka Uchiha, Inabi questioned Itachi Uchiha about his whereabouts during the time when Shisui Uchiha supposedly committed suicide. He told Itachi that they had all intention of duly investigating the matter and when they presented Shisui's alleged suicide note, he stated that for someone who wielded the Sharingan it would be no problem to forge such a note. They then left the note with Itachi telling him to ask the Anbu to investigate the matter as well. As the men left, they passed snide, suggestive comments about Itachi's involvement in the matter which Itachi took offence to and attacked them. Fed up with Itachi, the men asked Fugaku who had just arrived, to issue the order to arrest Itachi. However after Itachi apologised and Fugaku offered the excuse that Itachi was worn out from his other duties the men left.

Inabi and the rest of the clan were later killed during the Uchiha Clan Downfall. In *Book of Dark Night*, Itachi killed Inabi's wife before either were aware of his presence. Inabi attempted to attack Itachi with a fire jutsu, but Itachi cut his head off before the flames could leave his mouth.

---

When I was done everyone was shocked!

Kushina: And I'll deal with this one.

Kushina fired a blast of fire and incinerated him and I used the Black Gates on him.

Me: I never really liked that guy.

Barbossa: That tears it, lads! We're going to stop the zombies at their source!

Nico: I agree Barbossa!

Me: Yep!

We then saw 5 figures come out! And it was THE 1ST GENERATioN OF THE SEVEN NINJA SWORDSMAN OF THE MIST! We saw Jinin Akebino, Juzo Biwa, Kushimaru Kuriarare, Jinpachi Munashi and Fuguki Suizakan!

---

Jinin Akebino

At some point, Jinin joined the Seven Ninja Swordsmen of the Mist, where he came in possession of the Kabutowari. Some time after the Third Shinobi World War, he alongside the other swordsmen encountered a Konoha team. After managing to corner the shinobi, the three were saved by Might Duy, who sacrificed himself in order for them to escape[ In the anime, Jinin was killed by Duy's effort.

Juzo Biwa

When Jūzō joined the Seven Ninja Swordsmen of the Mist, he became the wielder of the Kubikiribōchō, which he used many times to dye the battlefields red with the blood of his enemies. This level of brutality made him famous in several parts of the shinobi world. At some point after the Third Shinobi World War, Jūzō and his team-mates cornered a Konoha teamconsisting of Might Guy, Genma Shiranui and Ebisu. Jūzō was surprised that the young ninja knew of his team and acknowledged their growing fame. Before the swordsmen could proceed any further, they were confronted by Might Duy, who activated the Eight Gates Released Formation, sacrificing his life in order to allow his son and his team-mates to escape.

In the anime, Jūzō survived the encounter along with Raiga Kurosuki and Fuguki Suikazan. Following the incident, Jūzō became a missing-nin and joined Akatsuki. Shortly after the Uchiha Clan Downfall, Pain instructed Jūzō to partner up with the newly-recruited Itachi Uchiha. Over time, Jūzō and his new partner completed various missions together. Eventually, they were given a mission in the Land of Water, much to Jūzō's annoyance. After completing the mission, Jūzō and Itachi were followed and engaged by a team of hunter-nin lead by Yagura, the Fourth Mizukage. Jūzō and Itachi were able to strike down most of the hunter-nin, but Yagura entered his Version 2 form and launched a Tailed Beast Ball toward Jūzō.

With little time to react, Jūzō attempted to deflect the attack with the Kubikiribōchō but failed, leaving him mortally wounded. After Itachi managed to defeat the Mizukage, Jūzō lamented having to die in this country, reaching out for his sword, which he viewed as his only true ally. Upon dying, out of respect, Itachi placed the remains of Kubikiribōchō in Jūzō's hand. After his death, his sword fell back into the possession of Kirigakure.

Kushimaru Kuriarare

In the anime, Kushimaru committed many acts of cruelty in his lifetime, including killing his sensei. At some point in time, Kushimaru encountered the young Might Guy, Ebisu and Genma Shiranui on a mission alongside the other members of the Seven Ninja Swordsmen of the Mist. The young shinobi managed to flee, however, due to the timely arrival of Might Duy, who sacrificed himself to save the genin. In the anime, Kushimaru was killed by Might Duy's effort.

Jinpachi Munashi

In the anime, according to Kakashi Hatake, Jinpachi committed many acts of cruelty in his lifetime, killing his older brother being one of them.

Fuguki Suizakan

At some point in time, Fuguki became a jōnin and joined the Seven Ninja Swordsmen of the Mist, where he inherited the sword Samehada. Some time after the Third Shinobi World War, Fuguki alongside the other seven swordsmen, cornered a team of Konoha shinobi consisting of Might Guy, Ebisu, and Genma Shiranui. Before the swordsmen could attack, Might Duyintervened and fought off Fuguki and his teammates, by using the Eight Gates at the cost of his life, taking down four of Fuguki's allies in the anime.

Some time later, Fuguki assigned his subordinate Kisame Hoshigaki, to the secret Cypher Division to serve as a bodyguard, ordering him to protect his comrades. However, he stressed that the codes that were important to the village are worth far more than the lives of his comrades. With this set of priorities, Kisame resolved to massacre his own teammates when they were in danger of falling into the hands of Ibiki Morino during a mission to protect such valuable information. Later, Fuguki was revealed to have been leaking information to enemies, and was killed by Kisame, with his corpse visibly impaled by sharp implements tied to chains. Kisame would then take Samehada for himself, becoming a member of the Seven Swordsmen, Yagura's direct subordinate and Madara Uchiha's accomplice.

---

We resurrected them and tied them all up.

Me: These guys are in big trouble.

But then out came another figure and it was RASA THE 4TH KAZEKAGE and Gaara's father!

Me: Lord Rasa!

Gaara: Father!

Nico: So he's the 4th Kazekage!

Me: That's right. And he did not like what the Sand made him do to his own son.

I went over his history and it was horrible.

---

Because the Land of Wind's daimyō began to cut down on Sunagakure's budget and instead used Konohagakure's less expensive services, Rasa therefore saw his own village in danger of extinction. In order to prevent that, he decided to focus on increasing the quality of the ninja in the village. As such, he ordered Chiyo to seal Shukaku within his youngest son, Gaara, so that he could become Suna's ultimate weapon. As a result, his wife, Karura died from childbirth while Gaara was born prematurely, despite Rasa's desperation to save her life. He then taught Gaara ninjutsu, but assigned Yashamaru to be Gaara's caretaker, ostracising him from his elder siblings Temari and Kankurō.

However, as Gaara grew and his abilities began to manifest, Rasa realised that this had been a poor choice, and started to view Gaara as a failed experiment that threatened the inhabitants of Suna, due to Gaara's unstable nature of attacking citizens unintentionally. Being pressured by the village's dying resources and with the council declaring that Gaara was useless to them, Rasa formulated a plan with Yashamaru to test out Gaara's control over Shukaku. Upon this Yashamaru died and Gaara lost control, allowing Shukaku to go wild. Rasa used his Gold Dust to stop the beast. After this incident Rasa saw Gaara was indeed a failure and began issuing orders for Gaara's assassination, but all six attempts ended unsuccessfully. However, later when Gaara began to have more control over his powers due to his new ideals of being alone, Rasa saw this as an opportunity to give his son one more chance, and to appreciate Gaara's usefulness, therefore stopped issuing attempts on his son's life, in hopes of him becoming a powerful tool.

In the anime, it was noted that Rasa also sent Pakura to her death as part of an unfair peace treaty between them and Kirigakure where her life was to be forfeited. She was sent to Kirigakure under the pretence of being an envoy, where she was killed. The blame for this was cast on Iwagakure whom his village had a feud with at the time as a means to stir their shinobi to war. Also, during the Third Shinobi World War, as Konohagakure wished to form a peace treaty with the Iwa, they deliberately had the meeting on the Suna borderline, prompting Rasa and his forces to oversee the events should a battle occur. He stated he would deal with any incidents that were to happen, and with that, the Iwa group retreats. Also, in the anime, it was said that Rasa established a rule for the Sunagakure Academy that forbade children who didn't possess skill in ninjutsu or genjutsu to attend.

Rasa once mentored Shigezane in Water Release techniques, in order for him to gather gold dust for the Kazekage.

---

When I was done everyone was shocked!

Nico: Oh man!

Pakura: Lord 4th it was not your fault. It was the Council's fault.

Me: It's true Rasa, we're sorry this had to happen. But it's time for you to mend relationships with your son.

I resurrected him.

Me: Also you may want to lay low for a bit because of Karura. She is gonna be REALLY Pissed with you.

We moved on and also we saw and resurrected Gengetsu Hozuki the 2nd Mizukage and Mu the 2nd Tsuchikage.

---

Gengetsu Hozuki

During his lifetime, Gengetsu had a mutual enmity with the Second Tsuchikage, which ended in both men killing each other in what would be their final confrontation. From this rivalry, he also knew Ōnoki when the latter was a child and had constantly picked on him.

Mu

Some time before the First Shinobi World War, Mû and Ōnoki met with Madara Uchiha, after an alliance had been formed between their respective villages. Despite their standing, Madara boldly declared that Konohagakurewould remain the dominant power and as such, they should obey any orders given. This culminated in both parties engaging in battle where Mū and Ōnoki were defeated. Mū accompanied the First Tsuchikage to the first ever Five Kage Summit. There he stood behind the First watching diligently as the proceedings unfolded. During his lifetime, Mū taught Ōnoki how to use Dust Release.

It was during Mū's era as Second Tsuchikage that Iwagakure began to actively try to acquire other tailed beasts, having the Four-Tails and the Five-Tails already in its possession. He also had a great enmity with Gengetsu Hōzuki and the two kage eventually killed each other in what would be their final confrontation.

---

Then we saw a single trickle of snow.

Me: What the?

?: Firma!

We then saw a little boy come and he danced around me.

Me: Yota?

Yota: Firma! Great to see you.

Me: (Chuckles) It's been 150,000 years since I was called that.

Nico: Who's this little guy?

Me: This is Yota. He's a very interesting little guy. He has this very awesome and amazing ability to control the weather depending on what his emotions are.

I went over his history.

Yota was born into a travelling clan who could manipulate weather and use their skills to make a living. Five years before the start of the series, Yota died at a young age of natural causes due to his frailty yet was later reincarnated by Orochimaru as a test subject in his research on Impure World Reincarnation.

Sent to Konohagakure on Orochimaru's command, Yota met Chōji Akimichi, Shikamaru Nara, and Ino Yamanaka when they came looking for Chōji's kunai set, which after being thrown pinned Yota to a tree. The crying Yota caused a downpour that ultimately collapsed the tree and freed him. Soon afterwards, Yota introduced himself to the young Konoha children as they decide not to tell the adults about him as there was already tension between Konohagakure and the other nations. They instead give Yota shelter in a makeshift tree-house and bring him food at a regular basis. Eventually, after meeting Kiba Inuzuka, his dog Akamaru, and Sakura Haruno whom he took a liking to, Yota started acting bold from appearing in the village to playing a small prank on Sasuke Uchiha.

Around this time, Yota met Naruto Uzumaki while he was whistling and became friends with him while asking him to teach him how to whistle. However, despite having a good time with his new friends, things changed when Yota decided to hide with Naruto during a game of hide and seek. Mistaking Naruto telling him to hide elsewhere as a sign of dislike, Yota ran off while causing his presence to be known to the Konoha Anbu as they capture him for interrogation with Naruto and the others hatching a scheme to save Yota.

After saving Yota, the group reached a very steep river and tries to cross it, but Naruto, Shikamaru, and Chōji were washed away by the strong current only to be saved by Yota, who failed to resurface after the incident. They later find Yota seemingly on the verge of death as he gives the group his goodbyes while erasing their memories of him. Not wanting his friends to be put in danger once more, Yota leaves Konohagakure and lives out the remainder of his manipulation in loneliness before ending up under the thrall of Orochimaru's spy and right-hand man Kabuto Yakushi.

When I was done everyone was amazed.

Nico: Wow that is amazing!

Me: Yep.

I then snapped my fingers and resurrected him.

We then encountered Torune Aburame, one of Danzo's bodyguards.

Torune's father, Shikuro Aburame, died while he was still young. With no other close family members left, he was taken in by Shino Aburame's family. Due to the unique nature of Torune's insects and his lack of control over them, Torune could not attend the Academy without risking the well-being of his peers. Despite their different views about friendship, Torune and Shino grew close, forming a brother-like bond. One day, Danzō Shimuraapproached the two young Aburame with the desire to recruit another young member of secret technique-using clan for Root. While Danzō had the authority to do so and expressed interest in Shino, not wanting Shino to live a life of loneliness, Torune offered himself, appealing to Danzō by revealing who his father was. Soon after joining Root, Torune was partnered up with Fū Yamanaka who despite his chastising, quickly formed a strong friendship with the Aburame as he taught Torune the workings of Root.

We then encountered the 1st and 2nd Hokages HASHIRAMA AND TOBIRAMA SENJU and we resurrected them.

Hashirama Senju

Hashirama was born during the Warring States Period, the eldest of Butsuma Senju's four sons. Hashirama and his brothers grew up on the battlefield waging constant war with the Senju's rivals: the Uchiha. During his infrequent downtime, Hashirama met a boy his own age named Madara. The two quickly developed a friendly rivalry, be it skipping stones or urinating in rivers, with Hashirama typically winning their contests. Hashirama did not approve of this practice of sending children to fight and die, believing it would only increase the bitterness between the Senju and Uchiha, thus causing more deaths.

After the deaths of their brothers, Kawarama and later Itama, Hashirama and his remaining brother, Tobirama, decided a new shinobi system would need to be implemented to end the cycle of child deaths, a system that would require an alliance between the Senju and Uchiha. Like Hashirama, Madara was also a shinobi who had lost brothers on the battlefield. Together they imagined a world where children like themselves wouldn't need to fight and where their brothers would be safe from harm. As a precaution, Hashirama and Madara did not divulge their family names, but nevertheless discovered each other's identities: Hashirama was a Senju, Madara was an Uchiha; it was their duty to kill each other. Hashirama set this duty aside, unwilling to take his friend's life. Madara, however, decided their dreams of a peaceful world were impossible, and therefore ended their friendship so that they could kill each other without reservation.

Over the following years Hashirama and Madara continued to meet in combat. Hashirama could never bring himself to kill someone he still considered a friend, and Madara could never defeat Hashirama's superior abilities. In time, both Madara and Hashirama became leaders of their respective clans. Under Hashirama's leadership and extraordinary ninja prowess, the Senju began to best the Uchiha Clan until at one point Hashirama had both Madara and Izuna at his mercy. However, unable to find the resolve to kill his childhood friend, Hashirama tried to convince Madara to unite their two clans to make their childhood dreams a reality. A mortally wounded Izuna convinced Madara otherwise and they retreated, prompting Hashirama to send a cease-fire request. Although some Uchiha found the offer increasingly tempting, Madara was unwilling to accept after Tobirama killed his last remaining brother, Izuna. This did not stop some Uchiha from defecting to the Senju out of self-preservation. Wracked with grief, Madara made one final stand against Hashirama and the Senju and was summarily defeated.

Tobirama attempted to kill Madara to finally end the fighting, but Hashirama stopped him, knowing that would only renew hostilities between the Senju and Uchiha. At Madara's suggestion, Hashirama offered to kill himself in order to achieve a peaceful resolution. As he was about to end his own life, Madara stopped him, moved by the gesture, and assented to peace.

The Senju, the Uchiha, and all their affiliated clans came together to found a village of peace, where children would never need to die in battle. Hashirama and Madara, rekindling their childhood friendship, called that village Konohagakure. The other countries would soon follow Konohagakure's example and build their own hidden villages. It was his wish that Madara become Hokage, the village's leader and protector. At Tobirama's insistence, the Hokage position was democratically elected, and in the end it was Hashirama that was chosen for the office. Hashirama wanted Madara to work with him as a brother and as his right hand so that he could improve his standing among the villagers and someday succeed him as Second Hokage. Madara felt that position would inevitably go to Tobirama, which would in turn end badly for the Uchiha. With his position in Konoha rapidly diminishing and after being manipulated by the stone tablet Zetsualtered, Madara decided the village was a failed experiment and abandoned it, intent on someday returning to face Hashirama in battle yet again.

True to his promise, Madara eventually attacked Konohagakure on multiple occasions. After countless fights and with the Nine-Tails under his control, Madara challenged Hashirama to one final contest. The Nine-Tails' power, as well as Hashirama's efforts to capture and contain it, devastated the landscape, carving out what would later be called the Valley of the End. Hashirama spent the duration of their battle trying to reason with Madara, but Madara continued fighting until he was too tired to keep even his Sharingan active. This enabled Hashirama to distract him with a wood clone while the real Hashirama stabbed him in the back. Madara collapsed and, before dying, noted how much Hashirama had changed from when they were children.

In the aftermath of the battle, Tobirama hid away Madara's body and Hashirama's wife, Mito, sealed the Nine-Tails within herself in order to contain its great power to Konoha's benefit. For a time, things were peaceful: Hashirama helped train one of Tobirama's students, Hiruzen Sarutobi; he got to spoil his first grandchild, Tsunade; he locked away the Scroll of Seals, the kinjutsu it contained no longer necessary in the world he'd made. But the peace Hashirama had worked so hard for was starting to unravel; at some point Takigakure sent Kakuzu to assassinate him. Although he defeated Kakuzu, other wars began to break out.

In an unknown time, Hashirama convened a Kage Summit so that he could share the tailed beasts Konoha had acquired with them, thus balancing power amongst them. But cooperation would not be so simple as Hashirama intended it to be, first by Tobirama's demand that the other villages pay for the tailed beasts they received, then by the First Kazekage's counter-request of money and territory in lieu of a tailed beast. As unrest began to grow, Hashirama shared his fear that any agreement they made would only be temporary, but also that future generations could forge a lasting unity.

Ultimately, Hashirama's wish for peace would not come to fruition during his lifetime and he died while Konohagakure began to flourish. Before his death he passed the title of Hokage to Tobirama, and instructed him not to mistreat the Uchiha.

Tobirama Senju

Tobirama was born during the Warring States Period, and was the second of Butsuma Senju's four sons. He and his brothers grew up on the battlefield waging constant war with their rivalling clans especially the Uchiha. After the deaths of their brothers: Kawarama and later Itama, Tobirama and his older brother, Hashirama, decided a new shinobi system would need to be implemented to end the cycle of child deaths - a system that would require an alliance between the warring clans. At some point in time, it became apparent that Hashirama got into the habit of disappearing into the forest for extended periods, and as such, Tobirama accepted his father's assignment to follow Hashirama and find out what he was doing.

From tracking Hashirama, Tobirama discovered that he was meeting with a boy named Madara: a young Uchiha. After Tobirama reported this to their father, Butsuma pressured Hashirama to lead Madara into an ambush to be carried out by himself and Tobirama. Upon springing the trap, however, they were met by Madara's family - who had similar plans and while their fathers clashed - Tobirama fought Izuna Uchiha: Madara's younger brother. Hashirama and Madara were able to negotiate a temporary ceasefire, allowing all of them to walk away without bloodshed. In the years following their families would continue to clash, Hashirama against Madara and Tobirama against Izuna. On one occasion Tobirama eventually mortally wounded Izuna.

Hashirama, by then the leader of the Senju, tried to use Izuna's fate to broker peace between their clans, but Madara - at Izuna's behest - refused. His refusal increasingly became the minority view, with individual Uchiha siding with the Senju in growing numbers. After Izuna succumbed to his injuries, Madara, wracked with grief, made one final stand against the Senju and was summarily defeated. Tobirama attempted to kill Madara to finally end the fighting, but Hashirama stopped him, knowing that would only renew hostilities between the Senju and Uchiha. Madara offered to surrender if Hashirama would kill himself or Tobirama. Hashirama agreed to take his own life, and as he made preparations he instructed Tobirama, despite his protests, not to seek retribution. Madara ultimately withdrew his request and agreed to peace.

The Senju, the Uchiha, and all their affiliated clans came together to found Konoha, a village of peace where children would never need to die in battle. Although Hashirama was optimistic about the village's future, Tobirama remained realistic about how that future would be achieved knowing that it was not enough to simply bring all these clans together. He believed the Uchiha - Madara in particular - threatened that future. When Hashirama wanted to give Madara the position of Hokage, Tobirama forced him to open the selection to a democratic process rather than appointing a leader, leading to Hashirama's election instead. Tobirama would continue to act as the voice of reason throughout Hashirama's tenure; during the first Kage Summit, Hashirama wanted to give Konoha's tailed beasts to the other newly-formed villages for free, but Tobirama insisted that the villages pay for the tailed beasts they received.

Under Hashirama's leadership, the new system of ninja villages achieved peace for a time. Eventually, Tobirama started training his own three-man team consisting of Hiruzen Sarutobi, Homura Mitokado, and Koharu Utatane. Techniques he had created, such as the Shadow Clone Technique and Summoning: Impure World Reincarnation, he outlawed, their use no longer being needed. But peace would ultimately be temporary as Madara challenged Hashirama's authority and the two fought at what would become the Valley of the End. When Madara was killed in the battle, Tobirama took his body in order to study the Sharingan, and then buried it in an unmarked grave. Conflicts would start emerging elsewhere in the world, and it was during one of these that Hashirama would die. Before his death, he passed the title of Hokage to Tobirama and left him instructions to not mistreat the Uchiha.

Tobirama's role as Hokage included helping Konoha's shinobi transition from valuing their clan above all else to valuing the village and everyone in it. To this end he created such institutions as the Academy, the Anbu, and the Chūnin Exams. While largely successful, enough that other villages adopted the same organisations, the Uchiha resisted the loss of their autonomy. Already wary of the Uchiha because of his history with Madara, Tobirama created the Konoha Military Police Force for the Uchiha to run, publicly as a sign of trust but primarily so that the Uchiha could focus their energies into something beneficial. Others, however, would come to see this as a way to marginalise the clan.

Like Hashirama before him, Tobirama tried to foster good relations with the other villages. He planned an alliance between Konoha and Kumogakure, but during a formal ceremony he and the Second Raikage were attacked by the Gold and Silver Brothers and left near death. During the First Shinobi World War, Team Tobirama, as well as Danzō Shimura, Torifu Akimichi, and Kagami Uchiha found themselves surrounded by Kumo's Kinkaku Force. With no way for all of them to escape, Tobirama volunteered to act as a decoy in place of Hiruzen. As he departed, he passed the title of Hokage to Hiruzen, before being killed by Kinkaku.

2016 Morbucks: I see the source.

Me: Oh no!

We looked and saw that it was actually MADARA UCHIHA!

---

Madara was born during the Warring States Period, and was the eldest of Tajima Uchiha's five children. Madara and his siblings grew up on the battlefield waging constant war with the Uchiha's rivals: the Senju. Three of his siblings died young, leaving Madara with only his younger brother, Izuna. Madara and Izuna became very close through their shared loss and constantly competed with each other to get stronger. This, combined with his naturally strong chakra, enabled the young Madara to defeat adult Senju in battle and develop a reputation as a genius.

During his infrequent downtime, Madara met a boy his own age named Hashirama. The two quickly developed a friendly rivalry, be it skipping stones or urinating in rivers. Like Madara, Hashirama was also a shinobi who had lost his brothers on the battlefield. Together they imagined a world where children like themselves wouldn't need to fight. As a precaution, Madara and Hashirama did not divulge their family names, but nevertheless discovered each other's identities: Madara was an Uchiha, Hashirama was a Senju; it was their duty to kill each other, even if they were friends. Needing to choose between his family and his dreams of peace, Madara chose to end his friendship with Hashirama so he would have no reservations over killing him in the future, a resolve strong enough to awaken his Sharingan.

Over the following years Madara and Hashirama continued to meet in combat. Madara could never defeat Hashirama - even after acquiring a Mangekyō Sharingan - and Hashirama could never bring himself to kill someone he still considered a friend, resulting in a constant stalemate between the two that lasted decades. In time, both Madara and Hashirama became leaders of their respective clans, a position Hashirama tried to use to broker peace between them. Although some Uchiha found the offer increasingly tempting, Madara refused due to Izuna's death at the hands of Hashirama's own brother, Tobirama Senju. Despite this, some Uchiha defected over to the Senju clan out of self-preservation. Madara then used Izuna's eyes in order to gain "eternal" Mangekyō Sharingan and restore his deteriorating vision. With this new power he waged one final assault against the Senju and was summarily defeated. Rather than kill Madara to bring the era of war to an end, Hashirama offered to kill himself if it would stop the fighting. Madara was moved by Hashirama's gesture and finally assented to peace.

The Senju, the Uchiha, and all their affiliated clans came together to found a village of peace, where children would never need to die in battle. Madara and Hashirama, rekindling their childhood friendship, and Madara called that village Konohagakure, seeing it through leaves. But Madara's idea of peace differed from Hashirama's: where Hashirama envisioned cooperation with the other newly-formed villages, Madara desired control so the peace could never be lost, evidenced by his attacking Iwagakure's Mū and Ōnoki so that they would submit to Konoha's authority. When Hashirama was elected as Hokage, Konoha's leader, Madara also became concerned for the Uchiha's future, believing this to be but the first step in the Senju's dominance.

The Stone Tablet Zetsu altered had been in the Uchiha's possession for generations and was brought with them when they settled in Konoha. Through careful study, Madara was able to decipher enough of it to learn of the history of shinobi: of the endless cycle of failed peace and the destiny of battle between Uchiha and Senju, but also a means of unity for the world. With this knowledge, Madara decided Konoha was a failed experiment. He tried to convince his own clan and even Hashirama of the same conclusion, but none would hear him. Madara chose to abandon the village, attacking Konoha on multiple occasions, later returning with the Nine-Tailed Demon Fox under his control to challenge Hashirama. They fought to exhaustion, and from the carnage of their battle the Valley of the End was formed. In the end, Madara was killed by Hashirama.

News of Madara's death spread fast and his corpse was secretly hidden to keep anyone from finding it and profiting from it. But Madara had planned ahead: he had scheduled an Izanagi to activate sometime after his death, changing reality to bring him back to life in exchange for his right eye's vision. Having expected this, Black Zetsu located Madara's corpse and hid itself inside Madara's body, allowing it to later deceive Madara into thinking he created it. After being revived, he left a copy in place of his real body and went into hiding with a special trophy from his fight with Hashirama: a mouthful of Hashirama's flesh that he transplanted into his wounds. It was not until decades later, towards the end of Madara's natural life, that the cells had any effect, awakening the Rinnegan (in the process restoring his right eye). With the Rinnegan he was able to summon the Demonic Statue of the Outer Path, which he used to cultivate a mindless living clone of Hashirama from which he believed he had produced a White Zetsu Army.

Over the years, Madara had perfected his plans for peace in what he called the Eye of the Moon Plan. But as his years waned, Madara knew he couldn't complete his plans in the time he had left. So he transplanted his Rinnegan into a young Nagato without the boy's knowing, intending Nagato to someday use the eyes to restore Madara to life. If Nagato was to do this, however, Madara would need an agent to act on his behalf and guide Nagato towards this ultimate goal. Madara waited, connecting himself to Demonic Statue to keep him alive until someone could be found. Madara spent this time keeping a close eye on Konoha to find a suitable pawn to take his place.

During the Third Shinobi World War, Madara found a badly injured Obito. Madara used Hashirama's cells to replace Obito's damaged extremities and placed a Forbidden Individual Curse Tag in Obito's heart as a fail-safe in case Obito ever turned against him. Until then, Madara began working towards corrupting Obito. He had Kirigakure kidnap the girl Obito loved, Rin Nohara, and seal the Three-Tails into her. He then manipulated events so that Rin would die at the hand of Obito's friend, Kakashi Hatake, while Obito watched. Driven to despair, Obito offered his services to Madara. Madara divulged to Obito the history of the Sage of the Six Paths and the Ten-Tails, the details of his Eye of the Moon Plan, and various techniques that Obito would need moving forward. As a final act, he left behind Black Zetsu - what he believed to be a manifestation of his will - to provide additional guidance to Obito in pursuit of this goal. With that, Madara disconnected from the Demonic Statue and, with his dying breath, entrusted Obito with his name: Madara Uchiha.

Nico: OH MAN! IS THAT!?

Me: Madara Uchiha! The Devil of The Leaf!

Fubuki Kakuyoko: Let's do an entrance on our "old friend".

Me: No wait. On a legendary shinobi like Madara Uchiha we need to approach this differently. I'll face him and then you guys come in when I give the signal.

Nico: Okay.

I went up to him.

Me: Madara Uchiha.

Madara Uchiha: So you have come to me J.D.

Me: And now I'm going to rid the universe of you for good Madara. So many people have died and suffered all because of you. You truly are the Devil of the Five Great Nations.

Madara Uchiha: Like I care what you think. All shinobi are a menace to the world and they all must be eradicated.

Me: Not if we have anything to say about it.

I gave the signal and then the spirits of the Loud Brothers appeared and they swirled around him and punched him in the face and stomach all over and then converged and then…

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted off above him and fireballs rained down on him and smashed him all over and then a phoenix cry was heard and then we all appeared.

Nico: Hello Madara.

Hashirama: You haven't changed hardly at all my old friend.

Madara: Hashirama you and I have some business to settle!

Hashirama: So we do.

Madara: Tell me, J.D. What angers you more? The fact that the more superior version of Sasuke and his group seemed to be better heroes then you and your friends? Or the fact that you let it happen?

Me: Don't try to play mind games with us Madara.

Artie Ziff: Don't try and distract us with that. I just hope that was the last of our old friends you brought back. Because it ends here!

Me: Besides it's not gonna work. Also for the record, I'm not the same as I was when we fought the last time. I'm far more powerful than ever.

Madara: What!?

Me: Get ready for this.

(SUPER SAIYAN VEGETA THEME PLAYS)

Me: (Divine Echoing Voice of Elemental Cosmic Hope and Love) **Now this is the true power of a god!**

Nico: WOW! What power!

Me: **I'll hold him off while everyone has the usual battles.**

Nico: Okay.

I teleported and kicked Madara in the stomach and kicked him in the back of his head and kicked him into the air!

Then Deker, Abis Mal, Nergal, Motor Ed, Mojo Jojo, Po Kong, Radioactive Man, Gizmo, Private HIVE, Penguin and White Lightning appeared.

Nico: Deker, Abis Mal, Nergal, Motor Ed, Mojo Jojo, Po Kong, Radioactive Man, Gizmo, Private HIVE, Penguin and White Lightning.

Deker: We might as well call this "Night of the Living Ninja".

Abis Mal: That's one way of looking at it.

Nico: That's a great way to describe it. But all those experiences with J.D. during the 4th Great War in 150,000 years really came in handy.

Nergal: Though they probably weren't zombies.

Nico: No they weren't. They were tools of war.

Motor Ed: (to Nico) Heard you dealt with Lila Rossi once for all, dude. Seriously.

Nico: We sure did. She is now a solid gold statue forever.

Mojo: Although killing her was another option, Spicer already did that in that What If Universe.

Nico: He sure did. And that was really awesome.

?: It sure was.

A figure came out and it was KURASUNIIGO OF 5000˚C FROM EPISODE 10 OF GOSEIGER!

---

Kurasuniigo of the 5000°C is the main antagonist for episode 10 of the 2010 TV series Tensou Sentai Goseiger. He is a weevil-themed alien who works for the Universal Annihilation Army Warstar.

He was voiced by Tomoaki Maeno, who later voiced the Gunjoji twins in the 2019 TV series Kishiryu Sentai Ryusoulger and both the Bonn World and the Great Bonn World in 2021 TV series called Kikai Sentai Zenkaiger.

History

Some time before Dereputa destroyed the Heaven Tower, Kurasuniigo decided to act on his own and attacked the Goseigers. He targeted Hyde as he protected the ocean, but his elder Magis appears to try and rescue him. Through a sacrificial attack, Magis attacks Kurasuniigo and throws him into the ocean as he dies.

However, Kurasuniigo managed to survive and reemerged from the water to resume his mission. When Hyde discovers Kurasuniigo's return, he immediately attacks him out of vengeance over Magis' death, but ends up throwing off the Goseiger's battle abilities and thus allows for the Warstar Insect to escape.

After rediscovering his own purpose to protect the ocean by way of an ichthyologist friend of Professor Amachi, Hyde becomes rededicated to his mission and calmly and coordinately works to fight and ultimately defeat Kurasuniigo, stunning him with the Seaick Bowgun before the team destroys him with the Gosei Buster. After Buredoran revives him, he is made quick work with Seaick Gosei Great.

---

Eli: Kurasuniigo of 5000˚C! I remember you! You were known for having killed the Green Ranger of Goseiger!

Noah: Whoa man!

Lola: Yeah!

Kurasuniigo of 5000°C: You guys don't have a green ranger?

Troy: No. Not on our Basic Megaforce lineup anyway.

Kurasuniigo of 5000°C: Shame. The one I fought did a sacrifice play to stop me all those years ago. You guys should definitely find a green ranger to honor his memory.

Eli: I remember seeing that. That was intense!

Nico: No kidding. Magis did a brave deed. Lets have a moment of silence for him.

They did so by taking their hats off and putting their hands on their chests.

Later they got the usual battles underway.

## Ruby Rose, Salem, Sunset Shimmer, Pipsqueak, Fire Skylanders, Naruto, Vice and Skallox VS Deker - Nico's rescue

Deker was first.

Deker: (to Ruby) Nico really kept calm in his rescue. It's not every day he gets to tour one of the prisons.

Ruby Rose: He sure did and that was really awesome seeing more of the Saturn Nuthouse. A really awesome and eventful tour.

Salem: It sure was. It's amazing how we have so many patients there.

Sunset Shimmer: But it was really funny seeing this one patient grind his butt with a cheese grater every time he heard the word cheese.

Pipsqueak: (British Accent) Yeah that was hilarious from what I heard.

Sunburn: J.D. said it cracks him up every time.

Deker: That is awesome and funny. Naruto you must be really happy that J.D. brought some of your fellow shinobi back.

Naruto: I sure am and I'm glad that some of the shinobi we lost in 150,000 years are back with us.

Deker: Lady Hokage and the 5 Kage are gonna go crazy. Not to mention some of the shinobi all over the 5 Great Nations. Lets do it!

Ruby activated her Eyecon.

Sweetie Belle: You bet they are.

She showed a news report saying "PARIS FRANCE FREE OF LIE-LA THE TERROR!"

Abis Mal: WOW! After almost 3 years you guys are finally rid of that monster.

Gill: Yep. She's a solid gold statue forever now.

Abis Mal: Good riddance. B your brother is gonna be so happy to have his father and nephew back right?

Killer B: Yeah he sure is. The Hidden Cloud went through so much after the loss of bros dad. But we're all really happy. And we caught 2 of our villages most infamous shinobi.

Abis Mal: Boy no kidding! That is so awesome. Lets do it!

Weiss: You might know this one.

Fu: Unfortunately no. The only one that I know would be Kakuzu and he is in prison forever.

Nergal: Well it's for the best anyway.

Fu: Yeah the Hidden Waterfall is a minor village and not very many shinobi we know about from there.

Nergal: That's all right. Maybe we can have some pizza after we're done here to celebrate the return of your loved ones. Lets do it!

Blake activated her Eyecon.

Yang, Raven Branwen, Rainbow Dash, Scootaloo, Air Skylanders, Utakata, Knight Man and Tomahawk Man VS Motor Ed - Us meeting an Iona Gene-Slammer

Yang: Her name is Valerie Carrington and she is a really awesome one. She is one of Lincoln's Guardian Angels and she has 6 angel wings.

Raven Branwen: She's what's called a Seraphim and she is a really powerful angel too.

Rainbow Dash: Boy she sure is and that is really awesome too.

Scootaloo: We found out that she saved Lincoln from his mean sisters before they could kill him.

---

Valerie Carrington: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Valerie, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Valerie Carrington: That's incredible.

Nico: It sure is. So, Valerie, how did you defend and protect Lincoln from the worst of Lori, Lynn, and Lola's wrath?

Valerie Carrington: Oh, now that's one I'd never forget. One day, Lincoln and I were doing some math homework in his room, but we were rudely interrupted when the door was busted down and Lincoln was ambushed by Lori, Lynn, and Lola, and they began beating the crud out of him and they were laughing cruelly at his pain. But, when I saw that Lori was going to break his neck to kill him, that set me off and I fired three blasts of light at them and it got them off Lincoln, and it also tied them up. I used some holy magic and cured the wounds on Lincoln. Then, we went down and told Mr. and Mrs. Loud what those three did in beating up Lincoln while he and I were doing math homework, and that got those three grounded for five weeks, and Luan and Lisa saw what happened and they were about to get revenge on us, but the glares from me, the parents, and the other sisters drove them off, and it meant if they also tried to help Lori, Lynn, and Lola, they're also going to be shown no mercy.

We cheered wildly for what Valerie Carrington did to save Lincoln and teach Lori, Lynn, and Lola a lesson.

Me: That was awesome work, Valerie.

TLPS Mr. Wolf: Mess with an angel, especially one of Lincoln's many Guardian Angels, and there's going to be no mercy for their crimes.

Applejack: That's right, those low-down, sidewinding demons.

FLASHBACK ENDS

Motor Ed: My goodness! Those evil dark sides of Lincoln's mean sisters were all nothing but trouble! Seriously!

Whirlwind: They sure were! But thank goodness they got what they deserved.

Motor Ed: No kidding there. Utakata are you glad that the rest of the former Seven Ninja Swordsman of The Mist are caught?

Utakata: I sure am. And they were going to be wanted for war crimes against the Mist for what they did in the Bloodline Holocaust. But I am also glad that some fellow Mist Shinobi are back with us.

Motor Ed: That's good they are. Lets do it! Seriously!

Yang activated her Eyecon.

Radioactive Man: Yeah no kidding there. Yagura that must've been quite a shock to see some of your fellow shinobi back.

Yagura: Well many of them were war criminals anyway. But I guess it's my fault because I was manipulated by Obito Uchiha into doing all that against my will. But it'll be good to get some justice in on them.

Private H.I.V.E.: I'm glad but you should have all the council court-martialed for their crimes.

Emerald Sustrai: Oh that was already taken care of. J.D. said that after the 4th Great War ended in 150,000 years, the councils of the civilian and elder branches were all disbanded and the members of said councils were all thrown in jail or executed for their crimes.

Nico: I knew there's no mistaking that voice from anywhere. You can come out now, DuBois.

A figure came out, and it was none other than our old enemy, the sadistic Animal Control officer, Capitan DuBois, and with her were the group of Orochi's remaining army who were hiding on the orders of Da Ji, as part of a contingency plan.

Me: Should've known you'd show up again, DuBois, and like Lincoln said, Orochi's men broke you out. Even dead, Da Ji refuses to learn her lesson.

DuBois: And now, I shall my revenge. Kill them and bring me their heads!

The group of Orochi's men went after us, but Lincoln fired a shower of rainbow energy blades from a swing of his massive greatsword and killed them.

Alex the Lion: Awesome job killing those snakes, Lincoln, and I've had just about enough of you for the last time, DuBois.

Suddenly, something within Alex the Lion's mind snapped as his blue eyes turned neon blue, and he was surrounded by an orange energy aura with Earth, volcanic rocks, molten lava, and lions, he unholstered his massive Sword of Leo the Lion sword from his back, and as he approached DuBois, he left orange energy, Earth, volcanic rocks, molten lava, and lions with every step.

Alex the Lion: DuBois, you really make me sick, it wasn't bad enough that you've harmed and killed so many innocent animals for your sick amusement, but you've gone too far with trying to come after me and my friends. (Getting Very Pissed Off) But, breaking out of Arkham Asylum and no doubt with some help from the remnants of Orochi's men that Da Ji had hidden away so you could get revenge on us yet again… , YOU JUST CROSSED ONE LINE TOO MANY, YOU CRAZY PSYCHOTHIC MONSTER, AND I'LL SEE TO IT THAT YOU NEVER COME BACK AGAIN!

We gasped in shock.

Nico: Oh boy.

Gloria: I've known Alex to get mad at times, but this is on a whole new level.

Marty (Madagascar): It's bad enough that crazy animal control lady broke out, but with help from Orochi's men who were hiding out, and no doubt because of Da Ji's scheming again, now that's crossing a serious line.

Eli: And it's about to get crazy. HIT THE DECK, HE'S GOING TO BLOW!

We took cover behind a tortilla chip, and Alex the Lion let out a bellowing roar And then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

There was a massive explosion of energy as Alex was surrounded by a massive vortex of orange energy with molten rock, earth, and lava surrounding it, there's a lion running around the vortex, and in the vortex is a gold phoenix. Then, as the vortex faded, Alex the Lion emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Alex the Lion grew from 8'0" to 8'5" in height, he now has abnormally massive and powerful upper and lower body muscles and eight-pack abs, he has fire streaks in his glossy pentagon-shaped mane, he has neon blue eyes and an orange energy aura with Earth, volcanic rocks, molten lava, and lions surrounding him, he has a lion with the Earth Kanji emblazoned on his forehead, he has on lion head earrings with blue gems for eyes and the Earth and Eternity Kanjis on its heads and he has on his Crystal Necklace of The Buddha with orange crystal links and orange gems on the gold rock-shaped links with a gold lion-shaped Element of Harmony and on the bottom is a lion head with blue gems for eyes and the Earth and Eternity Kanjis on its head for the pendant across his bare chest. Alex the Lion has on a white loincloth with gold lions on it and large black leather knee-high combat boots, and he has a lion with a volcano above it tattooed on his now wider and now much more muscular back. Suddenly, Alex the Lion felt a sharp pain on his now wider and more muscular back, and then, massive light brown angel wings with gold tips on the light brown feathers, sprouted out of his now wider and more muscular back. Alex the Lion has on large gold bands on his large biceps and thighs and he has on a Ring of The Phoenix with large gold gem and heart-shaped gem embedded in it on his large right ring finger and Indigo Lantern Corps ring on his large left ring finger, and he has eight large gold orbs orbiting around his legs, and he has the constellation of Leo the Lion on his massive, wide, and muscular right pec.

Suddenly, Alex the Lion's massive Sword of Leo the Lion and Destroyer of Team Dark Phoenix Storm swords began merging together, and they're surrounded by a kaleidoscope of orange energy, Earth, molten rock, fire and lava, and when it emerged, it was transformed into Leo the Lion's Volcanic Lion Greatsword of Fiery Justice, it's a brand-new greatsword with the constellation of Leo the Lion and it was surrounded by the symbol of the Anti-Team Dark Phoenix Storm etched on the 7'0" massive, wide, double-edged gold blade, large gold lion heads for the crossguard, large orange gem embedded in the rainguard, longer black handle, four large gold lion heads with blue gems for eyes and large orange gems in its open mouths and on the bottom of the four lion heads is a large orange gem for the pommel, he has on his new large gold cuff Bracelets of the Champions of The Universe with orange gems on his wrists, new large gold Belt of Elemental Bravery with large gold lion head with blue gems for eyes and a large fire gem in its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of the Universe and Talisman Cards of Elemental Harmony on his right hip and his Eater of Sins revolver holstered on his right hip. There's an orange kanji below the lion that said, "Alex the Lion, Former Central Park Zoo Star Now Member of Circus Zaragoza, Loving Son of Zuba and Flossie, Destroyer of Makunga and DuBois, Childhood Best Friend of Marty, Melman, and Gloria, Friend to Many, Boyfriend of Gia the Flying Jaguar, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Volcanoes, Fire, and Lions"

Alex the Lion has transformed into SUPER ANGEL ETERNITY INFINITY VOLCANIC EARTH FIRESTORM LION ANGEL OF VOLCANIC EARTH JUSTICE AND DIVINE VOLCANIC COMPASSION!

We were amazed by Alex the Lion's Super Angel Eternity Infinity transformation, but when DuBois saw it, she got out a tranquilizer gun to shoot, but Alex the Lion fired a blast of molten lava at it, and melted it to molten metal, and he fired a powerful orange energy blast with molten rock, lava, fire, and lions at DuBois, and sent her crashing into a tortilla wall.

Nico: Whoa, Alex the Lion's transformed. Now, this battle's about to really heat up.

Me: You said it, Nico.

Alex the Lion: (Divine Echoing Cosmic Voice of The Volcanic Earth Lion Angel and Divine Compassion) **Your days of tormenting animals are over, DuBois, because you've messed with the king!**

Alex the Lion went after DuBois, and he fired powerful blasts of orange energy, molten lava, Earth, molten and volcanic rock, and lions at her, and they exploded with incredible power as they hit her. Then, Alex the Lion attacked her with his new massive greatsword and he even body checked her when he ran at her with his Shield of Elemental Harmony on his large left arm. DuBois was really dazed, and she was about to attack again. But, then, we felt a familiar energy signal and DuBois saw a large menacing curved sickle around her neck.

Lincoln: Oh no. She didn't try to…?!

Lori: No, she didn't, bro. But, it's been a long time since we last killed you, Orochi.

We then saw who that large scythe belonged to, it was none other than The Serpent King, Orochi, who's in his first form.

Lincoln: But, how was that possible? Lori and I made sure that you would slumber eternally.

Orochi: (Echoing Demonic Voice) Yes, you did. But, just like with the Reincarnated Shinobi and Dark Danny, The Church of Necrom brought me back from the dead, denying me the eternal slumber that I desired and that you and Lori gave to me, Lincoln.

Nicholette Torrington: Damn you, Damian Alaister, you just enjoy pissing us off to no end, do you, you fucked-up imbecile?!

Lincoln: Nicholette, I understand you and the others are enraged, but.

Nicholette Torrington: (Calms Down) I'm alright, Lincoln, but thank you.

Masamune Date: Okay, remind me never to get her angry ever.

Orochi removed his scythe's blade from DuBois' head, but that didn't save her from Alex the Lion, who tied her up in an orange energy straitjacket and threw her in the Saturn Insane Asylum's Arkham Asylum wing in Maximum Security Solitary Confinement. Alex the Lion holstered his massive greatsword on his wider and more muscular back and powered down, and Alex the Lion's new body, clothes, weapons, jewelry, and massive angel wings are permanent.

Nicholette Torrington: Looks like we're now through with DuBois for good, but now, we're also going to have to make sure you rest in peace for good, Orochi.

Orochi: (Demonic Voice) I suppose Lincoln forgot to tell you more about me, Nicholette Torrington. Allow me to truly introduce myself. My real name is Yinglong, long ago, I was a Mystic and one of the bravest warriors in The Mystic Realm. But, I was deceived by Tamamo and I broke The Divine Mirror, the object that The Heavenly Emperor used to imprison the demons that we fought, and when I broke the mirror, the demonic energies from inside flooded out and corrupted me, and I was transformed into The Serpent King, Orochi, and I killed The Heavenly Emperor and I was eventually imprisoned in The Mystic Realm to endure eternal punishment for my crimes. But, I was freed from imprisonment by Da Ji and I created a world from The Three Kingdoms era of China and The Warring States period of Japan, in the hope that I'd find a true warrior: one with enough strength to end me forever.

Lori: That's right. But, that peace wouldn't last for long: Da Ji resurrected Kiyomori Taira, who had gathered together an army made of the remnants of your men, and he resurrected you and you were turned into Orochi X, otherwise known as The God of Destruction.

Lincoln: The Mystics are going to want to hear about this, and they're not going to like it one bit.

Suddenly, The Mystics had arrived.

Nu Wa: There's no need, Lincoln. But, it looks like Yinglong's explained everything.

Giselle Harrington: Is there a way we can we change him back from Orochi to Yinglong?

Taigong Wang: It may be impossible though, but that'll be the biggest challenge for all of you.

Fu Xi: The boy's right, and not only have all of you done impossible things, but Lincoln, you've united The Three Kingdoms of China and The Warriors of Japan into one, and took down those who seek to cause chaos.

Lincoln: You're right, Master Fu Xi, we've done many impossible things before. Alright, time to get to work. Hold still, Yinglong, this is going to hurt.

Lincoln made a Yin-Yang circle below Orochi's feet and he chanted a powerful incantation, and lights surrounded Orochi, and when the light faded, what stood in Orochi's place was the mystic, Yinglong, and his large scythe changed back to Yinglong's original weapon, the Twin Dragons sword. We were glad to see that Lincoln's magic worked, and Yinglong's finally back and purified of the darkness that turned him into Orochi.

Yinglong: Thank you, Lincoln Loud.

Lincoln: You're welcome, Yinglong.

Susano'o: I never thought I'd see the day. Welcome back, Yinglong.

Fu Xi: Welcome back, old friend.

Yinglong: Thank you both. But, I want to ask of one thing: I wish to join Team Loud Phoenix Storm's Redemption Squad to truly atone for my crimes that I committed as Orochi.

Shennong: Of course, Yinglong.

Nico: So, we now have Yinglong as a new member of The Redemption Squad, and now, we're rid of Orochi for good.

Taigong Wang: I'm afraid it's also not going to be easy, Nico. We also found out that as part of The Church of Necrom's second contingency plan, in addition to Orochi's revival, it also resulted in the creation of seven clones of Orochi. But, these seven are devoid of humanity and crave destruction.

We gasped in shock.

Lincoln: Which means, we've got to destroy them for good.

Fu Xi: That's correct, Lincoln, and we're also joining all of you, so we can offer some extra help when the day of the war against The Doomsday 23 and Evil Starlight Glimmer comes.

Nico: Of course, you all are more than welcome to join us.

Susano'o: Thank you, Nico.

Me: Boy what a battle!

Nico: Yeah no kidding.

Po Kong: (eats nachos) These nachos are delicious!

Radioactive Man: They sure are.

Eli: But this was a really epic battle.

Gizmo: Not to mention that Layla's PK powers really came in handy today.

Me: They sure did. That was so awesome.

Valerie Carrington: I'm going to love it here with you guys.

Erica Loganheart: Same with me.

Private HIVE: You two won't regret joining this platoon.

White Lightning: Let's go home. And hope Nico doesn't have anymore bad gas!

Nico: Don't worry I don't have anymore. But when we get home we got to head straight to the Leaf. We're gonna have one helluva report to fill out with Lady Tsunade and the 5 Kage.

Hashirama: It'll be great to see Tsunade again.

Tobirama: I'm proud of her for becoming the 5th Hokage.

Me: We are too Lord Hashirama and Tobirama.

Hayate: And it'll be good to see Yugao again.

Me: It sure will.

Nico: Yep. But great job everyone. Lets head home.

We went to the ship and we went back to Earth.

---

Back in the Hidden Leaf, all of us were walking to the gates and I had all the reanimated shinobi in cloaks and the prisoners were tied up and had bags over their faces. We were all dressed in Shinobi Attire to be formal.

Nico: Boy this is gonna be a shock.

Naruto: You aren't kidding Nico.

We arrived at the gate.

Izumo: Well hello everyone.

Kotetsu: Man we don't see this very often. All of Team Loud Phoenix Storm.

Me: I know. Rare occurrence this time. But we have had a really unexpected development happen on our latest mission. And we need to show the Hokage and some of the shinobi what happened.

Izumo: Well I have a feeling it's gonna be big and it involves these strangers here.

Me: Oh that's the whole development.

We were escorted to the Hokage building. I went in and knocked on the door.

Lady Tsunade: Come in!

I went in and saw Lady Tsunade and Shizune and Sakura and they were taking to Shibuki of the Hidden Waterfall.

Me: Oh I'm sorry I didn't know you were entertaining someone and Shibuki it's great to see you again.

Shibuki: You too J.D. great to see you too.

Me: I'm sorry if I'm interrupting something. But we just got back from our latest mission and we have had a really unexpected and incredible development happen. It's best if you all see for yourselves. We're all right outside.

Lady Tsunade, Shizune, Sakura and Shibuki saw us all out there.

We went outside.

Lady Tsunade: Who are all these people with you?

Me: Well some of them you may recognize.

They revealed themselves and Lady Tsunade, Shizune and some of the ANBU hiding gasped in shock!

Shizune: (GASP) It can't be!

Dan Kato: Hello Tsunade and Shizune.

Hashirama: My gosh Tsunade look at you.

Tobirama: You've grown so much since we saw each other.

Sakura: Hayate-sensei! You're back!

Hayate: Sakura you've grown into a beautiful young woman. Its been so long since the Chunin Exams.

Yugao came And she hugged Hayate.

Shizune and Lady Tsunade hugged Dan and the Senju brothers for the first time in years!

Everyone was shocked to see a bunch of shinobi that they lost!

Sakura: How did this happen J.D.?

Me: Well that's part of our massively unexpected development that I mentioned.

Nico: I'll have some of the team get the rest of the 5 Kage.

Nico and the team did so and they came back and saw the previous Kage and their loved ones and more and it was an awesome reunion.

Mei Terumi: How did this all happen J.D.?

Me: Well Lady Mei, we have one helluva story to tell you all.

We told them everything and it was an incredible shock and surprise.

Onoki: So Madara was resurrected after all!

Me: That's right. And he resurrected all the shinobi that were lost over the years that we faced during the 4th Great War.

A (4th Raikage): And it was part of a secondary contingency plan by the Church of Necrom!? That is terrible!

Me: Yeah. But the good news is we've now seen the last of Madara Uchiha and the Evils of the Uchiha Clan forever.

Kankuro: This is a huge darkness that has been purged from the world forever.

Chojuro: But it's incredible that we have many of our legendary and renowned shinobi back.

Akatsuchi: It sure is and we've got a lot of catching up to do with many of our great heroes.

Me: Yeah. And some of your family members too.

Yugao: We sure do.

We told everyone everything and it was amazing and shocking. This was one of the biggest reunions in the history of the 5 Great

Nations. We were awarded Omega Z-Rank Credit for this big mission and more and bringing down the evil of Madara forever. We went back to the estate and almost right away in the Sahara Desert in the Hidden Sand there was MASSIVE VERBAL HELL COMING FROM KARURA WHO WAS YELLING VICIOUSLY AT RASA!

Me: Holy Shit!

Nico: Man Karura is really letting loose on him.

Jiraiya: Man you're not kidding there Nico. But that is so amazing that you guys have brought back so many of our shinobi. This was a memorable mission.

Naruto: You got that right Godfather. (To the viewers) Hope you guys loved this mission and adventure everyone. We all did.

Me: We sure did bro.

Nico: Yeah we did and J.D. you did a great job leading this mission. Your experiences really came in handy for this one.

Me: Thanks Nico. Everyone did a great job.

Nico: They sure did.

Me; And the best part is that Lady Tsunade can fix half of her wounded heart and that Neji has his father back.

Eli: Yep. That's for sure bro.

Twilight Sparkle: This was an amazing mission.

Nico: Yep. Great job today everyone.

We enjoyed the rest of the day and went to sleep.

THE END!

# CARTOON CROSSOVER FUSION POWER

Walking in the demon world was Nico, The Ripping Friends, Nora Valkyrie, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Changeman, Jetman, Dairangers, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily and we were heading over to Emperor Belos's castle to investigate how long this hatred towards all witches was going on. Luz, Amity and Lilith were with us.

Nico: This is just hard to imagine that we're going back to Emperor Belos's castle after almost a year.

Me: I know. Feels like it hasn't even been that long.

Luz: But it was so awesome that you guys destroyed him back then.

Me: Yeah that was really awesome. And we didn't know much about him back then.

Nora Valkyrie: Yeah but at least he is now in oblivion forever.

Amity: Thank goodness for that.

Nico: Thanks for coming with me, Nora.

Nora Valkyrie: Anytime Nico. It's always fun to go on an awesome rescue.

Eli: It sure is.

Me: Especially after going on 2 awesome missions to 2 food planets in one week.

Nico: Yeah. One that was repulsive and one that was great.

We laughed.

Nico: Nora, I really like that you and Ren grew up together.

Nora Valkyrie: I do too and me and Ren have known each other since we were younger.

Laney: That is really cool.

Luz: Boy it sure is awesome.

Me: Yeah. By the way Luz, Luna told me so much about how you and Amity have been a couple for a while now. How long have you two been dating?

Luz: Over 3 years now. I've been in the Demon World for a while.

Nico: Wow that is awesome!

Nora Valkyrie: Boy it sure is. That is so awesome.

Amity: We all think so too.

Lilith: I like it too.

Nico: (laughs) I guess after everything that happened, we can say that you and Ren are "together together".

Nora Valkyrie: (Laughs) Yeah that's perfect!

Me: I think that's so awesome.

Camie: It sure is.

We arrived at Emperor Belos's castle.

Nico: We're here.

Luz: Man this place brings back bad memories.

Me: It does but at least Belos will never terrorize both our worlds

again.

Nico: True.

We went to Emperor Belos's main bedroom.

Nico: Okay this will be a good place to start our search.

Me: The bedroom of Belos.

Nico: Kurasuniigo was right. We really should start looking into a Green Basic Megaforce Ranger.

Me: Good idea Nico. And I believe I have a certain Candidate in mind.

Nico: Who is that?

Me: Uh uh uh. All will be revealed during the usual battles. I have something awesome planned for it.

Nico: Ooh I hope it's a good one.

Me: Oh it is.

We got to searching.

Camie: Boy Belos sure had a lot of interesting artifacts and spell books.

Brittney: He sure did. These are all old spell books from the Medieval Era. It's amazing that he had these for all these years.

Shannon: No kidding there.

Eli: That is crazy.

Nico: Yeah.

I then opened a drawer and in it was an old book.

Me: What's this?

I picked up the book.

Me: Hmm.

I read it.

Me: Whoa! Look at this!

Nico: What is it?

Me: It's a diary. The first entry was written on July 17th, 1649.

Nicole: Wow! 373 years ago.

Me: Yeah.

Nora: What does it say?

Me: Lets see. "For countless generations witches have been a massive plague upon the land and I, Philip Wittebane, have made it my mission to hunt down witches all across the land. My travels have taken me to the village of Salem where witchcraft is said to be manifesting at its peak the most. For years I traveled the world and killed witches in Moldovia, France, Germany, Iraq, Turkey and England. Now my travels have taken me to Salem. I am in pursuit of more witches with my brother Caleb. Soon witches will be a forgotten memory."

Nico: Whoa!

Nora Valkyrie: (chuckles) The word "Salem" is one I never thought I'd be associating with.

Nico: Well Salem is also the name of the town in Massachusetts.

Shannon: That's right and it's also the town where my ancestors the Sanderson Sisters and my archenemy Ben Ravencroft came from.

Me: She's right. For over 330 years, Salem has been known as one of the witchcraft capitals of the world. And it's also home to one of the darkest times in all of Colonial America, The Salem Witch Trials.

Nico: Yep.

Nora Valkyrie: I really need to read more about that.

Twilight Sparkle: There are plenty of books in the library back home about it.

Nora Valkyrie: Thanks Twilight.

Nico: What else does it say?

Me: Lets see.

I read more and we found out that Philip was worse than what we first thought. Not only was he a ruthless witch hunter and that he wanted to wipe out all the witches but he was also trying to gather an invincible army to enslave all of humanity!

Magine: It's worse than we thought!

Nico: Yeah! Thank goodness we killed him.

Me: Everything he did and is going to do shows that he is DEFINITELY worthy of getting the Black Gates.

Eli: Big time.

Tsuyu: That is awful.

Amity: Thank goodness you guys killed him when you all did last year.

Qin: Yeah no kidding.

Me: This diary is definitely all the proof we need to show how evil Emperor Belos was.

Nico: Yep.

I put it in my bag.

Nico: Lets see what else we can find here.

We looked around some more and we found other things too. We found a list of creatures that he was going to use to conquer humanity, numerous Paladiums he was going to use to replenish himself and so much more.

Nico: Wow. He was really prepared.

Me: Yep.

Luz: Thank goodness he's gone.

Zocks: We can use this as another base.

Nico: Good idea. There are probably still other villains here in the Demon World at large so it will be handy for that.

Amity: And I know one of them. My so called mother Odalia.

Me: You hate your mother?

Luz: She is the worst J.D.

Me: What can you tell us about her?

Amity: It's not good.

She went over her history.

---

Odalia Blight is a supporting antagonist in the Disney Channel animated fantasy series The Owl House.

She serves as the overarching antagonist of "Understanding Willow", a flashback character of "Young Blood, Old Souls", the main antagonist of "Escaping Expulsion", a flashback character of "Them's The Breaks, Kid" and one of the two main antagonists (alongside Kikimora) of "Clouds on the Horizon". She is the abusive wife of Alador Blight and mother and archenemy of Amity, Edric and Emira Blight.

She is voiced by Rachel MacFarlane.

She, alongside her husband Alador, forced Amity to end her friendship with Willow due to wanting to preserve their reputation as being "superior." When Amity refuses, Odalia threatens to prevent Willow from attending Hexside leading to Amity having to cut her ties with her childhood friend to protect her. She and Alador then arrange for Amity to befriend Boscha and the others due to the idea that they could mold her into being more cruel and ambitious.

Unbeknownst to her, Amity, thanks to Luz's intervention, was able to make amends with Willow.

Odalia and Alador are holding a private Blight Industries demonstration of a security Abomiton Soldier for investors and uses her daughter Amity to display its combat capabilities, but when Amity's photo of Grom night falls out of her pocket, she instantly destroys the abomination, causing the attendance to leave as sales for the Abomination plummet rapidly.

Odalia figures that Amity's friends are a distraction, and the next day, she forces Principal Bump to expel Luz, Willow and Gus from Hexside, as Amity watched regretfully. Luz confronts them as they leave, and Odalia offers Luz a deal to get them back in school: that she take Amity's place in another showcase of Blight Industries' new weapons.

Luz agrees and takes a battering from the weapon demonstrations, struggling to resist with her glyphs, until a new Abomiton 2.0 model attacks her, which Odalia intends to have Luz completely eliminated with. However, Amity interferes, finally standing up to her parents and demanding they allow her friends back into school or else she will destroy the Abomination. Odalia falsely agrees, secretly intended to rescind the deal, but Alador reminds her that Blights always uphold their end of the bargain. Luz and Amity then feign defeat, allowing sales to go back up.

After this, Alador and Odalia are visited by the Golden Guard, They kneel before the emperor's emissary, who informs them that their weaponized products and efforts will now be sold exclusively to Emperor Belos, before warning them he does not take kindly to citizens producing a private army.

Odalia is mentioned when Amity styles and dyes her hair, revealing she dyes it green because her mother wanted her children "color coordinated", with Emira telling her "Mom will freak" when she sees it.

Odalia intimidates Alador by threatening to have their children work in the factory and ultimately reveals that she knew that the Day of Unity was meant to kill all witchkind through the Draining Spell. However, rather than being appalled by it, Odalia instead was assisting the Emperor in making the event happen under the belief that she would be spared of the mass genocide and she and her family would rule as lesser royalty under Belos' new world order. This, of course, gives a lack of foresight that her family would also be in danger if she even cared.

When Alador finally stands up to her and tries to stop her, Odalia scoffs and leaves saying that she needed to find a more compliant business partner anyway. She also learns that Amity was dating Luz expressing disgust due to Luz's status as a criminal.

---

When she was done we were shocked and I was enraged with Odalia!

Me: (GROWLS) That is sick!

I clenched my fist tight and my blood poured through my knuckles onto the floor and burned a hole through the carpet!

Nico: She has no right to call herself a mother!

Maria: So what if you're a criminal? I was too!

Luz: I am not a criminal just because I'm dating Amity.

Nico: There's nothing wrong with that.

Me: Besides if she wants to get to you two then she is gonna have to go through us. And like we told Jessebelle, that if she does that she is gonna have to take on the entire universe.

Nico: That is for sure!

Laney: Yeah!

Me: So Luz, Amity, you are going to be placed into our protection.

Nico: Yep. If she wants to deem Luz a criminal, then we're going to fight fire with fire and call her an EVEN WORSE Criminal.

Me: I'll gave Girl Jordan make a wanted poster for Odalia ASAP.

Nora Valkyrie: Great.

But then we heard a noise.

Nico: You guys hear that?

It was familiar eerie moaning.

Nico: That moan is familiar.

Eli: Lets follow it.

We left the bedroom and stayed close.

We went down a hall and heard screamed. But then we came across a gruesome sight! We saw SKELETONS of demons all over the ground!

Nico: Whoa!

Eli: Oh my god!

Nico: Dammit, it's just skeletons!

Me: Boy these are still fresh kills too.

Nico: But they look like they were killed years ago.

Me: Yeah weird. These guys were all picked clean. No drops of blood, tissues, organs, nothing. Only the skeletons.

Lucy: Wicked.

Me: Hmm.

I then saw a water tunnel and saw a strange yellow orange cloud in it.

Me: Look there.

Nico: Weird. That ghostly cloud in the water looks like Hysteria.

Me: Yeah.

Nico: I thought it was the next Another Ranger.

Me: Same here.

But then we heard Eerie Moaning.

Nico: Spoke too soon.

We went to the ruins of the destroyed throne room.

Me: This is the site where we battled Belos the first time.

Camie: Wow you guys sure left your mark here.

Nico: Yeah.

Then a figure came out.

Figure: Well hello there Amity!

Amity: Speak of the devil and he shall come! Hello "Mother."

The figure was actually ODALIA BLIGHT!

Nico: So you are Odalia Blight!

Me: Funny thing is we were just talking about you a few minutes ago.

Odalia Blight: Indeed. So you are the ones that killed Belos.

Me: That's right and he brought it on himself!

Kaito and Zocks: Zenkaiju gear!

They donned their ZENKAIJU FORMS!

Nico: YEAH!

Odalia: You think I'm scared of you?

Me: You should be.

Then a trickle of orange water crawled out of a pipe and went to Odalia.

Odalia: You ruined everything for me Amity because you were dating that criminal girl!

Luz: The only criminal here is you for siding with Belos!

Me: And you made a terrible mistake working for him as well. You built those automatons to help him enslave the world. But thank goodness Belos Luz and Amity destroyed them.

Nico: Yeah! You give all mothers everywhere a bad name!

The orange water was inching closer and closer to Odaima.

Odaima: You always were a disgrace Amity.

Amity: Look who's talking! You are a monster!

But then the orange mass climbed onto Odaima and she screamed in agony as it killed her INSTANTLY!

Nico: WHOA!

She was dissolved to the point where she was a skeleton.

Nico: Good riddance.

Nico: I don't think we're done yet.

Then out came another figure and it was ANOTHER MEGAFORCE RED! It looked like a scary version of Megaforce Red but with a scary helmet and it had an ultra armor and staff!

Me: WHOA! Another Megaforce Red!

Nico: Wow! Troy and Blizzard would be pissed about this one.

Me: Guess that bounty on Odalia is null and void.

Eli: Yep. But lets see who our Another Ranger friend is.

Another Megaforce Red: (In a girls voice) Help me J.D.!

Me: That voice!

She reverted back and we saw that it was a girl with green hair and a green outfit and she had the symbol of Nergal from Warhammer 40000 on her arm and on her forehead and had a really badass war hammer on her back and had green angel wings.

Me: (GASP) Renee Whitney Nergallia!

Nico: You know her J.D.?

Me: She is one of my friends from computer RPG Club. We played Warhammer 40000 all the time and it was awesome. She taught me all she knows about it and how to play it and it was fun. I just didn't expect to see her like this.

Nico: Oh man!

Renee Whitney Nergallia: And I can't control this power! Help me!

She reverted back to Another Megaforce Red!

Nico: (takes out Blizzard's Ridewatch) Time for her to chill out!

He activated it and got Blizzard's ice powers.

Nico fired ice at Another Megaforce Red.

And it froze her feet.

Me: Talk about getting cold feet! (LAUGHS)

Amity: That was a good one!

Nora Valkyrie: Yeah!

But Another Megaforce Red broke out and she put a card in a scary staff. It said "Shendu's Flame Fury" and she fired a blast of fire at I fired an energy blast and the blasts collided and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Whoa! She has cards for each of the powers of the Masters of Evil. Core and Non-Core.

Nico: Cool!

Nora Valkyrie: I was wondering when we were gonna get to these.

Nora swung Magnhild at Megaforce Red.

KRASMASH!

She smashed its face with it and knocked her down.

?: (TINY VOICE) Let me help out!

The orange water swirled around and began to take shape. It took on the form of a girl with orange hair and neon orange eyes and she had orange clothes!

Nico: Mya Edmundton! Wow! So you were the Hysteria swarm!

Mya Edmundton: That's right and it was all me. I ate those guards and now Odaima.

Amity: Good riddance!

Me: Let me take care of this first and then you can catch up.

I fired a blast of fire and it hit Another Megaforce Red and she exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was knocked down and I caught the Ridewatch and purified it and then we saw the cards all over the floor and we picked them up.

Nico: YEAH!

Nora Valkyrie: That was so awesome!

Mya Edmundton: That sure was.

I went over to Renee and gave her my serum and cured her and then put her on my back.

Nico: That reminds me. Lilith, we'd like to ask you something.

Lilith: Sure what is it?

Nico: Would you like to be a Green Basic Megaforce Ranger?

Me: NICO YOU PSYCHIC DEVIL!

Nico: (LAUGHS) Sorry dude!

Lilith: But I would be honored to be the Green Basic Megaforce Ranger.

Lola: Awesome!

Amity: Boy you sure figuring him out.

Nico: Yeah!

Mya Edmundton: That's my pal for you.

Nico: Is Renee going to be okay?

Me: Yeah she'll be all right.

Renee: (Tired) Just really tired.

Nico: But now we have M.O.E. Cards.

Lisa Loud: I'll construct a special device for them as soon as possible.

Nico: Awesome.

Me: Yeah. Mya that is so cool that you are a Hysteria Gene-slammer. Those are small deadly predators from the planet Aurelia. We've been there before and saw those in action. They are not something to be taken lightly.

Mya Edmundton: I know. It's awesome that I can become like that. I can reduce villains to a skeleton in a matter of seconds.

Me: Like a nasty swarm of alien piranhas times 100 billion.

Eli: Yeah.

Nora Valkyrie: What's your favorite memory of Nico?

Mya Edmundton: I have a lot of them. But my favorite memory is when me and Nico were in science class and I invented this awesome formula that gives people the power to shrink and grow in size. A bully thug pushed me and I dropped the formula onto me and it exploded. I got so mad that i shrunk down to molecular size and went into her blood and then I rearranged her DNA into that of a heart and made her nice and permanently good.

Nico: Yep.

Me: WHOA! That is so awesome!

Eli: Wow! You turned her from being a cold and heartless monster to that of an adorable happy and soft and cuddly cloud.

Mya Edmundton: That's a good way to put it Eli but yeah.

Me: That is so awesome.

Laney: It sure is.

Nico and Mya hugged.

Nico: I really missed you.

Mya Edmundton: Me too Nico. Me too.

Me: Well this has been a great rescue.

Amity: It sure is. And now we don't have to worry about Odalia ever.

Lola: Good riddance.

We later went back home.

---

After Nico's rescue, Lincoln, Me, Ken Knudson, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, The Dynasty Warriors, The Samurai Warriors, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, and The L-ementals are heading to Ireland, and not only is Lincoln going to rescue the eight girls here, but we're also going to destroy Mrrungo-Mu A.K.A. The Enslaver from the Marvel Comics.

Lincoln: Wow, we're here in Ireland, and I know what we're going to do here, not only am I going to rescue the eight girls here, but we're also going to destroy Mrrungo-Mu A.K.A. The Enslaver.

Me: That's right, big guy, and from what I heard about him from Silver Surfer, this warlord's a powerhungry and insane tyrant who seeks to conquer the universe.

Nico: And their ships have technology that hooks onto their captured prisoners and drains them of all their strength which is used to supplement their own and to the starships, and it easily allowed them to conquer the planets they come to.

Lincoln: That's just evil, and I've got Dark Spicer and Fu aiming the Superlaser at their ships, and I'll give the signal by draining Mrrungo-Mu of all his powers and all the strength and power he's drained from all of his victims. And thanks for joining us, Yang.

Yang: You're welcome, Linky, this is going to be one awesome rescue, and we'll be rid of yet another powerhungry mad tyrant for good.

Lincoln: And Shanan told us of what kind of alien Mrrungo-Mu is, he's from a race known as the Troxx, they're a race of intergalactic warriors and he has the ability to absorb the strength of others and add it to his own, and their ships have equipment that allowed them to drain the strength of their prisoners, which is why today, I shall send the entire Troxx race to total extinction.

Nico: Awesome.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of eight girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the eight girls, but they've been cornered by Mrrungo-Mu.

Lincoln: Guys, I found the eight girls, but they've been cornered by Mrrungo-Mu, and he's planning on capturing them.

?: That powerhungry mad tyrant, let's end him once and for all.

Suddenly, we saw the Duel Monster, Necroworld Banshee, appear before us.

Nicholette Torrington: That's the Necroworld Banshee, and it makes sense we'd run into her since we are in Ireland, where stories of banshees have been told here for thousands of years.

Lincoln: Yep, and I'd recognize that voice from anywhere, I knew it was you, Luna Anderson, but we'll talk later, we've got an intergalactic powerhungry tyrant to destroy.

We then rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Mrrungo-Mu, and it allowed the eight girls to get to safety. When Mrrungo-Mu saw us, he was enraged.

Mrrungo-Mu: How dare you all get in my way, Team Loud Phoenix

Storm?!

Lincoln: It's over, Mrrungo-Mu, your days of conquering planets and threatening the universe are over. Today, the entire Troxx race shall be annihilated for everything that you've done.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors and Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after Mrrungo-Mu, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit him, knocking him down.

Then, Lincoln sprouted one of his eleven massive, long, and powerful werewolf tails with Cell's suction stinger, and as he stabs it into Mrrungo-Mu's chest, Lincoln began absorbing the tyrant's bio-energy and he also began assimilating the tyrant's powers. Suddenly, Mrrungo-Mu's body began shriveling up as Lincoln continued absorbing him, and when Lincoln was done, all that was left of the tyrant were his clothing, and that was the signal. Fu aimed the Superlaser at the starships of The Troxx, and as it fired, all of the starships were completely destroyed and every last one of Mrrungo-Mu's people were destroyed.

Suddenly, torrents of energy were released from the destroyed ships, and they went straight for us and everyone still at the World Tree Estate, and we were hit and we suddenly gained an extremely massive and powerful power boost, and all the power-draining technology of the Troxx were suddenly absorbed into Lincoln's body. Then, Lincoln banished the spirits of Mrrungo-Mu and his people to The Black Gates forever. We cheered wildly as we holster our weapons on our backs and powered down.

Lincoln: That's it for both Mrrungo-Mu and the Troxx once and for all. (To Luna Anderson) And it's so good to see you again, Luna Anderson.

Luna Anderson reverted back to normal, and she's a beautiful girl with long flowing white hair, blue eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful white angel wings, and she reigned in the power of Necroworld Banshee with ghosts with her, and she's dressed in a sleeveless blue midriff top, blue skirt with black frills, blue pants, blue shoes, and long sleeveless dark blue trenchcoat with spirits on the coattails, and Necroworld Banshee on the back, and holstered on her back a large Necroworld Banshee-themed greatsword with Necroworld Banshee etched on the 7'0" massive, wide, double-edged dark blue blade, white angel wings for the crossguard, large blue gem embedded in the rainguard, longer black handle, and a large blue gem surrounded by angel wings for the pommel.

Luna Anderson: You too, Lincoln, it's been a long time.

Lincoln went up to Luna Anderson and they hugged, and Luna

Anderson's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs and massive deep sapphire blue angel wings with stars in the feathers and rainbow tips on the feathers.

Lincoln: It sure has, I haven't seen you since you were eleven, and as you can see, I really grew a lot since then.

Luna Anderson: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs and massive deep sapphire blue angel wings, that's so awesome.

Nico: Wow, Lincoln, you know her.

Lincoln: Indeed I do, Nico, this is Luna Anderson, she's one of my Guardian Angels from Michigan, and like me, she was born with long beautiful snow white hair and she has powers of darkness and she also has the ability to summon ghosts to communicate with, and also, to battle against villains.

Nico: That's really awesome.

Lincoln: It sure is, and she's also a Guardian Angel of Lucy, Laney, Lana, Luna, Leni, and Lily, and she's protected us from the uncontrollable hatred and wrath of Lori, Lynn, Lola, Lisa, and Luan.

Me: Whoa, and I'm going to guess that we're in for a story about that one.

Luna Anderson: That's right.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Luna Anderson's neck with blue gems on the gold thunderbolt links and blue crystal links from her brand-new Crystal Necklace of the

Buddha which merged with her Thunderbird Necklace of Eternal Love.

Luna Anderson: (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Luna.

Luna Anderson had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Luna Anderson's waist and Luna Anderson wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Luna Anderson's face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the eight girls, and when Lincoln saw them, he recognized them immediately. The eight girls are Narue Nanase, Hajime Yagi, and Kanaka Nanase from The World of Narue, Index, Aisa Himegami, Kanzaki Kaori, Kazakiri Hyouka, and Misaka Mikoto from A Certain Magical Index.

Lincoln: Oh wow, it's Narue Nanase, Hajime Yagi, and Kanaka Nanase from The World of Narue, Index, Aisa Himegami, Kanzaki Kaori, Kazakiri Hyouka, and Misaka Mikoto from A Certain Magical Index.

Me: Awesome.

Lincoln: Are you girls okay?

Narue Nanase: Yes, we're okay, thanks to you.

Then, when Narue Nanase and the other seven girls saw who it was that saved them from Mrrungo-Mu A.K.A. The Enslaver, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide left pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Hinon's Cosmic Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his

massive biceps and thighs with silver phoenixes on them, his large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings with stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long glowing neon orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them and had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanji that said, "Savior of The Loud House, True Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, Founder of Team Loud Phoenix Storm, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms, and Destroyer of The House of Damaskinos" on the left leg, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large Element of Harmony deep sapphire blue gem in the shape of a Thunderbird and a large silver Buffalo head with the Thunderbird and Eternity Kanji on its head for the pendant on his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Narue Nanase: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made seven clones of himself, and he and the seven clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Narue Nanase: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, eight Thunderbird Necklaces of Eternal Love appeared on the necks of Narue Nanase, Hajime Yagi, Kanaka Nanase, Index, Aisa Himegami, Kanzaki Kaori, Kazakiri Hyouka, and Misaka Mikoto with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We then returned to the World Tree Estate and we told everyone what happened, and they were shocked when they found out that the villain we went after was Mrrungo-Mu A.K.A. The Enslaver from the Marvel Comics.

But, when Lincoln showed what he did to them and when they heard the explosions and felt that sudden rush of energy and he told them of what they did to the starships of The Troxx, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Luna Anderson have a lot of catching up to do now that she's back in town.

Maria: That was one awesome battle you guys had, and now, we're rid of the entire Troxx race and Mrrungo-Mu, awesome.

Lincoln: That's right, and we avenged all those they've killed.

Luna Anderson: Yes, and I just talked with them, they want to thank you all for what you've done in putting an end to that tyrant who drained all of them of their strength to supplement him, his race, and those accursed starships of theirs.

Nico: Wow, and you can also talk to spirits, that's really awesome.

Luna Anderson: It's something that's been with me since the day I was born, and I was also quite impressed that Lincoln had absorbed all of the technology of the Troxx's starships.

Me: Lisa did an analysis, and she found out Lincoln can absorb any advanced technology into his body by touching it, and once that happens, it breaks down into energy and it's absorbed into his body, and it also gave him access to new weapons and gadgets, and we also have access to those same new weapons and gadgets as well.

Luna Anderson: That's really incredible, and I've missed out on a lot since I got Gene-Slammed.

Lincoln: It's okay, Luna. But, we do have a lot of catching up to do now that you're back.

Luna Anderson: We sure do.

---

After destroying Mrrungo-Mu and his entire race, along with destroying their starships, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Luna Anderson saw Lincoln working out like crazy, she had an atomic red blush on her face.

Luna Anderson: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Luna, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Luna Anderson: That's incredible.

Nico: It sure is. So, Luna, how did you defend Lincoln, Leni, Luna, Laney, Lucy, Lana, and Lily from the uncontrollable hatred and wrath of Lori, Lynn, Lola, Lisa, and Luan?

Luna Anderson: Oh, now that's one I'd never forget. One day, I was hanging out with Lincoln, Leni, Luna, Laney, Lucy, Lana, and Lily in The Loud House, and Mr. and Mrs. Loud were also at home since they had a day off from work. But, then, our peaceful day came to an abrupt end when the front door was broken down, and we saw who it was that broke the door down: it was Lori, Lynn, Lola, Lisa, and Luan, but their eyes were red with insane rage and they also had weapons in their hands from knives to baseball bats, and they've said they've had enough of Lincoln, Leni, Luna, Laney, Lucy, Lana, and Lily, along with their parents, even living, and they were going to kill them all, and once they're dead, they're going to leave a trail of death and destruction in their wake and kill everything and everyone in Royal Woods until there's no sign of life anywhere. I was enraged by the sheer evil coming from the five worse Loud siblings ever, I stood my ground and fired five blasts of darkness to disarm them and trap them inside spheres of darkness. Everyone hugged me and thanked me for what I just did in saving them. But, as for Lori, Lynn, Lola, Lisa, and Luan, those five got the stiffest penalty: I sent the five of them straight to The Royal Woods jail for two weeks, and when they got home, they were sent to the basement in isolation cubes, along with being grounded for six months.

We cheered wildly for what Luna Anderson did to save Lincoln, Leni, Luna, Laney, Lucy, Lana, Lily, and Mr. and Mrs. Loud from Lori, Lynn, Lola, Lisa, and Luan.

Me: Wow, that was really awesome, Luna.

Rita: We were eternally thankful for what she did to save us from Lori, Lynn, Lola, Lisa, and Luan that day.

Lynn Sr.: And she made the right call to put those five in jail for two weeks, and then, we send those five to the basement in isolation cubes for six months, along with being grounded for that same amount of time.

Lincoln: She stopped what could've been a horrible massacre, and for that, we're eternally thankful to her.

Luna Anderson: Just doing what had to be done.

We got a shower afterwards, and then, Chazz Princeton and his new girlfriend, Raine Sage, are going to head to Dry Dry Ruins in the world of Mario for a little exploration.

Chazz Princeton: You ready, Raine?

Raine Sage: Ready, Chazz.

Chazz Princeton and Raine Sage left the World Tree Estate, and when they arrived in Dry Dry Ruins, it was a place filled with ancient ruins in Dry Dry Desert.

Raine Sage: Wow, so this is Dry Dry Ruins.

Chazz Princeton: Yep, and Mario told me about this place, it's filled with ancient ruins and from what I found out, there's an artifact here and we're going to find it.

Raine Sage: A treasure hunt as well, now that's going to be interesting.

Chazz Princeton and Raine Sage went inside, and they began exploring the ancient ruins, and then, they head inside and they find the Artifact in the center of Dry Dry Ruins, and they put it in a scroll to show us later. Then, they head outside to see the sun set, and then, they ended it with a hug and kiss. Then, they came back home to The World Tree Estate.

Nico: Hey, Chazz, Raine, how was your date?

Chazz Princeton: It was awesome, Nico, we went to Dry Dry Ruins in the world of Mario, and we also got something to show you guys.

Chazz Princeton got out the scroll, and then, he showed us the artifact that was there in Dry Dry Ruins, and we were impressed.

Nicole: Whoa, you guys found the Ancient Artifact?! Awesome!

Lincoln: It sure is.

Raine Sage: And we're going to donate this to the museum. Wait until everyone sees this.

Chazz Princeton: And it'll be under tight security, so that way, no one tries to steal it.

Nico: Great idea.

Later it was time for Irma's 3rd Ambassador Mission.

William: Anyone else wanna go with Irma? Besides Aligned Bumblebee, Demyx, and 2 Rabbids?

Hitoshi: Me and the Hibiki team will go with.

Nico: Awesome! It'll be great to have you with us.

Samus: Maybe me, Kirby, Mario and Fox can go too.

Me: Neat. And Snake is part of the Super Smash Bros. Roster. It'll be awesome for him to see you guys again.

Fox: It sure will.

Nico: Lets head on out.

We were off to Alaska.

We arrived.

Quiet: Hey guys!

Snake: Awesome to see you.

Irma: Snake, meet my archenemy.

Demyx: I'm Demyx the Melodious Nocturne, former member of Organization XIII and master of Water.

Snake: Awesome to meet you.

Me: And I believe you know these guys.

Samus: Long time no see Snake.

Snake: Samus, Kirby, Mario and Fox! Awesome to see you guys here.

Quiet: Wow Samus you're looking great.

Samus: Same to you Quiet.

Fox: Awesome that Irma has missions with you guys.

Kirby: Yeah that's great.

Snake: It sure is. I heard that you guys are meeting the Earthbound crew now.

Me: We sure are. That's our teammate Layla's mission.

Irma: And this is the Aligned version of Bumblebee.

Aligned Bumblebee: It's an honor to meet you.

Snake: Same here.

Quiet: Wow it's awesome to meet you.

Nico: The Aligned Transformers world is where I got the idea for the Ambassador Mission program and it really was a success because of it.

Me: Yep.

Demyx: And it was a great idea.

Snake: And you're perfect for who we're going after next.

Me: Let me guess. Metal Gear Rex?

Snake: Bingo.

Me: I have a feeling this is gonna be good.

Nico: Before we decide on any course of action, what can you tell us about him?

Me: Yeah we have this important rule: Know Thy Enemy.

Snake: Oh right. Got to get information out to tell you.

He told us about him. He was really a machine T-Rex!

Granin's designs and notes for what would ultimately become Metal Gear REX, 1964.

In the early 1960s, Soviet scientist Aleksandr Leonovitch Granin created designs for a REX-like bipedal tank. However, Colonel Volgin of GRU rejected his ideas in favor of Nikolai Stepanovich Sokolov's Shagohod. Drunk and bitter, Granin sent his designs to an American colleague, revealing this to CIA operative Naked Snakeduring Operation Snake Eater. Later, triple spy Ocelot also stole and delivered duplicate designs to his CIA superiors. The Soviets also researched ways to launch an untraceable missile since 1964.

The duplicate designs would later served as the inspiration for the Intercontinental Ballistic Metal Gear. The development of REX itself was foreseen in a psychic premonition by Elisa and Ursula during the San Hieronymo Incident in 1970.

The designs also served as the inspiration for the Chrysalis, Peace Walker, and Metal Gear ZEKE in the early 1970s as well as Metal Gear Sahelanthropus in 1984.

Some time after Solid Snake's encounters with TX-55 Metal Gear in 1995 and Metal Gear D in 1999, an attempt to carry out a Metal Gear project within the United States had been planned but was officially scrapped yet convinced the private weapons company ArmsTech that building one for the U.S. Army would be a very profitable venture. ArmsTech had been in a dire state financially, with the possibility of a hostile takeover becoming apparent after failing to obtain a contract on a new line of fighter jet for the U.S. Air Force. Likewise, the Department of Defense agreed to its development due to the defense budget being slashed by 15% and thus being forced to allow the private sector to develop their weapons for them.

In 2002, DARPA Chief Donald Anderson was heavily bribed by ArmsTech to back the Metal Gear REX project. For several years, regular payments in the tens of thousands of dollars were made to the corporate account of a dummy company for which his wife ostensibly acted as a consultant. DARPA funded REX's development covertly, using part of the United States' black budget. After the cancellation of the Arsenal Ship Project in 1996 following the death of the 25th Chief of Naval Operations, the budget had freed up, allowing the REX project to proceed undelayed. Though the CNO's death was officially ruled as suicide, rumors to the contrary circulated at the time.

The nuclear weapons disposal facility on Shadow Moses Islandwas constructed to conceal the development of Metal Gear REX. Its rail gun was based on technology developed for the SDI, having been successfully miniaturized in a joint venture between ArmsTech and Livermore National Labs. Livermore also developed a new type of nuclear weapon for REX using NOVA and NIF laser nuclear fusion testing equipment and supercomputers.

One of the main goals of developing REX was to overcome a global trend in military downsizing at the time. A weapon such as REX would cause an immediate rift in the global power structure. REX was a self-mobile launch platform capable of using its massive rail gun to launch a nuclear warhead contained projectile package with a low radar cross-section, and without the need for a rocket propulsion system, the launch event was also undetectable by satellite thermal imaging unlike the massive heat signature characteristic of ICBM launches. It could give any country in the world a first-strike capability that other nations would find hard to counter. This also exploited a specific loophole that existed in anti-nuke treaties, since projectiles fired from a rail gun were not technically ICBMs, so the START treaties imposing limitations on ballistic missiles did not apply.

During REX's development, the Metal Gear engineers became concerned of what would happen if REX, after it was completed and doing solo ops in the field, was detected by the enemy and forced to engage in close range combat against conventional forces. They then decided that they could make REX's hull a weapon in itself. Although the program was completed, and had gotten fantastic results from supercomputer simulation, the military shelved the project before they could even install it (as the military viewed it as not being part of their regulations). However, REX's chief engineer Hal Emmerich secretly uploaded the data into REX anyway. Although the first actual prototype for REX was developed in 2005, it went through multiple prototype stages in VR while it was still in the design stage to correct various flaws before being developed. As REX was primarily tested via VR simulations, the Pentagon and ArmsTech needed to perform live testing to compare the simulation data with actual test results. Because of this, they started a field exercise at the remote military facility on Shadow Moses Island.

In 2005, both ArmsTech President Kenneth Baker and DARPA chief Donald Anderson attended a rail guntesting exercise for Metal Gear REX at the nuclear weapons disposal facility on Shadow Moses Island. However, REX's prototype was captured by the special forces group FOXHOUND, which had originally been assigned to oversee the final testing of the secret new weapon. The threat of a nuclear attack on the White House was used in an attempt to extort Big Boss's remains from the U.S. Government and later one billion dollars in cash. The Pentagon wanted to both stop the terrorist threat against them and recover REX without risking damage so sent Solid Snake to use as a vector for FOXDIE. Baker himself was also targeted in an attempt to silence him regarding REX's development, affecting him just as he implied REX's ability to fire stealth nukes from its rail gun when telling him to quickly stop the terrorists before the incident becomes public and resulted in him and his company being "finished."

Hal Emmerich was opposed to nuclear weaponry, and it was unlikely he would have assisted in the program if he had known REX's true purpose. He was informed that REX was intended as an anti-ballistic missile system for *intercepting* and destroying incoming nuclear weapons, and REX's primary armament was handled by a separate department to keep him in the dark. Their development and integration of the weapon systems into the main chassis were out of his control, and as far as he knew, these armaments were intended to defend the REX unit itself, and to provide Theater Missile Defense.

It was only during the Shadow Moses Incident that Otacon discovered REX's true purpose as a nuclear launch platform, and its revolutionary delivery system - a rail gun. As the projectile it fired was not actually a missile, it wasn't covered by current disarmament treaties. Even worse, the combination of the size, speed and nature of the projectile could allow the payload to bypass current missile detection systems, which had always been dependent on the characteristics of missiles - size, speed, and thermal exhaust signature - to track them. In addition, the warheads themselves were also stealth-equipped, so as to not appear on any of the current radar systems.

REX was the ultimate Metal Gear, as it was not only capable of delivering a nuclear weapon both to and from any point on the globe, it could do so "undetectably" and "untraceably." All previous Metal Gears were merely mobile ground-based launch systems for nuclear missiles, little more than the land-based equivalent of ballistic missile submarines. REX utilized a rail gun, which fired much smaller projectiles without chemical propellants and contained stealth technology - factors which made them virtually invisible to radar. It thus fatally undermined the 'no first strike' principle of Mutually Assured Destruction - whoever controlled it could launch a nuclear attack at any target at any time, with no warning prior to impact and detonation. In addition, its missiles were designed to have sufficient penetration to destroy underground bunkers, a lesson that was learned from the Gulf War.

By this time, the personnel had managed to replace the test dummy warhead with a real one (the dummy was designed to have identical characteristics as a real one, in terms of external aerodynamic profile and mass distribution). It became clear that REX was in fact to be used to make an actual nuclear strike; Otacon took it as his duty as REX's creator to destroy it. Liquid Snake and Revolver Ocelot later intended to join forces with former-Spetsnaz colonel

Sergei Gurlukovich with REX on their side.

After Snake was unwittingly deceived into activating REX via the PAL system, he attempted to stop the machine by direct means. By that time, Liquid was piloting the weapon when Solid Snake encountered it, and attempted to kill him with REX's conventional weapons. Snake, using Otacon's tactical advice, managed to damage REX's radome using Stinger missiles, in an attempt to blind the pilot due to the fully enclosed cockpit. After several successful hits, the machine was temporarily immobilized. However, the missiles caused less damage than Snake expected, and REX became fully operational once more, attempting to crush Snake beneath one of its feet. Before this could happen, Gray Fox intervened, using the cybernetically-enhanced strength of his Cyborg Ninjaexoskeleton to hold up REX's foot and thwart its attack. Fox then damaged REX's radome further, with several blasts from his exoskeleton's gun and his sword, allowing Snake and Fox a temporary respite. Providing Snake with additional missiles, Fox attempted to halt REX's advance, but his left arm was dismembered by REX's laser, and he was eventually pinned against a wall by its beak-like cockpit. In an act of sacrifice, he got off a few more shots from his gun, succeeding in destroying the radome completely, and forcing Liquid to open the cockpit to see, though Fox was killed beneath REX's trampling feet shortly afterward.

Now having the chance to finish off REX, Snake managed to launch a Stinger at its now-vulnerable open cockpit. As Liquid proceeded to step on Snake with REX once more, the machine suddenly began to lose its balance, the control systems having become inoperable from the cockpit damage sustained, and the resulting explosion knocking Snake unconscious. Still standing strong, Liquid dragged Snake to the top of REX's head, where the two engaged in a bare handed fight. At the end of the deadly battle between the two, Snake's finishing blow knocked Liquid off the top of the Metal Gear, though he would survive the fall to the ground below.

The Shadow Moses Incident placed the plans for REX's mass production on indefinite hold, and the entire development was scrapped due to the loss of the REX development and engineering data, which included solutions necessary to overcome design issues with the rail gun nuclear delivery system.[6] Ocelot ended up supplying REX's stolen data to Solidus Snake following the events of the incident.

Sometime afterwards, Ocelot leaked the Metal Gear exercise data on to the black market, unleashing a swarm of Metal Gear derivatives throughout the world (and also made enough money to buy a decent-sized nation). In response, Snake and Otacon formed the anti-Metal Gear NGO Philanthropy and sabotaged as many Metal Gear development operations as they could while the U.S. Marines's response was to develop the new Metal Gear hunter-killer Metal Gear RAY to eliminate REX derivatives.

In the meantime, the damaged wreck of the original prototype lay wasted and abandoned in the underground maintenance base where it had been destroyed.

In 2014, Liquid Ocelot returned to Shadow Moses Island and salvaged the rail gun from Metal Gear REX's remains with which to launch a nuclear strike on the Patriots's core AI. Since it had been developed before the SOP system's introduction and had lain untouched since 2005, it was the only WMD that could be used to make such a strike. Solid Snake returned to Shadow Moses himself in an attempt to stop this plan though the rail gun had already been removed by the time he reached the underground hangar. He instead fought Vamp until Raiden took over for him, after which he fended off waves of Suicide Gekko sent to destroy the hangar. Meanwhile, Otacon set about restoring power and functionality to REX, via the Metal Gear Mk. III, as Raiden and Vamp fought atop the Metal Gear. Shortly after Vamp's defeat, Otacon succeeded in reactivating REX, and used its still-functional anti-tank missiles to block the passage of more oncoming Gekko.

With REX now marginally operational, Snake and Raiden climbed aboard, with the former taking the controls to pilot it out of the hangar. Raiden abandoned REX shortly thereafter to obstruct the Suicide Gekko's pursuit, while Snake fought through the continuing onslaught using REX's armaments. REX eventually reached the surface, arriving at the island's supply port. It was there that Snake was confronted by Metal Gear RAY manned by Liquid. Increasing REX's performance through the supercomputer onboard the *Nomad*, Otacon activated the Metal Gear's "Street Fighter" program, putting it on a more equal footing with RAY in terms of combat abilities. The two Metal Gears then clashed, and despite being handicapped by its inoperable radome and significant battle damage, in Snake's hands, REX succeeded in holding its own against RAY. The two were eventually rendered inoperable after sustaining heavy damage, and Liquid made his retreat on foot towards his waiting ship. The impact shocks sustained by REX's frame during the battle caused Snake to injure his shoulder, and he was unable to accurately fire on the fleeing Liquid. Failing to finish off his wounded opponent thanks to Raiden and the USS *Missouri*, Liquid made his escape, and following Snake's subsequent rescue, REX was once again abandoned on the island.

Metal Gear REX is named after the *Tyrannosaurus rex*, due to its theropod-like design; other similarities include the open cockpit's resemblance to a gaping mouth, along with its ability to roar. The word *Rex* itself is Latin for "King," which was also the Allied codename used for the Japanese Kawanishi N1K floatplane during World War II.

Metal Gear REX is operated by a single pilot within a completely self-enclosed cockpit, shut off from the outside environment. The radome on REX's left arm houses multiple electronic sensors that are connected to a high tech virtual reality interface within the pilot's seat. Destruction of the radome, however, cuts off the sensory data feed and renders the VR interface inoperative, forcing the pilot to manually operate REX by opening the cockpit, which also exposed it to enemy fire. This flaw was deliberately engineered by Otacon during development, as he felt it wouldn't truly be complete without a weakness or "character flaw" of some sort.

REX differed from earlier Metal Gear models in that its legs were heavily armored and reinforced; not vulnerable like its predecessors. Along with near-impenetrable compound armor (of which only HEAT weapons could deal sufficient damage), REX also had a pair of 30mm, XGAU-8R rotary cannons, AGM-114Panti-tank missiles, and a free-electron variant of the Mobile Tactical High-Energy Laser (MTHEL-FE) to protect itself from conventional forces. Its feet also possessed retractable metal stake-like protrusions, which were used to find purchase on difficult terrain, and could be employed in "stomp" attacks on an enemy.

The AGM-114P anti-tank missiles, launched from both of REX's knees and back, were a laser semi-active homing type that didn't use wires. The launchers used a low-powered laser illuminator to bounce a coded laser beam off a target that the missile would then home in on. The free-electron laser cannon mounted on REX's belly was capable of generating almost 100 megawatts of energy, ten times greater than any other laser at that time.

REX's most fearsome weapon, however, was the magnetic rail gun capable of delivering an untraceable nuclear warhead anywhere in the world, without the propellant trail or launch flare that gives away the launch position of a traditional ballistic missile. By perfecting the process of electromagnetic acceleration, the rail gun is able to fire a projectile with a muzzle velocity of over 100 kilometers per second. It was apparently originally going to be used, as part of SDI, to shoot down enemy ICBMs outside the atmosphere. Otacon stated that when fired outside the atmosphere, REX's nuclear rounds would have a radius of effect of 300 meters, and the gun would be sufficiently accurate to hit a satellite traveling at 10 kilometers per second. The rail gun's feature was also implied by ArmsTech President Kenneth Baker to be illegal, and that were it to be discovered, his company would most likely end up shut down and Baker himself would most likely face an inquiry.

During the Guns of the Patriots Incident, Otacon revealed to Old Snake that he had installed a "Street Fighter" software control program into REX that gave it not only an agility boost, but enabled the Metal Gear to execute kicking and other melee moves, which would be lethal to many military vehicles and other Metal Gears such as Metal Gear RAY. This program was one of REX's most lethal weapons compared to its other conventional warfare weapons, as military vehicles and Metal Gears were designed with countermeasures against conventional armaments, but not the raw brute force of these attacks. However, the program was secretly installed into REX and the only person who knew of its existence was Otacon, which turned out to be an advantage both times it was faced in battle; neither Liquid Snake nor Ocelot could respectively use or defend against it.

Unconfirmed history The following information has been detailed in official Konami-licensed media, written by various external authors. Its status in the *Metal Gear* canon is unconfirmed.

Prior to the terrorist takeover, Metal Gear REX underwent three test launches of a dummy warhead, all of which were contained in Kenneth Baker's MO disc. REX required four tests before it could be utilized within conflict, of which the Department of Defense would oversee the first three tests, while the CIA would control any subsequent tests.

Hal Emmerich's reason for giving it the codename "REX" was to reference *Jurassic Park*, an idea that even he felt was silly in retrospect.

The first Metal Gear to appear in 3D, REX's appearance (with numerous flat surfaces and little exposed wiring) was tailored with the graphical limitations of the PlayStation console in mind. In *Metal Gear Solid*, the codename is rendered "Rex," while subsequent games and sources render the whole name in capital letters.

The *Metal Gear Solid: Official Mission Handbook* gave a list of specifications regarding Metal Gear REX. However, details regarding the machine guns and air ordinance are contradicted by statements made in *Metal Gear Solid* about these weapons. Because of this, the canonicity of this information in question:

The method by which REX kills Gray Fox is portrayed differently between the various versions of *Metal Gear Solid* . In the original PlayStation version, REX stomps on Gray Fox twice, the second of which crushes him to death. In the remake *Metal Gear Solid: The Twin Snakes*, REX only uses one stomp to kill Fox, gradually applying greater pressure until his exoskeleton eventually gives way.

In the novelization, while REX does briefly step on Fox, he isn't killed immediately as he manages to destroy its radome with his gun before it can completely crush him.

In *The Twin Snakes*, REX shares the same boss BGM theme as the Hind D, similar to *Metal Gear 2: Solid Snake* with the Hind D and Metal Gear D.

In the English version of *Metal Gear Solid*, Livermore National Labs, one of the co-developers of REX, was mistransliterated as "Rivermore National Labs." This was fixed in subsequent sources.

In the *Metal Gear Solid Art Works* book, it explained there was originally going to be a concept where REX ends up stuck to various pipes in the arena, only for it to effortlessly break the pipes.

Metal Gear REX is a piece in the upcoming board game based on *Metal Gear Solid* .

According to Hideo Kojima's "Grand Game Plan" for *Metal Gear Solid 2: Sons of Liberty*, some of the countries that Ocelot leaked the REX data to were the five big nuclear powers other than the United States, as well as Iraq and North Korea. In addition, Solidus was explicitly stated to have been involved in the leaking, and he only supplied Iraq and North Korea with the REX data because he knew full well that they wouldn't be able to create it, anyway.

Within the game itself, REX appears during various flashbacks to the Shadow Moses Incident, utilizing footage from *Metal Gear Solid* .

Metal Gear REX makes a cameo appearance in *Metal Gear Solid 3: Snake Eater*, inside the Graniny Gorkifacility. During the cutscene in which Granin shows Naked Snake his Metal Gear documents, the player can enter First Person View and see the designs for REX. A screenshot image of REX from *Metal Gear Solid* can also be seen mounted on the walls in various locations throughout the building.

Metal Gear REX appears in *Metal Gear Solid Mobile*, although it's implied to be one of the REX derivatives. The REX unit, however, is later revealed to be part of a VR simulation by the Patriots.

Metal Gear REX made a cameo in *Metal Gear Solid: Portable Ops Plus* as part of a playable online map based on Shadow Moses Island's Underground Maintenance Base called "REX Hangar."

Metal Gear REX is operated by the player at the end of Act 4 in *Metal Gear Solid 4: Guns of the Patriots* ( *MGS4* ). REX is the first Metal Gear to be playable in the series (not counting the Metal Gear Mk. II and Mk. III). While piloting REX, pressing the Triangle button will cause REX to "roar." Despite Otacon stating that REX's anti-tank missiles were laser-guided in *Metal Gear Solid*, and *Metal Gear Solid 4* listing the missiles' model as the laser-guided AGM-114P, the "AT missile" weapon description refers to them as radio-guided and the missiles are shown as fire-and-forget.

Though it was REX's left foot that killed Gray Fox in *Metal Gear Solid*, taking a photograph of its right foot will cause Fox's ghostto appear in the image.

The battle damaged REX in *Metal Gear Solid 4'* has its left-hand gatling gun missing its cover. While the gun is stated to be an XGAU-8R (instead of a "Vulcan" as in *Metal Gear Solid* ), the gun shown only has six barrels; the actual GAU-8 has seven.

In *MGS4*, the battle damage REX shows is somewhat inconsistent with the actual areas in which REX takes damage in *MGS1* ; while the radome is damaged as it should be, the cockpit interior is shown relatively intact, despite Snake firing multiple missiles at the area whilst the cockpit was open.

During the mission briefings, a small model of REX can be seen besides Otacon's computer.

The game and the novel have differing explanations for how REX was able to beat RAY. In the game, it was stated to be because Otacon had secretly uploaded a program into REX during its development that the military did not approve of. In the novel, he implies that it was largely because the RAY Ocelot was piloting was reverse-engineered from an AI-controlled weapon to a manned vehicle, which left it at a disadvantage to REX, which was intended to use a human pilot from the start.[20]

Metal Gear REX is a game card for the board game *Risk: Metal Gear Solid* . Players who manage to obtain REX and the PAL Key will be able to have long range options and thus launch a nuclear strike on enemy territory from far away.

In *Metal Gear Solid: Peace Walker*, a secret boss can be encountered on Monster Island called "Gear REX," which has several striking similarities to Metal Gear REX, such as bone ridges that make its face look like the Metal Gear, and a limb over its right shoulder representing the rail gun, which shoots a highly acidic mucous instead. Its roar also sounds similar to that made by its namesake.

Although Otacon talks about rail gun technology having been successfully miniaturized for REX in the original *Metal Gear Solid*, a similar-sized weapon appears on the Chrysalis AI weapon and Metal Gear ZEKE despite this, albeit with conventional ammunition and a somewhat more archaic look.

Metal Gear REX appears alongside Metal Gear RAY and Metal Gear Gekko on the Shadow Moses Island stage in *Super Smash Bros. Brawl* .

It also appears as a sticker (allowing the player to start a battle with the Cracker Launcher) and a trophy.

The Shadow Moses Island stage featuring REX's cameo returns in *Super Smash Bros. Ultimate* . Its *MGS4* incarnation also appears as a collectible spirit in the "World of Light" story mode. An ace-level primary spirit, it possesses two cyan-colored ROBs in a stamina battle at Shadow Moses Island. The spirit possess 2739 power with a decrease in speed. It acts as the spirit that is in close immediate proximity to Snake's body in the base area.

REX's screeches are used in *Castlevania: Order of Ecclesia* for the boss creature Arthroverta when it is killed.

A 1/48th scale figure of REX was developed by ThreeA. It was designed by Ashley Wood with direction by Yoji Shinkawa for $490 USD, and has already been sold out. It was on sale for pre-order on March 6th, 2012. It has light up capabilities ranging from its Railgun to its pilot seat. ThreeA also made much of its armor removable so it could be displayed with battle damage, as seen in Metal Gear Solid 4. People who pre-ordered from 3A's online store Bambaland got an additional poster and a figure of Old Snake as the pilot.

A 1/100 scale unpainted plastic snapfit model kit of REX was released by kotobukiya, it was released for sale on December 28, 2012. The kit came with small figures for Snake with the Stinger Launcher, Liquid as the pilot, and Gray Fox standing and being crushed to set up action sequences.

A LEGO-based model of Metal Gear REX was eventually created, with the *Metal Gear Solid* Facebook page unveiling it and crediting its creator, ragnarock1.

Metal Gear REX appeared as a participant in the Konami-sponsored event E3 Battle, where it defeated Bahamut from *Hard Corps. Uprising* for the first round, its weapons systems standing up to the one-man Hard Corps. army. It then faced off against and defeated Heather Mason in the second round. It then fought Zobek in the third round and defeated him. It later proceeded to finish off Sniper Wolf in the fourth round. It then faced off against and defeated The Boss in the semifinals. It will proceed to fight against Naked Snake in a no-holds barred beatdown for the finals. Despite this, however, REX lost to Naked Snake, prompting the latter to become champion.

When he was done we were shocked!

Nico: WHOA!

Me: That is a scary dinosaur.

Eli: No kidding!

Snake: I HATE THIS PART!

He swallowed him and he popped out and Kirby got his powers.

Eli: OH YEAH!

Snake threw a flare grenade to call an airstrike.

Snake: It's showtime!

Five homing missiles were fired at Metal Gear Rex.

They hit it and exploded!

And it shorted out all over.

Me: YEAH!

I fired waves of lightning and it made it short circuit more.

Gigan spun his belly blade and cut it all over.

Nico: Time for some Legend Items!

Nico activated Electro's Progrise Key and fired a blast of lightning.

Will activated Dr. Viktor's Progrise Key and fired a wave of purple lightning!

The lightning struck Metal Gear Rex.

And shorted it out all over. It roared in pain.

Me: Lets finish it off.

Quiet: Yeah! Lets do it!

We then fired a massive wave of lightning and it hit the Rex and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was destroyed!

Nico: It might be down. But it Could come in handy.

Me: Good idea.

Irma: We'll gather the pieces for Lisa to rebuild.

Taranee: Good idea.

We told everyone everything and it was awesome and cool.

May: Wow! That was amazing!

Eli: It sure was.

May: Next time, Cody Burns should go with you.

Irma: Awesome idea!

Nico: Yep.

Later it was time for Twilight and Nate to have some bonding time.

Simon Petrikov: You and Nate ready for some bonding time, Twilight?

Twilight Sparkle: I sure am Simon.

Me: You guys go and have fun. You earned this.

Nico: Big time.

Jake: Some of us, including me, will go with you guys in case there's trouble.

Twilight Sparkle: Thanks. Ready bro?

Nate: You bet.

Katie Forester: This is gonna be awesome.

Me: Have fun.

They were off to Canterlot for some fun.

Me: I'm so happy for them. And Nate and Katie are having a date to boot.

Nico: Ah young love.

At Canterlot, Twilight, Nate and Katie were at the doughnut shop.

Nate: Mmm! Good donuts.

Katie Forester: Some of the best ever.

Twilight Sparkle: They are the best.

Tidal Wave: Tidal Wave glad you guys are having fun.

Twilight Sparkle: Thanks Tidal Wave.

Katie Forester: So Twilight how did you become an Alicorn?

Twilight Sparkle: That was something that was unforgettable.

She told them what happened that lead up to that and it was amazing.

Nate: Wow! After everything you and your friends all accomplished you more than earned the right to be princess.

Twilight Sparkle: Everyone on the team said that too.

They went to the Canterlot Library to learn all about magic and then

Twilight's Castle for more fun and more.

Rollbar: Welcome to Twilight's Humble Abode.

Nate: Wow! Twilight your castle is amazing!

Katie Forester: Yeah it sure is!

Twilight Sparkle: It sure is amazing.

They got to learning how to use magic and it was so much fun.

Ace: Maybe we should consider assigning the Ridewatches collected so far to certain people.

Me: That's a good idea Ace.

Nice: Yeah.

Twilight, Nate and Katie came back.

Me: Hey guys. Did you have a great time?

Twilight Sparkle: We sure did.

Eli: That's great!

But then suddenly…

FLASH!

There was a massive flash of blinding white light and we covered our eyes and then we went to the computer and we saw on the computer that Cartoon Network City has become part of our world in Gotham Royal York!

Nico: WHOA! Is that!?

Me: It's Cartoon Network City! Awesome!

Eli: Wow! So it's now in our world!

Eddy: Wow! That is awesome!

Edd: Amazing!

Numbuh 1: This will be amazing!

Then Private H.I.V.E., Deker, Abis Mal, Nergal, Motor Ed, Mojo Jojo, Po Kong, Radioactive Man, Gizmo, and White Lightning appeared.

Abis Mal: Did you guys see what happened!?

Nico: We sure did! The Cartoon Network City and universe is now part of our dimension!

Eli: Yeah!

Courage: Cool!

Private H.I.V.E.: Permission for me, Deker, Abis Mal, Nergal, Motor Ed, Mojo Jojo, Po Kong, Radioactive Man, Gizmo, and White Lightning to hang out with you guys?

Nico: Granted soldier!

Me: Wait a second! I think I know what's going on!

I went to my computer and turned on the game FusionFall.

Nico: Oh wow! So we're going after Lord Fuse next! Wow!

I played the game.

Me: Yep.

I went over his history.

---

Lord Fuse is the leader and the ruler of Planet Fusion. For thousands of years, Lord Fuse has commanded Planet Fusion to absorb planets to gain strength and power. As he arrives on Earth, home to most Cartoon Network characters, he creates his own army of Fusion Monsters that spawn from terrafusers including Fusions, to invade Earth. He is the main antagonist of the MMO Cartoon Network Universe: FusionFall.

The past of Lord Fuse and Planet Fusion is shrouded in mystery with little known for certain. What is currently known, is that Fuse has existed for at least a millennium, and that he originates from another galaxy. As the ruler of Planet Fusion, Fuse uses it to travel across the universe to invade and subsequently absorb any planet he comes across, with nearly every one of these invasions successful. However, Anur Phaetos and the homeworld of the alien race known as the Glorft, managed to evade their planets being absorbed; the Ectonurites of Anur Phaetos by managing to make a deal with Fuse that they would assist him in future invasions on other worlds, while the Glorft simply had enough power to repel Fuse.

Eventually Fuse arrived in our solar system, absorbing every planet before setting his sights on Earth. A terrafuser is launched towards the planet, which quickly begins spawning Fusion Monsters and spreading Fusion Matter for the planet to be absorbed, with the terrafuser also serving as a beacon to guide Fuse towards the planet. The monsters quickly evolve, and by using items once belonging to the various Cartoon Network characters, Fuse creates an army of twisted Fusion versions of the various characters; Fusion Samurai Jack being the first.

After getting thrown far into the future after one of Dexter's time travel experiments was tampered with by his sister, Dee Dee, the player arrives in a world on the cusp of being absorbed; Lord Fuse has nearly won, with Fusion Matter and dangerous Fusion Monsters everywhere, the landscape nearly unrecognizable, and many Cartoon Network characters missing. The invasion is only being held off thanks to the recent invention of Dexter and Mandark, Nanos, small versions of Cartoon Network characters with incredible power that were created with the use of Fusion Matter. Despite this, the Nanos have been created too late to do anything but delay the inevitable; so with the assistance of the remaining Cartoon Network characters, the player builds a new time machine to head back to the past, bringing with them the blueprints for the Nanos in order to give the world the power it needs to hopefully repel Planet Fusion.

IAfter arriving in the past and handing over the Nano blueprints, the player goes on many different missions to help stop Fuse, notably being guided by one of four notable Cartoon Network characters: Ben, Dexter, Mojo Jojo, or Edd, each with different priorities in the war, Ben making sure Fuse doesn't get his hands on hidden Plumber technology, Dexter wanting to locate the world's lost heroes, Mojo Jojo hoping to create new-and-improved monkey minions to fight Fuse, and Edd attempting to find hidden candy treasure, as well as missions from numerous other Cartoon Network characters, some with their own plans to help fight Fuse, others with less important matters.

One notable aspect of the plot involves what is known as "Imaginary Energy", a strange force produced by Imaginary Friends, as well as one of the only effective means of fighting Fuse, with Fusion Monsters that are created based on Imaginary Friends notably having strange behaviors, often at the benefit of the player and Cartoon Network characters. Though Fuse is well aware of this weakness and actively studies the energy.

When Kevin attempts to use his powers to absorb Fusion Matter in order to gain enough Fusion energy to rival Fuse himself, Lord Fuse takes advantage of the situation, gaining control of Kevin and using him to attach a device to Foster's Home for Imaginary Friends, sending Imaginary Energy deep into the Darklands. However, with the help of Dexter, the player manages to slow the device to a crawl, as well as defeat Kevin and break him free from Fuse's control.

After many other missions, the player arrives in the Darklands, the most infected area on the planet, and the location Fuse is attempting to physically manifest onto Earth. Fighting alongside many Cartoon Network characters, the player infiltrates and destroys numerous Fusion Control Centers, which Fuse uses to communicate with his army, with another goal of the mission to unleash an assault of Imaginary Energy against Fuse.

The plan is proceeding smoothly, with the player defeating many powerful Fusions, such as Fusion Samurai Jack, Fusion Mandark, the Fusion Kanker sisters, and Fusion Herriman; however, during the last portion of the mission, Billy shows up and ruins everything with his typical stupidity, alerting Fuse to the player's actions, causing the Imaginary Energy assault to fail, while also causing Fusion Kevin, one of Fuse's most powerful minions, to prepare a surge of Fusion Monster troops to help facilitate his arrival on Earth. The player tracks Fusion Kevin down, but is unable to reach him due to a Fusion barrier utilizing Imaginary Energy from Foster's, though with Billy once again appearing and this time unusually managing to actually help by overloading the barrier with Imaginary Energy, the player manages to defeat Fusion Kevin, though Fuse still manages to manifest on Earth soon after regardless.

With the final battle at hand, the player and many Cartoon Network characters attack Fuse's Lair in the deepest parts of the Darklands, but Fuse is protected by a powerful shield; though by using the combined Imaginary Energy of Billy's Imaginary Friend, Runty, and the player's own imagination, the shield is destroyed, leaving Fuse vulnerable. The player heads towards the final fight alongside Samurai Jack, but Jack is overwhelmed by Fuse's minions, forcing the player to battle Fuse themselves. After a difficult battle, the player manages to defeat Lord Fuse, sending his energies back to Planet Fusion and signaling a major shift in the war. Though Fuse's monsters and infection still poison the world, Fuse himself won't be able to manifest on Earth for a long time.

When I was done everyone was shocked and horrified!

Eli: Whoa! This is gonna be big!

Nico: No one tries to take our world and gets away with it!

Vegeta: Bokrua, which Gene Slammer do you think you'll meet next?

Nico: Well I'm hoping to do one that's for a Caped Stalker from the Blue Moon.

Me: Wow that will be awesome!

Eli: It sure will.

Nico: Yep.

White Lightning: Dexter, do you have a lab in Cartoon Network City that we can use as a base right now?

Dexter: No I don't sorry.

Numbuh 1: We can use our treehouse as our base for that.

Lola: Awesome. Been a while since we saw the KND Treehouse.

Nico: Then lets head out.

King Kai: (Telepathically) Nico, can you guys hear me?

Nico: King Kai, what's up?

King Kai: (Telepathically) I just got the news: those seven clones of Orochi, The Serpent King, are on the move.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed seven dark energy signals with his eyes and the Force, and he saw who the figures were in the vision: the seven clones of Orochi, The Serpent King, created as another part of The Church of Necrom's second contingency plan that'd resulted in the Reanimated Shinobi fought 150,000 hence, along with the resurrection of Orochi.

Lincoln: King Kai's right. The seven clones of Orochi are on the move. They must've found out what I did yesterday changing Orochi back to Yinglong.

Yinglong: But, this also means we'll have the opportunity to destroy them all once and for all.

Autumn Bellamira: That's right. I intend to put an end to this whole Serpent King nightmare that was caused by Tamamo.

Zhang Liao: Yes, what she did in tricking Master Yinglong into turning against The Heavenly Emperor and causing this disaster in The Mystic Realm can never be forgiven. But, it ended yesterday when Lincoln purified the darkness that turned Master Yinglong into Orochi.

Lincoln: It'll truly end when we destroy those seven clones of Orochi, Master Zhang Liao.

Nico: My thoughts exactly, Lincoln. Alright, gang, let's go. It's time to destroy Lord Fusion and make him pay for what he's done.

Lincoln: We're not going to let that monster destroy our world, and the same will go with the seven clones of Orochi, and it'll be another mess of The Church of Necrom that we've cleaned up.

We were off to Cartoon Network City. It was now on the South Side of Gotham Royal York.

* * *

We were in Cartoon Network City.

Me: Wow! So this is the great Cartoon Network City.

Nico: So cool! It's like all the great cartoons of Cartoon Network from over the course of 25 years have all come together.

Laney: This is amazing! Even though I never watch TV and read only books it's really awesome.

Lola: It sure is.

We saw all the buildings of the great shows all in one place. Including all the great Hanna-Barbara Cartoon Locations as well.

We were at Sector V's Treehouse.

Nuova Shenron: Good thinking. It's not like Fuse will know where we are.

Me: And he doesn't know WHO we are too.

Eli: Great.

Radioactive Man: What minions does Fuse have?

Me: He has Fuse Twins. They are the evil fusion counterparts of all the great Cartoon Network Stars. They are easily recognizable because they have green skin, dark hair and malevolent glowing red eyes and they look like those characters.

Fuse Eddy then appeared.

Me: Like that!

I fired a blast of energy and destroyed it.

Airi: Doesn't he have minions like Painsaws as well?

Me: Yes he does. But those are minor minors compared to the Fuse Twins.

We went into the Sector V Treehouse in the KND Briefing Room.

Numbuh 1: Been a while since we were here.

Numbuh 2: Yeah.

Gizmo: We need to find out if that barf brain's attacking in other parts of the city!

Numbuh 1: Good idea.

Numbuh 1 activated the satellite scan and found out that Fuse's planet is heading right for us and he is sending some of his minions to attack.

Me: Oh man!

Nico: We'll blow that planet out of the stars with the superlaser.

Kerchak: Or we can enter Planet Fusion to find Fuse there.

Nico: Why wait? He'll come to us.

Lola: Yeah!

Lana: Besides this is gonna be awesome to take down his minions and see more of the city.

Nico: (sighs) Guys, I have a confession to make.

Abis Mal: What's that?

Nico: I actually played Fusionfall in the past.

Me: Did you really?

Nico: Yep.

Me: All right!

Me and Nico High Five.

Me: Awesome game for both of us.

Nico: Yes it is. And I know how we can take him down too. We'll do Kerchak's decision.

Me: All right I lead my mission yesterday. Now it's your turn.

Nico: Fair enough.

Beelzemon: Let's get rid of some of Fuse's goons first.

We nodded.

Me: All right this is gonna be fun.

Nico: Lets head on out.

In the Endsville sector we saw lots of awesome people and more.

But then we saw Grim?

Nico fired an energy blast and destroyed it.

Me: One version of Wilt is plenty.

Eli: Her name is Luna Anderson and she is a really awesome spirit awareness master.

Rarity: Oh she sure is darlings.

Sweetie Belle: We found out a really powerful revelation from her.

Luna Anderson: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Luna, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Luna Anderson: That's incredible.

Nico: It sure is. So, Luna, how did you defend Lincoln, Leni, Luna, Laney, Lucy, Lana, and Lily from the uncontrollable hatred and wrath of Lori, Lynn, Lola, Lisa, and Luan?

Luna Anderson: Oh, now that's one I'd never forget. One day, I was hanging out with Lincoln, Leni, Luna, Laney, Lucy, Lana, and Lily in The Loud House, and Mr. and Mrs. Loud were also at home since they had a day off from work. But, then, our peaceful day came to an abrupt end when the front door was broken down, and we saw who it was that broke the door down: it was Lori, Lynn, Lola, Lisa, and Luan, but their eyes were red with insane rage and they also had weapons in their hands from knives to baseball bats, and they've said they've had enough of Lincoln, Leni, Luna, Laney, Lucy, Lana, and Lily, along with their parents, even living, and they were going to kill them all, and once they're dead, they're going to leave a trail of death and destruction in their wake and kill everything and everyone in Royal Woods until there's no sign of life anywhere. I was enraged by the sheer evil coming from the five worse Loud siblings ever, I stood my ground and fired five blasts of darkness to disarm them and trap them inside spheres of darkness. Everyone hugged me and thanked me for what I just did in saving them. But, as for Lori, Lynn, Lola, Lisa, and Luan, those five got the stiffest penalty: I sent the five of them straight to The Royal Woods jail for two weeks, and when they got home, they were sent to the basement in isolation cubes, along with being grounded for six months.

We cheered wildly for what Luna Anderson did to save Lincoln, Leni, Luna, Laney, Lucy, Lana, Lily, and Mr. and Mrs. Loud from Lori, Lynn, Lola, Lisa, and Luan.

Me: Wow, that was really awesome, Luna.

Rita: We were eternally thankful for what she did to save us from Lori, Lynn, Lola, Lisa, and Luan that day.

Lynn Sr.: And she made the right call to put those five in jail for two weeks, and then, we send those five to the basement in isolation cubes for six months, along with being grounded for that same amount of time.

Lincoln: She stopped what could've been a horrible massacre, and for that, we're eternally thankful to her.

Luna Anderson: Just doing what had to be done.

Nico: Uh oh, looks like we're not done yet, and here they come now.

Suddenly, seven figures came out, and they were the seven clones of The Serpent King, Orochi, in his first form, but they have different color schemes.

Lincoln: As I thought, the seven clones of The Serpent King, Orochi. Now, all we need to do is slay these seven, and then, this chaos will finally be brought to an end for good.

Autumn Bellamira: And that's what we're going to do, Lincoln.

Suddenly, Autumn Bellamira's red eyes turned neon red, and she was surrounded by a red and black energy aura with darkness, monsters of nightmares, and fiends, she unholstered Archfiend Emperor, First Lord of Horror's sword and massive Archfiend Emperor, First Lord of Horror-themed greatsword from her back, and as she approached the seven clones of Orochi, she left red and black energy, darkness, monsters of nightmares, and fiends with

every step.

Autumn Bellamira: You seven clones of Orochi are nothing more than harbingers of destruction and the last remnants of a forgotten memory, and now, I will see to it that this nightmare is brought to an end here and now.

Suddenly, Autumn Bellamira was surrounded by a massive vortex of red and black energy with darkness, monsters of nightmares, and fiends surrounding it, there's Archfiend Emperor, First Lord of Horror flying around the vortex, and in the vortex is a blood red phoenix. Then, as the vortex faded, Autumn Bellamira was emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Autumn Bellamira grew from 6'5" to 6'11" in height, she has the body of a goddess, she has blood red highlights in the bangs of her long flowing black hair, she has neon red eyes and a red and black energy aura with darkness, monsters of nightmares, and fiends surrounding her, she has Archfiend Emperor, First Lord of Horror and with the Dark Kanji in its hands emblazoned on her forehead, she has on fiend earrings with red gems for eyes and holding the Dark and Eternity Kanjis in its clawed hands, she also has Archfiend Emperor, First Lord of Horror with red gems for eyes and the Dark and Eternity Kanjis in its clawed hands for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with red crystal links from her merged Crystal Necklace of the Buddha and red gems on the gold lightning bolts. Autumn Bellamira has on a black sleeveless vest, sleeveless black midriff top, black skirt, black knee-high high-heeled boots, and long sleeveless black trenchcoat with darkness, monsters of nightmares, and fiends on the coattails, and on the back is Archfiend Emperor, First Lord of Horror with darkness surrounding it. Suddenly, Autumn Bellamira felt a sharp pain on her back, and then, her massive black angel wings grew much bigger for her new body, and the large black feathers have red tips on the feathers. Autumn Bellamira has on a Ring of The Phoenix with red gem and heart shaped gem embedded in it on her right ring finger which also merged with her Guardian Angel of Lincoln Loud ring and Star Sapphire ring on her left ring finger.

Suddenly, Autumn Bellamira's Archfiend Emperor, First Lord of Horror's sword, Sword of The Goths of Darkness, and massive Archfiend Emperor, First Lord of Horror-themed greatsword began merging together, and they're surrounded by a kaleidoscope of red and black energy, darkness, monsters of nightmares, and fiends, and when it emerged, it was transformed into Archfiend Emperor, First Lord of Horror's Bloody Greatsword of Dark Fiend Horrific Justice, it's a brand-new greatsword with the symbol of The Goths of Darkness and Archfiend Emperor, First Lord of Horror etched on the 7'0" massive, wide, double-edged blood red blade, large horned skulls for the crossguard, large purple gem embedded in the rainguard, longer black handle, and four large horned skulls with red gems in the eye sockets and on the bottom of the skulls is a large purple gem for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with red gems on her wrists, new large gold Belt of Elemental Bravery with a gold version of Archfiend Emperor, First Lord of Horror's head with blood red gems for eyes and a large blood red gem inside its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. Autumn Bellamira has transformed into SUPER ANGEL ETERNITY INFINITY ARCHFIEND DARKNESS HORROR EMPEROR ANGEL OF ARCHFIEND JUSTICE AND DARKNESS LOVE!

We were amazed by Autumn Bellamira's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when the seven clones of Orochi saw it, one of them tried to blast her, but she dodged it, and another tried to kill her with his scythe, but she ducked and dodged it, and she fired seven powerful red and black energy blasts with darkness, fiends, and monsters of nightmares at the seven clones of Orochi, and they were hit and it caused them to back away.

Nico: Whoa, Autumn Bellamira's transformed, awesome.

Me: You said it, and now, the battle that decides the fate of the world and The Serpent King is about to begin.

Lincoln: Wow, Autumn, you look beautiful. How do you feel?

Autumn Bellamira: (Divine Echoing Cosmic Voice of The Archfiend Horror Emperor and Divine Dark Love) **I feel incredible, Linky. Now, shall we put an end to this Serpent King nightmare for good?**

Lincoln: (Smiles) With pleasure, Autumn.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Autumn Bellamira.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's put an end to this mad cycle of Serpent Kings once and for all.**

WARRIORS OROCHI 2 OST: Decisive Battle

Autumn Bellamira and Lincoln went after the seven incarnations of

Orochi, who tried to attack them, but they dodged the attacks, and Autumn Bellamira and Lincoln fired powerful blasts of rainbow energy, red and black energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Fiends, and Angels at the seven incarnations of Orochi, and they exploded with incredible power as they hit them. Then, they attacked the seven incarnations with their massive greatswords, leaving painful scars on them and showing them no mercy. Autumn created an army of archfiend warriors and sent them at the seven incarnations, and they attacked with relentless fury, and they disappeared into darkness. Then, Lincoln and Autumn Bellamira fired seven powerful blasts of energy at the seven incarnations of Orochi, and they explode with incredible power, killing the seven incarnations of Orochi and banishing them to The Black Gates forever and cleaning up another mess of The Church of Necrom.

Nico: Yes, the seven incarnations of The Serpent King are gone for good.

We cheered wildly for what Lincoln and Autumn Bellamira did to the seven incarnations of Orochi as they holstered their massive greatswords on their backs and powered down, and Autumn Bellamira's new body, clothes, weapons, jewelry, and massive black angel wings are permanent.

Autumn Bellamira: And now, this whole Serpent King nightmare has been brought to an end for good. Thanks for helping me take down the seven incarnations of Orochi once and for all, Linky.

Lincoln: (Smiles Warmly) You're welcome, Autumn.

Suddenly, Autumn Bellamira wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leans his face down to Autumn Bellamira's face, they kissed passionately as Autumn Bellamira's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, and Angel, and Archfiend Emperor, First Lord of Horror flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and monsters of nightmares and fiends howling as their howls pierced the skies and a red moon shined down behind them and we all cheered wildly.

Nico: Whoa, now that's what I call one spooky display.

Me: You said it. Think she can help out with this year's Halloween?

Eli: That'll be a yes.

Lincoln: You bet she will, and now, we've finally put an end to this whole Serpent King nightmare once and for all.

Yinglong: Yes, and now, it's finally over at last.

Lori: Yes, it is, Yinglong.

Me: Orochi's finally gone for good, and the same goes for Da Ji, Kiyomori Taira, Kyūbi, and Hundun, and we've brought an end to the five biggest threats to humans and Mystics.

Fu Xi: That's correct, J.D., but the memories of what Orochi and his minions have done will still be with us for eternity.

Taigong Wang: Orochi's crimes were that great that not even the peace of death could free him from it, but you finally put an end to this nightmare for good by purifying Yinglong of the darkness that'd turned him into Orochi, and destroyed the seven incarnations of The Serpent King for good.

Nico: And in the process, we saved the world from yet another destructive threat.

Me: Yep.

We teleported back to Earth.

Nico: Fu charge Superlaser up and fire.

Fu: Roger that. Commence Primary Ignition.

She pressed 2 buttons and pulled a lever and pressed a button and it fired a powerful blast of energy and the blast hit Planet Fusion and it exploded!

EXTREMELY MASSIVE AND POWERFUL EXPLOSION!

The entirety of Planet Fusion was completely destroyed and reduced to nothing!

Nico: YEAH!

Eli: That's it for the Fusions.

Me: And the Universe is now safe from them.

Stratos: I can see why you had a hard time with him before, Nico.

Nico: And now, you see why.

Me: But this was so awesome!

Irma: We didn't even need to rebuild Metal Gear Rex for this.

Nico: No we sure didn't.

Hydros: There will be other opportunities.

Me: Yeah but this was awesome! 65+ Years of Cartoons coming together to help us take down Fuse.

Pyros: (to the Ghost team) You guys helped as well.

Takeru: We sure did.

Me: We owe you guys big time for it. We'll see you in August.

Makoto: Will do.

Luna Anderson: I'm going to love it here with you guys

Mya Edmundton: Same with me.

Control Freak: You girls won't regret it.

Me: No you won't.

Twilight: Let's go home. And then, I'll show you the souvenirs me and Nate got earlier.

Skulker: We can't wait to see them.

Me: Good idea.

Nico: Yeah but great job today everyone.

Ben: This was awesome though. (To the viewers) Hope you all liked this one and it was so awesome taking down the aliens of Fusionfall.

Nico: It sure was. Lets head home.

We went back home and enjoyed the rest of the day and went to sleep later on.

But it's really THE REAL THING! And he'll be in the Masters of Evil. Also Pyrrha Nikos is going to come with us and she is going to face Cinder Fall who has broken out of prison to get revenge! Now is the time for us to make sure she stays dead forever. Also she is going to explode in power like how Gohan did against Cell and she is going to make that heartless monster pay for what she did to her when she killed her on Remnant. And we're also going to face Another Super Megaforce Red! For Lincoln's rescue tomorrow, Lincoln and his group are heading to Las Vegas, Nevada, and Lincoln and his group are not only going to win big in the casinos there, but they're also going to destroy one of the enemies of The Punisher, The Russian, who's on the rampage. And we're going to send him to the Masters of Evil Prison. And they're going to meet a Blizzard Princess Gene-Slammer named Lina Kuznetsova, she's Lincoln's Guardian Angel from Russia, she was born with cosmic cryokinesis, which earned her the moniker, "The Snow Princess of Russia", and she has a lot of knowledge of Russia's long history. She's protected and defended Lincoln from the wrath of Lori, Lynn, Lola, Lisa, and Luan at home, from Chandler and his goons at school, and she hated it when Lincoln was given a hard time by Principal Huggins before the restaurant incident. The next chapter is gonna be a non-combat chapter and we're going to have fun on this one as we have fun with Daffy Duck and make him go nuts in the awesome cartoon Duck Amuck. This is gonna be funny.

See you all tomorrow.

Walking through the beautiful meadows of Holland in the Netherlands was Nico, The Ripping Friends, Yang, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Changeman, Jetman, Dairangers, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily and we were there for the awesome dogfighting competition called ACES. We were really excited to see World War I style Airplanes battle it out.

Nico: This is gonna be awesome to see.

Me: Boy it sure is! I'm really looking forward to this rescue.

Camie: So what is ACES?

Me: It's a World War I Airplane Dogfighting Competition. You know like with what the planes were like back in World War I.

Camie: Wow! I think Penelope told us about something like this.

Me: Right. She was in disguise for this and it was awesome.

Arrietty: This will be something very fun.

Yang: It sure will be awesome.

Nico: Thanks for coming with me, Yang.

Yang: No problem Nico. It's gonna be awesome to go with you on a rescue like this.

Qin: You'll have a lot of fun on this one.

Yang: I just wish Ruby could be here too.

Pyrrha: You can tell her all about it when we get back Yang.

Yang: Sure.

Me: Maybe you and Ruby can come with next time.

Yang: I would like that.

Nico: Yang, whether you and Ruby are related by blood or not, you two will always be sisters.

Yang: Thanks Nico. That means a lot.

Laney: You and Ruby have both been through so much and that brought you guys closer together than ever.

Yang: Yeah no kidding.

Nico: Not to mention that your family's back together. And yes, we ARE talking about your mom as well.

Yang: That's true. I'm so happy I have my mom too but also so is Ruby with Aunt Summer.

Nico: Yeah.

Lincoln: And as a bonus I gave you your arm back.

Camie: What happened to her arm?

Me: She had it slashed off in a Grimm attack.

Camie: Ouch!

Eli: Yikes!

Me: And it was awesome meeting Ruby and friends after the War with the Royal Defenders.

Tsuyu: Wow!

Nico: Sorry you guys had to learn about my past with fighting Fuse.

Yang: It's all right Nico. But at least you can learn from your past to make sure it doesn't happen again.

Qin: That's true Yang.

May: I agree Qin.

Nico: But those days of fighting Fuse online were the best ones of my life.

Me: That was really fun.

Eli: We're glad you had so much fun.

Sirius: Yeah and the best part is now we have the entirety of the Cartoon Network City and world with us now.

Lana: We sure do and it's on the South Side of the city.

Nico: That is true. I'm so excited to see more of our favorite Cartoons home.

Yang: Boy me too. I think it's so awesome that we have it with us now.

Lola: It sure is. So awesome.

Nicole: I agree there. But that is so awesome that you battled Fuse before Nico.

Nico: It sure is. Good thing Fuse couldn't make Fusions of us.

Me: Thank goodness for that.

Eli: Yeah that would not be a good thing.

Lola: Yeah that would be scary to see.

Qin: No kidding.

Pyrrha: That would be like something out of your worst nightmares.

Crag: Boy it sure would be scary.

Slab: No kidding guys.

Laney: By the way Pyrrha, I take it you heard about Cinder Fall escaping from prison?

Pyrrha: I sure did. And it'll be awesome taking her down.

Camie: How come you hate her so much?

Me: Because she killed her on Remnant and Pyrrha is going to return the favor by banishing her to the Black Gates.

Camie: Oh man!

Ochaco: That's terrible! Man she must have one nasty grudge against her for that.

Eli: That is a total understatement.

Himiko: Boy I don't blame you one bit Pyrrha.

Pyrrha: I know.

Nico: Let's keep an eye out for trouble. Pyrrha, if Cinder Fall shows up, take her out. It'll keep her off us while we're fighting the next Another Ranger.

Pyrrha: With pleasure. I actually feel the power growing inside me. I am going to transform soon.

Laney: This is gonna be awesome.

Eli: Yeah!

We arrived and we saw the competition in full swing! We saw World

War I biplanes really going at each other. We saw planes from Ecuador, Korea, Canada, Portugal, Belgium, Netherlands, Germany, Iceland, France and even places like Lithuania, Russia, Estonia, Latvia and Belarus.

Me: Wow!

Nico: Look at those airplanes.

Eli: This is incredible!

Camie: Wow so awesome!

Tsuyu: Wow! It feels like we're in the middle of World War I.

Me: It sure does feel like it. The dogfights of World War I have always been my favorite thing to read about from back in those days over 100 years ago,

Rainbow Dash: This is really awesome!

Applejack: YEEHAW! This is my kind of competition!

Nico: Hey, Rainbow Dash. Maybe you should join in.

Rainbow Dash: That would be so awesome!

Sunset Shimmer: That sure would. But I think we're too young to enter.

Me: She's right. This contest has very strict age requirements. You have to be 21 to enter.

Nico: Wow. I didn't know that.

Sunset Shimmer: But it's really awesome that we're seeing a contest like this.

Me: It sure is.

Nico: Dammit! It would've made things interesting!

Me: Yeah it sure would have been awesome!

Rainbow Dash: Yeah!

Me: But maybe I can pull some strings in the future and get us in. We all are really awesome pilots.

Nico: That's true.

Me: Also this is where said competition is Headquartered and we're right in front of the main building.

Nico: Oh that's convenient.

Twilight Sparkle: It sure is. Nate and Katie would love to watch us fly in this.

Nico: They sure would.

We went into the main lodge of the competition and we saw hundreds of pilots from all over the world.

Me: Wow! Look at all the pilots.

Nico: There are hundreds of them!

Nicole: Yeah! And many of them are all from countries that were fought in World War I.

Camie: That is so cool.

Himiko: What countries fought in World War I back then?

Me: For the Allies it was, France, British Empire, United Kingdom, Canada, Australia, India, Ceylon, New Zealand, Newfoundland, South Africa, Russia, Japan, Montenegro Italy, United States, Serbia, India, New Zealand, Canada, Australia, Belgium, Montenegro, Luxembourg, Asir, Nejd and Hasa, Portugal, Hejaz, Romania, Greece, China, Thailand Siam, Brazil, Iroquois Confederacy and Armenia and for the Central Powers we were facing the German Empire, Austria-Hungary, Ottoman Empire and Bulgaria.

Nico: Wow!

Himiko: Lots of countries back then.

Lola: Yeah but not NEARLY as many as there were back in World War II.

Laney: Now that was a dangerous one.

Nico: The United States didn't exist back then.

Me: Yep. But that's because we didn't have all 50 States back then. It was from Delaware thru Arizona back then.

Nico: Yep. And Alaska and Hawaii weren't official until 1959.

Laney: Yep.

We walked around and saw lots of people from all over the world talking.

Me: Wow! This is so awesome.

Nico: Eli, sense for any sign of Cinder Fall.

Eli: Okay.

Eli sensed for anything out of the ordinary and he found Cinder Fall hiding in a windmill.

Eli: Shes hiding in a windmill about 300 yards from us.

Nico: Wow. Then lets go.

Me: Wait I want to register Rainbow Dash in this.

I went to the front desk.

Me: Guten tag my good sir.

Man: (Dutch accent) Ah the famous Team Loud Phoenix Storm! Welcome.

Me: Thank you. My friend Rainbow Dash here would like to join the competition if that is possible.

Rainbow Dash smiled.

Me: Believe me she is more than qualified. You should see what we can do.

I pulled out a photo album of many of our awesome piloting adventures with Starfighters and showed them what we were capable of in the sky and in the stars.

Man: Ja I've heard and seen many of your amazing adventures in the sky and in the stars with all this. You are most amazing.

Me: We get that a lot not to toot our own horn. Also Rainbow Dash is a great flyer for Cloudsdale and Equestria. She's a member of the Wonderbolts.

Rainbow Dash: Yep.

Man: All right. We'll gladly pull some strings and let her fly. But just this one time. She can start when you guys bring in a plane tomorrow.

Me: Great!

Nico: Now, to find that Cinderella knock off.

Me: Lets go!

We went to find Cinder Fall.

Lincoln: Also Catherine Hoshi is gonna have The Black Baron as her archenemy. Hope that's all right?

Me: It's perfect.

We went to the middle of the field and the competition was raging above us.

Me: Wow! Look at them go!

Rainbow Dash: This is gonna be awesome!

Lana: I know someone that has a plane for us to restore and modify for you Rainbow Dash.

Rainbow Dash: Awesome!

Eli: Windmill dead ahead.

Me: I got this.

I fired an energy blast and it hit a hay bale by it and it bursted into a fiery explosion and out came CINDER FALL!

Cinder Fall is the secondary antagonist of the American animated web series RWBY. She was the leader of a now-disbanded group of anarchists seeking to cause chaos in the world of Remnant. Her associates have included her former subordinates Mercury Black and Emerald Sustrai, her reluctant temporary partner Neopolitan, the criminal mastermind Roman Torchwick and Adam Taurus, the leader of the Vale sect of the White Fang. She became the Fall Maiden at the end of Volume 3.

At the end of Volume 3, it is revealed that she is a member of an enigmatic organization with malicious goals led by their immortal figurehead Salem.

She is voiced by Jessica Nigri.

Most of Cinder Fall's past is still unknown, though she claims she was from Mistral, and had a very miserable childhood. At some point she met and became affiliated with Salem and began working with her group to complete her goals. Cinder soon began recruiting people to help assist in her plans.

She first recruits Emerald Sustrai, who at the time was a petty thief, after seeing her use her Semblance to steal a ring. Cinder promises Emerald that she'll never have to starve or steal again for the rest of her life.

Cinder later attempted to enlist the skilled assassin Marcus Black, but when she arrived at his home in the mountains, his son Mercury Black is revealed to have killed him in a fight. Seeing he possessed as much skill as his father, Cinder instead recruits him into her faction. At Mercury's suggestion, Cinder approaches and recruits Roman Torchwick, a notorious criminal in Vale.

Cinder, Emerald and Mercury then arrange a meeting with Adam Taurus, leader of the Vale sect of the White Fang, in an attempt to recruit him and his group as well. Despite their mutual goals, Adam turns down their offer, refusing to sacrifice his men for a 'human' cause, and orders them to leave.

Cinder and her team later plan an attack on Amber, the current Fall Maiden, in an attempt to steal her power. After a fierce battle, Amber is defeated, and Cinder uses a mysterious glove to absorb the Fall Maiden's powers. However, Cinder is interrupted by Qrow Branwen, who severs the connection before the process is complete; causing Cinder to only steal half of the power instead. Cinder and her associates then flee the area and report back to Salem. Cinder tells Salem the power has given her a feeling of emptiness and hunger, however she also admits that she finds it enjoyable nonetheless, and promises to retrieve the rest of the Fall Maiden's power.

Cinder, Emerald and Mercury soon return to the White Fang campground and slaughter everyone there except for Adam and his Lieutenant. Cinder then gets Adam and the White Fang's support with the threat of violence, as well as an offering of Dust along with large amounts of money to further fund the group.

Volume 1

In "Ruby Rose", Cinder is seen piloting the Bullhead that serves as a getaway vehicle for Roman Torchwickfollowing the attempted robbery of the Dust shop, From Dust Till Dawn. Shortly after Roman gets onto the ship to escape Ruby Rose, Glynda Goodwitch appears and attacks the ship. Roman tells Cinder that a Huntress has appeared and Cinder quickly jumps out of the pilot's chair to confront Glynda in battle. Despite Glynda's best efforts, Cinder and Roman make a successful escape.

In "Black and White", Cinder appears at Roman's hideout with Emerald and Mercury to reprimand Roman for his recent failure at the docks. Roman complains about having to work with the "mutts" from the White Fang, but Cinder tells him to continue working with them nonetheless; stating she and her associate have "big plans" for him.

Volume 2

In "Best Day Ever", when Mercury and Emerald return to Roman's hideout, Roman comments that Cinder "sent the kids again" and quickly figures out they killed Tukson, a Faunus Cinder had told him to eliminate. This upsets Roman, but just as he is about to threaten the two, Cinder appears, causing Roman to back down.

Cinder then precedes to berate both Roman and her associates; Roman for not completing his mission like she had asked and her associates for going against her orders to keep their hands clean while in Vale. Emerald tried to apologize by saying that she didn't think it was a bad idea, but Cinder coldly informs her it isn't part her job to think just to only to do as she is told, as Emerald responds with an understanding "Yes Ma'am." Cinder then turns her attention to Roman and asks why his mission wasn't completed, but he just motions to all the Dust he has been busy collecting.

Roman then asks for more information on the "grand master plan" so as to make his next string of robberies easier, but Cinder intimidates him into dropping the subject. She does, however, inform Roman that the first phase of the plan is over and he will no longer need to collect any more Dust, as they are now entering the second phase of the plan. Before she leaves, she tells Roman to have the White Fang move all the Dust to a new location that she will inform him of later that night.

In "Welcome to Beacon", Cinder is seen alongside Mercury and Emerald within Beacon Academy, having infiltrated the school posing as students. The latter bumps into Ruby and Cinder informs her that the three are visiting from Haven Academy. Ruby then redirects them to where they are supposed to go, with Cinder thanking her and the trio walk away to set their plans into motion.

In "Extracurricular", Cinder is seen talking to Mercury and Emerald about Pyrrha Nikos to which the two point out Pyrrha generally only uses her Semblance to a small degree to keep it overall hidden from others in combat. Mercury then says that Cinder could easily take her on, but Cinder responds that she doesn't want to simply overpower the enemy, but to take their power away from them. Cinder then orders Emerald to add Pyrrha to an unknown list. When Mercury says that he's tired of waiting, Cinder simply responds that they have a fun weekend ahead of them.

In "Dance Dance Infiltration", Cinder uses the distraction of everyone being in the ballroom to sneak into the Cross Continental Transmit Tower. After quickly overcoming all the Atlas Soldiers guarding the facility and then proceeding to upload a mysterious black queen chess-piece into the Tower's systems, Cinder is interrupted by Ruby causing the two to have a brief fight until General Ironwood arrives. Cinder uses this distraction to escape thus leaving Ruby alone. Cinder then quickly returns to the academy, transforming her fighting gear into a ballgown as she does so and thus evading Ironwood's troops by vanishing into the crowd. Cinder then has a dance with Mercury and tells him that once they have completed their mission at Beacon, the authorities will still be trying to figure out the situation.

In "Breach", Cinder is seen with Mercury and Emerald at the school, shortly before appearing at the battleground where Cinder signals the two to confront the incoming Grimm. Shortly after this fight, they all are seen overlooking the city as Cinder remarks the day had worked out perfectly. Once Mercury brings up the fact they lost many Faunus' within the caves, he wonders if the White Fang will be willing to still listen to them, however Adam Taurus suddenly appears and reassures the group that the White Fang will listen to him.

## Volume 3

In "Round One", Cinder is fighting with Mercury, Emerald and Neopolitan in the tournament as a team. They performed well in their first match and sent Emerald and Mercury to the second round. Cinder then joins Emerald and Mercury in the stands before watching Team JNPR and Team BRNZ fight. Cinder goes as far as saying that even if you know how a fight ends that it'll still be fun to watch.

In "It's Brawl in the Family", she learns that Qrow Branwen is at Beacon but ultimately decides that he is not a large enough threat to warrant changing in her plans in anyway. Cinder then uploads a virus into Ironwood's networks allowing to hack the tournament randomizer to match Mercury and Emerald against Coco Adel and Yatsuhashi Daichi of Team CFVY. As her partner fights Cinder decides to enjoy the show.

In "Never Miss a Beat", after gaining access to Ironwood's information privileges, Cinder looks through his files and finds blueprints revealing Penny's robotic nature. With this Cinder starts to formulate a plan to further cause distrust in the local government so she can destroy the kingdom.

In "Beginning of the End", Cinder leaves before Yang and Mercury even start their match to disguise herself as a paramedic after their plan to frame Yang is initiated. Cinder along with Neopolitan, whisk Mercury and Emerald away in an Air Bus to an unknown location, instructing Mercury to keep himself hidden so as to not jeopardize their plan, as she continues to rig the next series of rounds to further her plans.

In "PvP", after Pyrrha accidentally destroys Penny, Cinder commences her attack on Beacon by hijacking the tournament broadcast and giving a speech that reaches across Remnant about how the governments are keeping the citizens in the dark about what's going on while making it look like they are attacking the kingdom.

In "Battle of Beacon", Cinder is seen standing on the rooftop along with Emerald and Mercury, where she instructs the latter to film the Atlesian Knight-200s. When Emerald expresses remorse at the chaos, Cinder admires the downfall of Beacon. Once Pyrrha follows Ozpin inside the CCT, Cinder's eyes glow as she notices them, intent on following them and obtaining all of the Fall Maidens power.

In "Heroes and Monsters", she takes advantage of Jaune's distraction to send an arrow at Amber, killing the previous Fall Maiden and finally gaining the Maidens full power. Cinder then repels Jaune's charge and Pyrrha's magnetic door, letting them escape as she faces Ozpin. As the two of them prepare for battle, Cinder muses that "she" (Salem) was right about Ozpin's arrogance.

In "End of the Beginning", as Cinder commences her duel with Ozpin, she proceeds to defeat him, despite his impressive efforts in countering her attacks. Cinder then levitates all the way to the top floor in the office, where she goads the Dragon into circling the tower. As she is interrupted by Pyrrha, Cinder proceeds to duel the former Maiden candidate, now stronger than ever, Cinder uses the Dragon's intervention to deplete Pyrrha's Aura, and wound her with an arrow to the heel. Cinder then starts to lecture her opponent about how the Maiden's power never belonged to Pyrrha and proceeds to perform an execution by firing an arrow to her chest, before disintegrating her foe with a tap to the forehead, thus killing Pyrrha. However, once Ruby witnesses the event, Cinder is shocked to discover Ruby's newfound power, as everything turns to white. Cinder survives the unexpected attack, but somehow loses her left eye and arm as well as the ability to speak.

Volume 4

In "The Next Step", Cinder attends a meeting in Salem's Domain, bringing Mercury and Emerald along with her. There Cinder enters a meeting with Watts, Tyrian and Hazel. Watts mocks on Cinder's condition, saying her attack on Beacon was nothing but a failure. Tyrian suggests she get retribution on Ruby by removing one of her eyes. After Salem enters, she criticizes Watts' "malignance", saying Cinder's efforts in destroying Beacon and the CCT, becoming the Fall Maiden and also killing Ozpin were ultimately successful. Salem proceeds to defend Cinder by revealing that her weakness to Ruby is due to her status as the Fall Maiden. Salem removes Cinder from her previous responsibilities to the group and forces her stay behind with Salem for "treatment".

In "Of Runaways and Stowaways", while being "treated" by Salem, apparently during an effort to regain control of her left arm after it was left paralyzed by Ruby's attack, a Seer comes in to report on their lack of success in finding Ozpin's relic at the ruins of Beacon. This prompts Salem to ask Cinder if she really killed Ozpin. After some hesitation, Cinder signals for Emerald to help her respond only for Salem to demand that Cinder say it with her own words. With some difficulty, Cinder manages to reply with a hoarse "Yes."

Though not fully satisfied with this answer, Salem takes this as a sign for her Grimm messenger to keep looking for the relic.

In "Taking Control", Cinder is seen being pitted against Grimm to learn to control her Maiden powers. When she shows difficulty in defeating them, Salem angrily asks her if she lied about wanting to gain more power, to which she fearfully shakes her head in response. When Salem calmly tells Tyrian he's disappointed her for failing his mission to retrieve Ruby, Cinder watches in horror as Tyrian savagely mutilates a Beowolf in his fanatic rage.

In "No Safe Haven", after killing more Grimm while training, Cinder orders Emerald to create a vision of a kneeling and defenseless Ruby Rose seemingly pleading for mercy, Cinder proceeds to mercilessly engulf the vision in flames, while Salem smiles in delight at the sight.

Volume 5

In "Dread in the Air", Cinder is seen at Salem's side during her conversation with Watts and Lionheart and has recovered her voice, telling Watts to shut up when he mocks her inability to see with both eyes. Cinder also questions if Ruby was among the Hunstmen and Huntresses that arrived at Haven, to which Watts confirms this. Upon hearing the Spring Maiden is located in Raven Branwen's bandit tribe, Salem instructs Cinder to take her team to Anima so she can meet with Watts and convince Raven to cooperate with them in retrieving the relic. Following the call, Cinder expresses dissatisfaction over working with bandits and keeping Ruby alive instead of using strength to get what they want. Salem advises Cinder not to underestimate the usefulness of others, using Lionheart as an example, and warns her to protect her powers in case Ruby Rose learns to harness her own. Despite not being persuaded, Cinder nonetheless heeds Salem's advice. Before departing, Salem orders Cinder to summon Tyrian so she can speak with him.

In "Rest and Resolutions", Cinder, Mercury, Emerald and Watts arrive at the Branwen Tribe camp.

In "A Perfect Storm", Cinder meets with Raven and demands that she let them use Vernal to retrieve the Relic of Knowledge at Haven Academy, revealing that Lionheart works for Salem now and the White Fangwill attack the school in a few days. Raven agrees to allow this in exchange for the death of her brother, Qrow. Despite Watts' protests over the idea, Cinder ignores his warnings and eagerly accepts this deal, hoping for a chance at revenge on Ruby Rose; and the group returns to their ship.

In "The More the Merrier", Cinder arrives at Haven with Emerald and Mercury using Raven's portal and assists her and Lionheart in their ambush on the Huntsmen and Huntresses. Cinder then reveals Raven and Lionheart's allegiance to Salem and gloats until she is confronted by Jaune, who demands to know how she and the others could be so broken inside and rub their crimes in everyone's faces. Cinder mockingly asks Jaune who he is, resulting in him attacking her in a fit of rage and causing a massive battle to ensue between both sides. Cinder easily overpowers and taunts Jaune, but then gets serious upon his demands.

However, as the two charge at each other, Ruby unleashes the power of her silver eyes again, causing Cinder to fall to her knees and clutch her left arm in pain. She barely manages to dodge a lethal blow from Jaune and a small piece of her mask is chipped by his sword. Enraged at her close loss, Cinder stomps on Jaune and angrily asks if he thought he actually had a chance of beating her; calling him a failure with a death wish. Upon hearing Jaune tell her he's willing to sacrifice himself to save his friends, Cinder smiles and conjures a spear before proceeding to impale a weakened Weiss with it, much to her friends horror.

In "Vault of the Spring Maiden", Cinder is shocked to learn that Oscar is Ozpin, but decides not to waste her groups advantage and orders Lionheart to open the path to the vault, traveling down with Raven and Vernal. During the way there, Cinder mockingly asks Vernal if she's honored to be the first Maiden to open a vault, but the latter replies that it's nothing but a burden and she's only doing it for her tribe; and Cinder states that Raven has conditioned her well. Reaching the vault, Cinder instructs Vernal to use her powers to open the door so she can enter alone to retrieve the relic. However, as Vernal is about to place her hand on the door, Cinder reveals that she anticipated Raven would double-cross her and freezes her before impaling Vernal with her left arm; which has been replaced with the limb of a Grimm.

Cinder explains it is not personal and that she plans to steal the Spring Maiden's power, stating it belongs to her and that the latter isn't worthy enough to have it. However, as Vernal appears to succumb to her wounds, Cinder is shocked when she receives no power from her and demands to know where it is. Raven then breaks free of the ice at that moment and reveals that she, not Vernal, is the Spring Maiden, much to Cinder's surprise.

In "Downfall", Cinder remarks that the previous Spring Maiden made a mistake in trusting Raven with her power before engaging the new Maiden in battle. During their fight, Cinder's Grimm arm is damaged and Raven explains that it's because Aura is unable to protect it; accusing Cinder of turning herself into a monster just for power. Cinder retorts that Raven has done the same before she continues battling her to the point where they unleash their full powers beneath the surface of Haven Academy.

Despite both seeming to be evenly matched, Raven manages to gain the upper hand because of her longer experience with the Maiden powers; eventually exhausting Cinder's strength and depleting her Aura. When Cinder is distracted from a dying Vernal firing one last shot at her, Raven takes the opportunity to launch a final attack that disintegrates Cinder's mask and launches her over the vault floor's edge. Cinder then watches in horror as Raven freezes her and lets her body plummet into the dark abyss below.

Volume 6

In "Uncovered", it is revealed that Cinder survived her fall, and has thawed out in the waters in the bottom of the vault. She barely escapes the vault before drowning, washing out on a hillside outside the academy. A passing villager sees her and offers help, but then sees her Grimm arm. Cinder proceeds to murder the woman steal her clothes and money, then heads into the city of Mistral.

There, she finds seeks out a crime syndicate and their leader, Little Miss Malachite. She offers Malachite the stolen money in exchange for helping her track down the Beacon students. Little Miss Malachite agrees, and notices how paranoid Cinder is about the people around her. Malachite than shares some advice with Cinder: if you fear something, do not destroy it; make it work for you, as you might need it later. Cinder ponders this advice before rudely leaving, though Little Miss Malachite already knows where the Beacon students are and is waiting for more information on who Cinder is and who may be looking for her.

In "The Coming Storm", Cinder returns for her information and gets it, but is also sold out to Neopolitan, who blames her for the death of Roman Torchwick. The two do battle in the bar until Little Miss kicks them out, and their battle continues in the street. Cinder sees Neo wearing Roman's hat and knows why she returned, but tells her to stop wasting time fighting her and instead target the real one responsible: Ruby. Neo continues to fight, but Cinder displays her Maiden powers, making Neo stand down. Cinder then offers that they work together in tracking down Ruby and killing both her and all her friends, to which Neo agrees.

In "The Grimm Reaper", Cinder brings Neo to the Vault of the Spring Maiden and explains the Maidens and Salem to her. She tells Neo that she is under orders not to kill Ruby, but Neo is not, and offers a deal: if Neo can help her get to Atlas and recapture the Relic of Knowledge, she will let Neo kill Ruby. Neo happily agrees.

In "Our Way", Neo steals an airship and uses her powers to make it look like an Atlas military ship. Cinder is impressed by her abilities and believes they are a good team, even musing about killing Pyrrha and telling Neo that she still believes in destiny.

Volume 7

In "As Above, So Below", Cinder waits for Neo in an apartment complex in Atlas. Upon Neo's return, Cinder asks if she's got the information on the whereabouts of Ruby. To which Neo silently replies with a smirk.

In "Out in the Open", Cinder and Neo watch Ironwood and Robyn Hill expose the truth to people of Mantle via scroll. Venting her frustration that Watts and Tyrian beat her to Atlas. She asked Neo if she has the whereabouts of Oscar. She tells her associate to find him and to retrieve the Relic of Knowledge. Neo shapeshifts into Ruby as a reminder of their agreement, but Cinder snaps at her. Cinder leaves to find the Winter Maiden.

In "Gravity", watching Winter sprint back into Atlas Academy from one of the windows. Cinder demands where the Winter Maiden is being kept.

In "With Friends Like These", walking down a dimly lit hallway, Cinder noticed Winter at the end and launches a fireball at her. Winter quickly evades the projectile and tries to lock the door. The door explodes, sending Winter and Penny flying a few feet. Winter and Penny ready themselves for a fight.

In "Enemy of Trust", using her Grimm arm, Cinder throws Penny through a wall, then uses her Maiden powers to create two swords. She and Winter lock swords and lock eyes. Cinder angrily proclaims all the Atlas elites are the same and she refuses to starve. Penny returns to the fight, the android and the Fall Maiden intensely exchange blows. Enraged, Cinder grabs both Winter and Penny, and throws them through a wall leading to the outside. The three fight in mid-air. Winter and Penny overwhelm Cinder. In retaliation, Cinder shoots a fireball from her hand, and flies back to Fria's chamber.

Breaking through the chamber, Cinder smiles and prepares to kill Fria. However, Fria unleashes her powers causing a whirlwind of ice and snow, forcing Cinder to retreat. After Penny is able to calm Fria down, Cinder breaks through the wall of ice, she reaches out to Penny and Fria using her Grimm arm, but just in the nick of time, Winter cuts through it, disintegrating it. Cinder's Grimm arm grows back immediately, the Fall Maiden and the specialist resume their brawl. Winter becomes bruised and is nearly killed by Cinder. Ruby and Winter arrive on the scene, Ruby uses her silver eyes to force Cinder into retreating.

Making a successful retreat, Cinder screams out in rage over the fact she wasn't the one who claimed the Winter Maiden's powers. Cinder notices Neopolitan, the mute enforcer presents Cinder with the Relic of Knowledge. Saying nothing, Cinder snatches it from

Neo's possession and walks off. Neo is seen getting irritated with her "partner."

Volume 8

In "Divide", Cinder and Neo return to Salem with the Lamp of Knowledge in their possession, Cinder bows before Salem, calling her, "my queen." Salem rises from her throne and expresses disappointment towards her subordinate. She tells Cinder she put forth her trust in her in becoming the host for the Maiden powers, hopes Cinder didn't return empty handed. Much to Salem's surprise, Cinder presents the Lamp to her, claiming she was the one who stole it from Ironwood, Neo silently expresses frustration towards Cinder. Shortly after, Tyrian begins to insult the Fall Maiden, claiming she isn't cunning, but rather the General is an imbecile. Cinder sarcastically retorts to Tyrian's insult, stating according to radio chatter, both he and Watts were outsmarted by the same General, and says it's shame Watts never made if back.

The scorpion Faunus calmly states Watts was a necessary sacrifice, he turns to Neo and says he hopes that she isn't another. Salem questions who the newcomer is and Cinder answers her master, telling her Neopolitan is a very useful asset, to which Neo silently expresses anger towards Cinder. A moment later, Hazel, Emerald, and Mercury arrive. Emerald sees her master and happily runs towards her, relieved that Cinder is okay. Before Emerald can get close to Cinder, the Fall Maiden chastises her subordinate telling her to be quiet. Emerald becomes distraught afterwards. Tyrian proceeds to insult Emerald, telling her she has so much faith for someone so incompetent. He proudly exclaims while he and Watts were causing divide amongst the citizens of Atlas, Cinder returned with the lamp atone for past failures. Cinder claims she would have gotten the Winter Maidens if Penny and Winter didn't get in her way. Cinder vows she will take what is her's, Salem shoots Cinder down, stating she never gave her such an order. The queen of the Grimm then tells that while Cinder is more valuable to her than a pawn doesn't mean she's a player. Hearing this, Cinder reluctantly claims she is nothing without Salem. Salem waves her hand, and her subordinates immediately leave.

In "Fault", Cinder and Neo encounter Salem. Cinder then bows before her queen then notices the Grimm standing next to her master. Cinder nervously asks what it is and Salem calmly response the Grimm is an experiment. The Fall Maiden requests that she go out and find the Winter Maiden, but her request is immediately denied by Salem. Cinder scolds her master telling her without the powers of the Winter Maiden the vault to the Relic is useless. Salem coldly retorts to Cinder by telling her to know her place. Cinder reluctantly agrees to her master's wishes and claims without Salem she is nothing. However, this turns out to be a lie, and she goes behind Salem's back to find Penny. Cinder tells Neo that they won't be gone long, and it'll be like they never left. Emerald appears and volunteers her services in helping Cinder. The Fall Maiden angrily demands to know how much Emerald overheard.

In "Amity", just as Penny, Maria, and Pietro are about to launch Amity Colosseum, Cinder, Emerald, and Neopolitan arrive to sabotage their work. However, while the aircraft lands, the bombs in the dust mines below detonate, and the resulting explosion sends the floating colosseum high into the air. Cinder exclaims, she hoped that Penny's friends were there, and tells the robotic girl she is nothing but a tool to be used. Penny retorts to Cinder's remark and claims she doesn't know what she's talking about. Cinder summons a barrage of swords at Penny, but the Winter Maiden uses her swords to deflect the onslaught. But, the projectiles overwhelm Penny, backing her into a wall. Luckily for Penny, Maria, piloting a mech suit, intervenes and shields Penny. Maria shouts at Cinder for her to get away from Penny, only for Neo to ram the aircraft into the mech suit. Cinder and Penny take their battle outside.

Flying around the colosseum, the two Maidens exchange blows. Cinder summons her bow and fires multiple arrows at Penny. Penny tries to lead Cinder away from Amity, however, the woman notices the bait and flies back into Amity. Back inside, Cinder uses her Maiden power to melt the beams supporting the platform, Pietro, and the transmitter are standing on. Penny asks why Cinder would serve someone like Salem, only for her opponent to proudly boast that she doesn't serve anyone, and Penny wouldn't either if she was built that way. Penny says she chooses to fight for her loved ones and uses her Maiden power to freeze the melting beams. This leaves Penny wide open for Cinder, the woman grabs a hold of

Penny and attempts to siphon Penny's aura to get her Maiden power, Penny summons a few ice swords, sending the Fall Maiden into a wall, and Penny lands on the arena floor. During Neo's fight with Maria, the mute girl is able to best the elderly huntress and goes to finish her off, letting her guard down, and allowing Penny to use her swords' energy beam on her.

Cinder and Penny fly to the middle of the colosseum. The two prepare for a standoff. Emerald uses her semblance on Penny to think there are multiple copies of Cinder. The copies surround Penny and fly towards her. Unfortunately for Cinder and Emerald, Penny uses her sensors to detect the real Cinder and launches a beam of green light at Cinder. Cinder is sent flying into a wall and is knocked unconscious. Emerald goes to check up on her master and sees her master unresponsive. The girl fires a shot at Penny and tells the robot girl that she can't beat her, but she will destroy the transmitter if she tries to go after Cinder or her. Penny retracts her swords and allows Emerald and Neo to escape.

---

Nico: Cinder Fall, nice to see you again.

Eli: For the last time you monster!

Yang: Yeah and you will pay for your crimes!

Cinder Fall: Xiao Long. I see you brought only Nikos with you.

Yang: Figures she'd want payback on you. Not that I blame her.

Pyrrha Nikos: That's right! You killed me on Remnant and now I'm going to return the favor!

Cinder Fall: Bring it on you bitch!

Pyrrha Nikos: I've had it up to hear with you to last an eternity, you bitch!

Suddenly, something inside Pyrrha Nikos' mind snapped, as her green eyes turned neon green and she was surrounded by a red and gold energy aura with fire, autumn leaves, and phoenixes, she got out her weapons, and as she approached Cinder Fall, she left red and gold energy, fire, autumn leaves, and phoenixes with every step.

We gasped at the extent of Pyrrha Nikos' fury.

Nico: Oh, crud.

Me: Pyrrha's fury's been unleashed, and it's already found its mark on Cinder Fall.

Eli: And it's about to be unleashed. HIT THE DIRT!

We ran for cover, as Pyrrha Nikos screamed like a madwoman and then…

A massive explosion of fire and energy blasted out and she was surrounded by a massive vortex of red and gold energy aura with fire and autumn leaves surrounding her, there's an Autumn Maiden flying around the vortex, and in the vortex is a gold phoenix. Pyrrha Nikos has transformed into SUPER ANGEL ETERNITY INFINITY FIRESTORM AUTUMN MAIDEN ANGEL OF REMNANT JUSTICE AND DIVINE FIERY LOVE!

We were amazed by Pyrrha Nikos' Super Angel Eternity Infinity transformation, but when Cinder Fall saw it, the bitch fell into an insane rage and tried to use her Shadow Hand to take Pyrrha's powers again and kill her, but Pyrrha Nikos slashed Cinder Fall's Shadow Hand off and she screamed in such excruciating pain, and Pyrrha kicked her into a tree.

Pyrrha Nikos: (Divine Echoing Cosmic Voice of The Firestorm Autumn Maiden and Divine Fiery Love) **Now, it's time for you to die, Cinder.**

Nico: You've had this coming for a long time, bitch!

Me: Now it's time for you to pay!

Pyrrha Nikos attacked Cinder Fall by firing powerful blasts of red and gold energy, Autumn leaves, fire, and phoenixes, and they exploded with incredible power as they hit her, and Pyrrha attacked her with her new greatsword and shield, leaving scars on Cinder Fall, that'll never heal, and it really pissed her off even more.

Cinder Fall: YOU BITCH, I'LL KILL YOU!

Nico: You got show no mercy on her Pyrrha.

Pyrrha: **With pleasure Nico. I've got years of dead fury to unleash on this bitch!**

Laney: Show no mercy.

We went to find the Another Ranger.

Cinder Fall went into a maddening rage and tried to attack again, but Pyrrha stabbed Cinder right in her black heart with her greatsword and then, Pyrrha broke her neck, killing her for good. Then, as her spirit appeared, Pyrrha banished Cinder to The Black Gates, where she was erased from existence by the spirits of all those she's killed and she'll never return again. We cheered wildly for what Pyrrha Nikos did as she holstered her new weapons and powered down, and her new body, clothes, weapons, jewelry, and massive red angel wings are permanent.

Pyrrha: This time, don't you ever come back, bitch. Nico: Pyrrha, keep Cinder off us. We're going to search for the Another Ranger.

Yang: (sees something pointing at her) Hey, Nico. I found her.

We saw that a figure and it was a scary version of SUPER MEGAFORCE RED! It was Another Super Megaforce Red and it had a scary helmet and a torn up coat and it had a scary blaster and sword!

Nico: Whoa! Looks like we're facing Another Super Megaforce Red next!

Laney: I was wondering when this one would show up.

Rainbow Dash: This will be awesome.

Me: And without a doubt this one will have keys for each of the core and non-core members of the M.O.E.

Laney: Yep.

Nico: (takes out Dark's Ridewatch) Here's your warning: Your ass is about to be kicked!

Me: And it's going to hurt!

Nico activated it and he got 2 more sets of big muscular arms!

May: WHOA!

Nico: Wow! I have Menace Arm's powers!

Me: Wow! That is weird but awesome!

Eli: it sure is.

Yang: (cracks knuckles) Don't forget about me!

Me: Go get her Yang!

Yang: (Takes out Motor Ed's Ridewatch) Time for some buttkicking. Seriously!

She activated it and got an awesome and totally decked out Motorcycle!

Me: Now that is so boss!

Lola: Yeah it is!

Rainbow Dash: And since I'm going to be here tomorrow it'll be awesome to do this.

She took out Tchang Zu's Ridewatch and activated it and got powerful blasts of lightning surging in her hands!

Nico: Nice!

Me: Lets see who our friend here is!

Another Super Megaforce Red: (In a girls voice) I'm after you guys for a million bucks a pop!

Me: (Gasp) That voice!

She reverted back and it was a girl with black hair and had gothic clothes and she had Celtic Symbols on her arm. It was my friend Shelly Flores.

Me: Shelly Flores!

Shelly Flores: It's great to see you again.

Me: You too Shelly and you look awesome as Another Super Megaforce Red even though red isn't your color.

Shelly Flore: Yeah I know.

Nico: How do you know her?

Me: She and I went to school together and she knows so much about the Celtic Gothic Subculture. She comes from Ireland and has a lot of ties to it. She disappeared for some reason years ago.

Shelly Flores: I actually was told about some good money being offered on you guys.

Nico: Wait. You're not being forced to do this?

Shelly Flores: Sorry guys. I need the money. My family is out on the streets and I am desperate.

Eli: I sense that she is being forced into this.

Shelly Flores: That's right. I know Swartz is lying to me but I have no choice.

Me: You always have a choice Shelly.

Lana: Yeah but also we're worth a bazillion times more than just a million dollars.

Me: Yeah he hasn't done his homework on us. We're worth far more than that. A Million dollars is just small pocket change compared to what we're worth.

Shelly Flores: Really?

Me: yeah. Countless mercenaries all over the galaxy and the entire universe are always after us. Check it out.

I pulled out a wanted poster of our heads being worth $500 Goggolplex. Times thousands.

Shelly Flores: WHOA! You guys are worth a fortune!

Me: And that's for all of us by mercenaries all over the universe.

Shelly Flores: You guys have made a huge name for yourselves over the years! I'm impressed.

Yang: Look on the bright side. At least we'll see those keys you have in action.

Shelly Flores: Yes that's true.

Me: Shall we dance?

Shelly Flores: We shall.

She was enveloped in a swirl of darkness with 46+ Years of Rangers helmets swirling around her and then she turned into ANOTHER SUPER MEGAFORCE RED!

Me: Now for me. KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Nico, me and Yang charged at Another Super Megaforce Red and we punched and smashed her all over.

She jumped back and activated Myotismon's Key in her blaster!

Another Super Megaforce Red: Try this! (Echoing) CRIMSON LIGHTNING!

Nico: Uh oh! (Echoing) CRIMSON LIGHTNING!

Nico and Another Super Megaforce Red fired streams of blood red lightning and they hit and exploded!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Whoa!

Me: Wow! That was intense!

Another Super Megaforce Red: Nice huh?

Nico: I can fight Vampire with Vampire.

Nico activated Dark's Ridewatch and this time, he gained access to Bloodfury's powers.

Me: YEAH!

Nico flew into the air and Another Super Megaforce Red used the key for Zen-Aku and fired blades of Moonlight and he dodged them.

Me: Nice! You used Zen-Aku's powers!

Another Super Megaforce Red: That was awesome.

Me: Now try topping this.

I pulled out Zen-Aku's Ridewatch and activated it and I got his flute and moon blade!

Nico: Cool!

Me: I've been wanting to try this one out ever since I saw it on TV. I discovered that I can summon small versions of the Dark Wild Zords that are my size.

Nico: Awesome! This I got to see.

Me: Watch. DARK WILD ZORDS ARISE!

I played a tune and then out came the Dark Wild Zords for the Wolf, Alligator and the Hammerhead!

Nico: Wow! Miniature versions of the Dark Wild Zords!

Laney: Wow!

Me: Cool huh?

Another Super Megaforce Red: That is impressive.

Mini Dark Alligator fired blasts of swamp water and they hit her and drenched her.

Nico: Swamp Water?

Me: Alligators live in swamps. But lets see here.

I pulled out the Animal Crystal for Lord Drakkon and the Emerald Dragon.

Me: Since Another Wild Force Red had these they must qualify as Dark Wild Zords.

I put it into my flute and played it and out came a small version of the EMERALD DRAGON OF DRAKKON ZORD!

Qin: Wow! That is awesome!

It fired a blast of emerald fire and it hit Another Super Megaforce Red and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: WHOA!

Another Super Megaforce Red: Wow! That was cool!

Me: One of our newest acquirements we got from your fellow Another Rangers.

Another Super Megaforce Red: Cool. Try this.

She activated the key for Yenaldooshi and fired a blast of sonic energy and we jumped and dodged it!

Nico: WHOA! That was a big bark! Two can play at that!

Nico activated the Ridewatch for Yenaldooshi.

Nico then fired a sonic howl blast and it hit her and knocked her down.

Yang: Give up yet?

Another Super Megaforce Red: I'm just getting started!

Me: You know we can do this all day.

Another Super Megaforce Red: So can I. Lets see you do this one.

She pulled out a dark version of the RED CHANGEMAN KEY!

She activated it and turned into ANOTHER CHANGEDRAGON!

Nico: WHOA!

Me: Just like Troy and his team you now have 46+ Years of Rangers too!

Nico: (activates Another Ex Aid's Ridewatch) I was dying to try this against the original ChangeDragon.

Hiiryu: Go for it Nico! This more than makes up for it.

Nico: With pleasure Hiiryu!

He got the powers of the Ex-Aid Kamen Rider!

Nicole: Emu would be proud Nico!

Nico: Thanks.

Nico used the powers of Ex-Aid and fired waves of pixel fireballs and they hit Another ChangeDragon and blasted her all over!

HIT HIT HIT HIT HIT HIT HIT!

Nico: WOO! YEAH!

Another Super Megaforce Red: Not bad. Watch this! HRÆSVELGR POWER!

She flared up a pitch black aura of light and darkness with Vypra's powers and fired beams of lightning at me and I deflected the blast away!

Me: WHOA! That was awesome! Hræsvelgr is the Bird of The Norse Underworld. Lets see what I can do with it. HRÆSVELGR POWER!

I did the same and fired waves of pitch black lightning and they hit her and she was smashed down!

Nico: AWESOME!

Eli: That was amazing!

Nico: Lets see what I can do. KING MIDAS POWER!

Nico then flared up with an aura of Elias Kingston's powers and it was a red aura shaped in the form of King Midas, the legendary figure that can turn anything he touched into solid gold and he fired a blast of gold energy Another Super Megaforce Red dodged it and it hit MARION HAWTHORNE who was coming after us to get revenge and turned her into a solid gold statue!

Nico: WHOA!

Me: Marion Hawthorne!? Whoa! That may have been unintentional but she definitely deserved that!

Lincoln: And it saved me from having to use the King Midas Vengeance Curse on her. Thanks Nico.

Nico: You're welcome Lincoln.

Me: But we're really using an awesome number of powers from the Rangers and Kamen Riders.

Nico: We sure are.

Yang: Any minute now, the next Gene Slammer's going to show up.

?: Someone call!?

A Caped Stalker then appeared and squawked!

Nico: WHOA! A Caped Stalker from The Blue Moon!

Qin: Awesome!

Camie: So that's a Caped Stalker!

Tsuyu: It's fast!

Caped Stalker: (In a girls voice) I can handle this one.

Nico: Leena Troy! Awesome!

She reverted back and was a girl with blue hair, blue eyes and blue clothes and she had the wings of a Caped Stalker! She did a call and sent a massive swarm of swallows at Another Super Megaforce Red and they hit her and she exploded!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was down and I caught the Ridewatch and purified it and on the ground was numerous Super Megaforce Sabers and Blasters as well as all the keys for the Core and Non-core M.O.E. Members. We went and picked them up and I went over to Shelly who was weak and groaning from a huge headache.

Shelly Flores: Oh man! (GROANS) What a headache! (Sees me) J.D.? What happened?

Me: Long story but you don't remember what happened?

Shelly Flores: No I don't.

Me: You were brainwashed! Whoa! Swartz gave you a good reason to come after us.

Nico: Yeah no kidding.

Leena Troy: But at least you're safe now.

Yang: What's your favorite memory of Nico?

Leena Troy: I'm one of Nico's friends from his Botany and Science classes and he and I did a lot. I have this awesome power that enables me to communicate and call animals all over the place and help me out.

Fluttershy: Oh wow. That is just like me. That is amazing.

Leena Troy: Yep. And I used it on a bully by having a bunch of stray cats maul him.

Lincoln: Like how Ronnie Anne and the Casagrande Family had to deal with those black cats that caused them trouble in Great Lakes City.

Nico: Wow!

Leena Troy: But exactly right.

Nico and Leena hugged.

Nico: I really missed you.

Leena Troy: Me too Nico. Me too.

Me: Lets go check on Pyrrha.

We went and did so and we saw that Pyrrha had already killed Cinder Fall as she was standing on her dead body and she had sent her spirit to the Black Gates for all eternity!

Pyrrha: You can relax. Cinder's joined Tyrian in death.

Nico: Wow! That was amazing!

Pyrrha: It sure is! I defeated Cinder Fall 20 minutes ago. I watched the whole battle and you guys were really awesome!

Laney: Boy no kidding. Awesome job Pyrrha.

Shelly Flores: I don't remember anything about what I did under that power. It's all a blur.

Me: We'll fill you in later.

We went back home. Shelly had a big block of ice on her head from the headache. Lana and our mechanics got an awesome airplane for Rainbow Dash. The Statue of Marion Hawthorne was added to our garden. Now Marion was a permanent garden ornament.

Me: That's right, big guy. And according to what Frank told us about The Russian, he's supposed to be really tough and strong.

Nico: You got that right, J.D. According to his criminal history, he's a mercenary who's traveled the world to take part in conflicts in Afghanistan, Lebanon, East Timor, Chechnya, Iraq, Rwanda, and the Balkans, and get this: in the city of Belfast, it's claimed he committed cannibalism on a bet.

Eli: Now, that's just sick.

Lincoln: And he's wanted by most of the law enforcement agencies around the world, and he's also on the Yakuza hit list. So, we need to put a stop to him and put him in The Masters of Evil's prison. And thanks for joining us, Nora.

Nora Valkyrie: You're welcome, Lincoln, this is going to be one awesome rescue.

We head inside the casinos, and we started winning big, and the money we won there, we're putting it into our bank accounts, and we'd also use those winnings to help out others in need, and we were cleaning house.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of eight girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the eight girls, but they've been cornered by The Russian, and he's going to kill them.

Nico: Whoa, that's the Duel Monster, Blizzard Princess, cool.

Lincoln: And I'd recognize that Russian Accent from anywhere, I knew it was you, Lina Kuznetsova, but we'll talk later, we've got a dangerous Russian cyborg to stop.

We then rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at The Russian, and it allowed the eight girls to get to safety. When The Russian saw us, he was enraged.

The Russian: (Russian Accent) You dare to get in my way, Team Loud Phoenix Storm.

Lincoln: (Speaking Russian) Мы делаем. И теперь твои дни сеяния хаоса и хаоса во всем мире подходят к концу, предатель России и всего человечества. (Translation: We do. Lincoln: That's it for The Russian. (To Lina Kuznetsova) And it's so good to see you again, Lina Kuznetsova.

Lincoln: It sure has, I haven't seen you when you were eleven, and as you can see, I really grew a lot since then.

Lina Kuznetsova: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs and massive deep sapphire blue angel wings, that's so awesome.

Zennia Nikolaevna: (Russian Accent) (Gasps) Now, I remember you all too well.

Alexis Nikolai: (Russian Accent) Me too.

The same went with Lincoln's other Guardian Angels from Russia.

Nico: Whoa. Looks like your other Russian Guardian Angels also know Lina all too well, Linc.

Lincoln: They sure do. And she's protected and defended me from the wrath of Lori, Lynn, Lola, Lisa, and Luan at home, along with the wrath of Chandler and his goons at school. But, you guys are also going to want to hear this: Lina hated it when I was given a hard time by Principal Huggins before the restaurant incident.

Me: What?!

Nico: Oh, we're definitely going to want to hear about this.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Lina Kuznetsova's neck with blue gems on the gold thunderbolt links and blue crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Lina Kuznetsova: (Russian Accent) (Surprised) Lincoln,, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Lina.

Lina Kuznetsova had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Lina Kuznetsova's waist and Lina Kuznetsova wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Lina Kuznetsova's face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Kagura Suzuna: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, eight Thunderbird Necklaces of Eternal Love appeared on the necks of Kagura Suzuna, Kotono Kashiwaba, Marie Mizuguchi, Naruko Morita Naruko, Mifue Shinohara, Mirei, Sweet-P, and Thorn with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We then returned to the World Tree Estate and we told everyone what happened and we showed how much money we won at the casinos at Las Vegas, and they were shocked when they found out that the villain we went after was The Russian, one of The Punisher's enemies.

But, when Lincoln showed what we did in roughing him up, and then, tying him up and beaming him to The Masters of Evil's prison, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Lina Kuznetsova have a lot of catching up to do now that she's back in town.

* * *

After winning big in the casinos in Las Vegas and throwing The Russian in prison, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Lina Kuznetsova saw Lincoln working out like crazy, she had an atomic red blush on her face.

Lina Kuznetsova: (Russian Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Lina, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Lina Kuznetsova: (Russian Accent) That's incredible.

Nico: It sure is. So, Lina, what's the story of this hatred you had against Principal Huggins when he was giving Lincoln a hard time?

Lina Kuznetsova: (Russian Accent) That's something I'd never forget. One day, Mr. and Mrs. Loud were here for Grandparents' Day since Lincoln's Pop-Pop couldn't go because of that witch, Sue, and he was glad his parents could help Lincoln, but Principal Huggins hated seeing the Loud Parents here, especially Mrs. Loud because of her reputation for roughing up teachers when they mess with her kids. But, our day turned really bad when Chandler and his goons showed up and Chandler had a knife in his hands and that showed he was going to kill Lincoln and his parents. I wasn't going to let those three get away with it, so I fired two blasts of ice and froze the feet of those two jerks so they couldn't get loose, and then, I turned my attention to Chandler, who was about to stab Lincoln and his parents. I fired a blast of ice which caused his hand to drop the knife, and he was frozen to a locker. I explained everything to Principal Huggins, but he didn't care. He wanted to suspend Chandler and his goons, which was good. But, then things turned bad when he wanted to expel Lincoln and that grouch thought Lincoln started the fight, but it was really Chandler. Mr. Loud tried to get through to him, but he didn't care at all, and it got worse when he said he hated Lincoln. That got tears forming in Lincoln's eyes and Mrs. Loud was about to unleash her wrath on that bozo. But, I was the one who got even more mad, and Mrs. Loud saw a cold aura around me, and she got her husband and Lincoln out because she knew what I was going to do, leaving Principal Huggins and Chandler and his goons to face my wrath. As soon as they left, I then turned the room cold and ice formed on the window of the door and Principal Huggins, Chandler, and his goons had gotten a nasty case of frostbite, and the cold air also caused Huggins' toupee to shatter like ice. Eventually, he saw that it wasn't Lincoln's fault, and Lincoln was safe. But, as for Chandler and his goons, they wound up suspended for a month. We then continued on with the day, but Mrs. Loud threatened Huggins that if he tried to give her son a hard time again, my wrath will be nothing compared to hers, and that sent him running back to his office in fright.

We cheered wildly for what Lina Kuznetsova did to defend Lincoln from Chandler and his goons, and for putting Principal Huggins in his place.

Nico: Whoa, now that's what I call giving Principal Huggins the ice-cold shoulder.

Rita: Big time, Nico, but he deserved it for always giving my son a hard time, along with being mean to him and for trying to get him expelled for something he didn't do, he's just lucky I didn't go off on him.

Lynn Sr.: But, he eventually changed after the restaurant incident.

Lincoln: Yeah, that's right. After Dad went ballistic on Scoots, Mrs. Bernado, and Principal Huggins, this caused Huggins to change his tune.

Lina Kuznetsova: (Russian Accent) Good to hear. Because, if I were to find out that Huggins hadn't changed, I'd give him a lot worse than what I did years ago.

Lori: He's not like that anymore, Lina, so you don't have to resort to that again.

We got a shower afterwards, and then, Genis Sage and Presea Combatir are getting ready for their date, this time, it's an exploration to Marble Garden Zone in Sonic's world.

Genis Sage: You ready, Presea?

Presea Combatir: Ready, Genis.

Genis Sage and Presea Combatir left the World Tree Estate, and when they arrived in Marble Garden Zone, it was an amazing place and is notable for housing the ruins of an ancient civilization spoken of in legends with orange mountains under a blue, clean sky, and some ruins are also covered in large amounts of vegetation.

Presea Combatir: Wow, what is this place?

Genis Sage: This is Marble Garden Zone in Sonic's World, Knuckles told me about this place, and it's a perfect place for our exploration.

Genis Sage and Presea Combatir began exploring the place, and it was really amazing, the zone had housed the ruins of the Echidna civilization that was spoken of in legends, and they also had lunch underneath the clear blue sky. Then, they head outside to see the sun set, and then, they ended it with a hug and kiss. Then, they came back home to The World Tree Estate.

Nico: Hey, Genis, Presea, how was your date?

Genis Sage: It was amazing, Nico, we went to the Marble Garden Zone in Sonic's world.

Nicole: (Gasps) You guys went to The Marble Garden Zone, that's so awesome.

Knuckles: And it looks like you guys also checked out the ruins while you were there.

Presea Combatir: We sure did, and it was really amazing.

Lincoln: There's always something about exploring ancient ruins that spark the spirit of adventure and exploration.

Me: That's right, buddy.

Nico: And by exploring the ancient ruins, you tend to get a glimpse of what it was like in the past and you get to see history brought to life once again.

Later it was time for Layla's 2nd Ambassador Mission in the world of Earthbound.

William: Anyone else wanna go with Layla? Besides 3 Rabbids, Zatch, and Kiyo?

Layla: I was thinking of having my fellow Winx Club members go with me.

Bloom: Awesome idea!

Tecna: (British Accent) It'll be an honor.

Flora: And we already had our Ambassador Missions so it'll be an honor to go with you.

Nico: Awesome. Lets head out to the world of Earthbound.

We were off.

We arrived.

Nico: Here we are.

Ness: Hey guys!

Layla: Ness, these are my fellow Winx Club members.

Bloom: It's awesome to meet you. I'm Bloom, Princess of Domino and Fairy of the Dragon Flame.

Flora: I'm Flora, Princess of Linphea and Fairy of Nature.

Tecna: I'm Tecna, Princess of Zenith and Fairy of Technology.

Melody: I'm Musa, Princess of Melody and Fairy of Music.

Roxy: I'm Roxy, Last of the Earth Fairies and Fairy of Animals.

Stella: And I'm Stella, Princess of Solaria and Fairy of the Shining Sun.

Lucas: Awesome to meet you girls!

Ness: Same here.

Me: And these are my friends Zatch and Kiyo.

Kiyo: Awesome to meet you guys.

Zatch: Same here. It's an honor.

Ness: You too.

Ness: We spotted Kamen Rider Vulcan earlier. But he looked very strange

We gasped!

Me: Oh man! That's not Isamu. That's ANOTHER Vulcan.

Nico: It's a really strange story.

Layla: Yeah it sure is. We're battling Another Riders, Secondary Riders and now Another Rangers & Sentai too.

Eli: Yeah. But we're getting tons of awesome Legend Tools from them.

I showed my Progrise Key for Lord Drakkon.

Me: They are Legend Tools imbued with the powers of our Frenemies in the Masters of Evil.

Nico: Yep.

Ness: That is cool!

Nico: Where did you see him?

Ness: Over there beyond that hill.

Eli: I sense him. 500 yards beyond it.

Zatch: Then we need to stop him.

Me: And we will.

Nico: Lets go!

We went to face Another Vulcan.

We got to his location and we saw ANOTHER VULCAN! He looked like a scary version of Kamen Rider Vulcan and was more wolf-like had a scary wolf helmet on.

Me: Whoa! Isamu is not gonna believe this when we tell him.

Lucas: Alright! Who are you?!

Nico: Yeah! You have a lot of nerve impersonating Isamu!

Another Vulcan: You always did like to point things out Nico.

Nico: That voice!

He reverted back and it was a teenage kid with blue hair and had black punk clothes with skulls and wolves on them and had black leather pants and combat boots!

Nico: Tyrone Edmundton!

Tyrone Edmundton: You remember me. I'm flattered you do. I heard you met and recruited my sister Mya.

Me: So you're Mya's brother!

Tyrone Edmundton: Her younger brother to be precise.

Lucas: Ness, is he friend or foe?

Ness: Lucas, I think we're about to get our answer.

Me: Yeah Nico how do you know Tyrone here?

Nico: He's not only Mya's little brother but he is also one of my old enemies. And let me tell you that Tyrone has one of the nastiest dispositions I have ever seen. He was a total sociopath and a pathological liar. He would always do stuff and then pin the blame on another kid and get them in trouble. One time I caught him pulling the fire alarm and pinning it on a young kid. He got him falsely expelled.

We gasped in shock!

Eli: He is nuts!

Nico: Yep. I decided that enough was enough! I used my phone and got video proof of him doing a terrible deed and I showed it to the principal and got him expelled and sent to a boarding school in another country.

Me: Whoa!

Tyrone Edmundton: And I swore I would get even on you Nico.

Nico: You brought all that on yourself.

Ness: Definitely foe. PK Fire!

He fired a ball of fire and it hit the ground by Tyrone and exploded!

KRABBBBBOOOOOOOOOOOOOOOOMMMM!

Tyrone Edmundton: You play with fire kid and you will get burned!

He was enveloped in a swirl of darkness with the spirits of animals in it and he turned into ANOTHER VULCAN!

Me: Lets see how you like this! KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Nico: YEAH!

Lucas: PK Freeze!

He fired an ice blast and it froze his feet!

Another Vulcan: Why you little! Try this!

He activated a Progrise Key for Frozen Fright, Apple Bloom's Archenemy!

Me: He's got Progrise Keys for the Non-Core Members of the M.O.E.!

Eli: I was wondering when we would get to these!

He fired a blast of ice and I fired a wave of blue fire and the blasts collided and erupted into a huge cloud of steam!

Lucas: PK Fire!

He fired a ball of fire and it hit Another Vulcan and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Layla: Try this on! PK WHIRLPOOL!

She spun around and fired a wave of water that spun like a spinning top. Similar to how Piplup's attack went and it hit Another Vulcan and smashed him all over the place!

Zatch: That was awesome!

Kiyo: Are you ready Zatch?

He nodded.

Me: Let me help too.

I pulled out the key for Electro and put it into my new Super Megaforce Blaster.

Lucas: PK Thunder!

He fired a blast of lightning.

Kiyo: (Echoing) ZEKER!

Zatch fired a massive blast of lightning.

Me: LIGHTNING FORCE BURST!

I fired a massive blast of lightning from my Super Megaforce Blaster.

The blasts all combined and they hit Another Vulcan and exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was electrocuted and down but not out.

Nico: WHOA!

Lucas: PSI Magnet!

He fired a Magnet blast and then numerous gold nuggets flew in from out of nowhere and smashed into Another Vulcan and smashed him all over.

Eli: Awesome!

Me: Yeah!

Layla: Try this one! PK RAINBOW!

She fired a Rainbow Light Blast and it hit Another Vulcan and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Did that get him?

He was on his last legs.

Bloom: Whoa that did it.

Me: Lets finish this with a final smash.

Ness: You read my mind! PK STARSTORM!

He fired a massive shower of stars and it hit Another Vulcan and he exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was down and I caught his Ridewatch and purified it and then we saw Progrise Keys all over the ground and we picked them up.

Me: Cool.

Nico: These are ours now!

Me: Yeah!

I fired energy rope as Tyrone was getting up and tied him up.

Nico: Yeah!

We beamed him to the Neptune Prison.

WE WON!

Layla: That's that.

---

Later we came back.

May: Hey guys. How did it go?

Me: Really awesome!

Eli: Yeah it was.

We told everyone everything and it was amazing.

Mya Edmundton: Whoa! So you guys caught my disgrace of a brother!

Nico: Yep we sure did.

Me: And sent him to prison where he belongs.

Mya Edmundton: Good riddance.

May: Next time, Toiletnator, Jason Jenkins, and Kong should go with you.

Layla: Good idea May.

Eli: Yeah it is.

Jason Jenkins: It'll be an honor to go with you guys.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure was in the vision: it was none other than Zara, one of Wonder Woman's enemies, and she's here to get her revenge on Wonder Woman. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us today?

Lincoln: You got that right, Nico, and Diana, you're not going to like it: the dark energy signal I sensed belongs to one of your old enemies, Zara, and she's coming to get her revenge on you.

We gasped in shock.

Me: Zara, The Priestess of Crimson Flame?!

Wonder Woman: The very one, J.D. I never thought I'd see her again, but I've dealt with her many times before, but I can tell you this, she's a powerful pyrokinetic capable of flight who serves as a fiery field operative of Veronica Cale.

Nico: That vengeful and vindictive pharmaceutical tycoon?! I'd hate to find out that she was the one who sent Zara after you.

Lincoln: You're about to be proven right, Nico. I read her mind and found out Veronica Cale was the one who sent Zara after Diana.

Me: Damn.

Daphne Andreas: (Greek Accent) So, now we know what needs to be done: take down Zara for good, and this'll eventually send Veronica Cale into a rage.

Wonder Woman: Good idea, Daphne.

Lincoln: Yeah, and in addition to stripping her of her powers, I've got a technique that I've been working on, and I'm going to test it out on her.

Nico: (Smiles) Now, this I've got to see.

Me: Same here, Nico.

We went to face her.

?: I will have my revenge on you for all the time that you've humiliated me and Veronica Cale, Wonder Woman!

Wonder Woman: I knew there's no mistaking that voice from anywhere. You can come out now, Zara.

A figure came out, and it was none other than Zara, The Priestess of Crimson Flame, and one of Wonder Woman's many enemies.

Wonder Woman: Should've known you'd show up, Zara. Looks like Veronica Cale refuses to take a hint.

Zara (DC): And now, you and all of Team Loud Phoenix Storm shall perish in flames!

Zara fired a blast of fire at us, but we absorbed the flames and it made us stronger than ever, and it angered her.

Daphne Andreas: (Greek Accent) Nice try, you pyromaniac, but it's time to put a stop to you once and for all.

Suddenly, Daphne Andreas' orange eyes turned neon orange, and she was surrounded by an orange energy aura with flames, leaves, plants, Amazon warriors, and phoenixes, she unholsters her massive Amazoness Queen-themed greatsword and Amazoness Queen's sword, and as she approached Zara, she left orange energy, flames, leaves, plants, Amazon warriors, and phoenixes with every step.

Daphne Andreas: (Greek Accent) Zara, I will never forgive you for the crimes that you've committed against the world, and now, I will see to it that you pay the price for all of your crimes and The Cult of the Crimson Flame disbanded forever.

Suddenly, Daphne Andreas was surrounded by a massive vortex of orange energy with orange flames, leaves, and plants surrounding the vortex, there's Amazoness Queen running around the vortex, and in the vortex is a light orange phoenix. Then, as the vortex faded, Daphne Andreas emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Daphne Andreas grew from 6'5" to 6'11" in height, she has the body of a goddess, she has pink highlights in the bangs of her long flowing orange hair and a flower in her hair, she has neon orange eyes and an orange energy aura with flames, leaves, plants, Amazon warriors, and phoenixes surrounding her, she has Amazoness Queen and with the Fire Kanji in her hands emblazoned on her forehead, she has on amazon earrings with orange gems for eyes and holding the Fire and Eternity Kanjis in her hands, she also has Amazoness Queen with orange gems for eyes and the Fire and Eternity Kanjis in her hands for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with orange crystal links from her merged Crystal Necklace of the Buddha and orange gems on the gold lightning bolts. Suddenly, Daphne Andreas felt a sharp pain on her back, and then, her massive orange angel wings grew much bigger for her new body, and the large orange feathers have pink tips on the feathers. Daphne Andreas has on a Ring of The Phoenix with orange gem and heart shaped gem embedded in it on her right ring finger which also merged with her Guardian Angel of Lincoln Loud ring and Star Sapphire ring on her left ring finger.

Suddenly, Daphne Andreas' massive Amazoness Queen-themed greatsword and Amazoness Queen's sword began merging together, and they were surrounded by a kaleidoscope of orange energy, and when it emerged, it was transformed into Amazoness Queen's Flame Greatsword of Jungle Justice, it's a brand-new greatsword with Amazoness Queen etched on the 7'0" massive, wide, double-edged orange blade, orange angel wings for the crossguard, large pink gem embedded in the rainguard, longer black handle, and large pink gem with orange angel wings surrounding it for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with pink gems on her wrists, new large gold Belt of Elemental Bravery with a gold version of Amazoness Queen's head with orange gems for eyes and a large pink gem inside its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. ダフネアンドレアス、アマゾンの女王のジーンスラマー、強力なアスリート、ギリシャの訓練を受けた戦士とサバイバル、愛する守護天使とリンカーンラウドの未来の妻、いじめっ子の嫌悪者、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、驚くべきそして驚くべき強力な教師の強力な学生、そして炎、植物、そしてアマゾンのマスター

Daphne Andreas has transformed into SUPER ANGEL ETERNITY INFINITY JUNGLE FIRESTORM AMAZONESS QUEEN ANGEL OF FIRESTORM JUNGLE JUSTICE AND DIVINE JUNGLE LOVE!

We were amazed by Daphne Andreas' Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when Zara saw it, she fell into a rage and fired another blast of fire to kill her, but Daphne Andreas absorbed it and it made her stronger than ever, and Daphne Andreas fired an orange energy blast with flames, plants, Amazons, and phoenixes at Zara, and it hits the pyrokinetic villain, and it sent her flying into a wall.

Nico: Whoa, Daphne Andreas' transformed, this is going to be one fiery battle.

Me: You said it, Nico.

Lincoln: Wow, Daphne, you look beautiful. How do you feel?

Daphne Andreas: (Divine Echoing Cosmic Voice of the Firestorm Jungle Amazoness Queen and Divine Jungle Love) (Greek Accent) I feel incredible, Linky. Now, shall we deal with this pyromaniac witch once and for all?

Lincoln: (Smiles) With pleasure, Daphne.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds

unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Daphne Andreas.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Your little fire show's about to come to an end here and now, Zara.

Daphne Andreas and Lincoln went after Zara, who continued firing blasts of fire at them, but they continued absorbing the blasts of fire and it made them stronger than ever, and they fired powerful blasts of rainbow energy, red and black energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Amazons, and Angels at Zara, and they exploded with incredible power as they hit her. Then, Lincoln fired two whips at Zara, and they latched onto Zara and he began draining and sucking out Zara's fire powers and Lincoln absorbed and assimilated her fire powers, and we also made them our own. When Lincoln was done, Zara was now powerless and drained. Then, Daphne Andreas tied her up in a rainbow energy straitjacket, so she can't escape.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Nice one, Daphne. Now, it's time to use my new technique.

Suddenly, Lincoln spreads his massive and indestructible deep sapphire blue angel wings, and we see what looks like eyes opening inside the wings, and the rainbow irises were glowing, that meant that Lincoln's going to use his new technique.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Zara, for what you've done in the service of Veronica Cale, I hope you like being turned to stone for eternity.

This horrified Zara.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal

Justice and Elemental Hope) AEGIS' GAZE!

Lincoln fired rainbow energy blasts from the glowing rainbow irises of the eyes in his massive and indestructible deep sapphire blue angel wings, and as they hit Zara, she was petrified and turned to stone for all eternity. We cheered wildly for what what Lincoln and Daphne Andreas did to Zara as they holstered their massive greatswords on their backs and powered down, and Daphne Andreas' new body, clothes, weapons, jewelry, and massive orange angel wings are permanent.

Daphne Andreas: (Greek Accent) That's it for Zara and she's never coming back. Thanks for helping me take down Zara, Linky.

Lincoln: (Smiles Warmly) You're welcome, Daphne.

Suddenly, Daphne Andreas wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leans his face down to Daphne Andreas' face, they kissed passionately as Daphne Andreas' left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, and Angel flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and Amazoness Queen raising her sword into the air behind them and we all cheered wildly.

Nico: Whoa, now that was one awesome technique you used, Linc.

Lincoln: Thanks, Nico, I call this new technique Aegis' Gaze, this technique petrifies villains who are beyond redemption and they're immediately frozen and turned to stone for all eternity.

Me: Awesome, and those whips you used to drain Zara's fire powers, was that one of the gadgets and weapons you got when you absorbed the Troxx's power-draining technology yesterday?

Lincoln: Yep, and in addition to the Vox Peniculus and siphon devices, I now gained new gadgets and weapons from the Troxx's power-draining technology when we destroyed Mrrungo-Mu yesterday and when their ships were destroyed.

Eli: That's incredible.

Luna Anderson: I remembered you telling that Lincoln had the ability to absorb technology into his body, and it allowed him to gain new weapons and gadgets, that's really awesome.

Lincoln: That's right, Luna, and it's something that I acquired last year, because of my powers that're constantly evolving.

Nico: Wait, that's right, I remembered that day. After we'd gotten rid of the villains from the Aligned Transformers universe, you took the siphon device with you, and then, we saw you touch it, and the device turned into energy and you absorbed it into your body, and in the process, you gained the siphon device on your Bracelet.

Lori: That's right, and Lisa did the analysis, and she saw that you'd gotten that power, thanks to your powers constantly evolving.

Lisa Loud: Affirmative, and when I found out the results, it surprised me.

---

We were on an awesome island. But this was not just any island. It was the island that Saya and friends all hid at when Shido was terrorizing the world and more.

Nico: Wow! So this is an island you all know Saya?

Saya: Yep. It was our hideout when we were in our world.

Rei Miyamoto: Nice home too.

Me: Wow it's amazing. And it's located 1,000 miles west of Angola.

I looked it up and it was located at 11.13211° S, 4.43753° E. 1000 miles west of Angola. An Uncharted Island.

Me: This island isn't even on the map. And it's amazing.

Saeko: It sure is.

Me: And it would make an awesome and perfect zombie apocalypse hideout.

Laney: It sure would. Shido would never think twice to look here.

Nico: While we're relaxing here, I'm gonna start assigning Ridewatches.

Me: Good idea.

Nico: And don't worry. The core 310 isn't being left out of this.

Nico made copies of the Ridewatches for Hibiki, Armed Hibiki, Shuki, Gali's Hibiki Form, and J.D.'s Hibiki form.

Eli: That's good we aren't.

Nico: Yep.

Laney: Yeah!

Nico: Now, who wants the copy of the Ibuki Ridewatch when I get around to making it?

Nicole Hernandez: I'll use it.

Nico: Awesome Nicole.

Nicole Hernandez: Thanks.

Nico: Next is the Hibiki Ridewatch.

Eli: Hmm. How about Mya gets that one?

Mya Edmundton: Sure.

Nico: Okay then.

Nico gave it to her.

Nico: Now for the Armed Hibiki Ridewatch.

May: Awesome.

Lincoln: Saya can use that one.

Saya: I would be honored.

Nico: We don't have it yet. But who wants the Ibuki Ridewatch?

Rei Miyamoto: I'll use that one.

Nico: Okay then.

Lola: But Shizuka this island is awesome.

Shizuka Marikawa: It sure is beautiful.

Fluttershy: So many beautiful creatures here.

Rainbow Dash: And it's perfect for surfing too.

Nico: Okay. Now, here's a fourth Ridewatch for the Hibiki team.

Eli: Lets have that one be for Drake.

Nico: Good idea! And Shizuka should get that one.

Shizuka Marikawa: Good idea! Thank you.

Me: And I have one. It's for Shuki. Lets give this one to Miku Yuuki.

Miku Yuuki: Awesome!

Nico: Next Ridewatch is Gali's Hibiki form

Saeko: I'll use that one.

Nico: Cool.

Laney: Awesome.

Nico: Now, a Ridewatch for J.D.'s Hibiki form.

Fiona Hernandez: I'll use that one.

Nico: All righty.

Eli: Cool.

Nico: Now, here's one for Mystic Force Red.

Julie Tancheno: I'll use that one.

Lola: Awesome!

Nico: Cool.

Kairi: Yeah!

Nico: Last Ridewatch for today is for Wolf Warrior.

Firecracker Burst: I'll use that one.

Nico: Awesome idea!

Qin: Neat!

We had a great time relaxing.

---

Later back at the estate, we were watching TV.

Nico: So, where are we heading this time?

Me: Nowhere Nico. It's all so quiet today. But I do have something awesome in mind.

Nico: I got a feeling today's gonna be funny.

Me: It sure is.

Nico: And I do have something awesome in mind. I'm going to make a cartoon.

It was with Daffy Duck.

Daffy Duck: Stand back, musketeers: They shall sample my blade. Touche! [grunting] Musketeers? Hm? En garde? My blade?

The scenery was blank?

[trotting]

Daffy Duck: Hey, psst. Whoever's in charge here?The scenery! Where's the scenery?

(A paint brush paints a farm landscape.)

Daffy Duck: Stand back, musketeers. They shall sample my… blade? Mm? Okay, have it your way. (Changes into farm attire) Daffy Ducky, he had a far (Walks by a snow field) And on this farm he had an igloo E I ee hi oh h Would it be too much to ask if we could make up our minds? Hmm? (Changes into skiing gear) Dashing through the snow Ya ha ha ha Through the fields we go Laughing all the way (Scene is a Hawaiian world now) (Dances in hula) Farewell to thee Farewell to thee The wind will carry back our sad refra-a-in One last embrace before we say Hmm. Hmph. Buster, it may come as a complete surprise to you to find that this is an animated cartoon. And that in animated cartoons they have scenery. And in all the years I've- (Gets erased by a pencil) 'Alright, wise guy, where am I?' (Draws him as a cowboy)

He played a song but nothing sounded.

SOUND PLEASE.

[shooting]

[horn]

[donkey braying] hee-haw. hee-haw, hee-haw

[rooster crowing]

[laugh]

[monkey chattering]

[meow]

[insane screaming]

Daffy Duck: And I've never been so humiliated in all my life!

Nico: Now THAT'S funny!

Me: Do more.

Daffy Duck: Look, Mac, just what's going on around here?Let's get organized. Hmm? How about some scenery?

(A pencil has drawn a picture of a city.)

Daffy Duck: That's dandy. Ho ho. That's rich, I'll how about some color, stupid. (Paints him all over) Hey!

He was covered in crazy designs.

Daffy Duck: NOT ON ME, YOU SLOP ARTIST!

[panting]

(An eraser erases his whole body, except for his face.)

Daffy Duck: Well, where's the rest of me? It isn't as though I haven't lived up to my contract. Goodness. Goodness knows, it isn't as though I haven't kept myself together. I-

Daffy Duck was now drawn as a quadrupedal creature with a flower frill and had a blue body with green spots and had a tail with a flag that had a screw and a baseball on it.

Daffy Duck: I've done strange. All of a sudden, I don't quite feel like. I feel alright. (A mirror is drawn) And yet, I-I, uh… (Looks at himself) EEEEEEEE! You know better than that!

Nico: Now add some dynamite!

Nico drew some and then…

KRABOOOOOOOOOOOMMM!

Daffy Duck was really torched from the explosion.

Me: I got one!

I drew a boulder and then it fell onto Daffy and crushed him flatter than a pancake.

Nico: Now, let's add him getting hit with a record!

Nico drew a slingshot firing a record and then..

CRASH!

Daffy Duck: (Slurred stupid speech) Thanks for the sour persimmons cousin!

He was back to his composure.

Daffy Duck: "Alright, enough is enough! This is the final! This is the very, very last straw! Who is responsible for this!? I demand that you show yourself! Who are you?"

Nico: Think we should still play around with him?

Me: Nah. I think we've had our fun.

Nico drew a door and closed it.

Nico: (Chuckles) Ain't I a stinker?

Maria came in.

Maria: Hey, guys. What were you two up to?

Me: Just drawing a cartoon.

Nico: We drew a cartoon of Daffy and poked fun with him.

Maria: Ooh like in the cartoon Duck Amuck. That's one of my favorites.

Me: Mine too. We made our own version of it.

Maria: Nice.

Me: Also we were bored. So we did that.

Maria: Oh.

We saw the cartoon and it was funny and we laughed really hard and it was awesome.

Maria: By the way Nico, which gene-slammer are you going to hope to meet next?

Nico: One for a Necrozma next.

Me: Ooh one of the Ultra Beast Pokemon and that's perfect.

Nico: Yep.

We had a great time making a cartoon.

KRABBBBBBBOOOOOOOOOOOOMMM!
KRABBBBBBBBBBOOOOOOOOOOOOOMMMMMMM!
KRABBBBBBBBBOOOOOOOOOOOOOOOOOMMM!

Kakashi: Good J.D.! Good!

Me: (Throws a kick at him)

He blocks it and Nico teleports and Kakashi substitutes with a log as Nico kicks it and shatters it into matchsticks!

Nico: Wow! Praise the Log!

Iruka and Asuma: Amen!

Nico: (Laughs)

Ruby Rose: Wow! This is getting really awesome.

Camie: Boy it sure is! The Leaf Shinobi are as strong and powerful as the Z-Fighters.

Naruto: That's our awesome teachers for you Camie.

Kaoruko was fighting Kurenai.

Kurenai: You're really skilled Kaoruko.

Kaoruko: Thanks Kurenai-Sensei.

Ruby swung her scythe at Asuma and he dodged it.

Asuma: You guys have improved tremendously over the years.

I ducked under a kick from Iruka.

Me: Thanks Asuma.

Nico: Thanks for coming with me, Ruby.

Ruby Rose: No problem Nico. It's really awesome that I get to go with you guys on your rescues this time.

Eli and Konohamaru were really sparing.

Eli: It's awesome that you are with us.

Konohamaru: It sure is!

Naruto: And it's great that Boruto and me now have our Sexy Jutsu counterparts as members of the team too.

Me: You got that right bro.

I ducked under a kick from Kakashi and he threw a bunch of shuriken and kunai at me.

I deflected them with my sword.

Me: Besides it's good we came here. I've been under a lot of pressure lately because of the upcoming war in the next 2 months and I needed to blow off some steam by coming here to train.

Nico: That's good you did J.D.

Laney: It sure is.

I was training really hard and working up one helluva sweat! We all were.

Kakashi: (Panting hard) Wow! I haven't worked up a sweat this hard in a while.

Me: (Panting and sweating) Whew! Me neither.

Kakashi: Lets go ahead and take a break.

We went and rested by the training posts.

Kaoruko: That was really awesome though.

Sirius: yeah.

Nico: Ruby, I hope you realise that when we first met you guys, you were very close to becoming Heartless.

Ruby Rose: I know. That was awful. But thank goodness Lincoln saved us.

Me: Those dates you had with Lincoln really saved you all.

Nico: They sure did.

Laney: Yeah.

Me: But that was awesome though.

Ruby Rose: It sure was.

Me: No kidding. Whew. Man these last couple of weeks have been really hectic for all of us.

Nico: Whew no kidding. We had to face all kinds of enemy shinobi all across the board.

Kurenai: We sure have.

Ruby Rose: No kidding. We also faced numerous shinobi that were all brought back.

Sirius: Yeah no kidding.

Fu: But that was so awesome that we brought back numerous shinobi that were lost. And brought criminal shinobi to justice.

Naruto: No kidding.

Sakura: That was amazing though.

Ruby Rose: And the good outcome that came from most of it was reuniting many of the Leaf and the 5 Great Nations with their loved ones.

Lola: That is true.

Lana: Yeah that was awesome.

Varie: Yeah. But man did Karura raise verbal hell on the former 4th Kazekage.

Ruby Rose: Yeah no kidding! That was brutal.

Kakashi: It sure was.

Nico: No kidding! But Ruby, can you imagine what your Heartless forms would've looked like?

Ruby Rose: I don't even want to find out.

Me: Some things are best left unsaid.

Nico: True.

Eli: Yeah.

Nico: J.D., have you decided on which of the Core 310 will get which Ridewatches that I showed yesterday?

Me: Yes I did.

I showed a list I made on the computer for everyone to get Ridewatches.

Me: I just made it right after we made that cartoon yesterday.

Nico: Awesome.

Nico read it and it was great.

Nico: Wow! Well done J.D.

Me: Thanks and some non-core members have been included to add some excitement.

Nico: Nice.

Me: It took some time but I did get it all done.

Eli: Cool.

Nico: First, who's going to get the 2nd Ibuki Ridewatch after we face Another Ibuki?

Lincoln: Since Hibiki is the first team of Kamen Riders we met I'll have Lori get that one. She gladly decided to get that.

Nico: Okay. Good choice.

Eli: There are not that many female Kamen Riders aren't there?

Magine: No there sure are.

Fu: That doesn't sound very fair doesn't it?

Qin: No it sure doesn't.

Nico: That is true. We need to figure how to even that out. Now, which of the Core 310 will get the Ridewatch copies for Hibiki, Armed Hibiki, Shuki, Gali's Hibiki Form, and your Hibiki form?

Lincoln: Leni, Luna, Luan, Lynn and Lucy.

Me: Awesome. We should start with the Loud Kids first.

Nico: Fair enough. But those are good.

Eli: Yep.

Nico: And Gali's Hibiki form counts as a female Kamen Rider.

Me: That's true. And Nokama's Kabuto form is one too.

Nico: And we go meet the Kabuto riders in 2 days.

Me: Who is our primary target for that one again?

Nico: We're going after Gryllus Worm and Kamen Rider Caucasus. It's going to be awesome.

Me: Oh yeah I remember those two.

Nico: I almost forgot. Which of the Core 310 gets the copies of the Mystic Force Red and Wolf Warrior Ridewatches?

Me: I picked Zarya for Wolf Warrior and Piper Willowbrook for Mystic Force Red.

Nico: Nice choices.

Asuma: They sure are.

Camie: Yeah they are.

Nico: Zarya is based on a Wolf after all.

Me: Yep.

Qin: That is true.

Laney: Yeah.

Eli: Yep.

Qin: But that is awesome that Zarya is gonna have the Wolf Warrior Ridewatch for that.

Nico: It sure is.

Kaito: We're proud of that.

Nico: And I have a feeling that we'll meet Fi and her team tomorrow.

Me: And it'll be so awesome to meet her and her team too.

Laney: Yeah.

Brittney: You guys will love meeting her.

Bonnie Terrez: Yeah me and Brittney met her and you guys would be really amazed with many of their amazing adventures they did. They have seen it all in the worlds of the supernatural, paranormal, mystic, extraterrestrial, spiritual and all that.

Nico: That's cool that you know them Bonnie.

Lola: It sure is.

Me: Yeah and we know just the kinds of things they know.

Nico: Can you show us a picture of her team?

Bonnie Terrez: Sure.

She pulled out a picture of them and it showed Bonnie with Fi Phillips and her friends and her sister.

Bonnie Terrez: That girl that I have my hand on her shoulder is Fi Phillips. She is the leader of a team I call the Cryptid Force 6. With them are her friends and sister. The girl with the gun is Carla Winchester - Marksman and Rifleman, That's Katie Michelle - Brains, Technogenius, Hacker and Strategist Supreme, Lanei Rex - Genius and scientist, Jackie Fancyson - Martial Artist and hand to hand combat specialist and Lanna Philips - Fi's sister and Scout.

Nico: Wow they look awesome.

Ino: They sure do. And they go on all sorts of adventures into the worlds of everything we know? That is awesome.

Choji: It sure is.

Me: They would definitely get along great with the Secret Saturdays.

Laney: I was just about to point that out.

Nico: Who is who?

Bonnie Terrez: Carla is the girl with the blond hair and the yellow clothes and she has a Winchester rifle on her back. Let me tell you she is one amazing shot. Katie is the girl with the brown hair and the bow and the dark blue clothes. She has amazing technological skills. Lanei is the girl with the neon blue hair and aqua blue clothes. She was born with a really superpowered IQ of 3,000.

Nico: Wow!

Lisa Loud: That is very amazing and powerful.

Bonnie Terrez: Yep. She also has the power to use the full extent of her brain power at 100%. Jackie is the girl with the neon blue hair and shorts and orange clothes and glasses. She is a master of all the forms of martial arts: Tae Kwon Do, Brazilian Jiujitsu, Shaolin and even many forms of martial arts that are really new to us. Lanna is the girl with the red hair and Japanese clothes and she is really awesome at espionage and reconnaissance gathering as well as gathering information. And that girl with the brown hair is Fi. She is really smart and has her own website.

Nico: Wow!

Me: That is an awesome group.

Nico: I have a feeling that when we meet them, they'll be in the same boat as Carly Douglas when we first met her.

Laney: I have that same feeling myself.

Eli: But that will be awesome.

Me: Yeah.

But then we felt a rumble.

Ruby: You guys hear that?

Me: More than that. I feel it.

Nico: There's many signatures coming.

Eli: 1,200 of them.

Kakashi: Stand ready!

Then coming out of the trees came NUMEROUS figures. Out came ALL OF THE 1,200 SHINOBI THAT WERE LOST IN THE 9-TAILS ATTACK!

Me: Oh my god!

Sakura: It's all the shinobi we lost in the 9-Tails attack!

Naruto: Whoa man!

Ruby took out Crescent Rose and it was ready!

Iruka: (GASP)

He saw his parents for the first time since the attack!

Iruka: Mom? Dad?

Kohari: Iruka? Wow my goodness.

Ikkaku: My goodness son. You've grown so much.

Me: Kohari and Ikkaku it's great to see you again.

Ikkaku: You too J.D. Wow how long has it been?

Me: Since the 9-Tails Attack in 150,000 years, it was 17 years. But this is the time I originally am from. It's a long story.

Nico: Numerous things have changed since then.

Kohari: My goodness.

Me: We have so much that we need to tell you. It's a really long story.

Ruby Rose: Yeah we have a lot to tell you.

Asuma: Yeah lots of things have happened.

We told them all everything that happened and more leading up to the 9-Tails Attack and who caused it and more and it was a shock!

Man 1: It was Obito that caused it!?

Woman 2: But how can that be!? Obito died during the Battle of the Kannabi Bridge!

Me: That's what everyone else first thought.

Guy: Yeah that's what many of us thought.

Nico: Yeah.

Ruby: If any of you attack us, I will react in self defence!

Kohari: We were all brought back to life somehow.

King Kai: (Telepathically to me) J.D. can you hear me?

Me: I hear you loud and clear King Kai. What's up?

King Kai: I'm afraid they are not there to attack you guys. It turns out that after you guys destroyed Madara Uchiha on the planet of Nachos, it activated a powerful hidden spell that resurrected all the shinobi that Madara Uchiha destroyed back then through Obito all those years ago and their souls all were resurrected because of that.

Me: Wow! So all the damage that Madara did through Obito was undone!

King Kai: That's correct.

Nico: Wow! That is incredible!

Me: Wow!

Kohari: That is amazing. But it's terrible that Obito did all this!

Me: It's true.

Ruby: I'm not kidding!

Nico: Ruby stand down. King Kai is serious about this. Besides if they aren't the threat than who is?

Nawaki Senju then appeared!

Me: Nawaki! Awesome to see you again.

Nawaki: Same here J.D.

Me: Your sister Tsunade was devastated when you died.

I told him everything and it was awful.

Nawaki: Oh man! That's awful! My sis should not have been through so much.

We then heard the real threat come and we saw that it was ANOTHER ZENKAISER! He looked like a scary version of Zenkaiser and had a really scary helmet and all that and instead of a white suit it was pitch black!

Nico: WHOA! Another Zenkaiser!

Kaito: Another version of me!?

Eli: WHOA!

Kaito: WHO THE FUCK ARE YOU?!

Gaon: Yikes! Kaito's pissed!

Another Zenkaiser: (In a girls voice) Someone who is here to wipe you aliens out!

Me: (Gasp) That voice!

She reverted back and it was a girl with rainbow color hair and she had dark blue clothes and neon purple eyes.

Me: (GASP) Janelle Robinson!

Janelle Robinson: I don't associate with aliens!

Me: Aliens!? Us!?

Lincoln: Great! More pressure to add to us right now!

Janelle Robinson: Don't try to lie to me, aliens! By the order of the US Government, you're all under arrest.

Me: Swartz I will kill you for this if it's the last thing I do!

Nico: She was brainwashed! But how do you know Janelle?

Me: She and I went to school together. We were very skilled in all the forms of gym and in cooking class and she even made the best spicy cookies we've ever had. She called them Ghost Chili Supreme Chocolate Madness.

Nico: Whoa! Those must be the spiciest cookies ever known.

Me: Oh they were and they were really awesome. But after I graduated and went to middle school, she disappeared.

Nico: Swartz got her!

Eli: Yeah!

Janelle Robinson: Agent Swartz said you aliens would try to confuse me. Now, where are you hiding the real J.D. Knutson?

Me: Janelle I AM J.D. Knudson! Would I not be lying if I showed you a picture of you and me?

I showed her said picture in my wallet and it was that of me and Janelle making our awesome cookies.

Janelle Robinson: I remember that picture all those years ago. Good times. But I'm still not buying it!

Me: Then we'll have to make you listen to reason by defeating you.

Nico: Iruka-sensei you better get everyone that came back to the village. This is gonna get really ugly!

Iruka: Okay!

He guided all the 1,200 shinobi to the village.

Me: Sorry about this Janelle but you are not yourself. The Janelle I know would never be affiliated with a bunch of Xenophobic Alien Hating Motherfucking Asswipes!

Nico: Yeah!

Lola: We get enough of those already

Nico: (takes out Melone's Ridewatch) Been wanting to use this for a while.

He activated it and got Melone's powers and skills!

Zenkaigers: ZENKAI CHANGE!

Zocks: TWOKAI CHANGE!

Stacey: DARK CHANGE!

Zocks danced and sang.

They transformed!

Kaito: SECRET POWER! ZENKAISER! ゼンカイザー

Juran: DINOSAUR POWER! ZENKAI JURAN! ゼンカイジュラン

Gaon: HUNDRED BEASTS POWER! ZENKAI GAON! ゼンカイガオーン

Magine: MAGICAL POWER! ZENKAI MAGINE! ゼンカイマジーヌ

Vroon: RUMBLING POWER! ZENKAI VROON! ゼンカイブルーン

Zocks: PIRATE POWER! TWOKAISER! ツーカイザー

Stacey: DARK POWER! STACAESER! ステイシーザー

All: The Seven assembled! Kikai Sentai… Zenkaigers!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready!

Lola: YEAH!

Me: KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Janelle was enveloped in a vortex of darkness and it had the symbols of all 45+ Years of the Rangers and she turned into Another Zenkaiser!

Nico charged at Another Zenkaiser.

Nico punched and kicked her all over and sent her flying into a post.

Me: YEAH!

Another Zenkaiser got up and pulled out a Dark Another Zenkaiger Blaster! She put in a Sentai Gear for Lord Drakkon and got his sword! I clashed with her.

Me: Whoa! She has Sentai Gears for all the Core Members of the M.O.E.

Nico: Wow! So if we meet Another Twokaiser that one will have Non-Core M.O.E. Gears!

Zocks: If I see that one I'm going after Swartz myself to kill him before the big day!

Another Zenkaiser: Agent Swartz gave me Sentai Gear for the Core AND Non Core Masters of Evil members! Because Twokaiser isn't red.

Zocks: Oh yeah. That's right.

Me: So he only picked Red Rangers out of all that.

I kicked her away.

Me: At least it saves of from having to deal with a pissed off Zocks.

Zocks: True.

She then used Zen-Aku's Sentai Gear and got his flute and then she summoned DARK WILD ZORDS! She summoned a King Cobra, a Lion and a Tuna Fish!

Me: WHOA! A King Cobra, Lion and Tuna Fish Wild Zord? Wow! But two can play that!

I activated Zen-Aku's Ridewatch and got his flute.

Me: Time to summon their natural predators!

I played a tune and then came a Mongoose, Vulture and an Orca Dark Wild Zord!

Nico: WHOA!

Me: GET THEM!

They fired waves of energy and smashed the Dark Zords down.

Kaito: (gets out Timeranger gear) No one impersonates me and gets away with it!

Zocks: (gets out GoGoV gear) At least this one isn't identical to you.

Kaito got a Time Force Blaster and Zocks got the Titanium Ranger Blaster!

Nico: YEAH!

Me: Lets see how you like this!

I pulled out my Super Megaforce Sword and put in the key for

Multiple Man!

Me: Time for you to see more than double!

I then formed into 1240 Clones!

Another Zenkaiser: What the!?

1240 Me's: THIS IS GONNA REALLY HURT!

We fired blasts of energy and fire and smashed her all over!

I reverted back to the original.

Lincoln: Look, Janelle. You really don't want to mess with us! We're all on edge because of an upcoming war in two months.

Another Zenkaiser: You mean a war you're all planning to wage on our planet?!

Maria: You know all aliens aren't bad, right?

Another Zenkaiser: Of course I do! But the bad aliens are the ones trying to invade Earth. Like you guys!

Maria: (to me) At some point, did she want to join the military? Because she's talking like a soldier.

Me: No she doesn't have any military experiences. In fact I don't even recall her wanting to become a soldier or become part of any of the armed forces. Janelle has always dreamed about wanting to become a chef of the greatest kind.

Nico: She would be perfect for working at Lynn's Table.

Fu: She sure would.

Me: Yep. But it's time to end this.

?: I agree there!

A Necrozma appeared!

Lily: A Necrozma!

Nico: Awesome!

Necrozma: (In a girls voice) It's good to see you again Nico.

Nico: Sage Ormmington!? Wow!

Necrozma: I got this one.

Another Zenkaiser: Not if I do this!

She then pulled out A Zenkai cannon for all the 310 Core Members of the Masters of Evil!

Me: A Masters of Evil Zenryoku Cannon!? Whoa!

Nico: She's charging it up!

She activated all 310 powers of the M.O.E!

Me: Sorry about this Janelle! But it's time for you to wake up! (Cups Hands to Side) KAAAAAA MEEEEEEEE HAAAAAA MEEEEEEEE!

She fired a massive blast of energy in the form of 310 individual blasts and they merged and formed into the symbol of the M.O.E! But the recoil was incredibly intense and it sent her flying back!

Me: HAAAAAAA!

I fired a Kamehameha Blast and the blast went through her blast and it hit Another Zenkaiser and she exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was defeated and I caught the Zenkaiser Ridewatch and purified it!

Nico: WOW!

We saw Sentai Gears all over the ground and I picked them all up and I went over to Janelle and held her.

Me: Janelle!

Janelle saw me.

Janelle Robinson: (Groans) J.D.? What happened? (GROANS) What a headache! Where am I? What happened?

Me: It's a really ugly story. But then important thing is that you're okay.

I then got the M.O.E. cannon from her and she doesn't remember what happened.

The Necrozma reverted back and she was a black hair girl with rainbow clothes.

Sage Ormmington: Wow that was intense!

Lincoln: Yeah it sure was.

Ruby Rose: No kidding there.

I had Janelle on my back.

Lana: I'll form a block of ice for her.

She did so.

Janelle Robinson: Oh man! That really hurt my head.

Me: Sorry Janelle.

Janelle Robinson: (GROANS) Man my head feels like it's being crushed by a whale.

Nico: You were brainwashed by Swartz.

Zocks: Really ugly story.

Me: Yeah. But at least you're all right.

Nico: Yeah.

We told her everything.

Janelle: So Swartz was the alien invader all along?!

Maria: Well, I'm not sure if he's an alien. But yes. He's the real bad guy.

Me: We go face him in August with the help of the Zi-O Kamen Riders.

Janelle: Wow.

Lola: Did you really have dreams to join the military?

Janelle: (laughs) No. That whole talk was because Swartz appeared as an agent of the government. But deep down, I had a desire to protect the world from villains like invading aliens.

Me: That is the complete opposite. And he turned you against your friends to make you believe WE were the invaders.

Janelle: Yeah. But was I really cool fighting you guys?

Me: You sure were. You have 45+ Years of Rangers Abilities at your command.

We told her everything and more.

Janelle: Wow! That is awesome.

Sage Ormmington: But at least she is safe.

Nico: Thank goodness.

Ruby Rose: What's your favorite memory of Nico?

Sage Ormmington: I am Nico's partner in Earth Science and he and I made all kinds of awesome discoveries. One time me and Nico found an abandoned mine in Russia and found a huge vein of rubies and we showed them to everyone and our school got a huge renovation and upgrade.

Nico: I remember that. That was awesome.

Me: That is really cool.

Nicole: It sure is.

Nico and Sage hugged.

Nico: I really missed you.

Sage Ormmington: Me too Nico.

Me: Boy this was an awesome training session turned into an awesome rescue and battle.

Laney: It sure was.

Rainbow Dash: It sure was awesome!

Ruby Rose: (to Janelle) You might not be a soldier. But starting today, you DO have a good opportunity to fight for your planet and country.

Janelle: You guys can count on me. I would be honored to fight for the world and help you all. And J.D. and I have so much to catch up on.

Me: And we have a lot to tell you.

Nico: Yeah we sure do.

Me: First before we go home we got to tell everything that happened with Lady Hokage.

Kakashi: That's right and this will make one awesome report.

Nico: It sure will.

We went to the Hokage Building and told Lady Tsunade everything and more and she was floored.

Then we were awarded Triple S-Rank credit for helping Janelle.

After Nico's rescue, Lincoln, Me, Ken Knudson, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, The Dynasty Warriors, The Samurai Warriors, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, and Jaune Arc are heading to Dog City, and not only is Lincoln going to rescue the four girls here, but we're also going to meet Ace Hart and Rosie O'Gravy and take down Bugsy Vile, Dog City's "Dogfather of Crime" and the main enemy of Ace Hart.

Lincoln: Wow, we're here in Dog City, and I know what we're going to do here, not only am I going to rescue the four girls here, but we're also going to meet Ace Hart and Rosie O'Gravy and take down Bugsy Vile, Dog City's "Dogfather of Crime" and the main enemy of Ace Hart.

Me: That's right, big guy. I read that bulldog's file, and he's trouble with a capital "T", and he and his crew are going to be looking at prison for the rest of their lives.

Nico: You got that right. Dog City's been living in terror for far too long because of Bugsy Vile.

Lincoln: It's not just Bugsy, Nico. Dog City's festering with thugs and criminals of all kinds, but I can also see some potential members of The Masters of Evil, but Bugsy Vile and his gang are heading to prison. And thanks for joining us, Jaune.

Jaune Arc: You're welcome, Lincoln, and I heard about what happened yesterday with Pyrrha transforming and getting rid of Cinder Fall for good.

Lincoln: That's right, and Pyrrha unleashed years of payback on her and sent her to The Black Gates for good.

?: I'm glad to see you all have made it.

Suddenly, we saw two figures head for us, the anthropomorphic German Shepherd is Ace Hart, Private Dog Eye, and the anthropomorphic beautiful Rough Collie is Rosie O'Gravy, the chief of detectives and Ace's love interest, and with them is Eddie, an English Springer Spaniel news-pup who often tags along on Ace Hart's cases.

Lincoln: Ace Hart, Eddie, and Rosie O'Gravy, just the dogs we were looking for.

Ace Hart: This is quite a surprise to see the legendary Team Loud Phoenix Storm here. But, we're glad you made it.

Rosie O'Gravy: That's right, I'm sure you've heard about Bugsy Vile.

Nico: Yep, that guy and his goons are looking at life in prison for this.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of four girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the four girls, but they've been cornered by Bugsy Vile, Frisky, Mad Dog, Bruiser, and Kitty, and they're going to kill them.

Lincoln: Guys, I found the four girls, but they've been cornered by Bugsy Vile, Frisky, Mad Dog, Bruiser, and Kitty, and they're going to kill them.

?: (Japanese Accent) Those gangsters, let's get them.

Suddenly, we saw the Duel Monster, Super Quantal Mech King Great Magnus, appear before us.

Nico: Wow, that's the Duel Monster, Super Quantal Mech King Great Magnus, awesome.

Lincoln: And I'd recognize that voice from anywhere, I knew it was you, Kimberly Hīrōsentai, but we'll talk later, we've got a couple of gangsters to throw in the slammer.

We then rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Bugsy Vile, Frisky, Mad Dog, Bruiser, and Kitty, and it allowed the four girls to get to safety. When Bugsy Vile saw us, he was enraged, along with Frisky, Mad Dog, Bruiser, and Kitty.

Bugsy Vile: So, the legendary Team Loud Phoenix Storm's arrived? Frisky, Mad Dog, Bruiser, get rid of them.

Frisky: With pleasure, boss.

But, before Frisky, Mad Dog, and Bruiser could attack, Lincoln fired three rainbow energy blasts, and it turns into three straitjackets and tied those three up.

Lincoln: Nice try, wiseguy, now you're really going to get it.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors and Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Jaune Arc, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella

Then, Lincoln tied Bugsy Vile and Kitty up, and they were loaded up into a police wagon, along with Frisky, Mad Dog, and Bruiser, and they were taken away. We cheered wildly as we holster our weapons and power down.

Lincoln: That's it for that mobster and his goons. (To Kimberly Hīrōsentai) And it's so good to see you again, Kimberly Hīrōsentai.

Kimberly Hīrōsentai reverted back to normal, and she's a beautiful girl with long flowing dark green hair and a flower in her hair, green eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful dark green angel wings, and she reigned in the power of Super Quantal Mech King Great Magnus, and she's dressed in a sleeveless green vest, sleeveless green dress top with black lace designs on the bottom, long dark green skirt with black lace designs, dark green pants, camouflage shoes, and long sleeveless dark green trenchcoat with machines and Zords on the coattails, and Super Quantal Mech King Great Magnus on the back, and holstered on her back a large Super Quantal Mech King Great Magnus-themed greatsword with Super Quantal Mech King Great Magnus etched on the 7'0" massive, wide, double-edged dark green blade, dark green angel wings for the crossguard, large dark green gem embedded in the rainguard, longer black handle, and a large dark green gem surrounded by angel wings for the pommel.

Kimberly Hīrōsentai: (Japanese Accent) You too, Lincoln, it's been a

long time.

Lincoln went up to Kimberly Hīrōsentai and they hugged, and Kimberly Hīrōsentai's very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs and massive deep sapphire blue angel wings with stars in the feathers and rainbow tips on the feathers.

Lincoln: It sure has, I haven't seen you when you were eight, and as you can see, I really grew a lot since then.

Kimberly Hīrōsentai: (Japanese Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs and massive deep sapphire blue angel wings, that's so awesome.

Nico: Wow, Lincoln, you know her.

Lincoln: Indeed I do, Nico, this is Kimberly Hīrōsentai, she's my Guardian Angel from Japan and one of my friends in sports, she even helped Lincoln with acrobatics and yes she is extremely acrobatic.

Nico: Ooh, now that's awesome.

Lincoln: It gets even more awesome and you and J.D. are in for a big surprise: Kimberly's the one who introduced me to Power Rangers when we were 8 years old.

Our jaws dropped at what Lincoln told us.

Me and Nico: Wait, what?! She introduced you to Power Rangers when you guys were eight?! That's even more awesome!

Lincoln: I knew it'd get your attention, and since then, we often watched Power Rangers together and we even cosplayed with me being an Orange Ranger and Kimberly being a Pink Ranger, and she hates Billy McLean with a blazing passion.

Nico: That's awesome. And Kimberly, you're also in for a surprise, show her, Linc.

Lincoln then showed Kimberly the morphers, weapons, and Zords from the many Power Rangers series, and he even shows her the morphers from the Super Sentai series, and she was stunned.

Kimberly Hīrōsentai: (Japanese Accent) Oh, no way, those are the morphers from the many Power Rangers series, awesome!

Lincoln: Yep, and we also got The Power Rangers and Super Sentai teams in Team Loud Phoenix Storm too, Kimberly. So, you are in for a real treat when we get back home.

Kimberly Hīrōsentai: (Japanese Accent) Oh man, I can't wait to meet the Power Rangers and Super Sentai teams, this is going to be awesome.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Kimberly Hīrōsentai's neck with green gems on the gold thunderbolt links and green crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Kimberly Hīrōsentai: (Japanese Accent) (Surprised) Lincoln,, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Kimberly.

Kimberly Hīrōsentai had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Kimberly Hīrōsentai's waist and Kimberly Hīrōsentai wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Kimberly Hīrōsentai's face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the four girls, and when Lincoln saw them, he recognized them immediately. The four girls are Yuzuki Tachibana, Ryou Atsumi, Tamako Shima, and Kotori Shiratori from Taisho Otome Fairy Tale.

Lincoln: Oh wow, it's Yuzuki Tachibana, Ryou Atsumi, Tamako Shima, and Kotori Shiratori from Taisho Otome Fairy Tale.

Nico: Awesome.

Lincoln: Are you girls okay?

Yuzuki Tachibana: Yes, we're okay, thanks to you.

Then, when Yuzuki Tachibana and the other three girls saw who it was that saved them from Bugsy Vile, Frisky, Mad Dog, Bruiser, and Kitty, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide left pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted,

Yuzuki Tachibana: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made three clones of himself, and he and the three clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Yuzuki Tachibana: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, four Thunderbird Necklaces of Eternal Love appeared on the necks of Yuzuki Tachibana, Ryou Atsumi, Tamako Shima, and Kotori Shiratori with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We then returned to the World Tree Estate and we told everyone what happened and they also met Ace Hart, Rosie O'Gravy, and Eddie, and they're shocked when they found out the villains they went after were Bugsy Vile, the "Dogfather of Dog City" and his crew, Frisky, Mad Dog, Bruiser, and his gun moll, Kitty.

But, when Lincoln showed what we did to those mobsters, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Kimberly Hīrōsentai have a lot of catching up to do now that she's back in town, and she met the Power Rangers teams and Super Sentai teams, and she was really honored to meet them.

And as for Bugsy Vile, Frisky, Mad Dog, Bruiser, and Kitty, they were all found guilty for their crimes in Dog City, and they were sentenced to Eternity in The Uranus Prison, and they were put in separate cells in Maximum Security Solitary Confinement, and they'll never be free again, and we welcomed Ace Hart, Eddie, and Rosie O'Gravy into the team, and we're going to like having them with us.

* * *

After meeting Ace Hart, Rosie O'Gravy, and Eddie, and throwing Bugsy Vile, Mad Dog, Frisky, Bruiser, and Kitty in the slammer, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Kimberly Hīrōsentai saw Lincoln working out like crazy, she had an atomic red blush on her face.

Kimberly Hīrōsentai: (Japanese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Kimberly, and now, I can also defend myself, and in addition to getting stronger, I've also gotten

smarter as well.

Kimberly Hīrōsentai: (Japanese Accent) That's incredible.

Nico: It sure is. So, Kimberly, what memories did you have with Lincoln?

Kimberly Hīrōsentai: (Japanese Accent) Ooh, now here's one I remember. One time, we were in the living room watching the fight The Mystic Force Power Rangers had against Spydex and Gnatu, and it was really awesome. But, our day was almost ruined when Lynn showed up and she had red eyes with pure hatred and she was going to kill us. But, we were ready, and as Lynn came charging at us, we used some acrobatics and we did a flip in the air like the Rangers, and we dodged Lynn, and she'd crashed into a nearby wall. We then tied Lynn up in nylon rope, and we told Mr. and Mrs. Loud what happened, and Lynn got grounded for a week. It was like we were facing one of the Power Rangers' enemies, but in this case, the monster was Lynn.

We were really amazed, including The Power Rangers.

Nick Russel: Wow, and just like J.D. and Nico, you guys have watched our adventures, and the very situation you faced with Lynn, you used our traditional acrobatic flip and dodged her, that's really awesome.

Kimberly Hīrōsentai: (Japanese Accent) Thanks, Nick.

Emma Goodall: And is it true you and Lincoln cosplayed as Power Rangers?

Lincoln: That's right, Emma. Kimberly, show them the pictures.

Kimberly showed the Power Rangers the pictures of Lincoln as an Orange Power Ranger and Kimberly as a Pink Power Ranger, and they were amazed.

Tommy Oliver: Wow, you guys sure know how to cosplay as Power Rangers, and you must've seen Lincoln in his Power Rangers forms, right?

Kimberly Hīrōsentai: (Japanese Accent) I sure did, Tommy, and they're really amazing, and he has the Buffalo Spirit after you guys defeated and destroyed Buffalord, that's really awesome.

Casey Rhodes: You thought the fights we had were awesome, just wait until later on today, and we're going to introduce you to The Masters of Evil, led by The Lightspeed Rescue Power Rangers' enemy, Vypra.

Lincoln: Yeah, and many of the monsters from the Power Rangers series are now the archenemies of some of us.

Kimberly Hirosentai: (Japanese Accent) Can't wait.

We got a shower afterwards, but then, the alarm sounds, and when Lincoln checked the computer, he saw who it was that triggered the alarm: it was Chef Saltbaker from Cuphead.

Cala Maria: (Gasps) It's Chef Saltbaker. Linky, you've got to remove his Dark Side, that's what's caused him to be evil.

Lincoln: I was about to say, Cala Maria, let's go.

We flew out The World Tree Estate, and Lincoln fired powerful blasts of light at Chef Saltbaker, and it removed his Dark Side and we got Chef Saltbaker to the infirmary.

Dark Chef Saltbaker: Finally, I'M FREE!

Lincoln: You're free only for a mere second, and now, you're about to be destroyed for good.

Taokaka: That's right, you evil chef.

Suddenly, Taokaka was surrounded by a brown energy aura with fire and cats, and as she approached Dark Chef Saltbaker, she left brown energy, fire, and cats with every step. Suddenly, Taokaka was surrounded by a massive vortex of brown energy with flames surrounding it, there's a cat running around the vortex, and in the vortex is a shadow-colored phoenix. Then, as the vortex faded, Taokaka emerged, but she was changed forever.

Taokaka grew to 6'11" in height, she has the body of a goddess, and as the shadow over her face had faded, she has black cat ears on her head, brown highlights in the bangs of her long blonde hair, and she has a beautiful face with the same brown-colored skin complexion, she has neon brown eyes and a brown energy aura with fire and cats surrounding her, she has a cat emblazoned on her forehead, she has on cat earrings with brown gems for eyes and holding the Fire and Eternity Kanjis in its paws, she has a cat with brown gems for eyes and holding the Fire and Eternity Kanjis in its paws for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with beige crystal links from her merged Crystal Necklace of the Buddha and brown gems on the gold lightning bolts. Taokaka has on her beige cat-themed hoodie, a beige sleeveless midriff top, light beige skirt with cats on it, cat themed knee-high boots, and a long sleeveless beige trenchcoat with flames and cats on the coattails, and a mermaid surrounded by ocean waves on the back, along with her black cat's tail. Suddenly, Taokaka felt a sharp pain on her back, and then, massive brown angel wings with beige tips on the large brown feathers, sprouted out of her back. Taokaka has on her Ring of The Phoenix with light brown gem and heart-shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Suddenly, Taokaka has a brand-new greatsword in her right hand called Kaka Tribe's Firestorm Feline Greatsword of Feline Justice, it's a brand-new greatsword with a cat etched on the 7'0" massive, wide, double-edged brown blade, beige cat heads for the crossguard, large beige gem embedded in the rainguard, longer black handle, four large beige cat heads with a large brown gem on the bottom of the cat heads for the pommel. Taokaka has on her brand-new gold Bracelets of the Champions of The Universe with large brown gems on her wrists, her new gold Belt of Elemental Bravery with a gold cat head with green gems for eyes and a beige gem in its mouth for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on her right hip and Eater of Sins revolver holstered on her left hip. There's a brown kanji below the cat that said, "Taokaka, Member of the Kaka Tribe, Destroyer of Yuuki Terumi and His Followers, Friend of

Ragna the Bloodedge and Many, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Friend to Many, Seeker of Adventure, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Fire and Cats"

タオカカ、カカ族のメンバー、照海ゆうきとその信者の駆逐艦、ブラッドエッジと多くのラグナの友人、リンカーン・ラウドの愛する未来の妻、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、多くの友人、探求者冒険の、驚くべきそして強力な教師の驚くべきそして強力な学生、そして火と猫のマスター

Taokaka has transformed into SUPER ANGEL ETERNITY INFINITY FIRESTORM FELINE CAT ANGEL OF FIRESTORM JUSTICE AND DIVINE FLAME LOVE!

We were amazed by Cala Maria's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when Dark Chef Saltbaker saw it, he fell into a rage and tried to attack her, but Taokaka fired a powerful brown energy blast with fire and cats, and it hits the dark chef and he was sent flying into a wall.

Lincoln: Wow, Taokaka, you look beautiful. How do you feel?

Taokaka: (Divine Echoing Cosmic Voice of The Firestorm Cat Girl and Divine Firestorm Love) I feel incredible, Linky. Now, shall we take care of Dark Chef Saltbaker for good?

Lincoln: (Smiles) With pleasure, Taokaka.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Taokaka.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Let's fry that dark chef's goose.

Taokaka and Lincoln went after Dark Chef Saltbaker, and they fired powerful blasts of rainbow energy, light green energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Cats, and Angels at Dark Chef Saltbaker, and they exploded with incredible power as they hit him. Then, they attacked him with their massive greatswords and left scars on him. Then, Lincoln put Dark Chef Saltbaker in a brutal bear hug, and Lincoln began him into his body, and when Lincoln was done absorbing Dark Chef Saltbaker into his body and assimilating all of his powers and abilities, an energy card formed in Lincoln's large left hand with Dark Chef Saltbaker's soul inside it, and then, Lincoln had him banished to The Black Gates forever. We cheered wildly for what Taokaka and Lincoln did as they holster their massive greatswords on their backs and powered down, and Taokaka's new body, clothes, weapons, jewelry, and massive brown angel wings are permanent.

Taokaka: Alright, that's it for that bad chef. Thanks for helping me take down Dark Chef Saltbaker, Linky.

Lincoln: (Smiles Warmly) You're welcome, Taokaka.

Suddenly, Taokaka wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leans his face down to Taokaka's face, they kissed passionately as Taokaka's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, and Angel flying in the air, and we also saw a herd of Buffalo and cats running across the field, along with elemental forces and flames raging behind them and we all cheered wildly.

Nico: Hah, that'll teach that bad chef a lesson.

Me: You said it.

Lincoln: Yeah, that bad chef gives all chefs a bad name.

Lynn Sr.: You got that right, son, and is Chef Saltbaker going to be okay?

Nicole: He'll be okay, Mr. Lynn, he just needs to rest after what happened.

Lincoln: That's good.

We returned to The World Tree Estate, and we got rid of Dark Chef Saltbaker for good, and Chef Saltbaker's freed from his dark side for good.

---

Snake: Awesome to meet you.

Nico: It's a real shame that the Ambassador missions are almost over.

Me: We still have the Dino Fury Rangers to cover before that.

Nico: That I know but their missions are done yet. So after Irma and Layla's missions are finished we're gonna have a break till then.

Me: So the Dino Fury Rangers won't be done till either late August or early September.

Eli: Yeah.

Snake: You guys still had awesome fun for the entire year.

Irma: Yes we sure did.

Samus: Some of the best we ever did.

Snake: Big Boss will probably be the target when you guys team up with me on the big day.

Me: And we'll be ready for him.

Cornelia: Yeah we sure will.

Elyon: It's gonna be so awesome destroying him.

Lincoln: Yeah it sure will be cool.

Snake: But first, I should tell you guys about him.

Me: Go for it.

He did so.

Big Boss is the code name given to John, a FOXHOUND and legendary soldier, serving as the central character of the Metal Gear series of video games, as well as the series' initial protagonist, chronologically speaking. He is the main antagonist of the original Metal Gear and Metal Gear 2: Solid Snake and later the protagonist of the prequels, from Metal Gear Solid 3: Snake Eater to Metal Gear Solid V: Ground Zeroes. He also made a guest appearance at the end of Metal Gear Solid 4: Guns of the Patriots, and is a pivotal character in Metal Gear Solid V: The Phantom Pain.

He was voiced by David Hayter in the prequels, excluding Metal Gear Solid V, where he was voiced and motion captured by Kiefer Sutherland (who also played David in The Lost Boys, John Merrill in Stand By Me, Freddie Lee Cobb in A Time to Kill, Bob Wolverton in Freeway, The Caller in Phonebooth, and Senator Quintas Corvus in Pompeii). In Metal Gear Solid 4, he was voiced by Richard Doyle, who also voiced The Fury in Metal Gear Solid 3. In Japanese, he was voiced in the prequels by Akio Ōtsuka, who also voiced his "son" Solidus Snake in Metal Gear Solid 2, as well as Blackbeard in One Piece and Thorkell in Vinland Saga. In Metal Gear Solid 4 he was voiced by the late Chikao Ōtsuka, who voiced Dr. Robotnik in Sonic the Hedgehog.

Big Boss was originally depicted in Metal Gear as the leader of FOXHOUND, and the commander of Solid Snake, before revealing he was actually also the leader of Outer Heaven, and the game's main antagonist. (It would later be revealed the final boss of the game was actually his "phantom", Venom Snake.) While presumed dead at the the end of the game, a post credits sequence revealed his survival, and he returns as the main antagonist of Metal Gear 2: Solid Snake. Here, he lays out his motivations to create a world of perpetual warfare, but is defeated and seemingly killed by Snake.

As revealed in the Metal Gear Solid series, it is revealed that his DNA was forcefully cloned by the Patriots to create the ultimate soldier. These sons include Solid Snake, Liquid Snake, and Solidus Snake. Both Liquid and Solidus attempted to carry out Big Boss' will

(Liquid out of being scorned, Solidus out of respect). Zero's response to Big Boss' departure of his organization is still viewing Big Boss as an irreplaceable friend.

In a collection of prequels, starting with Metal Gear 3: Snake Eater, and continuing with Metal Gear: Portable Ops, Metal Gear Solid: Peace Walker and Metal Gear Solid V, Big Boss serves as the protagonist, and his slow slide into villainy is depicted. While depicted heroically in Metal Gear 3: Snake Eater and Metal Gear: Portable Ops, while serving under the codename Naked Snake, he begins taking darker methods throughout the events of Metal Gear: Peace Walker, and Metal Gear Solid V has him solidify his turn to darkness. This led to the creation of Outer Heaven and FOXHOUND, which also led to the beginning of the Metal Gear series.

It is revealed that he wanted to create a world where soldiers are not treated like political tools, and actually valued, being The Boss' aforementioned vision. Big Boss' motives behind his actions initially stemmed from a strong guilt after learning that his killing of The Boss was the direct result of a fake defection gone awry, and then learning that her death had in fact been orchestrated from the beginning. However, he refused to understand her selflessness, seeing her as just as a soldier rather than a person, and believing she betrayed herself and him, rejected her.

Big Boss built a cult of personality around himself, beginning with Revolver Ocelot, who spent his entire life in love with him. He continued with the members of MSF, not least Kazuhira Miller, who he forcibly enlisted into his army to be used and later discarded, with everyone around him being blinded by hero worship. This came to its peak when he agreed to use Venom Snake, a "memetic clone" to act as his proxy, making him just as bad as the US government who sacrificed the Boss all those years ago. After the Outer Heaven Resistance were betrayed by NATO, Big Boss "saved" them and the war orphans, and recruited them into Zanzibar Land, where he planned to create a world of eternal war for his soldiers, which included the children.

John (nicknamed Jack) was born in 1935, and joined the military in the 1950s, fighting in the Korean War. Jack met The Boss, becoming her protégé and disciple, and she taught him extensive combat, weaponry, survival, espionage, destruction, psychology, and foreign languages. In addition, Jack and The Boss later developed CQC (close quarter combat), which became a famous combat style.

Through the experience, Jack hold The Boss in high regard, viewing her as a mentor and parental figure in his life. In 1954, Jack was involved in the Bikini Atoll test of the first airborne detonation of the hydrogen bomb, and didn't develop the symptoms like his most of his friends, but was rendered sterile. On June 12, 1959, Jack and The Boss parted ways, and would meet again years later in *Metal Gear Solid 3: Snake Eater* .

In 1961, Jack was sent on covert operations during the early stages of the Vietnam War, and met and befriended Python. He later stated that Python was one of the few soldiers he could rely on during battles, and the two played poker together. The two were later involved in a mission where Python was shot and presumed dead.

Before 1964, Jack served in the Green Berets for several years, and became an experienced sniper in urban and marine environments. Also, Jack would eat snakes during previous survival training exercises, which would became useful during his future missions. Around this time, Jack was awarded various medals and commendations, including the Army Achievement Ribbon, the Good Conduct Ribbon, Defense Distinguished Service Ribbon, Korean Service Ribbon, the Distinguished Service Cross Ribbon, possibly the Vietnam Service Ribbon, and many others.

As revealed *Metal Gear Solid 3: Snake Eater*, John was originally a young FOX (a subdivision of the CIA) soldier and spy under the codename **Naked Snake** . He was sent to assassinate his former mentor and spiritual mother, The Boss, in order to prevent nuclear conflict between Russia and the United States. In reality, Snake was unknowningly assigned to retrieve the Philosopher's Legacy, a massive amount of money that the Boss gave to him after he defeated her. After executing said task, as well as single-handedly taking down Colonel Volgin and the Cobra Unit, he was left cold, unpatriotic, and bitter, especially finding out that the Boss's supposed defection to the USSR was faked, having intense guilt and a burning urge to complete The Boss' original vision.

Naked Snake continued to use his original codename instead of "Big Boss", and FOX was considered rogue due to several members starting a revolt in San Hieronymo. Snake was branded a traitor by the Department of Defense, and was imprisoned since they believed he led the revolt. He managed to escape with the assistance of the Green Beret, Roy Campbell, and fought against the revolt alongside Para-Medic and Donald Anderson. Snake also met Frank Jaeger, who would become a close ally of his, and battled his old friend Python. During the course of his operations, Naked Snake defeated Gene, and managed to clear his name while learning that Boss's death was planned.

After Snake formed FOXHOUND as a successor to the FOX Unit, he was invited to join Major Zero's new organisation funded by the Philosopher's Legacy, the Patriots, along with Revolver Ocelot, Para-Medic and Sigint. This organization was dedicated to uniting the world in honour of the Boss's will, and Snake was chosen to be an idon for the group. Around this time, Big Boss participated in a mission to rescue EVA from Hanoi in 1971, who later joined Zero's organization herself. Stories about Big Boss, riddled with exaggeration and misrepresentation, were disseminated by Zero among the masses, elevating him to the status of an idol; a symbol to control the people. Friction developed between the two as Big Boss resented being Zero's puppet, and the two disagreed on what the Boss truly wanted.

In 1972, afraid of losing Big Boss, Zero planned to finish up a secret project called Les Enfants Terribles wherein Big Boss's DNA was used to create genetically enhanced soldiers. The project would result in the creation of three boys that were Big Boss's genetic clones, his "sons". Big Boss eventually found out about the project, which became the last straw for him. Utterly disgusted at being manipulated, Big Boss abandoned the Patriots and his sons, and became a wandering soldier for hire.

Naked Snake formed Militaires Sans Frontières ("Soldiers Without Borders"), a mercenary group that he stationed at the Coast of Columbia, where he met Ramon Galvez Mena and Paz Ortega Andrade. Ramon wanted Snake to stop the invasion of Peace

Sentinel, but boss initially refused until he heard the Boss's voice from a message. Naked Snake started to work with Amanda Valenciano Libre to fight against Peace Sentinel, and recruited the mechanical engineer, Huey Emmerich, into the MSF. During his operations, Snake learned that the Boss's voice was actually a AI program, and that Ramon used him so the Soviet Union could conquer Central America. When Hot Coldman launched Peace Walker after the machine made it to Nicaragua, Snake was forced to stop it to prevent a nuclear war.

After stopping Peace Walker, Snake believed that this demonstrated that the Boss abandoned him and her ideals by "putting down her gun", and thus decided to take the title of "Big Boss". While Metal Gear ZEKE was being completed from salvaged AI parts, Big Boss deduced that there was a spy within the MSF, and learned that Paz was secretly an agent of Cipher. She was stopped from using ZEKE to start war by launching a missile on the East Coast, but Big Boss believed she survived. Afterward, Kaz confessed to being a partner of Cipher, but Big Boss forgave him and allowed him to hold his position in MSF.

Still leading MSF, Big Boss became suspicious of Paz's survival, which was confirmed after Paz was revealed to be imprisoned in Camp Omega. Boss originally wanted to eliminate Paz due to her of knowledge of MSF, but had to change his plan after Chico was captured and revealed their location. Big Boss decided to infiltrate the camp with only the assistance of Morpho and his combat medic, and managed to rescue Chico before focusing on finding Paz. After finding her, Boss returned to the chopper and had his medic perform surgery to remove a bomb in her abdomen.

Returning to Mother Base, Big Boss found it under attack by XOF forces, and helped Kaz and several soldiers extract on helicopters. Escaping from the base, Big Boss witnessed Kaz attempt to interrogate Paz before she jumped out of the helicopter since she had a second bomb in her abdomen. When the bomb exploded in mid air, Big Boss and the medic were blown back, and the helicopter crashed into another.

Big Boss suffered little injuries due to the medic taking most of the blast, and they and Kaz were the only survivors of the incident. They were taken to a Colombian hospital where they were treated by doctors and nurses. Big Boss fell into a coma due to his injuries while Kaz were able to recover, but the medic was placed into a artificially induced coma.

Once the two men were stable enough to be moved, Zero had EVA move both Big Boss and the medic to Dhekelia SBA Memorial Hospital in Cyprus in order to be hidden, to receive medical treatment, and to be looked after while they are in their comas. In 1977 Zero, having been poisoned by Skull Face, made a final visit to Jack, where he said goodbye to him, saying he was going to be hidden where not even Big Boss could find him.

After awakening in 1984, Big Boss was briefed on how the world changed in his absence. After discovering the plan to create a duplicate of him to act as a decoy, and take his place of the world stage until he was ready, Boss agreed to this plan. On 11th March, weeks after "Ahab" had awakened, and XOF beginning their attack on the hospital, Big Boss made his move. Posing as "Ishmael", he saved Venom from a female assassin, and claimed to be an ally who had "watched over him for the last nine years". During the escape Ishmael and Ahab encountered Tretij Rebenok and the Man on Fire. The hospital was then raided by a XOF strike force, and Ishmael saved Ahab from the XOF soldiers. While hiding among dead doctors and patients, they were caught by a XOF squad who were distracted and killed by the Man on Fire. Ishmael realized the Man on Fire's weakness, and shot the sprinklers, causing him to disappear. Ishmael and Snake recovered firearms from the dead XOF soldiers, and fought their way through the hospital.

Making their way to the entrance hall, Ishmael separated from Ahab to distract the soldiers, allowing Ahab to escape. After making it outside, Ishmael commandeered an ambulance and used it to run over the Man on Fire to save Ahab. Ishmael drove Ahab in the ambulance, evading XOF soldiers, but he was knocked unconscious after taking a shot from a helicopter. Subsequently crashing into a river bank, Ishmael recovered first and was pulled from the vehicle by Ocelot, leaving the unconscious Ahab. Ocelot returned to the base area to meet with Big Boss, who discarded the Ishmael role, and received a motorcycle from his ally. Ocelot then gave Big Boss a U.S. passport and told him to go by the name in said passport and advised him to change his face, so he could secretly return to the US. Big Boss mused on the medic being his "phantom", before Ocelot assured him Ahab could handle it. After parting ways, Big Boss began his long term plan to create his new military nation: Outer Heaven. He used Venom Snake and his mercenary company Diamond Dogs to further the legend of his own name while working in secret. Sometime after Venom Snake regained his memories, Big Boss sent a cassette tape to Venom Snake, labelled "From the Man Who Sold the World," which revealed the truth, thanking Venom for his part in the deception.

In the years after 1984, Big Boss built up Outer Heaven in South Africa, while his phantom built up their legend. At some point, while operating in the Mozambique Civil War, he rescued Frank Jeager from severe torture, winning his loyalty. Big Boss later took both Jaeger and his foster sister, Naomi Hunter, to the United States to establish a new life. Big Boss and Jaeger eventually returned to Africa to continue fighting, leaving Naomi behind in America. At some point, Big Boss also rescued the young Sniper Wolf, who he raised as a soldier. In the early 1990s Big Boss retook command of FOXHOUND, while leaving Venom Snake in charge of Outer Heaven. Here, he met a young soldier called David, who he realised was one of his sons. Giving him the codename Solid Snake, Big Boss trained him in CQC and the will to survive on the battlefield. He also secretly told Snake that he was his son to engender loyalty in him.

In 1995, the USA learned of Metal Gear's development in Outer Heaven As the leader of FOXHOUND with Venom Snake leading Outer Heaven, Big Boss commissioned FOXHOUND to infiltrate Outer Heaven and destroy the weapon before anyone else so he could buy Venom Snake time to finish the TX-55 Metal Gear. Big Boss sent rookie agent Solid Snake to save Gray Fox from Outer Heaven, and destroy the Metal Gear. Big Boss acted as intel for Snake during this mission, but Snake proved to be far more competent than he realised, leading him to feed Snake false information. Approaching the end of the journey, Snake discovered that Big Boss was secretly the leader of the very group who triggered the mission. He killed Venom Snake, unaware that this was Big Boss's "phantom", and destroyed the Metal Gear, with Outer Heaven being destroyed by self destruct. Big Boss used Venom Snake's death to fool the world into believing he was dead, and vowed revenge on Solid Snake.

When NATO began bombing Outer Heaven's area, Big Boss rescued the survivors, including including refugees, orphans, and those who were part of the Outer Heaven Resistance. The Resistance members, such as Kyle Schneider, believed he was showing them mercy, and became loyal to him after their betrayal by the western world. Big Boss himself, on the other hand, only saved them with the intention of having them serve as his soldiers on the battlefield. He later fled with the survivors to Central Asia.

In 1997, Big Boss and his forces fought in the Mercenary War, taking over the fledgeling nation Zanzibar Land. With Big Boss as it's president, Zanzbar Land became his military nation, with war orphans from across the Third World and raising them as soldiers. The children saw Big Boss as a father figure, which only made them easier to indoctrinate. Gray Fox, who was already embittered towards the West, was recruited by Big Boss to serve as his lieutenant, and Big Boss also planned to construct a new Metal Gear.

In December 1999, Zanzibar Land kidnapped Dr. Kio Marv to hold the world hostage without his OILIX formula. Big Boss had to contend with Solid Snake, who had been sent to rescue Marv and OILIX. After CIA agent Holly White was captured by Zanzibar Land forces and imprisoned, Big Boss, anticipating the likelihood of Snake rescuing her, had one of the children posted near her cell to report whether he was nearby, as Holly denied Snake's presence. Though Big Boss had the advantage against Solid Snake, Gray Fox was defeated and Metal Gear D was ultimately destroyed, leading to Big Boss personally confronting Snake in the underground base.

Big Boss laid out his rationale for a world of perpetual warfare to Snake, appealing to the part of him that craved war. Having spent his entire life on the battlefield, Big Boss could not conceive of a world without war, and stated that the best soldiers were otherwise dead weight and useless when removed from the battlefield. After Snake rejected his beliefs, Big Boss paraphrased the final words of his own mentor, before challenging his unarmed subordinate to one final battle. During the intense battle, Big Boss fought long and hard, but was eventually defeated when Snake pieced together a flamethrower (with advise from Big Boss's former XO, Miller). While engulfed in flames, Big Boss still refused to concede the battle, screaming "It's not over yet", before he eventually collapsed from severe burns.

Big Boss's clone, Liquid Snake, became bitter towards his "brother" Solid, as Liquid wanted to personally get revenge on their "father". He would become the leader of FOXHOUND and launched an insurrection at Shadow Moses, as he was convinced by Revolver Ocelot to do so. During the incident, Liquid revealed to Solid Snake that they were clones of Big Boss, and that he wants to get revenge on his "brother" for taking his chance to kill the legendary hero. Solid Snake managed to defeat Liquid, who succumbed to the FOXDIE virus.

As eventually revealed in *Metal Gear Solid 4: Guns of the Patriots*, While Big Boss was left all-but dead, the Patriots revived him with nanomachines, leaving him in a comatose state, as they followed Zero's direction to have Big Boss act as an icon. Big Boss's DNA and biometric data was used for the Patriots' ID recognition system, the use of which allowed access to their AI network.

Around 2014, Big Boss was put back together with some of Solidus Snake's body parts, and awoke from his coma upon the destruction of the Patriots' system. After awakening, Big Boss decided to hunt down Major Zero, as the last surviving Patriot, and retrieved his hidden location in the JD AI. When Big Boss found him, however, Zero had been reduced to a vegetative state. Seeing that the Patriots was at an end, Big Boss traveled to the Boss's grave at Arlington cemetery along with Zero, where he saw the aged Solid Snake attempting to commit suicide. Big Boss revealed himself to Snake, and after a brief confrontation, assured him that he no longer felt any hatred towards him.

Big Boss explained how he returned and the situation revolving around the Liquid Ocelot ruse. He then elaborated on the history of the Patriots, and what happened between him and Zero. Feeling deep pity for what had come between them, Big Boss mercy killed his old friend by turning off his life support. Feeling the symptoms of FOXDIE, which he knowingly contracted from Snake, he assured him that he would not die of the infection. Big Boss, after reflecting he was metaphorically dead ever since he killed the Boss, apologised to her grave, admitting that he was wrong about her will, saluting her one last time. After sharing one last smoke, and telling Snake that he should spend what time he had living in peace, Big Boss peacefully passed away besides the Boss's grave.

* * *

When he was done we were shocked and horrified!

Me: Whoa man!

Eli: Yikes!

Nico: He's pure evil!

Lincoln: Yeah!

Snake: But right now, our main target is one of my enemies who's teamed up with one of the Another Riders.

We gasped!

Me: Another Rider is here too!?

Nico: Whoa man! Which one of your enemies is here as well?

Snake: Psycho Mantis.

Me: Whoa man!

Nico: I remember that one. He was scary and powerful.

Me: He's a psychic from what I heard.

Nico: He's going to jail.

Me: Yep.

Snake: Great.

Eli: I sense them both in that area to the west.

Nico: Lets go.

We arrived and I fired a blast of energy and it hit the ground in front of him and he saw us.

We saw PSYCHO MANTIS!

Psycho Mantis: Hello, Solid Snake. Do you like my new friend?

Snake: No we don't!

We saw that his "Friend" was really ANOTHER GATACK from Kabuto!

He looked like a scary version of Gatack and with blue scarab pinchers on his head and a scary helmet too.

Me: Another Gatack!

Nico: Oh man!

Aligned Heat Wave: Alright, everyone. Let's roll to the rescue!

Me: But first lets find out who our mysterious Kamen Rider Imposter is.

Nico: That's right. Who are you?

Another Gatack: Its been a while Nico.

Nico: That voice!

He reverted back and it was a boy with punk clothes and had purple hair and scary fanged teeth.

Nico: Simon Evons!

Simon Evons: You remember me. I'm flattered.

Me: You know him Nico?

Nico: Unfortunately yes. He was an old enemy I busted years ago. He was a street thug that I busted in New York City that was responsible for hurting numerous people.

Me: Jeez!

Simon was enveloped in a swirl of darkness and he had Zecters swirl around him and he turned into ANOTHER GATACK!

Psycho Mantis fired a psychic blast that Nico avoided.

Nico: Psychic blasts? Really?

Psycho Mantis: This is the best I can do since it would be unwise to go into your mind.

Nico: You wouldn't want to go into my mind anyway.

Me: Snake you're going to love this.

I took off my weighted jacket.

Snake: How is taking off your jacket going to help?

Me: You'll see.

I folded it and dropped it and then..

KRASSSSSSMAAAAAAAAAAAAAAAASSSSHHH!

It crashed into the ground and it was in a huge crater!

Snake: WHOA! How heavy is that jacket!?

Quiet: That is amazing!

Me: I wear a jacket that is as heavy as a huge planet. (Cracks neck and back) Now you'll see how fast I am.

Eli: This is gonna be awesome.

Aligned Heat Wave charged at Psycho Mantis.

And punched him in his face and smashed him down.

Another Gatack: Bring it. Cast Off.

CAST OFF!

I ran fast and punched him all over the place and kicked him all over.

Snake: WHOA! That is fast! I didn't even see him run fast!

Nico: When J.D. runs that fast it's like he moves as fast as a beam of light.

Eli: Yeah no kidding! That is awesome though.

Cody Burns ran at Another Gatack.

He punched at him and kicked at Another Gatack and blocked his punches and kicks and then I teleported and kicked Another Gatack down.

Me: Cody he's too fast for you. You take on Psychic Mantis.

Cody Burns: Okay.

He went and did so.

Another Gatack activated a Zecter for The Cheese Monster and got CHEESE ARMOR!

Nico: (Drools) CHEESE ARMOR!

Me: He has Non-Core Zecters of the M.O.E.! Lets see how he likes this. (Activates Ultrabots Zecter.)

I got the weapons of the Ultrabots.

Nico: No! Must focus! (activates Zecter for Roquefort)

Nico got cheese powers.

I fired Landmine Cable and it hit Another Gatack and exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was smashed down!

Nico fired cheese bombs and smashed him all over.

Me: Now for this.

I fired a wave of energy and it hit Another Gatack and he exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was down and I caught the Ridewatch and purified it.

Me: Awesome! Fluttershy will be perfect for this one.

Nico: Nice choice.

I tied up Simon. I saw Zecters all over the ground and picked them up.

Snake threw a grenade at Psycho Mantis.

It hit him and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMM

He was down.

Nico: (Imitating Homer) WHY YOU LITTLE!?

Nico strangled Psychic Mantis like Homer.

Irma: Did that do it?

It only knocked him out.

Nico: It knocked him out.

We tied him up.

Eli: Yeah!

Snake: Irma, ever since I met you, I've seen you as the little sister I've always wanted.

Quiet: Same with me too.

Irma: Really? Oh you two.

She hugged them.

Samus: So awesome.

Link: That is awesome and cool.

Eli: Yep.

Snake: And Nico? Don't be sad that the Ambassador missions for this year are close to ending. Instead, think of it as a new beginning.

Nico: I will.

Me: That's a great way to say that.

Eli: Yeah and it's the beginning of something new.

Irma: It sure is.

We later came back.

May: Hey guys. How did it go?

Me: Awesome.

We told everyone everything and it was amazing.

May: Wow! That was awesome!

Eli: It sure was.

Nico: Guys, I stand by what I said earlier. After Layla's missions, the Ambassador missions are on hold.

SpongeBob: Aw tartar sauce.

Qin: Yeah but it was still so much fun.

Nico: That's true.

Later I was helping clean around the house when I went into the X Squad's room and saw Drakus, Luna (Soul Calibur) (X-Squad Universe), Kanade Otonokoji (X-Squad) and Mr. Crime comforting Hibiki Otonokoji, who was crying.

Hibiki Otonokoji (X-Squad):… Kanade, I'm so sorry.

Kanade Otonokoji (X-Squad): Sis, y-you're crying…

Hibiki Otonokoji (X-Squad): It's my fault, okay? It's my fault you… you ended up like you did.

Drakus: Hibiki, please, you're ruining the carpet.

Hibiki Otonokoji (X-Squad): And I'm sorry. More than that, I'm sorry I've been such… such a horrible sister you. I… I bullied you, made fun of you, harassed you… a-all just 'cause I coudn't st-stand you being better… and now… th-the accident… it's all my fault. It's my fault you're like this.

Drakus: Look, Hibiki. No team leader is perfect. Take Aligned Bumblebee for example. It took him a metric fuckton of weeks to find a rallying cry. But the important thing is that you learn from your mistakes.

Hibiki Otonokoji (X-Squad): I know! I know, but name one good thing I did.

Muty: Well, you helped save Lester Rath from himself. Does that count?

Hibiki Otonokoji (X-Squad): It does. (Crying) But I'm a horrible, horrible selfish bitch and a massive hypocrite! I did things that nobody should ever do, especially not to their own sister! But Kanade, I… I want you to know how much I love you. You're… You're okay now, a-and I'm gonna try and be a better sister to you from now on. I'm… I'm sorry for all the pain and sadness I've caused you… a-and I'm sorry for ever making you feel unloved… (Crying hard)

Me: Hibiki, you are not a failure!

Zap (X-Squad Universe): Don't say stuff like that! That was all not your fault.

Drakus: You're wrong, Biki! You ARE a good sister and a good friend! You helped us stop Master Org!

Muty: You helped find my brother.

Ridley (X-Squad Universe): And you helped make Kanade into at least a somewhat sane person. And those are only 3 examples. Sure, you've made mistakes. Look, no one is perfect. So, tell me. Do those mistakes make you a bad person?

Hibiki Otonokoji (X-Squad): (Sniffles) I don't know what to think anymore guys!

Kanade Otonokoji (X-Squad): I should apologize, too. You… I was selfish too. I made you feel like you were worth less than me. Big Sis, wh-why are you crying? Th-This is my fault. This is all my fault… I'm the one who didn't do anything to make you feel like you mattered! I… I think part of me was happy knowing how much you depended on me and I wanted you to… to be alone… I knew how lonely you were… h-how much you wanted friends, o-or a girlfriend… and I sat back and watched you fail over and over again. I… I need to tell you….I think I actually sabotaged some of them too!

Cell (X-Squad universe): Don't say that, you two!

Luna (Soul Calibur) (X-Squad Universe): We love you! We're basically family.

Mr. Crime: Yeah you've done so much! Don't throw it all away just because you fucked up like America in our world did in picking a leader like Trump.

Sharkyonara: Yeah and we were warned about that remember? It was a totally unavoidable event.

Hibiki and Kanade were still crying.

Kanade Otonokoji (X-Squad): But I still hurt people!

Everyone went to give the two some space and Bangray (X-Squad Universe), Jasmine Queenston and Jeeves Weevil stayed to comfort them.

Outside everyone was thinking about Hibiki and Kanade Otonokoji.

Neo Politan (X-Squad Universe): Poor Kanade and Hibiki.

Drakus: I've never seen them this depressed. It's like they want to give up on everything.

Julie Hinikawa: Yeah.

Zao (X-Squad Universe): They need some therapy, badly.

Me: So what if they made a few mistakes. Like Maria said, no one's perfect.

?: You think your friends made mistakes?

We saw Aligned Megatron there.

Aligned Megatron: Then I guess they didn't hear my story yet.

ZaZa Royale: Megatron?!

Aligned Megatron: I see you heard of me. You must be the famous Zaza Royale, Angel Royale's child.

Zaza: That's right.

We then walk into the room, where Kanade and Hibiki were still crying.

Kanade Otonokoji (X-Squad): What's wrong with me?! I… I'm pure evil… I know I am.

Aligned Megatron: You have not made mistakes. Unlike me. Let me explain some of the bad decisions that I've made during the war.

Hibiki Otonokoji (X-Squad): (Surprised) Megatron!? | didn't expect you of all people to be here.

Aligned Megatron: Yes that is a surprise isn't it? But let me tell you some of the things that I've made.

Kanade Otonokoji (X-Squad): We're all ears.

Aligned Megatron: Kanade, Hibiki, you both claim to have been a terrible sister to each other. But at least you have not corrupted Cybertron in the past with Dark Energon.

Shizuka Joestar: That really happened?!

Aligned Megatron: Yes. And I sliced off a Deceased Prime's arm and made it my own. I even made the mistake of killing Dreadwing to save that coward Starscream!

?: You ding-dang diddily can't give up on hope now.

We saw Ned Flanders and with him was a person we never thought we'd meet again.

Me: Ned Flanders?

Drakus: Jason? I didn't expect you and Ned to come.

Jason Voorhees (X-Squad universe): It's great to see you again Garrett. It's a great pleasure to meet you, JD.

Me: Same here.

Jason Voorhees (X-Squad): Kanade, Hibiki, I just heard that you both were crying after remembering what you did in the past.

Kanade Otonokoji (X-Squad): Yeah.

Ned Flanders: Look, I know you are miserable about what you did. But you can't change the past, you can only learn from your mistakes and grow from them.

Drakus: Besides you two, there's one thing that we are kinda good at where many other people aren't?

Kanade Otonokoji (X-Squad): And that is?

Drakus: I know this may sound sappy but like J.D, we are aces at giving people hope. You are sulking like this because you lost hope because of what you did in the past. You shouldn't give up on yourself because of everything that happened. You've done so much good. (Climbs on the table) Your hope that you have comes from here. (Places hand on their chests) I assure you I'm not feeling you up.

Kanade and Hibiki realized that they were such fools! They realized that they were giving their hopes up over something that happened a long time ago. They also realized that Ned was right. Of course what did you expect from the God following saint of The Simpsons that has been so devoted to God over the last 32 Years? Ned is just that gifted in giving great advice.

Hibiki Otonokoji (X-Squad): *Sniff* You're right. Being hard on ourselves isn't gonna fix anything. I'm sorry it had to be like this… I'm sorry it took this for us to finally just… talk. I wish we'd done it sooner. We should've done it years ago.

Kanade Otonokoji (X-Squad): Sis… there's so much I don't really remember now… but for all the times I've ever hurt you, I want you to know I'm sorry. I'm sorry I've been so horrible, manipulative… and just… just cruel to you…

Hibiki Otonokoji (X-Squad): And I'm sorry for being a Grade S bitch to you… a-and a massive hypocrite too… But- *sniff*- beating ourselves up won't fix anything. We need to… to work on being better now.

Kanade Otonokoji (X-Squad):… Do you think I can?

Hibiki Otonokoji (X-Squad): *Perks up* If I can… so can you.

Kanade Otonokoji (X-Squad): *Smiles*… I'm… I'm glad you still believe in me.

Drakus: Welcome back, you two!

Hibiki Otonokoji (X-Squad): Good to be back!

Everyone cheered for them!

---

Later we were getting ready for Rainbow Dash's big day.

Sandpit: Tecna, I have just the place for you and Maggie's bonding time.

Tecna: (British Accent) Really?

Me: Yep. Today we're going to The Netherlands. It's not only a bonding day but it's also time for Rainbow Dash's big day.

Rainbow Dash: This is gonna be so awesome! I can't wait to blast some planes out of the sky in ACES!

Nico: We entered Rainbow Dash into the ACES Contest.

Sly Cooper: This is gonna be awesome to see her fly in it.

Nico: Yep. Lets head out!

Maggie Peyton: Yeah! Lets do it!

Me: Her plane is in the garage over there.

We teleported over there.

We then showed Rainbow Dash's awesome new plane and it was cool! It was a rainbow biplane that had Rainbow Dash's Cutie Mark on it and it had lightning on it and had all kinds of weapons. It was called Rainbow Dash's Sky Destroyer!

Nico: What do you think?

Rainbow Dash: That plane is AWESOME!

Leni: And I totes made this for you.

She pulled out an awesome Rainbow Pilot Coat for her that had on the back the Kanji for Rainbow Dash - The Queen of The Sky.

レインボーダッシュ-空の女王

Rainbow Dash: This is awesome!

We got the plane ready on the launch ramp.

Rarity: Good luck, darling!

Rainbow Dash: Won't need it but thanks.

Me: You're ready for take off R.D.!

Rainbow Dash: Here we go!

She turned on her plane and flew down the ramp and into the air and she went after all the other planes!

Ish: GO SIS GO!

Scootaloo: WOOHOO! YEAH!

Rainbow Dash was really blasting all the planes out of the sky.

Thunderblast: Look at Ranbow Dash go!

Nico: YEAH WOO!

Maggie and Tecna were having a lot of fun in the village as they ate Dutch Pastries and even did some awesome dancing too.

Rainbow Dash then set her sights on the planet of THE BLACK BARON! THE REAL BLACK BARON!

Penelope (Sly Cooper): That's The Black Baron!

Sly Cooper: The Real thing this time!

Me: Yeah!

Black Baron: (Dutch Accent) This girl is formidable!

She blasted the Black Baron and he jumped out of his plane as it crashed into the ground!

Announcer: AND THE WINNER IS RAINBOW DASH!

We cheered wildly for Rainbow Dash!

Nico: WAY TO GO RAINBOW!

Me: WOOHOO! WAY TO GO R.D.!

Rainbow Dash was given an awesome trophy and she was now given the official moniker of Queen of The Sky!

Searchlight: Nice job, Rainbow Dash!

Rainbow Dash: This is awesome!

Spitfire: Great job Rainbow Dash.

Black Baron then came and he was upset.

Black Baron: You did well Rainbow Dash but lets see you fair against me! En garde!

He went at her and Rainbow jumped and kicked him in the face and smashed him down.

His pig minions came and threw wrenches at her and she caught them and threw them back at them and smashed them down.

We cheered wildly for Rainbow Dash!

We later went back home.

Back at the estate we were celebrating Rainbow Dash's win.

Nico: That was awesome!

Then we got a surprise visitor. It was Jake Long's cousin Gregory!

Jake Long: Gregory, what the Hell are you doing here?!

Gregory: Is that anyway to talk to your favorite cousin?

Sunny Tennyson: Deja vu.

Jake Long: (sighs) Guys, this is my cousin, Gregory.

Me: Pleasure to meet you Gregory.

Gregory: Same here J.D. Love your adventures.

Nico: Awesome to have you with us.

Jake Long; Yeah my mom and dad want me to babysit him unfortunately.

Me: Oh cool.

Nico: Well lets get moving then for our mission.

Then Stratos, Lord Drakkon, Myotismon, Red X, Baron Mordo, Lythos, Hydros, Pyros, Control Freak and Skulker appeared.

Stratos: Can me, Lord Drakkon, Myotismon, Red X, Baron Mordo, Lythos, Hydros, Pyros, Control Freak and Skulker go with you guys?

Nico: Yes you guys sure can.

Me: We have a good one and it's in New York City.

Jake Long: I have a feeling it's big.

Caitlyn: Nico, which Gene Slammer do you think you'll meet next rescue?

Nico: I'm hoping to do one for Spellpyre Phoenix from Magic The Gathering.

Me: Wow that one will be interesting.

Qin: It sure will.

Me: Yeah. And that's one of my favorites because of the art on the card.

Luna Loud: That's one of my favorites too dudes.

Me: Yeah.

Weiss: Since Ruby, Blake and Yang went before I'll gladly go next.

Nico: Sure.

Gregory: You guys might be good. But I'm probably better.

Me: Oh really?

Jake: (scowls) Brad, you have my permission to beat him up.

Brad Morton: Sorry, Long. But those days are behind me now. Besides, I'm not getting in trouble with your mom.

Jake: Are you kidding me?!

Red X: Aren't you being harsh on the kid?

Fu Dog: Sorry. But I agree with Jake on this one.

Me: I agree too. And Gregory what makes you think you're better than us? Hmm?

Nico: Yeah. We are the most powerful force in the entire universe.

Qin: There's no way you can match up to us.

Arkayna: Yeah and also Jake you and I are in the same boat.

Jake: Really?

Arkayna: Yeah I have a cousin on Gemina that was just as brash and annoying as Gregory.

Jake: Wow.

Arkayna: He's my stepbrother actually.

Jake: Oh.

Bomb Man: Are you gonna assign any Ridewatches to us, Nico?

Nico: Yep. The Ridewatches of Kabuto, Gatack, Hyper Kabuto, Nokama's Kabuto form, and J.D.'s Kabuto form. As well as copies of them for the core 310. Oh, and I'll also assign the Operation Overdrive Red Ridewatch and the copy of it to whoever wants them after we fight Another Operation Overdrive Red.

Laney: Me, Lana, Lola, Lily and Lisa will get those if that's all right.

Linka: And I can use the Operation Overdrive one when we get it.

Nico: Awesome.

Me: Cool!

Nokama: It's gonna be so awesome helping the Kabuto team.

Me: It sure is.

Myotismon: Those are the copies that were just assigned to you 6. As well as one more for the Kabuto team and the copy of it. But we'll discuss who gets those as the mission progresses.

Nico: Yeah. Right now we got to get to New York City.

Me: Yeah lets go.

Chloe Bourgeois: Off to the Big Apple.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure was in the vision: it was none other than Belladonna, the demonic she-dog and big-time enemy of Charlie. hen we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us today?

Lincoln: You got that right, Nico, and Charlie, you, Anne-Marie, and the others aren't going to like it: the dark energy signal I sensed belongs to your old enemy, Belladonna, the demonic she-dog, and she's coming after you for revenge.

Charlie, Anne-Marie, and their friends gasped in shock.

Charlie B. Barkin: I never thought I'd have to deal with Belladonna ever again. She's tried to get me to join the dark side numerous times, but I've refused numerous times, and it really infuriated her to no end, and she desires to send the dogs on Earth and in Heaven to Hell.

We gasped in shock.

Lana: What a demon.

Amelia Waikiki: Well, that demon's about to face Heaven's judgement and wrath for her crimes against all dogs on Earth and Heaven.

Lincoln: You got that right. Mess with the dogs of Earth and Heaven, will she? She's about to face the divine judgement of Heaven's Angels.

Nico: A battle between Angels of Heaven and Demon She-Dog of Hell, that demon's going to get The Black Gates for good. Alright, gang, let's go, we got a shark freak to turn into sushi.

Lincoln: And you better be ready, Belladonna, because this'll be your last day alive, you evil demon she-dog.

Amelia Waikiki: Yeah!

We were off to New York City!

---

NEW YORK CITY, NEW YORK

---

We arrived in New York City.

Blizzard Man: Here we are.

Me: Good old N.Y.C.

Rarity: Oh it's absolutely amazing darlings.

Eli: It sure is.

Camie: I always love coming here.

Sirius: Yeah me too!

Lythos: Jake, I think we'll fight one of your enemies today.

Jake: I have that same feeling myself.

Nico: Me too.

Me: Me too. As long as it's not an Evil Sasuke.

Pyros: Yeah no kidding. By the way J.D. did all of the people that Madara killed through Obito really come back?

Me: Yeah they sure did and it was amazing. It was part of a spell that did it.

Paragus: Good old King Kai. Always telling us from the Saiyan World about things we need to know.

Nico: Yes indeed.

Laney: He has always been a really huge help for all of us.

Qin: Yeah he has.

Goku: That's King Kai for you guys.

Jake Long: I think the villain we're going after is Tiburon.

Baron Mordo: Lola, Lori, and Lynn mentioned him back in 2020.

Me: I remember that! He was the leader of the Shark People.

John Bolton: That's right. I remember him. He is someone that me and my siblings won't like at all.

Stacy Bolton: No kidding there bro. We may be half shark but we have more humanity than he ever will.

Illia: At least there's no Megaladons among his army.

Nico: That is for sure.

Valerie (Megalodon Gene-Slammer): Hey! What about me?

Illia: Oh uh you don't count Valerie. (Nervous chuckle)

Drakkon: Let's keep an eye out for anything in the water.

Me: I agree.

Lola: Lets do it.

Qin: We have to be prepared for anything.

Commander Mars: (hears bubbling in the water) Does that count?!

Me: Stand ready guys.

Nico: Yeah.

Then a smoke bomb came out of the water. When the smoke cleared, Gregory was gone.

Hydros: Fuck! Gregory's gone!

Me: Someone got him!

Jake: Tiburon!

Eli: I sense it! He is in his clutches!

Jake: Wait a minute. Are we talking about this like it's a bad thing?!

Zilius Zox: Jake, you can't seriously be happy he's gone!

Jake: Dude, all he's done so far is be a pain in the ass! And now, you guys just want to save him despite that?!

Rotwood: Mr. Long, that's enough! All the time I've met you, I know you're not one to just let people be held prisoner by villains. Do I think your cousin is insufferable? Yes! But like it or not, he's your family!

Me: I agree with Rotwood.

Nico: Yeah.

Jake: (sighs) You're right, guys. Just leaving Gregory in Tiburon's clutches wouldn't be right. Even if he is a jerk.

Pyros: Look on the bright side. At least Gregory's not a true villain.

Jake: True.

Tso Lan: Nico, before we go after Tiburon, those Ridewatches?

Nico: Right. The original Ridewatches of Kabuto, Gatack, Hyper Kabuto, Nokama's Kabuto form, and J.D.'s Kabuto form that will go to any of the non-core members. And I have a sixth Ridewatch for the Kabuto team and a copy for it. Finally, the original Operation Overdrive Red Ridewatch which will go to another Non Core member.

Me: Okay.

Nico: Yeah we just have to figure out who.

Eli: Lets see.

Nico: Larry Loud, Pyra, Jared, Sassy Saddles, Crystal and Scootaloo will get the Kabuto Ridewatches for Kabuto, Gatack, Hyper Kabuto, Nokama's Kabuto form, and J.D.'s Kabuto form, Rita will get the Sasword Watch and Jericho will get the original for that one and Sunny Starscout will get the Operation Overdrive Red Ridewatch.

Sunny Starscout: Sweet!

Skulker: Now, to find out where Tiburon's goons took Gregory.

Eli: He took him to that island far out there.

We saw an island and it was 7 miles off shore.

Nico: Wow that's 7 miles off shore.

Leslie Gesneria: Entrance time.

Nico: Lets do it!

We were off.

Tiburon and his goons were poking fun at Gregory. But then the spirits of the Leaders and Titans appeared and swirled around them and then converged and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above them and fireballs rained down and incinerated many of Tiburon's men and then a Phoenix Cry was heard.

Then we came out.

Nico: Tiburon you are going to become sushi!

Jake: Yeah!

Tiburon: Seriously, American Dragon? Coming back for your kin after how annoying he's been to you?

Jake: (scowls) Believe me. I'm not happy about it either.

Control Freak: (pats Jake on the back) Easy, Jake. (to the rest of us) Who should I summon today?

Nicole: Flowery Woods from Kirby.

Everyone agreed.

Control Freak: Good idea.

He summoned Flowery Woods.

Tiburon: A Tree!? You got to be joking.

Nicole: Oh this tree packs more bite than a bark.

Nico: Yep.

Chalmers, Patty & Selma, Krusty, Skinner, Cargill, Dr. Viktor, Demyx, Heat Wave, Dai Gui and Vulture then appeared.

Krusty: HEY HEY KIDDIES! (Laughs Goofily)

Nico: Chalmers, Patty & Selma, Krusty, Skinner, Cargill, Dr. Viktor, Demyx, Heat Wave, Dai Gui and Vulture.

Chalmers: I see you've started assigning Ridewatches to members of the team.

Nico: I sure have.

Patty: Including the Ridewatches for the Another Red Rangers.

Nico: Yep.

Krusty: It's about time. I was starting to think they wouldn't be put to good use at all.

Qin: Don't worry we got started on it.

Skinner: (to Nico) We heard more old friends got resurrected.

Nico: Yep.

Cargill: Which ones were they?

Nico: All the shinobi killed by Madara over the years through Obito.

?: That is amazing!

A figure came out and it was VARGOYLE from Beast Morphers!

Devon: Vargoyle!

Vargoyle: Been a while rangers.

Me: I remember you all too well! You were one of Evox's generals.

Vargoyle: Yep.

Nico: Awesome!

Maria: Did you find out about Evox being Venjix?

Vargoyle: Actually, Vypra told me this morning after she brought me back.

Nico: Well that still was a huge shock for us when we found out.

Me: Yeah and Venjix/Evox are both forgotten memories.

We got the usual battles underway.

---

Winx Club Stella, Princess Celestia, Amber Morning, Light Skylanders, Megaforce Rangers, Michael Morningstar and Sunny Tennyson VS Chalmers - Nico's rescue

---

Chalmers was first.

Chalmers: (to Stella) Nico's rescue involved a blast from the past. Literally!

Chalmers: Wow! J.D. turned Lilith into an awesome Green Megaforce Ranger!

Chalmers: He did a really awesome choice there.

Winx Club Stella: He sure did.

Stella activated her Eyecon.

ANNE SULLIVAN AND SUPERINTENDANT CHALMERS!

Chalmers: Ah Anne Sullivan the famous teacher of Helen Keller.

Stella: She's one of my favorite heroes here on Earth.

Mandee: That was so awesome and cool.

Sunset Shimmer: Yeah it sure was. And Another Zenkaiser had Sentai Gears for all the Core and Non-Core M.O.E. Members.

Sunset held up her gear for El Oso.

Sunset Shimmer: This is really amazing that we got them.

Pipsqueak: (British Accent) It sure is. We all think it's so awesome.

Sunburn: Yeah it sure is.

Troy: I think it's great we all have Sentai Gears for you guys now. Kaito did not like the Another Zenkaiser one bit.

---

Krusty the Clown was next.

Jackie: It was great! We got rid of that evil monster Belladonna and sent her sorry demonic 4 paws off to the Black Gates.

## Dana, Twilight Sparkle, Starshine Sparkle, Magic Skylanders, Mystic Force Rangers, Blizzard Man and Tundra Man VS Skinner - Us meeting a gene-slammer for Super Quantal Mech King Great Magnus

---

Skinner was next.

Skinner: (To Dana) I heard you guys met a gene-slammer for Super Quantal Mech King Great Magnus. What's her name?

Dana: Her name is Kimberly Hirosentai and she is also the girl that got Lincoln into the love of Power Rangers.

Skinner: Did she really?

Dana: She sure did and that is so awesome.

Twilight Sparkle: Lincoln got his love for Power Rangers from her and they would cosplay as different rangers from over the years.

Starshine Sparkle: It's really cool! And they used their skills to overpower Lynn.

---

Kimberly Hīrōsentai: (Japanese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Kimberly, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Kimberly Hīrōsentai: (Japanese Accent) That's incredible.

Nico: It sure is. So, Kimberly, what memories did you have with Lincoln?

Kimberly Hīrōsentai: (Japanese Accent) Ooh, now here's one I remember. One time, we were in the living room watching the fight The Mystic Force Power Rangers had against Spydex and Gnatu, and it was really awesome. But, our day was almost ruined when Lynn showed up and she had red eyes with pure hatred and she was going to kill us. But, we were ready, and as Lynn came charging at us, we used some acrobatics and we did a flip in the air like the Rangers, and we dodged Lynn, and she'd crashed into a nearby wall. We then tied Lynn up in nylon rope, and we told Mr. and Mrs. Loud what happened, and Lynn got grounded for a week. It was like we were facing one of the Power Rangers' enemies, but in this case, the monster was Lynn.

We were really amazed, including The Power Rangers.

Nick Russel: Wow, and just like J.D. and Nico, you guys have watched our adventures, and the very situation you faced with Lynn, you used our traditional acrobatic flip and dodged her, that's really awesome.

Kimberly Hīrōsentai: (Japanese Accent) Thanks, Nick.

Emma Goodall: And is it true you and Lincoln cosplayed as Power Rangers?

Lincoln: That's right, Emma. Kimberly, show them the pictures.

Kimberly showed the Power Rangers the pictures of Lincoln as an Orange Power Ranger and Kimberly as a Pink Power Ranger, and they were amazed.

Tommy Oliver: Wow, you guys sure know how to cosplay as Power Rangers, and you must've seen Lincoln in his Power Rangers forms, right?

Kimberly Hīrōsentai: (Japanese Accent) I sure did, Tommy, and they're really amazing, and he has the Buffalo Spirit after you guys defeated and destroyed Buffalord, that's really awesome.

Casey Rhodes: You thought the fights we had were awesome, just wait until later on today, and we're going to introduce you to The Masters of Evil, led by The Lightspeed Rescue Power Rangers' enemy, Vypra.

Lincoln: Yeah, and many of the monsters from the Power Rangers series are now the archenemies of some of us.

Kimberly Hirosentai: (Japanese Accent) Can't wait.

---

Skinner: That is so awesome! Lincoln and Kim really have been learning so much about the Power Rangers from each other.

Spyro: Boy they sure have and that is so awesome.

Nick Russell: Yeah we are truly honored to have Kimberly teach Lincoln all about us. It's great.

Skinner: Vypra will love to hear about all that. Lets do it!

Dana pulled out her Eyecon.

STANLEY DEGROOT AND SEYMOUR SKINNER!

Skinner: Stanley DeGroot? Dark Stanley?

Dana: Yeah you know him right?

Skinner: Boy do I ever. That was terrible he did all that.

Dana: No kidding and all because the kids poked fun of him for never graduating from college. Bart was thought to have made that legend up and he did it to scare people into giving him some lunch because Homer forgot to pack him his lunch. (Season 18 episode 14)

Skinner: That's awful. I would've gladly given Bart a good meal. Lunch Lady Doris was out sick that day.

Vida Rocca: Yeah no kidding. All he got to eat was his lousy grandpa's medication. I guess Homer was in a hurry to get to work that he forgot.

Skinner: Oops.

Dana: Little did he know that he had no idea that Dark Stanley was all too real and actually happened.

Skinner: No kidding there.

Dana activated her Ridewatch and got Skinner's powers.

They fired waves of ice, magic and elements and smashed him down.

Rarity: It was most amazing to see darlings and Rainbow Dash had a lot of fun.

Sweetie Belle: Yeah she sure did! Scootaloo and Ish rooted for her every step of the way.

Gill Grunt: Yeah that was so awesome to see.

Shane: It sure was fun.

Dr. Viktor: (to Will) I'm glad Rainbow Dash won ACES. Not to mention Tecna and Maggie had fun in The Netherlands.

Will Vandom: We're happy for both of them and it was so awesome to see her win it.

Rainbow Dash: It was so awesome! And I got this really awesome tattoo now.

She revealed her new tattoo on her right arm and it was her cutie mark and she had a picture of her and Scootaloo flying and leaving streaks of rainbows behind them and Ish was flying in her biplane and it said Rainbow Dash, Scootaloo and Ish - Sibling Masters of The Sky.

Will Vandom: That is a great tattoo!

Scootaloo: Yeah it sure is awesome!

Whirlwind: We had an awesome time watching the ACES show and we had a great meal after. Penelope told us all about what happened with how she was the Black Baron the first time and that was amazing. She is a great pilot too.

Jayden: She sure is. We all are good pilots too.

Dr. Viktor: Yes you all are. Lets do it!

Will activated her Eyecon.

DR. VICTOR FRANKENSTEIN AND DR. VIKTOR!

Dr. Viktor: That's a good one. Dr. Victor Frankenstein is a good one.

Will Vandom: He sure is.

Will activated her Ridewatch and got powerful purple lightning powers.

They fired waves of lightning, wind and rainbows and smashed him down.

---

## Irma, Pinkie Pie, Featherweight, Tech Skylanders, Changeman, Commander Mars and Commander Jupiter VS Demyx - Gregory is funny and awesome

---

Demyx was next.

Demyx: (to Irma) I think Jake's overreacting. Personally, I think Gregory's funny and awesome.

Irma: I agree there. He is really funny and Arkayna said he reminded her of her annoying stepbrother.

Pinkie Pie: It's true but he is really funny.

Charlie B. Barkin: Should've known I'd recognize that demonic voice from anywhere. You can come out now, Belladonna.

A demonic she-dog with bat wings came out, and it was none other than Charlie B. Barkin's old enemy, Belladonna.

Annabelle: Belladonna, I should've known you'd be up to your old tricks again.

Belladonna: And now, I shall destroy all of you!

Lincoln fired a cross made of white light, and it hit Belladonna and it burned her and she screamed in excruciating pain.

Amelia Waikiki: Nice shot, Linky. Alright, you demonic fleabag, it's time to put you down for good.

Suddenly, Amelia Waikiki's pink and yellow eyes turned neon pink and yellow, and she's surrounded by a red hot energy aura with fires, volcanic lava, hula girls, and volcano goddesses and the heat coming off of her was really incredible, she unholstered her massive

Lady Assailant of Flames-themed sword, and as she approached Belladonna, she left red hot energy, fires, volcanic lava, hula girls, and volcano goddesses with every step.

Amelia Waikiki: You really make me sick, Belladonna, all you desire is to send every dog on Earth and in Heaven to Hell and you've tried to corrupt Charlie, but he drove off temptation and you failed, and now, I will see to it that you never return to plague the dogs of Heaven and Earth ever again.

Suddenly, Amelia Waikiki was surrounded by a massive vortex of red hot energy with volcanic lava and fire surrounding it, there's the Goddess of Volcanoes, Pele, and Lady Assailant of Flames flying around the vortex, and in the vortex is a yellow phoenix. Then, as the vortex faded, Amelia Waikiki emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Amelia Waikiki grew from 6'5" to 6'11" in height, she has the body of a goddess, she has orange highlights in the bangs of her long flowing crimson red hair and a flower in her hair, she has neon pink and yellow eyes and a crimson red hot energy aura with fires, volcanic lava, hula girls, and volcano goddesses surrounding her, she has Lady Assailant of Flames and with the Volcano Kanji in her hands emblazoned on her forehead, she has on hula girl earrings with red gems for eyes and holding the Volcano and Eternity Kanjis in her hands, she also has Lady Assailant of Flames and Pele with red gems for eyes and the Volcano and Eternity Kanjis in her hands for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with orange crystal links from her merged Crystal Necklace of the Buddha and crimson red gems on the gold lightning bolts. Amelia Waikiki has on a yellow short-sleeved blouse, sleeveless crimson red midriff top, orange skirt, red pants, yellow knee-high high-heeled boots, and long sleeveless crimson red trenchcoat with fires, volcanic lava, hula girls, and volcano goddesses on the coattails, and on the back is Lady Assailant of Flames and Pele with fires and volcanoes surrounding her. Suddenly, Amelia Waikiki felt a sharp pain on her back, and then, her massive crimson red angel wings grew much bigger for her new body, and the large crimson red feathers have orange tips on the feathers. Amelia Waikiki has on a Ring of The Phoenix with crimson red gem and heart shaped gem embedded in it on her right ring finger which also merged with her Guardian Angel of Lincoln Loud ring and Star Sapphire ring on her left ring finger.

Suddenly, Amelia Waikiki's massive Lady Assailant of Flames-themed sword was surrounded by a kaleidoscope of crimson red energy, fires, lava, and volcanoes, and when it emerged, it was transformed into Pele's Lady Assailant of Fire Greatsword of Volcanic Justice, it's a brand-new greatsword with Lady Assailant of Flames and The Hawaiian Goddess of Fire and Volcanoes, Pele, etched on the 7'0" massive, wide, double-edged crimson red blade, large orange angel wings for the crossguard, large crimson red gem embedded in the rainguard, longer black handle, and large crimson red gem with surrounding orange angel wings for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with crimson red gems on her wrists, new large gold Belt of Elemental Bravery with a gold version of Lady Assailant of Flames and Pele with orange gems for eyes and a large red gem in their hands for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. There's an orange kanji below Lady Assailant of Flames and Pele that said, "Amelia Waikiki, Loving Daughter of The Hawaiian Goddess of Fire and Volcanoes, Pele, Gene-Slammer of Lady Assailant of Flames, Loving Guardian Angel and Future Wife of Lincoln Loud, Despiser of Bullies, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Fire and Volcanoes"

アメリア・ワイキキ、ハワイの火と火山の女神の愛する娘、ペレ、炎の襲撃者の女性のジーン・スラマー、愛するガーディアン・エンジェルとリンカーン・ラウドの未来の妻、いじめっ子の嫌悪者、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックバスターズ、アメージングでパワフルな教師のアメージングでパワフルな学生、そして火と火山のマスター

Amelia Waikiki has transformed into SUPER ANGEL ETERNITY INFINITY VOLCANIC FIRESTORM HAWAIIAN ANGEL OF VOLCANIC JUSTICE AND FIRESTORM DIVINE GODDESS LOVE!

We were amazed by Amelia Waikiki's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when Belladonna saw it, the demon she-dog fell into a rage and fired another blast of fire to kill her, but Amelia Waikiki absorbed it and it made her stronger than ever, and Amelia Waikiki fired a crimson red energy blast with fires, volcanic lava, hula girls, and volcano goddesses at Belladonna, and it hits the demonic she-dog, and it sent her flying into a wall.

Nico: Whew, Amelia Waikiki's transformed, and the heat that's coming off her is really hot!

Me: You said it, and this is really going to be one epic and fiery battle.

Lincoln: Wow, Amelia, you look beautiful. How do you feel?

Amelia Waikiki: (Divine Echoing Cosmic Voice of The Volcanic Firestorm Goddess and Divine Fiery Love) **I feel incredible, Linky. Now, shall we send Belladonna to The Black Gates once and for all?**

Lincoln: (Smiles) With pleasure, Amelia.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Amelia Waikiki.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Your days of dragging dogs from Heaven and Earth into Hell are all over, Belladonna.**

Amelia Waikiki and Lincoln went after Belladonna, and they fired powerful blasts of rainbow energy, crimson red energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Hula Girls, and Angels at Belladonna, and they exploded with incredible power as they hit her. Then, they attacked her with their massive greatswords and they slashed off her demonic wings.

Charlie B. Barkin: Yeah, get 'em, guys! Show that demon she-dog no mercy!

Then, Lincoln and Amelia Waikiki fired chains of rainbow energy and chained Belladonna up, and she couldn't escape. Then, Lincoln kneels down in prayer, and we knew what he's about to do.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) (Speaking in Latin) **Pater noster, qui es in caelis, Sanctificetur Nomen tuum, Veniat regnum tuum, Fiat voluntas tua, Sicut in caelo, et in terra. Panem nostrum quotidianum da nobis hodie et dimitte nobis debita nostra sicut et nos dimittimus debitoribus nostris Ne nos inducas in tentationem, sed libera nos a malo, quia tuum est regnum, potestas, et gloria in saecula. Amen.**

Lincoln recited The Lord's Prayer in Latin, and it caused the Angels of Heaven to appear, and they went at Belladonna and fired powerful blasts of light, and it destroyed Belladonna forever. Then, as her evil spirit appeared, Amelia Waikiki marked her forehead with a kanji, and Belladonna was sent to The Black Gates and erased from existence forever. We cheered wildly for what Lincoln and Amelia Waikiki did to Belladonna as they holstered their massive greatswords on their backs and powered down, and Amelia Waikiki's new body, clothes, weapons, jewelry, and massive crimson red angel wings are permanent, and the Angels of Heaven returned to Heaven.

Amelia Waikiki: That'll teach that demon she-dog a lesson. Thanks for helping me take down and destroy Belladonna forever, Linky.

Lincoln: (Smiles Warmly) You're welcome, Amelia.

Suddenly, Amelia Waikiki wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leans his face down to Amelia Waikiki's face, they kissed passionately as Amelia Waikiki's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, and Angel flying in the air, and we saw a herd of Buffalo running across the field, along with elemental forces and Pele and Lady Assailant of Flames and an erupting volcano behind them and we cheered wildly.

Pele: (Through the Volcano on Sam's forehead) I'm so proud of my daughter, she's become a young woman.

Me: We all are, Lady Pele.

Nico: And that was really awesome of Lincoln reciting The Lord's Prayer, and when that happened, it summoned the Angels of Heaven and they really gave that demon she-dog, Belladonna, the divine punishment of a lifetime.

Lincoln: That's right, and I'd figured it was perfect for someone like Belladonna.

Charlie B. Barkin: And now, I'll never have to deal with her again, and she'll never try to drag the dogs of Heaven and Earth into Hell again.

Itchy Itchiford: You got that right, Charlie.

Nico: What she was trying to do in dragging all dogs in Heaven and on Earth to Hell just proves she's a demonic dirtbag and that she's The Devil in dog form.

Lincoln: You got that right, Nico. But, now Belladonna's gone for good and her schemes have been destroyed forever.

We cheered at a great victory!

Nico: Now we can have that awesome barbecue.

Dr. Viktor: (to Gregory) You owe use your life, Gregory!

Gregory: Thanks. But I could've gotten myself out.

Demyx: (sarcastically) Uh huh. Sure you would've.

Vypra: Looking forward to it.

Kimberly Hirosentai: But Vypra it's awesome to meet you.

Me: Yep and you mess with a dragon and you get burned by its fire.

Jake Long: That is a fact!

We went back home and had our awesome barbecue and had shark burgers and shark steaks. Tiburon and his men tasted so delicious and tasty. We later enjoyed the rest of the day and went to sleep.
